TABLE OF CONTENTS

4 //	Cardiology Accomplishments
5 //	National Board and Committee Participation
6 //	Cardiac And Vascular Lab Procedural Volume
6 //	Electrophysiology Procedures
7 //	Heart Failure 30-Day Readmission Rate
7 //	Open Heart Surgery At UCH
8 //	Risk Adjusted Rates For Isolated CABG Patients
8 //	Kansas City Cardiomyopathy Questionnaire

UNIVERSITY OF COLORADO HOSPITAL IS ONE OF THE LEADING ACADEMIC MEDICAL CENTERS IN THE NATION.

For several years, the University of Colorado Hospital (UCH) has been ranked at the top or near the top of many hospital rankings such as University HealthSystem Consortium and US News & World Report. Best known as an innovator in patient care, UCH is often one of the first hospitals to bring new medicine to the patient's bedside. The hospital's physicians are affiliated with the University of Colorado School of Medicine and its primary facilities are located at the nationally-renowned Anschutz Medical Campus in Aurora, CO.

The Cardiac and Vascular Center at University of Colorado Hospital is home to some of the best programs in the country. As an academic medical center, patients have access to the latest technologies, clinical trials, and medical treatment available. Our multidisciplinary approach to cardiovascular care means a more comprehensive, collaborative level of care resulting in better outcomes for our patients.

CARDIOLOGY ACCOMPLISHMENTS

GET WITH THE GUIDELINES: HEART FAILURE

Designated by the American Heart Association/American Stroke Association with their 2014 Get With the Guidelines® Stroke Performance Achievement for fast response times in emergency situations.

ADVANCED CERTIFICATION IN HEART FAILURE

Awarded by the Joint Commission, the Advanced Certification in Heart Failure designation verifies our hospital provides high-quality service to heart failure patients throughout the continuum of care.

NATIONAL BOARD AND COMMITTEE PARTICIPATION

- Board of Trustees, American College of Cardiology
- Board of Trustees, American Board of Internal Medicine
- Chair, National Cardiovascular Data Registry (NCDR)
- Distinguished Scientist Award, AHA
- Lifetime Achievement Award, AHA and ACC

