### **Message from Colorado State University – Pueblo President**

To the Campus Community:

The 2017 Fire Safety and Security Report contains important information about our campus environment.

All colleges and universities that participate in federal financial aid programs are required to keep and disclose crime statistics per the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Jeanne Clery Act). Enclosed you will find information about key institutional policies, personal safety and crime prevention information, how to report suspicious and criminal activities, and required Clery Act crime statistics for the last three calendar years.

For more than a decade, the Pueblo County Sheriff's Office (PCSO) has provided law enforcement services as well as community-oriented prevention and education activities that help to reinforce safety to students, faculty, staff, and campus visitors. It is incumbent upon all of us to familiarize ourselves with our resources and processes for preventing and responding to criminal activity. This annual report serves as a resource of safety information as well as policies and procedures that we hope will help secure a safe environment in which to teach, learn, and work.

Timothy P. Mottet

# SAFETY

## Introduction

The information in this report is provided to educate current students, prospective students, faculty, and staff about safety and security policies, procedures, and statistics for Colorado State University–Pueblo. The University believes that a well-informed campus community is better prepared to deal with crime and emergency situations. The University encourages campus community members to become actively involved with the safety and security of students, faculty, and staff.

In 1990, the Higher Education Act of 1965 (HEA) was amended to include the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101- 542). This amendment required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. In 1998, the act was renamed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act in memory of Jeanne Clery, a university student who was killed in her dorm room in 1986. More commonly known as the Clery Act, this law requires colleges and universities to:

- Collect, classify, and count crime reports and statistics
- Issue campus alerts
- Publish an annual security report
- Submit crime statistics to the Department of Education
- Maintain a daily crime log
- Disclose missing student notification procedures
- Provide fire safety information

## Preparing the Annual Report

This report is compiled by the CSU-Pueblo Safety Team that is comprised of campus law enforcement, administrators, and staff members who are responsible for and/or directly involved with safety and security of the campus:

- Associate Vice President of Facilities Management
- Pueblo County Sheriff's Office at CSU-Pueblo
- Dean of Student Affairs
- CSU System Deputy General Counsel
- Executive Director of External Affairs
- Director of Student Conduct and Case Management
- Parking and Safety Manager
- Office of Institutional Equity

The Pueblo County Sheriff's Office at CSU-Pueblo prepares the annual disclosure of crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The report is prepared in cooperation with the Division of Student Affairs including the Office of Residence Life and Housing and the Office of Student Conduct. Campus fire, crime, arrest, and disciplinary referral statistics include those reported to the Pueblo County Sheriff's Office at CSU-Pueblo and to University Campus Security Authorities.

## Law Enforcement Qualifications & Authority

Law enforcement services at CSU-Pueblo are provided by the Pueblo County Sheriff's Office. The Sheriff's Office is staffed with experienced State-Certified peace officers who are current in Colorado Peace Officer Standards and Training (P.O.S.T.) procedures. All of these officers have the authority to make an arrest. Additionally, the Pueblo County Sheriff's Office provides law enforcement and emergency services to unincorporated Pueblo County. This connection to the community means that campus law enforcement is up to date with developments in the community allowing them to better serve the campus. Deputies assigned to CSU-Pueblo actively monitor off-campus crime, as it relates to the campus, students, faculty, and staff.

## Law Enforcement Partnerships

CSU-Pueblo has a contractual and collaborative agreement with the Pueblo County Sheriff's Office to provide all law enforcement services on campus. This partnership allows CSU-Pueblo to have access to all services that are available to the larger community, including emergency management, search and rescue teams, investigations unit, high-tech crimes unit, and SWAT teams. Because CSU-Pueblo is adjacent to State of Colorado Highway property and City of Pueblo residential and commercial property, the Sheriff's Office and CSU-Pueblo work closely with the Colorado State Patrol (CSP) and the Pueblo City Police Department (PPD) to address any issues, emergencies, or community service needs that may involve both CSU-Pueblo and CSP and/or PPD geographical areas of jurisdiction.

## Take Safety Precautions

Students, faculty, and staff should take the following precautions to prevent circumventing policies designed to protect the safety of self and others:

- ✓ Do not prop doors open or allow strangers into campus buildings that have been secured.
- ✓ Do not lend keys or leave them unattended.
- ✓ Do not give codes to anyone.
- ✓ Keep your valuables secured and out of sight.
- ✓ Notify the Sheriff's Office of any suspicious activities or individuals.

## Reporting a Crime

In the event of any crime, fire, or emergency on campus, students and employees should immediately notify the Pueblo County Sheriff's Office (PCSO), located at CSU-Pueblo. They will respond to all reports and make appropriate referrals to the Pueblo County District Attorney's Office, appropriate University Administrators, and/or the CSU-Pueblo Office of Student Conduct. The PCSO at CSU-Pueblo is housed in Administration 118. Students may call (719) 549-2373 for general safety and security information or to contact individual Sheriff's Office staff.

