TABLE OF CONTENTS

Academic Calendar	19	Academic Standards and Policies	61
Welcome to CSU	21	Academic Advising	61
University Mission, Values, and Guiding Principles	21	Grading	62
Campus Map	23	Scholastic Standards	65
University Welcome Center	23	Academic Policies	67
University Policies	24	Academic Credit	69
Campus Safety and The Clery Act	24	Registration	70
Consensual Relationships	25	Degree Requirements	74
FERPA (Student Privacy)	25	Graduation Procedures and Information	75
Freedom of Expression and Inquiry	27	Co-Curricular Engagement	79
Free Speech and Right to Peaceful Assembly	27	Student Leadership	79
Hazing	28	Research and Creative Opportunities	80
Discrimination and Harassment	28	Athletics	80
Title IX Sexual Harassment	28	Fraternity and Sorority Life	81
Alcohol and Sexual Assault Education	29	Student Leadership, Involvement and Community Engagement (SLiCE)	81
Public Health Emergency Notification	29	Student Clubs and Organizations	82
Release of Official Transcripts and Diplomas	29	Student Media	82
Students' Rights	31	Academic Services and Student Support	83
Students' Responsibilities	34	Diversity Resources for Students	83
State Authorization Compliance	36	Student Resources and Campus Life	86
About the Catalog	38	Academic Services and Programs	90
Glossary	39	International Programs & Programs for Learning Academic and Community English (PLACE)	92
Catalog Updates	40	Administrative Resources	93
Undergraduate Admissions and Enrollment	41	Facilities	94
General Policies for Undergraduate Admissions	41	All-University Core Curriculum	97
Undergraduate Applicant Definitions	42	All-University Core Curriculum (AUCC)	98
Undergraduate Profiles and Decision Factors	43	Early Completion of Quantitative Reasoning/Composition Requirement	106
How to Apply	45	English Composition Requirement	106
International Undergraduate Admissions	46	Quantitative Reasoning Requirement	108
Enrollment Deposit	47	Interdisciplinary Opportunities	109
Transfer and Test Credit	48	Education Abroad	109
Financial Information	51	Education First (EF)	109
Tuition and Fees	51	Semester at Sea	111
Tuition and Fee Adjustments	53	Certificate in Global Engagement, Semester at Sea	113
CSU Online	54	Todos Santos	114
Additional Expenses	54	Health Professions	115
Enrollment Status	55	Teacher Licensure/Education	116
Residency for Tuition Classification	55	Programs A-Z	118
Paying Your Bill	56	Colleges and Programs	152
Financial Assistance	58	University-Wide Instructional Programs	152

University Interdisciplinary Studies Programs	152
Arabic Studies Interdisciplinary Minor	153
Biomedical Engineering Interdisciplinary Minor	154
Conservation Biology Interdisciplinary Minor	155
Environmental Studies in the Liberal Arts Interdisciplinary Minor	156
Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies Program	157
Film Studies Interdisciplinary Minor	159
Food Science/Safety Interdisciplinary Minor	159
Food Science/Safety Interdisciplinary Studies Program	161
Gerontology Interdisciplinary Minor	162
Global Environmental Sustainability Interdisciplinary Minor	163
Global Studies Interdisciplinary Minor	164
Master of Addiction Counseling in Psychology and Social Work	168
Information Science and Technology Interdisciplinary Minor	171
Integrated Resource Management Interdisciplinary Minor	171
International Development Interdisciplinary Minor	172
International Development Interdisciplinary Studies Program	173
Italian Studies Interdisciplinary Minor	175
Latin American and Caribbean Studies Interdisciplinary Minor	175
Leadership Studies Interdisciplinary Minor	176
Legal Studies Interdisciplinary Minor	177
Linguistics and Culture Interdisciplinary Minor	178
Mathematics Graduate Interdisciplinary Studies Program	179
Molecular Biology Interdisciplinary Minor	179
Molecular, Cellular and Integrative Neurosciences Graduate Interdisciplinary Studies Program	180
Music, Stage, and Sports Production Interdisciplinary Minor	181
School of Materials Science and Engineering (SMSE)	182
Master of Science in Materials Science and Engineering	185
Ph.D. in Materials Science and Engineering	188
School of Global Environmental Sustainability (SoGES)	190
Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program	193

Graduate Certificate in Applied Global Stability: Agriculture	194
Graduate Certificate in Applied Global Stability: Natural Resources	194
Graduate Certificate in Applied Global Stability: Water Resources	195
Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor	195
Certificate in Climate Change and Society	197
Cell and Molecular Biology	197
Graduate Certificate in Microbiome Science and Engineering	198
Master of Science in Cell and Molecular Biology	198
Ph.D. in Cell and Molecular Biology	201
Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization	203
Graduate Degree Program in Ecology	206
Master of Science in Ecology	207
Ph.D. in Ecology	210
Ph.D. in Ecology, Human-Environment Interactions Specialization	211
Political Communication Interdisciplinary Minor	213
Political Economy Graduate Interdisciplinary Studies Program	214
Public Health	214
Graduate Certificate in One Health	215
Religious Studies Interdisciplinary Minor	215
Resilience of Social Ecological Systems Graduate Interdisciplinary Studies Program	216
Russian Studies Interdisciplinary Minor	217
Sport Management Interdisciplinary Minor	218
Sustainable Energy Interdisciplinary Minor	219
Sustainable Water Interdisciplinary Minor	220
Women's Study Interdisciplinary Minor	221
Associate of General Studies	222
Division of Armed Forces Services	223
Department of Aerospace Studies	223
Minor in Aerospace Studies	224
Department of Military Science	224
Minor in Military Science	225
Environmental Studies and Sustainability	227
The Office for Undergraduate Research and Artistry's Mentored Research and Artistry Distinction	228
University Honors Program	230
College of Agricultural Sciences	233

Master of Agriculture in Agricultural Sciences, Plan A	234	Minor in Entomology	318
Master of Agriculture in Agricultural Sciences, Plan B	235	Minor in Plant Health	318
Master of Extension Education, Plan C (M.Ext.Ed)	235	Certificate in Integrated Pest Management	319
Master of Agriculture in Agricultural Sciences, Integrated Resource Management Specialization	236	Master of Science in Bioagricultural Sciences	320
Master of Agriculture in Agricultural Sciences, Plan A, Teacher Development Specialization	237	Master of Science in Bioagricultural Sciences, Plan A, Entomology Specialization	320
Master of Agriculture in Agricultural Sciences, Plan B, Teacher Development Specialization	238	Master of Science in Bioagricultural Sciences, Plan B, Pest Management Specialization	321
Department of Agricultural and Resource Economics	239	Master of Science in Bioagricultural Sciences, Plan A, Plant Pathology Specialization	322
Major in Agricultural Business	252	Master of Science in Bioagricultural Sciences, Plan A, Weed Science Specialization	323
Major in Agricultural Business, Agricultural Economics Concentration	257	Ph.D. in Bioagricultural Sciences	324
Major in Agricultural Business, Farm and Ranch Management Concentration	260	Ph.D. in Bioagricultural Sciences, Entomology Specialization	324
Major in Agricultural Business, Food Systems Concentration	264	Ph.D. in Bioagricultural Sciences, Plant Pathology Specialization	325
Major in Agricultural Education	268	Ph.D. in Bioagricultural Sciences, Weed Science Specialization	325
Major in Agricultural Education, Agricultural Literacy Concentration	269	Department of Animal Sciences	326
Major in Agricultural Education, Teacher Development Concentration	272	Major in Animal Science	339
Major in Environmental and Natural Resource Economics	276	Major in Equine Science	346
Major in Livestock Business Management	280	Master of Science in Animal Sciences, Plan A	352
Minor in Agricultural Literacy	284	Department of Horticulture and Landscape Architecture	353
Food Industry Management Interdisciplinary Minor	284	Major in Environmental Horticulture	362
Minor in Agricultural Business	285	Major in Environmental Horticulture, Landscape Design and Contracting Concentration	363
Minor in Environmental and Natural Resource Economics	286	Major in Environmental Horticulture, Nursery and Landscape Management Concentration	366
Master of Agribusiness and Food Innovation Management, Plan C	286	Major in Environmental Horticulture, Turf Management Concentration	368
Graduate Certificate in Teaching in Extension	288	Major in Horticulture	371
Master of Science in Agricultural and Resource Economics, Plan A	289	Major in Horticulture, Controlled Environment Horticulture Concentration	371
Master of Science in Agricultural and Resource Economics, Plan B	290	Major in Horticulture, Floriculture Concentration	375
Ph.D. in Agricultural and Resource Economics	291	Major in Horticulture, Horticultural Business Management Concentration	378
Department of Agricultural Biology	292	Major in Horticulture, Horticultural Food Crops Concentration	381
Major in Agricultural Biology	300	Major in Horticulture, Horticultural Food Crops Concentration, Production Option	384
Major in Agricultural Biology, Entomology Concentration	304	Major in Horticulture, Horticultural Food Crops Concentration, Seed Science Option	387
Major in Agricultural Biology, Plant Pathology Concentration	308	Major in Horticulture, Horticultural Science Concentration	390
Major in Agricultural Biology, Weed Science Concentration	313	Major in Landscape Architecture	393
Minor in Agricultural Data Science	317	Minor in Environmental Horticulture	397

Minor in Horticulture	397	Major in Business Administration	461
Minor in Organic Agriculture	398	Major in Business Administration, International Business Concentration	464
Graduate Certificate in Horticulture and Human Health ...	398	Minor in Business Administration	465
Graduate Certificate in Urban Agriculture	399	Certificate in International Business	466
Master of Science in Horticulture, Plan B, Horticulture and Human Health Specialization	399	Graduate Certificate in Business Management	466
Department of Soil and Crop Sciences	400	Graduate Certificate in Entrepreneurship and Innovation	466
Major in Soil and Crop Sciences	409	Graduate Certificate in Organizational Leadership	467
Major in Soil and Crop Sciences, Agronomic Production Management Concentration	409	Graduate Certificate in Sustainable Business	468
Major in Soil and Crop Sciences, Applied Information Technology Concentration	413	Master of Business Administration	468
Major in Soil and Crop Sciences, International Soil and Crop Sciences Concentration	416	Master of Business Administration, Impact Specialization	471
Major in Soil and Crop Sciences, Plant Biotechnology Concentration	420	Dual Degree Program: Master of Business Administration, Impact Specialization Combined with Master of Finance	473
Major in Soil and Crop Sciences, Plant Biotechnology, Genetics, and Breeding Concentration	424	Master of Business Administration, Marketing Data Analytics Specialization	475
Major in Soil and Crop Sciences, Soil Ecology Concentration	427	Department of Computer Information Systems	476
Major in Soil and Crop Sciences, Soil Restoration and Conservation Concentration	431	Major in Business Administration, Information Systems Concentration	480
Major in Soil and Crop Sciences, Soil Science and Environmental Solutions Concentration	434	Certificate in Business Analytics	489
Major in Soil and Crop Sciences, Sustainable Agricultural Management Concentration	437	Certificate in Business App Development	489
Minor in Agroecosystems	440	Certificate in Business Cybersecurity	489
Minor in Soil Ecosystems Science and Conservation	440	Certificate in Information Technology for Business Professionals	490
Minor in Soil Resources and Conservation	441	Graduate Certificate in Business Analytics and Accounting Systems	490
Minor in Soil Science	441	Graduate Certificate in Business Application Development	491
Certificate in Seed Science and Technology	442	Graduate Certificate in Business Information Systems ...	491
College of Business	443	Graduate Certificate in Business Intelligence	492
Department of Accounting	444	Graduate Certificate in Cybersecurity	492
Major in Business Administration, Accounting Concentration	447	Graduate Certificate in Information Technology Project Management	493
Certificate in Applied Management Accounting for Decision Making	455	Master of Computer Information Systems, Plan C (M.C.I.S.)	493
Certificate in Financial Accounting and Reporting	456	Department of Finance and Real Estate	494
Master of Accountancy, Plan C (M.Acc.)	456	Major in Business Administration, Finance Concentration	500
Master of Accountancy, Plan C, Data Analytics and Systems Specialization	457	Major in Business Administration, Financial Planning Concentration	518
Master of Accountancy, Plan C, Financial Analysis, Auditing, and Reporting Specialization	459	Major in Business Administration, Real Estate Concentration	526
Master of Accountancy, Plan C, Taxation Specialization	460	Minor in Real Estate	534
Business Administration	461	Graduate Certificate in Applied Finance	535

Graduate Certificate in Applied Investments	535	Major in Chemical and Biological Engineering, Advanced Materials Concentration	628
Graduate Certificate in Corporate Finance	536	Major in Chemical and Biological Engineering, Biomufacturing Concentration	632
Master of Finance, Plan C (M.Fin.)	536	Major in Chemical and Biological Engineering, Molecular Medicine Concentration	636
Department of Management	537	Major in Chemical and Biological Engineering, Sustainable Engineering Concentration	639
Major in Business Administration, Human Resource Management Concentration	543	Professional Science Master's in Biomufacturing and Biotechnology	643
Major in Business Administration, Management and Innovation Concentration	551	Department of Civil and Environmental Engineering	645
Major in Business Administration, Organization and Innovation Management Concentration	559	Major in Civil Engineering	660
Major in Business Administration, Supply Chain Management Concentration	567	Major in Environmental Engineering	664
Minor in Entrepreneurship and Innovation	575	Minor in Environmental Engineering	669
Certificate in Entrepreneurship	576	Graduate Certificate in Food-Energy-Water Systems (FEWS)	670
Certificate in Leadership in Organizations	576	Graduate Certificate in Hydraulic Design	670
Certificate in Managing Human Resources	576	Graduate Certificate in Tailings Engineering	671
Certificate in Operations, Logistics and Supply Management	577	Master of Engineering, Plan C, Civil Engineering Specialization	671
Graduate Certificate in Global Supply Chain Management	577	Department of Electrical and Computer Engineering	672
Department of Marketing	577	Major in Computer Engineering	684
Major in Business Administration, Marketing Concentration	582	Major in Computer Engineering, Aerospace Systems Concentration	689
Major in Business Administration, Sustainable Business Concentration	591	Major in Computer Engineering, Embedded and IoT Systems Concentration	693
Minor in Music Business	595	Major in Computer Engineering, Networks and Data Concentration	698
Certificate in Business-To-Business Selling	596	Major in Electrical Engineering	702
Certificate in Customer Experience Management	596	Major in Electrical Engineering, Aerospace Concentration	702
Certificate in Market Research and Data Analytics	596	Major in Electrical Engineering, Electrical Engineering Concentration	707
Certificate in Marketing Communication and Branding	596	Major in Electrical Engineering, Lasers and Optical Engineering Concentration	711
Certificate in Music Business	597	Minor in Computer Engineering	715
Certificate in Strategic Marketing	597	Graduate Certificate in Aerospace: Satellites, Radars and Remote Sensing	716
Graduate Certificate in Marketing Management	598	Graduate Certificate in Computer Systems Engineering	716
Walter Scott, Jr. College of Engineering	599	Graduate Certificate in Data Engineering	717
Master of Engineering, Plan C, Advanced Manufacturing Specialization	601	Graduate Certificate in Embedded Systems	718
Master of Engineering, Plan C, Aerospace Engineering Specialization	602	Master of Science in Computer Engineering, Plan A	718
Master of Engineering, Plan C, Biomedical Engineering Specialization	604	Master of Science in Computer Engineering, Plan B	720
Master of Engineering, Plan C, Systems Engineering Specialization	605	Master of Science in Electrical Engineering, Plan A	722
Department of Atmospheric Science	606	Master of Science in Electrical Engineering, Plan B	723
Department of Chemical and Biological Engineering	617		
Major in Chemical and Biological Engineering	621		

Master of Engineering, Plan C, Computer Engineering Specialization	725	Department of Construction Management	831
Master of Engineering, Plan C, Electrical Engineering Specialization	727	Major in Construction Management	837
Ph.D. in Computer Engineering	729	Minor in Construction Management	843
Ph.D. in Electrical Engineering	730	Master of Science in Construction Management, Plan A	844
Department of Mechanical Engineering	732	Master of Science in Construction Management, Plan B	845
Major in Mechanical Engineering	746	Department of Design and Merchandising	847
Major in Mechanical Engineering, Advanced Manufacturing Concentration	750	Major in Apparel and Merchandising	858
Major in Mechanical Engineering, Aerospace Engineering Concentration	754	Major in Apparel and Merchandising, Apparel Design and Production Concentration	859
Graduate Certificate in Advanced Manufacturing	757	Major in Apparel and Merchandising, Merchandising Concentration	864
Graduate Certificate in Aerospace Engineering	758	Major in Apparel and Merchandising, Product Development Concentration	868
Master of Engineering, Plan C, Mechanical Engineering Specialization	758	Minor in Merchandising	872
Master of Science in Mechanical Engineering, Plan A	760	Major in Interior Architecture and Design	872
Master of Science in Mechanical Engineering, Plan B	761	Major in Interior Architecture and Design, Interior Architecture Concentration	874
Ph.D. in Mechanical Engineering	762	Major in Interior Architecture and Design, Interior Products and Retailing Concentration	878
School of Biomedical Engineering	764	Graduate Certificate in Evidence-Based Design	881
Dual Degree Program: Biomedical Engineering combined with Chemical and Biological Engineering	771	Master of Science in Design and Merchandising, Plan A, Apparel and Merchandising Specialization	882
Dual Degree Program: Biomedical Engineering combined with Computer Engineering	783	Master of Science in Design and Merchandising, Plan B, Apparel and Merchandising Specialization	883
Dual Degree Program: Biomedical Engineering combined with Electrical Engineering, Electrical Engineering Concentration	788	Master of Science in Design and Merchandising, Plan A, Interior Design Specialization	884
Dual Degree Program: Biomedical Engineering combined with Electrical Engineering, Lasers and Optical Engineering Concentration	798	Master of Science in Design and Merchandising, Plan B, Interior Design Specialization	885
Dual Degree Program: Biomedical Engineering combined with Mechanical Engineering	806	Department of Food Science and Human Nutrition	886
Certificate in Global Biomedical Engineering	815	Major in Fermentation and Food Science	901
Graduate Certificate in Biomaterials and Tissue Engineering	815	Major in Fermentation and Food Science, Fermentation Science and Technology Concentration	901
Master of Science in Bioengineering	815	Major in Fermentation and Food Science, Food Science Concentration	905
Ph.D. in Bioengineering	817	Major in Fermentation Science and Technology	908
Department of Systems Engineering	818	Minor in Fermentation and Food Science	912
Master of Science in Systems Engineering	822	Major in Hospitality and Event Management	912
Doctor of Engineering in Systems Engineering	824	Major in Nutrition Science	915
Ph.D. in Systems Engineering	825	Major in Nutrition Science, Dietetics and Nutrition Management Concentration	916
Graduate Certificate in Systems Engineering Practice	827	Major in Nutrition Science, Pre-Health Nutrition Concentration	920
College of Health and Human Sciences	828	Major in Nutrition Science, Sports Nutrition and Wellness Concentration	923
Minor in Design Thinking	829	Major in Nutrition and Food Science	927
Certificate in Design Thinking	829		
Graduate Certificate in Human-Centered Design Thinking	830		

Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration	927	Major in Human Development and Family Studies, Human Development and Family Studies Concentration	1003
Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Accredited Didactic Program Option	927	Major in Human Development and Family Studies, Leadership and Advocacy Concentration	1008
Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Childhood Nutrition Option	931	Major in Human Development and Family Studies, Leadership and Entrepreneurial Professions Concentration	1014
Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Gerontology Nutrition Option	934	Major in Human Development and Family Studies, Pre-Health Professions Concentration	1019
Major in Nutrition and Food Science, Food Science Concentration	938	Major in Human Development and Family Studies, Prevention and Intervention Sciences Concentration	1024
Major in Nutrition and Food Science, Food Systems Concentration	941	Minor in Human Development and Family Studies	1030
Major in Nutrition and Food Science, Nutrition and Fitness Concentration	944	Certificate in Disability and Neurodiversity	1031
Major in Nutrition and Food Science, Pre-Health Nutrition Concentration	947	Certificate in Youth Mentoring with Campus Connections	1031
Minor in Nutrition	950	Graduate Certificate in Prevention Program Planning & Evaluation	1032
Graduate Certificate in Nutrition Sciences	951	Master of Prevention Science Practice, Plan C (M.P.S.P.)	1033
Master of Science in Food Science and Nutrition, Dietetics Option (online)	951	Master of Science in Human Development and Family Studies, Plan A	1034
Master of Science in Food Science and Nutrition, Food Science Specialization	952	Master of Science in Human Development and Family Studies, Marriage and Family Therapy Specialization, Plan A and Plan B	1035
Master of Science in Food Science and Nutrition, Nutrition Specialization	955	Master of Science in Human Development and Family Studies, Plan A, Prevention Science Specialization	1037
Ph.D. in Food Science and Nutrition, Food Science Specialization	958	Ph.D. in Applied Developmental Science	1038
Ph.D. in Food Science and Nutrition, Nutrition Specialization	960	Department of Occupational Therapy	1041
Department of Health and Exercise Science	962	Master of Science in Occupational Therapy, Plan A	1052
Major in Health and Exercise Science	968	Master of Occupational Therapy, Plan C (M.O.T.)	1054
Major in Health and Exercise Science, Exercise Science Concentration	969	Ph.D. in Occupation and Rehabilitation Science	1055
Major in Health and Exercise Science, Health Promotion Concentration	973	Doctor of Occupational Therapy (O.T.D.)	1056
Minor in Health and Exercise Science	977	School of Education	1059
Certificate in Virtual Wellness Programming	978	Major in Family and Consumer Sciences	1107
Master of Science in Health and Exercise Science, Plan A	978	Major in Family and Consumer Sciences, Family and Consumer Sciences Education Concentration	1107
Ph.D. in Human Bioenergetics	980	Major in Family and Consumer Sciences, Interdisciplinary Concentration	1111
Department of Human Development and Family Studies	981	Graduate Certificate in Adult Basic Education	1114
Major in Early Childhood Education	994	Graduate Certificate in Campus Crisis Management	1114
Major in Human Development and Family Studies	998	Graduate Certificate in Facilitating Adult Learning	1115
Major in Human Development and Family Studies, Early Childhood Professions Concentration	999	Graduate Certificate in High Impact On-Demand Learning Solutions	1115
		Graduate Certificate in Postsecondary Access and Success Programs	1116
		Graduate Certificate in Student Affairs Administration ..	1116

Graduate Certificate in Student Affairs Management of Auxiliary Enterprises	1117	Ph.D. in Social Work	1161
Master of Arts in Counseling and Career Development ..	1117	College of Liberal Arts	1163
Master of Arts in Counseling and Career Development, Plan B, Career Counseling Specialization	1117	Major in International Studies	1165
Master of Arts in Counseling and Career Development, Plan B, Clinical Mental Health Counseling Specialization	1119	Major in International Studies, Asian Studies Concentration	1165
Master of Arts in Counseling and Career Development, Plan B, School Counseling Specialization	1120	Major in International Studies, European Studies Concentration	1173
Master of Education in Education and Human Resource Studies, Plan A, Adult Education and Training Specialization	1121	Major in International Studies, Global Studies Concentration	1182
Master of Education in Education and Human Resource Studies, Plan B, Adult Education and Training Specialization	1123	Major in International Studies, Latin American Studies Concentration	1194
Master of Education in Education and Human Resource Studies, Education Sciences Specialization	1124	Major in International Studies, Middle East and North African Studies Concentration	1201
Master of Education in Education and Human Resource Studies, Educational Leadership with K-12 Principal Licensure Specialization	1125	Major in Interdisciplinary Liberal Arts	1207
Master of Education in Education and Human Resource Studies, Organizational Learning, Performance and Change Specialization	1126	Minor in Arts Leadership and Administration	1212
Master of Education in Education and Human Resource Studies, Teacher Licensure Specialization	1127	Media Studies Minor	1212
Master of Science in Student Affairs in Higher Education	1128	Graduate Certificate in Arts Management	1213
Ph.D. in Education and Human Resource Studies, Education, Equity, and Transformation Specialization	1129	Master in Arts Leadership and Cultural Management, Plan C (M.A.L.C.M.)	1214
Ph.D. in Education and Human Resource Studies, School Leadership Specialization	1131	Master of Sport Management, Plan C (M.S.M.)	1215
Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization	1132	Master of Sport Management, Plan C, Business Foundations Specialization	1216
Ph.D. in Education and Human Resource Studies, Organizational Learning, Performance, and Change Specialization	1133	Master of Sport Management, Plan C, Sport Marketing Specialization	1217
School of Social Work	1135	Master of Sport Management, Plan C, Sport Media and Communications Specialization	1218
Major in Social Work	1143	Department of Anthropology and Geography	1219
Major in Social Work, Addictions Counseling Concentration	1151	Major in Anthropology	1238
Graduate Certificate in Advanced Clinical Behavioral Health	1157	Major in Anthropology, Archaeology Concentration	1244
Graduate Certificate in Conflict Resolution and Mediation	1157	Major in Anthropology, Biological Anthropology Concentration	1249
Graduate Certificate in Nonprofit Administration	1158	Major in Anthropology, Cultural Anthropology Concentration	1254
Graduate Certificate in PreK-12 School Social Worker	1158	Minor in Anthropology	1260
Graduate Certificate in Social Aspects of Human-Animal Interaction	1159	Major in Geography	1260
Master of Social Work	1159	Minor in Geographic Information Science and Geographic Analysis	1267
		Minor in Geography	1267
		Certificate in Museum and Cultural Heritage Studies	1268
		Master of Arts in Anthropology	1269
		Master of Arts in Anthropology, The Anthropology of Health and Well-Being Specialization	1270
		Master of Arts in Anthropology, Humans and the Environment Specialization	1272
		Master of Arts in Anthropology, International Development Specialization	1274

Master of Arts in Anthropology, Professional Methods and Techniques Specialization	1279	Major in English, English Education Concentration	1409
Ph.D. in Anthropology	1281	Major in English, Language Concentration	1412
Department of Art and Art History	1283	Major in English, Linguistics Concentration	1415
Major in Art, B.F.A.	1299	Major in English, Literature Concentration	1419
Major in Art (B.F.A.), Art Education Concentration	1300	Major in English, Writing, Rhetoric and Literacy Concentration	1423
Major in Art (B.F.A.), Drawing Concentration	1304	Minor in Creative Writing	1427
Major in Art (B.F.A.), Electronic Art Concentration	1307	Minor in English	1428
Major in Art (B.F.A.), Fibers Concentration	1311	Graduate Certificate in TESOL Education	1428
Major in Art (B.F.A.), Graphic Design Concentration	1315	Master of Fine Arts in Creative Writing	1429
Major in Art (B.F.A.), Metalsmithing Concentration	1318	Master of Arts in English, English Education Specialization	1430
Major in Art (B.F.A.), Painting Concentration	1322	Master of Arts in English, Plan A, Literature Specialization	1432
Major in Art (B.F.A.), Photo Image Making Concentration	1325	Master of Arts in English, Plan B, Literature Specialization	1433
Major in Art (B.F.A.), Pottery Concentration	1329	Master of Arts in English, Plan A, TESL/TEFL Specialization	1434
Major in Art (B.F.A.), Printmaking Concentration	1332	Master of Arts in English, Plan B, TESL/TEFL Specialization	1435
Major in Art (B.F.A.), Sculpture Concentration	1336	Master of Arts in English, Writing, Rhetoric, and Social Change Specialization	1436
Major in Art, B.A.	1340	Department of History	1438
Major in Art (B.A.), Art History Concentration	1340	Major in History	1451
Major in Art (B.A.), Integrated Visual Studies Concentration	1344	Major in History, Digital and Public History Concentration	1452
Minor in Art History	1348	Major in History, General History Concentration	1457
Certificate in Art History	1348	Major in History, Language Concentration	1461
Master of Fine Arts (M.F.A.)	1349	Major in History, Social and Behavioral Sciences Concentration	1466
Department of Communication Studies	1352	Major in History, Social Studies Teaching Concentration	1470
Major in Communication Studies	1363	Minor in History	1476
Certificate in STEM Communication	1367	Master of Arts in History, Plan A, Liberal Arts Specialization	1477
Master of Arts in Communication Studies, Plan A	1367	Master of Arts in History, Plan B, Liberal Arts Specialization	1478
Master of Arts in Communication Studies, Plan B, Deliberative Practices Specialization	1368	Master of Arts in History, Public History Specialization, Cultural Resource Management & Historic Preservation Option, Plan B	1479
Ph.D. in Communication	1369	Master of Arts in History, Plan B, Public History Specialization, Museum Studies Option	1481
Department of Economics	1370	Department of Journalism and Media Communication	1482
Major in Economics	1378	Major in Journalism and Media Communication	1495
Minor in Economics	1382	Minor in Journalistic Reporting and Storytelling	1501
Certificate in Economics Studies	1382	Minor in Science Communication	1501
Certificate in International Economics	1383		
Certificate in Macroeconomics	1383		
Master of Arts in Economics, Plan A	1383		
Master of Arts in Economics, Plan B	1384		
Ph.D. in Economics	1385		
Department of English	1386		
Major in English	1403		
Major in English, Creative Writing Concentration	1404		

Graduate Certificate in Communication and Technology	1502	Master of Arts in Languages, Literatures, and Cultures, Plan A, German Specialization, Foreign Languages, Literatures, and Cultures Option	1557
Master of Science in Journalism and Media Communication	1503	Master of Arts in Languages, Literatures, and Cultures, Plan B, German Specialization, Foreign Languages, Literatures, and Cultures Option	1557
Master of Communications and Media Management, Plan C (M.C.M.M.)	1505	Master of Arts in Languages, Literatures, and Cultures, Plan A, Spanish Specialization, Interdisciplinary Option	1557
Ph.D. in Media Communication	1506	Master of Arts in Languages, Literatures, and Cultures, Plan B, Spanish Specialization, Interdisciplinary Option	1558
Department of Languages, Literatures and Cultures	1507	Master of Arts in Languages, Literatures, and Cultures, Plan A, Spanish Specialization, Foreign Languages, Literatures, and Cultures Option	1559
Major in Languages, Literatures, and Cultures	1532	Master of Arts in Languages, Literatures, and Cultures, Plan B, Spanish Specialization, Foreign Languages, Literatures, and Cultures Option	1559
Major in Languages, Literatures, and Cultures, French Concentration	1533	Department of Philosophy	1560
Major in Languages, Literatures, and Cultures, German Concentration	1536	Major in Philosophy	1569
Major in Languages, Literatures, and Cultures, Spanish Concentration	1539	Major in Philosophy, General Philosophy Concentration	1570
Major in Languages, Literatures, and Cultures, Spanish for the Professions Concentration	1543	Major in Philosophy, Global Philosophies and Religions Concentration	1572
Major in Languages, Literatures, and Cultures, Teaching Endorsement	1547	Major in Philosophy, Philosophy, Science, and Technology Concentration	1575
Interdisciplinary Minor in American Sign Language	1549	Minor in Philosophy	1578
Minor in Chinese	1550	Certificate in Ethics and Society	1579
Minor in French	1550	Certificate in World Philosophies and Religions	1580
Minor in German	1551	Master of Arts in Philosophy, Plan A	1580
Minor in Japanese	1551	Master of Arts in Philosophy, Plan B	1581
Minor in Spanish	1552	Department of Political Science	1583
Certificate in Korean Studies	1553	Major in Political Science	1595
Certificate in Spanish for Animal Health and Care	1553	Major in Political Science, Environmental Politics and Policy Concentration	1601
Graduate Certificate in French Linguistics and Literary Studies	1553	Major in Political Science, Global Politics and Policy Concentration	1606
Graduate Certificate in Spanish Linguistics and Literary Studies	1554	Major in Political Science, U.S. Government, Law, and Policy Concentration	1612
Graduate Certificate in Spanish for the Veterinary Professional	1554	Minor in Applied Environmental Policy Analysis	1617
Master of Arts in Languages, Literatures, and Cultures, Plan A, French Specialization, Interdisciplinary Option	1555	Minor in Latin American/Latinx Studies	1618
Master of Arts in Languages, Literatures, and Cultures, Plan B, French Specialization, Interdisciplinary Option	1555	Minor in Political Science	1619
Master of Arts in Languages, Literatures, and Cultures, Plan A, French Specialization, Foreign Languages, Literatures, and Cultures Option	1556	Graduate Certificate in International Security	1619
Master of Arts in Languages, Literatures, and Cultures, Plan B, French Specialization, Foreign Languages, Literatures, and Cultures Option	1556	Graduate Certificate in Political Economy	1619
Master of Arts in Languages, Literatures, and Cultures, Plan A, German Specialization, Interdisciplinary Option	1556	Graduate Certificate in Public Policy Analysis	1620
Master of Arts in Languages, Literatures, and Cultures, Plan B, German Specialization, Interdisciplinary Option	1556	Master of Arts in Political Science, Environmental Politics and Policy Specialization	1621
		Master of Arts in Political Science, Political Analysis Specialization, Plan B	1623

Master of Arts in Political Science, Power, Justice, and Democracy Specialization	1624	Major in Music (B.M.), Performance Concentration, Piano Option	1750
Master of Public Policy Administration, Plan C (M.P.P.A.)	1627	Major in Music (B.M.), Performance Concentration, Voice Option	1754
Master of Public Policy Administration, Plan C, International Policy and Management Specialization	1628	Major in Music (B.A.)	1758
Master of Public Policy Administration, Plan C, Public Management Specialization	1629	Minor in Music	1762
Master of Public Policy Administration, Plan C, Public Policy Specialization	1630	Master of Music, Choral Conducting Specialization	1763
Department of Race, Gender, and Ethnic Studies	1631	Master of Music, Collaborative Piano Specialization	1764
Major in Ethnic Studies	1641	Master of Music, Instrumental Conducting Specialization	1765
Major in Ethnic Studies, Community Organizing and Institutional Change Concentration	1644	Master of Music, Music Education Specialization	1767
Major in Ethnic Studies, Global Race, Power, & Resistance Concentration	1647	Master of Music, Music Education—Composition Specialization	1768
Major in Ethnic Studies, Social Studies Teaching Concentration	1650	Master of Music, Music Education—Conducting Specialization	1770
Major in Women's and Gender Studies	1654	Master of Music, Music Education—Kodaly Emphasis Option	1771
Minor in Ethnic Studies	1658	Master of Music, Performance Option	1773
Minor in Indigenous Studies	1659	Master of Music, Plan A, Music Therapy Specialization	1775
Graduate Certificate in Gender, Power and Difference	1660	Master of Music, Plan B, Music Therapy Specialization	1776
Master of Arts in Ethnic Studies, Plan A	1660	Ph.D. in Music Therapy	1777
Master of Arts in Ethnic Studies, Plan B	1662	Major in Theatre	1779
School of Music, Theatre, and Dance	1663	Major in Theatre, Costume Design and Technology Concentration	1780
Major in Dance	1705	Major in Theatre, General Theatre Concentration	1783
Major in Dance, B.A.	1705	Major in Theatre, Lighting Design and Technology Concentration	1787
Major in Dance, B.F.A.	1709	Major in Theatre, Musical Theatre Concentration	1790
Major in Dance, B.F.A., Dance Education Concentration	1713	Major in Theatre, Performance Concentration	1795
Major in Music (B.M.)	1717	Major in Theatre, Projection Design and Technology Concentration	1798
Major in Music (B.M.), Composition Concentration	1718	Major in Theatre, Set Design Concentration	1802
Major in Music (B.M.), Music Education Concentration .	1723	Major in Theatre, Sound Design and Technology Concentration	1805
Major in Music (B.M.), Music Education Concentration, Choral Option	1723	Department of Sociology	1809
Major in Music (B.M.), Music Education Concentration, Instrumental Option	1727	Major in Sociology	1818
Major in Music (B.M.), Music Therapy Concentration	1732	Major in Sociology, Criminology and Criminal Justice Concentration	1819
Major in Music (B.M.), Performance Concentration	1735	Major in Sociology, Environmental Sociology Concentration	1824
Major in Music (B.M.), Performance Concentration, Jazz Studies Option	1736	Major in Sociology, General Sociology Concentration	1828
Major in Music (B.M.), Performance Concentration, Orchestral Instrument Option	1742	Minor in Criminology and Criminal Justice	1832
Major in Music (B.M.), Performance Concentration, Organ Option	1746	Minor in General Sociology	1833
		Certificate in Applied Social Research	1834

Warner College of Natural Resources	1834	Major in Forest and Rangeland Stewardship, Forest Management Concentration	1932
Graduate Certificate in Sustainable Military Lands Management	1836	Major in Forest and Rangeland Stewardship, Rangeland and Forest Management Concentration	1935
Minor in Diversity and Inclusion in Natural Resources	1836	Major in Forest and Rangeland Stewardship, Rangeland Conservation and Management Concentration	1938
Minor in Geospatial Information Science for Natural Resources	1837	Major in Natural Resources Management	1942
Department of Ecosystem Science and Sustainability	1838	Major in Restoration Ecology	1946
Major in Ecosystem Science and Sustainability	1848	Minor in Ecological Restoration	1950
Major in Watershed Science	1854	Minor in Forestry	1950
Major in Watershed Science and Sustainability	1859	Minor in Range Ecology	1951
Major in Watershed Science and Sustainability, Watershed Data Concentration	1859	Graduate Certificate in Advanced Silviculture for the Practicing Forester	1951
Major in Watershed Science and Sustainability, Watershed Science Concentration	1863	Graduate Certificate in Climate Adaptation and Risk Management (CARMA)	1952
Major in Watershed Science and Sustainability, Watershed Sustainability Concentration	1868	Master of Natural Resources Stewardship, Plan C, Ecological Restoration Specialization	1952
Minor in Watershed Science	1873	Master of Natural Resources Stewardship, Plan C, Forest Sciences Specialization	1953
Graduate Certificate in Carbon Management	1873	Master of Natural Resources Stewardship, Plan C, Rangeland Ecology and Management Specialization	1954
Graduate Certificate in Water Resources	1874	Master of Natural Resources Stewardship, Plan C, Western Ranch Management and Ecosystem Stewardship Specialization	1955
Master of Science in Ecosystem Sustainability, Plan A ..	1874	Department of Geosciences	1957
Master of Science in Watershed Science, Plan A	1877	Major in Geology	1964
Master of Science in Watershed Science, Plan B	1878	Major in Geology, Environmental Geology Concentration	1965
Professional Science Master's in Ecosystem Science and Sustainability	1879	Major in Geology, Geology Concentration	1969
Ph.D. in Ecosystem Sustainability	1880	Major in Geology, Geophysics Concentration	1972
Ph.D. in Watershed Science	1883	Major in Geology, Hydrogeology Concentration	1975
Department of Fish, Wildlife, and Conservation Biology	1885	Minor in Geology	1978
Major in Fish, Wildlife, and Conservation Biology	1892	Master of Science in Geosciences, Plan A	1979
Major in Fish, Wildlife, and Conservation Biology, Conservation Biology Concentration	1893	Ph.D. in Geosciences	1980
Major in Fish, Wildlife, and Conservation Biology, Fisheries and Aquatic Sciences Concentration	1899	Department of Human Dimensions of Natural Resources	1981
Major in Fish, Wildlife, and Conservation Biology, Wildlife Biology Concentration	1905	Major in Human Dimensions of Natural Resources	1994
Minor in Fishery Biology	1911	Major in Natural Resource Tourism	1998
Graduate Certificate in Wildlife Conservation Actions	1912	Major in Natural Resource Tourism, Global Tourism Concentration	1999
Master of Fish, Wildlife, and Conservation Biology, Plan C (M.F.W.C.B.)	1912	Major in Natural Resource Tourism, Natural Resource Tourism Concentration	2002
Department of Forest and Rangeland Stewardship	1914	Graduate Certificate in Adventure Tourism	2006
Major in Fire and Emergency Services Administration ...	1924	Graduate Certificate in Agritourism Management	2006
Major in Forest and Rangeland Stewardship	1925	Graduate Certificate in Communications for Conservation	2006
Major in Forest and Rangeland Stewardship, Forest Biology Concentration	1926	Graduate Certificate in Ski Area Management	2007
Major in Forest and Rangeland Stewardship, Forest Fire Science Concentration	1929		

