▶ Message from Colorado State University Pueblo President

To the Campus Community:

The 2021 Fire Safety and Security Report contains important information about our campus environment.

All colleges and universities that participate in federal financial aid programs are required to keep and disclose crime statistics per the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Jeanne Clery Act). Enclosed you will find information about key institutional policies, personal safety and crime prevention information, how to report suspicious and criminal activities, and required Clery Act crime statistics for the last three calendar years.

For more than a decade, the Pueblo County Sheriff's Office (PCSO) has provided law enforcement services as well as community-oriented prevention and education activities that help to reinforce safety to students, faculty, staff, and campus visitors. It is incumbent upon all of us to familiarize ourselves with our resources and processes for preventing and responding to criminal activity. This annual report serves as a resource of safety information as well as policies and procedures that we hope will help secure a safe environment in which to teach, learn, and work.

Dr. Timothy P. Mottet, President

SAFETY

Introduction

The information in this report is provided to educate current students, prospective students, faculty, and staff about safety and security policies, procedures, and statistics for Colorado State University Pueblo (CSU Pueblo). The University believes that a well-informed campus community is better prepared to deal with crime and emergency situations. The University encourages campus community members to become actively involved with the safety and security of students, faculty, and staff.

In 1990, the Higher Education Act of 1965 (HEA) was amended to include the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101- 542). This amendment required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. In 1998, the act was renamed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act in memory of Jeanne Clery, a university student who was killed in her dorm room in 1986. More commonly known as the Clery Act, this law requires colleges and universities to:

- Collect, classify, and count crime reports and statistics
- Issue campus alerts
- Publish an annual security report
- Submit crime statistics to the Department of Education
- Maintain a daily crime log
- Disclose missing student notification procedures
- Provide fire safety information

Preparing the Annual Report

This report is compiled by the CSU Pueblo Safety Team that is comprised of campus law enforcement, administrators, and staff members who are responsible for and/or directly involved with safety and security of the campus:

- Associate Vice President of Facilities Management
- Pueblo County Sheriff's Office at CSU Pueblo
- Senior Associate Vice President of Student Affairs
- Deputy General Counsel
- Executive Director of Marketing, Communications, & Community Relations
- Director of Student Conduct and Community Standards
- Assistant Dean of Student Conduct and Residence Life and Housing
- Parking and Safety Manager
- Human Resources and Institutional Equity

The Pueblo County Sheriff's Office at CSU Pueblo, in conjunction with the CSU Pueblo designated Clery Coordinator, prepared the annual disclosure of crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The report is prepared in cooperation with the Division of Student Affairs, including the Office of Residence Life and Housing and the Office of Student Conduct and Community Standards. Campus fire, crime, arrest, and disciplinary referral statistics include those reported to the Pueblo County Sheriff's Office at CSU Pueblo and to University Campus Security Authorities.

Law Enforcement Qualifications & Authority

Law enforcement services at CSU Pueblo are provided by the Pueblo County Sheriff's Office. The Sheriff's Office is staffed with experienced State-Certified peace officers who are current in Colorado Peace Officer Standards and Training (P.O.S.T.) procedures. All of these officers have the authority to make an arrest. Additionally, the Pueblo County Sheriff's Office provides law enforcement and emergency services to unincorporated Pueblo County. This connection to the community means that campus law enforcement is up to date with developments in the community allowing them to better serve the campus. Deputies assigned to CSU Pueblo actively monitor off-campus crime, as it relates to the campus, students, faculty, and staff.

Law Enforcement Partnerships

CSU Pueblo has a contractual and collaborative agreement with the Pueblo County Sheriff's Office to provide all law enforcement services on campus. This partnership allows CSU Pueblo to have access to all services that are available to the larger community, including emergency management, search and rescue teams, investigations unit, high-tech crimes unit, and SWAT teams. Because CSU Pueblo is adjacent to State of Colorado Highway property and City of Pueblo residential and commercial property, the Sheriff's Office and CSU Pueblo work closely with the Colorado State Patrol (CSP) and the Pueblo City Police Department (PPD) to address any issues, emergencies, or community service needs that may involve both CSU Pueblo and CSP and/or PPD geographical areas of jurisdiction.

This report is posted on the CSU Pueblo website:

CSUPueblo.edu/campus-safety/

Copies of the report are retained in the offices of:

- Admissions
- Human Resources
- Facilities Management
- Offices of Student Affairs
- Offices of the General Counsel
- Marketing, Communications and Community Relations

Take Safety Precautions

Students, faculty, and staff should take the following precautions to prevent circumventing policies designed to protect the safety of self and others:

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or leave them unattended.
- Do not give codes to anyone.
- Keep your valuables secured and out of sight.
- Notify the Sheriff's Office of any suspicious activities or individuals.

Reporting a Crime

In the event of any crime, fire, or emergency on campus, students and employees should immediately notify the Pueblo County Sheriff's Office (PCSO), located at CSU Pueblo. They will respond to all reports and make appropriate referrals to the Pueblo County District Attorney's Office, appropriate University Administrators, and/or the CSU Pueblo Office of Student Conduct and Community Standards. The PCSO at CSU Pueblo is housed in Administration 118. Students may call (719) 549-2373 for general safety and security information or to contact individual Sheriff's Office staff.