For all off-campus emergencies, calls should be directed to the local law enforcement agency. Students enrolled in any CSU-Pueblo classes held in Colorado Springs should contact the Colorado Springs Police Department or the El Paso County Sheriff's Office to report a crime. If attending classes at Ft. Carson Army Base, contact the appropriate Ft. Carson law enforcement authorities to report a crime. Students who reside in the City of Pueblo should direct their emergency calls to 911 or to the Pueblo City Police Department (719) 553-2502.

## Confidential Crime Reporting

A witness of a crime who wishes to remain anonymous may call the CSU-Pueblo Tip Line at (719) 549-2376. The Tip Line is a voice message system only; and therefore, immediate action will not be taken. Witnesses of crimes also may report to Pueblo Crime Stoppers at (719) 542-7867 (STOP).

## Reporting a Crime to a Campus Security Authority (CSA)

For the purpose of a timely warning, the University encourages students and employees to promptly report any fire or criminal activity directly to the Pueblo County Sheriff's Office at CSU-Pueblo. However, students and employees may report a fire or crime to a Campus Security Authority (CSA) who is responsible for forwarding non-identifying information to the CSU-Pueblo Sheriff's Office for inclusion in the Annual Security Report, regardless of whether the victim chooses to file a report with law enforcement.

### Exemption from Reporting

Licensed professional mental health counselors and pastoral counselors (employed by religious organizations to provide confidential counseling) who are working within the scope of their license or religious assignment at the time they receive the crime report are exempt from reporting under the Clery Act.

## Secure Access to Campus Facilities

Preserving a safe and secure environment is the responsibility of everyone on campus. Employees have the responsibility to secure their work area, and students have the responsibility to lock their residence hall rooms and apartments, as well as secure their personal property.

Most campus buildings and facilities are accessible to the public during normal business hours Monday through Friday, excluding holidays. Certain facilities may be opened by facilities personnel for designated hours on weekends and evenings. Buildings may be secured at different times based upon class schedule, special events, and computer lab hours.

## Secure Access to Residential Facilities

All residence halls are secured using a card access system. Residence Halls have restricted access on weekends from 5 p.m. on Friday to 8 a.m. on Monday. During those hours, any visitors must be accompanied by a hall resident, and the resident must provide proper identification and access card. Visitors must sign in at the front desk. Access to the residence halls, after business hours, may be made available for campus programming. Campus apartments are secured by lock and key and are not available for community access at any time.

## Security Considerations in Building Maintenance

Although maintenance requests are prioritized based upon need, budget, and emerging conditions, safety and security issues that are observed may be a cause for quicker response and handling. If a student, faculty, staff, or visitor notices a potentially dangerous or hazardous condition concerning maintenance, they should immediately contact the University Physical Plant at (719) 549-2211. The University conducts a semi-annual nighttime review of outdoor lighting and responds by installing or repairing lighting as needed.

The University requires all contractors who work in campus-owned residences to agree to and follow the policies and procedures set forth in the *Special Contract Conditions for Construction Projects in Occupied Student Housing Facilities at Colorado State University-Pueblo*. Contractors are required to adhere to special contract conditions for projects that involve construction within or adjacent to student housing facilities, defined as residence halls and apartments. The contractor, all workers, subcontractors, delivery personnel, and anyone else coming on to the work site must be informed of the requirements to respect the students' privacy and enjoyment of their residences. The work must be done in a manner that maintains the security of the students' residences, limits contact with the residents, provides advance notice of any work that may affect the residents, and limits communications about the project to those persons designated by Colorado State University-Pueblo.

## Timely Warning & Emergency Notification

### *Timely Warning*

Under the *Clery Act* (20 U.S.C. state § 1092), Colorado State University-Pueblo, through designated personnel, is responsible for issuing a “timely warning” if a crime has been reported and CSU-Pueblo determines there is a serious or continuing threat to the campus community. In addition, CSU-Pueblo is required to send an “emergency notification” if there is an immediate threat to the health or safety of students or employees occurring on campus.

#### **The decision to issue a timely warning or an emergency notification:**

- Will be decided on a case-by-case basis in compliance with the *Clery Act* and after consideration of available facts.
- May depend on the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts.
- Will depend upon the particular health or safety threat. CSU-Pueblo will, without delay, take into account the safety of the community, determine the content of the notification, and will determine whether to initiate the notification system.

### *Emergency Notification*

The emergency notification system will be immediately activated when University authorized representatives become aware of and confirm a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community.