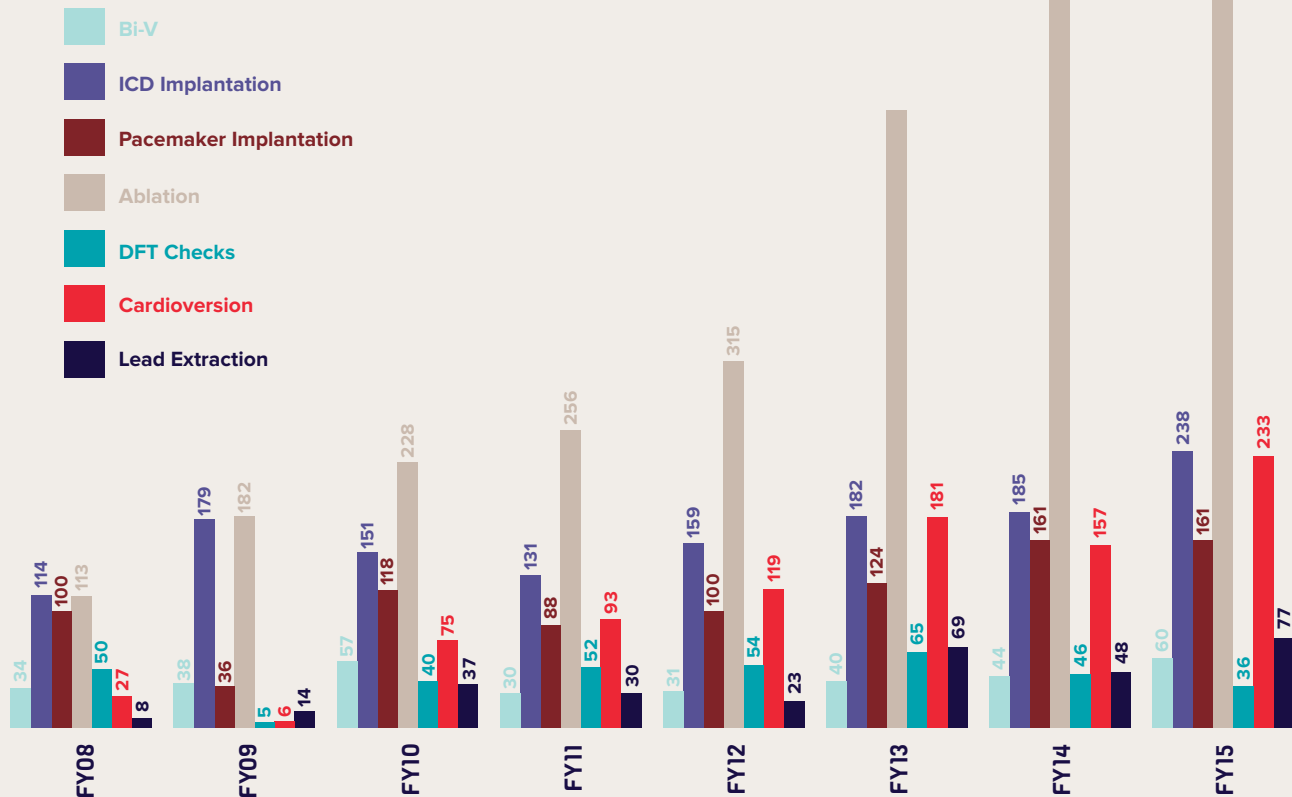

CARDIOLOGY OUTCOMES DATA

CARDIAC AND VASCULAR LAB PROCEDURAL VOLUME

FY 2014

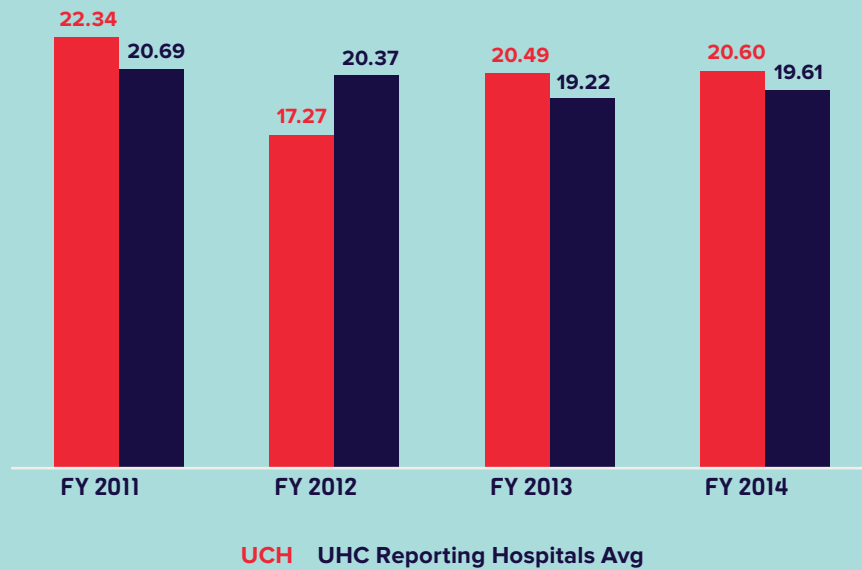

ELECTROPHYSIOLOGY PROCEDURES

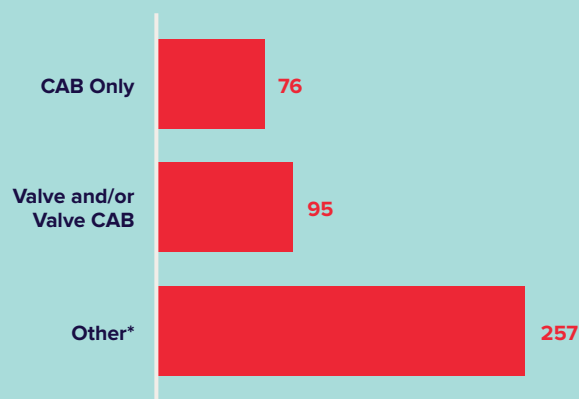

HEART FAILURE 30-DAY READMISSION RATE

OPEN HEART SURGERY AT UCH

National Quality Forum Measures for Open Heart Surgery

FY 2014

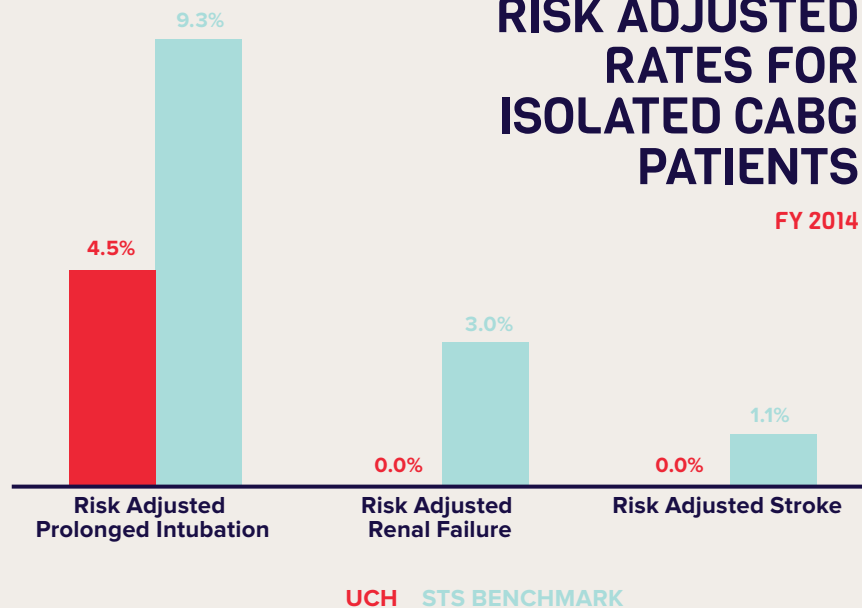

*Other includes: Aortic Aneurysm repair, Aortic Dissection, Aortic Trauma, Heart Transplant, Endovascular Procedure, ASD repair, Trans Myocardial Laser, Congenital, Aortic Root, Atrial Fibrillation Procedure