Master of Conservation Leadership, Plan C	2007	Major in Biological Science, Biological Science Concentration	2090
Master of Science in Environmental Leadership	2008	Major in Biological Science, Botany Concentration	2095
Master of Science in Human Dimensions of Natural Resources, Plan A	2010	Major in Zoology	2099
Master of Park and Protected Area Management, Plan C (M.P.P.M.)	2010	Minor in Botany	2104
Master of Tourism Management, Plan C (M.T.M)	2011	Minor in Zoology	2105
College of Natural Sciences	2014	Master of Science in Biological Science	2106
Major in Data Science	2015	Ph.D. in Biological Science	2108
Major in Data Science, Computer Science Concentration	2015	Department of Chemistry	2110
Major in Data Science, Economics Concentration	2019	Major in Chemistry	2121
Major in Data Science, Mathematics Concentration	2023	Major in Chemistry, Environmental Chemistry Concentration	2126
Major in Data Science, Neuroscience Concentration	2026	Major in Chemistry, Forensic Chemistry Concentration ..	2130
Major in Data Science, Statistics Concentration	2029	Major in Chemistry, Health Sciences Concentration	2134
Minor in Applied Data Science	2033	Major in Chemistry, Materials Concentration	2138
Minor in Data Science	2033	Major in Chemistry, Sustainable Chemistry Concentration	2142
Major in Natural Sciences	2034	Minor in Chemistry	2147
Major in Natural Sciences, Biology Education Concentration	2034	Master of Science in Chemistry, Plan B	2148
Major in Natural Sciences, Chemistry Education Concentration	2038	Department of Computer Science	2149
Major in Natural Sciences, Geology Education Concentration	2041	Major in Computer Science	2160
Major in Natural Sciences, Physical Science Concentration	2045	Major in Computer Science, Artificial Intelligence and Machine Learning Concentration	2161
Major in Natural Sciences, Physics Education Concentration	2048	Major in Computer Science, Computer Science Concentration	2166
Master of Natural Sciences Education, Plan C (M.N.S.E.)	2051	Major in Computer Science, Computer Science Education Concentration	2171
Professional Science Master's in Natural Sciences, Biological Data Analytics Specialization	2052	Major in Computer Science, Computing for Creatives Concentration	2175
Professional Science Master's in Natural Sciences, Microscope Imaging Technology Specialization	2054	Major in Computer Science, Computing Systems Concentration	2179
Professional Science Master's in Natural Sciences – Zoo, Aquarium, and Animal Shelter Management Specialization ..	2055	Major in Computer Science, Human-Centered Computing Concentration	2184
Department of Biochemistry and Molecular Biology	2057	Major in Computer Science, Networks and Security Concentration	2188
Major in Biochemistry	2063	Major in Computer Science, Software Engineering Concentration	2193
Major in Biochemistry, ASBMB Concentration	2064	Minor in Bioinformatics	2198
Major in Biochemistry, Data Science Concentration	2068	Minor in Computer Science	2198
Major in Biochemistry, Health and Medical Sciences Concentration	2071	Minor in Machine Learning	2199
Major in Biochemistry, Pre-Pharmacy Concentration	2075	Master of Science in Computer Science, Plan A	2200
Minor in Biochemistry	2079	Master of Computer Science, Plan C (M.C.S.)	2200
Department of Biology	2079	Department of Mathematics	2201
Major in Biological Science	2089	Major in Mathematics	2213

Major in Mathematics, Actuarial Science Concentration	2213	Graduate Certificate in Theory and Applications of Regression Models	2318
Major in Mathematics, Applied Mathematics Concentration	2217	Master of Applied Statistics, Plan C, Data Science Specialization	2318
Major in Mathematics, Computational Mathematics Concentration	2220	Master of Applied Statistics, Plan C, Statistical Science Specialization	2319
Major in Mathematics, General Mathematics Concentration	2223	College of Veterinary Medicine and Biomedical Sciences	2321
Major in Mathematics, Mathematics Education Concentration	2227	Doctor of Veterinary Medicine	2323
Minor in Mathematics	2230	Major in Biomedical Sciences	2325
Minor in Mathematical Biology	2230	Major in Biomedical Sciences, Anatomy and Physiology Concentration	2325
Department of Physics	2231	Major in Biomedical Sciences, Environmental Public Health Concentration	2330
Major in Physics	2236	Major in Biomedical Sciences, Microbiology and Infectious Disease Concentration	2335
Major in Physics, Applied Physics Concentration	2237	Department of Biomedical Sciences	2341
Major in Physics, Physics Concentration	2242	Major in Neuroscience	2347
Minor in Physics	2246	Major in Neuroscience, Behavioral and Cognitive Neuroscience Concentration	2348
Department of Psychology	2247	Major in Neuroscience, Cell and Molecular Neuroscience Concentration	2352
Major in Psychology	2266	Minor in Biomedical Sciences	2355
Major in Psychology, Accelerated Addictions Counseling Concentration	2267	Master of Science in Biomedical Sciences, Plan A	2355
Major in Psychology, Addictions Counseling Concentration	2272	Master of Science in Biomedical Sciences, Plan B	2356
Major in Psychology, Clinical/Counseling Psychology Concentration	2277	Master of Science in Biomedical Sciences, Plan B, Anatomical and Physiological Sciences Specialization	2357
Major in Psychology, General Psychology Concentration	2282	Master of Science in Biomedical Sciences, Plan B, Reproductive Technology Specialization	2359
Major in Psychology, Industrial/Organizational Concentration	2288	Ph.D. in Biomedical Sciences	2360
Major in Psychology, Mind, Brain, and Behavior Concentration	2293	Department of Clinical Sciences	2361
Graduate Certificate in Applied Positive Psychology	2299	Master of Science in Clinical Sciences	2371
Graduate Certificate in Organizational Development	2299	Department of Environmental and Radiological Health Sciences	2372
Graduate Certificate in Performance Management	2300	Minor in Environmental Health	2388
Graduate Certificate in Substance Use Disorder Identification and Treatment	2300	Graduate Certificate in Radiological and Nuclear Safety	2389
Master of Addiction Counseling in Psychology, Plan C (M.A.C.P.)	2300	Master of Science in Environmental Health, Plan A	2389
Master of Applied Industrial/Organizational Psychology, Plan C (M.A.I.O.P.)	2302	Master of Science in Environmental Health, Plan B, Environmental Health and Safety Specialization	2391
Department of Statistics	2303	Master of Science in Environmental Health, Plan A, Epidemiology Specialization	2392
Major in Statistics	2313	Master of Science in Environmental Health, Plan B, Epidemiology Specialization	2393
Minor in Statistics	2316	Master of Science in Environmental Health, Plan A, Industrial Hygiene Specialization	2394
Certificate in Sports Statistics and Analysis	2317	Master of Science in Environmental Health, Plan B, Industrial Hygiene Specialization	2395
Graduate Certificate in Data Analysis	2317		

Master of Science in Environmental Health, Occupational Ergonomics and Safety Specialization, Plan A	2397	Outreach, Research and Extension	2464
Master of Science in Radiological Health Sciences	2398	CSU System	2466
Master of Science in Radiological Health Sciences, Plan A, Health Physics Specialization	2399	Accreditation	2466
Master of Science in Radiological Health Sciences, Plan B, Health Physics Specialization	2401	University Leadership	2467
Master of Science in Toxicology, Plan A	2402	Fort Collins Community	2468
Master of Science in Toxicology, Plan B	2404	Faculty	2470
Ph.D. in Environmental Health	2405	Key to Courses	2593
Ph.D. in Environmental Health, Epidemiology Specialization	2406	Courses A-Z	2595
Ph.D. in Environmental Health, Industrial Hygiene Specialization	2408	Academic English, Adv-AEAD (AEAD)	2595
Ph.D. in Environmental Health, Occupational Ergonomics and Safety Specialization	2409	Academic English, Basic-AEBA (AEBA)	2596
Ph.D. in Radiological Health Sciences	2410	Academic English, Fndtns-AEFN (AEFN)	2597
Ph.D. in Toxicology	2411	Academic English, NonNatv- AENG (AENG)	2598
Department of Microbiology, Immunology, and Pathology	2413	Academic English, EngPgm-AEEP (AEEP)	2599
Minor in Microbiology	2425	Academic English, Int-AEIN (AEIN)	2599
Master of Science in Microbiology, Plan B	2425	Accounting-ACT (ACT)	2600
Ph.D. in Microbiology	2428	Aerospace Studies-AS (AS)	2603
Ph.D. in Pathology	2429	Agricultural Biology-AB (AB)	2606
Graduate and Professional Bulletin	2432	Agricultural Education-AGED (AGED)	2609
Admissions Requirements and Procedures	2432	Agriculture + Resrce Econ-AREC (AREC)	2611
Graduate Study	2438	Agriculture-AGRI (AGRI)	2621
Requirements for All Graduate Degrees	2438	American Studies-AMST (AMST)	2624
Evaluation of Graduate Students and Graduate School Appeals Procedure	2442	Animal Sciences-ANEQ (ANEQ)	2625
Master's Degrees	2445	Anthropology-ANTH (ANTH)	2637
Doctoral Degree	2446	Apparel + Merchandising-AM (AM)	2652
Graduate Certificates	2448	Applied Statistics-STAA (STAA)	2656
Graduate Specializations	2448	Appld Stats fr Researchrs-STAR (STAR)	2658

ACADEMIC CALENDAR

Fall Semester 2024
Spring Semester 2025
Summer Session 2025
Fall Semester 2025
Spring Semester 2026
Summer Session 2026

Fall Semester - 2024

August 19	Monday: Classes Begin
August 23	Friday: End Restricted Course Drop
August 25	Sunday: Add Without Override Deadline
August 26	Monday: Add With Override Begins Today
September 2	Monday: Holiday - University Offices Closed - No Classes
September 4	Wednesday: Census; Registration Closes (end of period for adding courses - last day for dropping courses without record entry, changes in grade option, and tuition and fee adjustment)
October 28	Monday: Spring 2025 Registration Begins
November 8	Friday: End Course Withdrawal Deadline; Repeat/Repair Deadline
November 23	Saturday: Fall Recess Begins - No Classes Next Week
November 28-29	Thursday-Friday: Holiday - University Offices Closed
December 2	Monday: Classes Resume
December 6	Friday: Last Day of Classes; Semester Withdrawal Deadline
December 9-13	Monday-Friday: Final Exams
December 13-15	Friday-Sunday: Commencement
December 17	Tuesday: Grades Due
December 25-27	Wednesday-Friday: Holiday - University Offices Closed

Spring Semester - 2025

January 1	Wednesday: Holiday - University Offices Closed
January 20	Monday: Holiday - University Offices Closed
January 21	Tuesday: Classes Begin
January 24	Friday: End Restricted Drop
January 26	Sunday: End Add Without Override
January 27	Monday: Add With Override Begins Today
February 5	Wednesday: Census; Registration Closes (end of period for adding courses - last day for dropping courses without record entry, changes in grade option, and tuition and fee adjustment)
February 11	Tuesday: Founder's Day
March 15	Saturday: Spring Recess Begins - No Classes Next Week
March 24	Monday: Classes Resume
April 18	Friday: End Course Withdrawal Deadline; Repeat/Repair Deadline
May 9	Friday: Classes End; Semester Withdrawal Deadline
May 12-16	Monday-Friday: Final Exams

May 16	Friday: Commencement
May 20	Tuesday: Grades Due

Summer Session - 2025

May 19	Monday: 1st 4-Week, 8-Week, and 12-Week Terms Begin
May 26	Monday: Holiday - University Offices Closed
June 13	Friday: 1st 4-Week Term Ends
June 16	Monday: 2nd 4-Week and 8-Week Terms Begin
June 19	Thursday: Holiday - University Offices Closed
June 25	Wednesday: Census
July 4	Friday: Holiday - University Offices Closed
July 11	Friday: 2nd 4-Week and 1st 8-Week Terms End
July 14	Monday: 3rd 4-Week Term Begins
August 8	Friday: 3rd 4-Week, 2nd 8-Week, 12-Week Terms End
August 12	Tuesday: Grades Due

Fall Semester - 2025

August 25	Monday: Classes Begin
August 29	Friday: End Restricted Drop
August 31	Sunday: End Regular Add
September 1	Monday: Holiday - University Offices Closed - No Classes
September 10	Wednesday: Census; Registration Closes (end of period for adding courses - last day for dropping courses without record entry, changes in grade option, and tuition and fee adjustment)
November 14	Friday: End Course Withdrawal Deadline; Repeat/Repair Deadline
November 22	Saturday: Fall Recess Begins, No Classes Next Week
November 27-28	Thursday-Friday: Holiday - University Offices Closed
December 1	Monday: Classes Resume
December 12	Friday: Last Day of Classes; Semester Withdrawal Deadline
December 15-19	Monday-Friday: Final Examinations
December 23	Tuesday: Grades Due
December 24-26	Wednesday-Friday: Holiday - University Offices Closed

Spring Semester - 2026

January 1	Thursday: Holiday - University Offices Closed
January 19	Monday: Holiday - University Offices Closed
January 20	Thursday: Classes Begin
January 23	Friday: End Restricted Drop
January 25	Sunday: End Regular Add
February 4	Wednesday: Census; Registration Closes (end of period for adding courses - last day for dropping courses without record entry, changes in grade option, and tuition and fee adjustment)
February 11	Wednesday: Founder's Day
March 14	Saturday: Spring Break Begins - No Classes Next Week
March 23	Monday: Classes Resume

April 17	Friday: End Course Withdrawal Deadline; Repeat/Repair Deadline
May 8	Friday: Last Day of Classes; Semester Withdrawal Deadline
May 11-15	Monday-Friday: Final Examinations
May 15	Friday: Commencement
May 19	Tuesday: Grades Due

Summer Session - 2026

May 18	Monday: 1st 4-Week, 8-Week, and 12-Week Terms Begin
May 25	Monday: Holiday - University Offices Closed - No Classes
June 12	Friday: 1st 4-Week Term Ends
June 15	Monday: 2nd 4-Week and 8-Week Terms Begin
June 19	Friday: Holiday - University Offices Closed - No Classes
June 24	Wednesday: Census
July 3	Friday: Holiday - University Offices Closed - No Classes
July 10	Friday: 2nd 4-Week and 1st 8-Week Terms End
July 13	Monday: 3rd 4-Week Term Begins
August 7	Friday: 3rd 4-Week, 2nd 8-Week, 12-Week Terms End
August 11	Tuesday: Grades Due

WELCOME TO CSU

A Message from the President

Welcome to Colorado State University! You have joined an academic community that is proudly inclusive, on a campus where you will meet mentors and life-long friends. Alongside those new friends and guided by those mentors, you will reach for extraordinary goals: To become **scholars**. To become **researchers**. To become **leaders**. To become engaged contributors to our world and shared future.

At CSU, our goal is to help you achieve these goals. **This General Catalog will help you navigate that journey, including the timelines and deadlines, choices, and decisions you must make as you pursue your CSU degree.** The General Catalog also is the best place to find the answers to questions you may have about university operations and protocols.

You will surely come across vexing questions that may have more than one right answer. *What's the one class I should absolutely sign up for this semester? What academic major will most excite and energize me? What do I want to do with my life once I leave campus? How can I begin to make an impact on the world while I am still on campus?*

For these questions, I urge you to engage with our tremendously talented and passionate faculty and staff. Go to office hours. Make—and keep—regular appointments with your advisor. Ask for help whenever you need it, over email or after class, in tutoring centers and the library. This General Catalog will help ensure you're on the right track for where you've chosen to go.

We are so excited to welcome you to CSU. We are here to support you in your pursuit of your most ambitious goals and dreams, and we know you will achieve them, becoming the scholars, researchers, leaders and engaged citizens whom we need in our world, today and tomorrow. Go Rams!

Amy Parsons
President

University Mission, Values, and Guiding Principles
Campus Map
University Welcome Center

University Mission, Values, and Guiding Principles

Mission
Values
Guiding Principles

By statute, Colorado State University is a comprehensive graduate research university with selective admission standards. Charged with offering a comprehensive array of baccalaureate, master's, and doctoral programs, it holds exclusive statewide authority for programs in agriculture, forestry, natural resources, and veterinary medicine.

Colorado State University has a unique mission in the state of Colorado. The land-grant concept of a balanced program of teaching, research, extension, public service, and engagement provides the foundation for the University's teaching and research programs, Agricultural Experiment Station, Cooperative Extension, and Colorado State Forest Service. The University has long been a leader in recognizing the rapidly changing global environment, and has a commitment to excellence in international education in its instructional, research, and outreach programs. The University continues to make education and training accessible to deserving applicants from all classes and groups, and maintains a wide range of research, extension, and public service programs in response to the needs of the people of Colorado, the nation, and the world.

In May 2010, the Board of Governors adopted the following mission statement for Colorado State University:

Mission

Inspired by its land-grant heritage, Colorado State University is committed to excellence, setting the standard for public research universities in teaching, research, service and extension for the benefit of the citizens of Colorado, the United States and the world.

CSU has further adopted the following values:

Values

- Be accountable
- Promote civic responsibility
- Employ a customer focus
- Promote freedom of expression
- Demonstrate inclusiveness and diversity
- Encourage and reward innovation
- Act with integrity and mutual respect
- Provide opportunity and access
- Support excellence in teaching and research

Guiding Principles

CSU is a community dedicated to higher learning in which all members share in pursuit of knowledge, development of students, and protection of essential conditions conducive for learning. These protections are presented in the form of university policies, applicable federal and state laws, and statements of fundamental rights and responsibilities, which

govern both the academic setting and the university community as a whole. Some of the policies and expectations described in this Catalog are among those most relevant to students, faculty, and staff; others are focused specifically on the student population but are not intended to serve as an exhaustive list of all policies that pertain to students or life on campus. A complete guide to CSU policies is available online through the University Policy Office (<https://policy.colostate.edu/>).

CSU expects students to maintain standards of personal integrity that are in harmony with the educational goals of the institution; to observe national, state, and local laws, and University regulations; and to respect the rights, privileges, and property of other people. Principles of academic honesty, respect for diversity, and pursuit of lifestyles free of alcohol and drug abuse are examples of these standards. Students are not only members of the academic community; they are, additionally, members of the larger society and thus retain the rights, protection guarantees, and responsibilities which are held by all citizens.

Commitment to Diversity

CSU has a unique mission in the State of Colorado. As a land grant university we are committed to a foundational principle of inclusive excellence recognizing that our institutional success depends on how well we welcome, value, and affirm all members of the CSU community. Only through the inclusion of the rich diversity of students, staff, faculty, administrators, and alumni can we truly be excellent in our pursuits.

Our inclusive excellence efforts hinge on four key ideas:

Broad and inclusive definition of diversity.

We recognize that to truly be inclusive we must draw attention to the depth and breadth of the diversity represented at CSU. Our definition includes age, culture, different ideas and perspectives, disability, ethnicity, first generation status, familial status, gender identity and expression, geographic background, marital status, national origin, race, religious and spiritual beliefs, sex, sexual orientation, socioeconomic status, and veteran status. We also recognize that the historical exclusion and marginalization of specific social groups must be addressed to promote equity.

Inclusiveness and excellence are interdependent.

We recognize that to continue to stay current in the global marketplace and stay relevant in an increasingly diverse world, we must embody inclusion. To practice inclusiveness is excellence.

Everyone is responsible for inclusive excellence.

All members of the campus community (administrators, faculty, staff, students, and alumni) must recognize and assume responsibility for the climate of the university. A unit or person can drive the process, but every individual at CSU assumes responsibility for positive change.

Inclusive excellence goes beyond numbers.

Historically, diversity has been gauged by demographics or numbers; we must move beyond solely numbers toward an inclusive community that embeds diversity throughout the institution in multiple areas including demographics, policies, and communications; curriculum, pedagogy, and student learning; recruitment, hiring and retention, evaluation and supervision.

Achieving inclusive excellence is a long-term commitment and must have a comprehensive broad approach, embedding appreciation of all members and inclusion best practices into the very fabric of CSU's organizational culture.

Equal Opportunity and Nondiscrimination

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity/ expression, or pregnancy in its employment, programs, services and activities, and admissions, and, in certain circumstances, marriage to a co-worker. The University will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. Colorado State University is an equal opportunity and equal access institution and affirmative action employer and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action.

The Title IX Coordinator is the Director of the Office of Title IX Programs and Gender Equity, 123 Student Services Building, Fort Collins, CO 80523-0160, (970) 491-1715, titleix@colostate.edu (titleix@colostate.edu).

The Section 504 and ADA Coordinator is the Director of the Office of Equal Opportunity, 101 Student Services Building, Fort Collins, CO 80523-0160, (970) 491-5836, oeo@colostate.edu.

The Coordinator for any other forms of misconduct prohibited by the University's Policy on Discrimination and Harassment is the Vice President for Equity, Equal Opportunity and Title IX, 101 Student Services Building, Fort Collins, Co. 80523-0160, (970) 491-5836, oeo@colostate.edu.

Any person may report sex discrimination under Title IX to the Office of Civil Rights, Department of Education: <https://www2.ed.gov/about/offices/list/ocr/docs/howto.html>.

Freedom from Personal Abuse

CSU acknowledges the right of all people to freedom from personal abuse. Abusive treatment of individuals on a personal or stereotyped basis prevents the attainment of CSU's objective to create and maintain an environment that supports, nurtures, and encourages people to excel in teaching, learning, and creativity. Therefore, CSU deplores, condemns, and will act energetically to prevent all forms of personal abuse, including sexual harassment. For statements of university policy concerning discrimination, harassment, sexual harassment, and other misconduct, see the University Policies section of this Catalog.

Principles of Community

The Principles of Community (<https://diversity.colostate.edu/resources/principles-of-community/>) support the Colorado State University mission and vision of access, research, teaching, service and engagement. A collaborative and vibrant community is a foundation for learning, critical inquiry, and discovery. Therefore, each member of the CSU community has a responsibility to uphold these principles when engaging with one another and acting on behalf of the University.

Inclusion: We create and nurture inclusive environments and welcome, value and affirm all members of our community, including their various identities, skills, ideas, talents and contributions.

Integrity: We are accountable for our actions and will act ethically and honestly in all our interactions.

Respect: We honor the inherent dignity of all people within an environment where we are committed to freedom of expression, critical discourse, and the advancement of knowledge.

Service: We are responsible, individually and collectively, to give of our time, talents, and resources to promote the well-being of each other and the development of our local, regional, and global communities.

Social Justice: We have the right to be treated and the responsibility to treat others with fairness and equity, the duty to challenge prejudice, and to uphold the laws, policies and procedures that promote justice in all respects.

Campus Map

Please visit the link below for interactive Campus Maps:

Interactive Campus Maps (<http://maps.colostate.edu/>)

University Welcome Center

Ammons Hall

The University Welcome Center in Ammons Hall serves as CSU's official front door for our visitors and friends. Located on the historic Oval, the Welcome Center offers general information about campus and the Fort Collins community.

Admissions Tours for Prospective Students

Ammons Hall is also home to the Office of Admissions. Daily information sessions and tours (<https://admissions.colostate.edu/visits-events/tours-information-sessions/>) of campus are offered most Mondays through Saturdays year-round. Tours are guided by current CSU students and highlight the University's rich traditions, collaborative academic environment and thriving campus life. In addition, prospective students can choose from a range of customized visit experiences (<https://admissions.colostate.edu/visits-events/>) including specialized visits, self-guided tours and virtual tours to learn more about CSU.

Hours, Parking, and Directions

Ammons Hall

(970) 491-6909

Monday to Friday: 8 a.m. to 5 p.m. (MT)

Saturdays for Tours

The best address to provide for navigation systems is 711 Oval Drive, Fort Collins, CO 80521.

- Welcome Center / Ammons Hall directions and parking (<https://admissions.colostate.edu/visits-events/directions-parking/#ammons>)
- Directions and parking for other popular campus destinations (<https://admissions.colostate.edu/visits-events/directions-parking/>)

Tours & Events for Community Members and Other Groups

CSU hosts a range of tour and event opportunities year-round for community members, visiting dignitaries, alumni groups and more.

- More information, including CSU events and resources that are open to the public (<https://visit.colostate.edu/>)

UNIVERSITY POLICIES

University Policies

The following is a listing of university policies that are of particular interest to students and their families. A complete guide to University Policies is available in the online CSU Policy Library (<http://policylibrary.colostate.edu/>).

Alcohol and Sexual Assault Education
Campus Safety and Clery Act
Consensual Relationships
Discrimination and Harassment
FERPA (Student Privacy)
Free Speech and Right to Peaceful Assembly
Freedom of Expression and Inquiry
Hazing
Public Health Emergency Notification
Release of Official Transcripts and Diplomas
State Authorization Compliance
Students' Responsibilities
Students' Rights
Title IX Sexual Harassment

Campus Safety and The Clery Act

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act is the landmark federal law that requires colleges and universities to disclose important security policies, annual information about crime on and around campus, and CSU's policies on drugs and alcohol. Information must also be published concerning interpersonal violence policies and resources. The entire Campus Safety (Clery Act) policy (<http://policylibrary.colostate.edu/policy.aspx?id=557>) can be found in the University's Policy Library. (<http://policylibrary.colostate.edu/policy.aspx?id=557>)

Crime Statistics—Annual Report

The Clery Compliance Committee is responsible for releasing campus crime statistics to the CSU community. The Annual Security and Fire Safety Report (<https://clery.colostate.edu/annual-security-and-fire-safety-report/>) (<http://police.colostate.edu/clery-act/>) informs the CSU community about important policies, crime prevention programs, and crime statistics for the previous three years concerning reported crimes that occurred on-campus, in certain off-campus buildings or property owned or controlled by CSU, and on public property adjoining

and throughout campus. It also contains fire safety information and the past three years' fire statistics for the residence halls.

All students and employees are notified via email that the Annual Security and Fire Safety Report is available online when the report is published each fall. It can be found year-round in full accessible text online at the security report website (<https://clery.colostate.edu/annual-security-and-fire-safety-report/>), additionally, an online, downloadable version can be viewed at the Clery website (<https://clery.colostate.edu/>), and finally, a printed copy may be requested at the CSU Police Department in Green Hall or by contacting the Clery Compliance Program Director. Archives of the reports from the past seven years will be made available upon request.

Notifications to the Campus Community of Crimes and Emergencies

Timely Warnings

Whenever a Clery crime has been reported to CSUPD and it is determined that a serious or ongoing threat to the safety of students or employees exists, the university will issue a timely warning. Anyone with information that may warrant a timely warning should report the circumstances to the CSU Police Department (<https://police.colostate.edu/>) or local law enforcement personnel, even if you are unsure whether or not a timely warning should be issued.

The university will follow certain procedures in determining whether or not a timely warning will be issued. Once the initial report of a Clery crime that may present a serious or ongoing threat to the community has been received, the CSUPD will contact members of the University's Public Safety Team to share known information about the crime and any ongoing threat to safety that may exist in connection with the crime. The Chief of Police (or designee) and other members of the Public Safety Team will determine when a timely warning should be issued.

Students and employees are strongly encouraged to sign up for the university's emergency text alert system, and to periodically check to make sure that their mobile number in the system is correct. To sign up or check your mobile number, employees can go online to the (<https://safety.colostate.edu/sign-up-for-emergency-alerts/#universitys-safety-website>) (<https://safety.colostate.edu/sign-up-for-emergency-alerts/>) and click the link for text message alerts. Students can enroll and verify their information through RamWeb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>). It only takes a few moments to sign up for emergency alerts and doing so may help save your life or the life of another.

- CSU uses the Everbridge notification system that is supported by the Larimer Emergency Telephone Authority (LETA) and activated for CSU-related emergencies by CSU personnel. This system issues email notifications to all CSU students and employees who maintain an @colostate.edu email address. Text alert notifications are also made to employees and students who have a telephone number on file with the university.
- To sign up for alerts from other agencies or for more information, please visit the LETA website at LETA911.org.
- Students and employees cannot opt out of emailed emergency messages.
- Emergency alerts, safety alerts and safety advisories are posted to the Safety website (<https://safety.colostate.edu/>) other appropriate university websites like CSU's online newsletter, SOURCE.

- Fliers or printed notices may be sent to specific offices or university community members where the threat is targeted and not immediate.
- Alerts and advisories are posted on one or more of the university's social media channels.
- Mass notifications may be made via recorded emergency telephone calls.
- In-person notifications may be made by police officers or members of the Public Safety Team to specific audiences.
- Alerts and advisories may be shared via outdoor and/or indoor digital signs located on campus.
- Parent and Family online newsletter and social media accounts ("Colorado State Parents & Families" on Facebook)
- CSU status recorded line is (970) 491-7669.
- Local media outlets may also share alerts and advisories at CSU's request.

Emergency Notifications

Whenever it is confirmed by the university that a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees is occurring on or nearby the campus (or other places where the Clery Act applies), the University will issue an emergency notification. The emergency notification is issued immediately upon confirmation that a dangerous situation or emergency exists or is threatened.

The decision to issue an emergency notification may be made by the CSU Chief of Police (or their designee), or members of the Public Safety Team. Because of the urgent nature of these notices, the university's primary objective will be to confirm whether or not such emergency conditions exist as quickly as possible, determine the content of the notification, and issue the notification without delay. The methods of issuing an emergency notification are the same as those listed for timely warnings, above.

In all emergency notifications and timely warnings, the University will follow procedures to assure that the names of crime victims are not publicly disclosed in an emergency notification. This includes a review of the content of the notification by the CSU Chief of Police (or their designee) before it is issued to be sure that such names or other information from which a crime victim could reasonably be identified are omitted or redacted from the emergency notification.

Emergency email and text notification systems will be tested periodically, using test messages.

For more information about timely warnings and emergency notification procedures, see the Annual Security and Fire Safety Report. (<https://clery.colostate.edu/annual-security-and-fire-safety-report/>)

Missing Student Notification

When a student who resides in university housing is reported missing, the University will initiate an investigation to determine whether the student is indeed missing. If there is good cause to believe the student is missing, the University may, among other measures, attempt to contact the individual or individuals designated by the student as confidential emergency contacts. Where the reportedly missing student is an unemancipated minor under the age of 18, the student's parents or guardian may be contacted. CSU Police will also be contacted, if they have not already been notified of the concern.

If you believe a CSU student is missing, you should immediately contact the CSU Police Department by calling (970) 491-6425. See the missing student notification procedures in the Annual Security and Fire Safety Report (<https://clery.colostate.edu/annual-security-and-fire-safety-report/>) for more information.

Registered Sex Offenders

The CSU Police Department is required to notify the CSU community about where public information regarding registered sex offenders can be obtained. A current listing of sex offenders is available at the Colorado Bureau of Investigation Convicted Sex Offender Site (<https://www.colorado.gov/apps/cdps/sor/>).

CSU Police Department Services

The CSU Police Department offers additional services to the CSU community.

Consensual Relationships

Consensual Relationships

CSU is committed to the principle that its personnel shall carry out their duties in an objective and ethical fashion and in an atmosphere in which conflicts of interest are identified and managed. CSU does not interfere with private choices regarding personal relationships when these relationships do not interfere with the goals and policies of CSU. However, consensual romantic or sexual relationships in which one party retains a direct supervisory or evaluative role over the other party have the potential to interfere with these goals and policies. Therefore, consistent with its commitment to objectivity and ethical behavior, CSU is required to intervene in such circumstances.

A romantic, intimate, or sexual relationship in which one individual is in a position to exercise authority over the other creates conflicts of interest and perceptions of undue advantage or disadvantage. When both parties have consented at the outset to a romantic, intimate, or sexual relationship, this consent does not remove grounds for a charge of conflict of interest, sexual harassment, or violation of applicable parts of CSU's Code of Ethical Behavior in the Faculty Manual, based upon subsequent unwelcome conduct. Pursuant to this policy, faculty members are prohibited from entering into consensual, intimate relationships with students over whom they exercise authority. Refer to the full CSU Policy on Consensual Relationships (<http://policylibrary.colostate.edu/policy.aspx?id=509>) for scope, definitions, applicability to faculty and other employees, and requirements, along with procedures for reporting any violation of such policy.

Retaliation against persons who report concerns about consensual relationships is also prohibited and constitutes a violation of this policy.

FERPA (Student Privacy)

Family Educational Rights and Privacy Act

Students have certain rights concerning their "education records" under the Family Educational Rights and Privacy Act (FERPA), as amended, 20 U.S.C. §1232g, et seq. These include:

1. **The right to inspect and review the student's education records within 45 days of the day CSU receives the request for access.**

All enrolled and former students may access their education records maintained by CSU. Written requests identifying the record(s) to be inspected should be submitted to the Office of the Registrar (<https://registrar.colostate.edu/student-privacy-ferpa/>), or, in the case of current graduate students, to the Graduate School (<https://graduateschool.colostate.edu/contact/>). The CSU official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the CSU official to whom the request was submitted, that official will advise the student of the correct official to whom the request should be addressed. In limited circumstances, a student may receive one copy of each item of information contained in the education record at a cost of \$.25 per page (charge subject to change). Information on student records requests is available on the Office of the Registrar website. (<https://registrar.colostate.edu/student-record-review-request/>)

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading and to place within the education record a statement about the contents of the record.

Students may ask CSU to amend a record that they believe is inaccurate or misleading as recorded or reported in that record. They should write the CSU official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If CSU decides not to amend the record as requested by the student, CSU will notify the student of the decision and advise the student of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information (defined below) contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Individuals and agencies that may have access to a student's records without the student's consent include "school officials," defined below, with legitimate educational interests; parents claiming a student as a dependent on their federal income tax; scholarship and other financial aid organizations supporting the student; organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, student aid programs, or to improve instruction; organizations carrying out accrediting functions of programs offered by CSU; appropriate person(s) in an emergency; and any party designated by judicial order or subpoena, provided that, except for subpoenas and orders issued for law enforcement purposes, CSU first notifies the student of the order or subpoena. Any other individual or organization must have a student's written consent to view or have access to the education record.

For purposes of disclosure of information about the student to school officials with legitimate educational interests, a "school official" is a person employed by CSU in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel in an educational role and health staff); a person or company with whom CSU has contracted (such as an attorney, auditor, or collection agent); a person serving on

the governing board of CSU; or a student serving on an official committee, or in a volunteer capacity, such as a peer mentor or member of a disciplinary or grievance committee, or assisting another school official in performing assigned tasks. Such officials have legitimate educational interests when they need to review a student's education records to fulfill their responsibilities to CSU. As an example of a company with whom CSU has contracted, CSU works with the National Student Clearinghouse which provides an Enrollment Verification Certificate and/or degree verification to students and vendors indicating whether the students are enrolled for part-time or full-time status at CSU, or have received a degree.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by CSU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605.

Furthermore, CSU may disclose students' education records without consent, upon request, to officials of other schools in which a student seeks to or intends to enroll.

Students can authorize the release of their education records through FAMweb (<http://parentsandfamily.colostate.edu/famweb/>), a secure online portal that provides limited access to a student's education records to families and trusted individuals designated by the student. In RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>), the secure online student portal, the student sets permissions to allow others to use FAMweb to access certain categories of education records that are frequently requested for release. The following types of student information can be viewed in FAMweb:

- Financial Aid
- Billing information
- Grades for the last completed term
- Unofficial transcript
- Class schedule for the semester in session
- Tax information

Directory Information

An exception to the requirement for prior authorization for release of records exists for public release of "directory information" which is published in university directories and may be released to third parties.

CSU defines "directory information" as the following:

- Student name
- Institutional E-Mail address
- Telephone number
- Major field of study
- Classification level (freshman, sophomore, junior, senior, graduate)
- Dates of attendance
- Current or previous enrollment status (full-time, three-quarter time, half-time, and/or less than half-time)
- Anticipated date/term of graduation and expected degree(s)
- Honors and degrees awarded
- Participation in officially recognized activities and sports
- Height and weight of athletic team members
- Video and photographic images of students, with the exception of the official CSU identification photograph

FERPA allows a student to limit the release of directory information. Students may choose what directory information is displayed in

the printed and online CSU directories through RAMweb (<http://ramweb.colostate.edu/>). Once they log in, students will click on the "Manage My Student Record" link under the Records heading, then the "Change my Directory Preferences" link.

Students may also request complete confidentiality of their directory information by completing the Confidentiality of Directory Information Form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/11/Request-for-Confidentiality-of-Directory-Information.pdf>). This form can also be used to remove the full confidentiality of their directory information. For more information about implications of having this confidentiality added to a student's record, please review the Confidentiality of Directory Information Form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/11/Request-for-Confidentiality-of-Directory-Information.pdf>) or contact the Office of the Registrar (registrarsoffice@colostate.edu).

Personally Identifiable (Private) Information

CSU defines Personally Identifiable (Private) Information as information, excluding Directory information, that if disclosed alone or in combination with other available information, would make it possible to identify an individual to whom the information pertains. This includes items such as a social security number; a personal identification number; a password; a pass code; an official state or government-issued driver's license or identification card number; a government passport number; biometric data, such as defined in C.R.S. § 24-73-103(1)(a); an employer or military identification number; a financial transaction device as defined in C.R.S. § 18-5-701(3); grades; financial/account information; CSU ID photo; class and work schedules; residency status; class rank; mailing address; age; birth date and place of birth. None of these items may be released without the student's permission, except as otherwise allowed by FERPA.

Students can give permission for private information to be released in two ways using the Student Permission to Release Academic Records Form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2020/05/Student-Permission-to-Release-Academic-Records-04-2020.pdf>):

1. Students can grant permission to release any available academic records related to academic advising (e.g., grades, academic standing, etc.) that the University maintains to a named recipient for one academic year.
 - If a student chooses this option, they need to submit the completed form to their academic advisor.
2. Students can grant permission for the release of one specific document (e.g., transcript) to a named recipient.
 - If a student chooses this option, they need to submit the completed form to the Office of the Registrar.

Students can also provide access to FAMweb (<http://parentsandfamily.colostate.edu/famweb/>) so support givers can log in to see information the student has chosen to provide. If the information needed is not available through FAMweb, support givers should ask their student to provide the Student Permission to Release Academic Records Form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2020/05/Student-Permission-to-Release-Academic-Records-04-2020.pdf>). If the student is unwilling or unable to provide this document, parents can contact the Dean of Student's Office to request a Parent Affidavit to request access to student information; this is only an option if they claim the student as a legal dependent on their most recent Federal Income Tax filing.

Deceased Student Information Disclosure

Due to the sensitivity and privacy issues involved in student deaths, a Confidential Information alert will be placed on the deceased student's accounts and records to block public access to all personal and academic information once verification of the death is confirmed.

Further information about CSU's FERPA policy (<http://policylibrary.colostate.edu/policy.aspx?id=591>) and related guidance and resources are available from the Office of the Registrar (<http://registrar.colostate.edu/>).

Freedom of Expression and Inquiry

The faculty of CSU considers freedom of discussion, inquiry, and expression to be in keeping with the history and traditions of our country and to be a cornerstone of education in a democracy. CSU is committed to valuing and respecting diversity, including respect for diverse viewpoints. If any members of our campus community (students, faculty, or staff) feel that they have been treated unfairly because of their views, they should contact the Student Resolution Center (<https://resolutioncenter.colostate.edu/>). The policy (<http://wsnet2.colostate.edu/cwis549/csufc/policy.aspx?id=519>) of CSU is to encourage members of the CSU community to engage in discussion, to exchange ideas and opinions, and to speak, write, and publish freely in accordance with the guarantees and limitations of our state and national constitutions.

Faculty and students have not only a right, but also a responsibility, to examine critically the insights, understandings, values, issues, and concerns which have evolved in the various areas of human activity. Consequently, it is the policy (<http://wsnet2.colostate.edu/cwis549/csufc/policy.aspx?id=519>) of the University that CSU-registered student organizations may extend invitations for guest lecturers, exhibitors, performers, and exhibitions of works of art with no restrictions of form or content other than those imposed or permissible by law. It is understood that inviting a speaker, performer, or exhibit does not imply concurrence of the CSU or of the sponsoring organization with the opinions, beliefs, or values expressed.

In exercising their rights, members of the CSU community should understand that the public may judge the institution by their actions. Hence, they should at all times strive to be honest and accurate, exercise appropriate restraint, and show appropriate respect for the opinions of others.

Free Speech and Right to Peaceful Assembly

Free Speech and Right to Peaceful Assembly

CSU acknowledges the rights of students and others to engage in free speech and to assemble in groups for peaceful purposes. At such gatherings, CSU expects the rights and privileges of all persons to be respected and that there will be no endangerment to health or safety. Such gatherings must in no way disrupt the normal conduct of University affairs or endanger University property.

CSU may, consistent with the constitution, establish reasonable regulations regarding the time, place, and manner in which persons

exercise their free speech rights to the extent necessary to prevent disruption of the normal conduct of University affairs or endangerment of health and safety of persons or damage to property. Accordingly, persons planning such assemblies on the CSU campus must coordinate their activities and plans in advance through the Lory Student Center Event Planning Services (<http://lsc.colostate.edu/services/event-planning-services/>) or Facilities Management (<https://www.fm.colostate.edu/events/>). The sponsoring individual or group must assume responsibility for compliance with all state and municipal laws and CSU policies. Assistance from staff is available to help plan such events, and the assistance of University police may be requested to help with traffic or crowds.

Any act by demonstrators or groups which interferes with the rights of others, disrupts the normal functioning of CSU, damages property, or endangers health or safety may be addressed through the University's student conduct (<https://resolutioncenter.colostate.edu/student-conduct-code/>) process. In addition, such actions may also be the basis for criminal charges by law enforcement authorities and/or result in removal from University property. Demonstrations are prohibited in any special-use facility, classroom, and in any place or manner that interferes with educational and other normal functions and operations of the institution. Demonstrators refusing to vacate premises upon request may be subject to arrest under applicable municipal and state laws.

Commercial speech may be regulated by the University to a greater extent than noncommercial speech and expressive activities. Commercial speech is any form of expression or activity that is primarily intended to advertise, market, sell, or promote goods and services on behalf of any person or entity that is not a CSU department or affiliated organization. Soliciting for contributions or donations is included in the definition of commercial speech. The University is under no obligation to make any campus areas or facilities available for commercial activities. When permitted, commercial speech should promote an educational, rather than commercial atmosphere on campus, prevent exploitation of students, and preserve the tranquility of the campus.

