Statement from the President of the Board of Trustees

The Colorado Mountain College Board of Trustees is pleased to provide support to and advocate for CMC's vision, mission and strategic focus.

This proposed budget is predicated on current and evolving economic conditions. During the 2011-2012 fiscal and academic year a substantial decline in property tax revenue is anticipated and state revenues are projected to drop significantly. Budget cuts that will take place at the State level are factored into this budget at a rate of a 23% reduction over last year while property tax revenues are factored at 26% less. Partially offsetting those declines are tuition revenue increases due to both higher enrollments and a small increase in rates. The next two years are very uncertain for state funding, so the College and the Board of Trustees are budgeting very conservatively in preparation for expected shortfalls.

Opportunities and challenges facing the College in the 2011-12 fiscal year and beyond include decreasing revenues, increasing enrollments, the addition of two baccalaureate degrees, academic program evaluation and assessment, student retention and financial aid, staff and faculty recruitment and retention, the need to upgrade the College's technology infrastructure, deferred maintenance on college-owned facilities, and meeting the growing needs of the communities the College serves.

This budget begins to address these challenges/opportunities. The proposed budget for fiscal year 2011-12 was developed by looking to the college strategic plan to identify areas for new or growing initiatives and allocating resources where needed, a delicate balancing act that takes into account declining revenues from property taxes and state funding, and conversely increasing enrollments. Fewer dollars have been allocated in this budget for the Facility Master Plan Phase III as well as minor and deferred maintenance projects.

The College will begin a replacement academic building at our Steamboat Springs campus this year, with completion projected to be one year later. Reserve dollars have been set aside for the construction of this new academic building; however, the construction bids came in higher than anticipated. This will require the College to utilize other reserves designated by the Board for use in low revenue years. The College owns more than 40 buildings, which require annual upkeep and maintenance. Resources within the budget are also allocated to technology upgrades, instructional equipment and zero base budget adjustments.

Additionally, the Board of Trustees has requested that the College retain a reserve fund of at least 25% of the General Fund operating budget to help offset possible future funding cuts from the state. This reserve goal has been met and no additional funds are requested in the 2011-12 budget to maintain this level of reserve funding.

Our vision of "First Choice in Learning, First Choice in Partnerships and First Choice in Leadership" and our mission "To Create a Better Future," are clearly reflected in this budget with the prudent allocation of resources to the college's long-term strategic focus areas.

Dear Friends:

The recovery of the economy still seems to be progressing with difficulty. This not only affects the state in general, but it is affecting the College and the communities we serve. The level of funding for higher education in Colorado continues its downward slide, and proposed cuts to the funding we receive from the state won't be backfilled by federal funds as they were over the past few years. Economic recovery at the state level is critical to how many additional budget cuts may be needed throughout the coming year.

Also this year property tax revenue is projected to be significantly lower than it was in 2010-11, based on county assessors estimating a large decrease in property valuations as of July 2010. Because of these hits to two of our three main sources of revenue, we will need to look to our reserves for supplemental funding during the next two to three years. The College will continue to budget conservatively, while making sure students' needs are met.

Colorado Mountain College is meeting the increasing needs of our students by improving the efficiency of our processes and systems, and due to the dedication of our board, faculty, staff and administration. Another way we're meeting the needs of our students and communities is by introducing two Bachelor's Degree programs in the fall. There will be no extra funding from the State to support these two degrees. Tuition charged will cover the incremental costs, with help from reserves the first year.

Colorado Mountain College is preparing to make wise investments in areas of growth, while looking to become much more efficient and effective in every process and making adjustments in areas that are not experiencing growth. We are focused on increasingly becoming First Choice in learning, partnerships, and leadership. By aiding our students, our communities, and our CMC family, together we create a better future for us all.

I believe the future of Colorado Mountain College is very bright as we continue to find new and better ways to serve a growing student body. We anticipate increasing opportunities for growth as the baccalaureate degrees are implemented.

It is my privilege to serve you as President of Colorado Mountain College.

On behalf of CMC's faculty and staff,

Stanley E. Jensen

Fiscal Year 2011/12 Budget Introduction

The Board of Trustees supports the College's vision, mission and long term strategic focus areas. They are:

<u>Vision:</u> "First Choice." First Choice in Learning, First Choice in Partnerships and First Choice in Leadership.

<u>Mission</u>: "To create a better future." Creating a better future for our students, our communities, our partners and our team members.

Long Term Strategic Focus Areas:

- 1. CMC will be our community's choice for learning.
- 2. CMC will be our community's choice for partnerships.
- 3. CMC will be our community's choice for leadership.

The Colorado Mountain College budget for Fiscal Year 2011/12 will help in achieving these ends.