For all off-campus emergencies, calls should be directed to the local law enforcement agency. Students enrolled in any CSU Pueblo classes held in Colorado Springs should contact the Colorado Springs Police Department or the El Paso County Sheriff's Office to report a crime. If attending classes at Ft. Carson Army Base, contact the appropriate Ft. Carson law enforcement authorities to report a crime. Students who reside in the City of Pueblo should direct their emergency calls to 911 or to the Pueblo City Police Department (719) 553-2502.

Confidential Crime Reporting

A witness of a crime who wishes to remain anonymous may call the CSU Pueblo Tip Line at (719) 549-2376. The Tip Line is a voice message system only; and therefore, immediate action will not be taken. Witnesses of crimes also may report to Pueblo Crime Stoppers at (719) 542-7867 (STOP).

Reporting a Crime to a Campus Security Authority (CSA)

For the purpose of a timely warning, the University encourages students and employees to promptly report any fire or criminal activity directly to the Pueblo County Sheriff's Office at CSU Pueblo. However, students and employees may report a fire or crime to a Campus Security Authority (CSA) who is responsible for forwarding non-identifying information to the Clery Coordinator for inclusion in the annual Security Report, regardless of whether the victim chooses to file a report with law enforcement.

Exemption from Reporting

Licensed professional mental health counselors and pastoral counselors (employed by religious organizations to provide confidential counseling) who are working within the scope of their license or religious assignment at the time they receive the crime report are exempt from reporting under the Clery Act.

Secure Access to Campus Facilities

Preserving a safe and secure environment is the responsibility of everyone on campus. Employees have the responsibility to secure their work area, and students have the responsibility to lock their residence hall rooms and apartments, as well as secure their personal property.

Most campus buildings and facilities are accessible to the public during normal business hours Monday through Friday, excluding holidays. Certain facilities may be opened by facilities personnel for designated hours on weekends and evenings. Buildings may be secured at different times based upon class schedule, special events, and computer lab hours.

Secure Access to Residential Facilities

All residence halls are secured using a card access system. Residence halls are accessible to the campus community and visitors from 8 a.m. to 5 p.m. Monday through Friday. Residence Halls have restricted access on weekends from 5 p.m. on Friday to 8 a.m. on Monday. During those hours, any visitors must be accompanied by a hall resident, and the resident must provide proper identification and access card. Visitors must sign in at the front desk. Access to the residence halls, after business hours, may be made available for campus programming. Campus apartments are secured by lock and key and are not available for community access at any time.

Security Considerations in Building Maintenance

Although maintenance requests are prioritized based upon need, budget, and emerging conditions, safety and security issues that are observed may be a cause for quicker response and handling. If a student, faculty, staff, or visitor notices a potentially dangerous or hazardous condition concerning maintenance, they should immediately contact the University Physical Plant at (719) 549-2211. The University conducts a semi-annual nighttime review of outdoor lighting and responds by installing or repairing lighting as needed.

The University requires all contractors who work in campus-owned residences to agree to and follow the policies and procedures set forth in the Special Contract Conditions for Construction Projects in Occupied Student Housing Facilities at Colorado State University Pueblo. Contractors are required to adhere to special contract conditions for projects that involve construction within or adjacent to student housing facilities, defined as residence halls and apartments. The contractor, all workers, subcontractors, deliverymen, and anyone else coming on to the work site must be informed of the requirements to respect the students' privacy and enjoyment of their residences. The work must be done in a manner that maintains the security of the students' residences, limits contact with the residents, provides advance notice of any work that may affect the residents, and limits communications about the project to those persons designated by CSU Pueblo.

▶ Timely Warning & Emergency Notification

Timely Warning

Under the Clery Act (20 U.S.C. state § 1092), CSU Pueblo, through designated personnel, is responsible for issuing a “timely warning” if a crime has been reported and CSU Pueblo determines there is a serious or continuing threat to the campus community. In addition, CSU Pueblo is required to send an “emergency notification” if there is an immediate threat to the health or safety of students or employees occurring on campus.

The decision to issue a timely warning or an emergency notification:

- Will be decided on a case-by-case basis in compliance with the Clery Act and after consideration of available facts.
- May depend on the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts.
- Will depend upon the particular health or safety threat. CSU Pueblo will, without delay, take into account the safety of the community, determine the content of the notification, and will determine whether to initiate the notification system.

Emergency Notification

The emergency notification system will be immediately activated when University authorized representatives become aware of and confirm a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community.

Law enforcement and University officials will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University mass notification system, the University will post applicable messages about the dangerous condition on the University website and social media outlets to help ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. The University will not disclose the identity of any victim related to the situation prompting the notice.

If the emergency affects a significant portion of or the entire campus, University officials will distribute the notification to the entire campus community. With the assistance of the Pueblo County Sheriff's Office, the University will determine the content of the notification. The University has developed a wide range of template messages addressing several different emergency situations. The communications officers (or others issuing the alert) will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident.

How to sign up for the Emergency Alert System

HOW DO STUDENTS REGISTER FOR EMERGENCY ALERTS? Enrollment in this program is not automatic. Participation in this program is voluntary. Students must register for the service and will be responsible for updating their personal cell phone numbers in the event their contact information changes. It may take up to 72 hours for a cell phone number to become active in the Emergency Notification System.

