Statement from the President of the Board of Trustees

The College's mission and vision focus on creating better futures for our students, communities, partners and team members. This budget supports that focus even with a somewhat uncertain national, state and local economy.

The college strategic plan plays a big role in the budget process and a new plan for the next three years, 2012/13 through 2014/15, was recently completed. Student success remains at the heart of the plan and this budget addresses this focus area with new faculty, more training for adjunct faculty, technology improvements, facility improvements, additional support for online learning and enhanced overall student experience in both the two and four year programs.

Thanks to the glimpse of hope at the state level for economic recovery, the College will not be cut further from state funding in 2012/13. Early in the legislative session, it looked as though the College would see an additional cut of 7% from state funding, but a late session economic report forecasts that revenues will be better than first thought, and higher education reductions were substantially restored. It is our hope that this will start a trend for the future funding of higher education.

The largest source of revenue for the College is property tax and the outlook is concerning for the next few years. Oil and gas provides a large portion of the total revenue received from property tax, and prices for natural gas are declining. This, along with the housing crisis, cause the College to pause and continue to be conservative in overall budget methodology. However, this budget addresses opportunities and challenges facing the College even in times when revenues may be declining.

The Board of Trustees has directed the College to retain reserve funds to assist in hard economic times. These reserve funds are not required to balance the budget for 2012/13, however, will be available in future years when property tax revenues are anticipated to decline.

The Colorado Mountain College Board of Trustees is pleased to serve and provide support to the College and its vision, mission and strategic focus.

Dear Friends:

The service to our students and communities is our constant focus. Finding new and better ways to serve our students such as the Isaacson School of New Media and the start of our four year baccalaureates are just two of the ways that CMC has been more effective in serving our students.

Colorado Mountain College is making wise investments in areas of growth, while looking to become much more efficient and effective in every process while also making adjustments in areas that are not experiencing growth. We are focused on increasingly becoming First Choice in learning, partnerships, and leadership. By aiding our students, our communities, and our CMC family, together we create a better future for us all.

The economy seems to be improving slowly and barring international interrupts should continue to slowly recover. Indication from state meetings that I attend signal that the state support for Higher Education may be at the "bottom" and in the future beginning to head upward. If this is true I anticipate the support from the state may improve in the future.

Property tax support looks to be heading for another dip before we anticipate a slow climb upward – continued wise planning, continued constant improvement of processes and system will be important as we prepare for our future.

I do believe the future of CMC is excellent. It's important that the entire CMC team work together.

It is my privilege to serve you, our students, and our communities.

On behalf of CMC's faculty and staff,

Stanley E. Jensen, Ph.D.

Fiscal Year 2012/13 - Budget Introduction

The Board of Trustees supports the College's vision, mission and long term strategic focus areas. They are:

<u>Vision</u>: "First Choice." Becoming a First Choice College. <u>Mission</u>: "To create a better future." Creating a better future for our students, our communities, our partners and our team members.

Long Term Strategic Focus Areas:

- 1. CMC will provide transformational experiences for our students, employees, and communities and business partners.
- 2. CMC will experience transformational growth in our enrollment and our programs.

The Colorado Mountain College budget for Fiscal Year 2012/13 will help in achieving these ends.

Objectives

Major Activities in Academic Services for 2012/13

For 2012/13, Academic Affairs (AA) will focus on items identified within the Five Priority Areas of the new 2012-15 Strategic Plan:

- 1. <u>Transformational Experiences for Our Students:</u> Academic Affairs is actively working with Student Affairs to focus on areas that impact student success the most. Academic Affairs now jointly supervises the Grants Office and is actively seeking grants (e.g. Title III) that can provide additional resources for these student success initiatives. Some of the initiatives committed to in the Strategic Plan include:
 - a. <u>Conducting an Early Connections Campaign</u>. Research shows that making early, meaningful connections with students helps in student retention and academic success. Our Early Connections work is assessed through the Survey of Entering Student Engagement (SENSE) sent out to students.
 - b. <u>Development & Implement Strategies for Improving Remedial Education</u>: This will include the development of a more competency mastery model to encourage more effective movement through the pipeline.
 - c. Increasing learning communities and Internships.
 - d. <u>Continue expansion of assessment of student learning</u>: We will expand the use of Task Stream, the assessment tracking reporting system, especially into General Education.
 - e. <u>Implement a new Learning Management System (LMS</u>): CMC currently uses Black Board as its LMS but it is converting to Canvas, a product of Instructure. The course migration and faculty training will be a very large project but will result in having a first rate LMS for our students.
 - f. <u>Design a comprehensive advising program:</u> The joint Student/Academic Affairs project will focus on the development of a system that focuses more on a personal, constructive "student coach" rather than a "student advisor" model.
- 2. <u>Transformational Experiences for Our Employees:</u> Academic Affairs (AA) will continue to develop the training mechanisms and resources for adjunct faculty. AA will create a second set of modules within the A-Train, the adjunct faculty training website. It will also continue professional development and support via the new Adjunct Professional Development Representatives.
- 3. <u>Transformational Experiences for Our Partners:</u> AA recognizes that partnerships with business, industry and others are critical for engaging and practical student learning experiences. For example, all career and technical programs meet with advisory committees two times per year. Many programs have internships or practicums for students. In the next year we will start on these initiatives within the Strategic Plan:

- a. <u>Increase the recruitment of adjunct faculty:</u> To meet our growth needs to serve more students we need to find better ways to recruit and retain quality adjunct faculty.
- b. <u>Increase service learning and internships and career placement opportunities</u>: This will be done jointly with Student Affairs.
- c. Develop more mutual beneficial and strategically relevant partnerships at the national and international level: This is important for making our academic programs truly First Choice.
- 4. <u>Transformational Growth for our Enrollments</u>: Academic Affairs will work closely with Student Affairs to ensure that enrollment growth can take place by helping insure the college can attract students through vibrant and relevant programs and by retaining students with solid academic support systems. Specifically, Academic Affairs will:
 - a. <u>Develop cutting-edge programming and Innovation centered on regional issues</u>: To this end Academic Affairs will work to create Flagship Programs, regional centers of excellence.
 - b. <u>Identify & implement at all campuses best practices for student retention to ensure a seamless</u> educational experience toward goal attainment e.g. strategies for addressing barrier courses; job <u>skills.</u>
- 5. <u>Transformational Growth for our Programs:</u>
 - a. <u>Identify, develop & support Flagship Programs e.g. financial support sources, internship placement, etc.</u>
 - b. <u>Develop & implement innovative strategies for improving remedial education.</u>
 - c. <u>Test reading & writing diagnostics software: We will pilot Plato and My Foundation Lab</u> software and determine which is better for progressing students through developmental education <u>course work.</u>
 - d. <u>Apply Mastery Learning Model to encourage more effective movement through developmental</u> <u>education classes.</u>
 - e. <u>Create a First Choice (best in the state) Honors Program with full-ride scholarships, semester</u> <u>abroad, mountain experiences.</u>
 - f. Continue implementation, evaluation, and improvement of bachelor degree offerings.
 - g. <u>Develop a delivery model that creates viable class sizes & critical mass necessary for a quality</u> student experience.
 - h. <u>Research & develop a plan for moving to quality online learning.</u>
 - i. Identify new hybrid type delivery models to handle small numbers of students at any location.

Major Activities in Student Affairs for 2012/13

The Student Affairs' primary focus for the upcoming year will be on creating transformational experiences for our students as described in the Strategic Plan for 2012-15. Student affairs is very thrilled that this emphasis has found its rightful place of prominence in the institutional agenda. Therefore, we will focus on creating and enhancing those programs and services with high potential for creating a positive impact for the majority of our students. Additionally, we will focus our energies on addressing the engagement needs of students utilizing results from the Survey of Entering Student Engagement (SENSE) and the Community College Survey of Student Engagement (CCSSE). Initiatives include the following:

- The analysis and response to performance measures that include the Balanced Scorecard, the Student Progress Report, Community College Survey of Student Engagement, and the Survey of Entering Student Engagement
- Conduct second administration and analysis SENSE
- Create initiatives to address the "Early Connections" portion of SENSE
- Conduct a full program review of the CMC advising system
- Analyze and improve first year student initiatives
- Incremental development of learning outcomes for programs and services in student affairs
- Respond to student data and feedback to improve delivery of bachelor's degrees
- Implementation of strategies for measuring effectiveness in student learning, engagement, and success

- Imbedding of continuous improvement processes in student affairs programs and services
- Practice using data and feedback systems to improve current strategies and create new ones that enhance the student experience

• Implement phase 1 of the Virtual Student Center

Additionally, we will:

- Collaborate with campus leadership to connect strategies to key performance indicators
- Continue to effectively address action projects through our new alignment with academic affairs
- Expand learning experiences in conjunction with the common reader program and author talks
- Replicate learning communities on additional campus
- Implement the required orientation experience for all new to college students
- Create and manage the necessary infrastructure to support bachelor degree seeking students
- Continue to expand the capabilities and usage of online student services
- Move ahead on standardizing and streamlining the student registration processes

And, finally:

• We will invest a large portion of our time and resources in the professional development of student affairs staff to achieve all of the above.