Objectives

Major Activities in Academic Services for 2011/12

For 2011/12, Academic Affairs (AA) will help usher in CMC's first two Bachelor's Degrees:

- Bachelor of Science in Business Administration (BSBA)
- Bachelor of Arts in Sustainability Studies (BASS).

New FT faculty will come on board and be trained to take the lead in both programs. New and existing faculty, FT and adjunct, will develop curriculum and new academic areas of emphasis. With sustainability being of strategic importance, Academic Affairs will work closely with the Sustainability Coordinator to infuse and promote sustainability across the curriculum. Also, the AA Division will work very closely with Student Affairs and Campus VPs and others, via a Roll-Out Committee, to work out procedural bugs in recruiting, admitting, advising, testing, tutoring, assessing and the retaining of the new bachelor's students.

A key enterprise for Academic Affairs will be the strengthening of learning and its assessment, for all CMC courses, two-year and four-year, via an AQIP Action Project. Faculty will continue to develop assessments, enter assessment data, learn from the results, and "complete the loop" by making changes that will improve the learning process for students. Faculty will expand their knowledge of the new Task Stream assessment tracking and reporting tool.

Academic Affairs now has approximately 700 for-credit adjunct faculty on the payroll at any one time. Thus it is in the best interest of students and student learning to ensure quality control for this crucial

part of the institution. The Division will build a major adjunct training website and tracking tool and will conduct the college's first FT and adjunct training day.

Academic Affairs will take a big role in expanding grant funding to support new and existing programs, with federal opportunities most likely in the healthcare and renewable energy fields. Key to the growth of these and other programs will be the expansion of private and public partnerships.

To support the college's new organization structure, the AA Division will work more closely and collaboratively with campus Vice Presidents and the divisions of Student Affairs, Information Technology and Institutional Effectiveness.

Major Activities in Student Affairs for 2011/12

The Student Affairs primary focus for the upcoming year will again be on assessment that will include the following:

- The institutionalization of performance measures that include the Balanced Scorecard, the Student Progress Report, Community College Survey of Student Engagement and the Survey of Entering Student Engagement
- Conduct a program review of the CMC advising system
- Analyze and improve first year student initiatives
- Incremental development of learning outcomes for programs and services in student affairs
- Implementation of strategies for measuring effectiveness in student learning, engagement and success
- Imbedding of continuous improvement processes in student affairs programs and services
- Practice using data and feedback systems to improve current strategies and create new ones that enhance the student experience

Additionally, we will:

- Collaborate with campus leadership to connect strategies to key performance indicators
- Effectively address action projects through our new alignment with academic affairs
- Expand learning experiences in conjunction with the common reader program and author talks
- Replicate learning communities on each campus
- Move to a required orientation experience for all new to college students
- Create and manage the necessary infrastructure to support bachelor degree seeking students
- Continue to expand the capabilities and usage of online student services
- Move ahead on standardizing and streamlining the student registration processes

And, finally:

• We will invest a large portion of our time and resources in the professional development of student affairs staff to achieve all of the above.

Fund Descriptions:

General Fund:

Provides for the day-to-day operation of the College. Most salaries, operating supplies, utilities, and related costs are paid from this fund.

Facilities Fund:

Provides for major facility needs of the College. This includes ongoing and deferred maintenance items along with facility projects that are in the approved Facilities Master Plan.

Capital Equipment Fund:

Provides for capital equipment needs of the College, minor facility needs, and lease payments for rental facilities.

Auxiliary Fund:

Provides goods or services to students, faculty, staff, and/or the community and charges a fee directly related to the goods or services provided. Auxiliary programs include bookstores, residence halls, food service, summer programs, and non-credit courses for students and staff. Activities in this fund operate on a break-even basis; revenues being generated from the sale of inventory or services are equal to or greater than expenses. Under Amendment I this fund meets the criteria of an enterprise fund.

Other Funds:

These include the Federal and State Financial Aid Funds, Sponsored Program Fund, and the Student Government and Club Fund. Activities in these funds help the College meet its goals and the funds are self-supporting. Budgets for these funds are included in this book to meet statutory requirements of the State of Colorado. CMC receives external funds to meet certain specified needs. These funds can be spent only with the restrictions placed on them by the granting agency.

Federal and State Financial Aid Funds – available to eligible students to help defray education costs. The U.S. Department of Education and the Colorado Commission on Higher Education are the main sources of these funds.

Sponsored Program Fund – provides services and activities for the local communities. Revenues are comprised of restricted gifts from federal, state, local and private sources such as grants, contracts, and cooperative agreements. Matching funds from the General Fund, which are required by the government, are also used to partially support particular programs.