To learn more about the University's policy on the rights to free speech and peaceful assembly, visit the CSU Policy Library website (<http://policylibrary.colostate.edu/policy.aspx?id=696>).

Hazing

Hazing

Hazing is against the law in Colorado and is a violation of the **Student Conduct Code** that may result in discipline of individuals and student organizations who engage in such conduct. Hazing means any act that endangers the mental, physical, or emotional health or safety of a student, or that destroys or removes public or private property for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or student organization. It includes participating in, condoning, encouraging, requiring, or allowing an opportunity for hazing. A hazing violation may occur even when the victim expressed or implied consent. For more information regarding hazing, resources available to students who may encounter it, and how to report instances of hazing, see the **CSU End Hazing website**.

Discrimination and Harassment

Discrimination and Harassment

Colorado State University is a land-grant institution committed to offering access in its educational, scholarly and outreach activities to all individuals representative of our multi-cultural society and providing an environment of excellence in which all individuals can participate to the full level of their capabilities, realize their aspirations and contribute to the global society in which we live. In this pursuit, the University is committed to providing an environment that respects the dignity and worth of every member of its community and strives to create and maintain a work and study environment that is equitable, inclusive, and responsible so that each member of the University community is treated with dignity and respect and is rewarded for relevant considerations such as ability and performance. As a means of achieving these goals and to prevent harm arising from discrimination and harassment, the University prohibits discrimination and harassment, including sexual harassment and retaliation, by or against any member of or visitor to CSU.

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy. Such an environment is necessary to a healthy learning, working, and living atmosphere because discrimination and harassment undermine human dignity and the positive connections among all people at our university.

The university's full policy regarding discrimination and harassment can be found in the policy library (<http://wsnet2.colostate.edu/cwis549/csufc/policy.aspx?id=710>). Any university community member or individual who is directly involved in, observes, or reasonably believes that discrimination or harassment may have occurred can submit a report to the Office of Equal Opportunity.

Title IX Sexual Harassment

TITLE IX SEXUAL HARASSMENT

CSU is committed to providing an environment that respects the dignity and worth of every member of its community. CSU strives to create and maintain a work and study environment that is equitable, fair, and inclusive, so that each member of the CSU community is treated with dignity and respect and is rewarded for relevant considerations such as ability and performance. CSU has adopted a **sexual harassment policy** to define the types of conduct that are prohibited and to prevent harm

arising from sex discrimination, which includes sexual harassment. In turn, sexual harassment includes sexual assault, domestic violence, dating violence, stalking, and retaliation, including prohibited conduct defined under Title IX of the Higher Education Amendment of 1972. Conduct that is discriminatory or harmful under the policy inhibits the achievement of the stated goals. All students, faculty, staff, and other persons having business with CSU are expected to know and follow this policy.

Details regarding what constitutes sexual harassment under Title IX, how to make a report of sexual harassment, what is involved in a report and the procedures for informal and formal resolution are available from the **Office of Title IX Programs and Gender Equity** for matters involving students. For matters involving non-students such as faculty, staff, affiliates, or visitors please refer to the Office of Equal Opportunity (<https://oeo.colostate.edu/>). CSU has appointed a Title IX Coordinator, whose contact information is:

Araña Muñoz, Title IX Coordinator
Colorado State University

titleix.colostate.edu (<https://titleix.colostate.edu/>)

Alcohol and Sexual Assault Education

CSU is committed to providing a safe campus for all students and promoting a culture of respect, dignity, and safety. As a result, CSU requires students to complete the Sexual Assault Prevention and AlcoholEdu online programs.

All students admitted to CSU, regardless of age or status, are required to complete the Sexual Assault Prevention online module. Students learn about consent, how to help a friend, and how to safely intervene in a potentially dangerous situation. Built in collaboration with leading researchers and practitioners, Sexual Assault Prevention is an interactive module designed to engage and empower students to create safe and healthy campus environments. This course meets the educational mandate of the 2013 Federal Campus Sexual Violence Elimination Act.

AlcoholEdu for College is an interactive, online program designed to inform students about how alcohol and other substances affect the body, mind, perceptions, and behaviors. The research-based course offers accurate information in a non-judgmental tone, while providing personalized feedback that encourages students to consider their own substance use decisions and those of their peers. This course also provides differentiated pathing for students based on their previous drinking experiences and includes dedicated pathing for non-drinkers and students in recovery. **Undergraduate students under age 23 must complete the AlcoholEdu Program.** Even if students don't use substances, they may still be impacted by substance use in the college environment.

Incoming students who must meet these requirements can access the online programs through RAMweb thirty-five (35) days in advance of the first day of classes on their first enrolled semester at CSU.

More information about these important programs is available on the CSU Health Network New Student Checklist web page (<https://health.colostate.edu/new-student-checklist/>).

Public Health Emergency Notification

In response to a public health emergency, the University may take any action in order to comply with any law, executive order, public health emergency order, and/or public health guidelines or recommendations, including without limitation temporarily closing or limiting access to campus and campus facilities, such as classrooms, offices, and on-campus housing, as well as temporarily closing or modifying university operations and modifying the method of academic instruction from in-person to remote or online instruction, or such other academic modifications as may be reasonable, practicable and necessary in response to a public health emergency.

In order to help protect the health and safety of the campus community and minimize disruption to the normal conduct and operations of the university, all students are required to comply with all university policies, procedures, protocols, directives and guidelines, including those relating to public health emergencies ("Public Health Emergency Rules"). The Public Health Emergency Rules may be updated, supplemented, or modified by the university at any time and for any reason, including but not limited to, complying with revised executive orders, public health orders or public health guidelines. Although the University takes reasonable steps to minimize risks to public health, the University cannot and does not guarantee protection from illness or complications that may result from illness. Students are responsible for educating themselves regarding all potential risks associated with a contagious disease and/or any other public health emergency and are required to take all necessary and reasonable steps to protect their health against contagious diseases and/or public health emergencies. Students voluntarily assume all risks related to exposure to contagious diseases and/or public health emergencies.

Tuition and fees for any academic year are approved by the Board of Governors of the Colorado State University System and are posted by the university. Students are advised that, in response to a public health emergency or potential public health emergency, some or all instruction for all or part of any particular academic year may be delivered remotely. Tuition and fees have been set regardless of the method of instruction and will not be refunded in the event instruction occurs remotely, in whole or in part, for any part of the academic year. *(Effective June 5, 2020 by Board Resolution)*

Release of Official Transcripts and Diplomas

PURPOSE OF THIS POLICY

This policy is in response to, and in accordance with, C.R.S. §23-5-113.5 (<https://advance.lexis.com/documentpage/?pdmfid=1000516&crd=d4dbb687-c8ee-4423-9f44-fa967dfc0fb2&nodeid=AAXACAABAAOAAW&nodepath=%2FROOT%2FAAX%2FAAXAAC%2FAAXAACAB%2FAAXAACABAAO%2FAAXACAABAAOAAW&level=5&haschildren=&populated=false&title=23-5-113.5+Prohibition+on+withholding+transcripts+and+diplomas+%E2%80%94+postsecondary+institution+%E2%80%94+remedy+%E2%80%94+definitions.&config=014FJAAYNGJkY2Y4Zi1mNjgyLTRkN2YtYmE4OS>

%2Fshared%2Fdocument%2Fstatutes-legislation%2Furn%3AcontentItem%3A6598-TSF3-GXF6-80F2-00008-00&eomp=vg1_9kk&prid=cb958896-81bc-495d-a8bc-7e4c36839511), "Prohibition on withholding transcripts and diplomas – postsecondary institution – remedy – definitions." C.R.S. §23-5-113.5 requires postsecondary institutions to adopt a policy outlining how a student may obtain a transcript or diploma. Additionally, this policy must outline:

1. The process whereby a transcript or diploma may be withheld from a current or former student who owes a debt;
2. The process for verification of conditions the current or former student may demonstrate to receive an exemption under subsection (2) of the legislation;
3. An opportunity to establish a Payment Plan;
4. Identification of the point at which a student will no longer be able to register for classes due to a debt load;
5. Identification of the point at which a student may be subject to a transcript, diploma, or registration Hold; and
6. The lowest amount of debt at which the institution will assign the debt to a third-party collection agency.

APPLICATION OF THIS POLICY

This policy applies to all current and former students who have an outstanding debt owed to the university and request an official transcript or diploma.

EXEMPTIONS FROM THIS POLICY

None.

DEFINITIONS USED IN THIS POLICY

Diploma: for purposes of this policy, "diploma" refers to the official diploma of Colorado State University which signifies the completion of a degree program.

Hold: an administrative restriction that prevents a student, or former student, from performing a specific action (such as registering for classes or receiving a transcript).

Payment Arrangement: an agreement between the university and a former student that allows the former student to make recurring payments to reduce and eventually eliminate a debt owed to the university.

Payment Plan: an agreement between the university and a current student that allows the student to distribute payment of their account balance over a defined period.

Returned Financial Aid: Title IV financial aid funds that a current or former student owes to the university due to miscalculation, withdrawal, misinformation, or other reasons.

Transcript: for purposes of this policy, "Transcript" refers to the official academic transcript of Colorado State University which includes a person's coursework and level of achievement.

Transcribed: a person's coursework and level of achievement has been entered into the official and formal records of a college or university.

POLICY STATEMENT

Official academic Transcripts at Colorado State University (CSU) may be obtained by currently enrolled and former students by following the process defined by the Office of the Registrar. Instructions for ordering Transcripts are posted on the Office of the Registrar website. Transcripts will only be released to the person whose academic records are Transcribed unless an academic records release form signed by the individual whose academic records are Transcribed is presented.

Academic degrees (e.g., Bachelor of Arts) are conferred after a student meets all requirements for their program of study. Upon conferral of a degree, a Diploma is awarded to the graduated student.

Holds that prevent the release of Transcripts and/or Diplomas may be applied to the academic record of current and former students for a variety of reasons including, but not limited to, an outstanding account balance greater than a defined threshold, failure to participate in a loan exit interview as required by federal law, disciplinary reasons, etc. A Transcript or Diploma will not be released to a student or former student until the conditions of the Hold have been satisfied or other conditions, as described below, have been met.

POLICY PROVISIONS

Financial Holds Preventing the Release of Transcripts and Diplomas

A financial Hold preventing the release of Transcripts and Diplomas will be added to the academic record for all currently enrolled and former students who have an outstanding debt of any amount to Colorado State University due to unpaid tuition, room and board, or Returned Financial Aid. This Hold will be removed once the debt due to unpaid tuition, room and board, or Returned Financial Aid falls below the defined threshold.

Conditions for Releasing Transcripts and/or Diplomas When a Financial Hold is Present

Currently enrolled and former students may request the financial Hold preventing the release of Transcripts and Diplomas be temporarily lifted if:

1. **The Transcript or Diploma is required for a job application**
2. **The Transcript or Diploma is required for the military (Active Duty, National Guard, or Reserves)**
3. **The Transcript or Diploma is required for a financial aid application (federal, state, or institutional)**
4. **The Transcript or Diploma is required to apply to another college or university**
5. **The Transcript or Diploma is required to apply for other postsecondary opportunities**

To request the Hold be temporarily lifted, the student must provide CSU their student ID, name, and a copy of the application document listed above demonstrating the requirement for a Transcript or Diploma, via the process outlined on the Office of the Registrar website. If granted, the Hold will be lifted only for as long as it takes to generate the requested Transcript or Diploma. International students may be excluded from having Holds temporarily lifted, per state law. Requesters will pay the normal transaction fees for Transcript and Diploma requests, as published on the Office of the Registrar website. Approval of a request to temporarily lift a Hold preventing the release of Transcripts and Diplomas does not constitute a waiver of the ordering and mailing fees that are due at the time of placing an order.

Payment Plans and Arrangements

Currently enrolled students are encouraged to establish a Payment Plan, if needed. Students participating in a Payment Plan will be exempt from receiving financial Transcript, Diploma and registration Holds while on an active payment plan.

Former students are encouraged to establish a Payment Arrangement with the university. A Payment Arrangement will allow a former student to make periodic payments to reduce their debt owed to CSU. All financial Holds will remain in place until the debt falls below the defined threshold.

Collections

Unpaid student accounts will be turned over to a third-party collection agency when they become at least 120 days past due. If the balance is not paid in full the student will be responsible for paying any late payment charges, collection agency fees, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. Financial Holds preventing the release of Transcripts and Diplomas will remain in effect until the debt owed for tuition, room and board, or Returned Financial Aid falls below the defined threshold.

Financial Holds Preventing Registration

A financial Hold preventing registration for classes will be added to the academic record for all currently enrolled and former students who have an outstanding debt to Colorado State University greater than the defined threshold. This Hold will be removed from the student record once the outstanding debt is reduced to an amount below the defined threshold. Currently enrolled students participating in an active Payment Plan are exempt from financial registration Holds.

Complaints

Complaints related to this policy may be submitted to the Colorado student loan Ombudsperson.

COMPLIANCE WITH THIS POLICY

Compliance with this policy is required. For assistance with interpretation or application of this policy, contact the Office of the Registrar.

APPROVALS

Approved by: Amy L. Parsons, President, March 20, 2023

Students' Rights

As members of the CSU community, students can reasonably expect the following:

1. Students have the right to freedom from discriminatory harassment on the basis of race, color, gender identity or expression, sexual orientation, genetic information, religion, creed, political beliefs, veteran status, pregnancy, national origin or ancestry, age, or disability.
2. The University shall not interfere with the rights of students to join associations.
3. Students should have accurate information relating to maintaining acceptable academic standing, graduation requirements, program student learning outcomes, and individual course objectives and requirements.

4. Student records will be maintained in keeping with the Family Educational Rights and Privacy Act of 1974 and subsequent amendments and the guidelines for implementation.
5. In all instances of general discipline, academic discipline, and academic evaluation, the student has the right to fair and impartial treatment.
6. CSU considers freedom of inquiry and discussion essential to a student's educational development. Thus, the University recognizes the right of all students to engage in discussion, to exchange thought and opinion, and to speak, write, or print freely on any subject in accordance with the guarantees of Federal and State constitutions. This broad principle is the cornerstone of education in a democracy.
7. Students have the right to be free from illegal searches and seizures.
8. Students have the right to freely exercise their full rights as citizens. In this light, the University affirms the right of students to exercise their freedoms without fear of University interference for such activity.

Victims' Rights

Resources

Student Bill of Rights

The Colorado Student Bill of Rights, Colo. Rev. Stat. § 23-1-125, guarantees certain rights and expectations for various aspects of student academic life including advising, transferability of credits, and degree completion.

One such right is that a student may enter into an agreement with the University to formalize a plan to obtain a degree in four years (§ 23-1-125(1)(b), C.R.S.). CSU supports this timeline for graduation by publishing advising guidelines under which a student may expect to graduate in four years, and also maintains Major Completion Maps. Major Completion Maps are designed to assist students and their advisors in building a semester-by-semester course schedule that will enable students to complete their baccalaureate degree within the minimum number of semesters established in the major's program of study. Major Completion Maps have been approved through the University's curriculum process. Review CSU Major Completion Maps on the "Major Completion Map" tab for each undergraduate program of study listed in this General Catalog.

There are some majors that a student may not be able to complete in four years because of additional degree requirements recognized by the Colorado Department of Higher Education.

The Bill of Rights also includes:

§ 23-1-125. Commission directive - student bill of rights - degree requirements - implementation of core courses - competency test - prior learning

1. Student bill of rights. The general assembly hereby finds that students enrolled in public institutions of higher education shall have the following rights:
 - a. Students should be able to complete their associate of arts and associate of science degree programs in no more than sixty credit hours or their baccalaureate programs in no more than one hundred twenty credit hours unless there are additional degree requirements recognized by the commission;
 - b. A student can sign a two-year or four-year graduation agreement that formalizes a plan for that student to obtain a degree in two or four years, unless there are additional degree requirements recognized by the commission;
 - c. Students have a right to clear and concise information concerning which courses must be completed successfully to complete their degrees;
 - d. Students have a right to know which courses are transferable among the state public two-year and four-year institutions of higher education;
 - e. Students, upon completion of core general education courses, regardless of the delivery method, should have those courses satisfy the core course requirements of all Colorado public institutions of higher education;
 - f. Students have a right to know if courses from one or more public higher education institutions satisfy the students' degree requirements;
 - g. A student's credit for the completion of the core requirements and core courses shall not expire for ten years from the date of initial enrollment and shall be transferrable [sic].

Students' Rights Regarding Their Education Records

Students have certain rights concerning their "education records" under the Family Educational Rights and Privacy Act (FERPA), as amended, 20 U.S. 1232g et. seq. Please see the FERPA (Student Privacy) section of this catalog for more information on FERPA.

Right to Discuss Concerns with Department Heads/Chairs

Academic department heads are expected to incorporate student input into decisions affecting academic instruction, advising, and student learning assessment. This input usually takes form through departmental advisory committees and student evaluation of faculty members. Individual students, however, may make appointments with their department heads to discuss specific problems, plans, or suggestions.

Right to File a Grade Appeal

Instructors are responsible for stating clearly the instructional objectives of the course at the beginning of each term and for evaluating student achievement in a manner consistent with these objectives. Students are responsible for maintaining standards of academic performance

established for each course in which they are enrolled. Instructors are responsible for determining and assigning final course grades. Graded examinations, papers, and other materials used as a basis for evaluating a student's achievement will be available to the student for inspection and discussion.

Students may appeal instructors' grading decisions. The burden of proof, however, rests with the student. More information is available in Grading.

Right to File a Complaint

CSU is committed to treating all students fairly and respectfully. CSU's policies that apply to students are published annually in the General Catalog, in addition to those found in other resources from individual departments and offices. In an instance of perceived violation of a CSU policy, a student may file a complaint in accordance with the Student Complaint Reporting (<http://policylibrary.colostate.edu/policy.aspx?id=603>) policy.

When a student encounters a problem on campus that they do not know how to resolve, they should always try to work the problem out by first discussing it with those involved. Dealing with concerns in the most direct and honest fashion should always be the first step toward resolution. Many problems are resolved when a student makes an appointment with a faculty or staff member and calmly and honestly communicates their concerns.

If, however, an issue or problem still exists, a student may initiate the formal complaint procedures at CSU. All formal complaints must be put in writing and must be signed by the student (including electronic or digital facsimile signatures clearly attributable to the student—for example, the student's name in an email message received from their CSU email account). A Student Complaint Form is provided as a tool for presenting a written complaint, but is not required.

Procedures for Filing a Written Complaint

1. Attempt an informal resolution of the matter as noted above.
2. Complete the Student Complaint Form (<https://studentaffairs.colostate.edu/resource/student-complaint-form/>) and mail, email, or deliver it to the VPSA by mail, email, or campus delivery to:

Vice President for Student Affairs
Attn: Dean of Students
201 Administration Building
8004 Campus Delivery
Fort Collins, CO 80523-8004

Email: VPSA@colostate.edu

Phone: (970) 491-5312

The VPSA Office will notify you with an acknowledgement that the complaint was received.

NOTE: All Student Complaints must be submitted in writing. A complaint reported by telephone will not be considered as submitted for review.

Complaint Review and Resolution Process

The VPSA Office is not an advocate for any party to a dispute but is an advocate for a fair process. Acting as a neutral, third party, the Dean of Students or their designee will first attempt to resolve the complaint

by working with the student and the appropriate CSU employees and officials to assure a fair process. The Dean of Students may refer the matter to the Student Resolution Center for assistance in attempting an informal resolution. This assures that the complaint is considered by the appropriate officials and receives an impartial review.

If the matter is not able to be resolved informally, the Dean of Students will forward the complaint to the appropriate CSU Vice President or other official for further review and attempt to resolve the matter. If the matter is still not resolved to the Student's satisfaction, the Dean of Students will help identify other resources that may be available to the Student including any appeals that may be available from agencies external to CSU, including the Colorado Department of Higher Education (CDHE) and Higher Learning Commission (HLC). Contact information for these agencies is provided in the full policy document (<http://policylibrary.colostate.edu/policy.aspx?id=603>).

The complete policy and procedures for filing a student complaint is available through the Policy Library (<http://policylibrary.colostate.edu/>).

Academic Assessment

CSU is committed to providing a quality education for all its students. The regular evaluation of student learning, performance, and educational experience is fundamental to the continuous improvement of CSU's academic programs. All academic programs at CSU, including All-University Core Curriculum, have student learning outcomes that are assessed regularly. Student coursework may be randomly selected and used for such assessments. Student identities will not be shared in the collection, review, or sharing of assessment results, and grades will not be affected. Student participation is essential to understanding learning outcomes, and students and alumni may be asked to engage in a variety of assessment activities including surveys and focus groups.

Students may contact the Office of Institutional Research, Planning and Effectiveness (IRPE) (<https://www.ir.colostate.edu/>) with questions or concerns about assessment activities at CSU.

Right to Seek Membership in Student Organizations

CSU officially recognizes a great variety of student organizations. Policies established by the Board of Governors prohibit any recognized student organization from excluding students from membership on the basis of race, age, creed, color, religion, national origin, ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy.

All recognized student organizations must assure CSU that their membership policies and procedures are in compliance with this policy. Local chapters of regional, national, or international organizations must assure CSU that membership policies of the parent organization do not require the local chapter to exclude any student from membership on the basis of race, age, creed, color, religion, national origin, ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy.

Victims' Rights

The University is committed to providing appropriate support and referrals to persons who have been the victims of crimes or violations

of University Policy or the Student Conduct Code. A victim of another person's unlawful or prohibited actions may seek personal support, explore options, and report the incident.

Confidential services are available through the Victim Assistance Team (<http://www.wgac.colostate.edu/support/>), Mental Health Services (<https://health.colostate.edu/about-counseling-services/>), CSU Health Network (<http://health.colostate.edu/>), and Student Legal Services (<http://sls.colostate.edu/>). Other University agencies may be required by law and University policy to take appropriate action when notified. Victims may receive assistance from other appropriate University resources, such as relocation within or to campus housing; academic support services; notification of appropriate persons/agencies; and, at the victim's request, University cooperation in using University procedures to deter harassment or retribution.

Students are encouraged to report complaints of:

- Sexual harassment or discrimination to the Office of Equal Opportunity (<http://oeo.colostate.edu/>); (<http://oeo.colostate.edu/>)
- Crimes to the Colorado State University Police (<http://police.colostate.edu/>);
- Violations of the Student Conduct Code to University Housing staff (<https://housing.colostate.edu/halls/policies/>) or Student Conduct Services (<https://resolutioncenter.colostate.edu/student-conduct-code/>);
- Interpersonal and sexual violence to the Office of Equal Opportunity-Title IX (<https://oeo.colostate.edu/title-ix-sexual-harassment/>), Office of Support and Safety Assessment (<https://supportandsafety.colostate.edu/>), Colorado State University Police (<http://police.colostate.edu/>), and Victim Assistance Team (<http://www.wgac.colostate.edu/support/>) (confidential resource);
- Violations of their right to free speech in the classroom directly to the instructor involved or the department chair or Conflict Resolution Services (<https://resolutioncenter.colostate.edu/conflict-resolution-services/>) at the Student Resolution Center.

Sexual Misconduct Reporting Exemption: The University encourages reporting of sexual misconduct by the impacted party or others who are aware of sexual misconduct incidents. To encourage reporting, it is the practice of Student Conduct Services (<https://resolutioncenter.colostate.edu/student-conduct-code/>) to not charge reporting parties for other, lesser violations of this Student Conduct Code that may be related to the sexual misconduct incident. For example, a student who may have been under the influence of drugs or alcohol at the time of experiencing or witnessing a sexual misconduct incident will not be charged with drug or alcohol violations in connection with the reported incident.

Resources

Students who have questions, concerns, or need assistance with application of rights listed above may contact the pertinent resource including: Student Resolution Center, Office of the Vice President for Student Affairs, Office of Equal Opportunity, Provost/Executive Vice President's Office, or academic department office. If unclear as to which

office to approach, begin with the Student Resolution Center (<https://resolutioncenter.colostate.edu/>).

Students' Responsibilities

Through curricular and co-curricular programs, students at CSU develop knowledge and skills to engage as respectful citizens in a diverse society, recognize the implications of their many choices, and become ethically responsible individuals. The policies that follow reflect CSU's continuing commitment to uphold the highest standards of ethical responsibility and conduct.

Classroom Behavior
Student Health Insurance Requirement
First Year Residence Hall Requirement
Academic Integrity/Misconduct
CSU Student Conduct Code

Classroom Behavior

The classroom instructor is responsible for controlling the conduct of the class and the demeanor and behavior of the students in exercising classroom discipline, subject to accepted departmental, college, and University standards and practices. CSU policy permits only enrolled students, persons authorized by the instructor, and administrative personnel to be admitted to instructional areas during scheduled periods. CSU policy and Colorado state law also prohibit all forms of disruptive or obstructive behavior in academic areas during periods of scheduled use or any actions which would disrupt scheduled academic activity. Use of classrooms and other areas of academic buildings during nonscheduled periods is permitted only in accordance with departmental, college, or CSU practices.

Any person or persons in unauthorized attendance or causing a disturbance during scheduled academic activity shall be identified by the instructor and asked to leave. Persons refusing such a request may be removed by the CSU police and are liable to legal prosecution and/or disciplinary action.

Student Health Insurance Requirement

Domestic students taking six or more resident instruction credits, and all INTO and international students enrolled in any credit level, are required to have health insurance. Eligible students will be automatically enrolled in the CSU Student Health Insurance Plan (<http://health.colostate.edu/student-health-insurance/>) unless they waive coverage by showing proof of private health insurance.

First Year Residence Hall Requirement

Experience and research has demonstrated that students who live on campus adjust to college life faster, have higher GPAs, and are more likely to graduate than students who live off campus. For this reason, all newly admitted first-year students without previous college experience, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall (<https://housing.colostate.edu/halls/policies/>).

Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) do not apply toward living experience.

Academic Integrity/Misconduct

The foundation of a university is truth and knowledge, each of which relies in a fundamental manner upon academic integrity and is diminished significantly by academic misconduct. Academic integrity is conceptualized as doing and taking credit for one's own work. A pervasive attitude promoting academic integrity enhances the sense of community and adds value to the educational process. All within the University are affected by the cooperative commitment to academic integrity.

Course instructors and departments shall work to enhance a culture of academic integrity at the University.

Each course instructor shall state clearly in their course syllabus that the course will adhere to the Academic Integrity Policy of the Colorado State University General Catalog and the Student Conduct Code. The TILT Academic Integrity website provides examples of possible wordings for the course syllabus (<https://tilt.colostate.edu/Integrity/FacultyResources/AddressAM/>).

By the end of the second week of the course and/or in the course syllabus, the course instructor shall address academic integrity as it applies to their course components, such as homework, written assignments, lab work, group projects, quizzes, and exams. Examples of items to address include, but are not limited to, the use of class notes, study sheets, and solution manuals; appropriate uses of sources, Internet or otherwise; receiving assistance from others; and the use of prior work.

The course instructor shall decide which course components will use an honor pledge. For those course components, the course instructor shall provide the opportunity for students to sign an affirmative honor pledge. The honor pledge shall include one of the following statements and may be expanded according to instructor, department, or college practices and policies:

HONOR PLEDGE: I have not given, received, or used any unauthorized assistance.

HONOR PLEDGE: I will not give, receive, or use any unauthorized assistance.

A course instructor may offer the student the opportunity to write out the pledge if deemed practicable. Students may be given the opportunity to include an honor pledge along with electronic submissions of their work. A student's decision to forego signing the honor pledge shall not be used as evidence of academic misconduct and shall not negatively impact a student's grade.

Academic misconduct (see examples below) undermines the educational experience at Colorado State University, lowers morale by engendering a skeptical attitude about the quality of education, and negatively affects the relationship between students and course instructors.

Students are encouraged to positively impact the academic integrity culture of CSU by reporting incidents of academic misconduct.

Course instructors are expected to use reasonably practical means of preventing and detecting academic misconduct. Any student found responsible for having engaged in academic misconduct will be subject to academic penalty and/or University disciplinary action.

Examples of academic misconduct include (but are not limited to):

1. **Cheating:** Cheating includes using unauthorized sources of information and providing or receiving unauthorized assistance on any form of academic work or engaging in any behavior specifically prohibited by the instructor in the course syllabus or class presentation.
2. **Plagiarism:** Plagiarism includes the copying of language, structure, images, ideas, or thoughts of another, and representing them as one's own without proper acknowledgment, and is related only to work submitted for credit. Also included is the failure to cite sources properly; sources must always be appropriately referenced, whether the source is printed, electronic or spoken.
3. **Unauthorized Possession or Disposition of Academic Materials:** Unauthorized possession or disposition of academic materials includes the unauthorized selling or purchasing of examinations, term papers, or other academic work; stealing another student's work; and using information from or possessing exams that an instructor did not authorize for release to students.
4. **Falsification:** Falsification encompasses any untruth, either verbal or written, in one's academic work.
5. **Facilitation of any act of Academic Misconduct:** Facilitation of any act of academic misconduct includes knowingly assisting another to commit an act of misconduct.

(Academic Integrity policies appear in the Graduate and Professional Bulletin, the Faculty and Administrative Professional Manual, and the Honor Code of the Professional Veterinary School and the School of Public Health as applicable.)

Procedures for Dealing with Academic Misconduct

Instructors shall adhere to the following procedures when they allege that academic misconduct has occurred:

If a course instructor has information that suggests a student has engaged in academic misconduct in their course, prior to assigning any academic penalty, the course instructor shall notify the student of the concern and make an appointment with the student to discuss the concern. The student shall be given the opportunity to give their position on the matter. After being given this opportunity, if the student admits to engaging in academic misconduct, or if the course instructor judges that the information supports the allegation of academic misconduct, the course instructor may then assign an academic penalty. The course instructor may choose to refer the case to Student Conduct Services in the Student Resolution Center for a hearing before deciding on a penalty. The course instructor shall notify the student in writing of the infraction and the academic penalty to be imposed. A copy of this notification shall be sent to Student Conduct Services. Examples of academic penalties include assigning a reduced grade for the work, assigning a failing grade in the course, removing the Repeat/Repair option for that course, or other lesser penalty as the course instructor deems appropriate.

If, after making reasonable efforts, the course instructor is unable to contact the student or is unable to collect all relevant information before final course grades are assigned, they shall assign an interim grade of Incomplete and notify the student in writing of the reason for this action.

If evidence of academic misconduct is discovered after the final course grades have been submitted, the course instructor shall follow the above procedure in properly notifying the student and providing an opportunity for the student to give their position on the matter before

making a decision about any academic penalty. The course instructor must notify the student in writing of the infraction and any academic penalty subsequently imposed. A copy of this notification shall be sent to Student Conduct Services.

If the course instructor so requests, Student Conduct Services will conduct a hearing to determine if the Student Conduct Code has been violated. If the Hearing Officer determines that a violation has occurred, they may impose sanctions in addition to the academic penalty.

Student Response

If a student disputes a decision of a course instructor regarding alleged academic misconduct, they may request a hearing with Student Conduct Services. The request must be submitted no later than thirty (30) calendar days after the first day of classes of the next regular semester following the date that the grade for the course was initially recorded or subsequently revised. If a hearing is not requested within this time period, the decision of the course instructor shall be final.

Hearings

If a hearing is conducted by Student Conduct Services, in order for there to be a finding that a student has engaged in academic misconduct, the information must demonstrate that it is more likely than not that a violation occurred (also known as preponderance of information).

The hearing shall be conducted by a Hearing Officer assigned by the Director of the Student Resolution Center (or the Director's designee). The Hearing Officer shall give the student the opportunity to respond to the allegation made by the course instructor, and they shall give the course instructor the opportunity to respond to claims made by the student. The Hearing Officer shall make one of the following two (2) decisions:

1. The allegation of academic misconduct is supported by a preponderance of the information.

In this case, the Hearing Officer may impose sanctions for violations of the Student Conduct Code. The Hearing Officer and the course instructor shall confer regarding appropriate sanctions. The course instructor shall make the final decision regarding academic penalties, which may include, among other options, a reduced grade for the course and/or removal of the Repeat/Repair option, and they shall inform the student of that academic penalty. The Hearing Officer shall make the final determination regarding disciplinary sanctions, which will take into account the severity of the incident, its impact on others, and the student's previous student conduct record, and they shall inform the student of those sanctions.

2. The Hearing Officer chooses to forward the case to an Academic Misconduct Review Committee for additional review prior to a resolution being determined.

Prior to forwarding the case to an Academic Misconduct Review Committee, the Hearing Officer shall inform the course instructor and the student of their concerns related to the allegations, and the course instructor and the student shall each be given a chance to respond to the Hearing Officer regarding these concerns.

In this case, an Academic Misconduct Review Committee consisting of three members shall be selected from the members of the student conduct Appeal Committee. These members of the Academic Misconduct Review Committee shall consist of two faculty members and one student. Student Conduct Services shall provide the Academic Misconduct Review Committee with the case file (including

all information received by the Hearing Officer) and a summary of any concerns.

After consideration of the case, the members of the Academic Misconduct Review Committee shall make a recommendation to the Director of the Student Resolution Center (or the Director's designee), who will then make a determination regarding whether or not a preponderance of the information supports the allegation of academic misconduct.

If the determination is that the allegation of academic misconduct is not supported by a preponderance of the information, then the course instructor shall determine a grade based on the student's academic performance and without any consideration of academic misconduct and change any previously assigned grade accordingly.

If the determination is that the allegation of academic misconduct is supported by a preponderance of the information, then the Director of the Student Resolution Center (or the Director's designee) and the course instructor shall confer regarding appropriate sanctions. The course instructor shall make the final decision regarding academic penalties, which may include, among other options, a reduced grade for the course and/or removal of the Repeat/Repair option. The Director of the Student Resolution Center (or the Director's designee) shall make the final determination regarding disciplinary sanctions.

Student Appeal

If the student disagrees with the findings of the hearing, they may file an appeal with Student Conduct Services. This is done by following the procedures in the Student Conduct Code for an appeal of a disciplinary decision. If an Appeal Committee is formed, it will consist of two faculty members and one student from the pool described in Section I.4, excluding any members of this pool who have already served on an Academic Misconduct Review Committee for this case.

Transcript Notation for Academic Misconduct

In the case of a serious infraction or repeat offense of academic misconduct that is upheld through a hearing, the Hearing Officer and the course instructor shall decide whether the student's transcript shall be marked with a notation of "AM," which shall be explained on the student's transcript as a "finding of Academic Misconduct." A notation of "AM" shall be made on the student's transcript only if both the Hearing Officer and the course instructor agree that this penalty should be imposed. Grades marked on the student's transcript with the designation "AM" shall not be eligible for the Repeat/Repair option.

Records

Information regarding incidents of academic misconduct is kept on file with Student Conduct Services.

CSU Student Conduct Code

The Student Conduct Code exists to notify students, faculty, and staff of the specific expectations Colorado State University holds related to student behavior and the rights and responsibilities that accompany being a student and participating in student organizations.

Colorado State University expects students to maintain standards of personal integrity in harmony with its educational goals; to be responsible for their actions; to observe national, state, local laws, and

University regulations; and to respect the rights, privileges, and property of other people.

The student conduct process is intended to be a learning experience which can yield growth, behavioral changes, and personal understanding of one's responsibilities and the consequences and impacts of one's actions. This process balances the needs and rights of students with the needs and expectations of the University and larger community. The student conduct process offers a continuum of responses to allegations of misconduct. Students are treated with care and respect while being afforded the opportunity to receive a fair hearing. Many sanctions and interventions are designed to be educational and restorative in nature, promoting the University's mission.

The Student Conduct Code defines University intervention, resolution options and possible disciplinary action related to the behavior of both individual students and student organizations.

The Student Conduct Code is available:

1. Online at S (<https://resolutioncenter.colostate.edu/student-conduct-code/>) Student Conduct Services (<https://resolutioncenter.colostate.edu/student-conduct-code/>)
2. In print at the Student Resolution Center, 501 West Lake St., Suite A

State Authorization Compliance State Authorization Reciprocity Agreement (SARA)

Colorado State University has been approved by the Colorado Department of Higher Education to participate in the National Council for State Authorization Reciprocity Agreements (NC-SARA (<https://www.nc-sara.org/>)) through the Western Interstate Commission on Higher Education. Through CSU's voluntary participation in NC-SARA, the institution is able to deliver educational experiences outside of Colorado. SARA oversight includes distance education, out-of-state placements, professional licensure, and consumer protection.

Additional details follow and are also available in the SARA Policy Manual (https://www.nc-sara.org/sites/default/files/files/2020-12/SARA_Policy_Manual_20.3_BL_11.12.20_Final.pdf).

Distance education is defined as instruction offered by any means where the student and faculty member are in separate physical locations. It includes, but is not limited to, online, interactive video and correspondence courses or programs (SARA Policy Manual, pg. 11).

Institutions participating in SARA report the number of exclusively distance education students enrolled, disaggregated by state, territory, or district in which the learning activity is taking place. This includes both degree and non-degree for-credit courses. These data are reported annually to NC-SARA in the spring and include the previous fall's enrollment data, which institutions have reported to the federal government's Integrated Postsecondary Education Data System (IPEDS).

Out-of-State Learning Placements include, but are not limited to, clinical rotations, internships or student teaching offered by CSU outside of Colorado. Institutions participating in SARA annually report the numbers of their students participating in learning placements disaggregated by state, territory, or district and the two-digit Classification of Instructional Programs (CIP) codes as assigned by the U.S. Department of Education.

Professional Licensure is defined as a process of State or other governmental entities that establishes standards of practice and gives

legal permission to practice a profession by providing licenses or certifications to individuals who meet those standards (Sara Policy Manual, pg. 12). While students who successfully complete a licensure preparation program at CSU will be prepared to pursue licensure in Colorado, it has not yet been determined if those programs meet licensure requirements in states or U.S. territories beyond Colorado.

That work is currently underway. Once completed, program and state specific disclaimers will be available in compliance with new federal requirements. Students are strongly encouraged to work with their academic department and the applicable professional licensure board in the state in which they intend to pursue licensing **PRIOR TO ENROLLMENT AT CSU** to ensure all licensure requirements are satisfactorily met. To assist, NC-SARA created and maintains a current Professional Licensure Directory (<https://nc-sara.org/professional-licensure-directory/>). NC-SARA also maintains a list of specialized accrediting agencies (<https://www.nc-sara.org/resources/professional-licensure/>) that can provide guidance on professional licensure.

SARA Consumer Protection acknowledges that all students have the right to lodge a complaint or grievance against CSU if they desire. In the event that occurs, CSU will ensure that all concerns/concerns are addressed fairly and are resolved promptly. The student should begin the complaint process with the CSU and if resolution is not found, the student would contact Colorado Department of Higher Education (CDHE) to investigate and resolve allegations of dishonest or fraudulent activity, including the provision of false or misleading information. NC-SARA information regarding student complaints that have been appealed to the CDHE (<https://nc-sara.org/complaint-reports/>).

ABOUT THE CATALOG

About the Catalog

Colorado State University reserves the right at any time, without notice, to change, modify, or cancel any course, program, procedure, policy, financial requirement, or disciplinary arrangement set forth in this catalog whenever, in its sole discretion, it determines such action to be appropriate. Furthermore, Colorado State University will not be responsible for any failure to present or complete any course or program or to perform any other activity, function, or obligation mentioned in this catalog. Since changes may occur at any time, students must check the relevant website (as noted on various pages in this catalog).

[Glossary](#)

[Catalog Updates](#)

Glossary

Glossary

This glossary defines terms to assist users to better understand content in the General Catalog.