CARDIOLOGY OUTCOMES DATA

RISK ADJUSTED RATES FOR ISOLATED CABG PATIENTS

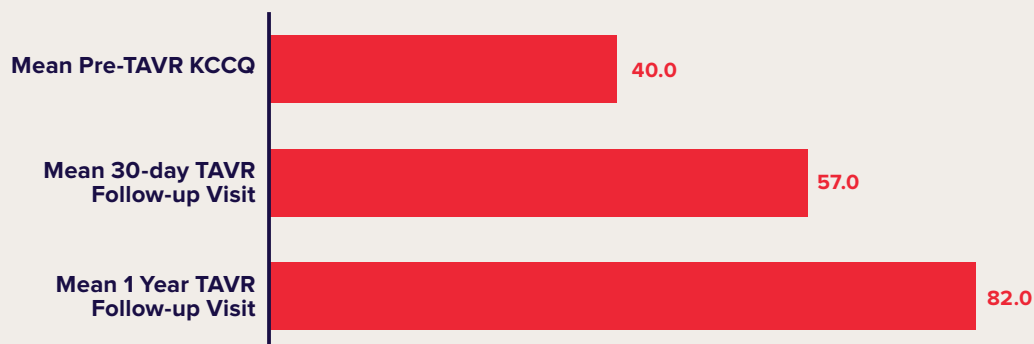

FY 2014

KANSAS CITY CARDIOMYOPATHY QUESTIONNAIRE

Mean KCCQ Score of patients that participated in the KCCQ and had a TAVR procedure

FY 2014

Clinical improvement in the KCCQ summary score: Moderately large improvement (≥ 10 -point increase from baseline), Very large improvement (≥ 20 -point increase from baseline), Favorable outcome (alive with ≥ 10 -point increase from baseline), Excellent outcome (alive with ≥ 20 -point increase from baseline)