Student Government and Club Fund – provides extracurricular activity and enhances campus life. These clubs are designed and run by students and supervised by the College. The clubs operate on student activity fees paid by each student and from miscellaneous revenues generated by club projects. The College is simply a custodian of funds and provides accounting services for the clubs.

Budget Assumptions and General Information

Revenues:

The College's primary revenue sources are budgeted as follows for 2011/12:

•	property tax revenue	73%
•	state revenue	8%
•	tuition and fees	18%
•	other	1%

For fiscal year 2011/12 *property tax revenue* is projected to be significantly lower than in 2010/11 attributed to the large decrease in property valuations as of June 2010. The college's mill levy rate will remain at 3.997 for 2011/12, the same rate for over 18 years. The same mill levy multiplied by the lower evaluations will result in \$12.7 million less in property tax revenues for the College. *Tuition revenue* is projected to increase due to both higher enrollments and an increase in rates. The College anticipates tuition revenue to increase by approximately \$1.6 million. Projected *revenue from* the *State of Colorado*, for fiscal year 2011/12 is expected to decrease by approximately 23% or \$1.4 million less than last year actual. Federal stimulus money is no longer available to backfill the shortage in revenue from the State. The next two to three years are very uncertain for state funding and the College will budget very conservatively in this area.

Property tax revenue is used to fund capital projects, capital equipment and general fund operations, mostly by "buying down" tuition rates for in district students. In the 2011/12 fiscal year, 8% of the property tax revenues are budgeted to be transferred to the capital funds for equipment purchases, minor building maintenance and new building construction.

Enrollments:

Overall enrollments (credit, non-credit and ESL) are budgeted to be 7.6% higher than the budgeted enrollments for 2010/11 and 5.9% higher than the actual enrollments for 2009/10. With the economic recession in full swing the College has seen increased enrollments as people struggle to find jobs. There are some small signs that the economy is beginning to recover which in turn may result in a flattening of enrollments. The enrollment forecasts for 2011/12 may end up being a little high. If this is the case then it is possible that tuition revenue could be lower than budgeted. The College's strategic plan addresses initiatives to focus on increasing our enrollment numbers.

Expenses:

In the 2010/11 fiscal year the College began phasing in, over two years, the implementation of zero based budgeting. For fiscal year 2011/12 the rest of the College will have gone through the zero based budget process. The full benefit of moving to a zero based budget system will not be realized until the 2012/13 fiscal year when two full years of budgets have lived through the process. However, in the mean time, a lot of transparency has been gained. Requests for additions to the base budget, along with

requests for capital funding were processed through the college wide budget committee with concern for college wide strategic initiatives. With the uncertain revenue picture, the Resource Allocation Team (budget committee) worked very hard to keep the increases in base budget funding to a minimum. In order to address needs in the Capital Equipment and Facilities Funds, this budget uses reserve dollars to help cover the needs in the amount of \$1,642,800. The following table is a summary of the 2011/12 budget:

REVENU	ES	EXPENSES			
Tuition	\$ 9,970,800	General Fund Operating Budget	\$ 51,968,000		
Property Tax	\$ 40,666,500	Capital Equipment Fund Budget	\$ 2,406,360		
State Reimbursement	\$ 4,659,750	Facilities Fund Budget	\$ 2,468,100		
Other	\$ 372,300	Reserve Request	\$ (1,642,800)		
Total Projected Revenue	\$ 55,669,350	Total Projected Expenses	\$ 55,199,660		

Continued challenges facing the College include:

- Decreasing revenues
- Increasing enrollments
- Four-year degree programs
- Academic program evaluation and assessment
- Student retention and financial aid
- Staff and faculty recruitment and retention
- *Technology infrastructure*
- Deferred maintenance on college-owned facilities
- Meeting the needs of our growing communities

The 2011/12 budget begins to address these challenges. A few highlights are (not an all-inclusive list):

2011/12 Budget Initiatives

		COLLEGE GOALS				
		Community's	Community's	Community's		
		Choice for	Choice for	Choice for		
		Learning	Partnerships	Leadership		
Facility Master Plan Phase III	\$1,000,000	X	X			
Minor Maintenance/Remodels	\$1,468,100	X				
Technology Projects	\$1,682,187	X	X	X		
Campus Instructional & Other Equipment	\$ 346,072	X	X			
One New Full Time Faculty	\$ 100,000	X				
One New Full Time Staff	\$ 75,000	X		X		
Benefit Adjustments	\$ 390,500	X		X		
Base Budget Adjustments	\$1,204,189	X	X	X		
Proposed Initiative Funding	\$6,266,048					

Just Approved:

In April 2011, Colorado Mountain College was approved by the Higher Learning Commission to offer two bachelor's degrees. Upper division classes for these degrees will begin in fall semester 2011. The budget for these programs must be covered primarily through tuition revenue as there will be no extra funding from the State to support these degrees. You will notice a separate tab within the General Fund which outlines the budget for the bachelor's degrees. In summary, the College anticipates a loss the first year or two in offering these degrees. Reserve dollars will be needed to cover the deficit next year. Once enrollments build up it is expected that tuition revenue will cover the costs of these programs.