- **Sign on to your PAWS Account**
- **Click the "Emergency Text" Tab**
- **Respond to prompts each time you register**

HOW DOES THE SYSTEM WORK? In the event of an emergency, a scheduled testing of the emergency system, or an unexpected closing of the University, a text message will be sent to all enrolled cell phones.

Each text message will begin with the message **"*CSU Pueblo ALERT!*"** and will follow with the nature of the alert and any additional information. The text message will be brief, and you will be instructed to check the main CSU Pueblo website or other media outlets for more information. You will receive messages within a few minutes of their transmission as long as your cell phone is turned on. The University will test the system each semester by sending a test message.

DOES IT COST? The service is free, but you may be charged your cellular service provider's standard rates. If you have verified the registered cell phone number is correct and you do not receive the once a semester test message, you will need to check with your carrier to make sure your number is not blocked from receiving subscription text messaging from short codes.

WHAT TO DO IF THIS HAS OCCURRED TO YOU?

At any time, any person may report Sexual Harassment, which includes Sexual Assault, Domestic Violence, Dating Violence and Stalking (whether or not the person reporting is the person alleged to be the victim of Sexual Harassment), in person, by mail, by telephone, or by electronic mail to the Director of Compliance/Title IX Coordinator, or by any other means that results in the Director of Compliance/Title IX Coordinator receiving the person’s verbal or written report.

SEXUAL HARASSMENT – including Sexual Assault, Domestic Violence, Dating Violence and Stalking - Cont.

Any official with authority who receives a report of alleged Sexual Harassment must promptly report the alleged Sexual Harassment to the Director of Compliance/Title IX Coordinator. Upon receiving a report of alleged Sexual Harassment, the Director of Compliance/Title IX Coordinator will promptly 1) Inform the Complainant of the method for filing a Formal Complaint; 2) Inform the Complainant of the availability of Supportive Measures with or without the filing of a Formal Complaint; and 3) Offer Supportive Measures to the Complainant, the Respondent, or both.

If an individual wishes to report an allegation or concern to law enforcement, and the alleged incident occurred on the University's Pueblo Campus, the individual can report to the Pueblo County Sheriff's Office, at the following:

Pueblo County Sheriff's Office
Administration Building 118
(719) 549-2373 – non-emergency number

If an individual wishes to report an allegation or concern to law enforcement, and the alleged incident occurred off of the University's Pueblo campus but in the City of Pueblo, including the privately owned property surrounding the University's campus, the individual can report to the City of Pueblo Police Department at the following:

Pueblo Police Department

Pueblo, Colorado 81003
(719) 553-2538 – non-emergency number

Contact information for law enforcement agencies in other jurisdictions where the University has physical operations can be found under the reporting tab on the Human Resources and Institutional Equity's webpage at [CSUPueblo.edu/hr](https://www.csupueblo.edu/hr).

It is important to preserve evidence if a student or employee has been a victim of any of these crimes. The preservation of evidence will help prove the crime occurred and also may help obtain a restraining order from the Courts, if necessary. The student or employee should preserve any text messages, pictures, voice messages, call logs, clothing, or other items that may have been involved in the crimes. If they have text messages or electronic communications, they should take a "screen capture" or print out a copy of the electronic evidence in case the device becomes damaged or destroyed. When saving text messages or any electronic communications, they should remember to save it in a format that shows the timestamp for the communication. All items should be given to law enforcement.

SEXUAL HARASSMENT – including Sexual Assault, Domestic Violence, Dating Violence and Stalking - Cont.

An individual who wishes to make a report to law enforcement regarding an alleged sexual assault may ask to have a forensic examination by a trained medical professional, such as a Sexual Assault Nurse Examiner (“SANE”) for the purposes of preserving evidence. It is important for the preservation of evidence for a person to refrain from showering, washing clothes or placing them in a plastic bag, or otherwise altering the physical status until after they have contacted law enforcement or had an exam.

Colorado law allows for an individual to have undergone a forensic exam without any identifying information being turned over to law enforcement.

If a student or employee contacts the Pueblo Rape Crisis Center, the Center also will assist with reporting the crime. The Pueblo Rape Crisis Center, (719)549-0549, will provide an advocate to accompany the student or employee to the hospital and also will inform them of additional resources. The Rape Crisis Center operates a 24-hour hotline for services. A Community Organization for Victim Assistance (ACOVA), (719)583-6250, can also provide an advocate to assist an individual with reporting an allegation to law enforcement or accompanying the individual to the hospital for a forensic exam. Parkview Medical Center, 400 W. 16th St., Pueblo, CO 81003, provides Sexual Assault Nurse Examiners (SANE) who can conduct the appropriate and necessary examination to preserve evidence and provide medical assistance.

WHAT TO DO IF THIS HAS OCCURRED TO YOU?

Process

The University will provide a fair and equitable process that will include an opportunity for informal resolution in all matters except for an allegation of sexual harassment between a student and an employee. Informal resolution can only be undertaken if voluntary and agreed to by both parties. If the informal resolution process does not resolve the matter, or if no informal resolution occurs, then a formal resolution process (grievance process) will be followed. The University will provide a grievance procedure for students and employees consistent with the Title IX regulations, and such procedures will treat the Complainant and the Respondent equitably. The formal resolution process will include a live hearing, the right to an advisor for each party, cross examination by the advisor of the Parties and witnesses, and relevancy determination of questions asked during the hearing. Upon a finding after the hearing, the Parties will have the right to appeal. The burden of proof is on the University to prove by a preponderance of the evidence that a violation of this policy has occurred.