Law enforcement and University officials will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University mass notification system, the University will post applicable messages about the dangerous condition on the University website and social media outlets to help ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. The University will not disclose the identity of any victim related to the situation prompting the notice.

If the emergency affects a significant portion of or the entire campus, University officials will distribute the notification to the entire campus community. With the assistance of the Pueblo County Sheriff’s Office, the University will determine the content of the notification. The University has developed a wide range of template messages addressing several different emergency situations. The communications officers (or others issuing the alert) will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident.

## How to sign up for the Emergency Alert System

**HOW DO I REGISTER FOR EMERGENCY ALERTS?** Enrollment in this program is not automatic. Participation in this program is voluntary. Students must register for the service and will be responsible for updating their personal cell phone numbers in the event their contact information changes. It may take up to 72 hours for a cell phone number to become active in the Emergency Notification System.

- ➔ Sign on to your PAWS Account
- ➔ Click the “Emergency Text” Tab
- ➔ Respond to prompts each time you register

**HOW DOES THE SYSTEM WORK?** In the event of an emergency, a scheduled testing of the emergency system, or an unexpected closing of the University, a text message will be sent to all enrolled cell phones.

Each text message will begin with the message “\*CSU-Pueblo ALERT!\*” and will follow with the nature of the alert and any additional information. The text message will be brief, and you will be instructed to check the main CSU-Pueblo website or other media outlets for more information. You will receive messages within a few minutes of their transmission as long as your cell phone is turned on. The University will test the system each semester by sending a test message.

**DOES IT COST?** The service is free, but you may be charged your cellular service provider's standard rates. If you have verified the registered cell phone number is correct and you do not receive the once a-semester test message, you will need to check with your carrier to make sure your number is not blocked from receiving subscription text messaging from short codes.

**FACULTY AND STAFF REGISTER THROUGH THE FACULTY & STAFF PORTAL**

### Sexual Misconduct, Intimate Partner Violence, & Stalking

#### WHAT IS SEXUAL MISCONDUCT UNDER CSU-PUEBLO POLICY?

Sexual misconduct means non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, or sexual harassment.

Non-Consensual Sexual Contact means either

intentional sexual contact or touching, however slight, by a Responding Party of a Reporting Party's Intimate Body Parts (or any materials such as clothing, covering the immediate area of the Intimate Body Parts) without the Reporting Party's Consent and/or by force; or

intentional sexual contact or touching, however slight, of a Reporting Party with a Responding Party's Intimate Body Parts (or any materials such as clothing, covering the immediate area of the Intimate Body Parts) without the Reporting Party's Consent and/or by force.

Non-Consensual Sexual Intercourse means either

penetration, no matter how slight, of a person's vagina or anus with any body part or object without the Reporting Party's Consent and/or by force.

Sexual Exploitation means conduct involving a Responding Party taking, or attempting to take, non-consensual or abusive sexual advantage of a Reporting Party when such conduct would not

otherwise be defined as Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, or Sexual Harassment

#### WHAT IS INTIMATE PARTNER VIOLENCE UNDER CSU-PUEBLO POLICY?

Intimate Partner Violence is either dating violence or domestic violence.

**Dating violence** means an act or threatened act of violence upon a Reporting Party by a Responding Party who has been in a social relationship of a romantic or intimate nature with the Reporting Party. This includes, but is not limited to, threats, sexual or physical abuse, property damage, and violence or threat of violence to one's self, animals, or to the family members of the romantic or intimate partner when used as a method of coercion, control, punishment, intimidation or revenge. Whether there was a romantic or intimate relationship will be gauged by the length of the relationship, the type of relationship, and frequency of interaction between the persons involved in the relationship. Dating Violence does not include acts covered under the definition of Domestic Violence.

**Domestic violence** means an act or threatened act of violence upon a Reporting Party with whom the Responding Party is or has been involved in an intimate relationship. This includes, but is not limited to, threats, sexual or physical abuse, property damage, and violence or threat of violence to one's self, animals, or to the family members of the romantic or intimate partner when used as a method of coercion, control, punishment, intimidation or revenge. For purposes of Domestic Violence, an "intimate relationship" means a relationship between spouses, former spouses, past or present unmarried couples, or persons who are both the parents of the same child regardless of whether the persons have been married or have lived together at any time.

#### WHAT IS STALKING UNDER CSU-PUEBLO POLICY?

Stalking means engaging in a course of conduct directed at a Reporting Party that would cause a reasonable person to fear for their safety or the safety of others; repeated conduct which reasonably and subjectively causes a Reporting Party to fear for their safety or the safety of another; or repeated conduct which causes a Reporting Party to alter their activities in response to the repeated conduct. Such conduct may include but is not limited to any of the following: following or approaching a Reporting Party, someone with whom that Reporting Party has or has had a continuing relationship, or a member of that Reporting Party's family or household; contacting a Reporting Party, someone with whom that Reporting Party has or has had a continuing relationship, or a member of that Reporting Party's family or household whether or not conversation ensues; and placing a Reporting Party, someone with whom that Reporting Party has or has had a continuing relationship, or a member of that Reporting Party's family or household under surveillance.