Term	Definition
Bachelor's Degree	An award conferred by CSU signifying that the recipient has satisfactorily completed a minimum of 120 credit hours in an undergraduate course of study.
Catalog Updates	The General Catalog is published online once annually prior to the beginning of the fall term. It will reflect updates approved during the previous academic year. It will not reflect updates that may take place during the period between publications. For new courses approved after August 1, please see the Class Schedule.
Certificate - Graduate	A Graduate Certificate is used to identify the successful completion of a focused area of study deemed important to a student's career objectives. A Graduate Certificate consists of a minimum of 9 specified credits, and not more than 15 credits at the 500 level or above.
Certificate - Undergraduate	An Undergraduate Certificate is used to identify small-scale credit-bearing credentials that help prepare students for the workforce and/or further academic study by building students' capacity in specific skills, competencies, and/or knowledge areas. Undergraduate Certificates are optional and may be offered by any academic unit. An Undergraduate Certificate consists of a minimum of 9 specified credits. A student must earn a cumulative GPA of 2.000 or better in the courses required in the Undergraduate Certificate to receive the certificate. Students must apply for admission into the Undergraduate Certificate program and for the conferral of the certificate. Students must be enrolled at CSU to complete the certificate requirements and receive the certificate.
CEU	Continuing Education Unit (CEU) or Continuing Education Credit (CEC) is a measure used in continuing education programs, often those required in a licensed profession, for the professional to maintain a license or certification.
Concentration	A concentration is a sequence of at least 12 semester credits of designated courses within a major designed to accommodate specific interests of undergraduate students.
Credit	Unit that gives weight to the value, level or time requirements of an academic course taken at CSU
Credit hour	A credit hour is defined as a minimum of 50 minutes of lecture or discussion/recitation per week for 16 weeks (800 minutes in a semester), 100 minutes of laboratory per week for 16 weeks (1600 minutes in a semester) when outside preparation is required, or 150 minutes of laboratory per week for 16 weeks (2400 minutes in a semester) when no outside preparation is required.
Credit load	For workload planning purposes (and to graduate with 120 credits in eight semesters), students should plan on an average of 15 credits per semester and should expect that each credit hour will require approximately two to three hours (for some students in some classes, more time and in a few classes less time) of effort per week to accomplish readings and out-of-class assignments in preparation for successful completion of the course requirements.
Degree	An academic degree is the recognized completion of studies at CSU. A diploma is issued in recognition of having satisfactorily completed the prescribed course of study.
Degree Completion Program	Selected undergraduate majors offered by CSU, student usually transfers in 60 credits from another institution(s) and completes the degree at CSU.
Diploma	An academic credential issued by CSU signifying the recipient has successfully completed a particular course of study, which confers the degree.
Faculty - Instructor	Typically a non-tenure track faculty member that focuses on the teaching mission of the university.
Faculty - Assistant Professor	A tenure track or non-tenure track faculty member early in their career. After 5 years of service they are reviewed for advancement to associate professor. All faculty members at every rank are reviewed annually for performance.
Faculty - Associate Professor	A tenured or non-tenure track faculty member whose performance in teaching, scholarly activities, and service has supported their promotion to associate professor. Tenured faculty typically have responsibility in all three areas whereas non-tenure track faculty generally focus on teaching or scholarship.
Faculty - Full Professor	A tenured or non-tenure track faculty member who has attained the rank of professor and is recognized for significant accomplishments at CSU and/or nationally and internationally in their field.
Grade mode - Instructor Option	Allows the instructor to choose and inform the class whether Traditional or (S/U) Satisfactory/Unsatisfactory grading will be used for a course.
Grade mode - Student Option	Either Traditional or Satisfactory/Unsatisfactory grading selected by the student at the time of registration.
Grade mode - Satisfactory/Unsatisfactory	Performance equivalent to a grade of C or better is recorded as Satisfactory. Performance equivalent to D or F is recorded as Unsatisfactory. Neither S or U grades are used in calculating the CSU GPA.

Grade mode - Traditional	Uses letter grades A to F. Instructor has the option to use pluses (+) or minuses (-) as indicated in the catalog section on Grading. Effective Fall 2008, C-, D+, and D- grades are not assigned at CSU.
Graduate level	Degrees at the masters, doctorate, or professional level. Graduate level courses are those numbered 500 and above.
Incomplete (grade)	Used when circumstances prevent student from completing course work, agreement to be made with instructor for completion. An "I" grade converts to F if not completed within one year.
Independent Study	Individualized learning not available in courses, which allows a student to work independently with the approval and guidance of a supervising instructor for predetermined credits.
Interdisciplinary Studies Program	Graduate level program that is intra-college (within one college) or intra-university (across disciplines of more than one college). They are a series of courses focused on a particular problem or area of concern providing multi-disciplinary perspectives.
Licensure--teacher/educator	A series of courses including student teaching preparing students to be PK-12 teachers/educators. CSU in cooperation with the state offers credentials in areas listed in the School of Education section. Undergraduate students major in a discipline (e.g., Music, Agriculture, Early Childhood, Chemistry).
Major	A sequence of courses in an academic discipline or area, which when accompanied by appropriate supporting courses, leads to an undergraduate degree.
Major Completion Map	A semester-by-semester course plan to complete their baccalaureate degree within the minimum number of semesters indicated in the major. An advising tool to guide the student through their program of study.
Minor	A sequence of related courses (minimum of 21 credits), which provide a student with unique opportunities to complement the major. Minors may be disciplinary (e.g., economics, range ecology) or interdisciplinary (e.g., film studies, gerontology) and are offered only at the undergraduate level.
Option	A sequence of courses within a major or concentration of either guided electives or electives selected from areas of interest as approved by the department (not identified on a transcript)
Prerequisite	A course(s) and or minimum grade requirement that must be completed to be prepared for the next course or sequence of courses.
Program of Study	Content and scope of knowledge, abilities, and skills a student is expected to master in a field of study, as well as the content and topics that are studied at each level.
Restriction	Conditions that apply to courses at the section level to limit registration in a course. Restrictions include department approval, field of study, college, student level, student class, campus location and/or student attribute.
Second Baccalaureate Degree	Enrollment classification for students who have earned one or more bachelor's degrees. An option when one is changing fields or careers.
Special Academic Unit--SAU	Multidisciplinary units (across departments) with courses and/or programs addressing complex problems and issues (e.g., sustainability, biomedical engineering). SAUs may grant degrees.
Specialization	A recognized area of specialty within a graduate program. Graduate degrees may or may not have specializations. Specializations are identified on the transcript.
Transcript - Official	Official copy of a student's permanent academic record at CSU, which includes all CSU courses taken, grades received, honors (Dean's List, graduation with distinction), and degrees conferred.
Undergraduate	A student at CSU pursuing a bachelor's degree program (usually 4 years).
Undergraduate - Freshman	0-29 credits earned at CSU and accepted in transfer.
Undergraduate - Sophomore	30-59 credits earned at CSU and accepted in transfer.
Undergraduate - Junior	60-89 credits earned at CSU and accepted in transfer.
Undergraduate - Senior	90+ credits earned at CSU and accepted in transfer.

Catalog Updates

Catalog Updates

The CSU General Catalog is re-published once a year every August. It will reflect updates approved during the previous academic year. It will not reflect updates that may take place during the period between publications.

For new courses approved for Spring 2025 after August 1, 2024, please see the Spring 2025 Class Schedule. Experimental courses for the 2024-25 academic year can also be found in the Class Schedule. The Class Schedule (<https://registrar.colostate.edu/class-schedule/>) may be accessed through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) or ARIESweb (<https://ariesweb.colostate.edu/webauthMain.aspx>).

UNDERGRADUATE ADMISSIONS AND ENROLLMENT

Office of Admissions (<https://admissions.colostate.edu/>)
University Welcome Center, Ammons Hall
1062 Campus Delivery
Fort Collins CO 80523-1062
(970) 491-6909, admissions@colostate.edu

The Office of Admissions specializes in serving prospective undergraduate students.

Prospective graduate students should consult the Graduate School website (<http://graduateschool.colostate.edu/for-prospective-students/>) and the key advisor(s) in the academic department(s) (<http://graduateschool.colostate.edu/programs/>) being considered.

CSU Board of Governors and Undergraduate Admission Standards

The following undergraduate admission information reflects minimum requirements that may be subject to change after the General Catalog has been published. The Board of Governors of the Colorado State University System (<http://csusystem.edu/>) reserves the right to deviate from published admission requirements. In such cases, changes in admission policy will be publicized.

CSU's Philosophy of Undergraduate Admission

We value the diversity and rich history that different peoples and populations bring to our academic community, which is the embodiment of the University's land grant mission and heritage. We seek applicants from a broad range of backgrounds, talents, experiences and viewpoints. CSU is committed to a comprehensive, individual review process that can take into consideration a wide range of factors, such as academic course work, rigor, trends and achievement, leadership qualities, school and community service, geographic residence, first generation status, and ability to contribute to a vibrant and diverse campus community. No qualified student is turned away from admission to CSU.

General Policies for Undergraduate Admissions

Final Transcript Required

Admission is provisional until we receive a final, official transcript reflecting completion of all course work and proof of graduation or degree completion (as applicable).

High School Graduation (or Equivalent) Required

Freshman/first-year applicants can be admitted with high school graduation pending (i.e., during their final year of high school) with the expectation that proof of graduation is provided before the start of their first semester. Financial Aid cannot be released without proof of high school graduation or equivalent. A hold is placed on course registration prior to the start of the second semester for students who have not demonstrated high school graduation or equivalent. Admitted freshman students who do not graduate from high school as planned are expected to notify the Office of Admissions prior to the first day of classes to discuss alternatives and to avoid having admission rescinded.

Transfer applicants who have completed fewer than 30 credits after high school must submit a final high school transcript reflecting graduation (or equivalent) before an admission decision can be rendered. Transfer applicants who have completed fewer than 60 credits after high school must submit proof of high school graduation or equivalent before financial aid can be released.

Affirmation Statements and Conduct Requirements

Before submitting an application to CSU, students must acknowledge that all information in the application and any other supporting materials is their own work, factually true and honestly presented. Applicants also signify their understanding that they may be subject to a range of possible disciplinary actions, including admission revocation, expulsion or revocation of course credit, grades and degree should the information they have certified be false. If applicable, sponsoring agencies are informed of this decision.

CSU is committed to providing a safe and welcoming environment that fosters student success, and our pre-admission review of non-academic conduct is one component (authorized by C.R.S. 23-5-106.5). A limited range of past non-academic conduct incidents receive confidential consideration prior to the application review process and do not automatically disqualify an applicant from full consideration for enrollment or scholarships. Applicants have the right to appeal an admission or enrollment decision made based on any information required to be disclosed at the point of application. As part of the Affirmation Statement requirement in an application, all applicants agree to update their application record in the event any information within the application changes after submission; CSU considers non-academic conduct circumstances to be reported as new information if they occur after application submission. Students are prompted to respond to two additional campus safety screening questions as part of the enrollment process. The screening process is confidential and designed to help identify students who might benefit from guidance, resources, and support available through the University. Responses are not used to exclude students from the CSU experience.

Immunization Requirement

CSU, in compliance with Colorado State laws and Health Department regulations, requires persons born January 1, 1957 or later to show proof of two vaccinations for measles and mumps, and one vaccination for rubella (MMR) or to show written evidence of laboratory tests showing immunity.

Colorado law, Colo. Rev. Stat. § 23-5-128, also requires every student residing in student housing to fulfill two requirements for Meningococcal Vaccine:

1. Access the CSU Health Network Portal (<https://portal.health.colostate.edu/ExternalAuth/?returnUrl=%2F>) to sign a statement that the student has reviewed the Meningococcal Disease Information Document, which describes meningococcal disease and the vaccine that can prevent the disease.
2. Indicate whether student a) received the Meningococcal Vaccine, b) plans to have the vaccine administered, or c) is “waiving” the requirement and declining to receive the vaccine.

Submit immunization records or laboratory results to the CSU Health Network prior to arrival at school. Additional information concerning immunization requirements can be found here (<https://health.colostate.edu/immunizations/>). Questions should be directed to:

Immunizations Office
CSU Health Network
Immunizations Clinic
8031 Campus Delivery
Colorado State University
Fort Collins, CO 80523-8031 CSUHN_immunize@mail.colostate.edu

Phone: (970) 491-6548, Fax: (970) 491-0268

Undergraduate Applicant Definitions

The following definitions apply to all undergraduate applicant types, regardless of citizenship. The International Admissions section includes additional details specific to international applicants and U.S. citizens/permanent residents educated outside the U.S.

Freshman/First-Year Students
Transfer Students
Second Bachelor's/Post-Bachelor Candidates
Returning Students

Freshman/First-Year

You are a freshman/first-year applicant if you've never attended college OR all of your college credits were earned prior to high school graduation (or equivalent).

- Refer to instructions for dual enrollment and fifth year programs if you've taken college course work during high school or as your high school curriculum, including offerings such as early college or ASCENT.
- Details for students who earned a GED, homeschooled, graduated early, or completed an online high school diploma are below.
- Freshman decision factors also apply to transfer applicants with fewer than 30 post-high school credits complete at the point of application.

Refer to the freshman/first-year application guide (<https://admissions.colostate.edu/apply/freshmen/>) on the Admissions website for details.

Specialized Freshman/First-Year Populations

This information applies to freshman/first-year applicants **and** transfer applicants with fewer than 30 post-high school credits complete at the point of application.

Dual/Concurrent Enrollment Applicants

See the Admissions website for Dual Enrollment and Fifth Year Program (<https://admissions.colostate.edu/apply/special-circumstances/dual-enrollment/>) applicants.

Applicants whose *only* college course work has been completed prior to graduating from high school are considered freshman/first-year applicants with dual/concurrent enrollment. This includes students enrolled at an early college, through ASCENT, or through any other program that utilizes college enrollment to meet high school graduation requirements.

The admission decision will take into consideration performance in both high school and college-level courses. Completion of college-level course work before high school graduation is considered a demonstration of academic rigor comparable to completion of Advanced Placement (AP) and/or International Baccalaureate (IB) work. Courses will be evaluated for advanced-standing credit after admission is granted.

Dual/concurrent enrollment students are eligible for freshman/first-year scholarships and are required to live in the residence halls, regardless of the number of college credits earned.

GED Applicants

See the Admissions website for applicants with GED Credentials (<https://admissions.colostate.edu/apply/special-circumstances/non-high-school-graduates/>) (or equivalent)

We're committed to making an exceptional college education accessible to students from a wide range of backgrounds. Differences in educational background are a welcome part of the mix. Students who did not graduate from high school are welcome to apply with evidence of high school equivalency earned through GED, HiSet or other state-approved high school equivalents. To be eligible for admission, applicants must present qualifying high school equivalency test results in addition to demonstrating other evidence of academic readiness through transcript(s) and support documents.

Note: Transfer applicants with more than 30 but fewer than 60 college-credits completed must submit proof of high school equivalence; however, scores are not considered in the admission decision.

Homeschooled Applicants

See the Admissions website for Homeschooled Students (<https://admissions.colostate.edu/apply/special-circumstances/homeschooled-students/>).

Homeschooled applicants are welcome at CSU and are evaluated for admission according to general admission criteria; there are no special requirements for applicants who have homeschooled.

We recognize that homeschooling can allow for customized teaching methods, curricula, and learning environments that may differ from “traditional” education models. Our comprehensive, individual review

process is designed to accommodate unique backgrounds as long as we can assess core academic factors in our review of credentials.

Your homeschool transcript can take any form as long as we can determine 1) how you completed our recommended high school classes (<https://admissions.colostate.edu/apply/recommended-classes/>) and 2) how you were graded, assessed, or considered to have “mastered” content to move on in your chosen curriculum. If you did not follow a traditional academic calendar or age-based instruction, if you were not assessed using traditional letter or percentile grades, or if you have otherwise customized your homeschool experience so that something other than a traditional transcript with courses and grades is necessary to understand your college preparation, we encourage you to include with your application a description of the learning environment, a list of courses and brief statement about course content, and an explanation of how your content-mastery was assessed.

Be sure to reference information for dual/concurrent enrollment applicants if you are using college enrollment as your homeschool curriculum (i.e., completing community college work as your junior/senior year equivalent).

Early Graduates

See the Admissions website for Early High School Graduation (<https://admissions.colostate.edu/apply/special-circumstances/early-graduation/>).

Freshman/first-year applicants who complete high school in fewer than four years are evaluated for admission according to general admission criteria. Admission preference is given to students who maximize their high school experience by taking accelerated and/or academically rigorous course work such as Advanced Placement (AP), International Baccalaureate (IB) and/or dual/concurrent enrollment college courses in order to satisfy the recommended high school classes (<https://admissions.colostate.edu/apply/recommended-classes/>).

Whether you are graduating high school one semester or one year early, fall entrance is strongly recommended. Early graduates seeking spring semester entry must have a date of graduation prior to the first day of spring classes evident on a final transcript or on a verification letter from the high school, submitted before the start of the spring semester.

Online High School Students

See the Admissions website for Online High School Classes or Graduation (<https://admissions.colostate.edu/apply/special-circumstances/online-high-school/>).

Applicants who complete all or part of their high school curriculum online are evaluated for admission according to general admission criteria. Admission preference is given to students who maximize their high school experience by taking accelerated and/or academically rigorous course work such as Advanced Placement (AP), International Baccalaureate (IB) and/or dual/concurrent enrollment college courses in order to satisfy the recommended high school classes (<https://admissions.colostate.edu/apply/recommended-classes/>).

While we are flexible in our recognition of online high school completion programs and do not require a specific type of accreditation, regional accreditation typically is a good indication of alignment with our admission criteria.

Transfer Students

You are a transfer applicant if you have enrolled in any amount of college-level course work at a regionally-accredited college/university **after** high school graduation or equivalent. If you will have fewer than 30 post-high school college credits completed at the point of application, the admission decision also will include consideration of your high school credentials. Learn more about Transfer and Test Credit [here](#).

Refer to the transfer application guide (<https://admissions.colostate.edu/apply/transfer/>) for details.

Second Bachelor's/Post-Bachelor Candidates

You are a second bachelor's/post-bachelor student if you have completed an undergraduate degree and wish to complete additional undergraduate course work (with or without completing another undergraduate degree).

Follow the second bachelor's application guide (<https://admissions.colostate.edu/apply/second-bachelor/>) if you've **never** attended CSU as a degree-seeking undergraduate student.

Follow the returning student application guide (<https://admissions.colostate.edu/apply/returning-student/>) if you've previously attended CSU as a degree-seeking undergraduate student (regardless of whether you completed your first degree at CSU).

Returning Students

You are a returning student if you were previously enrolled at CSU as an admitted, degree-seeking undergraduate student and you either 1) stopped out for at least one fall or spring semester and wish to return to undergraduate degree-seeking status or 2) completed an undergraduate degree and wish to enroll in another undergraduate degree program at the second bachelor's level.

Refer to the returning student application guide (<https://admissions.colostate.edu/apply/returning-student/>) for details.

Undergraduate Profiles and Decision Factors

Freshman/First-Year Profile and Decision Factors
Transfer Profile and Decision Factors
Second Bachelor/Post-Bachelor Decision Factors
Returning (Former) CSU Student Decision Factors
English Proficiency Requirement
Students with Disabilities

How we review each application and render an admission decision is informed by CSU's undergraduate admission philosophy. Every incoming class looks different as we emphasize high academic standards and access to higher education, part of our land-grant mission.

Freshman/First-Year Profile and Decision Factors

Fall 2023 freshman/first-year class profile

In general, students with a 3.0+ GPA (on a 4.0 scale) and a steady or upward trend in grades are admitted to CSU. The class profile reflects the middle 50 percent of freshmen/first-year students admitted for Fall 2023. This means half the students we admitted have a GPA in this range; 25% of the students we admitted have a GPA above this range, and 25% have a GPA below this range. While this will help you understand where the center of a class lies, it should not be considered minimum requirements to be admitted. A range of academic factors beyond GPA alone are considered in the admission decision.

Middle 50% GPA: 3.44-4.08 (4.0 scale)

Recommended High School Classes

To be competitive for admission, freshman/first-year applicants and transfers with fewer than 30 post-high school credits are advised to complete at least 17 high school units (<https://admissions.colostate.edu/apply/recommended-classes/>) that meet the state of Colorado Higher Education Admission Recommendations (HEAR) and CSU course work recommendations.

The minimum passing grade is D; however, grades of C or better are preferred.

Competitive Majors

A few undergraduate majors have more competitive entrance requirements (<https://admissions.colostate.edu/apply/competitive-majors/>) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

Details about factors considered in the admission decision are in the freshman/first-year application guide (<https://admissions.colostate.edu/apply/freshmen/>).

Transfer Admission Profile and Decision Factors

Fall 2023 Transfer Profile

The class profile reflects the middle 50 percent of transfers admitted for Fall 2023. This means half the students we admitted have credentials in this range; 25% of the students we admitted have credentials above this range, and 25% are below. While this will help you understand where the center of a class lies, it should not be considered minimum requirements for admission. A range of academic factors beyond GPA alone are considered in the admission decision.

Middle 50% Transfer GPA: 2.9-3.7 (4.0 scale)

Middle 50% Transfer Credits: 29-65

Strong candidates for admission present a cumulative GPA of 2.5 or better; completion of college-level composition and mathematics or statistics is highly recommended. We encourage applicants who do not meet these GPA/course recommendations to strengthen their application

with their Academic Explanation. Until a transfer applicant has 30 or more post-high school college credits complete, the admission decision also includes review of high school credentials according to our freshman/first-year admission guidelines.

According to federal financial aid requirements, ALL transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation (or equivalent). Admitted transfers with more than 30 but fewer than 60 credits in transfer are required to submit a final high school transcript reflecting graduation prior to the first day of classes.

Competitive Majors

A few undergraduate majors have more competitive entrance requirements (<https://admissions.colostate.edu/apply/competitive-majors/>) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

Transfer Admission Guarantee

Students who have completed an Associate of Arts or an Associate of Science degree from an accredited Colorado community or junior college after high school graduation (or equivalent) will be guaranteed admission to the University providing that it is the last institution attended and that a cumulative 2.00 GPA (on a 4.000 scale) has been achieved from ALL institutions attended. Entry into a specific major may depend on completion of appropriate prerequisite courses and enrollment limitations of the major.

Details about factors considered in the admission decision are in the transfer application guide (<https://admissions.colostate.edu/apply/transfer/>).

Second Bachelor/Post-Bachelor Decision Factors

To be considered for admission, second bachelor/post-bachelor candidates must present a minimum cumulative GPA of 2.00 (4.00 scale) from all institutions attended and must be seeking a degree program that does not duplicate their first degree. Admission is provisional for students who are admitted during their final term of first degree enrollment, and proof of degree completion is required prior to the start of second degree enrollment. Details about factors considered in the admission decision are in the second bachelor's application guide (<https://admissions.colostate.edu/apply/second-bachelor/>).

Competitive Majors

A few undergraduate majors have more competitive entrance requirements (<https://admissions.colostate.edu/apply/competitive-majors/>) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

Returning CSU Students

Comprehensive details for returning students are available in the returning student application guide (<https://admissions.colostate.edu/apply/returning-student/>).

The admission decision for students returning to complete a degree in progress is based primarily on their previous CSU performance and their

academic standing upon leaving CSU. Students who left the University in good academic standing generally are cleared to return without restrictions. Students who left the University in an academic dismissal should refer to the Scholastic Standards Policy for additional information about qualifying to return to CSU.

Students who previously attended CSU as an admitted, degree-seeking undergraduate and wish to enroll in a second/additional undergraduate degree must select a degree program that does not duplicate their first degree.

Competitive Majors

A few undergraduate majors have more competitive entrance requirements and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended. Returning students must have satisfied particular CSU course work and earned specific grades/GPA to be admitted to a major with competitive entrance requirements (<https://exploratorystudies.colostate.edu/how-do-you-explore-majors/exploring-majors/competitive-majors/>).

English Proficiency Requirement

Strong English language skills are important to academic success at CSU. To support student success, we require all students whose first language is not English to demonstrate a high level of English proficiency regardless of their citizenship. Undergraduate applicants from Australia, Canada, Ireland, New Zealand, and the United Kingdom whose first language is English are exempt from this requirement.

TOEFL IBT, IELTS Academic and Duolingo results are the preferred indicators of English proficiency. For applicants seeking direct admission to CSU, the requirements are as follows:

English Proficiency Exam	Clear Admission
TOEFL IBT (Test of English as a Foreign Language Internet Based Test)	72
IELTS Academic (International English Language Testing Services)	6.0
Duolingo (undergraduate only)	110

Consideration of paper-based TOEFL (PBT) results requires an interview with a member of the international admissions team (<https://admissions.colostate.edu/apply/special-circumstances/international/>).

Conditional admission will be offered to students who are academically competitive but have not achieved the necessary score for direct admission or have not submitted a TOEFL, PTE, or IELTS score. Conditionally admitted students are enrolled in the Intensive English Program (<https://international.colostate.edu/place/intensive-english-program/>) (IEP). IEP courses are not CSU credit-bearing courses but rather are specifically designed for IEP students before advancing into a CSU academic program.

Alternative measures of English Proficiency:

- Successful completion of the Intensive English Program (IEP) at CSU (conditional admission may be offered to IEP students studying at the advanced level)
- SAT Evidence-Based Reading and Writing score of 520 or higher
- ACT English/Reading score of 20 or higher

- International Baccalaureate (IB) HL English course grade of 5 or higher
- An IGCSE or A-level result of C or better on the English/First Language exam. Test results must be official and not predicted to be considered for direct admission.
- Completion of a U.S. diploma and/or two or more years of secondary transcripts reflecting progress towards a U.S. diploma from a regionally-accredited organization as defined by the U.S. Department of Education
- Completion of at least two semesters of U.S. post-secondary/university course work in English, including college composition and speech with grades of C or better. Courses must have been taken at a regionally-accredited college/university to be considered for direct admission.
- Gaokao/NCEE English score of 105 or higher AND an online interview with an international admissions counselor
- WAEC/WASSCE English language grade of B3 or better
- Advanced Placement (AP) Language and Composition or Literature and Composition exam result of 4 or higher

Alternative measures of proficiency not listed above may be considered on a case-by-case basis.

Refer to the English proficiency (<https://international.colostate.edu/international-admissions/english-language-proficiency/>) information online for more information.

Students with Disabilities

All applicants are evaluated according to the same University admission standards. We recognize, however, that not every student's personal or educational background is the same.

Disclosure of the presence of a disability is voluntary. Applicants may use components of the application such as the academic explanation, personal statement, or recommendation(s) to identify their disability and to discuss the impact of the disability on their academic record (if any). While this information can be considered if disclosed, it will not be the sole basis for the admission decision.

CSU's Student Disability Center (<https://disabilitycenter.colostate.edu/>) offers admitted students the full range of support services to help students achieve academic success.

How to Apply

Undergraduate Applicants: How to Apply

The information below applies both to domestic and international undergraduate applicants.

Application Materials

All applicants for admission must submit an online application and academic transcripts. Freshman/first-year applicants are required to submit a personal statement. The optional Academic Explanation section is strongly encouraged for applicants to provide context for their performance and/or enrollment history as prompted within the application. The Office of Admissions may request additional information before completing a full review of an applicant's application file.

Refer to the appropriate application guides (<https://admissions.colostate.edu/apply/>) for details.

Application Fee or Fee Waiver

Colorado students apply to Colorado State University for free. For non-Colorado students, an application fee or fee waiver request is required as part of a complete application; a decision cannot be rendered without it. (Fee waivers can be granted when payment of the application fee presents a financial hardship (<https://admissions.colostate.edu/2017/02/27/qualify-fee-waiver-enrollment-deposit-deferral/>)).

Refer to the Office of Admissions website for the application fee refund policy (<https://admissions.colostate.edu/apply/refund-waiver-policies/>).

High School Transcript and proof of graduation (or equivalent)

High school performance, as reflected on a student's transcript(s), is an essential component of the admission decision for all freshman/first-year applicants and for transfer applicants with fewer than 30 post-high school credits.

All freshman/first-year applicants and all transfers with fewer than 60 post-high school college credits must submit proof of high school graduation or equivalent prior to the start of their first semester of enrollment. Students who do not graduate from high school prior to enrolling must contact Admissions to establish a new timeline to enter CSU to avoid having admission rescinded or being disenrolled.

ACT/SAT Results and Recommendation(s)

ACT/SAT test scores and recommendations are not required.

Test scores, if submitted, are only considered when applicants email admissions@colostate.edu with this request. In those cases, test scores are not given much weight in the admission decision and are not considered at all for scholarships. ACT/SAT results **can** be used for composition placement purposes.

Recommendations will be considered if submitted but will not be given much weight in the admission decision, and are not considered at all for scholarships.

College Transcript(s)

Freshman/first-year applicants are required to submit an official college transcript at the point of application only if college enrollment is being used as their full-time high school curriculum (such as early college, ASCENT and fifth-year programs, and some homeschool curricula). Refer to College-Level Courses Completed by High School Students for additional information.

Transfer applicants must submit an official college transcript from each college attended, regardless of the type of institution, amount or type of credit earned, and age of the credential, even if the work will be reflected in transfer on another transcript. No part of the previous collegiate record may be disregarded. Admissions may refer to the National Student Clearinghouse to verify enrollment history. *Failure to include all institutions previously attended may result in the rescinding of admission, loss of credit, or disenrollment.* Transcripts reflecting courses taken at vocational-technical institutes or at colleges that are not regionally accredited can be helpful documentation, though they do not qualify an applicant for transfer applicant status or advanced-standing credit.

Second Bachelor applicants are only required to submit an official transcript from the college/university from which they earned their first (or most recent) bachelor's degree. Official transcripts from other colleges/universities attended (if applicable) are encouraged if an applicant is seeking a competitive major (<https://admissions.colostate.edu/apply/competitive-majors/>) or to demonstrate explicit pre-requisites for their new degree program.

Advanced standing credit (transfer credit) is only awarded from an official transcript.

International Applicants: Additional Requirements

In addition to the documents outlined above, applicants who have completed part or all of their education outside of the US also may be prompted to submit the following:

- A certified English translation of any academic credentials not in English
- Evidence of English Proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>) to be considered for direct admission
- An Immigration Information Form, financial support documentation and a copy of the passport identification page for immigration documentation

Application Timelines

Students can begin their enrollment during fall semester (August start), spring semester (January start) or summer term (May/June start).

Freshman/first-year applicants must have completed at least 75% of their high school curriculum (through junior year equivalent) before a decision can be rendered; transfer applicants must have no more than one academic term in progress when a decision is rendered. Second bachelor's/post-bachelor candidates must be finished with their first degree or in their final term of enrollment with degree pending for a decision to be rendered.

Refer to the appropriate application guides (<https://admissions.colostate.edu/apply/>) for more detail about application dates and timelines.

International Undergraduate Admissions

Non-U.S. citizens educated outside of the U.S. who require a student visa
Non-U.S. citizens educated outside of the U.S. who will NOT require a student visa

Non-U.S. citizens/Non-permanent residents educated inside the U.S.
U.S. citizens/permanent residents educated outside of the U.S.
English Proficiency

Non-U.S. citizens educated outside of the U.S. who require a student visa

- Refer to the International Freshman (<https://admissions.colostate.edu/apply/international-freshmen/>) or

International Transfer (<https://admissions.colostate.edu/apply/international-transfer/>) application guide for detailed instructions.

- You may be required to demonstrate English proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>) to be considered for direct admission.
- Applicants are required to submit an immigration information form, financial support documentation and a copy of their passport as part of the application for admission in order to expedite the issuance of immigration documents upon admission. Immigration information is not considered in the admission decision, and receiving CSU immigration documents upon admission does not bind a student to enroll at CSU.
- Contact International Student and Scholar Services (ISSS) (<https://international.colostate.edu/iss/>) for information about immigration documents, international student orientation and check-in.

Non-U.S. citizens educated outside of the U.S. who will NOT require a student visa

- Refer to the International Freshman (<https://admissions.colostate.edu/apply/international-freshmen/>) or International Transfer (<https://admissions.colostate.edu/apply/international-transfer/>) application guide for detailed instructions.
- You may be required to demonstrate English proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>) to be considered for direct admission.
- Contact International Student and Scholar Services (ISSS) (<https://international.colostate.edu/iss/>) for information about international student orientation and check-in.

Non-U.S. citizens/Non-permanent residents educated inside the U.S.

- Refer to the domestic application guide (<https://admissions.colostate.edu/apply/>) appropriate to your applicant type (e.g., freshman/first-year, transfer).
- Include a copy of your visa or status documentation with your application for admission (if applicable).
- Information about English proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>) may be requested if you have been in the U.S. for two years or less.
- Students who are undocumented and educated in Colorado (<https://admissions.colostate.edu/apply/special-circumstances/undocumented-students/>) may be eligible for in-state tuition under Colorado ASSET legislation (<https://financialaid.colostate.edu/asset/>).
- No extra or unique requirements are in place for students without documentation since admission is an academic decision.

U.S. citizens/permanent residents educated outside of the U.S.

CSU recognizes that the pool of U.S. citizens/permanent residents educated abroad covers a wide spectrum, including students with dual citizenship who have never been to the U.S., U.S.-born students who have lived in multiple countries or who have only recently moved overseas as the result of family military or employment assignments, and U.S. permanent residents with varied amounts of U.S.-based education.

Our comprehensive, individual review process is designed to recognize and incorporate these kinds of unique experiences into our evaluation. Refer to the application guide (<https://admissions.colostate.edu/apply/>) appropriate to your applicant type (e.g., freshman/first-year, transfer), and we will adapt our review process to your circumstances.

As we review your credentials, we'll notify you if any additional support information is required to assess your potential for academic success at CSU. For example, we may ask you to provide English proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>) documentation and a translation of academic records if your primary language and/or language of instruction is not English.

U.S. citizens or U.S. permanent residents who have been educated abroad may be eligible for financial aid. Refer to Financial Assistance in the Financial Information section for more information.

English Proficiency

We offer a variety of options to demonstrate English proficiency (<https://international.colostate.edu/iec/international-admissions/english-language-proficiency/>).

Enrollment Deposit

Enrollment Deposit and Admission Confirmation

Newly-admitted on-campus freshmen and transfers must submit an enrollment deposit (<https://admissions.colostate.edu/2019/11/15/what-you-need-to-know-about-the-enrollment-deposit/>) to secure their place in the entering class. The enrollment deposit covers new student charges. Paying the deposit opens access to other critical steps in the enrollment process, including on-campus housing, Ram Orientation and course registration.

If payment of the enrollment deposit presents a financial hardship (<https://admissions.colostate.edu/2017/02/27/qualify-fee-waiver-enrollment-deposit-deferral/>) or the full cost of attendance will be covered by a third party (e.g. international sponsor, 100% GI Bill® entitlement, athletic scholarship), students can request an enrollment deposit deferral. Students who received a need-based application fee waiver are eligible for an enrollment deposit deferral when they confirm their intent to enroll. When a deferral is granted, the student secures a place in the entering class and opens access to other steps to enroll, and the deferred amount appears as a charge on the student's first billing statement.

Refer to the appropriate admitted student guide (<https://admissions.colostate.edu/admitted/>) for deadlines and instructions.

Please visit the CSU Office of Admissions website for more information about the enrollment deposit refund policy (<https://admissions.colostate.edu/apply/refund-waiver-policies/>).

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill> (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.benefits.va.gov%2Fgibill&data=05%7C01%7CSusan.Horan%40colostate.edu%7C%7C%7C%7C637961870958758551%7CUnknown%7CTWFPbgZsb3d8eyJWljoimC4wLjAwMDAilCJlQljoiv2luMzliLCJE%7C3000%7C%7C%7C&sdata=Rv04TySI1gPL23E03vx3172fJX2vPDPJ2WV2276yghw%3D&reserved=0>)

Transfer and Test Credit

College-Level Courses Completed by High School Students
Advanced Placement (AP)
College-Level Examination Program (CLEP)
International Baccalaureate (IB)
Cambridge Pre-U Examination
Evaluation of Transfer Credit

College-Level Courses Completed by High School Students

CSU credit may be allowed for college-level courses completed at a college or university while a student is still in high school if the following conditions are met:

1. The college or university must be fully accredited by one of the seven regional associations of schools and colleges.
2. Credit will be granted only for academic courses with grades of C- or better.
3. An official transcript must be provided by the college or university listing the courses completed.
4. The course is not remedial or vocational/technical in content.

The College Board Advanced Placement Program (AP)

The Advanced Placement tests administered by The College Board are used by CSU to award credit and advanced placement in any of several fields in which a student may have participated in high school. Lower division credit (100-200) awarded is treated as transfer credit without a grade but is counted toward graduation and may be used in fulfilling specific lower division curriculum requirements.

The academic department responsible for the course in which test credit is granted will have determined what lower division equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for

re-evaluation or an appeal of the decision will not be considered or accepted.

There are two exceptions to the re-evaluation process:

1. The Capstone Seminar and the Capstone Research components of the Advanced Placement offerings. Generic credit (no discipline identified) will be granted for the AP Capstone Seminar and/or the AP Capstone Research Project when a minimum score of four (4) is earned. The re-evaluation must be approved by the teaching department in which the Capstone most closely aligns for consideration of a direct equivalency of lower division credit within the academic structure at CSU. The department's evaluation will be the final determination.
2. The History component of the AP African American Studies Exam (scores 4 and 5). The final project will need to be submitted to the CSU History department for review and determination if credit can be provided.

Lower division (100-200) credit may be granted for scores of three (3), four (4) or five (5) on individual Advanced Placement Tests. Scores of one (1) and two (2) are not granted credit.

Please see the Office of the Registrar (<https://registrar.colostate.edu/transferring-your-examination-test-credit/>) and select “Advanced Placement (AP)” for a complete table indicating the courses for which credit is awarded.

College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP) was designed by The College Board to enable both traditional and nontraditional students to receive college-level credit by examination. There are two types of examinations offered—the General Examinations and the Subject Examinations.

For general examinations, a minimum of three credits will be awarded for a score of 50 or higher. For subject examinations, credit will be awarded in the amount equivalent to the CSU course(s), for scores of 50 or higher. Go to the Office of the Registrar (<https://registrar.colostate.edu/transferring-your-examination-test-credit/>) and select the tab “College-Level Examinations Program (CLEP)” for a complete table indicating those courses for which credit is awarded.

To obtain information or to make arrangements for taking the tests visit the CollegeBoard website (<https://clep.collegeboard.org/test-takers/feedback/>). Credit awarded for these examinations cannot be used in meeting the CSU residency requirement for the baccalaureate degree.

The academic department responsible for the course in which test credit is granted determines what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered.

International Baccalaureate (IB)

Students who graduate from high school with an International Baccalaureate diploma or have completed International Baccalaureate examinations may receive CSU credit for scores of four or higher.

The number of credits awarded for successful completion of an International Baccalaureate diploma program will be a minimum of 24 semester credits. If a score of less than four is received on an exam, the number of credits granted will be reduced accordingly, if the student meets the necessary requirements.

The academic department responsible for the course in which test credit is granted determines what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered or accepted.

See the Office of the Registrar (<https://registrar.colostate.edu/transferring-your-examination-test-credit/>) and select the tab "International Baccalaureate" for a list of courses for which credit will be granted.

Cambridge Pre-U Exam

The Cambridge Pre-U examination is a United Kingdom qualification from the University of Cambridge International Examinations and is an alternative to the current A Level qualification. This exam consists of "Principal Subjects" of which students have a free choice of three of 27 subject options. Additional subjects may be taken and possibly considered for credit but are not incorporated into the Cambridge Pre-U Diploma. Those students who complete an "Independent Research Project" and a "Global Perspectives" portfolio along with the 3 "Principal Subjects" options are eligible for the award of the Cambridge Pre-U Diploma.

There are additional "short course" options consisting of one year's study, available in Modern Foreign Languages and Mathematics. The 'Global Perspectives and Research Report' (GPR) may also be considered for credit on a case by case basis.

Credits may be used toward the 120 credit minimum requirement for graduation and may be used toward general education (All-University Core Curriculum) requirements. Scores of D1-D3, M1-M3 and P1-P3 will be considered for credit as they are equivalent to a "C" or better grade. A maximum of 36.0 semester hours may be awarded for Cambridge Pre-U exams.

The academic department responsible for the course in which test credit is granted will determine what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered or accepted.

Evaluation of Transfer Credit

The Office of the Registrar, under direction from academic teaching departments, is responsible for determining course equivalencies for all courses that are presented for transfer to CSU. Students should be aware that credits may transfer to CSU, but not count toward department

graduation requirements. Evaluation of credits is made only from official transcripts or test scores (AB, IB, CLEP) after a student has been granted admission. All transferrable coursework is posted to the student's record and, once posted, cannot be removed.

There is no limit for the amount of credit that can be transferred from Regionally Accredited institutions.

Regular academic courses from institutions accredited by one of the seven regional associations of schools and colleges completed with a grade of C- or better are generally accepted in transfer. Course work from institutions that are not regionally accredited will not be transferred. Coursework that is remedial or vocational/technical in nature will not be transferred. Transfer grades and credits are not computed within the cumulative GPA earned at CSU.

If coursework presented for transfer is over 10 years old, the academic department will need to review it for applicability towards degree requirements.

International institutions must be recognized by the country's governmental agency for possible transfer of credits (i.e., Ministry of Education).

International Credit toward a Baccalaureate Degree

Transfer credit is generally only considered from international tertiary institutions that are recognized by the ministry of education, or a similar accrediting body, in the home country. In order to qualify for transfer credit, courses completed at recognized international tertiary institutions must be applicable to the student's degree and comparable to the nature and quality of CSU courses.

International courses with the same or similar course titles as CSU courses may satisfy course requirements. An official or certified copy of the transcript must be presented to the Office of the Registrar for work to be officially evaluated for transfer credit. A certified translation must accompany transcripts not issued in English. The translation should be literal and not interpretive. If course content is not evident from course titles on the transcript, students should be prepared to provide official catalog course descriptions or syllabi (in English) from their schools or faculties.

Rarely is international secondary level work considered for transfer credit. The completion of rigorous secondary school subjects is expected of all admission candidates-international and domestic alike. Transfer credit is not awarded for secondary school subjects, unless an additional 13th year of secondary school was completed and/or a standardized examination was administered. Examples might include the British Advanced Level (A-Level) examinations, German Abitur examinations, or Italian Maturita examinations.

In many cases, international credits will have to be converted into the U.S. semester system unless there is an official CSU Memorandum of Understanding (MOU) that allows for an alternate credit evaluation option. In those cases where there is not an official MOU indicating an alternate, a conversion factor will be used to determine the U.S. Credit equivalency for each course. No more than 15-18 semester hours per term or 30-36 semester hours may transfer in any academic year. All courses considered for transfer must be completed with the equivalent of a "C-" or better grade. The Office of the Registrar will determine the international grade equivalencies.