2011/12:

Tuition Revenue \$ 634,288 Operating Expenditures \$1,095,831 Net Income (Loss) (\$461,543)

Capital Projects:

Fewer dollars have been allocated in this budget for both minor/deferred maintenance and major building projects. The College will begin a replacement academic building at our Steamboat Springs campus this year with a completion date a year later. Reserve dollars have been set aside for the construction of this new academic building however, the construction bids came in higher than anticipated. This will require the College to utilize other reserves designated by the Board for use in low revenue years. The College owns more than 40 buildings which require annual upkeep and maintenance.

The Board of Trustees has requested that the College retain a *reserve fund* of at least 25% of the budget to help offset possible future funding shortfalls. This reserve goal was met in 2009/10. A portion of these reserves will be needed next year to meet the needs in the Facilities Fund.

The proposed budget for fiscal year 2011/12 was developed by looking to the college strategic plan to identify areas for new or growing initiatives and allocating resources where needed.

General:

This budget was prepared in accordance with Generally Accepted Accounting Principles (GAAP) in all material aspects. The budget of the college has been prepared on the modified accrual basis of accounting.

Consumer Price Index U.S. & Denver

(1982-84 = 100)

	U.S.	U.S.	Denver/Boulder	Denver/Boulder
	Index	Rate	Index	Rate
2007	207.3	2.8	202.0	2.2
2008	215.3	3.8	209.9	3.9
2009	214.5	-0.4	208.5	-0.6
2010	218.0	1.6	212.4	1.9
2011 (Estimated)	221.5	1.6	216.4	1.9

Source: U.S. Department of Labor, Bureau of Labor Statistics

Constant Dollar Amount:

The Consumer Price Index numbers are used for the constant dollar calculations on the following pages. Constant dollar is defined as a dollar valued according to its purchasing power in an arbitrarily set year and then adjusted for price changes in subsequent years. It's used to determine real purchasing power, which can be used for comparison purposes, by giving prices as they would presumably be in the base year.

FTE & HEADCOUNT

Enrollments History

- A student full-time-equivalent (FTE) for Credit classes represents an average of one student enrolled in 30 Semester hours in a fiscal year. (All credit hours are totaled and divided by 30 to determine the FTE enrollment.)
- A student full-time-equivalent (FTE) for Noncredit or ESL classes is calculated by multiplying enrollment times the clock hours and dividing by 450 in a fiscal year.

Enrollments for the last 15 years and 2011/12 Budget are as follows:

			Credit, ESL & Noncredit		FTE Increase
Year		Headcount	FTE Actual		-Decrease
2011/12	Budget	24,035	4,910		5.6%
2010/11		22,969	4,652		0.4%
2009/10		25,182	4,633		9.8%
2008/09		23,868	4,221		-1.9%
2007/08		23,094	4,302		4.5%
2006/07		22,490	4,119		-0.4%
2005/06		20,790	4,136		4.3%
2004/05		19,980	3,966		-2.9%
2003/04		21,691	4,083	*	1.1%
2002/03		22,769	4,040		-1.7%
2001/02		24,463	4,110		5.7%
2000/01		24,866	3,888		7.1%
1999/00		22,666	3,632	**	3.8%
1998/99		21,643	3,500		1.6%
1997/98		20,486	3,445		1.5%
1996/97		20,050	3,395		3.1%

Note: The Buena Vista Correctional Facility Contract was discontinued in 2002/03, re-enacted in 2005/06, and ended again in June 2008.

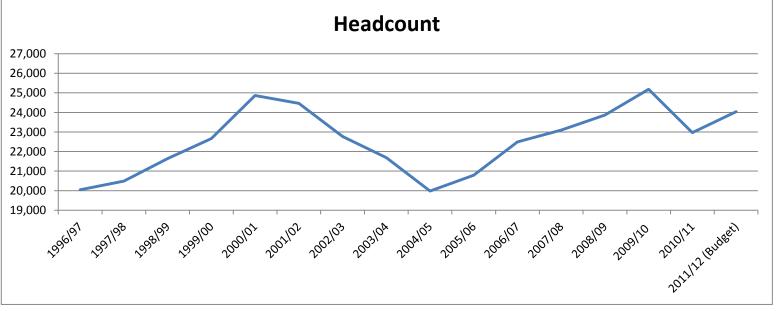

^{*} Beginning in FY 2003/04 Workforce FTE included

^{**} English as Second Language and other courses moved to noncredit