Supportive Measures

The Title IX Coordinator will ensure that Supportive Measures are offered to the Complainant and/or the Respondent as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent. Supportive Measures may be offered before or after the filing of a Formal Complaint, or where no Formal Complaint has been filed.

The purpose of Supportive Measures is to restore or preserve equal access to the University’s Education Program or Activity without unreasonably burdening the other Party. Supportive Measures include measures designed to protect the safety of all Parties or the Institution’s educational environment, as well as measures designed to deter Sexual Harassment.

Supportive Measures may include, but are not limited to:

SEXUAL HARASSMENT – including Sexual Assault, Domestic Violence, Dating Violence and Stalking - Cont.

- a. Counseling
- b. Extensions of deadlines or other course-related adjustments
- c. Modifications of work or class schedules
- d. Campus escort services
- e. Mutual restrictions on contact between the Parties
- f. Changes in work or housing locations
- g. Leaves of absence
- h. Increased security and monitoring of certain areas of the campus
- i. Other similar measures

Supportive Measures do not include disciplinary sanctions. The formal resolution process must be completed before disciplinary sanctions may be imposed on a Respondent. However, the University may remove a Student Respondent from its Education Program or Activity on an emergency basis if the appropriate University committee does the following:

- a. Undertakes an individualized safety and risk analysis;
- b. Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment justifies removal; and
- c. Provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal.

The University may place a non-student employee Respondent on administrative leave during the pendency of the formal resolution process.

The University will maintain as confidential any Supportive Measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the Supportive Measures. The Director of Compliance/Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Also, the University will abide by the terms of a validly issued protection order. ACOVA (whose contact information is below) can assist you with requesting a protection order through the county courts. Information on protection orders and ACOVA's protection order clinic is also available on ACOVA's website at acovapueblo.org/Protection_Order_Clinic.html.

Important Tips to Preserve Evidence

Hospital staff can collect evidence, check for injuries, and address the possibility of exposure to sexually-transmitted infections. If clothing has been changed since the assault, the clothing worn at the time of the assault should be brought to the hospital in a clean, sanitary container such as a clean paper grocery bag or wrapped in a clean sheet (plastic containers do not breathe and may render evidence useless). Otherwise, a change of clothing should be brought to the hospital, as the clothing being worn may be kept as evidence. The area where the assault occurred should remain undisturbed—leave all sheets, towels, etc. that may bear evidence for law enforcement to collect.

The private nature of information provided to the Office of Human Resources and Institutional Equity and the University regarding an allegation of sexual harassment, including sexual assault, domestic violence, dating violence or stalking will be accorded the utmost respect. Identifiable information is not shared except to investigate or resolve an allegation of prohibited conduct, in order to comply with the law, or to the extent necessary to provide accommodations or supportive measures. Accommodations or supportive measures related to living arrangements, class modifications, employment duties, and other situations will be discussed only with necessary personnel at the University and with the goal of keeping the information as private as possible given the circumstances.

The University has federal reporting obligations under the Clery Act, including the obligation to provide, publicly, statistics or timely warnings regarding certain reported crimes. The University will not include a Complainant's name or other identifying information in publicly available reports or timely warnings, as proscribed by the Clery Act.

The University recognizes that an individual may wish to further maintain their confidentiality beyond the scope described above. As such, the Director of Compliance/Title IX Coordinator, in the capacity as the Title IX Coordinator, or designee, will respectfully consider all requests by an alleged victim: that identifying information not be shared with the other party; that the alleged prohibited conduct not be investigated by the University; or that to otherwise not participate in an investigation by the University. The University also recognizes that it has an obligation to provide a safe environment for all University Members, that it be free from sexual harassment, including sexual assault, domestic violence, dating violence or stalking. A request for additional privacy may severely limit the University's ability to provide a safe environment freely from prohibited conduct, investigate the allegations, and pursue disciplinary action against an individual, if warranted. Therefore, there may be circumstances in which the University cannot honor a request for further privacy in light of the University's obligation to provide a safe and non-discriminatory environment for all University Community Members.

The University's Policy on Title IX, Sexual Harassment and Gender Discrimination expressly prohibits any conduct that constitutes Sexual Harassment and Gender Discrimination for its students and staff. A student or employee alleged to have engaged in prohibited conduct may be subject to investigation and discipline for their conduct.

During any process defined under University's Policy on Title IX, Sexual Harassment and Gender Discrimination or its Procedures, both the Complainant and the Respondent have the following rights.

Disciplinary Action Procedures for Sexual Harassment, including Sexual Assault, Domestic Violence, Dating Violence & Stalking - Cont.

- (A) The right to have a support person or advisor of their choice accompany them during any stage of the process.
1. The support person or advisor may not be permitted to ask or answer questions, or otherwise speak or advocate on behalf of the party.
 2. The support person or advisor may be asked to leave any meeting if the support person or advisor becomes disruptive or otherwise substantially interferes with the process.
 3. The support person or advisor may be an attorney, family member, faculty or staff member, a trusted friend, or anyone else the party chooses.
 4. The support person or advisor should not be a person who may reasonably be called as a witness as part of an investigation. A support person or advisor who is also a witness may be asked to leave a meeting during which substantive information regarding the conduct alleged to have violated the Policy are being discussed.