Transferology™

Transferology™ enables students, advisors, faculty, and administrators from colleges and universities to obtain consistent and accurate information about how courses will transfer from one institution to another, and how courses will apply to meet academic program requirements at the other institutions. A prospective student can have direct access to course acceptability, equivalency, and applicability among all participating institutions by using each institution's existing course equivalency tables. Course descriptions, details about academic programs, and course equivalencies can all be obtained from this one website.

For CSU, Transferology™ is a database of selected accredited institutions in the U.S. and some recognized international institutions, their courses, and how those courses will transfer to CSU. All public institutions in Colorado and Wyoming are part of this database and, in addition, many frequently transferred courses from selected institutions in other states are also listed. Access this database by going to the Transferology (<https://www.transferology.com/login.htm>)™ website. If a particular institution is not listed, contact the Degree and Transfer Evaluation unit of the Office of the Registrar (<https://registrar.colostate.edu/contact-us/>) for evaluation of specific courses.

Statewide Guaranteed Transfer Program (gtPathways)

The state of Colorado has developed a statewide guaranteed transfer program, which applies to all Colorado public institutions of higher education, including CSU.

After starting on a higher education pathway at any public college or university in Colorado, and upon acceptance to another, a student may transfer up to 31 credits of successfully (C- or better) completed guaranteed transfer general education coursework in a set of defined categories. These courses will apply toward the general education (All-University Core Curriculum) graduation requirements at CSU. Extended detail may be found on the Colorado Department of Higher Education (CDHE) website (<http://higher.ed.colorado.gov/Academics/Transfers/Students.html>). The Office of the Registrar (<https://registrar.colostate.edu/your-transfer-coursework/>) may also be referenced using the "GTPathways" tab.

Transfer Appeals Process

Students may appeal a decision regarding the transferability of a specific course and/or the decision regarding how it is used to fulfill degree requirements. Any request for re-evaluation of credit should first be directed to the Degree and Transfer Evaluation (<https://registrar.colostate.edu/contact-us/>) unit of the Office of the Registrar.

The student is responsible for supplying supporting documentation from the student's transferring college, such as a syllabus or more detailed course description. The Degree and Transfer Evaluation unit will either satisfy the student's request or refer the student to an academic department for additional consideration. If the academic department cannot fulfill the request for any item related to an AUCC requirement or an overall university graduation requirement, a formal written appeal may be presented to the Degree and Transfer Evaluation unit for presentation to the Vice Provost and Dean for Undergraduate Affairs for a final decision. For information on the appeal process, please refer to the Office of the Registrar (<https://registrar.colostate.edu/forms/>). Select "Appeal Forms" and then "Appeal of University Graduation Requirements & AUCC Core Course Substitutions".

Credit from Two-Year Colleges

Credit earned at a two-year college may not be used to meet the upper-division (300-400 level) graduation requirement. Academic departments may allow substitution of course work from two-year colleges towards specific major upper-division requirements.

Transfer guides for specific majors are available for students who want to complete a four-year degree at CSU by first completing an AA or AS degree at a Colorado community college, and then completing the 60 designated CSU credits listed on the guide. Students in programs requiring more than 120 credits should expect to take more than 60 additional credits at CSU to meet degree requirements. Refer to the Office of the Registrar's website (<https://registrar.colostate.edu/transfer-agreements-guarantees/>) for more information.

Service Schools and Courses of the Armed Services

Credit may be allowed for transfer from service schools carrying a baccalaureate credit recommendation in the latest *Guide to the Evaluation of Educational Experiences in the Armed Services* prepared by the American Council on Education (ACE). Students must submit SMARTS (Sailor/Marine American Council on Education Registry Transcript), AARTS (Army/American Council on Education Registry Transcript), JST—Joint Service Transcript, or Coast Guard Institute Registered Transcript to the Office of the Registrar to have the information evaluated for eligibility and to receive credit. Individual academic departments determine whether those courses clear specific major curriculum requirements or may be used as elective credit within the program of study. Visit the Office of the Registrar (<https://registrar.colostate.edu/contact-us/>) for further information.

Transfer Credit from Non-Collegiate Institutions

CSU will award transfer credit for academic work done under the sponsorship of non-collegiate institutions, if the courses proposed for transfer:

1. Have been approved by the American Council on Education,
2. Are listed in *The National Guide to Educational Credit for Training Programs*, and
3. Are approved by the academic department and college in which the subject matter is taught at CSU.

Please visit the Office of the Registrar (<https://registrar.colostate.edu/transfer-credit/>) and select "Non-Collegiate Institution Transfer Credit" under the Transfer Credit tab for more information.

[CSU Online](#)
[Additional Expenses](#)
[Enrollment Status](#)
[Residency for Tuition Classification](#)
[Paying Your Bill](#)
[Financial Assistance](#)

Tuition and Fees

Authority to set tuition rates is vested in the governing boards of Colorado's state institutions of higher education. The tuition rates which apply to any succeeding fiscal year will not be known until June of each year. The Board of Governors of the CSU System, therefore, reserves the right to change tuition and fee schedules and related policies, including the time, date, and method for payment, at any time.

By registering for a course, a student acknowledges legal and financial responsibility for any and all tuition and fees assessed as a result of registration. Students must follow, and are financially responsible for, formal add/drop and withdrawal procedures at CSU. **Non-attendance does not relieve a student of financial responsibility.** A student whose account becomes delinquent will be held responsible for paying any late payment charges, collection agency fees up to 40% of the debt, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. CSU may not register a student, release a diploma or proof of degree, or provide official transcripts to any current or former student who has past due financial obligations to CSU.

[Graduate Tuition](#)
[International](#)
[Special Fees](#)
[Fees](#)

Undergraduate Tuition

Schedule of Tuition and Fees

The most current listing of tuition and fees, as well as a tuition calculator, can be found at the Office of Financial Aid's (<https://financialaid.colostate.edu/base-tuition/>) website.

In addition to the charges listed under each category, students may be required to pay differential tuition, program charges, charges for technology, and/or special course fees. Tuition and fees for a student registering for a combination of regular on-campus courses and Division of Continuing Education (CSU Online) courses will be assessed individually according to the schedule established for each.

Students who are off campus for full time internships, practica, field placement, supervised college teaching or student teaching and are not concurrently enrolled in other courses, may be assessed a reduced general fee amount.

College Opportunity Fund (COF)

Undergraduate Colorado resident students are eligible to receive a College Opportunity Fund (<https://cof.college-assist.org/>) (COF) stipend from the State of Colorado to apply toward tuition costs. To receive the COF stipend, students must apply for the stipend (<https://cof.college-assist.org/>) AND authorize CSU to receive the funds via RAMweb.

Differential Tuition

To ensure students have an opportunity to fully explore their academic options and the range of programs offered at CSU, the University does not charge the full cost of tuition until students have acquired 60 credit hours (30 credits if in the College of Business). After that point, at which most students have settled on a major, students begin to pay differential tuition in addition to the base tuition paid up to that point. Differential tuition is assessed to undergraduate resident, non-resident, and WUE students. Credits that students bring upon entering the University may cause them to reach the 60 credit hours earlier than their peers. Almost all of the differential tuition students pay returns directly to the academic colleges and departments to enhance the quality of a CSU education. Each CSU college's rates are based on three factors:

- High cost—i.e., how expensive the program is to provide
- High demand—i.e., whether the program is in high demand by large numbers of students
- High return—i.e., how much students generally earn when they graduate from that specific program

Differential tuition is assessed by the course subject code at a rate of \$62/\$80/\$106 per credit hour, depending on the course. Differential tuition is not assessed by a student's major. For more detail on differential tuition cost per credit, go to the Office of Financial Aid's (<https://financialaid.colostate.edu/base-tuition/>) website (<https://financialaid.colostate.edu/base-tuition/>) and select "Undergraduate Differential Tuition."

Students are assessed differential tuition upon reaching 30 transcribed credits (sophomore level) for College of Business courses. Students are assessed differential tuition upon reaching 60 transcribed credits (junior level) for all other courses offered at CSU.

Differential tuition is also assessed for specific academic programs (https://financialaid.colostate.edu/media/sites/38/2024/05/Graduate_Differential_Tuition.pdf) that cost more to offer.

Graduate Tuition

Graduate tuition and fees (<https://financialaid.colostate.edu/base-tuition/>) are updated annually. Information about financial support for graduate students is available in the Graduate and Professional Bulletin.

International

CSU collects an administrative charge to cover administrative costs associated with the Student and Exchange Visitor Information System (SEVIS) (<https://www.ice.gov/sevis/>). The USA Patriot Act (2001) requires universities to utilize the SEVIS system and maintain extensive electronic records. The CSU administrative charge should not be confused with the I-901 SEVIS fee that visa applicants pay to the United States Department of State.

Starting Fall 2023, the International Student and Scholar Services (<https://international.colostate.edu/isss/resources/finances/estimated-expenses/>) administrative charge is \$175 per semester. It is charged to all F-1 and J-1 students for this each semester they are enrolled, including summer if summer coursework occurs. Fees are subject to change.

Personal and Living Expenses

International students should anticipate expenses considerably higher than those quoted for domestic students. Additional considerations include costs of deposits for off-campus housing, transportation, international travel, clothing (particularly winter clothing for those coming from warmer climates), living expenses during vacation periods and during the summer months for those who choose to remain on campus, the cost of keeping an automobile and insuring it, child care, shipping books and other belongings home, taxes owed on U.S. source income, and items of personal use which cannot be brought in a suitcase and which must be purchased in the United States after arrival. An annual inflation rate of 3% should be anticipated in all calculations. Refer to the Office of International Programs (<https://international.colostate.edu/isss/resources/finances/estimated-expenses/>) for an up-to-date list of estimated expenses.

Health Insurance

Colorado State University requires all full-time domestic students and all international students to carry health insurance as a way of protecting the student’s educational investment. Students must meet this requirement their first semester at CSU and every fall semester thereafter. Students can meet the health insurance requirement by electing coverage through an individual health insurance plan through a family member, employer, or by enrolling in the University-sponsored Student Health Insurance Plan (SHIP). Visit Health Insurance Requirement (<https://health.colostate.edu/health-insurance-requirement/>) for deadlines and additional information on how to meet the requirement. Note that all CSU students have full access to the wide range of medical, counseling, and health education and prevention services provided by CSU Health Network, regardless of their insurance plan.

Housing

CSU requires that all newly admitted first-year students (Admissions Type “New”) and transfer students with fewer than 15 post-high school credits, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, live in the University residence halls for the first two consecutive terms of their attendance. Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) or International Baccalaureate (IB) do not apply toward living experience. First year students are guaranteed a room in a residence hall on campus (<https://housing.colostate.edu/housing/>). The residence halls house approximately 15% non-first year students including transfer students and upper-division students. Graduate students, upper-division undergraduate students and students with families can find information

on university apartments (<https://housing.colostate.edu/housing/>). Off-campus housing information can be found at Off-Campus Life (<http://ocl.colostate.edu/>).

Third-Party Billing

CSU’s Third-Party Sponsor Billing service (<https://international.colostate.edu/isss/resources/finances/third-party-sponsor-billing-service/>) allows third party sponsors to pay the university for authorized student charges. A sponsor is any government agency, business, embassy, foreign government, third-party trust fund or other entity that agrees to pay for all or part of a student’s expenses while at CSU. A sponsor billing service charge of \$50 is assessed each term to all sponsors that have requested direct billing through the Sponsor Billing office. If the sponsor does not authorize the sponsor billing charge, the \$50 charge will be billed to the student account. All agencies and other entities sponsoring international students, which utilize third party billing privileges, will be assessed a \$375 base service fee per student per academic term by the Office of International Programs. This fee applies to all international students who receive services regardless of whether the student is registered for credit-bearing classes.

The sponsor should fill out a Sponsor Billing Authorization Form (<https://bursar.colostate.edu/Forms/ALR/sponsorauth.pdf>) and provide an official letter or other authorizing document to:

Colorado State University
6024 Campus Delivery
Fort Collins CO 80523 – 6024
FAX (970) 491-2452

For more information, please visit the Third-Party Sponsor Billing Service FAQ website (<https://international.colostate.edu/isss/resources/finances/third-party-sponsor-billing-service/>). For a copy of the Service Schedule and/or a detailed list of estimated expenses, please contact:

International Student and Scholar Services
Attention: Sponsored Student Programs
Colorado State University, Campus Delivery 1024
Fort Collins, CO 80523-1024
Email: isss@colostate.edu

Special Fees

In addition to the regular charges which all students are assessed, other fees may be applicable at certain times or for certain groups of students pursuing particular activities.

Late registration fee \$50.00

Transcript fee per copy	Refer to https://registrar.colostate.edu/transcripts (https://registrar.colostate.edu/transcripts/)
Course fees	Certain courses carry a special fee which is assessed at the time of registration. The costs vary and are determined annually. The current fees for each course can be found at https://financialaid.colostate.edu/base-tuition/ (https://financialaid.colostate.edu/base-tuition/). The fees are for the use of materials or other specific expenditures necessary for the conduct of instruction.
International and Scholar Services	The International Student and Scholar Services administrative charge is \$175 each semester. Charges are subject to change.

Education Abroad The program fees will vary based on the actual costs of tuition and program expenses. More information can be found on the CSU Education Abroad website: <https://international.colostate.edu/educationabroad> (<https://international.colostate.edu/educationabroad/>)

Fees

Nonrefundable Fees*

Admission application fee

First-year freshman, transfer and second bachelor students ¹	\$50.00
GUEST students	\$25.00
Application fee for admission to the Doctor of Veterinary Medicine program	\$80.00
Enrollment Deposit ² (on-campus freshman and transfer students) - confirms intent to enroll; applied to first semester bill	\$300.00
New Student Enrollment Charge (on-campus freshman and transfer students) - charges for orientation and transition programs	\$300.00
Composition Directed Self-Placement Survey	\$12.00
Math Placement Tool	\$15.00
Credit Established by Challenge Examination per credit attempted	\$20.00
Language Placement Examination	\$20.00
Charge for technology, per term (college-wide) ³	
College of Agricultural Sciences	\$90.00
College of Business ⁴	\$103.00
College of Health and Human Sciences ⁴	\$78.22
Intra-University	\$44.00
College of Liberal Arts ⁴	\$60.17
College of Natural Sciences	\$94.50
College of Veterinary Medicine and Biomedical Sciences	\$90.00
Walter Scott, Jr. College of Engineering	\$187.40
Warner College of Natural Resources	\$94.50
Transcript fee per copy (Refer to https://registrar.colostate.edu/transcripts (https://registrar.colostate.edu/transcripts/))	
University Alternative Transportation Fee ⁵	\$37.00
University Facility Fee (per credit hour)	\$23.75
University Technology Fee	\$32.00

* Fees are subject to change.

¹ The undergraduate application is free for Colorado students (<https://admissions.colostate.edu/apply/co-free-app-days/>) and can be waived in the presence of financial hardship (<https://admissions.colostate.edu/2017/02/27/qualify-fee-waiver-enrollment-deposit-deferral/>).

² The Enrollment Deposit can be deferred in the case of financial hardship (<https://admissions.colostate.edu/2017/02/27/qualify-fee-waiver-enrollment-deposit-deferral/>).

³ Undergraduate students enrolled in twelve (12) or more credits and graduate students enrolled in nine (9) or more credits are considered

full time and required to pay the full amount according to their college affiliation. Part-time undergraduate and graduate students pay a prorated amount. Graduate students in the College of Natural Sciences, College of Veterinary Medicine and Biomedical Sciences, and the Intra-University option are not assessed a charge.

⁴ The Colleges of Business, Health and Human Sciences, and Liberal Arts are the only colleges that apply their charge during the summer session.

⁵ Undergraduate and graduate students enrolled in fewer than six (6) credits are assessed \$15.54.

Special Course Fees

Certain courses require enrolled students to pay fees for special services and/or materials. Courses with fees are indicated by a Yes in the Special Course Fee line in Courses A-Z. Special course fees are updated in June for the upcoming academic year. For the most current listing of special course fees, visit the Provost and Executive Vice President's web page (<https://provost.colostate.edu/student-resources/>) and select Complete List of Special Course Fees.

There are four types of special course fees:

1. For some courses, enrolled students are assessed a uniform fee during registration to cover costs such as the rental of external facilities, the expenses of field placements, the provision of special equipment and materials that the University would not otherwise maintain, and/or the costs of off-campus travel of students with supervising faculty members.
2. For some courses, enrolled students are assessed a fixed or variable fee by the department based upon actual use of expended materials supplied by the department and used by the student in the creation, construction, and/or fabrication of an object of value, such as a class project that becomes the student's property. These fees are designed for situations in which it is more efficient for the departments to supply the expendable materials because of the inability to make individual purchases economically.
3. For some courses, enrolled students are assessed variable fees by the department based upon actual damage or non-return of equipment used in the courses.
4. For some courses, enrolled students are assessed a fixed fee to provide funds for replacement or upgrade of equipment that was purchased originally through department funds and cannot be maintained appropriately without this type of student fee support.

All special course fees will be assessed and collected through normal student accounts receivable procedures. No fees should be paid directly to academic departments or individuals.

Tuition and Fee Adjustments

Registration Cancellation
Registration Changes
Course Withdrawal
Semester Withdrawal
Student General Fee Appeal Process

Registration Cancellation

Before classes begin for a particular term, all courses can be canceled via RAMweb (<https://ramweb.colostate.edu/>) with no assessment

charges. Students not planning to attend must cancel their registration before the fall or spring semester begins or they will be assessed a portion of tuition and fees and have a Semester Withdrawal noted on their academic record.

Registration Changes

Tuition and fees will be adjusted (not cancelled) for undergraduate students if credits are added or dropped during the schedule change (add/drop) period at the beginning of the semester. Specific dates are listed in the online class schedule. After this deadline, there is no adjustment in tuition and fees if a student drops part of their schedule.

Course Withdrawal

Students may withdraw from a course through the end of the Withdraw period for the individual class. The specific date is listed on the online Class Schedule (<https://bannerxe.is.colostate.edu/StudentRegistrationSsb/ssb/term/termSelection/?mode=search&mepCode=CSU>) or in the Weekly Class Schedule on RAMweb (<http://ramweb.colostate.edu/>). When a student withdraws from a course, a W will appear in place of the grade. This does not affect the GPA. There is no refund of charges associated with the course in the case of a withdrawal for an on-campus course. For charges associated with withdrawing from a Continuing Education or CSU Online course, please go to CSU Online (<http://www.online.colostate.edu/>).

Semester Withdrawal

Once the semester begins in fall or spring, students dropping all courses and leaving CSU (completing a Semester Withdrawal) must do so through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>).

The schedule for tuition and fee adjustments for students withdrawing from the semester may be found on the Office of the Registrar website (<https://registrar.colostate.edu/registration-changes/>).

Exceptions to the prorated tuition and fees adjustments may be made in the following situations:

- 1. CSU will prorate tuition and fees according to institutional policies; withdrawing students who receive federal, state, or institutional financial aid may be required to return certain funds based on the date of withdrawal or documented last date of attendance, as prescribed by federal regulations.
- 2. CSU room and board charges will be assessed through the vacate date from CSU housing.
- 3. In the case of the death of a currently enrolled student, request for a refund of tuition and fees may be made any time during the semester. For guidance on this process contact the Office of the Provost/ Executive Vice President, Administration Building, Room 108, or 970-491-5932.
- 4. Withdrawal as a result of serious illness, disabling accident, military draft, or activation of reserves or National Guard units, appeals will be initiated and reviewed at the Office of the Provost/Executive Vice President, Administration Building, Room 108.
- 5. Please note: After one hundred percent of tuition has been assessed students that are disciplinary suspended or expelled are not eligible for a tuition appeal.

Additional information related to Semester Withdrawals, being called to active military duty, registration cancellation, and other registration

changes is available in the Registration section of Academic Standards and Policies.

Student General Fee Appeal Process

Billing for the Student General Fee may be contested, in writing, within the first two weeks after the add/drop date of the term for which the fee is imposed. Request should be sent via email to vpsa@colostate.edu. The following information should be included in the request: outline of the particular circumstances for applicability of the mandatory full-time Student General Fee, full name, CSUID, current address, telephone number, and e-mail address. Decisions of the committee are final.

CSU Online

Tuition for CSU Online Courses

Tuition and fees assessed for courses offered through CSU Online vary by program, level of instruction, and delivery method. Colorado residency status is not a factor in determining online, distance, or off-campus tuition rates; however, residency status is a factor in determining tuition rates for some on-campus credit courses offered through CSU Online. Tuition assessed through CSU Online is in addition to any other tuition assessed by the University. Refer to the **CSU Online website** for specific tuition rates and more information.

CSU Online courses and programs qualify for **financial aid** (<http://www.online.colostate.edu/faqs/financial-aid.dot>), including federal financial aid, scholarships, military discounts, and veterans' benefits.

Additional Expenses

- Personal and Living Expenses
- Student Health Insurance
- Housing Deposit

Personal and Living Expenses

The amount of money spent by a student in an academic year (two semesters—August to May) for personal and living expenses varies with current prices and the habits and needs of the student; therefore, it is important that each student estimate the amount of money needed for such items as laundry, clothing, transportation, health care, etc. Expenses not directly related to educational costs are not included in the estimates.

Example of Estimated Educational Expenses for 2024-2025 (based on 15 credits per semester for 2024-2025)

	Resident	Non-Resident
Total base tuition and fees	\$16,862	\$35,071 ¹
College Opportunity Fund stipend credit (Colorado residents) ²	- \$3,480	
Student share of base tuition and fees ³	\$13,382	\$35,071
Charge for technology (average)	\$190	\$190
Housing ⁴	\$7,875	\$7,875
Meals ⁴ , Meals are based on the 19+ meal plan	\$8,942	\$8,942

Books and Supplies	\$1,200	\$1,200
Total direct costs for the year ⁵	\$31,589	\$53,278

¹ A significant percentage of non-residents with competitive academic records are offered scholarships to help offset the cost of tuition.

² If you are a Colorado resident, be sure to apply for the College Opportunity Fund (COF) (<https://cof.college-assist.org>).

³ There may be additional costs for undergraduate students enrolled in courses with differential tuition. For more information about tuition and fee charges, visit the Office of Financial Aid (<https://financialaid.colostate.edu/base-tuition/>) website.

⁴ For students residing in CSU housing, a median amount, assuming a double-occupancy suite-style room with an "Any 19+" meal plan; Actual expenses may vary. For details visit the Housing & Dining Services website (<http://housing.colostate.edu/>).

⁵ This figure does not include personal expenses for such items as, laundry, clothing, transportation, health care, etc., which vary from student to student. For more information about Cost of Attendance, visit the Office of Financial Aid (<https://financialaid.colostate.edu/base-tuition/>) website.

Office of Financial Aid (<https://financialaid.colostate.edu/cost-of-attendance/>) provides additional information about annual costs, including estimates of personal expenses.

Student Health Insurance

To protect students' good health and financial stability, students are required to carry adequate health insurance coverage (<http://health.colostate.edu/student-health-insurance/>).

Housing Deposit

Residence Halls

The \$350 housing deposit for residence hall students serves as both a reservation fee and a contractual guarantee. A refund of this deposit is available if the applicant cancels their request prior to the published deadline for each semester. For specific information about the refund policy, refer to the "Housing Deposit & Refund Information" outlined in the Housing Guide or on the Housing & Dining Services website (<http://housing.colostate.edu/>).

University Apartments

A \$350 application deposit is required for students applying for university apartments. This deposit will convert to a damage/cleaning deposit at the time of assignment. The deposit will be refunded any time prior to confirming an apartment assignment, upon request. The refund procedure for current apartment residents is outlined in the University Apartment lease. For further information, refer to the Housing Guide or the Housing & Dining Services website (<https://housing.colostate.edu/housing/halls/apply/>).

Enrollment Status

Enrollment status (full-time, three-quarter time, half-time, less than half-time) is determined by the number of credits the student has completed or is pursuing for the term in which the verification is requested. Courses the student has withdrawn from and courses the student is auditing

are not included. (The following schedule for enrollment status differs from the full-time/part-time schedule for tuition and fees. (<https://financialaid.colostate.edu/base-tuition/>))

Credit requirements are as follows:

Fall/Spring/Summer Semesters: Undergraduate Students

Full-time	12 or more credits
Three-quarter time	9-11 credits
Half-time	6-8 credits
Less than half-time	5 credits or less

Graduate Students

Full-time	9 or more credits
Three-quarter time	7-8 credits
Half-time	5-6 credits
Less than half-time	4 credits or less

For verification of enrollment status, go to RAMweb (<https://ramweb.colostate.edu/>) and select *Menu*, then *Records*, and then *Enrollment Verification*. For more information, visit the Office of the Registrar (<https://registrar.colostate.edu/enrollment-degree-verification/>) website.

Groups such as co-op programs may have a different definition of enrollment status and should be verified with the program.

Residency for Tuition Classification

Office of Financial Aid (<http://financialaid.colostate.edu/>), Centennial Hall

(970) 491-6321
FAX: (970) 491-5010

Refer to the residency section (<http://financialaid.colostate.edu/residency/>) of our website for more information.

Classification of students for tuition purposes is governed by state statute ("tuition law") which sets forth conditions for a student being considered as "in-state" for purposes of tuition classification. The tuition law is contained in sections 23-7-101 to 23-7.4-204 of the Colorado Revised Statutes and in published policies of the Colorado Commission on Higher Education (CCHE). Although individuals may be considered state residents for voting or other legal purposes after being in the state for a short period of time, the tuition law specifies additional requirements for classification as "in-state" for tuition purposes. The tuition law, which applies to all public institutions of higher education in Colorado, is subject to judicial interpretation and can be changed from year to year by the Colorado Legislature. CSU must apply the rules set forth in the Colorado Revised Statutes, and is not free to make exceptions except as specifically permitted under the statutes and CCHE policies.

Note: This information is considered to be general guidance and is not legal advice. Refer to state statute to review the current law.

Definition of "In-State Residency"

Under the Colorado tuition law, the term "in-state" student means: "A student who has been domiciled in Colorado for one year or more immediately preceding the first day of classes for the term for which such status is claimed." Further the tuition law states: "Attendance at

an institution of higher education, public or private, within the state of Colorado shall not alone be sufficient to qualify for domicile in Colorado.”

In-state classification requires domicile in Colorado for 12 months on or prior to the first day of classes of each semester. “Domicile” is the term used to describe the place where a person has chosen to make a permanent and fixed home. Domicile is made up of two components: physical presence and evidence of intent. Both physical presence and evidence of intent must be established to begin the domicile year. A student can only establish domicile in Colorado for tuition purposes if they intend to reside permanently in the state and meet the definition of a “Qualified Person.” A qualified person is one who is (a) 22 years of age or older, (b) a post-baccalaureate graduate student, or (c) an emancipated minor. (A minor who is married for 12 months is presumed to be emancipated.) A person must be qualified under one of these categories in order to begin the 12-month period of domicile for purposes of in-state tuition. Unemancipated minors qualify for in-state tuition if the parents have been domiciled in Colorado for one year. Exceptions to One Year Domicile (<https://financialaid.colostate.edu/exceptions-to-1-year-domicile-requirements/>) are in this section and also online.

Initial residency determination for tuition purposes of any student enrolling at CSU is determined by the Office of Admissions (<http://admissions.colostate.edu/>). To be initially considered for in-state classification you must answer all residency questions completely and accurately on the application and submit requested evidence substantiating their claim. Failure to do so will result in classification as out-of-state for tuition purposes. The initial determination may be changed if additional evidence regarding the student’s eligibility for in-state classification is received.

Petition for Reclassification

A petition may be filed if a student wishes to contest out-of-state classification or if the student has subsequently become eligible for in-state status. Petition materials may be obtained from the Office of Financial Aid (<http://financialaid.colostate.edu/>). Petitions will be processed only for students who have been admitted to CSU and are currently enrolled for the semester for which they are requesting a change in classification.

A student’s current tuition classification will remain until they have received notification from the Office of Financial Aid (<https://financialaid.colostate.edu/petition-process-and-deadlines/>) Tuition Classification Officer indicating a residency change has been approved. Students who are petitioning for in-state classification remain responsible for paying their tuition based upon current tuition classification. Students are strongly urged to petition as early as possible within the submission date window provided on the Office of Financial Aid website (<https://financialaid.colostate.edu/petition-process-and-deadlines/>) in order to receive a decision regarding their tuition classification prior to the beginning of the semester.

Petition Process/Deadline

The Office of Financial Aid (<http://financialaid.colostate.edu/>) must receive completed petitions no later than the published deadline date for the semester for which the student is petitioning. Deadlines (<https://financialaid.colostate.edu/petition-process-and-deadlines/>) are provided on the Office of Financial Aid (<http://financialaid.colostate.edu/>) website. Petitions will not be accepted after the published deadline date and incomplete petitions will not be accepted and/or reviewed for that semester, and the tuition classification and tuition assessment will remain nonresident for that term.

Students will be notified of the results of their petition by CSU email. Please allow 4-8 weeks for notification. If additional information is required, the additional information must be submitted within the requested time frame unless special arrangements are made with the Tuition Classification Officer.

Decisions made by the Tuition Classification Officer may be appealed to the University’s Residency Appeals Committee. A student wanting to appeal the decision to the Residency Appeals Committee must contact the Office of Financial Aid (<http://financialaid.colostate.edu/>) no later than the appeal date listed in the letter in which the decision was conveyed to the student. The decision of the Residency Appeals Committee is the final CSU determination for that specific semester. In addition, there are no provisions in the Tuition Classification Statutes for retroactive petitioning.

The fact that a student does not qualify for in-state status in any other state does not guarantee in-state status in Colorado; in-state classification is governed solely by Colorado statute. The tuition classification statute places the burden of proof on the petitioner to provide clear and convincing evidence of a change in eligibility for in-state tuition once the student has registered.

Any student who provides false information to avoid paying out-of-state tuition may be subject to legal and/or disciplinary actions.

In-State Status: Other Circumstance

Exceptions to the one-year residence requirement exist for the following:

- Colorado National Guard members
- Active-duty military stationed in Colorado on permanent orders in the last 12 years
- Honorably-discharged members of the U.S. armed forces
- Active-duty military members domiciled in Colorado prior to enlistment
- Canadian military stationed in Colorado
- Peace Corps volunteer
- Employees of companies moving to Colorado receiving government economic incentives
- Children of new faculty members at Colorado state colleges and universities
- 4 year rule and complete junior year of high school in Colorado
- A student, other than a nonimmigrant alien, who attended a Colorado high school for one year immediately preceding the date the student graduated from a Colorado high school or was physically present in Colorado for at least one year immediately preceding the date the student completed a high school equivalency exam. The student must be physically present in Colorado for at least 12 consecutive months prior to enrolling at CSU.

For detailed explanation of the requirements for these exceptions, including spouse and child eligibility, go to the Office of Financial Aid (<http://financialaid.colostate.edu/residency/>) website or review the Colorado Higher Education Residency Guide (<https://cdhe.colorado.gov/students/preparing-for-college/residency-requirements/summary-of-tuition-classification-regulations/>).

Paying Your Bill

Cashier’s Office (http://bursar.colostate.edu/Depts/Cash_Office.aspx)
Howes Street Business Center, First Floor

555 South Howes Street
(970) 491-2767
busfin.colostate.edu/Depts/Cash_Office (http://busfin.colostate.edu/Depts/Cash_Office.aspx)

A student may make a payment on their student account by using CSU's preferred online payment options. Online payments are the fastest, most secure way to make a payment.

Online payments may be accessed through RAMweb (<https://ramweb.colostate.edu/>) and/or FAMweb (<https://famweb-prod.is.colostate.edu/>). The routing number and bank account number (from the bottom of a personal check or a bank statement) are required when paying via electronic check.

For details on other payment options, please visit the Cashier's website (http://busfin.colostate.edu/Depts/Cash_Office.aspx).

Student Billing

Office of Financial Aid
Office in Centennial Hall, First Floor
(970) 491-6321
financialaid.colostate.edu (<https://financialaid.colostate.edu/>)

In support of CSU's Green Initiatives, CSU implemented eBilling effective in Fall 2010. Billing notifications are emailed to the student's official CSU email address. Students can then log into RAMweb to view their University Billing Statement(s). Additional eBilling notifications may be sent to alternate email addresses maintained by the student on RAMweb.

Due Dates:

Fall	September 10
Spring	February 10
Summer	June 10

University charges are due by the date specified on the bill. Due dates are the 10th of each month unless the 10th falls on a weekend or holiday, then the due date is the following business day. All payments should be in U.S. currency. Mailed payments must reach the University Cashier's Office, 6015 Campus Delivery, by 4:00 p.m. (MT) on the due date. Payments by check are processed when received – postmarks do not apply, and future dates are not honored. Online payments must be made by 4:00 p.m. (MT) on the due date for the payment to be considered timely. Penalties for late payment may include holds on University services and a monthly 1.5% payment deferral charge of the past due balance. Penalties are initiated for the purpose of encouraging prompt payment.

CSU offers a current term payment plan! Students and trusted individuals can elect to make monthly payments by signing up for a Nelnet payment plan. Payments can be made via credit card or withdrawals from a designated domestic checking or savings account on a monthly basis. For more information, go to RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) and from the main menu click on Billing and Tax Information and follow the payment plan links and instructions.

Student Account Notes

Students are responsible for all charges on their account and arrangement of payments due. Payments should only be made when a balance due exists on an account. In general, overpayments will not be

applied to the student's account and will be returned within two weeks if no additional charges are posted to the account.

Students who are sponsored by a third party may request direct billing to the sponsor for tuition, fees, and other related educational expenses. Detailed information on sponsor billing is available upon request from the Accounts Receivable/Sponsor Billing Office (http://www.bursar.colostate.edu/Depts/ALR_Sponsor_Billing.aspx). Arrangements for sponsor billing, and acceptance of the Sponsored Student Billing Agreement and FERPA, must be made prior to the student account due dates to prevent payment deferral charges from being assessed.

The "Billing and Tax Information" section in RAMweb (<https://ramweb.colostate.edu>) provides more information on billing statements, paying your bill, accepted payment methods, CSU Payment Plan, direct deposit refund sign up, Student Loan Interest Payment (Form 1098-E for the student loans held by CSU) and Tuition Statement tax information (Form 1098-T).

Once a student is no longer considered to be enrolled, billing will switch from eBilling to paper statements unless otherwise requested by the student with the Accounts Receivable Office (http://busfin.colostate.edu/Depts/ALR_Student_accts.aspx). While the past due account is still being held at the university, monthly billing statements regarding any past due balances owed to the university will be mailed to the primary mailing address on file for the student. It is always the student's responsibility to maintain correct addresses (mailing and email) with CSU (refer to Address Updates).

Unpaid past due balances may cause a hold on registration, transcripts, and diplomas. CSU may not register a student, release a diploma, or provide official transcripts or proof of degree conferral to any student or former student who has past due financial obligations to CSU, until the hold is removed. The release of the hold may be expedited by paying the past due balance in full.

Failure to pay amounts due may result in the referral of the outstanding balance to a third-party collection agency, at which time a collection fee will be assessed and due in full at the time of the referral. The collection fee will be calculated at the maximum amount permitted by applicable law, but not to exceed 40% of the amount outstanding. The student is responsible for all late payment charges, collection agency fees, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. The account will also be reported to one or more of the national credit bureaus as well as the State of Colorado Department of Revenue for possible interception of state income tax refunds, lottery winnings and wage garnishment. Further, CSU reserves the right to impose a penalty fee and financial hold for all returned payments (refer to Returned Payments policy).

Returned Payments

As provided by state law, a penalty will be assessed to the account for each payment not accepted by the bank because of insufficient funds, stopped payment, non-existent account, closed account, invalid account information or any other reason for which the person is responsible.

CSU will attempt to contact the originator of the payment by mail and/or by telephone or email. In the case of students, a notice will be mailed to the primary mailing address on file for the student. (All students are required to maintain a current address, telephone number and email address with CSU always.) These reparative payments are considered due in full immediately. The payment must be equal to the full amount

of the original payment plus penalty and fee. Failure to follow through will result in further collection actions (as described above). If CSU receives a returned payment, all payments from that time forward will require guaranteed funds. Please note: If the presentation of the original payment permits a student to register for an academic term and if full payment of the returned payment plus penalty and fee is not made by the specified deadline, CSU reserves the right to cancel a student's class enrollment.

Address Updates

It is the student's responsibility to maintain correct addresses (mailing and email) with CSU. To create or update an existing address, go to RAMweb (<https://ramweb.colostate.edu/>). To communicate quickly and effectively with students, CSU requires that each enrolled student provide an email address. CSU has designated email as an official form of communication to students. Information about University email accounts can be found on the Information Technology (IT) website (<https://it.colostate.edu/>).

Being able to communicate electronically with the student population provides several benefits:

- It allows CSU to communicate promptly with students regarding their billing statements, financial aid and amounts due.
- Students can be quickly notified by professors and CSU offices of events that affect them personally or may be of interest to them generally (e.g., classroom changes, class meeting time changes, department activities, billing, etc.).
- It is faster and less costly than printing and mailing letters.
- It advances CSU's commitment to environmental consciousness by reducing paper use and eliminating physical refuse.

It is also essential that students maintain a current mailing address with CSU. If the student leaves the University for any reason and still has a balance due to the University, it is the student's responsibility to keep their mailing address up to date in order for CSU to reach the student regarding their balance. If CSU is unable to reach the student because contact information is not kept up-to-date, the account may be referred to a third-party collection agency for further collection action. Addresses can be updated in RAMweb (<https://ramweb.colostate.edu/>).

Deadlines for registration and payments of tuition, fees, and other charges must be met to allow registration to occur. Therefore, students must respond to correspondence from CSU in a timely manner.

Financial Assistance

Office of Financial Aid
Applying for and Retaining Financial Aid
Student Employment Services
Veteran's Benefits
Financial Support for Graduate Students

Office of Financial Aid

Centennial Hall
(970) 491-6321

The Office of Financial Aid (<http://www.financialaid.colostate.edu>) administers a variety of institutional, state, federal, and private financial assistance programs for qualified

students. Financial assistance programs include scholarships, grants, loans, and employment. Employment opportunities available include the Work Study Program, on-campus departmental positions, and community part-time employment.

Financial Aid Programs

CSU offers a variety of financial assistance programs for students based on merit and income. Awards recognize scholastic achievement, assist low income students, and provide funding so students can reach their goal of graduation.

Detailed information on all financial aid programs is available on request from the Office of Financial Aid (<http://www.financialaid.colostate.edu>). Financial aid policies and procedures may change without notice.

Scholarships

CSU administers state, federal, institutional, private agency, foundation, service club, and individual scholarships. The CSU Scholarship Application (CSUSA) is available on RAMweb (<https://ramweb.colostate.edu>) October 1 to March 1 of each year. Students use the CSUSA to apply for most CSU scholarships. Scholarship information, including specific criteria, application requirements, and deadline dates is available on the website.

Nationally Competitive Scholarship Opportunities

Assistance is available to qualified undergraduate students who wish to apply for nationally competitive scholarships and fellowships sponsored by federal and private organizations. These include but are not limited to the Truman, Marshall, Udall, Rhodes, Gates-Cambridge, Goldwater, and Fulbright scholarships. These scholarships and fellowships are highly competitive and require high grade point averages (GPAs), a commitment to service both on and off campus, and specific career and professional goals. In many instances, these organizations support undergraduate and/or graduate work within the United States as well as abroad. The Office for Scholarship and Fellowship Advising (<https://tilt.colostate.edu/osfa/>) provides students with information on eligibility, campus deadlines, and assistance in applying for these nationally competitive scholarships and fellowships.

Grants

CSU administers a number of grant programs available to undergraduate students. Several are restricted to Colorado residents.

- Colorado Student Grant (Colorado's College Responsibility Program)
- CSU Tuition Assistance Grant
- CSU Ram Grant
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant

CSU administers the Federal Pell Grant program for qualified undergraduates. The federal government establishes the dollar limit for the Federal Pell Grant program each year. All grants may be re-awarded in subsequent years, providing the student reapplies for financial aid, continues to document financial need, and maintains satisfactory academic progress.

Loans

CSU participates in the following loan programs:

- Federal Perkins Loan Program (new loan disbursements discontinued as of September 30, 2017)

- Federal Direct Loan Programs, both subsidized and unsubsidized
- Federal Direct Parent PLUS Loan Program
- Federal Direct Graduate PLUS Loan Program
- Health Professions Loan Program – veterinary medicine degree program only
- CSU Ram Loan

Loan amounts vary depending on degree program, need, eligibility, availability of funds, and maximum limits established by federal regulations.

Work-Study

Work-study programs are administered by Student Employment Services and provide part-time employment opportunities to qualified, degree-seeking students. Types of work-study awarded include federal and state need-based work-study, as well as state and institutional no-need work-study. Work-study awards are based on the evaluation of a student's financial need (or no-need) and availability of funds.

