Official Publication of the Abstract of Votes Cast for the Following Elections:  
2018 Primary  
2018 General

Dear Coloradans,

My office is honored to present you with the biennial election abstract report. This abstract report contains the official statewide election results from the 2018 primary election and the 2018 general election. This report also includes voter turnout statistics and a directory of state and county elected officials. Our staff compiled this information from materials submitted by Colorado's 64 county clerk and recorders. Additional information is available at Accountability in Colorado Elections (ACE), available online at <https://www.sos.state.co.us/pubs/elections/ACE/index.html>.

Colorado is lucky to have one of the best voting models in the country. Just over 90% of our eligible voters are registered to vote, which is the highest of any state in the country. In the 2018 general election, the turnout of registered voters increased almost 10% from the 2014 election to 64.92%, with over 2.5 million people voting in the general election. This puts Colorado second highest in the nation in voting eligible population turnout. In fact, Colorado's voter turnout has been in the top 5 nationally in every election since 2010.

The 2018 primary election was also the first year that unaffiliated voters in Colorado were able to participate in the primary election. We had historic participation in the primary -- the ballots cast nearly doubled compared to the 2016 and 2014 primaries. There were 1,161,574 ballots cast compared to 644,723 in 2016 and 634,181 in 2014.

We are dedicated to ensuring that Colorado continues to have accessible and secure elections.

Sincerely,

A handwritten signature in blue ink that reads 'Jena Griswold'. The signature is written in a cursive, flowing style.

Jena Griswold

## **About the Format of this Abstract**

### **Results Contained in the Abstract**

This publication contains the official certified results for the 2018 Primary and 2018 General Elections for all candidates, judicial retention races, and ballot issues certified to the ballot by the Colorado Secretary of State's Office.

### **Results & Officer Information Reported by the Counties**

The election results and county officer information in this abstract were obtained from each of Colorado's 64 counties. The results in this abstract are more accurate than the compiled and totaled returns reported on the Secretary of State's website immediately after the election because they account for any miscalculations in the totals initially reported by each county.

### **Judicial Officer Information**

Judicial officer information, including dates of oath and terms of office, was provided by the Office of the State Court Administrator.

### **Registered Voters, Ballots Cast, & Turnout**

In the results section of this abstract, the column titled "Registered Voters" is the number of registered voters eligible to vote in each contest. The column titled "Ballots Cast" is the number of voters who cast a ballot in each contest. The column titled "Turnout %" reflects the percentage of registered voters who cast a ballot in each contest.

The county-level turnout, located at the back of the abstract, is provided using both active voters and registered voters. Colorado statute currently requires that county-level turnout be reported by registered voters. However, prior to 2011, statute required that turnout be reported by active voters. To allow comparison of turnout data throughout the years, we have chosen to provide the turnout data for both active and registered voters.

### **Recent Changes in Colorado Law**

In 2016, Colorado voters approved citizen initiatives Proposition 108 and Amendment 71.

Proposition 108 allowed unaffiliated voters to participate in Colorado state primary elections for the first time. Because of this influx of new voters, the turnout percentage for the 2018 primary election is almost double compared to the 2016 primary election.

Amendment 71 raised the passage threshold from a simple majority to 55% for statewide ballot issues that add language to the state constitution. To avoid confusion over whether a ballot issue has passed or failed, each ballot issue is labeled Passed or Failed in the header, for example, "Amendment V (CONSTITUTIONAL)—FAILED".