The right to participate or decline to participate in the process. However, even if a party declines to participate, the University may, in some instances, continue to investigate the matter and issue an investigative report and discipline, if warranted, based on available information.

- (A) The right to consult at any time with any other resources.
- (B) The right to request support services, assistance, accommodations, and Supportive Measures.
- (C) The right to reasonable updates regarding the status of the resolution process.
- (D) The right not to have their irrelevant past sexual history discussed during the process.

The University's formal resolution process for resolving alleged violations of the Policy on Title IX, Sexual Harassment and Gender Discrimination involve two main phases, as outlined below. The first phase involves the investigation and a live hearing to determine if a violation of the policy occurred. The second phase involves the determination of appropriate disciplinary action if a violation was found to have occurred. All allegations of a violation of the Policy on Title IX, Sexual Harassment and Gender Discrimination must be proven by a preponderance of the evidence. This means that in the judgment of the Decision Maker it is more likely than not that a violation of the Policy occurred;

I. Formal Investigation/Resolution**(A) Initiation of a Formal Investigation**

- (1) Upon receipt of a Formal Complaint and a determination of jurisdictional scope, a prompt and equitable formal investigation of an alleged violation of the Policy shall be initiated.
- (2) Title IX Coordinator will issue written notice of allegation to the Respondent and Complainant, if known. The written notice will be provided to each Party with sufficient time to prepare a response before any initial interview. The notice of allegations will include the following:
 - a. Notice of this policy and the processes within this policy, including the informal resolution process described in Section 2 above;
 - b. The identities of the Parties involved, if known;
 - c. The conduct allegedly constituting sexual harassment;
 - d. The date and location of the incident, if known;
 - e. A statement that the Respondent is presumed not responsible for the alleged conduct;
 - f. A statement that a determination regarding responsibility is made at the conclusion of the formal resolution process;
 - g. A statement that Parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
 - h. A statement that Parties may inspect and review evidence; and
 - i. A statement that knowingly making false statements or knowingly submitting false information during this process is prohibited and may be grounds for separate discipline.

(B) Investigation

- (1) CSU Pueblo will investigate the allegations in a Formal Complaint.
- (2) CSU Pueblo, and not the Complainant or the Respondent, has the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility.
- (3) CSU Pueblo cannot access, consider, disclose, or otherwise use a Party's records that are made or maintained by a health care professional acting in his or her professional capacity, and which are made or maintained in connection with the provision of treatment to the Party, unless CSU Pueblo obtains that Party's voluntary written consent to do so for the resolution process.
- (4) During the investigation, each Party has an opportunity to present witnesses and evidence to the investigator.
- (5) The investigator will provide written notice of the date, time, location, participants, and purpose of any investigative interview or other meeting to any Party or witness whose participation is invited or expected. (6) Title IX Coordinator will issue written notice of allegation to the Respondent and Complainant, if known. The written notice will be provided to each Party with sufficient time to prepare a response before any initial interview. The notice of allegations will include the following:

- (6) Prior to the conclusion of the investigation, the investigator will send to each Party and to each Party's advisor, if any, all evidence obtained as part of the investigation (evidence report) regardless of whether CSU Pueblo intends to rely on such evidence in reaching a determination regarding responsibility, that is directly related to the allegations raised in the Formal Complaint.
 - a. Upon receipt of the evidence report, each Party may submit a written response, which the investigator will consider prior to conclusion of the investigation and completion of the investigative report.
 - b. The written response, if any, must be submitted to the investigator by the deadline designated by the investigator, which will be at least ten days after the investigator sends the evidence report to the Party, unless the deadline is extended for good cause.
- (7) The investigator will then create an investigative report that fairly summarizes relevant evidence. The investigator must conduct an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence.
- (8) At least ten days prior to the scheduled hearing, the Title IX Coordinator will send to each Party and to each Party's advisor, if any, the investigative report.
 - a. Each Party may submit a written response, which the Title IX Coordinator will submit to the Decision-Maker for consideration at the hearing.
 - b. The written response, if any, must be submitted to the Title IX Coordinator by the deadline designated by the Title IX Coordinator, unless the deadline is extended for good cause.

(C) Hearing

- (1) General Conduct of the Hearing
 - a. CSU Pueblo has contracted with the Colorado Office of Administrative Courts to preside over the hearings and an appointed Administrative Law Judge within that Office will serve as the Decision-Maker at the hearing.
 - b. The Decision-Maker will conduct a live hearing. Prior to the hearing, the Decision-Maker will review the investigative report and the written responses provided by the Parties, if any.
 - c. The hearing may occur in person. If either Party, or the University submits a request no later than 10 days prior to the scheduled hearing, the hearing will occur virtually in a manner allowing the participants to simultaneously see and hear the party or witness answering questions. During the COVID-19 pandemic, hearings will be virtual. The Decision-Maker will appear virtually unless otherwise agreed.
 - d. Hearings will be recorded. The recording will be available to the Parties for inspection and review.