If not initially awarded work-study, students can apply via the Request Work-Study Application on RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>). Students who have work-study earnings in the current year should have it renewed for the next year, and would not need to complete the application. All work-study is limited in funding and is awarded on a first-come, first-serve basis. The Request Work-Study Application is available June 3 (on RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>)) for the following academic year. Undergraduate and graduate, new and continuing, resident and non-resident students are eligible to apply.

Applying for and Retaining Financial Aid

Application Procedures for Need-Based Financial Aid

Students use the Free Application for Federal Student Aid (<https://studentaid.gov/h/apply-for-aid/fafsa/>) (FAFSA) to apply for financial aid. Application and procedures for any of the above programs may be obtained from the Office of Financial Aid (<http://sfs.colostate.edu/applying-for-aid/>) and is available on the website.

Satisfactory Academic Progress Standards

Students applying for and/or receiving financial aid are expected to maintain satisfactory academic progress. Failure to perform at established levels may result in students becoming ineligible for financial aid. Copies of the complete policy are available at the Office of Financial Aid (<http://www.financialaid.colostate.edu>), in "Your Financial Aid Guide," or on the website.

Unofficial Withdrawals

Students who leave CSU and do not formally withdraw will be assigned grades of "U" (unsatisfactory) or "F" (failure). Additionally, recipients of federal aid who never began attendance or who unofficially withdrew from CSU will have federal aid adjusted based on the date of the latest academic event in which the student participated.

If no academic event can be documented, 100% of federal, state, and institutional aid will be cancelled because the student never began attendance. An academically-related activity includes, but is not limited to, verifiable class attendance, an exam, a tutorial, computer-assisted

instruction, turning in a class assignment, or attending an assigned study group session.

Fraudulent Receipt of Funds

Students who receive student aid funds through a misrepresentation, falsification, or omission of information may have their names referred to appropriate law enforcement authorities for possible prosecution under the law. Any person who purposely gives false or misleading information may be fined \$20,000, sent to prison, or both.

Reporting Changes

All students must immediately notify the Office of Financial Aid (<http://www.financialaid.colostate.edu>) of any additional resources, such as scholarships, veteran's non-educational benefits, etc., any changes in their financial situation, residency, class standing, or any other factors which can reasonably be construed to impact their eligibility for financial aid.

Student Employment Services

Office in Centennial Hall
(970) 491-5714

Student Employment Services (<https://financialaid.colostate.edu/student-employment/>) is responsible for CSU's Student Employment Program. Student Employment Services and The Career Center (<https://career.colostate.edu/>) partner to list work-study positions, as well as on-campus student hourly positions. Additionally, The Career Center is a central listing source for outside employers to post community jobs. Students may view job notices on RAMweb (<https://ramweb.colostate.edu>).

All individuals who are currently degree-seeking, and enrolled in a minimum of one credit, may use this service.

Student employees, both work-study and student hourly, are compensated on an hourly basis and are paid every other week (based on the payroll schedule) through direct deposit to their personal checking or savings account. All student employees enrolled at least half-time as degree-seeking students are exempt from retirement withholding. Enrollment is verified every pay period.

Several thousand students work on campus each year through the work-study and student hourly programs, and a large number of students find employment off-campus.

CSU is an Equal Opportunity Employer, and adheres to the state's fiscal rules and the regulations set forth by the Department of Education and the Colorado Department of Higher Education, which govern the work-study and student employment programs.

Student Employment Services staff encourages any student seeking a job to connect with the **Career Center** (<https://career.colostate.edu/connect-1-on-1/>), and any currently employed student with employment concerns to contact **The Office of Financial Aid** (ofapay@colostate.edu?subject=Student%20Employment%20Question).

Veterans' Benefits

The Office of the Registrar assists the Department of Veterans Affairs (VA) in providing certification for the following education benefits:

Under Title 38, U.S. Code

- Chapter 30 (Montgomery G.I. Bill®)
- Chapter 31 (Veteran Readiness and Employment)
- Chapter 32 (Post-Vietnam Era)
- Chapter 33 (Post-9/11 G.I. Bill®)
- Chapter 35 (Dependents Educational Assistance)

Under Title 10, U.S. Code

- Chapter 1606 (Selected Reserve/National Guard Members)

In addition, the Veteran's Education Benefits Office will advise and assist students in:

- Meeting residency requirements under the Veterans Choice Act of 2014, Colorado's GI Promise or the Yellow Ribbon Program
- Requesting and obtaining Joint Service Transcripts and other transcripts from military training
- Obtaining additional campus services

Students eligible for any of these benefits must contact the Veteran's Education Benefits Office (<https://registrar.colostate.edu/military-veterans/>) in the Office of the Registrar prior to the expected date of enrollment. Applicants should apply to CSU in a degree-seeking major or for teacher licensure before applying for veterans' education benefits.

A description of the services (<https://registrar.colostate.edu/military-veterans/>) CSU provides may be found online. Regulations governing receipt of veterans' education benefits, Standards of Progress, and other policies (<https://registrar.colostate.edu/military-veterans/>) are also available online.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <https://www.benefits.va.gov/gibill/> (<https://www.benefits.va.gov/gibill/>).

Financial Support for Graduate Students

Graduate Assistants

Full-time graduate assistants receive a minimum monthly stipend during the academic year, as set by CSU. Such assistants must register for and complete at least one on-campus credit during each fall and spring semester during which the assistantship is in effect; and such credits as the appointing department may require each summer term during which the appointment is in effect. Assistants may have tuition payments made in their behalf.

Additional information about financial assistance for graduate students is available in the **Graduate and Professional Bulletin**.

Academic Advising

Undergraduate Students

Vision

Academic advising at CSU inspires students to pursue their academic and professional goals.

Mission

Guided by CSU's Principles of Community and the Land-Grant mission of access and equity, we achieve our vision through an integrated community of advisors who engage in intentional, holistic, and relationship-centered interactions to empower all students to navigate their unique paths and foster learning, development and academic success.

Academic Advising Structure

University Academic Advising provides central coordination for the Advising Network through the Provost Office to enhance the campus-wide student experience with academic advising in collaboration with colleges and departments who provide the oversight and delivery of advising services. This framework benefits from university-wide institutional structures synergistically collaborating with departmental

and disciplinary approaches to advance academic advising on this campus.

Student Advising Goals and Learning Objectives

Goal 1: Students will understand connections between themselves, their choices, and their experiences at CSU. Students will be able to:

- Articulate how academic and career goals tie to their identities, values and experiences.
- Plan holistic educational experiences in partnership with advisor.
- Analyze the impact of their behaviors on academic success.

Goal 2: Students will build reflection, critical thinking, and navigational skills. Students will be able to:

- Identify the relevance and connection of course content to long term career goals.
- Demonstrate the ability to consider multiple viewpoints.
- Connect to CSU and community resources to encourage personal and academic growth.
- Ask purposeful questions in advising interactions and determine the appropriate next steps.

Goal 3: Students will progress toward their academic and career goals. Students will be able to:

- Define academic and career goals.
- Utilize academic and career planning tools (General Catalog, CANVAS, DARS, RAMweb, check sheets, GPA predictors, Career Center, etc.)
- Engage in strategic academic course and career planning discussions with their advisor.
- Track progress toward goal benchmarks.

Where Do I Find My Academic Success Coordinator/ Academic Advisor?

- Each undergraduate student has an Academic Success Coordinator/ Academic Advisor in their academic major(s). Undergraduate students can locate their Academic Success Coordinator/Academic Advisor in RAMweb (<https://ramweb.colostate.edu/>). If there are questions, the student can contact the appropriate academic department. Students will have more than one Academic Success Coordinator/Academic Advisor if completing a double major, or minor. For minor advising please use the search function in the General Catalog. Exploratory Studies students (students exploring majors and/or working toward entry into a competitive major) can contact the Exploratory Studies Unit (<https://exploratorystudies.colostate.edu/contact-us2/appointments/>).
- In addition to the Academic Success Coordinator/Academic Advisor, students may work with an additional staff member if pursuing a professional program such as medicine, law, veterinary medicine, or teacher licensure; or are involved in education abroad, athletics, the Honors Program, or the Community for Excellence. To locate contact information please use the A-Z or the search function on the CSU homepage.

Advising and Career Resources

In order to get the best from the academic advising experience, students are encouraged to utilize the many advising tools that are available.

- The All-University Core Curriculum (AUCC) outlines the general education requirements for graduation.
- Major Completion Maps are available for undergraduate majors, concentrations, and options. These Maps show a sample semester-by-semester coursework plan, and identify critical courses and requirements that are essential for timely graduation. Major Completion Maps can be found under each academic major in the General Catalog.
- The Degree Progress Audit (DARS) is an undergraduate degree audit that shows what graduation requirements a student has completed and what requirements still need to be completed. This audit can be found on RAMweb (<https://ramweb.colostate.edu/>) under Academic Planning and Progress and viewed at any time after admission.
- The CSU Career Center (<https://career.colostate.edu/>) empowers students to pursue satisfying careers through the development of individualized careers plans.
- Major/ Minor/ Concentration/Certification Changes: Current students can use the Academic Program Change tool. They must contact the department offering the academic program. Academic departments manage the Change of Major process in different ways. Some departments will schedule an individual appointment, while others will create group advising sessions. Newly admitted and readmitted students can change their primary major through the Office of Admissions.

Exploratory Studies Advising

- “Exploratory Studies” is a special designation for students who have a rich and diverse set of interests that span the CSU curriculum and want to explore all their options. “Exploratory Studies” also designates students who are seeking admission to majors with competitive entry requirements. Through the exploratory studies advising process students are able to learn about various academic opportunities while keeping their options open as they begin their college experience.
- Professional Academic Success Coordinators (ASCs) in the Exploratory Studies unit (<https://exploratorystudies.colostate.edu/>) are knowledgeable about the full breadth of academic requirements so as to assist students in the process of selecting a major. These advisors help students explore their values, interests, and skills, plan their class schedules strategically, provide information on academic and career options, and refer students to other resources.
- The Exploratory Studies framework for major exploration and course selection involves 8 “Major Tracks”. Each of the Major Tracks contains majors with similar academic and industry themes. The Major Tracks also have curriculum guides to assist students in strategic course selection. Explore potential major tracks by visiting the Exploratory Studies website. (<https://exploratorystudies.colostate.edu/how-do-you-explore-majors/exploring-majors/>)
- The vast majority of exploratory studies students declare an academic major by 45 credits. Timely major declaration promotes

graduation within four years and allows students to remain eligible for financial funding without reaching the maximum allowed credits.

- Students seeking to change their major to Exploratory Studies should contact the office through our Call-In/Drop-In Advising service (<https://exploratorystudies.colostate.edu/contact-us2/appointments/>).

Advising information for graduate students is available in the Graduate and Professional Bulletin (<http://catalog.colostate.edu/general-catalog/graduate-bulletin/graduate-study/procedures-requirements-all-degrees/#advisory-system>).

Grading

Faculty and instructors submit grades once coursework has been completed. The approved grade mode(s) are included in the information with each course in this General Catalog (in the course bubble). Grade modes are Traditional (A through F letter grades), Student Option Satisfactory/Unsatisfactory, Instructor Option, Satisfactory/Unsatisfactory, and Audit. See below for more information.

Grading Scale
Grade Mode Descriptions
Discontinuing a Class (Student Non-Attendance)
Semester Grades
Transcripts
Grade Appeals
Repeat/Repair Policy

Grading Scale

Grade points

Grade		Grade points per credit
A+		4.000
A	Excellent	4.000
A-		3.667
B+		3.334
B	Good	3.000
B-		2.667
C+		2.334
C	Satisfactory	2.000
D	Poor, but passing	1.000
F	Failure	0.000
S	Satisfactory ²	
U	Unsatisfactory ¹	
I	Incomplete ¹	
W	Withdrawal ¹	
H	Honors ²	
AU	Audit ¹	
NG	No Grade Reported ¹	
NGC	Non Graded Component ²	

¹ Credits not used to compute grade point average (GPA) and not counted toward graduation.

² Not used to compute GPA. Non-graded components are attached to a graded component carrying credits.

Credits for courses graded F are used to compute GPA, but they do not count toward graduation.

Effective Fall 2008, C-, D+, and D- grades are not assigned at CSU.

When an X is placed before a grade, e.g., XA, XB, etc., the student has been granted an Academic Fresh Start. These grades are not calculated into the grade point average.

When an R is placed before the grade, the student has elected to repeat the course under the terms of CSU's Repeat/Repair policy. The original course grade is not calculated into the grade point average.

When an AM is placed before the grade, it indicates a finding of academic misconduct by the student in the particular course. For more information, see Procedures for Dealing with Academic Misconduct in the Students' Responsibilities section of University Policies.

Students may contest whether or not an assigned grade was recorded accurately in the educational record by following the procedures described under the Grade Appeal section.

Grade Mode Descriptions

Traditional

Term grades are reported using the Grading Scale above.

Faculty use of +/- grading is optional. Instructors should indicate on the course syllabus and/or policy statement the grading system used in the course.

Student Option Satisfactory/Unsatisfactory

Undergraduate students may elect satisfactory/unsatisfactory grading in one course per term for courses offering the Student Option Satisfactory/Unsatisfactory grading under the following conditions:

Undergraduate students, except first-term freshmen and transfers, with a cumulative CSU grade point average of 2.000 or better and with their advisor's consent may register for approved courses on a Student Option Satisfactory/Unsatisfactory basis. This option may not be used in areas of study required in the student's major, minor, teacher licensure, or for All-University Core Curriculum requirements (i.e., it must consist of free electives not specified as to the general area of study). For example, a three-credit social science requirement would not be considered a free elective. Students must register for the course first and then complete the Satisfactory/Unsatisfactory (S/U) Grading form to elect this option. The electronic form can be found in ARIESweb and must be initiated by CSU staff. Changes to Satisfactory/Unsatisfactory grading can only be made during the add/drop period.

A grade for a course taken as Satisfactory/Unsatisfactory may not be converted to a traditional grade for purposes of improving the GPA to meet graduation or scholastic requirements. In situations where students change their major or minor to include required courses taken previously for Satisfactory/Unsatisfactory grades, the major department will determine if such courses may be considered as fulfilling degree requirements. When it is determined that an ineligible student is or has been registered for a Satisfactory/Unsatisfactory course, a traditional

grade will be assigned. A correct Satisfactory/Unsatisfactory registration, including advisor approval, is the express responsibility of each student.

The course is approved through the University Curriculum Committee (UCC) to offer Student Option Satisfactory/Unsatisfactory grading.

Satisfactory/Unsatisfactory registration policies for graduate students are described in the Graduate and Professional Bulletin.

Instructor Option

Instructor option grading allows the instructor to determine whether Traditional or Satisfactory/Unsatisfactory grading is to be used for a course. In courses approved for instructor option grading, the type of grading (Traditional or Satisfactory/Unsatisfactory) to be used for all students in the course during the term is to be indicated on the course syllabus.

Satisfactory/Unsatisfactory Grades

Performance equivalent to a grade of C or better is recorded as Satisfactory. Performance equivalent to a grade of D or F is recorded as Unsatisfactory. Neither S nor U grades are used in calculating the CSU grade point average; however, courses graded S may apply to graduation requirements.

Audit

A student wanting to attend a class without earning credits may register as an auditor. Auditing a course requires prior approval of the instructor of the course. If an instructor determines an auditor's attendance or participation is unsatisfactory, the course will not be recorded on the student's academic record. Changes to or from audit status must be made during the registration and/or the add/drop period. Tuition and fees are assessed for audited credits. Audits do not count toward full-time status for loan deferments, financial aid, etc., and are not eligible for the College Opportunity Fund (COF). Students must register for the course first and then complete the Audit Grading form. The electronic form can be found in ARIESweb and must be initiated by CSU staff.

Incomplete Grades

At the discretion of the instructor, a temporary grade of "I" may be given to a student who demonstrates it is not possible to complete the requirements of a course due to circumstances beyond the student's control and not reasonably foreseeable. A student must be passing a course at the time an Incomplete is requested unless the instructor determines there are extenuating circumstances to assign an Incomplete to a student who is not passing the course. When an instructor assigns an "I", the instructor shall specify, in writing, the requirements the student shall fulfill to complete the course as well as the reasons for granting an "I" if the student is not passing the course. The instructor shall retain a copy of this statement in the grade records and provide copies to the student and the department head or designee. Students will be notified to take action on Incomplete grades at the beginning of their anticipated graduation term. The student should not register for the course again to complete the coursework. After successful completion of the makeup requirements, Incomplete grades will be changed by the instructor of record or the department head, in absence of the instructor of record. After one year, or at the end of the semester in which the student graduates (whichever comes first), an Incomplete will be automatically changed to an "F" (failure) or a "U" (unsatisfactory) unless the course has been previously completed and a grade change submitted by the instructor or the head of the department. If the class for which the student has been given an Incomplete is S/U only, the grade shall revert to a "U"; if it is a traditionally graded class, it shall revert to an "F".

If a course is instructor option and S/U grades exist, the Incomplete will roll to a "U". If only traditional grades ("A" thru "F") exist, the Incomplete will roll to an "F". The temporary grade of "I" **must** be changed to a grade (e.g., A, B, C, D, F, S, U) prior to the student being awarded a diploma from CSU. *(Faculty Council approved minutes March 6, 2018)*

Discontinuing a Class (Student Non-Attendance)

If a student discontinues attending a class and has not officially dropped or withdrawn through RAMweb (<https://ramweb.colostate.edu/>) or the Office of the Registrar (<https://registrar.colostate.edu/>), the grade of F (failure) is recorded.

Semester Grades

Students may access their semester grades through RAMweb (<https://ramweb.colostate.edu/>) three business days after the week of final exams for each term.

Transcripts

Transcripts at CSU may be obtained by currently enrolled and former students by following the process outlined on the Office of the Registrar website (<https://registrar.colostate.edu/transcripts/>). Transcripts will only be released to the person whose academic records are transcribed unless an academic records release form signed by the individual whose academic records are transcribed is presented.

A financial hold preventing the release of transcripts and diplomas is added to the academic record for all students who have an outstanding debt of any amount to CSU due to unpaid tuition, room and board, or returned financial aid. This hold will be removed once the amount owed due to these charges is reduced to zero.

Currently enrolled students are encouraged to establish a payment plan. Students participating in this payment plan will be exempt from receiving financial transcript holds. To establish a payment plan, go to the payment plan website (<https://mycollegepaymentplan.com/colostate/>).

Former students are encouraged to establish a payment arrangement with the university. A payment arrangement allows former students to make periodic payments to reduce their debt owed to CSU. All financial holds will remain in place until the debt amount related to unpaid tuition, room and board, and returned financial aid is reduced to zero. To establish a payment arrangement, please visit the Special Assets website (http://busfin.colostate.edu/Depts/ALR_SPAS.aspx):

Students and former students may request the financial hold preventing the release of transcripts and diplomas be temporarily waived if:

1. The transcript is required for a job application
2. The transcript is required for the military (Active Duty, National Guard, or Reserves)
3. The transcript is required for a financial aid application (federal, state, or institutional)
4. The transcript is required to apply to another college or university

5. The transcript is required to apply for other post-secondary opportunities

To request this waiver, the student must provide their student ID, name, and a copy of the application document listed above demonstrating the requirement for a transcript or diploma, to the Office of the Registrar. If granted, the waiver will be in effect only for as long as it takes to generate the requested transcript. Waivers may be requested by:

1. Visiting the Office of the Registrar in person:
Centennial Hall
1000 Libbie Coy Way
Fort Collins, CO

2. Email:
registrarsoffice@colostate.edu

3. Mail:
Office of the Registrar
1063 Campus Delivery
Fort Collins, CO 80523-1063

Complaints related to this policy may be directed to the Student Loan Ombudsperson. Directions for filing a complaint are provided on the Colorado Attorney General's website (<https://coag.gov/office-sections/consumer-protection/consumer-credit-unit/student-loan-servicers-act/office-sections-consumer-protection-consumer-credit-unit-student-loan-servicers-act-consumers/>).

Grade Appeals

Instructors are responsible for clearly stating the instructional objectives of the course at the beginning of each term and for evaluating student achievement in a manner consistent with these objectives. Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Instructors are responsible for determining and assigning final course grades. Graded examinations, papers, and other materials used as a basis for evaluating a student's achievement will be available to the student for inspection and discussion.

Students may appeal instructors' grading decisions. The burden of proof, however, rests with the student to demonstrate the grading decision was made on the basis of any of the following conditions. *(Faculty Council approved minutes May 4, 2010)*

1. The grading decision was made on some basis other than performance and other than as a penalty for academic misconduct.
2. The grading decision was based upon standards unreasonably different from those which were applied to other students in the same course and section.
3. The grading decision was based on a substantial, unreasonable, or unannounced departure from previously articulated standards.

Before making an appeal, the student should discuss the situation with the instructor(s) involved in the decision. To appeal a grading decision, the student shall submit a written request to the department head. The request must set forth the basis for the appeal, identifying one or more of the three criteria set forth above.

The request must be submitted (or postmarked, if mailed) no later than thirty (30) calendar days after the first day of classes of the following spring semester for appeal of grades recorded for the fall and no

later than thirty (30) calendar days after the first day of classes of the following fall semester for grades received in the spring or summer semester. If no appeal is filed within this time period, the grade shall be considered final.

Within thirty (30) days of receipt of an appeal, the department head shall forward the appeal to the course instructor(s) who assigned the grade and an appeal committee shall be formed. If the request is received during or shortly before the summer session, when the course instructor(s) who assigned the grade or member(s) of the appeal committee may not be available, the appeal committee will be formed no later than thirty (30) calendar days after the beginning of the following fall semester. The appeal committee shall be composed of two (2) faculty members, two (2) students from within the department, and one (1) faculty member from outside the department who shall serve as the chair. All five (5) members of the committee shall be voting members. The procedure for the selection of the members of the appeal committee shall be specified in the department code.

The appeal committee will review the written appeal and response of the instructor(s). They may elect to separately interview both the student and the instructor(s) before rendering a decision. The decision of the appeal committee will be based upon whether one of the conditions for an appeal set forth above has been met. At the conclusion of the deliberations, the committee shall render one of the following decisions:

1. the original grading decision is upheld, or
2. the department chair or designee(s) will reevaluate the student's achievement of the instructional objectives of the course and assign a grade accordingly.

Written notice of the committee's decision and the reasons for the decision normally will be sent to the student and the instructor(s) within 30 calendar days of the appointment of the committee. The appeal committee's decision is the final decision of the University. Written summaries of the hearing and decision, together with a rationale for that decision, shall be provided to the student and the instructor who assigned the grade and shall be retained in the department office for a period of one year.

Repeat/Repair Policy

Repeat/Repair is a one-time per course grading option that may be used by undergraduate students who repeat a course. Once a student has graduated from CSU, a student may not Repeat/Repair any CSU course taken prior to the date of graduation. The following rules apply when the Repeat/Repair option is applied:

1. The grade received in the repeated course will be used in calculating the student's GPA, regardless of whether the repeated grade is higher, the same as, or lower than the initial grade received. The initial grade will remain on the transcript but will not be used in calculating the GPA when the Repeat/Repair option is applied.
2. It is the student's responsibility to request the Repeat/Repair option through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) before the expiration of the course withdrawal period for the semester in which the course is first repeated.
3. The Repeat/Repair option may be used for a maximum of twelve (12) credit hours and no more than three courses. The Repeat/Repair option may not be applied to a course for which the final grade was given as a penalty for academic dishonesty in accordance with the academic integrity policy under section I.5.1 of the

Academic Faculty and Administrative Professional Manual (<http://facultycouncil.colostate.edu/faculty-manual-section-i/#15>).

4. If the course is repeated at any time subsequent to the use of the Repeat/Repair option, all grades for that course, except the initial grade, will be used in computing the student's GPA.
5. Although a course may be repeated as often as a student chooses, the Repeat/Repair option can be used only the first time a course is repeated.
6. The Repeat/Repair option will not retroactively affect academic standing for previous terms. For example, use of the Repeat/Repair option may change a student's cumulative grade point average, but it will not change the notation of academic standing previously recorded on the student's record.

Note: Although CSU does not use the original course grade for GPA calculation once the Repeat/Repair option has been used, other educational institutions and potential employers may use this grade in their GPA calculation. Medical schools, many law schools, and other graduate programs, for example, may recalculate cumulative GPA using ALL grades on a transcript.

Scholastic Standards

Faculty oversee scholastic standards through the Faculty Council Committee on Scholastic Standards. Students can inquire about scholastic standards at: studentsuccess_scholasticstandards@mail.colostate.edu.

Undergraduate
Graduate

Undergraduate

Good Standing - Minimum Cumulative GPA

In order to graduate, a minimum cumulative grade point average (CUM GPA) of 2.000 on a 4.000 scale is required at CSU. All grades earned in regular credit courses, including those taken through CSU Online (<https://www.online.colostate.edu/>) or the CSU Summer Session (<https://summer.colostate.edu/>), will count toward the CUM GPA. For students who have been granted a Fresh Start, all grades earned prior to the Fresh Start will not count toward the student's CUM GPA.

Academic Standing

Students with a cumulative grade point average (CUM GPA) lower than a 2.000 will begin the academic standing process for one or two regular semesters (fall and spring). The first fall/spring semester that a student has a CUM GPA lower than a 2.000 will be their "academic watch" semester. If a student continues into a second fall/spring semester with a CUM GPA below 2.000, that semester will be their "academic dismissal warning" semester. Grades earned in regular credit courses through the Division of Continuing Education or the CSU summer session will count toward the CUM GPA regardless of when those classes are taken. At any time that the CUM GPA is raised to a 2.000 or higher, the student will return to good academic standing.

Students who withdraw from all CSU courses during the semester or attend another institution will continue in the academic standing process when they return. Note that transfer credit grades are not computed within the CUM GPA earned at CSU, so these grades can not improve the CSU GPA. (*Faculty Council approved minutes Dec. 6, 2022*)

Academic Dismissal

Students in the academic standing process who do not raise their CUM GPA to a 2.000 or higher after two regular semesters (fall and spring) will be dismissed from CSU. Students who have been academically dismissed from CSU have three options to seek readmission.

First, they may take classes through the GUEST program, through the CSU Summer Session, or through the Division of Continuing Education. They can return to CSU when their CUM GPA is 2.000 or higher.

The second option available to students who have been academically dismissed is to enroll at another regionally accredited institution and meet the requirements to be admitted as a transfer student to CSU. Upon transferring back to CSU, students will have two semesters following re-enrollment to raise their CUM GPA earned at CSU to 2.000 or higher. Transfer credits are not computed within the CUM GPA earned at CSU. Students who have raised the CUM GPA to 2.000 or higher or who apply as students transferring from another institution may apply for readmission to the University.

A third option is to return to CSU through the Fresh Start Process (see information below).

Appeal of Academic Dismissal

Students may appeal academic dismissal (<https://secure.studentachievement.colostate.edu/DismissalAppeals/DismissalAppealGuidelines.aspx>). An online appeal may be submitted for consideration by the Faculty Council Committee on Scholastic Standards. All appeals must be submitted in accordance with written instructions.

All appeals of academic dismissal will be acted upon by the Faculty Council Committee on Scholastic Standards no later than seven business days prior to the first day of classes for the next regular academic semester (either fall or spring).

A dismissal appeal that is granted allows the student to return immediately for the next regular semester (fall or spring). Dismissal appeals granted cannot carry forward to a future semester unless the student was approved (prior to dismissal) for a planned leave for the next regular semester. If a student withdraws during the dismissal appeal granted semester due to extenuating circumstances, the student must submit another appeal to dismissal that includes documentation of the extenuating circumstances or the student will be dismissed at the end of the dismissal appeal granted semester.

Academic Fresh Start

The Academic Fresh Start policy allows students to restart their CSU GPA and return in good academic standing while retaining credit for courses with grades of C- or better.

Generally, Fresh Start best serves students in a probationary or dismissed status who need 30 or more credits to complete their degree.

Who is eligible for the Academic Fresh Start?

- You must be pursuing your first undergraduate degree and
- You must have a break of at least one calendar year since your last term of enrollment as an admitted, degree-seeking student

You're considered enrolled in the semester if you used a semester withdrawal. Your time away from CSU starts after a semester withdrawal term.

Dismissed students can enroll in non-degree options (<https://admissions.colostate.edu/non-degree/>) during the one-year break and retain eligibility for Fresh Start.

To apply for an Academic Fresh Start, students must:

- Visit with their academic advisor or academic success coordinator about their eligibility for Fresh Start and its implications for graduation. Students awarded Fresh Start must successfully complete at least 30 upper-division credits in residence at CSU after Fresh Start is granted in order to graduate. In some cases, students are closer to graduation without Fresh Start.
- Contact your admissions counselor (<https://admissions.colostate.edu/find-your-counselor/>) to discuss the return process and your potential eligibility to return. Eligibility for Fresh Start does not guarantee admission to CSU.

Once students have had these conversations, they can request a Fresh Start within the Returning Student application (<https://admissions.colostate.edu/apply/returning-student/>). On the Personal Statement tab, check the box to be considered for a Fresh Start and then include a personal statement that addresses the following topics:

- Why you wish to return to CSU.
- Factors that support your successful return – what you've learned about yourself, evidence of change/success since you last attended CSU.
- Your plan for academic success – tools and resources you intend to use when you return.

Finally, while it's helpful to know whether you have completed additional academic work elsewhere since leaving CSU, additional course work is not required to be considered for either Fresh Start option.

Please note that other institutions are not obligated to recognize CSU's Academic Fresh Start policy, and may not honor the new GPA.

Only grades earned after the Fresh Start demarcation will be computed in the new GPA. Students must complete at least 30 upper division credits of coursework in residence at CSU after Fresh Start is granted in order to graduate. Fresh Start may also have implications regarding other requirements for graduation and eligibility for Graduation with Distinction (<https://registrar.colostate.edu/graduation-with-distinction/>). Students should consult with their department regarding their graduation requirements.

Dean's List

Students should contact their individual college(s) for Dean's List qualifications.

Graduation with Distinction

CSU recognizes outstanding scholarship by granting the baccalaureate degree "Cum Laude," "Magna Cum Laude," and "Summa Cum Laude" to those students in each college who have achieved unusually high academic excellence in their undergraduate programs. To be eligible for graduation with distinction, students must meet the following requirements:

- Minimum grade point average required for graduation with distinction and

- Minimum of 60 credits completed at CSU. Students who have been granted Fresh Start must have completed 60 credits after the Fresh Start designation to qualify for graduation with distinction.

Transfer credits are not considered when determining a) candidacy for graduation with distinction or b) graduation with distinction.

The Current Breakdown of Acceptable GPAs for a Distinction Designation:

College	Summa Cum Laude	Magna Cum Laude	Cum Laude
Agricultural Sciences	4.000	3.952	3.825
Business	3.996	3.924	3.818
Engineering	3.978	3.916	3.776
Health and Human Sciences	4.000	3.946	3.840
Liberal Arts	4.000	3.957	3.869
Natural Resources	4.000	3.954	3.842
Natural Sciences	4.000	3.962	3.888
Veterinary Medicine and Biomedical Sciences	4.000	3.989	3.950

These minimum cumulative grade point averages will be reviewed every four years and may be changed if needed to maintain appropriate academic standards. Such changes will become effective the semester following approval by Faculty Council and publication in the General Catalog. The breakdown illustrated above will be applied starting with our Spring 2024 graduates. Each of the minimum grade point averages needed to graduate with distinction will be adjusted at the end of each four year period only if the percentage of students graduating with distinction in a distinction category and college have shown a statistically verifiable deviation from the target percentages of:

Summa Cum Laude	1%
Magna Cum Laude	3%
Cum Laude	6%

Candidates for graduation with distinction are recognized at the time of commencement. Candidacy is determined by a student's cumulative grade point average through the semester preceding graduation. "Candidacy" for graduation with distinction does not guarantee graduation with distinction. Graduation with distinction is based on the student's cumulative grade point average at the time of graduation. The CSU GPA calculation is carried to the third decimal place and is not rounded.

Students seeking a second bachelor's degree are eligible for distinction designation. To qualify for graduation with distinction, a minimum of 60 credits completed at CSU is required after the first degree. In determining the grade point average of the student, only grades earned after the first degree are considered.

Graduation as a University Honors Scholar

Students who complete the University Honors Program (<https://honors.colostate.edu/>) academic requirements and achieve at least a cumulative 3.500 grade point average earn the designation of University

Honors Scholar. Scholars are recognized at graduation by the Honors Program and during the colleges' commencement ceremonies. The University Honors Scholar designation appears on diplomas and transcripts.

Graduate

Graduate students must maintain a 3.000 GPA to be in good standing with the University. Learn more in the Graduate and Professional Bulletin.

Academic Policies

CSU Academic Integrity Policy and Student Conduct Code

Class Attendance Regulations

Final Examinations

Undergraduate Planned Leave

Undergraduate Change of Major, Concentration, Minor, or Certificate

CSU Academic Integrity Policy and Student Conduct Code

The CSU Academic Integrity Policy and Student Conduct Code (<https://resolutioncenter.colostate.edu/wp-content/uploads/sites/32/2018/08/Student-Conduct-Code-v2018.pdf>) exist to notify students, faculty, and staff of the specific expectations Colorado State University holds related to student behavior and the rights and responsibilities that accompany being a student and participating in student clubs or organizations.

Class Attendance Regulations

Students should attend all classes for which they are registered to obtain maximum educational benefits. Absence or lateness does not excuse students from required course work.

Instructors and departments are responsible for establishing class attendance policies. These policies must accommodate student participation in University-sanctioned, extracurricular/co-curricular activities. Students must inform their instructors prior to anticipated absences and take the initiative to make up missed work in a timely fashion. Instructors must make reasonable efforts to enable students to make up work which must be accomplished under the instructor's supervision (e.g., examinations, laboratories). In the event of a conflict in regard to this policy, individuals may appeal using established CSU procedures.

For purposes of this regulation, University-sanctioned activities include competitions, events, and professional meetings in which students are officially representing the institution. Appropriate sanctioned activities include:

- Intercollegiate athletics;
- Collegiate club sports and competitions;
- Conferences and workshops recognized by CSU not related to academics;
- Commitments on behalf of CSU (ASCSU, band, etc.); and
- Professional activities recognized by CSU related to academics.

Department heads or their designated representatives must approve sanctioned professional and departmental activities. Other sanctioned activities must be approved by the appropriate program director on record with the Division of Student Affairs offices or the Department of Athletics. Refer to this list for the appropriate approving authority

(<https://studentaffairs.colostate.edu/resources/resources-faculty-staff/administrative-information/class-absence-info/>).

CSU policy permits only enrolled students, persons attending with the permission of the instructor, and administrative personnel of CSU to be present in a classroom during scheduled classroom periods.

At the discretion of the instructor in charge, any full-time student, faculty member, or lifelong learner may attend any class without formal registration provided adequate classroom space is available.

Academic departments may replace any students in a course who fail to attend both of the first two regularly scheduled meetings of the class (one meeting for laboratory courses or for classes which meet once each week), unless the students have notified the department in advance. Since this procedure is a department option, students remain responsible for dropping courses they do not intend to complete within the required time period for drops.

Student Bereavement Leave

Student Case Management and Referral Coordination (SCM) (<https://studentcasemanagement.colostate.edu/>) supports students in crisis situations and provides resources for ongoing care. To request Bereavement Leave, students are responsible for meeting with a Case Manager and requesting the amount of excused bereavement leave needed, to the extent deemed appropriate and advisable in view of circumstances (travel to another state or distant point, religious ceremonies, etc.), not to exceed five (5) days total and not required to be consecutive, for the death of a family member or other significant person with whom the student has a relationship. The definition of family member and significant person is purposely broad because today's families do not reflect a traditional or easily defined family structure. In addition, there are other relationships that have a significant impact on a student's life, e.g. friend, lifelong neighbor, college roommate, etc.

SCM will collect basic information, at a minimum, including the full name of the deceased, date of passing, relationship to the student, requested days of excused absence, circumstances of the request (immediate grief, funeral/memorial service, travel, religious ceremonies, commemorative ceremony, etc.). SCM will provide the student with a Bereavement Instructor Notification that the student will provide to their faculty. The student and faculty should collaborate on a written course plan that minimizes or eliminates the negative impact of absences related to bereavement.

In some instances, determined by the instructor, faculty, or department, it may not be possible to make-up course work, including collaborative, practical, lab experiences, exams, quizzes, and other assignments. Missing coursework may have a negative effect on a student's overall grade. Absence from class, for any situation, may be detrimental to a student's learning, grade, academic plan, graduation, financial aid, scholarship status, etc. even if excused. *(Faculty Council approved minutes Dec. 6, 2022)*

Religious or Spiritual Holidays and Observances

CSU has a legal obligation to accommodate students' absences due to religious or spiritual observances. For such an accommodation, it is the student's responsibility to complete the Religious Accommodation Request Form (<https://studentaffairs.colostate.edu/resource/religious-accommodation-request-form/>) at the beginning of each semester and submit the request via the Office of the Vice President for Student Affairs website. The Dean of Students will communicate with the instructor

regarding the student's absence and the student is instructed to discuss how best to ensure an accommodation related to class conflicts. For religious observances that cannot reasonably be anticipated at the beginning of the semester, students must follow the procedure above as soon as possible after the course conflict is identified. If a student knows that a particular course or section of the course will have multiple conflicts with their religious or spiritual obligations, the student is advised to locate another course section or defer taking the course to a different semester. In the event of a conflict in regards to this policy, individuals may appeal using established CSU procedures. Instructors are advised to provide reasonable accommodations to ensure compliance with CSU's obligations.

Final Examinations

Final examinations, as appropriate, are given during the final week of each semester. During this week, classes are rescheduled to meet for two-hour periods.

The following procedures apply to all courses during the final week of the semester:

1. Final examination week is part of the regular semester. Student attendance shall be consistent with CSU policy.
2. The final in-class examination period is intended for the end-of-semester examination. No in-class examination constituting more than 10% of the final course grade may be given in undergraduate courses during the week preceding the final examination period of the semester; laboratory, performance, and other alternative classes (e.g., Precalculus Program courses - the individualized mathematics program) excluded. It is the responsibility of the department head, or, where appropriate, the school head, to ensure compliance with this policy.
3. Courses for less than four credits shall meet for one period. Courses for four or more credits may meet for two periods.
4. Classes that begin at times other than on the hour (i.e., 9:30, 2:10, 3:35, etc.) will use the time period assigned for the hour (i.e., 9:00, 2:00, 3:00, etc.). For example, a 4:30 TR class would use the 4:00 TR assigned final examination period.
5. Classes shall meet only at the times indicated on the final examination schedule.
6. Any exception of regulations 3 or 5 above, e.g., special types of examinations which need more time or special locations to conduct, must be approved by the Associate Registrar in Curriculum, Catalog, and Scheduling prior to the second week of class and announced in classes by the second week.
7. If a student has three or more final examinations (not classes) scheduled for the same day or if conflicts of examination times occur, the student may negotiate a time change with the instructors involved. If the parties involved cannot find a mutually agreeable time, the Office of the Registrar indicates which courses must be changed. Note: The Associate Registrar in Curriculum, Catalog, and Scheduling, must be notified at least one week prior to final examination week to allow instructors time to make appropriate accommodations.

Any student who has a conflict with the examination schedule must inform the instructor as soon as possible before the examination. If an agreement cannot be reached between the instructor and student as to the appropriateness of a make-up examination, the student should appeal to the department head.

Undergraduate Planned Leave

Undergraduate Planned Leave is a status intended to help students more easily and effectively take up to three fall or spring semesters away from their CSU studies and successfully return again. Students who obtain Undergraduate Planned Leave status do not have to re-apply for admission to CSU upon return. In addition, students will have access to their CSU email account and we will communicate with students on Planned Leave in an attempt to help facilitate their successful and timely return.

All undergraduate students seeking their first or second bachelor's degree (CSU on-campus and CSU Extended Campus) either in good standing or in the academic watch process are eligible for Planned Leave. Students will be granted a Planned Leave for up to three semesters. (A semester is defined as a fall or spring semester and excludes summer sessions; for example, Planned Leave is granted for fall and the student returns the following spring, or is granted for spring and returns the following fall.) Semesters may, but are not required to, be taken consecutively. Any student leaving for more than three semesters should utilize CSU's Returning Student (<http://admissions.colostate.edu/returning/>) process via the Office of Admissions when they return. Any student leaving longer than three semesters due to military service should work with the Adult Learner and Veteran's Services Office (<https://alvs.colostate.edu/>) or the Veteran's Education Benefits Office (<https://registrar.colostate.edu/military-veterans/>) to discuss available options.

Per CSU transfer evaluation guidelines, students on Planned Leave may enroll at another domestic post-secondary institution during their Planned Leave. Any student planning on going to an international post-secondary institution must have a conversation with, and follow the processes of, the Education Abroad Office (<http://educationabroad.colostate.edu/students/>) to evaluate what, if any, of the credits taken might transfer back to CSU.

International study while on Planned Leave is not the same as regular Education Abroad. Many different issues arise and processes must be followed by students in the Education Abroad program (<http://educationabroad.colostate.edu/students/>). Students participating in Education Abroad (for-credit study, intern, volunteer, work, or research abroad programs) have a separate CSU process for managing planned leave and therefore are not eligible to participate in this policy.

