BIENNIAL REPORT
OF THE
SECRETARY OF STATE
OF COLORADO.

DEPARTMENT OF THE STATE OF COLORADO,
OFFICE OF THE SECRETARY,
DENVER, COLO., NOVEMBER 30, 1900.

TO HIS EXCELLENCY,

CHARLES S. THOMAS,
GOVERNOR OF COLORADO.

SIR—In accordance with the requirements of the law and the customs of this office, I have the honor to submit to you my report of the transactions of the business of the office for the fiscal period of two years, ending November 30, A. D., 1900.

It gives me great pleasure to tender to your excellency my sincere thanks for the courtesies extended to myself and my subordinates, and for the wise counsel and generous aid so graciously extended at all times during the term of your administration.

It is with feelings of gratification that with this report a very favorable showing of the business of the office can be presented.

It will be noted that with the exception of the years 1895 and 1896, the business of this office for the period just closed is considerably in excess of that of any previous term.

It may be of interest to give here the receipts of this office since the admission of the state:

YEARS.	SECRETARY OF STATE.	RECEIPTS.
1877-1878.....	William H. Clark.....	\$ 2,221 25
1879-1880.....	N. H. Meldrum.....	10,312 30

Total	<u>\$212,720 45</u>

One of the most difficult assignments of this office during my administration was the reorganization of the Brand Department. This work has been completed with as little expense as possible, and when it is considered that the new Brand Law required a complete re-record of all the business of the Brand Department since the organization of that department, we are confident that your excellency will readily admit that the cost has not been excessive.

The total receipts of the Brand department have been.....	\$29,022 20
The total expense of the work has been..	20,654 27
Leaving a balance of.....	8,367 93

to be turned over to the bounty fund.

The following is the table of receipts which were deposited with the State Treasurer on the dates named:

DEPOSITS WITH THE TREASURER.

	\$ 8,367 93

In the matter of recommendations, which has been customary, all that it is deemed advisable to make is contained in the following communication made to the chairman of the State Revenue Commission appointed by your excellency, a copy of which is as follows:

HON. CLAY B. WHITFORD,

CHAIRMAN OF THE STATE REVENUE COMMISSION,
DENVER, COLORADO.

DEAR SIR—Complying with your request, I herewith submit a few suggestions whereby, in my opinion, the receipts of the office of the Secretary of State could be materially increased if the General Assembly, in its judgment, should desire to enact laws compelling various corporations to make additional filings in this office and increase some of the fees which are now charged by this department for the filing and recording of its various documents.

As nearly as I can estimate, there now appears upon the indices of this office :

9,103 Domestic mining corporations.
9,743 Commercial and miscellaneous corporations.
1,995 Ditch corporations.
1,761 Foreign miscellaneous corporations.

22,602 total.

A large percentage of these corporations are dead and will not respond to a notice which may be sent out from this department, but, however, I desire to submit the following data for the consideration of the State Revenue Commission and the General Assembly of the State of Colorado :

That a penalty be fixed by law, and the Attorney General be empowered to prosecute all corporations who increase or have increased their capital stock after filing original articles of incorporation, and failed to file said increase of the capital stock with the Secretary of State and paid the fee thereon.

To illustrate this very important suggestion, the Pullman Company are now carrying on a business in the State of Colorado, the articles of incorporation now on file in this office stating that their capital stock is \$100,000, when their capital stock as shown by the records of the Secretary of State of the State of Illinois is \$74,000,000. Therefore, there is now due from this corporation to the State of Colorado a fee to be paid upon the increase of capital stock \$73,900,000, at 15 cents per thousand, \$11,086.

Also as a further illustration, the Western Union Telegraph Company, a foreign corporation organized under the laws of the State of New York, filed articles of incorporation in this office on the 16th day of October, 1878, with a capital stock of \$170,000, and since that date have not filed in this office a certificate of amendment increasing their capital stock. The capital stock of the Western Union Telegraph Company, as it appears on the records of the Secretary of State of the State of New York, is \$100,000,000. Therefore, the Western Union Telegraph Company owe to the State of Colorado the necessary fee to be paid of 15 cents per thousand on \$99,830,000. Amount due, \$14,974.50.

Estimated amount of capital stock of corporations which have not paid to this office the necessary fee of 15 cents per thousand upon increase of capital stock and contemplated corporations which have not complied with the law by filing their articles of incorporation in this office and paid the necessary fee thereon, \$200,000,000, at 15 cents per thousand, \$30,000.

The fee for filing the amendment to the certificates of incorporation be increased from \$1.00 minimum and 15 cents per folio to \$10.00. Estimated receipts from this revenue from which this office now receives about \$150.00, \$1,500.00; increase, \$1,300.00 per annum.

On all amendments to certificates of incorporation which provide for the change of the name of the corporation \$25.00. Estimated annual receipts from this increase of fee on which this office now receives about \$200.00, \$3,750.00; amount of increase, \$3,550.00.