Fund Descriptions:

General Fund:

Provides for the day-to-day operation of the College. Most salaries, operating supplies, utilities, and related costs are paid from this fund.

Facilities Fund:

Provides for major facility needs of the College. This includes ongoing and deferred maintenance items along with facility projects that are in the approved Facilities Master Plan.

Capital Equipment Fund:

Provides for capital equipment needs of the College, minor facility needs, and lease payments for rental facilities.

Auxiliary Fund:

Provides goods or services to students, faculty, staff, and/or the community and charges a fee directly related to the goods or services provided. Auxiliary programs include bookstores, residence halls, food service, summer programs, and non-credit courses for students and staff. Activities in this fund operate on a break-even basis; revenues being generated from the sale of inventory or services are equal to or greater than expenses. Under Amendment I this fund meets the criteria of an enterprise fund.

Other Funds:

These include the Federal and State Financial Aid Funds, Sponsored Program Fund, and the Student Government and Club Fund. Activities in these funds help the College meet its goals and the funds are self-supporting. Budgets for these funds are included in this book to meet statutory requirements of the State of Colorado. CMC receives external funds to meet certain specified needs. These funds can be spent only within the restrictions placed on them by the granting agency.

Federal and State Financial Aid Funds – available to eligible students to help defray education costs. The U.S. Department of Education and the Colorado Commission on Higher Education are the main sources of these funds.

Sponsored Program Fund – provides services and activities for the local communities. Revenues are comprised of restricted gifts from federal, state, local and private sources such as grants, contracts, and cooperative agreements. Matching funds from the General Fund, which are required by the government, are also used to partially support particular programs.

Student Government and Club Fund – provides extracurricular activity and enhances campus life. These clubs are designed and run by students and supervised by the College. The clubs operate on student activity fees paid by each student and from miscellaneous revenues generated by club projects. The College is simply a custodian of funds and provides accounting services for the clubs.

Revenues:

The College's primary revenue sources are budgeted as follows for 2012/13:

•	property tax revenue	74%
•	state revenue	8%
•	tuition and fees	17%
•	other	1%

Revenue, from all sources, is projected to be just slightly higher in 2012/13 than the 2011/12 fiscal year. *Property tax revenue* is assessed every two years, with 2011/12 being the first year of a two year cycle, and is the largest source of revenue for the College. Therefore, with a two year cycle, property tax revenues for fiscal year 2012/13 are anticipated to be similar to what was collected in fiscal year 2011/12. The college's mill levy rate will remain at 3.997 for 2012/13, the same rate for over 19 years. A large variable for the College's property tax revenue is the oil and gas industry in Garfield County. Oil and gas makes up about 72% of that county's assessments and it is assessed every year. Large swings in oil and gas prices can have a big impact on overall revenues. Add to that the declining housing market and the projections for property tax revenue out two and three years (2013/14 and 2014/15) are for a substantial decline. This budget keeps the future decline in property tax revenue in mind.

Tuition is the second largest revenue source for the College. When comparing budget to budget, *net tuition revenue* is projected to be higher by \$623,600 in 2012/13 than in 2011/12. However, in 2011/12 actual net tuition is substantially lower than budgeted due to an unanticipated decrease in enrollments. Tuition rates in 2012/13 for 100 and 200 level classes will increase by \$3 from \$53 per credit hour to \$56 per credit hour; in state rates will go from \$89 per credit hour to \$95; and out of state rates increase from \$279 per credit hour to \$299 per credit hour. Tuition rates for 300 and 400 level courses will not be increased for 2012/13.

State revenue is the third largest source of revenue for the College. Projected *revenue from the State of Colorado* for fiscal year 2012/13 is expected to remain consistent with 2011/12 due to improved economic forecasts at the state level. State revenue projections are still somewhat unpredictable so the College will continue to be conservative in state revenue projections.

Property tax revenue also funds capital projects and capital equipment. In fiscal year 2012/13, a total of \$7,623,211 will be transferred to capital funds for equipment purchases, minor building maintenance and larger building projects.

Enrollments:

Two year credit enrollments are budgeted in 2012/13 to be lower than the budget in 2011/12 by 3.04%. Overall, two year enrollments (credit, non-credit and ESL) are budgeted to be 5.81% lower than the budgeted enrollments for 2011/12 and 3.7% higher than the actual enrollments for 2011/12. The 2011/12 fiscal year ended up being significantly over budgeted for full time equivalent students (FTE) and is being adjusted in the 2012/13 budget. The projections are slightly higher than where we believe we will end 2011/12. Four year enrollments are anticipated to be higher than last year as the College welcomes a new class of students to the programs. Projected four year credit FTE is 42% higher than the 4 year, budgeted FTE in 2011/12. The economy had an impact on enrollments this past year but seems to be turning around slowly. The College's strategic plan addresses initiatives to focus on increasing our enrollment numbers.

