Full-Time: >= .5 percent time

Note: Professional research assistants include full-time employees.

Beginning Fall 2006: Professional research assistants are reported separately from research faculty members. Full-time research faculty members are reported as non-tenure track (rather than 'other'). Clinical faculty members are reported separately from clinical teaching faculty members.

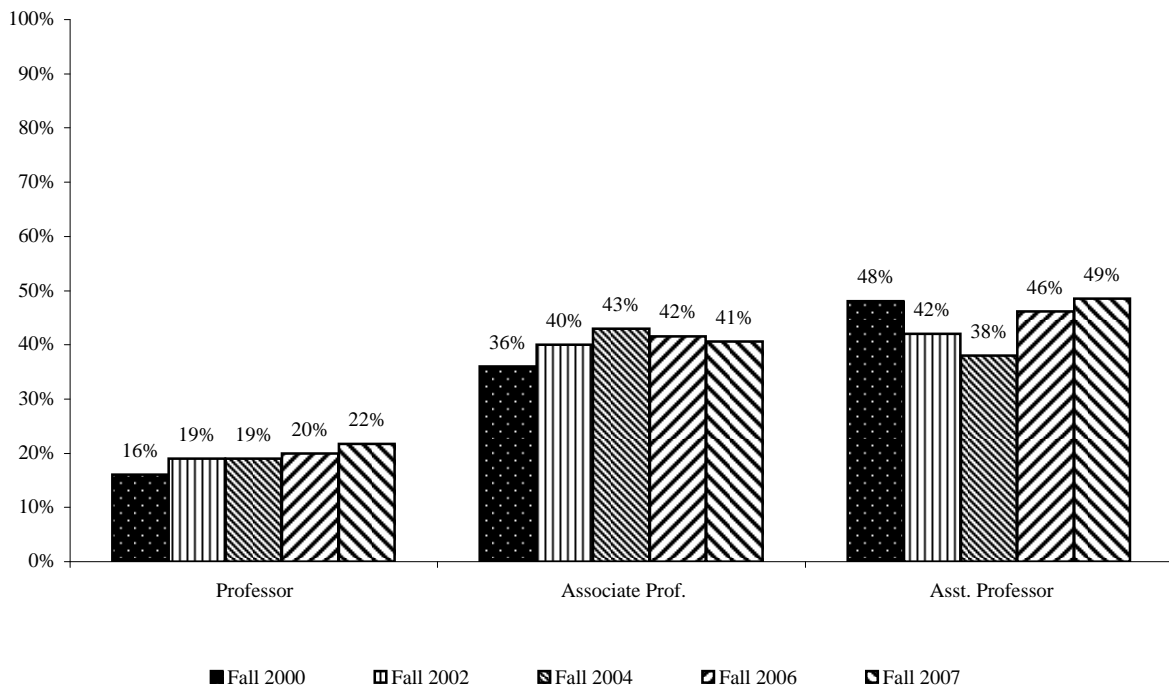

Instructional Faculty are highlighted in yellow. Tenured faculty are highlighted in light yellow because, although they are instructional faculty, they're already being counted in the 'TENURED/TENURE TRACK' section.