That fee be charged by this office upon certified copies for the incorporation laws for foreign corporations upon which no fee is now charged, \$5.00. Estimated receipts from this increase, \$400.00.

The fee for filing business and agent of foreign corporations be increased from \$1.00 to \$5.00. Estimated amount of increase, \$400.00 per annum.

Fee for filing certificates of corporate seal be increased from \$1.00 to \$2.00 per annum. Estimated amount of annual increase upon these filings, \$319.00.

The fee for filing certificate of paid-up stock be increased from \$1.00 to \$2.50 minimum for all corporations with a capital stock of \$50,000.00 or less, and 5 cents per thousand for each thousand dollars over and above the \$50,000.00 cap-

italization. Estimated increase of fees on paid-up stock annually, \$5,000.00.

To require all domestic corporations to procure from this office at the time of filing articles of incorporation a charter, or certificate, for which a charge will be made by this office to all corporations organized for pecuniary profit, \$5.00. Estimated fee to be derived from this source, \$4,000.00. If the corporation is not for pecuniary profit, upon which now a fee is charged of \$1.00, \$2.50. Estimated increase, \$300.00.

REPORTS OF INCORPORATIONS.

I would also suggest that as long as the state grants certain privileges and immunities to the companies incorporated under its laws, that it should require something besides a fee in return. As it is now, a company files its articles of incorporation, its certificate of paid-up stock and impression of seal, and then it fades from sight. Whether it is in active operation or whether its career ended with the issue of its last share of stock, this office has no means of knowing. Anxious investors in stocks write to the Secretary of State from the four corners of the earth; they want to know all sorts of things, and the Secretary is not in a position to answer their queries.

I would suggest that all companies incorporated under the laws of this state, or that are incorporated under the laws of other states or countries and filed in this state, within thirty days after each annual meeting be required to make an annual report to the Secretary of State, giving names of their offices and directors, addresses of same, location and full description of their property or properties, whether in active operation or not, whether properties, if mines, are patented or not, amount of work done, and such other information showing physical condition of properties and the financial condition of the companies as may be deemed necessary.

The fee for filing reports of incorporation to be fixed as follows:

For all ditch companies for the capital stock of \$50,000.00 or less, \$1.00.

For all corporations organized not for pecuniary profit, \$1.00.

For all other corporations, either foreign or domestic, \$10.00.

From all mercantile companies with a capital stock of \$10,000.00 or less, \$1.00 per annum.

Companies.

Estimated revenue to the office of Secretary of State from the filing of the above reports...	2,000	\$	2,000	00
On ditch companies, per annum			2,000	00
From corporations organized not for pecuniary profit.....	2,000		2,000	00
From all mercantile companies with a capital stock of \$10,000 or less, estimated number....	2,000		2,000	00
From all other corporations, estimated number at \$10.00 per annum.....	16,000		160,000	00
			<hr/>	
Total	22,000	\$	166,000	00
Deducted 50 per cent for dead corporations		\$	83,000	00

Leaving \$83,000.00 revenue per annum, making an annual income to this office of \$83,000.00 or \$166,000.00 for the two fiscal years.

The penalty be provided by the General Assembly for failure to comply therewith.

Estimated fee now due to the State of Colorado from corporations and from corporations who have increased their capital stock and failed to file the said increase in this office and paid the fee required, and from would-be corporations who have failed to file articles of incorporation in this office:

From the Pullman Company, increase of stock..	\$ 73,900,000			
At 15 cts per thousand..			\$11,086	00
From the Western Union Telegraph Company... ..	\$ 99,830,000			
At 15 cts per thousand..			14,974	50
From various other corporations	\$200,000,000			
At 15 cts per thousand..			30,000	00
			<hr/>	

Total estimated amount due from corporations who have failed to comply with the law.....\$56,060 50

RECAPITULATION.

Estimated annual increase from fees for filing amendments.....	\$ 1,300 00
From amendments changing name.....	3,550 00
From fees to be charged for filing cer- tified copies of foreign incorporation laws	400 00
Business and agent of foreign corpora- tions	400 00
From increase of fee for filing certificates of corporate seal.....	319 00
From increase of fee for filing certificate of full paid-up stock.....	5,000 00
From charters for corporations organized for pecuniary profit.....	4,000 00
From charters for corporations not or- ganized for pecuniary profit.....	300 00
From annual reports of incorporations..	83,000 00
<hr/>	
Estimated annual increase of fees as per above	\$98,269 00

Yours respectfully,

ELMER F. BECKWITH,
Secretary of State.

HORACE W. HAVENS,
Deputy.

We transmit herewith a copy of the report of the work of the Deputy Labor Commissioner, Mr. James T. Smith, which we believe is a thorough and complete compilation of the transactions of that department, and which will be considered, we think, a credit to the office, as well as to the incumbent.

Very respectfully

ELMER F. BECKWITH,
Secretary of State.