Students interested in obtaining Planned Leave status must apply via RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) and be approved before leaving. The deadline to apply for Planned Leave is Sunday at 11:59pm prior to classes starting. For additional information, see the Office of the Registrar's website (<http://registrar.colostate.edu/planned-leave/>). *(Faculty Council approved minutes May 2, 2023)*

Student Financial Assistance

Most Financial Aid is handled under Federal Title IV requirements. Students who are receiving financial aid should request information about current and future term eligibility when considering Planned Leave. Students who are receiving scholarships should request information regarding renewability. Students are not eligible for any financial aid disbursements during the semester(s) on Planned Leave. Students on Planned Leave will be reported to lenders and loan service agencies as "non-attending" and will need to contact lenders for information regarding possible repayment requirements.

International Students

Because there are federal visa requirements, international students must discuss their options for Planned Leave with the Office of International Programs (OIP) (<https://international.colostate.edu/>) to determine the impact of the Planned Leave to their immigration status. All international students must be enrolled in a full course of study while in the United States.

Returning from Planned Leave

A full set of steps for students returning from a Planned Leave are available on the Planned Leave website (<http://registrar.colostate.edu/planned-leave/>). *(Faculty Council approved minutes March 6, 2018)*

Undergraduate Change of Major, Concentration, Minor, or Certificate

Change of Undergraduate Major

Newly admitted students who have not begun classes must contact the Office of Admissions (<http://admissions.colostate.edu/>) to change their major.

In many, but not all cases, an undergraduate student regularly enrolled in CSU may change from one major to another. Students complete this process by working with the advisor/academic success coordinator in the department to which they would like to change. Students should schedule an appointment by contacting the department offering the major, minor, or certificate to which they would like to change (or add). Some departments create advising appointments by phone, others via signing up online; some advising appointments are individual, others are group change of major sessions.

Some majors—considered competitive or controlled-entry majors—require specific entrance requirements (portfolio, audition, cumulative GPA, grades in specified courses, etc.). Students wishing to change from one major to another can obtain information about any restrictions or requirements that may be in place, as well as the actual process involved, from their advisor, the academic department offering the major, or from the Collaborative for Student Achievement (<http://studentachievement.colostate.edu/>).

Dropping a Major, Minor, Concentration, or Certificate

Students wishing to drop a minor or second major should make an appointment with their academic advisor/academic success coordinator to be sure all options are fully understood. Students then submit a program change via RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>). For additional information, see the Office of the Registrar's website. (<https://registrar.colostate.edu/major-minor-concentration-certification-changes/>)

Changes of major, minor, or certificate are generally processed within one business week. Students may check their status in RAMweb (<https://ramweb.colostate.edu/>).

Academic Credit

Credit Hour and Credit Load
Undergraduate Classification
Enrollment Status

Credit Hour and Credit Load

A credit hour is defined as 50 minutes of lecture or discussion/recitation per week for 16 weeks (800 minutes in a semester), 100 minutes of laboratory per week for 16 weeks (1600 minutes in a semester) when outside preparation is required, or 150 minutes of laboratory per week for 16 weeks (2400 minutes in a semester) when no outside preparation is required. For workload planning purposes (and to graduate with 120 credits in eight semesters), students should plan on completing an average of 15 credits per semester and should expect each credit hour to require approximately two to three hours (for some students, in some classes, more time and in a few classes, less time) of effort per week to attend classes and to accomplish readings and out-of-class assignments in preparation for successful completion of the course requirements.

Undergraduate Classification

Student level (class) is determined by the number of credits at CSU and credits accepted in transfer. Transfer credits may or may not be acceptable in meeting degree requirements.

Student Level Semester Credits

Student Level	Semester Credits
Freshman	0-29
Sophomore	30-59
Junior	60-89
Senior	90 and over

Enrollment Status

Enrollment status (full-time, three-quarter time, half-time, less than half-time) is determined by the number of credits the student has completed or is pursuing for the term in which the verification is requested. Courses the student has withdrawn from and courses the student is auditing are not included. (The following schedule for enrollment status differs from the full-time/part-time schedule for tuition and fees. (<https://financialaid.colostate.edu/base-tuition/>))

Credit requirements are as follows:

Fall/Spring/Summer Semesters: Undergraduate Students

Full-time	12 or more credits
Three-quarter time	9-11 credits
Half-time	6-8 credits
Less than half-time	5 credits or less

Graduate Students

Full-time	9 or more credits
Three-quarter time	7-8 credits
Half-time	5-6 credits
Less than half-time	4 credits or less

For verification of enrollment status, go to RAMweb (<https://ramweb.colostate.edu/>) and select *Menu*, then *Records*, and then *Enrollment Verification*. For more information, visit the Office of

the Registrar (<https://registrar.colostate.edu/enrollment-degree-verification/>) website.

Groups such as co-op programs may have a different definition of enrollment status and should be verified with the program.

Registration

Class Schedule
Registration Process
Schedule Changes
Semester Withdrawal
Undergraduate Planned Leave
Graduate Continuous Registration
Registration Alternatives

Class Schedule

The Class Schedule is available in RAMweb (<https://ramweb.colostate.edu/>) or to the public via the CSU website (<https://www.colostate.edu/>) prior to the beginning of registration for a given term. To find the schedule via the CSU website (<https://www.colostate.edu/>), select "Resources," then "C," and then "Class Schedule."

Registration Process

Students register for classes, including adding or dropping courses, online through RAMweb (<https://ramweb.colostate.edu/>). The class schedule is available through RAMweb (<https://ramweb.colostate.edu/>) approximately one month prior to the start of registration, allowing students to plan their schedules. Plan Ahead, a schedule planning tool, is also available in RAMweb (<https://ramweb.colostate.edu/>) through the Registration link.

Before registering for classes, students must complete the Registration Ready portion of the process. In order to communicate quickly and effectively with students, CSU sends many official campus communications via email. Students confirm their email address via Registration Ready. Students are also required to maintain a current mailing address. Once Registration Ready is complete and the student's Registration Access Date/Time has arrived (viewable in RAMweb (<https://ramweb.colostate.edu/>)), a student may register for classes.

Military veterans will receive a priority Registration Access Date/Time to register for their classes.

Registration and payment deadlines must be met in order for registration to proceed. Students should respond to correspondence from CSU, including email correspondence, in a timely manner to avoid missing crucial deadlines.

Registration Waitlist

Registration Waitlists are available for students attempting to register for class sections that are already full. When a class has reached capacity and shows a waitlist is available, students may sign up on the waitlist. Students are e-mailed and texted (if they set their text messaging options to allow Academic and Financial Alerts via RAMweb (<https://ramweb.colostate.edu/>)) when a seat opens in the class. Students then have a 24-hour window to register for the class. If the student does not

register, they are taken off the waitlist, and a notification goes to the next student on the waitlist.

Go to RAMweb (<https://ramweb.colostate.edu>) or the Office of the Registrar's webpage (<https://registrar.colostate.edu/waitlist-faqs/>) for frequently asked questions and answers about the Registration Waitlist.

Course Overrides

Even when a class has reached its published enrollment limit, the instructor may give special permission for a student to register for the course. Students should inquire about overrides with the instructor assigned to teach the class or the department offering the class. Overrides are processed electronically via ARIESweb by the instructor or department offering the course. Once granted an override, the student must still register for the course through RAMweb (<https://ramweb.colostate.edu>).

Credit Overload

Undergraduate students who wish to register for more than 18 credits per term must have an overload approved and submitted through ARIESweb by their Academic Success Coordinator/Academic Advisor. Requests for undergraduate students to register for 21 or more credits in a given term must be approved by the department chair/department head.

Graduate students who wish to register for more than 15 credits per term must also have an overload approved and submitted through ARIESweb by their advisor. Requests for graduate students to register for 19 or more credits requires approval from the Graduate School.

Variable Credit Course Registration

Some courses, such as research or field placements, are available for variable credits. Learn more about adjusting variable credits on the Office of the Registrar's website (<https://registrar.colostate.edu/registration-changes/>).

Auditing a Class

Students interested in learning content of a course but who do not need it to count toward graduation may choose to audit the course, if the option is available. Learn more about auditing a course (<https://registrar.colostate.edu/audit-satisfactory-unsatisfactory-grading/>).

Late Registration

A Late Registration Charge of \$50 (subject to change) is assessed for adding the first course on or after the first day of classes or for late adds after the registration period ends.

Graduate students who register for Continuous Registration or their first course for the term on or after the first day of the term will be charged a \$50 Late Registration Charge.

Repeating a Course

Students may register for and complete a course more than once, but it can only be used one time to fulfill graduation requirements. The original grade and grades earned in repeated courses are used in calculating grade point averages, unless a student exercises the Repeat/Repair policy.

Repeat/Repair

Undergraduate students who retake courses have the opportunity to exercise the Repeat/Repair option. Students need to take steps to make this happen. Learn more about Repeat/Repair.

Enrollment and Degree Verification

For verification of enrollment status, term(s) of attendance, or degree awarded, go to RAMweb (<https://ramweb.colostate.edu/>) and select Enrollment Verification from the Records option in the main menu. Learn more at the Office of the Registrar (<https://registrar.colostate.edu/enrollment-degree-verification/>).

Schedule Changes

Schedule Changes and the Add/Drop and Withdrawal Periods

Periods for changing schedules (adds, drops, withdrawals, changes of sections, grading options, or credits) are listed in the Academic Calendar and in the online class schedule. Add, drop, and withdraw dates for specific sections may be located by selecting the section's title in the class schedule. The Class Details section in the pop-up window will list those dates. Once registered, those dates are also available on RAMweb (<https://ramweb.colostate.edu/>) by selecting "Registered Course Details" in the weekly class schedule. Courses taught in terms of less than 16 weeks are subject to shorter add/drop and withdrawal periods.

Adding a class

During the regular 16-week Fall and Spring semesters, courses may be added without an override through 11:59 PM Sunday at the end of the first week of classes. Beginning Monday of the second week of classes, courses may be added with an electronic "Department Approval - Restricted Add" override from the instructor through the census date, which is the 12th day of classes of the semester. The approval to provide the override is at the discretion of the instructor or teaching department. Course instructors may authorize their department offices to perform these overrides.

Dropping a class

Regular courses may be dropped through the census date, which is the 12th day of classes for the semester. Restricted-drop courses must be dropped before 11:59 PM Friday at the end of the first week of classes. Courses dropped during this period are not reflected on the student's academic record, and tuition and fees may be adjusted as a result. Consult the appropriate class schedule for course drop deadlines. No drops may be made after the end of the add/drop period.

Withdrawing from a class

The course withdrawal period begins after the add/drop period and closes at the end of the twelfth week of the semester. A "W" (withdrawal) grade notation will be recorded on the academic record. See also Class Attendance Regulations. Tuition and fees will not be adjusted for withdrawals during the course withdrawal period. See also Tuition and Fee Adjustments in the Financial Information section.

Courses taught in terms of less than 16 weeks are subject to shorter add/drop and withdrawal periods. Select the class section's title in the class schedule and then the Class Details section in the pop-up window to view a class's specific add, drop, and withdraw dates.

Students withdrawing from CSU may not use the drop procedure to drop all classes but must instead complete the Semester Withdrawal process.

Registration Cancellation (Prior to Start of Term)

Prior to the beginning of the semester, all courses can be canceled via the web registration system on RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) with no charge.

Semester Withdrawal

Semester Withdrawal refers to a student withdrawing from all classes for a given term, starting the first day of the term and on or before the last day of classes (before Final Exams week).

Any student interested in completing a Semester Withdrawal will do so, online, through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>). Students are encouraged to discuss their plans to complete a Semester Withdrawal with the following individuals/departments, as applicable: Academic Success Coordinator/Academic Advisor, Financial Aid (<https://financialaid.colostate.edu/>), Veterans Education Benefits Office (<https://registrar.colostate.edu/military-veterans/>), Student Athlete Support Services (<https://sass.colostate.edu/>), International Student and Scholar Services (<http://isss.colostate.edu/>), CSU Online (<http://www.online.colostate.edu/>), and the Graduate School (<http://graduateschool.colostate.edu/>).

Semester Withdrawal for Call to Active Duty

Called to Active Military Duty

CSU will assist any student called to active military service with reasonable accommodations and in making the best possible transition. As a primary point of contact, students are encouraged to work with Adult Learner and Veterans Services (ALVS) (<http://alvs.colostate.edu/>). Depending on when in the semester the student is called to duty, different options may be available including Semester Withdrawal, late withdrawals, or Incomplete grades.

Students anticipating being gone for a limited amount of time are encouraged to work with ALVS (<http://alvs.colostate.edu/>) in order to explore reasonable accommodations in their courses or selected withdrawals from individual courses.

Semester Withdrawal for Call to Active Duty:

1. To complete a Semester Withdrawal, a student should do so through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>).
2. Ideally, you will have your deployment orders in hand when you visit ALVS. If you do not have your orders with you, or can only complete the withdrawal over the phone, then you can contact ALVS (<http://alvs.colostate.edu/>) at 970-491-3977 for details on submitting your orders. When ALVS (<http://alvs.colostate.edu/>) receives the orders, they will coordinate with other campus departments to get your tuition assessment adjusted.
3. If you are deployed between academic terms (for example, at the end of the semester or over the summer), you do not need to withdraw online or contact ALVS (<http://alvs.colostate.edu/>) to withdraw; however, you do need to be sure you have cancelled your registration for the upcoming term. You may cancel courses on RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>).
4. Graduate students: Please be sure to review your options for Continuous Registration versus Graduate Application for Readmission as you make arrangements for your deployment.

5. Short-term deployments may not require a Semester Withdrawal, depending upon the length of the deployment and when in the semester it occurs. Students given orders for a short-term deployment should work directly with their instructors, who are strongly encouraged to accommodate deployed students with a reasonable plan for making up work. Students who are advised they may be assessed a penalty for the absence should contact Adult Learner and Veteran Services (ALVS) (<http://alvs.colostate.edu/>) to discuss their options. If you have any questions about the withdrawal process, be sure to consult ALVS (<http://alvs.colostate.edu/>).

To return to CSU (whether you were deployed during the academic term or between terms):

1. Returning undergraduate students should go to the Office of Admissions (<https://admissions.colostate.edu/apply/returning/>) website for instructions to apply to return.
2. The Returning Student Application asks you which semester you plan to return to CSU. As soon as you know when you will return, you should submit the application so you can register for classes in a timely manner. Please note the relevant application deadline (<https://admissions.colostate.edu/apply/returning-student/>) for the term you wish to return. Keep your academic advisor/academic success coordinator apprised of your plans—by phone or email if necessary—so they can make sure you have a schedule figured out for your returning semester.
3. Returning graduate students who have not utilized Continuous Registration must complete and submit a Graduate Application for Readmission and a copy of the deployment orders in order to have the readmission fee waived.
4. Graduate students who choose to utilize Continuous Registration during their deployment are not required to reapply when they return, but they will be charged the Continuous Registration fee and the University Technology Fee per academic term they are away. The continuous registration fee is NOT waived for deployment.

Important note: If you were admitted to CSU and were not able to enroll due to deployment, you may be required to submit a new application for admission and new supporting documents depending upon your original term of admission. Enrollment deferrals of up to one year beyond the original term of admission are allowed in such cases but must be arranged in advance; deadlines apply.

If you have questions about the return process (for enrolled students) or about obtaining an enrollment deferral (for newly admitted students), please contact the Office of Admissions at admissions@colostate.edu.

Retroactive Withdrawal

A student may request that all grades in an academic period (one or more semesters of continuous enrollment) be retroactively removed and replaced by entries of "W" on their transcript. A retroactive withdrawal may be granted only when a student's academic progress was seriously adversely impacted by documented extenuating circumstances outside of the student's control during the academic period(s) in question, and the student could not be reasonably expected to complete a Semester Withdrawal in the ordinary manner, given these circumstances. Examples of extenuating circumstances include (but are not limited to):

- Serious personal/family issues
- Significant and lasting mental or physical health issues

- Unexpected financial difficulties of sufficient magnitude to cause significant threat to the student's physical and/or mental wellbeing
- Other crisis situations

Failure to academically perform due to factors such as the following would not generally qualify a student for retroactive withdrawal:

- Bad habits or poor judgment
- Time management issues/working too many hours
- Ignorance of University policies

A retroactive withdrawal is not allowed if a student has earned a degree from CSU and the semester in question was used to meet University, college, or departmental requirements for the degree.

Students are allowed two requests for the same period, the second request requiring additional supportive documentation. If granted, assessment of tuition and fees remains unchanged. If the appeal is granted, undergraduate students have the option to appeal for a percentage of tuition refund utilizing the Undergraduate Tuition Assessment Appeal form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/08/Tuition-Assessment-Appeal-03-2024.pdf>) submitted to the Provost Office. The student's academic record will remain unchanged if a request is denied.

An undergraduate or graduate student applying for a retroactive withdrawal must submit an online request accompanied by a personal statement from the student and supportive, third-party official documentation from a relevant professional or CSU department that references dates for the semester in question. Examples of support documentation may include but are not limited to: reports from medical professionals, obituary notices, letters or correspondence from CSU staff or faculty, or legal documentation. If the justification for the request is based on death or serious illness of someone with whom the student has a very close relationship, the student must document the relationship to this person as well as the death or serious illness of that person. The request will be forwarded to the Faculty Council Committee on Scholastic Standards. It is recommended that students consult with their academic success coordinator/academic advisor or the Collegiate Success Coach for assistance with the retroactive withdrawal process.

For questions, please contact:
StudentSuccess_ScholasticStandards@mail.colostate.edu.

Undergraduate Planned Leave

Undergraduate Planned Leave is a status intended to help students more easily and effectively take one, two, or three regular semester(s) (fall or spring) away from their CSU studies and successfully return again. Students who obtain Planned Leave status and comply with its requirements do not have to re-apply for admission to CSU if returning the subsequent semester. Approved Planned Leave appears on the official CSU transcript and verifies the University granted a leave for one, two, or three semesters. During their absence, students on Planned Leave continue to have access to their CSU email account and receive ongoing communication from the University to help facilitate their successful and timely return. For more information, see Undergraduate Planned Leave in Academic Standards and Policies.

Graduate Continuous Registration

All students admitted to a graduate degree program are required to be continuously enrolled in their degree programs in the fall and spring semesters. This policy applies from the time of first enrollment through the graduation term. Students should contact their advisor if they do not plan to register for at least one credit of course work or research. Learn more about Continuous Registration.

Registration Alternatives

Auditing a Class

See Auditing a Class in Grading.

Non-Degree GUEST Program

GUEST is a non-degree enrollment option for community members who wish to take one or two CSU classes during a fall or spring semester without applying for admission as a degree-seeking student. Learn more about applying for admission to the GUEST program (<http://admissions.colostate.edu/guest/>).

CSU Online/Continuing Education

Taking online courses is an appealing option for many students. CSU Online (Continuing Education) offers access to individual courses, full degree programs, and graduate certificates. Learn more at CSU Online (<http://www.online.colostate.edu/>).

Lifelong Learners

CSU is supportive of lifelong learners. Community members age 55 or older may attend academic classes, free of tuition charges, on a space-available basis with permission of the instructor. Course fees (e.g., transportation expenses, breakage fees, consumable supplies associated with labs, etc.) as published in the class schedule will be assessed to visitors. As visitors, lifelong learners are not registered for the classes, have no academic record of attending, and earn no academic credit. Learn more at the Office of the Registrar's website (<https://registrar.colostate.edu/lifelong-learners/>).

Taking Courses at Another Institution

Enrolled students who wish to take undergraduate courses at another regionally accredited institution to transfer to CSU should first determine how the courses will be accepted in transfer. To do so, the student will need to access the Transferology (<https://www.transferology.com/login.htm>)™ website. For more information about Transferology™, refer to the Office of the Registrar's website (<https://registrar.colostate.edu/transferology/>).

If Transferology™ does not list the desired course or its institution, or if it shows an equivalent course different from what the student is seeking, the student should contact the Degree and Transfer Evaluation unit of the Office of the Registrar by phone at (970) 491-4860 or email at TransferOffice@colostate.edu to confirm the equivalent. If the course does not have an established equivalent, the student may petition the academic department of the class being transferred in to approve a course equivalent using the Transfer Course Equivalency Pre-Approval Form (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/11/Transfer-Course-Equivalency-Pre-Approval-Form.pdf>), (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2020/05/Transfer-Course-Equivalency-Pre-Approval-Form-05-2020.pdf>) available

on the (<https://registrar.colostate.edu/your-transfer-coursework/>) Office of the Registrar's website (<https://registrar.colostate.edu/forms/>). The appropriate academic department must determine if a course can be accepted as the desired equivalent. Upon approval, the student returns the signed form to the Office of the Registrar prior to transferring the course.

Students wishing to take courses at an international institution will need to have the Office of the Registrar evaluate the courses to determine how they will be accepted in transfer. To do so, the student must supply the Office of the Registrar with a copy of the course description and/or syllabus, in English, of each course they wish to take by email at international_evaluation@colostate.edu, by fax at (970) 491-2283, or in person in Centennial Hall.

Students are responsible for ensuring an official transcript is sent to the Office of the Registrar after the completion of the off-campus course work. No credit will be evaluated until an official transcript has been received. A certified translation must accompany transcripts not issued in English. Courses with less than a C- grade, or equivalent, are not accepted as transfer credit toward a degree at any time, in any major.

The student must file a Returning Student Application with the Office of Admissions (<http://admissions.colostate.edu/apply/returning/>) prior to leaving campus if the course work is taken in any term other than summer session.

See also Education Abroad, in Interdisciplinary Opportunities.

Credit for Education Abroad

Students are encouraged to participate in accredited education abroad programs. Credit is granted for courses taken in programs approved in advance by CSU, subject to certain conditions. To apply for credit, a student must complete an "Education Abroad Transfer Credit Policy & Approval Form" available at the Education Abroad Office (<https://international.colostate.edu/educationabroad/>) located in Laurel Hall.

Aims Community College Cooperative Registration Agreement

Under a cooperative program with Aims Community College (Greeley), CSU students may register for one course (maximum of five credits) per term without additional tuition assessment.

Eligibility – Students must be enrolled at CSU in resident instruction courses, i.e., not Continuing Education or Placement.

Credit Load – For the above corresponding terms, CSU students must be registered for at least 12 credits to attend Aims Community College.

Course Restriction – Registration for a maximum of one undergraduate, resident instruction course (maximum of five credits) is authorized. Registration will be subject to the availability of the course and the student meeting the prerequisites.

Tuition – Tuition and student fees for the course taken under this agreement will not be charged to the eligible student, but applicable course fees will be paid by the student. If the student is determined to be ineligible for this cooperative registration privilege, applicable tuition and student fees will be assessed, and the student will be responsible for payment of these charges.

Registration – Applicable forms are available on the Office of the Registrar's website (<https://registrar.colostate.edu/exchange-programs/>) or at the Office of the Registrar in Centennial Hall.

CSU does not have a registration agreement with Front Range Community College.

Challenging Colorado State Courses for Credit

The opportunity to challenge the content of a course on the basis of an examination may be permitted. This option is at the discretion of the individual department and may exclude courses where a laboratory or practicum is an integral part of the course being challenged.

A fee of \$20 (subject to change) per credit attempted is assessed and is not refundable. Upon successful completion of an exam, a grade of S (satisfactory) is recorded on the student's academic record. No record of unsuccessful attempts is recorded.

A course may not be challenged under the following conditions:

- To satisfy the residence requirement for graduation.
- When the person seeking credit is not currently registered at Colorado State University at the time the examination is administered.
- When a student has previously failed a placement or challenge exam for the course.

Students wishing to establish credit by challenge may obtain information from the Office of the Registrar's website (<https://registrar.colostate.edu/challenge-exam/>).

Degree Requirements

Undergraduate
Graduate

Undergraduate

Credit Requirements

Graduation credit requirements, outlined in detail below, include the following: a minimum of 120 credits, 42 of which need to be upper-division. Thirty of the 42 upper-division need to be taken "in residence" at CSU. And, 15 of the last 30 credits need to be taken "in residence".

Major Requirements

Students wishing to graduate must complete the requirements for a major and the All-University Core Curriculum. A major is a sequence of courses in a subject-matter area or discipline which, when accompanied by appropriate supporting courses, leads to a degree. A minimum of 27 semester credits constitutes a major. Completion of a major is shown on both the student's diploma and academic record (transcript). Students may elect to complete the requirements for two or more majors. Students must complete degree requirements for the first (primary) major before they can graduate. Students who have declared two majors must complete all degree requirements for the second (secondary) major, with exception to the AUCC Category 4C, in order to graduate. Common requirements may count in meeting the curriculum requirements for each major, but each major must have a minimum of 27 unique credits. Also see requirements for multiple degrees.

Concentration Requirements

Some majors have concentrations (or specialization areas). A concentration is a sequence of at least 12 unique semester credits of

designated courses within a major designed to accommodate specific interests of students. Completion of a concentration is shown on a student's academic record (transcript) if completed in conjunction with a degree program, but is not noted on the diploma.

Options

Some majors have options which are a sequence of courses within a major or concentration of either guided electives or electives selected from areas of interest as approved by the student's advisor. Options do not appear on diplomas or a student's academic record. (Courses taken to complete an option do appear on the student's transcript.)

Minor Requirements (Including Interdisciplinary Minors)

Minor programs of study are optional and are offered by certain departments. A minor consists of a minimum of 21 specified credits of course work outside the major. A minimum of 12 of the 21 credits must be course work at the upper-division level (300-400 level) and a minimum of 12 credits must be from course work within the department offering the minor. Minors are noted on the student's academic record (transcript) if completed in conjunction with a degree program, but not on the diploma. If a student does not intend to complete the requirements of the minor then that minor must be dropped before the degree can be conferred for the primary major. Minors must be awarded in conjunction with the major, they cannot be awarded post graduation.

Certificate

Undergraduate Certificates are small-scale credit-bearing credentials that help prepare students for the workforce and/or further academic study by building students' capacity in specific skills, competencies, and/or knowledge areas. Undergraduate Certificates are optional and may be offered by any academic unit. An Undergraduate Certificate consists of a minimum of 9 specified credits. A student must earn a cumulative GPA of 2.000 or better in the courses required in the Undergraduate Certificate to receive the certificate.

An Undergraduate Certificate may include courses from one or more academic units. For certificates involving courses from two or more academic units, the coordinating department academic unit is indicated in Programs A-Z.

Students must apply for admission into the Undergraduate Certificate program and for the conferral of the certificate. Students must be enrolled at CSU to complete the certificate requirements and receive the certificate. Undergraduate Certificates by title are noted on the student's academic record (transcript); they are not noted on the diploma. ^(Faculty Council approved minutes March 5, 2024)

Multiple Majors

Undergraduate Students With A Second Major

If both of the completed majors are of the same degree type (e.g., B.A., B.S., B.M., B.F.A.) and the student has fewer than 150 credits, the student will be awarded a single degree which displays all majors earned on one diploma.

If the completed majors are of a different degree type and the student has fewer than 150 credits, the student will be given the following choices at the time they file their graduation contract:

1. One diploma listing only the primary major's degree type (e.g., B.A., B.S., B.M., B.F.A., B.S.W.) and listing all majors conferred.
2. One diploma listing The Bachelor of Arts and Sciences (B.A.S.) if one major is a B.A. degree type and another is a B.S. degree type (if this

option is chosen the degree type of B.A.S. shows on the diploma and the official transcript along with both majors).

Students must complete degree requirements for the first (primary) major before they can graduate. Students who have declared two majors must complete all degree requirements for the second (secondary) major, with exception to the AUCC Category 4C, in order to graduate. If a student does not intend to complete the requirements of the second major then that major must be dropped before the degree can be conferred for the primary major.

Degrees Earned Concurrently

Students pursuing more than one major, who have successfully completed a minimum of 150 credits, completed a minimum of 27 unique credits for each major, completed major and AUCC category 1-3 requirements, and completed AUCC category 4A-C requirements for each major, will be conferred separate baccalaureate degrees resulting in separate diplomas.

Second Baccalaureate Degree Requirements

A student enrolling at CSU after previously graduating with one or more baccalaureate degree(s) or a student who has already earned one baccalaureate degree at CSU may earn an additional undergraduate degree in a different major if the following requirements are met:

1. Minimum of 30 semester credits in residence (after admission as a Second Baccalaureate student (<https://admissions.colostate.edu/apply/second-bachelor/>)) beyond the credits earned at the time the student graduated with a previous baccalaureate degree.
2. All curriculum requirements for the new major, including All-University Core Curriculum Category 4 requirements and AUCC Categories 1-3 if applicable.
3. Minimum of 27 unique credits for the major not used toward completion of the previous baccalaureate degree.

The first or subsequent baccalaureate degree(s) may be from CSU or from another institution accredited by a regional institution accreditor recognized by the U.S. Department of Education, the Council for Higher Education Accreditation, or equivalent. Regionally accredited accepted coursework will fulfill the All-University Core Curriculum (AUCC) requirements with the exception of AUCC courses in category 4 that are required in the major. Baccalaureate degrees earned at an International Institution may lack components of the AUCC which could result in additional coursework beyond the major requirements to complete the degree.

Graduate

Learn more in the Graduate and Professional Bulletin.

Graduation Procedures and Information

Undergraduate
Graduate

Undergraduate Degrees Student Bill of Rights

The Student Bill of Rights (also known as Colorado Revised Statute § 23-1-125) notes that a student may formalize a plan to obtain a degree

in four years. Colorado State University supports this timeline for graduation by publishing Major Completion Maps defining a common four-year course progression for most majors. (There are some majors a student may not be able to complete in eight semesters because of additional degree requirements recognized by the Colorado Department of Higher Education.)

Review CSU Major Completion Maps on the "Major Completion Map" tab for each Undergraduate program of study listed in this General Catalog.

General Requirements

Students are required to complete all curricular requirements in place in the current catalog at the time of graduation, including the All-University Core Curriculum (AUCC) requirements.

The list of general requirements below is a sufficient guide for academic planning, but does not represent all rules which might apply to a particular student or program of study.

Graduation Procedures and Information

Checking undergraduate graduation requirements is the responsibility of the Office of the Registrar. Curriculum requirements are checked by the department head or assigned department designee of the first major, second major, minor and/or certificate if applicable.

Students planning on transferring coursework from another post-secondary institution in order to meet the requirements for degree completion should contact the Degree and Transfer Evaluation unit within the Office of the Registrar for assistance. It is very important that all grades/transcripts are received by the end of the 4th week after the semester has ended. If grades/transcripts are not received within this timeframe students will experience a delay regarding the formal posting of their official graduation for that semester as well as delays in printing their diploma.

A request for waivers or substitutions for major program requirements may be made if completing a curricular requirement:

1. Will extend the time normally required to complete the degree; or
2. Will force students classified as juniors or seniors to take additional lower-division courses, exclusive of AUCC requirements.

Requests for waivers or substitutions of the All-University Core Curriculum must be submitted on an appeal form (<https://registrar.colostate.edu/forms/>), signed by the advisor and department head and turned in to the Degree and Transfer Evaluation unit of the Office of the Registrar. Ultimate responsibility for ensuring that AUCC curriculum requirements are observed and that substitution of equivalent courses or waivers are for good and sufficient academic reasons rests with the Provost/Executive Vice President.

Graduation Credit Requirements

To meet requirements for the bachelor's degree, a student must fulfill:

Minimum Credit Requirement

A bachelor's degree requires a minimum of 120 semester credits; however, individual programs in some colleges and departments may exceed the minimum.

Minimum Grade Requirement

Only credits completed with grades of A+, A, A-, B+, B, B-, C+, C, D, and S may count toward the graduation total. (Note: Grades of C-, D+, and D- earned at CSU prior to Fall 2008 apply to graduation requirements.) Some

majors require a minimum grade of C or higher in required courses. For further information refer to your Undergraduate Degree Progress Audit (DARS) or contact the department offering the major.

Cumulative GPA

The minimum cumulative grade point average acceptable for graduation is 2.000 computed only for courses attempted at CSU. The CSU GPA calculation is carried to the third decimal place and is not rounded.

Total credits earned and counted toward graduation may differ from total credits used in computing a scholastic average, since the scholastic average is computed by dividing the total grade points at CSU by the total GPA credit including credits for grades of A+, A, A-, B+, B, B-, C+, C, D, and F. Note: Grades of C-, D+, and D- earned at CSU prior to Fall 2008 are applied to CSU GPA calculations.

Upper-Division Credit Requirement

A minimum of 42 semester credits in upper-division courses (300-400 level) is required of all students completing a bachelor's degree program. Although 500-level courses cannot be required in undergraduate programs of study, elective credits taken at the 500-level may be used to fulfill the upper-division requirement.

Use of 500-Level Courses Within an Undergraduate Program

With written approval of an advisor, junior and senior undergraduate students may use 500-level courses to fulfill major requirements, either by selecting from an approved department list of courses, or by exception approved by the advisor. However, students are never required to take 500-level courses to complete an undergraduate program of study, whether a major or a minor. Courses at the 600-level are automatically excluded from use for an undergraduate degree. Undergraduate students may not enroll in courses numbered 700-799.

Use of 500-level Courses Taken as an Undergraduate in Graduate Studies

Undergraduates may apply a maximum of nine credits of graduate-level course work toward a graduate degree at CSU provided that such course work:

1. Is not used to meet bachelor's degree requirements; and
2. Has been approved by the department head of the graduate degree program being sought.

Students who enroll in 500-level courses not applied toward a bachelor's degree may request that an exclusion statement be placed on their academic records for those courses, making them potentially applicable to a CSU graduate degree. Students cannot exclude any courses below the 500-level under this policy. (See the Key to Courses for additional information.) A written request must be filed in the Degree and Transfer Evaluation unit of the Office of the Registrar no later than the end of the term in which the excluded course is taken. Exclusion of these courses from the bachelor's degree does not ensure acceptance of this credit toward a graduate degree program. These excluded courses are computed in the undergraduate grade point average. Undergraduate students may not enroll in courses numbered 600-699 to satisfy undergraduate degree requirements. Undergraduate students may not enroll in courses numbered 700-799.

In Residence Requirement

A minimum of 30 upper-division semester credits must be completed in residence at CSU. "In residence" courses include any authorized Colorado State University course recorded as CSU credit on the CSU transcript. As an approved exception, "upper-division in residence" may also be

satisfied by pre-approved upper-division credits earned in authorized study abroad programs and designated domestic exchange programs, if simultaneously enrolled in designated CSU courses. Pre-approval procedures are required.

Senior Year Requirement

Of the last 30 semester credits earned immediately preceding graduation, at least 15 must be completed at CSU. Credits earned in authorized study abroad programs and designated domestic exchange programs will not apply to this requirement.

Academic Fresh Start Requirement

Upon receipt of a Fresh Start, a student must successfully complete at least 30 upper-division credits of coursework in residence at CSU after the Fresh Start is granted in order to graduate.

Degree Progress Audit (DARS)

The Degree Progress Audit (DARS) is the degree tracking tool used for verification of university, program, minor, options, certificate and interdisciplinary requirements. The audit provides a dynamic and concise report, viewed over the web that is used for advising as well as for final graduation certification. The Degree Progress Audit provides students with current and accurate transfer and course information to enhance their degree and program planning. Students are able to request a degree audit for any undergraduate program at CSU for display of how their credits would be used to fulfill another major's requirements; students can also use the "Select a Different Program" functionality to see how adding a second major, minor, or certificate will impact their graduation requirements.

Time Limitation on Credits

Courses completed within the preceding ten years may apply toward a bachelor's degree. After ten years, course work is reviewed by the department head and college dean or a designee to determine its appropriateness to the major requirements.

Admission to Degree Program

Students are required to be admitted into a degree-seeking program in the term for which they plan to graduate. Contact the Office of Admissions (<http://admissions.colostate.edu/>) for application procedures.

Intent to Graduate

Students will file their Intent to Graduate during registration via the Registration Ready Tool in RAMweb upon completion of 85 credits. Students are prompted to verify their curriculum, their correct graduation term, and to give their desired name (within reason) for the commencement program as well as their diploma.

Contract for Completion of a Major or Minor

Graduation contracts reflect the most updated version of the Degree Progress Audit (DARS), which is used for final graduation certification. Graduation contracts are completed electronically within the student's Degree Progress Audit in consultation with their advisor(s) at each department where the student is enrolled in a major, minor, or certificate program of study. Students seeking to graduate will be notified via RAMweb to review their Degree Progress Audit (DARS) to ensure all requirements are in progress or complete and they must acknowledge they are aware of their graduation requirements. Graduation contracts must be completed by the Friday of the second week of classes of the student's graduation term. Students who do not complete the degree requirements in their graduation term will be contacted by the Office of

the Registrar (<https://registrar.colostate.edu/contact-us/>) requesting they update their anticipated graduation term.

Good Standing Status

A student must be in good standing to receive a CSU degree. Accordingly, any student who is subject to suspension or dismissal for scholastic or disciplinary reasons will not graduate until the conditions of suspension or dismissal have been satisfied.

Off-Campus Completion of Degree Requirements

Seniors who are registered for final course work at another institution, either in residence or by correspondence or extension, must have their Contract for Completion of Major/Minor (graduation contract) on file in the Office of the Registrar by the end of the add/drop period of the graduation term. Official transcripts showing completion of work from another institution must be on file in this office no later than the fourth week after the graduation term.

Degree Conferral

Degree conferral occurs three times each year, after the conclusion of the Fall, Spring, and Summer terms. The conferral date is the date that will be posted on the official transcript and the diploma. This is the date when the degree is considered officially awarded. A degree is a credential. There are three documents that provide evidence of that credential: an official transcript, a diploma, and a formal letter of completion from the Office of the Registrar.

CSU degrees will not be posted on the student's record until the official degree conferral date has been reached for the semester in which the degree is being awarded. Completion of all requirements prior to the official degree conferral date will not result in an early conferral of the degree. A student in this situation may request an official "Upon Completion Letter" from the Office of the Registrar showing pending conferral of the degree. The degree will be conferred for the term in which the requirements are completed.

Degree Verification Process

To confirm that a degree has been awarded, the most common options are through use of the official transcript, receipt of the diploma or Certified Electronic Diploma (CeDiploma). In addition, many employers access the Degree Verification process (<https://www.studentclearinghouse.org/>) through the National Student Clearinghouse.

Certified Electronic Diploma (CeDiploma)

The CeDiploma is a digital copy of the paper credential. A CeDiploma can be validated through the University's website (<https://ramweb.colostate.edu/diploma/>) to provide absolute confidence in the credential's authenticity. All students graduating December 2019 or after will receive an email to their CSU email address informing them their CeDiploma is available for download. Students graduating prior to December 2019 may order a CeDiploma through the Office of the Registrar estore (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fregistrar-colostate.nbsstore.net%2Fdiplomas&data=05%7C02%7CSusan.Horan%40colostate.edu%7Ce9149b93d2c64d91601c08dc63dfc6a0%7Caf58802ff7a4bb1ab21367ff2ecfc8%7C0%7C0%7C638495059971449728%7CUnknown%7CTWFpbGZsb3d8eyJWljiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJ0%7C0%7C%7C%7C&sdata=MV%2B2iWhoRO57WVM3n0%2BfU3FD0LNUwhtrA8z8qVYXsaA%3D&reserved=0>).

Degrees Awarded Posthumously

In exceptional circumstances, the Provost, as approved by the Board of Governors of Colorado State University, may award degrees posthumously. Recommendations for such an award will only be considered when the student had completed nearly all of the requirements for the degree before dying, and when the student's academic record clearly indicates that the degree would have been successfully completed had death not intervened. Nominations for posthumous awards of degree will be initiated by the student's department and approved internally by the relevant college dean and the Provost/Executive Vice President. The posthumous nature of the recommended degree award shall be made explicit when the recommendation is forwarded to the Provost. The Provost/Executive Vice President's Office shall be responsible for presenting the degree to appropriate survivors.

Commencement (Graduation Ceremonies)

Students may graduate in Fall, Spring, or Summer terms. CSU celebrates at Commencement ceremonies (<http://commencement.colostate.edu/>) twice a year, at the end of each Fall and Spring semester. Beginning in Spring of 2025, CSU's graduating class will be able to celebrate their achievements all together during one university-wide ceremony each year. In order to allow students and families adequate planning time and maximum flexibility, students graduating in Fall of 2024 may choose to participate either in their College's Fall 2024 commencement ceremony or in the new all-university ceremony in Spring of 2025.

Students completing degree requirements during any term receive their diplomas by mail within 6-8 weeks after the degree conferral date, if there is no outstanding financial obligation to the University. Candidates must appear in appropriate academic attire at commencement exercises.

Graduate Degrees

The graduation procedures and information for Graduate Students is available in the Graduate and Professional Bulletin.

CO-CURRICULAR ENGAGEMENT

Co-Curricular Engagement

Student Leadership
Research and Creative Opportunities
Athletics
Fraternity and Sorority Life
Student Leadership, Involvement and Community Engagement (SLiCE)
Student Clubs and Organizations
Student Media

Student Leadership

A member of Campus Compact, CSU promotes programs that develop citizenship skills and values, including service learning and partnerships between the campus and community. CSU has been named a "Top Character-Building Institution" by the Templeton Foundation. CSU encourages students to explore the many opportunities to enhance learning by getting involved on campus and in local communities.

