Notes

- 1 The Jet Propulsion Laboratory (JPL) is managed by the California Institute of Technology. It is funded primarily by NASA. Also, the Space Telescope Science Institute (STScI) is operated by the Association of Universities for Research in Astronomy (AURA), a non-profit corporation under contract to NASA. Effective with Fiscal Year 2014, the University of Colorado Boulder counts JPL and STScI awards as federal funding under the NASA category.
- 2 Other Federal Agencies include: Department of Justice (5 Proposals), Environmental Protection Agency (6), Federal Aviation Administration (7), Federal Highway Administration (2), Homeland Security (1), Institute of Museum and Library Services (2), National Endowment for the Arts (1), National Endowment for the Humanities (5), Nuclear Regulatory Commission (3), Smithsonian Institution (4), Tennessee Valley Authority (2), U.S. Institute of Peace (1), U.S. Agency for International Development (1), Veterans Administration (5)
- 3 The National Renewable Energy Laboratory (NREL) is operated by a consortium of universities and Battelle, a private management company. Some universities count NREL awards as federal funding, but historically, UCB has counted this agency as non-federal.
- 4 Most funding from other universities originates with the federal government, but, historically, UCB has counted these agencies as non-federal.
- 5 Colorado State Agencies includes: Colorado School of Mines (4 Proposals), Colorado State University (5), Department of Agriculture (1), Department of Education (2), Department of Public Health and Environment (7), Department of Transportation (5), Governor's Energy Office (2), Office of Economic Development and International Trade (5), University of Colorado Denver (24), University of Colorado Technology Transfer Office (2) and the Colorado Water Conservation Board (1)

Notes

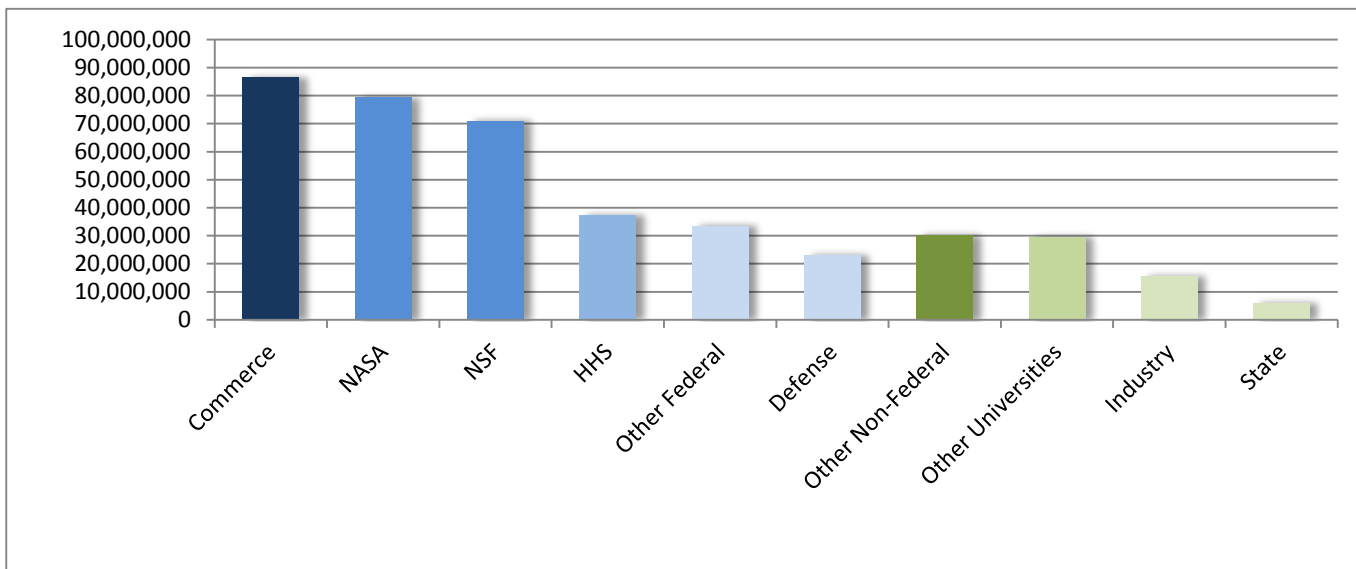

- This report includes all the proposals submitted during fiscal year 2014. Typically, proposals are funded or declined within six to twelve months after submission. There may be some overlap with the annual reports for awards that were received during fiscal year 2014, but there is no one-to-one relationship between proposals and awards in these reports.
- The number of proposals is calculated from the total number of submissions during the fiscal year.
- The value of proposals is calculated from the total estimated cost for all budget periods proposed. These amounts include direct and indirect costs and often are higher than the actual awarded amount.

Notes

- A sponsored project award is transferred from an external sponsor to UCB under a grant, cooperative agreement, contract, purchase order or any other legally binding agreement. These awards differ from gifts, which are managed by the CU Foundation, because they include terms that restrict how the funds will be managed and expended.
- The total number of awards is calculated from the total number of funding increments for all projects (account numbers) during the fiscal year, e.g. some awards may be distributed to two, three or more projects for management purposes and have multiple funding increments during the fiscal year.
- The value of awards is calculated from the amount of funds obligated by the sponsor during the fiscal year for one budget period, not the total estimated cost for multiple budget periods, i.e. some awards receive incremental funding that may spread out the total obligations over several years. Award totals include direct and indirect costs.
- The report includes all the award actions taken during fiscal year 2014 (7/1/2013 - 6/30/2014). Typically, an award is received 6-12 months after submission of a proposal. There may be some overlap with proposals submitted during FY14, but there is no one-to-one relationship between proposals and awards in these reports.

Notes

- Affiliated Funds are defined as support to faculty members managed by departments or units other than the faculty member's home departments or units. The "total activity" of the faculty member(s) in a particular department can be estimated by adding the department/unit award amount with the affiliated fund amount.
- If a single account number has been assigned each affiliated department gets full credit for the total dollar amount received.
- If multiple account numbers have been assigned each department gets credit for only the dollar amount associated with each individual account number.
