

MEMORANDUM

TO: Board of Regents
FROM: Vice President Michael Lightner
DATE: February 7, 2019
SUBJECT: Annual Report on Faculty Sabbatical Assignments

A sabbatical is a privilege granted to tenured faculty for the advancement of the university. It is an important tool in developing academic scholarship and is a time for concentrated professional development. It is expected that the faculty member shall use the sabbatical assignment in a manner that shall enhance his/her scholarly and/or teaching competence and potential for leadership and service to the university, as well as to advance the primary unit's program goals. Tenured faculty members are eligible for a sabbatical assignment after six years of full-time service to the university.

A total of 142 faculty members were on sabbatical assignment during the 2017-18 academic year, 39 for a full year, and 103 for a single semester or portion of the calendar year. A breakdown of sabbatical assignments by campus and school or college is provided below.

Campuses reported that the criteria and approval process for granting a sabbatical assignment were consistent with the Laws (5.B.3.C) and Policies (5A) of the Board of Regents. A campus officer verified that each faculty member was eligible to receive a sabbatical assignment and that the plan he or she submitted met the requirements of policy, as well as any additional criteria established by the individual campus. Each sabbatical plan was reviewed and approved by the department chair, unit head, or advisory committee, the dean of the school or college, and the chief academic officer of the campus, who then forwarded the plans to the Office of the Vice President for Academic Affairs. With the concurrence of the president, the plans were approved by the Board of Regents.

Each proposal for sabbatical assignment describes a work plan that specifies objectives that will: a) enhance the faculty member's professional growth and development of expertise; b) achieve the academic goals of the department; c) enhance the reputation of the university; and d) contribute to the educational experience of students. Additionally, departments or other units must verify the availability of resources to support the sabbatical assignment. Upon completion of a sabbatical assignment, a faculty member is required to submit to their dean a final report describing their work and accomplishments.

University of Colorado Sabbatical Assignment Summary: AY 2017-18

Campus	School/College	Full-year Sabbatical	Partial-year Sabbatical	Total
Boulder*	Arts & Sciences	13	44	57