(2) Standard of Evidence

- a. The determination of responsibility will be made by the Decision-Maker using the preponderance of the evidence standard as defined in the Title IX Policy. Preponderance of the evidence is evidence that proves that it is more likely than not that an allegation is true.

(3) Relevant Evidence Considered

- a. In making a determination of responsibility or sanctions, the Decision-Maker may only consider relevant evidence.
- b. Relevant evidence is evidence having any tendency to make the existence of any fact that is of consequence to the determinations to be made more probable or less probable than it would be without the evidence.
- c. The Decision-Maker will not consider evidence about the Complainant's sexual predisposition or prior sexual behavior, except that the Decision-Maker may consider:
 - i. Evidence about the Complainant's prior sexual behavior, when offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant; or
 - ii. Evidence concerning specific incidents of the Complainant's prior sexual behavior with respect to the Respondent, when offered to prove consent.
- d. The Decision-Maker will not consider evidence of any statement of a Party or witness, if the Party or witness does not submit to cross-examination at the hearing, in reaching a determination regarding responsibility. The Decision-Maker will not draw an inference about the determination regarding responsibility based solely on a Party's or witness's absence from the hearing or refusal to answer cross-examination or other questions.
- e. The Decision-Maker will not consider Information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- f. The Decision-Maker must conduct an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence.
- g. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness
- h. The Decision-Maker may consider the evidence in the Investigative Report in reaching their decision and making credibility determinations.

(4) Witness Examination

- a. Each Party, not their advisor, may make an opening statement and a closing argument. Neither the opening statement nor the closing argument are to be considered evidence.
- b. The Decision-Maker will allow each Party's advisor to examine witnesses, including direct examination and cross examination.
- c. Cross examination may not be conducted by either Party, but a Party may conduct direct examination of their witnesses. Cross examination may only be conducted by an advisor acting on a Party's behalf.

- d. Only relevant cross-examination questions may be asked of a Party or witness. Before a Party or witness answers a question, the Decision-Maker will determine whether the question is relevant and explain any decision to exclude a question as not relevant.
- e. The Decision-Maker may make a determination of relevancy of questions asked during direct examination and exclude those questions
- f. The Decision-Maker may ask questions of the witnesses and the Party throughout the proceedings.

(5) Written Determination

- a. After considering the investigative report, including any Party's written response to the investigative report, and all relevant evidence presented at the hearing, the Decision-Maker will issue a written determination to the Title IX Coordinator
- b. The Title IX Coordinator will promptly provide the written determination to the Sanctioning Authority
- c. The Sanctioning Authority shall provide a written sanction, or recommend sanctions as stated below, within 5 working days to the Title IX Coordinator. Said document shall be attached to the Decision-Maker's written determination and the Title IX Coordinator will provide the Written Determination and Sanctions simultaneously to the Parties.
- d. The written determination will include:
 - i. Identification of the allegations potentially constituting Sexual Harassment;
 - ii. A description of the procedural steps from the receipt of the Formal Complaint through the determination, including any notifications to the Parties, interviews, site visits, methods used to gather other evidence, and hearings held;
 - iii. Findings of fact supporting the determination;
 - iv. Conclusions regarding the application of the Title IX Policy, or any other policy alleged to have been violated within the Complaint to the facts;
 - v. A statement of, and rationale for, the result as to each allegation, including:
 - 1. A determination regarding responsibility;
 - 2. Any disciplinary sanctions imposed on the Respondent;
 - 3. Whether remedies will be provided to the Complainant;iii. Findings of fact supporting the determination;
 - vi. Procedures and permissible bases for the Parties to appeal.
 - vii. The written determination becomes final 7 days after it is sent to the Parties, unless an appeal is filed.

(D) Disciplinary Processes & Sanctioning

If the Decision-Maker finds the Respondent has violated the Title IX policy or any other policy of the University, sanctions will be the responsibility of the appropriate sanctioning authority dependent on the Respondent's status at the University. The student sanctioning authority, the Respondent-employee's supervisor, or the appropriate faculty hearing panel will attend the hearing for purposes of hearing the evidence to facilitate the sanctioning process. They will not participate in the hearing or ask questions. Sanctions must be issued within 5 working days of the Decision-Maker's decision.

1. Students - The Director of Student Conduct and Community Standards or designee, will be the sanctioning authority when the Respondent is a student. Sanctioning guidelines will be as stated in the Student Code of Conduct.
2. Employees - The sanctioning authority for administrative Professional employees and Faculty is the President of the University. The Sanctioning authority for State classified staff are the Appointing authorities as defined in University policy pursuant to the State Personnel Rules.
3. The supervisor or appropriate faculty panel will make recommendations for sanctions. If the supervisor has a conflict, then the next level supervisor or an equivalent level supervisor will attend the hearing and make sanction recommendations. The Title IX Coordinator will determine a substitute if a conflict exists.
4. When the Respondent is Faculty, this process must follow the process outlined in the Faculty Handbook for either a grievance or a disciplinary action.
5. When the Respondent is a State Classified employee processes pursuant to the State Personnel Rules are applicable.
6. If a Respondent is found responsible for Sexual Harassment under this Policy, possible sanctions include those listed in the Faculty Handbook for grievance and faculty disciplinary actions, up to and including termination. For State Classified employees, possible sanctions are those listed in the State Personnel Rules, up to and including termination. For administrative professional employees, possible sanctions include, but are not limited to, all possible sanctions listed for Faculty or State Classified staff, up to and including termination.