#### WHAT TO DO IF THIS HAS OCCURRED TO YOU?

A student or employee has multiple options for reporting an allegation of prohibited conduct to the University. It is an individual's choice whether or not to file a complaint with the appropriate law enforcement agency. Filing a complaint with law enforcement is not required in order for CSU-Pueblo to investigate a concern of sexual misconduct, intimate partner violence, or stalking. Furthermore, reporting a concern to law enforcement is not a prerequisite for receiving resources and reasonable accommodations through the University. The University can and will assist an individual with making a report to the appropriate law enforcement agency if they so choose.

To report an allegation of sexual misconduct, intimate partner violence, or stalking, as well as allegations of discrimination, protected class harassment, and retaliation to CSU-Pueblo, an

individual should contact the Office of Institutional Equity's Director, who is also the University's Title IX Coordinator:

Josh Ernst, Director & Title IX Coordinator  
Office of Institutional Equity  
Administration Building – Suite 304  
(719) 549-2210  
josh.ernst@csupueblo.edu

If an individual wishes to report an allegation or concern to law enforcement, and the alleged incident occurred on the University's Pueblo Campus, the individual can report to the Pueblo County Sheriff's Office, at the following:

Pueblo County Sheriff's Office  
Administration Building 108  
(719) 549-2373 – non-emergency number

If an individual wishes to report an allegation or concern to law enforcement, and the alleged incident occurred off of the University's Pueblo campus but in the City of Pueblo, including the privately owned property surrounding the University's campus, the individual can report to the City of Pueblo Police Department at the following:

Pueblo Police Department  
200 South Main Street  
Pueblo, Colorado 81003  
(719) 553-2538 – non-emergency number

Contact information for law enforcement agencies in other jurisdictions where the University has physical operations can be found under the reporting tab on the Office of Institutional Equity's webpage at <https://www.csupueblo.edu/institutional-equity/>.

It is important to preserve evidence if a student or employee has been a victim of any of these crimes. The preservation of evidence will help prove the crime occurred and also may help obtain a restraining order from the Courts, if necessary. The student or employee should preserve any text messages, pictures, voice messages, call logs, clothing, or other items that may have been involved in the crimes. If they have text messages or electronic communications, they should take a "screen capture" or print out a copy of the electronic evidence in case the device becomes damaged or destroyed. When saving text messages or any electronic communications, they should remember to save it in a format that shows the timestamp for the communication. All items should be given to law enforcement.

An individual who wishes to make a report to law enforcement regarding an alleged sexual assault may ask to have a forensic examination by a trained medical professional, such as a Sexual Assault Nurse Examiner ("SANE") for the purposes of preserving evidence. It is important for the preservation of evidence for a person to refrain from showering, washing clothes or placing them in a plastic bag, or otherwise altering their physical state until after they have contacted law enforcement or had an exam.

Colorado law allows for an individual to undergo a forensic exam without any identifying information being turned over to law enforcement.

If a student or employee contacts the Pueblo Rape Crisis Center, the Center also will assist with reporting the crime. The Pueblo Rape Crisis Center, (719) 549-0549, will provide an advocate to accompany the student or employee to the hospital and also will inform them of additional resources. The Rape Crisis Center operates a 24-hour hotline for services. A Community Organization for Victim Assistance (ACOVA), 719-583-6250, can also provide an advocate to assist an individual with

reporting an allegation to law enforcement or accompanying the individual to the hospital for a forensic exam. Parkview Medical Center in Pueblo provides Sexual Assault Nurse Examiners (SANE) who can conduct the appropriate and necessary examination to preserve evidence and provide medical assistance.

#### WHAT THE UNIVERSITY WILL DO?

Upon receiving a report of sexual misconduct, intimate partner violence and stalking, the University will forward that report to the University's Title IX Coordinator, who is the Director of the Office of Institutional Equity. The Title IX Coordinator will provide the student or employee with written information regarding resources within the University and the community in the event that they are an alleged victim of sexual misconduct, intimate partner violence, or stalking. The University will provide the student or employee with written notification regarding student counseling services, employee assistance programs, health services, mental health services, victim advocacy, and legal-aid services. The University also will provide the student or employee with written notification of where to obtain assistance with visa and immigration issues and student financial aid. A list of these resources can be found below. The Pueblo County Sheriff's Office can provide transportation, if needed, and an advocate from the University, the community, or another support person, can accompany victims to the hospital and remain throughout any exam.

