Bridge Cost per Square Feet	1
Item Unit Costs by Projects	665

Foreword

The Colorado Department of Transportation's Cost Estimating Services Unit of the Construction Engineering Services Branch publishes the Cost Data Book annually. A joint effort has been made between CDOT's sections and the Cost Estimating Services Unit to gather and record cost data for this publication.

The following data includes weighted average prices for items on highway construction projects that were bid during the 2022 calendar year. Caution should be used in applying these historical averages to specific projects. Allowances for varying geographic, climatic, social, economic conditions and type of project should be made.

Changes and improvements are continually being made to update and increase the usefulness for future issues. Comments and suggestions for improvements for users of this publication are welcome.

BID LETTING	CONTRACTOR/ PROJECT NUMBER	LOCATION	DIST	TERRAIN	BIDS	AWARDED BID	INDEX