(E) If Respondent is a student

(a) Potential Sanctions/Discipline

i. Loss of Privileges

A limitation is placed upon selected privileges for a specific period of time. Loss of privileges may include, but may not be limited to, denial of the right to represent the University, a denial of the use of University facilities or access to areas of campus, or denial from participation in co-curricular activities.

ii. No Contact Orders

A No Contact Order is a directive from the University to an individual instructing that individual to refrain from any intentional contact, direct or indirect, with one or more designated persons or group(s) through any means, including personal contact, electronic, telephone, or third parties. All individuals issued a No Contact Order are held responsible for following the directive. Violating a No Contact Order can result in disciplinary action pursuant to the generally applicable University policies and procedures.

iii. Community Service/Activity

Requirement that services be offered for a specified period to an appropriate non-profit community agency and/or to a University office.

iv. Educational Assignment

A Respondent is required to complete a specified educational assignment related to the violation committed. Such educational assignments may include completion of a workshop or seminar, class, report, paper, project, writing a letter of apology, seeking academic counseling or substance abuse screening, alcohol or drug program and/or consultation, counseling consultation, psychological or psychiatric evaluation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the Respondent was found responsible.

v. Educational Fund Payment

Reasonable fees may be imposed.

vi. Residence Hall Transfer or Removal

A Respondent is required to transfer residence halls or leave the residence halls for a specified or indefinite period of time.

vii. Restitution

A Respondent's coach will be notified of the violation if a Respondent is a student athlete. Additional discipline may be taken by the Respondent's coach with respect to the Respondent pursuant to Athletics Department policy and procedures.

ix. Warning

A warning is given to notify a Respondent that past behavior has been inconsistent with the expectations of the University. A warning has no immediate effect upon a Respondent's standing at the University. However, once given a warning, a Respondent should expect more serious sanctions to result from any subsequent violations.

x. Probation

Probation serves to notify a Respondent that further transgressions must be avoided for a finite and specified period in order for the Respondent to remain a part the University community. During a Respondent's probationary period, that Respondent is not in good disciplinary standing with the University. Any further violations of University policy, including the Student Code of Conduct, while on probation may result in a Respondent's suspension or dismissal from the University.

xi. Deferred Suspension

During a deferred suspension the Respondent will be suspended from the University, but the suspension will be deferred, meaning that the Respondent may continue to attend classes. However, the suspension will be automatically enforced if that Respondent fails to complete any assigned sanctions by the deadline and/or that any subsequent violations of the Code of Student Conduct is committed. If the Respondent is found responsible for any subsequent violations of University policy, including this Policy or the Code of Student Conduct, the Respondent will be automatically suspended from the University in addition to the other sanctions imposed for the subsequent violation. During a Respondent's deferred suspension period, that Respondent is not in good disciplinary standing with the University.

xii. Suspension

A Respondent who has been suspended from the University may not participate in any University activities, academic or otherwise, for a specific period, and may be restricted from University premises. This sanction will be noted as a "Suspension" on the Respondent's official academic transcript and the Respondent will be withdrawn from all courses. A suspended Respondent who wishes to re-enroll must apply for re-entry to the University and must also petition the Director of Student Conduct, who shall determine whether any and all requirements for readmission have been satisfactorily completed.

xiii. Expulsion

A Respondent who has been expelled from the University is permanently prohibited from participating in any University activities, academic or otherwise, and will be restricted from all University premises and activities. This sanction will be noted as "Expelled" on the Respondent's official academic transcript and that Respondent will be withdrawn from all courses.

- (b) Even if a Respondent is found not to have violated the Policy, the University may direct in writing that the Respondent, in the Respondent's role as a University Community Member, cease behavior that, if continued or accumulated, would constitute conduct that is prohibited by the Policy.

II. Timelines

- a. HRIE endeavors to complete the Formal Complaint Process within ninety (90) days of receipt of a written Formal Complaint.
- b. These timeframes may be extended for good cause upon written notice to the Parties setting forth the reason for such extension. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a witness; concurrent law enforcement activity; complexity of the case; scheduling conflicts with the Office of Administrative Courts or other professionals involved with the informal resolution process, or the need for language assistance or accommodation of disabilities.

III. Final Notifications

For matters addressed through Formal Complaint Process, upon exhaustion of all appeals, or if no appeals are filed in a timely manner, the Title IX Coordinator, or designee, shall provide simultaneous written notice to the Complainant and Respondent that the results of the Formal Complaint Process are final.

Educational Programs for Sexual Harassment, including Sexual Assault, Dating Violence, Domestic Violence & Stalking Awareness

The Human Resources and Institutional Equity Office, in conjunction with its campus and community partners, offers a variety of training and educational programs throughout the year to students, faculty, and staff regarding topics such as, but not limited to a description of the conduct prohibited by the University's Policy on Title IX, Sexual Harassment and Gender Discrimination; the procedures used to address and resolve alleged violations of the University's Policy on Title IX, Sexual Harassment and Gender Discrimination; the definitions of dating violence, domestic violence, sexual assault, stalking, and consent (in relation to sex-based offenses) under Colorado criminal law; descriptions of safe and positive options for bystander intervention; and information on risk reduction.