The University will provide an alleged victim written notification about options for and available assistance in and how to request changes to their academic, living, transportation and working situations. The Title IX Coordinator will coordinate the provision of these accommodations upon request, and requests should generally be directed to the Title IX Coordinator. The University also will provide information on how to obtain a protective order through the courts. University Officials may issue an administrative no-contact order, enforceable via the Student Code of Conduct. Accommodations requested and protective measures will be provided to the alleged victim regardless of whether they report the incident to law enforcement. Individuals interested in an administrative no-contact order should contact the Title IX Coordinator.

Also, the University will abide by the terms of a validly issued protection order. ACOVA (whose contact information is below) can assist you with requesting a protection order through the county courts. Information on protection orders and ACOVA's protection order clinic is also available on ACOVA's website at <https://acovapueblo.org/>.

## Important Tips to Preserve Evidence

Hospital staff can collect evidence, check for injuries, and address the possibility of exposure to sexually-transmitted infections. If clothing has been changed since the assault, the clothing worn at the time of the assault should be brought to the hospital in a clean, sanitary container such as a clean paper grocery bag or wrapped in a clean sheet (plastic containers do not breathe and may render evidence useless). Otherwise, a change of clothing should be brought to the hospital, as the clothing being worn may be kept as evidence. The area where the assault occurred should remain undisturbed—leave all sheets, towels, etc. that may bear evidence for law enforcement to collect.

### CONFIDENTIALITY & PRIVACY

The private nature of information provided to the Office of Institutional Equity and the University regarding an allegation of sexual misconduct, intimate partner violence, or stalking will be accorded the utmost respect. Identifiable information is not shared except to investigate or resolve an allegation of prohibited conduct, in order to comply with the law, or to the extent necessary to provide accommodations or interim measures. Accommodations or interim measures related to living arrangements, class modifications, employment duties, and other situations will be discussed only with necessary personnel at the University and with the goal of keeping the information as private as possible given the circumstances.

The University has federal reporting obligations under the Clery Act, including the obligation to provide, publicly, statistics or timely warnings regarding certain reported crimes. The University will not include a Reporting Party's name or other identifying information in publicly available reports or timely warnings, as proscribed by the Clery Act.

The University recognizes that an individual may wish to further maintain their privacy beyond the scope described above. As such, the Director of the Office of Institutional Equity, in their capacity as the Title IX Coordinator, or designee, will respectfully consider all requests by an alleged victim: that their identifying information not be shared with the other party; that the alleged prohibited conduct not be

investigated by the University; or to otherwise not participate in an investigation by the University. The University also recognizes that it has an obligation to provide a safe environment for all University Members, free from sexual misconduct, intimate partner violence, and stalking. A request for additional privacy may severely limit the University's ability to provide a safe environment free from prohibited conduct, investigate the allegations, and pursue disciplinary action against an individual, if warranted. Therefore, there may be circumstances in which the University cannot honor a request for further privacy in light of the University's obligation to provide a safe and non-discriminatory environment for all University Community Members.

## **Disciplinary Action Procedures for Sexual Misconduct, Intimate Partner Violence (Dating Violence and Domestic Violence), & Stalking**

The University's Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation expressly prohibits any conduct that constitutes Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, and Retaliation. A student or employee alleged to have engaged in prohibited conduct may be subject to investigation and discipline for their conduct.

During any process defined under University's Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation or its Procedures, both the Reporting Party and the Responding Party has the following rights.

- (A) The right to have a support person or advisor of their choice accompany them during any stage of the process.
  - (1) The support person or advisor may not be permitted to ask or answer questions, or otherwise speak or advocate on behalf of the party.

- (2) The support person or advisor may be asked to leave any meeting if the support person or advisor becomes disruptive or otherwise substantially interferes with the process.
  - (3) The support person or advisor may be an attorney, family member, faculty or staff member, a trusted friend, or anyone else the party chooses.
  - (4) The support person or advisor should not be a person who may reasonably be called as a witness as part of an investigation. A support person or advisor who is also a witness may be asked to leave a meeting during which substantive information regarding the conduct alleged to have violated the Policy are being discussed.
- (B) The right to participate or decline to participate in the process. However, even if a party declines to participate, the University may, in some instances, continue to investigate the matter and issue an investigative report and discipline, if warranted, based on available information.
  - (C) The right to consult at any time with any other resources.
  - (D) The right to request support services, assistance, accommodations, and Interim Measures.
  - (E) The right to reasonable updates regarding the status of the resolution process.
  - (F) The right not to have their irrelevant past sexual history discussed during the process.

