RE: Tobacco Master Settlement Agreement (MSA) Moneys

This information is being reported to you pursuant to 24-75-1104.5 (1.3) (c) C.R.S.

Background

Pursuant to 24-75-1104.5 (1.7) C.R.S., programs receive specified amounts of the settlement moneys received by the state in the preceding fiscal year. During the 2012 Legislative Session, 24-75-1104.5 (1.3) C.R.S. was added and allowed for the spending of a portion of the settlement moneys in the fiscal year received. Then, during the 2014 Legislative Session, 24-75-1104.5 (1.3) C.R.S. was revised to also allow the spending of any disputed payments in the fiscal year received. Prior to this revision, any disputed payments received were to be transferred to the general fund. Then, again, during the 2020 Legislative Session, HB 20-1380 allowed for the spending of \$20 million in the fiscal year received due to a July 1, 2020 matching transfer to the general fund; and also reduced the FY 2020-21 allocation by \$2 million.

- Moneys allocated to Tobacco MSA programs in FY 2019-20 breakdown as follows:

Total Moneys Allocated in FY 2019-20 (based on FY 2018-19 receipts)	81,149,778