As part of new student orientation, all incoming students (either first year or transfers), are required to participate in online orientation. This online orientation includes a recorded video of the University's Title IX Coordinator discussing the above topics, as well as providing an overview of the Human Resources and Institutional Equity Office. Furthermore, all incoming students are required to complete online training programs covering topics to include sexual assault prevention, sexual harassment prevention and bystander intervention. Other online training programs may be added as deemed necessary by the Executive Director of Human Resources and Institutional Equity.

In addition to the online training new student athletes receive as part of their orientation to campus, the Title IX Coordinator may also provide in-person training to all student athletes regarding the University's policies and procedures, prohibited conduct, bystander intervention, and risk reduction. These interactive presentations may also address topics such as healthy masculinity and challenge student athletes to question their perceptions around sexual misconduct, intimate partner violence, and stalking.

All faculty and staff, including student employees, are required to complete annual training online on sexual harassment, domestic violence, protected class discrimination and stalking. This training includes information regarding how to respond when a student reports an allegation of prohibited conduct, as well as recognizing prohibited conduct when it presents itself. This training reaffirms their responsibility to report allegations of misconduct, as well as the importance of maintaining the private nature of allegations. Certain employees, including, but not limited to, coaches, athletics personnel, residence life professional staff, and residence life paraprofessional staff receive additional, focused training regarding issues related to sexual misconduct, domestic violence, and stalking that are unique or germane to their roles on campus. Furthermore, the Title IX Coordinator, upon request, may provide targeted in-person training to administrative and academic offices.

During the academic year, the Pueblo Rape Crisis Center may visit campus and provide information to the campus community regarding their services, sexual assault, and the power dynamics often underlying sexual assault.

Throughout the year, educational programs on preventing and responding to sexual assault, intimate partner violence, stalking and healthy relationships are presented in the residence halls, and educational programs and information tables are available throughout the year in various campus locations. Similarly, bystander intervention training is provided throughout the year in varied formats. Topics include generalized information and definitions, scenarios, questions, action steps, and available resources. Students are provided with examples of when and how to intervene in various situations.

For matters addressed through Formal Complaint Process, upon exhaustion of all appeals, or if no appeals are filed in a timely manner, the Title IX Coordinator, or designee, shall provide simultaneous written notice to the Complainant and Respondent that the results of the Formal Complaint Process are final.

Fire Safety

Reporting a Fire

If any person sees a fire in progress, the person should immediately call 911. If a person is aware of a fire that occurred anywhere on campus, the person should report that incident to the Pueblo County Sheriff's Office at CSU Pueblo, (719) 549-2373.

Evacuation Procedure

When an alarm sounds, all persons' should immediately begin to evacuate the building and take the following measures:

1. Leave the room immediately.
2. Close the room door.
3. Walk quietly and quickly to the nearest exit. Do not use the elevators.
4. Remain outside until the signal is given to return to their room.

All persons' are required to obey all fire regulations. A person who fails to evacuate a residence hall when an alarm sounds will be subject to disciplinary action. Residence Hall staff, CSU Pueblo Sheriff's staff, other appropriate University staff and the Pueblo Fire Department reserve the right to enter student rooms to locate the source of any potential fire or smoke hazard and to ensure that everyone has evacuated that building.

Fire Protection Services

Fire protection for the Colorado State University Pueblo campus is provided by the Pueblo City Fire Department. All Pueblo City Firefighters carry a minimum of an EMT-Basic and Firefighter 1 designations. Additionally, at least one member of each engine company is certified as an EMT Paramedic. More information on the Pueblo Fire Department may be accessed at:

Fire Suppression and Detection Systems

A fire alarm system is available in each on-campus residence hall that includes Crestone, Culebra, and Greenhorn halls. Each building and its corresponding fire alarm system contains a Siemens' main control panel and initiating and notification devices. Examples of initiating devices are: smoke detectors, heat detectors, pull stations, and fire sprinkler control valves. Examples of notification devices are: horns, strobes, and speakers. In addition to monitoring the status of these devices, it also monitors the status of field wiring, annunciators, back-up batteries, and internal operations. When a condition occurs from any one of these devices or a problem is detected within the control panel itself, the main control panel transmits a signal—alarm, trouble, or supervisory—to a Digital Alarm Communicator Transmitter located at the Heating Plant.

Fire Safety - Cont.

In addition, all of CSU Pueblo’s fire alarm systems serve the purpose of voice evacuation. Each individual building is equipped with a control panel that can be used to initiate building-wide voice commands. Global (campus wide) voice commands can be initiated from one of two designated buildings—the campus Sheriff’s Office and the Physical Plant building. The control panel located in the Sheriff’s Office serves as the master page panel, and the control panel located in the Physical Plant Building serves as a slave panel to the master page panel. Both panels have the ability to initiate campus wide voice commands, in the event of an emergency.

Smoke alarms are located in individual living quarters in Crestone, Culebra, and Greenhorn halls. Belmont Hall utilizes battery-powered smoke alarms while Crestone, Culebra, and Greenhorn halls utilize 120VAC hardwired units with battery back-up. As noted above, these are used only for local evacuation purposes within the room and are not connected to the building fire alarm system.