The University's disciplinary procedure for resolving alleged violations of the Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation involve two main phases, as outlined below. The first phase involves the investigation and determination if a violation of the policy occurred. The second phase involves the determination of disciplinary action if a violation was found to have occurred. All allegations of a violation of the Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation must be proven by a preponderance of the evidence. This means that in the judgment of the individual or institutional body responsible for determining if a violation occurred, it is more likely than not that a violation of the Policy occurred.

- (2) Individuals will be provided at least forty-eight (48) hours written notice of any interview or other meeting where their presence is requested. An individual may waive this advance notice by agreeing to attend an interview or other meeting with less than forty-eight (48) hours advance notice.

These written comments may include, but are not limited to, additional information for consideration and questions for the other party or witnesses.
- (8) After the parties have had an opportunity to exercise their right to review and comment, the investigator will either prepare an investigative report or reopen the investigation for the limited purpose of addressing any new material evidence or questions posed as part of the parties' right to review and comment.
- (9) In the event that the investigator reopens the investigation for limited purposes, the parties will be afforded a second opportunity to exercise their rights under this Section 1.01(D). Notwithstanding the foregoing, the parties may not abuse their rights under this Section 1.01(D) in order to unreasonably delay the formal investigation/resolution process.

**(G) Disciplinary Processes & Sanctioning**

**(1) Generally**

- (a) The disciplinary authority shall be responsible for implementing any sanctions or otherwise ensuring any discipline or sanctions are implemented.
- (b) Under no circumstances is mediation an appropriate means of determining a sanction or discipline when an individual is found to have engaged in Sexual Misconduct, as defined by the Policy.
- (c) Even if a Responding Party is found not to have violated the Policy, the University may direct in writing that the Reporting Party, in the Reporting Party's role as a University Community Member, cease behavior that, if continued or accumulated, would constitute a conduct prohibited by the Policy.
- (d) Upon determining the appropriate discipline or sanction, the disciplinary authority will simultaneously inform the Reporting Party, Responding Party, and Director of OIE, or designee, in writing of the terms and conditions of the sanction or discipline to be imposed, and the rationale for that decision.
- (e) The Reporting Party and Responding Party must be afforded equitable rights, to the extent either has any rights, under any process used to determine an appropriate sanction or discipline.

**(2) If Reporting Party is a student**

**(a) Potential Sanctions/Discipline**

**(i) Loss of Privileges**

A limitation is placed upon selected privileges for a specific period of time. Loss of privileges may include, but may not be limited to, denial of the right to represent the University, a denial of the use of University facilities or access to areas of campus, or denial from participation in co-curricular activities.

**(ii) No Contact Orders**

A no contact order is a directive from the University to an individual instructing that individual to refrain from any intentional contact, direct or indirect, with one or more designated persons or group(s) through any means, including personal contact, electronic, telephone, or third parties. All individuals issued a no contact order are held responsible for following the directive. Violating a no contact order can result in disciplinary action pursuant to the generally applicable University policies and procedures.

**(iii) Community Service/Activity**

Requirement that services be offered for a specified period to an appropriate non-profit community agency and/or to a University office.

**(iv) Educational Assignment**

A Responding Party is required to complete a specified educational assignment related to the violation committed. Such educational assignments may include completion of a workshop or seminar, class, report, paper, project, writing a letter of apology, seeking

academic counseling or substance abuse screening, alcohol or drug program and/or consultation, counseling consultation, psychological or psychiatric evaluation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the Responding Party was found responsible.

**(v) Educational Fund Payment**

Reasonable fees may be imposed.

**(vi) Residence Hall Transfer or Removal**

A Responding Party is required to transfer residence halls or leave the residence halls for a specified or indefinite period of time.

**(vii) Restitution**

Reimbursement for damage or loss of property or expenses of others as a result of the violation of the Policy.

**(viii) Coach Referral**

A Responding Party's coach will be notified of the violation if a Responding Party is a student athlete. Additional discipline may be taken by the Responding Party's coach with respect to the Responding Party pursuant to Athletics Department policy and procedures.

**(ix) Warning**

A warning is given to notify a Responding Party that past behavior has been inconsistent with the expectations of the University. A warning has no immediate effect upon a Responding Party's standing at the University. However, once given a warning, a Responding Party should expect more serious sanctions to result from any subsequent violations.

**(x) Probation**

Probation serves to notify a Responding Party that further transgressions must be avoided for a finite and specified period in order for the Responding Party to remain a part the University community. During a Responding Party's probationary period, that Responding Party is not in good disciplinary standing with the University. Any further violations of University policy, including the Code of Student Conduct, while on probation may result in a Responding Party's suspension or dismissal from the University.