Expenses:

For the 2012/13 fiscal year, the College continued with the zero based budgeting system that was implemented in 2010/11, although it has been improved and tweaked each year. Requests for additions to the base budget, along with requests for capital funding were processed through the college wide budget committee with concern for college wide strategic initiatives. The property tax revenue picture is uncertain in years 2013/14 and 14/15; therefore, it was a priority to keep the increase in the base operating budget to a minimum. In doing so, for the 12/13 fiscal year there is more money available for capital type expenditures than there was the year before. The following table is a summary of the 2012/13 budget:

REVEN	UES	EXPENSES	
Tuition	\$ 10,594,400	General Fund Operating Budget	\$ 53,638,149
Property Tax	\$ 46,933,800	General Fund One-time Money	\$ 1,852,112
State Reimbursement	\$ 5,038,200	Capital Equipment Fund Budget	\$ 2,039,333
Other	\$ 788,200	Facilities Fund Budget	\$ 5,583,878
Total Projected Revenue	\$ 63,354,600	Total Projected Expenses	\$ 63,113,472

Continued challenges facing the College include:

- Four-year degree programs to meet community needs
- Academic program development and assessment
- Meeting state wide strategic goals for higher education
- Student retention and success
- Enrollment growth
- Employee recognition and professional development
- Technology infrastructure
- Deferred maintenance on college-owned facilities
- Meeting the needs of our growing communities while facing declining revenues

The strategic plan is being updated to address fiscal years 2012/13 through 2014/15. The tactics will be finalized for the start of the fiscal year and will begin to address the challenges listed above. Because the tactics were not completely outlined at the time the budget was presented to the Board, money has been set aside in this budget to address strategic initiative tactics, but has not been specifically designated to the individual tactics at this point. Once the strategic plan is finalized it will be clear where resources need to be invested to move it forward and the funding will be moved to those areas. A few highlights of items that support the strategic plan that are included in this budget are (**not an all-inclusive list**):

2012/13 Budget Initiatives

			Strategic Focus Areas		
			Transformational	Transformational	Transformational
			Experience	Experiences	Growth In
			For our	For our	Enrollments &

Four Year Degrees:

In April 2011, Colorado Mountain College was approved by the Higher Learning Commission to offer two bachelor's degrees – one in Business and one in Sustainability. Upper division classes for these degrees began in fall semester 2011. Projections for enrollments in these programs were as expected for a late start on the recruitment. A second class of students will begin these programs in 2012/13 and it is anticipated that this will double the enrollment seen in 2011/12. It has been assumed that these programs will take a few years to break even. Because of this, the College established a reserve fund to carry bachelor degree programs through the initial phases of being established. The budget for these programs must be covered primarily through tuition revenue as there will be no extra funding from the State to support these degrees. This makes it more challenging to get to the break-even point. If the College was to continue with just these two programs, they are anticipated to break even in year nine. In this book, there is a separate tab within the General Fund which outlines the budget for the bachelor's degrees. In summary, the College anticipates a loss the first year and is projecting a loss next year as well. Reserve dollars have been planned and will be needed to cover the deficit next year.

2012/13:	
Tuition Revenue	\$ 815,570
Operating Expenditures	\$1,523,625
Net Income (Loss)	(\$708,055)

Capital Projects:

The new academic building in Steamboat Springs will be complete in August and ready for students fall semester 2012. During fiscal year 2012/13 the two buildings in Steamboat that are being replaced by the new building will be torn down and parking will take their place. There will also be minor renovations made to the current academic building in Steamboat to convert offices which are being moved to the new building. Once the Steamboat project is finished, that will conclude the current facilities master plan and it will be time to begin discussion to plan for large capital investments over the next ten years.

Other capital maintenance projects slated for 2012/13 include normal deferred maintenance type projects such as carpet/tile replacement, parking lot overlays and striping, roof repairs, siding repairs, sign replacements, paint, etc. at all locations across the college.

The College is also budgeting for investments in capital equipment of \$2,039,333. This includes computer upgrades, network infrastructure upgrades, software upgrades, science lab upgrades, EMT equipment, Culinary Arts equipment, and many other program related equipment purchases, all of which have direct impact to students.

