

MEMORANDUM

TO: Board of Regents

FROM: Michael Lightner, Vice President of Academic Affairs
Maureen Durkin, Director of Academic Program & Policy Analysis

DATE: June 6, 2025

SUBJECT: Annual Report on Faculty Sabbatical Assignments for 2023-24

A sabbatical is a privilege granted to tenured faculty for the advancement of the university. It is a valuable tool in developing academic scholarship and is a time for concentrated professional development. It is expected that the faculty member shall use the sabbatical assignment in a manner that shall enhance their scholarly and/or teaching competence and potential for leadership and service to the university, as well as to advance the primary unit's program goals. Tenured faculty members are eligible for a sabbatical assignment after six years of full-time service to the university.

Attached is the 2023-24 report on Sabbatical Assignments. A total of 192 faculty members were on sabbatical assignment during the 2023-24 academic year, 52 for the academic year (Fall and Spring semesters), 31 for the calendar year (Spring and Fall semesters of the same calendar year for faculty on a 9-month appointment, or a 12-month sabbatical for faculty on a 12-month appointment), and 109 for a single semester or partial year (partial year means a 6-month sabbatical for faculty on a 12-month appointment). A breakdown of sabbatical assignments by campus and school or college is provided below. We usually see a small number of faculty who are approved for sabbatical leave who need to defer the leave for various reasons. Those faculty who deferred will be included in a future annual sabbatical report.

Campuses reported that the criteria and approval process for granting a sabbatical assignment were consistent with the Policy 5.C.2(I) of the Board of Regents. A campus officer verified that each faculty member was eligible to receive a sabbatical assignment and that the plan submitted met the requirements of policy, as well as any additional criteria established by the individual campus. Each sabbatical plan was reviewed and approved by the department chair, unit head, or advisory committee, the dean of the school or college, and the chief academic officer of the campus, who then forwarded the plans to the Office of the Vice President for Academic Affairs. With the concurrence of the president, the plans were approved by the Board of Regents.

Each proposal for sabbatical assignment describes a work plan that specifies objectives that will: a) enhance the faculty member's professional growth and development of expertise; b) achieve the academic goals of the department; c) enhance the reputation of the university; and d) contribute to the educational experience of students. Additionally, departments or other units must verify the availability of resources to support the sabbatical assignment. Upon completion of a sabbatical assignment, a faculty member is required to submit to their dean a final report describing their work and accomplishments.

University of Colorado Sabbatical Assignment Summary: AY 2023-24