**(xi) Deferred Suspension**

During a deferred suspension the Responding Party will be suspended from the University, but the suspension will be deferred, meaning that the Responding Party may continue to attend classes. However, the suspension will be automatically enforced if the Responding Party fails to complete any assigned sanctions by the deadline and/or for any subsequent violations of the Code of Student Conduct. If the Responding Party is found responsible for any subsequent violations of University policy, including this Policy or the Code of Student Conduct, the Responding Party will be automatically suspended from the University in addition to the other sanctions imposed for the subsequent violation. During a Responding Party's deferred suspension period, that Responding Party is not in good disciplinary standing with the University.

**(xii) Suspension**

A Responding Party who has been suspended from the University may not participate in any University activities, academic or otherwise, for a specific period, and may be restricted from University premises. This sanction will be noted as a "Suspension" on the Responding Party's official academic transcript and the Responding Party will be withdrawn from all courses. A suspended Responding Party who wishes to re-enroll must apply for re-entry to the University and must also petition the Director of Student Conduct and Case Management, who shall determine whether any and all requirements for readmission have been satisfactorily completed.

**(xiii) Expulsion**

Expulsion is permanent separation and removal from the University. A Responding Party who has been expelled from the University is permanently prohibited from participating in any University activities, academic or otherwise, and will be restricted from all University premises and activities. This sanction will be noted as “Expelled” on the Responding Party’s official academic transcript and the Responding Party will be withdrawn from all courses.

**(b) Disciplinary Procedures**

- (i) Upon receipt of an investigative report from OIE, the Director of Student Conduct and Case Management will appoint a trained Conduct Officer, who may be the Director of Student Conduct and Case Management, to consider the materials within the investigative report.
- (ii) The Conduct Officer will review the investigative report, and if they believe additional investigation is necessary, may request the investigator reopen the investigation for a limited purpose. This request must be made in writing to the investigator and state the rationale for the request. Within two (2) business days of the request, the investigator will respond in writing to the Conduct Officer either informing the Conduct Officer that the request is granted or denied, and the rationale for that decision. If the investigation is reopened, the Director of OIE, or designee, will advise the Reporting Party and the Responding Party that the investigation will be reopened and the limited basis for which the investigation is reopened. Reopening the investigation for the limited basis at the request of the Conduct Officer will trigger the rights of Section 1.01(D).
- (iii) The Conduct Officer will request to meet with both the Reporting Party and Responding Party separately and independently of the other. The purposes of these meetings is not to receive additional material evidence or engage in further investigation into the allegations. Rather, the purpose of these meetings is for the parties to have an opportunity to address the investigative report with the Conduct Officer prior to a decision being made as to whether or not a violation of the Policy occurred. Although the parties may not present new evidence to the Conduct Officer, they may provide an impact or mitigation statement or discuss why the evidence does or does not support their allegations, the recommended findings, or recommended conclusion.
- (iv) After the Conduct Officer has met with both parties, or afforded the parties the opportunity to meet, the Conduct Officer will issue a written determination as to whether or not a violation of the Policy occurred. The Conduct Officer is not required to accept the recommended findings and conclusions of the investigator, but should give deference to them. The written determination must also include the rationale for the Conduct Officer’s decision. Furthermore, the written determination must include notice of the disciplinary action, if any, to be taken against the Responding Party and a statement of the parties appeal rights. A copy of this written determination should be simultaneously communicated to the Reporting Party and Responding Party, as well as the Director of OIE.

**(3) If Responding Party is faculty or staff**

- (ii) The appointing/disciplinary authority may have access to the investigative records and may consult with the investigator or Director of OIE in order to take appropriate action.

## **Educational Programs for Sexual Assault, Intimate Partner Violence (Dating Violence, Domestic Violence) & Stalking Awareness**

The Office of Institutional Equity, in conjunction with its campus and community partners offers a variety of training and educational programs throughout the year to students, faculty, and staff regarding topics such, but not limited to a description of the conduct prohibited by the University's Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation; the procedures used to address and resolve alleged violations of the University's Policy on Discrimination, Protected Class Harassment, Sexual Misconduct, Intimate Partner Violence, Stalking, & Retaliation; the definitions of dating violence, domestic violence, sexual assault, stalking, and consent (in relation to sex-based offenses) under Colorado criminal law; descriptions of safe and positive options for bystander intervention; and information on risk reduction.

As part of new student orientation, all incoming students (either first year or transfers), are required to participate in online orientation. This online orientation includes a recorded video of the University's Title IX Coordinator discussing the above topics, as well as providing an overview of the Office of Institutional Equity. Furthermore, all incoming students are required to complete the online program *Haven*. In addition to the topics discussed above, the two part *Haven* program, developed by EVERFI, addresses other related topics such as healthy relationships.