General:

This budget was prepared in accordance with Generally Accepted Accounting Principles (GAAP) in all material aspects. The budget of the college has been prepared on the modified accrual basis of accounting.

Consumer Price Index U.S. & Denver (1982-84 = 100)

	U.S.	U.S.	Denver/Boulder	Denver/Boulder
	Index	Rate	Index	Rate
2008	215.3	3.8	209.9	3.9
2009	214.5	-0.4	208.5	-0.6
2010	218.0	1.6	212.4	1.9
2011	224.9	3.2	220.3	3.7
2012 (Estimated)	232.1	3.2	228.5	3.7

Constant Dollar Amount:

The Consumer Price Index numbers are used for the constant dollar calculations on the following pages. Constant dollar is defined as a dollar valued according to its purchasing power in an arbitrarily set year and then adjusted for price changes in subsequent years. It's used to determine real purchasing power, which can be used for comparison purposes, by giving prices as they would presumably be in the base year.

FTE & HEADCOUNT

- A student full-time-equivalent (FTE) for Credit classes represents an average of one student enrolled in 30 Semester hours in a fiscal year. (All credit hours are totaled and divided by 30 to determine the FTE enrollment.)

- A student full-time-equivalent (FTE) for Noncredit or ESL classes is calculated by multiplying enrollment times the clock hours and dividing by 450 in a fiscal year.

Enrollments for the last 15 years and 2012/13 Budget are as follows:

			Credit, ESL & Noncredit FTE Actual		FTE Increase
Year		Headcount	100/200 Level	300/400 Level	-Decrease
2012/13	Budget	22,500	4,625	138	5.3%
2011/12	Projected	21,349	4,458	69	-2.7%
2010/11	,	22,969	4,652		0.4%
2009/10		25,182	4,633		9.8%
2008/09		23,868	4,221		-1.9%
2007/08		23,094	4,302		4.5%
2006/07		22,490	4,119		-0.4%
2005/06		20,790	4,136		4.3%
2004/05		19,980	3,966		-2.9%
2003/04		21,691	4,083 *		1.1%
2002/03		22,769	4,040		-1.7%
2001/02		24,463	4,110		5.7%
2000/01		24,866	3,888		7.1%
1999/00		22,666	3,632 *	*	3.8%
1998/99		21,643	3,500		1.6%
1997/98		20,486	3,445		

* Beginning in FY 2003/04 Workforce FTE included

** English as Second Language and other courses moved to noncredit

Note: The Buena Vista Correctional Facility Contract was discontinued in 2002/03, re-enacted in 2005/06, and ended again in June 2008.

* Community College = Expenses for coursework in Associate's Degrees and Certificates, ESL, GED, Adult Basic Ed, Bachelor's prerequisites, etc. Tuition projection decreased by 100/200 level classes included in Bachelor's Curriculum.

** Bachelor's Degrees = Coursework toward a Bachelor's Degree. Tuition assumes 40 hours (of 60 curriculum hours) are 300/400 level classes at bachelor's tuition rates, remaining 20 hours are electives at community college tuition rates. Note: Adjunct Faculty expenses assume all 100/200 level electives are already offered at CMC through Community College offerings.

Constant Dollar Amount	\$497.4	\$407.5	\$666.8
Total Change in Net Assets	(\$461.5)	(\$490.0)	(\$708.1) *

* The Total Change in Net Assets will be covered by the Bachelor's Degree Reserve.

Note: Bachelor's Degrees = Coursework toward a Bachelor's Degree. Tuition assumes 40 hours (of 60 curriculum hours) are 300/400 level classes at bachelor's tuition rates, remaining 20 hours are electives at community college tuition rates. Adjunct Faculty expenses assume all 100/200 level electives are already offered at CMC through Community College offerings

Full Time Eq	uivalent Students enrolled in Sustainability	38.7	34.6	69.2
Full Time E	quivalent Students - 4 Year Degrees	97.3	69.0	138.0
Operating Co	ost/Credit FTE	\$11,258.5	\$13,011.1	\$11,040.8
Operating Co	ost/Credit FTE Constant Dollars	\$5,110.5	\$5,906.1	\$4,831.8

* Total Operating Costs used in Cost/FTE Calculation above.

** Originally, 11/12 FTE Budget included all 60 credits of Bachelor's Coursework and predicted BSBA at 88 and BASS at 58. For 11/12 Projection and going forward, the FTE cost comparison will only include 300/400 Level Coursework (40 credits) within Bachelor's Coursework to avoid duplication with Community College pages. Therefore, 11/12 has been adjusted to represent only the 300/400 coursework portion.