In addition to the online training new student athletes receive as part of their orientation to campus, the Office of Institutional Equity also provides in-person training to all student athletes regarding the University's policies and procedures, prohibited conduct, bystander intervention, and risk reduction. These interactive presentations also address topics such as healthy masculinity and challenge student athletes to question their perceptions around sexual misconduct, intimate partner violence, and stalking.

All faculty and staff, including student employees, are required to complete annual training (on-line) on sexual misconduct, intimate partner violence, and stalking. This training includes information regarding how to respond when a student reports an allegation of prohibited conduct, as well as recognizing prohibited conduct when it presents itself. This training reaffirms their responsibility to report allegations of misconduct, as well as the importance of maintaining the private nature of allegations. Certain employees, including, but not limited to, coaches, athletics personnel, residence life professional staff, and residence life paraprofessional staff receive additional, focused training regarding issues related to sexual misconduct, intimate partner violence, and stalking that are unique or germane to their roles on campus. Furthermore, the Office of Institutional Equity, upon request, will provide targeted in person training to administrative and academic units.

During the academic year, the Pueblo Rape Crisis Center comes to campus and provides information to the campus community regarding their services, sexual assault, and the power dynamics often underlying sexual assault.

Throughout the year, educational programs on preventing and responding to sexual assault are presented in the residence halls, and educational programs and information tables are available throughout the year in various campus locations. Similarly, Bystander Intervention Training is provided throughout the year in varied formats. Topics include general information and definitions, scenarios, questions, action steps, and available resources. Students are provided with examples of when and how to intervene in various situations.

In addition to specific trainings, sexual assault awareness information brochures are made available to all students, staff and faculty. The brochures identify services and resources available and provide contact information for reporting a sexual assault. Similarly, all residence hall rooms were provided, before the start of the academic year, a refrigerator magnet with information regarding how to report allegations of sexual misconduct, intimate partner violence, and stalking.

# Fire Safety

## Fire Safety

### REPORTING A FIRE

If a student sees a fire in progress, the student should immediately call 911. If a student is aware of a fire that occurred anywhere on campus, the student should report the incident to the Pueblo County Sheriff's Office at CSU-Pueblo, (719) 549-2373.

### EVACUATION PROCEDURES

When an alarm sounds, students should immediately begin to evacuate the building and take the following measures:

1. Leave the room immediately.
2. Close the room door.
3. Walk quietly and quickly to the nearest exit. Do not use the elevators.
4. Remain outside until the signal is given to return to their room.

Students are required to obey all fire regulations. A student who fails to evacuate a residence hall when an alarm sounds will be subject to disciplinary action. Residence Hall staff, CSU-Pueblo Sheriff's staff, other appropriate University staff and the Pueblo Fire Department reserve the right to enter student rooms to locate the source of any potential fire or smoke hazard and to ensure that everyone has evacuated the building.

### FIRE PROTECTION SERVICES

Fire protection for the Colorado State University-Pueblo campus is provided by the Pueblo City Fire Department. All Pueblo City Firefighters carry a minimum of an EMT-Basic and Firefighter 1 designations. Additionally, at least one member of each engine company is certified as an EMT Paramedic. More information on the Pueblo Fire Department may be accessed at:

<http://www.pueblo.us/index.aspx?NID=235>

## Fire Suppression and Detection Systems

A fire alarm system is available in each on-campus residence hall that includes Crestone, Culebra, and Greenhorn halls. Each building and its corresponding fire alarm system contains a Siemens' main control panel and initiating and notification devices. Examples of initiating devices are: smoke detectors, heat detectors, pull stations, and fire sprinkler control valves. Examples of notification devices are: horns, strobes, and speakers. In addition to monitoring the status of these devices, it also monitors the status of field wiring, annunciators, back-up batteries, and internal operations. When a condition occurs from any one of these devices or a problem is detected within the control panel itself, the main control panel transmits a signal—alarm, trouble, or supervisory—to a Digital Alarm Communicator Transmitter located at the Heating Plant.

In addition, all of CSU-Pueblo's fire alarm systems serve the purpose of voice evacuation. Each individual building is equipped with a control panel that can be used to initiate building-wide voice commands. Global (campus wide) voice commands can be initiated from one of two designated buildings—the campus Sheriff's Office and the Physical Plant building. The control panel located in the Sheriff's Office serves as the master page panel, and the control panel located in the Physical Plant Building serves as a slave panel to the master page panel. Both panels have the ability to initiate campus wide voice commands, in the event of an emergency.

Smoke alarms are located in individual living quarters in Crestone, Culebra, and Greenhorn halls. Belmont Hall utilizes battery-powered smoke alarms while Crestone, Culebra, and Greenhorn halls utilize 120VAC hardwired

units with battery back-up. As noted above, these are used only for local evacuation purposes within the room and are not connected to the building fire alarm system.