Associated Students of CSU (ASCSU)
Graduate Student Council
College Councils
President's Leadership Program (PLP)
Honorary Societies
Campus Connections

Associated Students of CSU (ASCSU)

All fee-paying CSU students are members of Associated Students of Colorado State University (<http://ascsu.colostate.edu/>) (ASCSU), the student governing body that advocates for student interests and welfare across the campus, city, state, and federal level. ASCSU serves as the direct student representation on multiple areas of campus such as the Board of Governors, Student Fee Review Board, and the Board of Student Organization Funding. ASCSU comprises three main branches: Legislative, Executive, and Judicial. Through these branches, different levels of representation exists to ensure that the student's voice is heard.

ASCSU offers programs and services to all CSU students such as Ram Leadership Team, Grill the Buffs, and the For-Ever-Green shirt program.

Graduate Student Council

The Graduate Student Council (<http://graduateschool.colostate.edu/campus-life/get-involved/>) represents and advocates for graduate and professional students to improve the experience of graduate education. The Graduate Student Council consists of student representatives from each department which enrolls graduate or professional students, with two representative seats allocated to each department. The Council elects its own officers and nominates representatives for committees such as Faculty Council, boards overseeing student fee areas, etc.

College Councils

Students who have declared a major can contact their Dean's Office in order to find out more about the College's Student Council and the leadership opportunities it may afford. Students who have not declared a major should contact the Collaborative for Student Achievement (<http://studentachievement.colostate.edu/>) for information about the Undeclared Leadership Council.

President's Leadership Program (PLP)

The President's Leadership Program (<http://lsc.colostate.edu/slice/slice-leadership/>) is a fourteen credit leadership development experience consisting of three independent year-long (two semester) academic and experiential courses designed to explore the personal, organizational, and social dimensions of leadership through course-work, retreats, and service learning. Students must apply and be selected to participate in each year of the program. Successful completion of PLP can contribute to an interdisciplinary minor in leadership studies.

Honorary Societies

By promoting, advancing, and recognizing the top scholars of our campus community, honorary societies (<http://provost.colostate.edu/honorcsu/>) assist students in their pursuit of academic excellence. Students are advised to exercise caution when accepting invitations from honor societies. Not all such organizations provide honors that will be recognized and valued by the academic community and potential employers.

Campus Connections

Campus Connections (<https://www.chhs.colostate.edu/cc/>) is a high-impact service learning course where undergraduate students serve as mentors to youth who have experienced adversity. Students from any major work one-on-one with youth ranging in age from 10-18 who are referred to Campus Connections from community partners within the juvenile justice system, local schools, community agencies, and directly from families. Youth participate in Campus Connections with their mentor on the CSU campus once a week in a structured and engaging mentoring community. Students may earn the nine-credit Youth Mentoring with Campus Connections Certificate (<https://www.chhs.colostate.edu/cc/csu-student-involvement/certificate-in-youth-mentoring-with-campus->

connections/) through participation as a mentor and in leadership roles within Campus Connections.

Research and Creative Opportunities

Qualified undergraduate and graduate students have many opportunities to engage in research and creative activity while enrolled at CSU. These opportunities allow students to enhance their education by working closely with a faculty mentor. Settings for these activities include laboratory, office, concert hall, and studio environments on campus. Some opportunities exist off campus, as well, at state and national laboratories located in and near Fort Collins. Students can identify faculty research and creative activity by contacting the Office of Undergraduate Research and Artistry (<http://tilt.colostate.edu/oura/>) at The Institute for Learning and Teaching, by searching departmental websites, the Graduate School (<http://graduateschool.colostate.edu/for-prospective-students/>) or by contacting advisors or college and departmental offices. Students can then contact faculty who are willing to enlist undergraduates and graduates in their research and creative work. The amount of time spent in such activities varies but generally ranges from six to ten hours per week on average. Placement, time commitments, and qualifications are dependent upon an agreement between the student and faculty mentor.

More than 300 performances, exhibits, and arts events are staged each year, from an internationally-recognized poster show to student-produced theater and opera. Facilities include the Hatton and Curfman Galleries, the Music Recital Hall, and the Lory Student Center Theatre. The University Center for the Arts houses the Edna Rizley Griffin Concert Hall (listed by the Denver Post as one of the top five places for live chamber music), the University Theatre, the Studio Theatre, the Runyan Music Hall, production support facilities, recital and rehearsal halls, dance performance space and studios, classrooms, and faculty offices. The campus culture at CSU is steeped in the performing arts.

Celebrate Undergraduate Research and Creativity Showcase (CURC) (<https://tilt.colostate.edu/CURC/>)

The achievements of students in the areas of research and creativity are recognized each spring semester during CURC (<http://curc.colostate.edu/>). Students are invited to participate in a variety of events focused on original research, creative arts, and design, culminating in a showcase that features outstanding performers and award winners from all disciplines. Award winning projects from recent years ranged from genetic and neural studies to improvements in the apparel design process to poetry.

MURALS (<https://murals.colostate.edu/>)

MULTICULTURAL UNDERGRADUATE RESEARCH
ART AND LEADERSHIP SYMPOSIUM

The Multicultural Undergraduate Research Art and Leadership Symposium (MURALS) is an undergraduate research symposium that

engages students in a variety of disciplines exposing them to research and scholarly submission opportunities.

Mentoring, presenting their work (creative writing, visual art, performing art, science, social science, humanities, service learning as well as Innovation and Entrepreneurship), networking, and learning about multicultural leadership are four main aspects of the symposium.

Slated annually during the spring semester, MURALS also provides opportunities for graduate students to work with undergraduate students and for faculty to serve as faculty guides.

Graduate Student Showcase (<http://gradshow.colostate.edu/>)

The Graduate Student Showcase is a one-day conference organized by the Graduate School (<http://graduateschool.colostate.edu/for-prospective-students/>) to celebrate research, creativity, and entrepreneurship. The GradShow encourages connection and collaboration among all graduate students at CSU.

Approximately 300 graduate students present their scholarship alongside fellow students from all eight of the colleges to more than 100 judges from across the campus. In the spirit of interdisciplinary collaboration, judges are assigned randomly to give students the opportunity to hone their ability to communicate with audiences outside their own disciplines. The mingling of minds from different disciplines in this environment is specifically designed to spark further innovation and encourage collaboration.

In addition to providing an arena for interdisciplinary conversation, the GradShow provides both presenters and non-presenters with professional development opportunities. Participants are encouraged to engage in the showcase as an opportunity to build a variety of presentation skills and to use the experience to excel at future national conferences. A variety of professional development workshops are offered to all grad students in the afternoon.

Top presenters receive scholarships and are invited to compete for the Vice President for Research Graduate Fellowship.

Athletics

Intercollegiate Athletics
Sport Clubs
Intramural Sports

Intercollegiate Athletics

McGraw Athletic Center (<https://csurams.com/facilities/mcgraw-athletic-center/2051/>)

(970) 491-7217 / CSURams.com (<http://csurams.com/>)/@CSURams (<https://twitter.com/CSURams/>)

CSU sponsors 16 NCAA Division I varsity programs (6 men's teams and 10 women's teams) participating in the Mountain West Conference. The department serves nearly 400 student-athletes and awards a full allotment of scholarships as allowed by the NCAA each academic year. Our mission statement, **TO EDUCATE, ENGAGE AND EXCEL**, embraces the philosophy of the entire CSU campus, whereby our priority is to provide access to education for student-athletes; engage the broader community by drawing thousands of stakeholders to the University and excel in all pursuits. Complete information about our intercollegiate athletic program can be found at CSURams.com (<http://csurams.com/>).

Sport Clubs

Sport Clubs are student-managed teams that train together, travel, and compete on a national level. As student-managed organizations, team members are involved in fundraising, coaching selection, budgets, and more. Sport Clubs students are serious athletes and games/matches are held throughout the state and country. To find out more information about Campus Recreation's teams, visit csurec.colostate.edu (<https://csurec.colostate.edu/>).

Intramural Sports

Intramural Sports are a great way to engage in the CSU community throughout the entire year. The Intramural Sports Program offers tons of leagues and tournaments each semester from flag football to soccer, kickball, tube water polo, and more. Different divisions (women's, men's, coed, or open) are offered depending on the sport and some sports offer both recreational and competitive leagues. The best prize of all are the great memories and the chance to have fun! To find out more information about the variety of sports and how to sign up visit csurec.colostate.edu (<https://csurec.colostate.edu/>).

Fraternity and Sorority Life

Fraternity and Sorority Life

Office in 142 Lory Student Center
(970) 491-0966

The Office of Fraternity and Sorority Life (<http://fsl.colostate.edu/>) (OFSL) provides resources and support to fraternities and sororities at CSU as well as advising to fraternity and sorority governing councils and auxiliary organizations. The OFSL conducts leadership training, provides accountability, and supports individual chapters and members as they enhance their curricular experience with fraternity or sorority involvement.

Student Leadership, Involvement and Community Engagement (SLiCE)

Student Leadership, Involvement and Community Engagement (SLiCE)

Office in Lory Student Center, Room 210
(970) 491-1682

With a variety of leadership and community engagement programs, the Student Leadership, Involvement, and Community Engagement (SLiCE) (<https://lsc.colostate.edu/slice/student-involvement/>) office at CSU provides an important link between students and their surrounding communities.

SLiCE brings together student organizations, student leaders and student volunteers under one umbrella; making the campus a better community and a more involved place. Being involved in SLiCE programs allows students to enrich their academic and social experience at CSU. The office also assists recognized student organizations in obtaining official university recognition, program planning, public relations, financial/budgetary matters, and leadership development for organizational officers, members, and advisors. More than 450 campus organizations reflect interests such as academic, political, religious, sport clubs, programming/service, governance, social, Greek, and special interests.

Student Clubs and Organizations

Student Clubs and Organizations

When students look back at their college experience, they often think beyond the books, papers, and exams. They remember what they did, who they met, and how they felt. With over 500 student clubs and organizations, getting involved can be fun, easy, and a transformational way to make the most of your Ram experience. Whether it's competing in a sport club, joining a fraternity or sorority, focusing on cultural awareness, volunteering through service teams, or taking up a new hobby – there is something for every Ram to enjoy!

Colorado State University students can re-register an existing registered student organization (RSO), or start a new organization by following the steps and policies outlined on the Student Leadership, Involvement and Community Engagement (<https://lsc.colostate.edu/slice/student-organizations/>) SLiCE website (<https://lsc.colostate.edu/slice/student-organizations/>).

But first, see if your organization already exists. You can browse organizations by category or search for specific words or phrases on RamLink, CSU's student organization database. If your idea isn't already out there, we encourage you to start a new RSO. So get involved, stay connected, and make the most of your time.

Please either visit LSC room 210 or email slice_studentorgs@colostate.edu for any questions you may have.

Student Media

Office in Lory Student Center, Room 118
(970) 538-1188

Rocky Mountain Student Media Corp. (<https://rockymountainstudentmedia.com/>) is a non-profit organization housed within the Lory Student Center on CSU Campus. RMSMC is the student media of CSU, encompassing our newspaper, magazine, radio, TV station, video, advertising, marketing, and creative services, among other units. RMSMC employs over 300 students a year across all of our media properties. Every medium is student-run, meaning the students determine each medium's content. RMSMC's student newspaper is published in print and online at Collegian.com (<https://collegian.com/>), where users can also find campus TV broadcasts (https://www.youtube.com/channel/UCzd9XlkqB9_3t5Zd0pe96yw/). The genre-inclusive radio station broadcasts music, news, and sports coverage 24/7 at 90.5 FM in the Northern Colorado Front Range area, and at kcsufm.com (<http://kcsufm.com/>).

RMSMC was created in 2008 by the Board of Governors of the Colorado State University System. RMSMC operates with an independent Board of Directors consisting of eleven CSU students, two community members, and a representative from both the Vice President for Student Affairs and the Chair of the Department of Journalism and Media Communication.

Mission Statement

The RMSMC is dedicated to community service and enhancing the educational mission of Colorado State University by empowering, training, and equipping students to excel in journalistic and other media methods, ethics, critical thinking, and management.

The primary goals of the RMSMC are to:

- Commit to uphold truth, fairness, integrity, independence, accountability, accuracy, professionalism, and minimizing harm as stated in the RMSMC's codes of ethics;
- Create and maintain a welcoming environment and diversity in staffing, media content, and access through responsiveness and outreach;
- Empower students through training and practical experience to become thoughtful, ethical, and skilled media producers;
- Operate in a socially and financially responsible manner;
- Protect student control over media content, free from prior restraint or censorship;
- Recognize both the unique characteristics of each medium and the value of working together to maximize benefits for listeners, viewers, and readers;
- Remain abreast of media technology, equipment, and training to provide students with the necessary tools to succeed; and,
- Serve the community by delivering relevant and timely news, information, and entertainment, and maintaining the public trust by ensuring the public's business is conducted in an open and transparent manner.

Academic Advancement Center/TRIO Student Support Services

Office in L.L.Gibbons Building, Room 117
(970) 491-6129

The **Academic Advancement Center** (<http://www.aac.colostate.edu/home/>) provides academic support for eligible participants including: Academic coaching, tutoring, facilitated group study, study and life skills strategies instruction, peer mentoring, career planning, study abroad information, and student involvement and leadership opportunities. Program eligibility criteria include: Neither parent has a bachelor's degree, and/or meets low-income criteria, and/or student has a disability, and is

a U.S. citizen or legal resident. Applications are available at the AAC, L.L. Gibbons Building, Room 117 or online.

Access Center

Office in Student Services Building, Room 304
(970) 491-6473
AccessCenter@colostate.edu

The **Access Center** (<http://accesscenter.colostate.edu/>) programs provide outreach services and support to first-generation, low-income students in their pursuit of postsecondary education. Students receive academic advising; tutoring and support; academic, career planning and exploration; college and financial aid counseling; financial literacy; weekend study skills workshops; engagement in summer programs and institutes; and opportunities to visit colleges and universities. Students are engaged in educational, cultural, and social experiences that will help prepare them to enter and succeed in college. The Access Center provides services to students in grades 6th – 12th, and to adults that have an interest in preparing for college, completing high school equivalency programs, transferring between universities, or continuing their postsecondary education programs. The programs provide information on vocational, two and four-year colleges/universities and seek to make systematic changes in select communities by increasing the number of individuals with postsecondary degrees. The Access Center programs accomplish this by demystifying the importance, access, and attainability of higher education.

Adult Learner and Veterans Services

Office in Lory Student Center, Room 282
(970) 491-3977

Adult Learner and Veteran Services (<http://alvs.colostate.edu>) (ALVS) supports increased academic achievement and holistic development for all adult learners, including but not limited to veterans and student parents, resulting in graduation from CSU and sustainable personal and professional success. We do this through engagement and leadership opportunities, community building and resource facilitation. The ALVS office includes a student lounge that promotes networking, community building, and access to resources.

Asian Pacific American Cultural Center

Office in Lory Student Center, Room 333
(970) 491-6154
apacc.csu@gmail.com (apacc.csu@gmail.com)

The **Asian Pacific American Cultural Center** (<http://apacc.colostate.edu/>) (APACC) provides programs and services to support the retention, graduation and success of students. APACC runs educational and volunteer programs to help spread awareness of Asian American culture and build community among Asian Americans, Pacific Islanders, and their allies. The Center welcomes all students and seeks to create a safe place for students of all backgrounds. The Center contributes to an inclusive campus environment by providing resources for Asian Pacific American awareness, education, and identity development.

Assistive Technology Resource Center

Office in Occupational Therapy Building, Room 320
(970) 491-6258
atrc@colostate.edu

Due to building construction, our staff are working hybrid schedules and offering in-person appointments at an alternate location on campus. Please contact us with any questions!

The **Assistive Technology Resource Center** (<https://www.chhs.colostate.edu/atrc/>) (ATRC) ensures equal access to technology and electronic information for CSU students and employees with disabilities. The ATRC works to ensure that CSU students and employees are aware of and have access to assistive technology options that allow for success in their respective educational and work roles.

Services include assistive technology assessments and training, as well as consultation and education regarding accessibility and universal design of mainstream and instructional technologies.

The ATRC:

- Offers leadership, direction, and support to build Colorado State University's capacity at the individual, organizational, and attitudinal levels to create a technological climate that is inclusive and provides electronic access for all its community
- Advocates for proactive, inclusive design, and planning concerning access to technology and electronic information
- Strives to contribute to and draw from research and evidence-based practice
- Elevates best practices for assistive and mainstream technology supports and services in higher education

Black/African American Cultural Center

Office in Lory Student Center, Room 335
(970) 491-5781
BAACC_email@Mail.Colostate.edu (baacc_email@Mail.Colostate.edu)

When you are in this open environment, surrounded by diverse people, you know you're in a home away from home; you know you are in the **Black/African American Cultural Center** (<http://baacc.colostate.edu>) (B/AACC) office! Full of life and a sense of community, B/AACC provides educational programs, opportunities to socialize, mentorship, community service, leadership, professional development, and an academic environment. B/AACC helps you network while getting involved on campus, building strong relationships, and experiencing new things throughout your college career. Next time you're curious about visiting our office, do not walk on by – walk in! We are unique individuals with varying goals and different struggles: all destined for success.

Our Mission:

The Black/African American Cultural Center promotes a diverse, inclusive campus environment and serves as a resource to the campus community as well as surrounding communities, through academic, professional, cultural, and personal development programs that embrace Black and African American experiences. The primary goal is to enhance the overall

college experience so that students achieve academically and are able to compete in a global society.

The office has as one of its foremost goals to enhance students' knowledge of the culture, history, heritage, and traditions that are unique to the African American experience.

We are committed to improving the cultural and social awareness of the University, alumni, and surrounding communities by promoting programs that offer cross-cultural perspectives and by creating mutual opportunities for exchange through cooperative planning and support for all University services. Drop by our offices in the Lory Student Center to learn more about our work towards Student Development & Support, Diversity & Social Justice Education, and Cultural Education & Celebration.

Graduate Center for Inclusive Mentoring (GCIM)

Office in Student Services, Room 108
(970) 491-6817

Graduate Center for Inclusive Mentoring (GCIM) (<http://graduateschool.colostate.edu/diversity/>) is a formalized program that highlights resources on campus, offers professional development activities and provides access to faculty mentors, while also supporting additional socialization activities to encourage professional networks.

El Centro

Office in Lory Student Center, Room 225
(970) 491-5722
elcentro_staff@Mail.ColoState.EDU

El Centro (<http://elcentro.colostate.edu>) provides an energetic, welcoming, and inclusive environment. We have resources to support personal, professional, social, cultural, and academic needs of all students who want to become involved with El Centro. We offer a place for discovering and appreciating diverse heritages, traditions, and cultures. Student can visit El Centro to relax, socialize, laugh, engage in dialogue, and build life-long memories. El Centro is a family, a "home away from home," a place that provides a sense of belonging.

First Generation College Students

First generation college students are defined as students whose parents have not earned a bachelor's degree. CSU is proud of the success of our first generation college students. Learn about the **history of first generation college students at CSU** (<https://firstgeneration.colostate.edu/>). The **Community for Excellence** (<https://c4e.colostate.edu/>) coordinates the **First Generation Award**. The **Academic Advancement Center** (<http://www.aac.colostate.edu>) (AAC) provides tutoring and support resources for first generation college students.

Native American Cultural Center

Office in Lory Student Center, Room 327

(970) 491-1332

The office of **Native American Cultural Center** (<http://nacc.colostate.edu>) (NACC) was established in 1979. The four primary advocacy and service areas include recruitment, retention, graduation, and community outreach. The office embraces and encourages a supportive environment based on the traditions and cultures of Native American peoples. We embrace diversity and commit to improving the campus climate of inclusion. All students are welcome in our office.

Office of Equal Opportunity

Office in Student Services, Room 101
(970) 491-5836
oeo@colostate.edu

The **Office of Equal Opportunity** (<http://oeo.colostate.edu>) (OEO) is charged with implementing, monitoring and evaluating programs, activities and procedures that support the CSU's commitment to excellence.

The following are key programs and activities of OEO:

- Monitor and support CSU compliance with federal and state laws and CSU policies prohibiting discrimination and harassment.
- Develop and implement CSU's affirmative action program.
- Oversee CSU's search and selection process for all Academic Faculty and Administrative Professionals.
- Conduct investigations and resolve complaints of discrimination and harassment in accordance with CSU procedures.
- Serve as a resource and provide assistance to units, departments, and CSU constituencies regarding matters related to equal opportunity, affirmative action, access, and nondiscrimination.
- Provide education and training to faculty, staff, and students on matters related to equal opportunity, discrimination, and harassment.
- Coordinate CSU compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and Title IX of the Education Amendments of 1972.
- Collaborate with the Vice President for Diversity and Inclusion to cultivate awareness, appreciation, and engagement with diversity and inclusion and their relevance in a CSU environment.

Office for Inclusive Excellence

Office in 645 South Shields Street
inclusiveexcellence@colostate.edu | (970) 491-3030

The **Office for Inclusive Excellence** (OIE) fosters an inclusive environment that promotes and nurtures diversity, broadly defined, at Colorado State University. Our goal is to further develop an environment where all members of the university community are welcomed, valued, and affirmed. The office achieves this by focusing on recruitment and retention of faculty, staff, and students from historically marginalized and excluded populations, building university cultural competency, improving the climate of inclusion through assessment and support of diversity strategic plans, enhancing effectiveness of curriculum, educational programs, and research with regards to diversity and inclusion, and increasing outreach and engagement with external communities.

Our efforts focus on addressing diversity and inclusion policies and practices that are essential to stay competitive and competent in the global market place and are necessary in the recruitment and retention of a diverse workforce. We recognize that all members of the university community (administrators, faculty, staff, students, and alumni) must assume responsibility for the climate of CSU. A unit or person can drive the process, but every individual at CSU assumes responsibility for positive change.

Pride Resource Center

Office in Lory Student Center, Room 232
(970) 491-4342
pride_rc@mail.colostate.edu (glbt_studentservices@mail.colostate.edu)

The **Pride Resource Center** (<https://prideresourcecenter.colostate.edu/>) supports and affirms the diverse identities and lives of lesbian, gay, bisexual, transgender, queer, questioning (LGBTQ), Two-Spirit, and same-gender loving people as individuals and as groups, especially as students, staff, and faculty of CSU and their families, friends, and allies, through the cultivation of safe space, educational outreach, advocacy, increased visibility of LGBTQ issues, information and referral resources, and academic and leadership opportunities.

Student Disability Center

TILT Building, Room 121
(970) 491-6385
sdc_csu@colostate.edu (sdc_csu@colostate.edu)

Student Disability Center provides support to students who have physical or learning disabilities as well as chronic physical or mental illnesses/conditions that may impact their ability and/or access to effectively participate as a student. Support includes advocacy as well as accommodation services to minimize the effects of a disability or condition.

Accommodation services include:

- Alternative testing conditions
- Alternative text conversion
- Note taking support
- Accessible transportation
- Sign language/oral interpreting.

Survivor Advocacy and Feminist Education (SAFE) Center

112 Student Services
Monday-Friday. 8am – 5pm
(970) 491-6384
safecenter@colostate.edu

Feminist Education Programs:
234 Lory Student Center

Victim Assistance Team Hotline: 970-492-4242

The 24-hour Victim Assistance Team is available to assist survivors of interpersonal violence and their loved ones 24/7/365. Call 970-492-4242 and ask to speak with an advocate. Advocates are also available for drop-ins or scheduled appointments

during business hours at 112 Student Services or via the online chat function (<https://safecenter.colostate.edu/support/about-advocacy/#elementor-tab-title-2402>) Monday through Thursday 1:00 pm to 4:00 pm MST.

Formerly known as the Women and Gender Advocacy Center, the Survivor Advocacy and Feminist Education (SAFE) Center (<https://safecenter.colostate.edu/>) provides programs and resources focusing on all genders, social justice, and interpersonal violence prevention. Staff and volunteers also provide confidential advocacy and support for victims of sexual violence, stalking, sexual harassment, and relationship violence. Programs concentrate on examining the intersections of oppression and creating conditions that allow all people to equally access opportunities in a safe campus environment.

Campus Activities

Office in Lory Student Center, Room 130
 (970) 491-6626

Campus Activities (<http://lsc.colostate.edu/campus-activities/>), one of many LSC offices, offers students a multitude of opportunities to become involved and active on the CSU campus through our four entities: RamEvents (Programming Board), LSC Arts, Flea Market, and Campus Information & Box Office. Learn about the many exciting co-curricular possibilities and services available to you through Campus Activities.

Have a **question**? We can help! Find one of the Campus Information desks in the LSC – there is no question we can't answer.

Love **art**? We have 3 art galleries and many art pieces hanging throughout the building for you to browse through.

Enjoy **events**? RamEvents has you covered with events like TEDxCSU, RamFest, keynote lectures, comedy, and more!

Career Center

Office in Lory Student Center, Room 120
 (970) 491-5707

The Career Center (<http://career.colostate.edu>) provides career exploration, planning, and job/internship search services for both graduate and undergraduate students in all majors and colleges.

Services include:

- Career counseling and career workshops
- Resume and job/internship correspondence writing skills
- On-campus recruiting program that includes two annual all-campus career fairs and several specialized fairs
- Career interviewing opportunities with over 100 employers via Handshake
- Available career and internship positions with area, regional, and national employers—information through Handshake

Child Care Options

See Adult Learner and Veterans Services (<http://www.alvs.colostate.edu/>).

CSU Health Network

CSU Health Network is every student's home for health and well-being. **All CSU students have access** to the wide range of medical, mental health, and health education and prevention services provided by CSU Health Network, **regardless of their insurance plan.**

All services are located under one roof in the state-of-the-art CSU Health and Medical Center, conveniently located on-campus at 151 West Lake St. (corner of College Ave. and Prospect Rd.)

Contact CSU Health Network:

(970) 491-7121
health.colostate.edu (<http://health.colostate.edu>)

Medical Services

CSU Health Network Medical Services (<http://health.colostate.edu/services/primary-care/>) are open to all CSU students, regardless of their insurance plan. Students can count on us for high quality, compassionate medical care for treatment of illness, injury, preventative care and wellness care. Appointments are encouraged for primary care services. Students can make an appointment online by visiting portal.health.colostate.edu (<https://portal.health.colostate.edu/ExternalAuth/?returnUrl=%2F>) or by calling (970) 491-7121. Same-day appointments are also available for conditions that demand immediate attention, such as accident, injury, or the sudden onset of severe illness.

CSU Health Network is an in-network medical provider with most insurance carriers, which means they can file claims with your private health insurance plan for medical services received.

General Medical Services

- Primary Care
- Wellness and Behavioral Health Consultation
- Immunizations
- Laboratory
- Pharmacy
- Radiology

Specialty Services

- Allergy and Asthma
- Dental

- LGBTQ+ Inclusive Care
- Nutrition Consultation for Disordered Eating
- Optometry
- Physical Therapy
- Psychiatry
- Sexual and Reproductive Care
- Sports Medicine/Orthopedics
- Travel Medicine

Mental Health Services

Whether students are experiencing a situational problem, an immediate crisis, or have a longstanding mental health concern, CSU Health Network Mental Health Services (<https://health.colostate.edu/about-mental-health-services/>) are available to help. The professional staff includes licensed psychiatrists, licensed psychologists, licensed clinical social workers, and licensed professional counselors, as well as new professionals working toward licensure and graduate student staff completing their degrees in a mental health field.

A small portion of your student fees helps pay for a wide range of mental health support resources at CSU Health Network, including crisis services, skill building workshops, group therapy, and brief individual therapy. To access mental health services, visit us on the 3rd floor of the CSU Health and Medical Center, and we will work together with you to find out which services are best for you. To access psychiatry services, call (970) 491-7121.

All counseling is confidential. No information is released to anyone without a student's written consent except in the case of a life-threatening emergency or when it is otherwise required by law.

Services Offered:

- Skill-Building Workshops
- Multicultural Counseling
- Crisis Intervention
- Psychiatric Services*
- Group Therapy*
- Brief Individual Therapy*
- Drugs, Alcohol and You (DAY) Programs*
- Post-Hospitalization Support (iTEAM)*

* requires internal referral/screening

Health Education and Prevention Services (HEPS)

Health Education and Prevention Services (<https://health.colostate.edu/about-health-education-prevention-services/>) supports the health and well-being of the CSU campus community by helping students get healthy, stay healthy, and drive change toward a healthier campus community. We identify campus health priorities and deliver evidence-based, inclusive programs, services, and initiatives that empower students to achieve academic and personal success during their college years and beyond. These practices involve fostering awareness, skill-building, and addressing the environmental context in which health behaviors decisions are made to create healthy learning community.

Focus areas include:

- Substance Misuse Prevention
- Mental Health Initiatives

- Peer Education (CREWS)
- Well-Being Initiatives
- Sexual Health Initiatives

Student Insurance Services

Colorado State University requires all domestic students taking six or more resident instruction credits, and international students enrolled at any level, to carry health insurance as a way of protecting your educational investment. You must meet the health insurance requirement your first semester at CSU and every fall semester thereafter.

CSU Health Network is an in-network provider with most major insurance carriers and can file claims with them. Students' out-of-pocket costs are dependent on their health insurance plan benefits. Learn more about Private Health Insurance Billing here (<https://health.colostate.edu/private-insurance-billing/>).

The CSU Student Health Insurance Plan (<http://health.colostate.edu/student-health-insurance/>) provides benefits both within the CSU Health Network and off-campus. The RamCare Supplement Program (<http://health.colostate.edu/student-health-insurance/ramcare-supplement-program/>) is designed for students who have another health insurance plan. It covers certain services at the CSU Health Network that would otherwise be billed at the time of services.

Services Offered:

- Student Health Insurance
- RamCare Supplemental Program
- Private Health Insurance Billing

Housing & Dining Services

Offices in the Palmer Center, 1005 W. Laurel
(970) 491-6511

Housing & Dining Services (<http://housing.colostate.edu>) provides all services and resources related to Residence Halls, Residential Dining Services, University Apartments, Conference & Event Services, and the CSU Mountain Campus.

Residence Halls

Office in the Palmer Center
(970) 491-4719

University Housing provides educational opportunities, services, programs, and facilities that are designed to enhance each student's total campus experience. Students who live in the residence halls (<https://housing.colostate.edu/halls/explore/>) have a choice of several different room and floor types. Students in the halls also have the option to join one of more than 20 Residential Learning Communities (RLCs) that are centered on students' academic and personal interests. Students who live on campus have access to resources such as professional staff and 24/7 security. Residence hall living allows students to actively participate in a variety of academic and social activities. These activities provide experiences in leadership development and co-curricular education that supplement classroom instruction and greatly enhance the quality of on-campus University life.

Housing Assignments

A Housing Guide is mailed to all newly admitted students as part of the admissions packet. Inquiries should be directed to University Housing at (970) 491-4719 or housing@colostate.edu.

Residential Learning Communities

Residential Learning Communities (RLCs) - academic and themed floors in the residence halls - provide students with an opportunity to quickly develop a sense of community at CSU. Developed around academic majors and personal interests, these communities assist students in succeeding both academically and socially. Through a wide variety of programs, tutoring, and involvement opportunities, students in an RLC have the chance to get the most from their college experience. For more information on these communities, see Housing Options (<http://housing.colostate.edu/housing-options/>).

First Year Residence Hall Requirement - First-Year Students

Experience and research have demonstrated that students who live on campus adjust to college life more successfully, have higher GPAs, and are more likely to graduate than students who live off campus. For this reason, all newly admitted first-year students and transfer students with fewer than 15 post-high school credits, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall. Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) or International Baccalaureate (IB) do not apply toward previous college experience.

All residents are required to sign a contractual agreement (<https://housing.colostate.edu/halls/policies/>), which includes meals, and is binding for the entire academic year. Inquiries regarding this requirement, including guidelines for requesting an exemption, should be directed to University Housing at (970) 491-4719.

Residential Dining Services

Office in the Palmer Center
(970) 491-4754

Residential Dining Services (<http://housing.colostate.edu/dining/>) offers a wide range of innovative venues that are open seven days a week, featuring dine-in, mobile ordering, and grab-n-go services. Through our sustainable and environmental sourcing practices, dining centers offer nutritionally balanced food choices and resources that enable individuals to make the best dietary decisions for themselves. With the student body in mind, our dining centers feature a wide variety of food concepts offering pizza, pasta, stir-fry, plant-based, vegetarian/vegan, Tex-Mex, international cuisines, Kosher, Halal, made-to-order entrees, and design-your-own salad bars. Dining Services' bakery supplies our dining facilities with a variety of in-house made confections including both gluten-free and vegan options. Students, faculty and staff have an assortment of meal plan choices that allow access to all dining locations. The Eatwell @ CSU's nutrition program provides nutrition information through online menus and access to our registered dietitian nutritionist to assist with dietary needs.

University Apartment Housing

Office in the Palmer Center
(970) 491-4719

The University Apartments (<http://housing.colostate.edu/apartments/>) offer more than 1,100 apartments in four communities. University Housing has options for couples and family housing, graduate student housing, upper division undergraduate

and transfer student housing, as well as post-doctoral and visiting scholar housing. Academic year leases are available. Individual leases in shared apartments are also offered. All apartment communities are available to domestic and international students in multicultural communities founded on the CSU Principles of Community (<https://diversity.colostate.edu/principles-of-community/>). The Housing & Dining Services website offers rental rates, 3D floor plans, and a video of each apartment village.

A Housing Guide is mailed to all newly admitted students as part of the CSU admissions packet. Inquiries from continuing students should be directed to University Housing at (970) 491-4719 or housing@colostate.edu.

International Student and Scholar Services (ISSS)

Office in Laurel Hall
(970) 491-5917
issss@colostate.edu

International Student and Scholar Services (<http://issss.colostate.edu/>), within the Office of International Programs, assists international students and scholars with cultural adjustment, academic integration, professional growth and personal support, and oversees orientation and arrival, regulatory compliance, immigration services, and sponsor services and programming.

Off-Campus Life

Office in Lory Student Center, Room 274
(970) 491-2248/491-6196
ocl@colostate.edu

Off-Campus Life (<http://offcampuslife.colostate.edu>) provides services and programs to meet the diverse needs of off-campus and commuter students and to assist students in successfully transitioning, integrating, and engaging in the local community.

Services include:

- Information on housing options in the community, including online rental listing service
- Help in finding roommates
- Transportation information
- Tenant rights and responsibilities, including ordinance information
- Connection with community members through volunteer opportunities
- Tools and resources for students to have a successful off-campus living experience.

Orientation and Transition Programs

Office in east side of stadium (main entrance under sign that reads: Collaborative for Student Achievement)
1415 Meridian Ave
(970) 491-6011; orientation@colostate.edu

Orientation and Transition Programs (OTP) (<http://otp.colostate.edu/>) provides programming and services designed to assist first-year, second-year, and transfer students with a successful transition at CSU. OTP offers a continuum of services beginning with Ram Orientation to Ram Welcome (prior to classes beginning) to transition programming throughout the first two years of students' experiences at CSU. OTP believes in assisting students in creating a sense of belonging at CSU and understanding what it means to be a CSU Ram.

OTP recently launched the following checklists to improve the new student onboarding process:

New Student Checklist – The New Student Checklist is publicly available and includes both required and recommended action items to prepare for the first semester at CSU. This comprehensive list covers all the various tasks students need to complete to start strong at CSU.

RamStart Checklist – Students can find their individualized RamStart Checklist in RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) that is updated as the student completes essential action items. Only students have access to view their own RamStart Checklist.

CSU Police Department

Office in Green Hall
(970) 491-6425

The CSU Police Department (<http://police.colostate.edu/>) (CSUPD) operates 24 hours a day, every day of the year. "911" access is TDD compatible and a TDD service line is available at (970) 491-2323.

The CSU Police Department is a full-service, accredited law enforcement agency whose officers are armed and have full law enforcement authority on all property owned or controlled by CSU. Officers are committed to a philosophy of community based policing and work in partnership with others to augment campus safety. CSU officers also possess peace officer commissions from the State of Colorado, the City of Fort Collins, and are commissioned deputy sheriffs in Larimer County.

CSU police enforce criminal and traffic laws, investigate all crimes that occur on campus, make arrests, and maintain full integration with the criminal justice system, including close working relationships with the District Attorney's Office, Fort Collins Police, Larimer County Sheriff's Department, and other state and federal law enforcement agencies and investigation bureaus. The programs and services of the department are designed to meet the demands and needs of a growing and thriving CSU community.

The Jeanne Clery Disclosure of Campus Security and campus Crime Statistics Act is the landmark federal law that requires colleges and universities to disclose information on security policies and timely, annual information about crime on and around campus. The CSU Safety Report (<https://safetyreport.colostate.edu/>) is published annually.

Bicyclists are expected to comply with CSU bicycle regulations, obey all traffic laws, and register their bicycles with the CSUPD (<https://police.colostate.edu/register-your-bike/>).

The Safe Walk Program (<http://police.colostate.edu/safe-walk/>) is a service designed to assist those who walk during the hours of darkness. Trained Campus Service Officers are available to walk people to and from

their destination within a defined service area. Call (970) 491-1155 or use any police service callbox on campus.

Campus Safety and the Clery Act

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act ("Clery Act") is the landmark federal law that requires colleges and universities to disclose information on security policies and timely, annual information about crime on and around campus. Additional information about the Clery Act, and campus safety is available in University Policies, and online (<http://policylibrary.colostate.edu/policy.aspx?id=557>).

Concerned about someone? *Tell Someone*

If you are concerned about the health, well being, or safety of a CSU student or employee, you are encouraged to Tell Someone (<http://supportandsafety.colostate.edu/tell-someone/>). Examples of when to Tell Someone include but are not limited to:

- Threats, gestures, writings, or attempts related to suicide or violence
- Harmful to themselves or others
- Self-injurious behavior (e.g. cutting self)
- Alcohol or other substance abuse problems
- Pattern of bizarre behaviors or actions
- Hospitalization for mental health issues or drug or alcohol use
- Sudden, rapid weight loss or gain
- Poor health due to restrictive eating or possible eating disorder
- Disruption to the living, learning, or working environment.

Tell Someone by calling (970) 491-1350 or filling out the online form (<https://supportandsafety.colostate.edu/tell-someone/>).

The Tell Someone system is designed to help the individual you are concerned about, not to punish them. All reports are treated with discretion and with a reasonable expectation of confidentiality. You may access additional information regarding CSU's policy on Student Sexual Harassment and Sexual Violence (<https://titleix.colostate.edu/>).

Parking and Transportation Services

Office in Lake Street Garage, 1508 Center Avenue
(970) 491-7041
parking@colostate.edu

Parking at CSU is available for faculty, staff, students, and visitors and does require a parking permit. Parking and Transportation Services (<http://parking.colostate.edu/>) can assist with more information regarding purchasing an annual permit, information on visitor or short term permits, or pay by plate locations. In addition to commuting via automobile, many members of the campus community choose alternative transportation options. Visit the Parking and Transportation Services website for information on biking or walking to CSU, carpooling, and using the Transfort system.

Alternative Transportation

Brought to campus by ASCSU, Parking and Transportation Services, and Transfort (<http://www.ridettransfort.com/>), leave cars at home and use MAX, other Transfort (<https://ridetransfort.com/csu-resources/>) routes and Around the Horn (<https://pts.colostate.edu/transit-general/horn/>) to get around campus. Thirteen stops are serviced every 10 minutes Monday through Saturday. In addition

to mass transit, CSU encourages alternative transportation (<http://pts.colostate.edu/>) (biking, walking, and carpooling).

Student Legal Services

Office in Lory Student Center, Room 274
(970) 491-1482

Student Legal Services (<http://sls.colostate.edu>) provides free legal advice to fee-paying students on a variety of legal matters. Common cases involve housing issues (e.g., review of leases), criminal law, consumer complaints, and debt problems, but all questions are welcome. Some services such as preparation of wills and powers of attorney carry an additional nominal charge. The staff also educates clients about their legal rights and responsibilities and, where helpful, guides students in the use of negotiation, mediation, and small claims court to resolve their disputes. Students who don't pay the student fee package may, in appropriate cases, pay SLS's semester fee (less than \$10) and receive services. Educational presentations by the SLS attorneys are always available.

Student Resolution Center

Office in Aggie Village Walnut, 501 W. Lake, Suite A
(970) 491-7165; FAX (970) 491-1800

The Student Resolution Center (SRC) (<https://resolutioncenter.colostate.edu/>) supports the developmental, behavioral, and educational needs of students. Through a myriad of approaches SRC strives to maximize individual student success while upholding community standards and helping students navigate challenging times. The SRC aims to assist, educate and support CSU students through two processes:

- **Conflict Resolution Services** – voluntary, neutral, confidential process to assist students when conflicts, disputes or issues arise.
- **Student Conduct Services** – one-on-one meetings to discuss alleged violations of the Student Conduct Code, hear perspectives, explore personal responsibility, hold students accountable and provide educational and restorative outcomes when appropriate.

SRC offers the following:

- Conflict coaching/consultation
- Mediation/facilitation between individuals or organizations
- Restorative justice
- Training/outreach related to conflict management and academic integrity
- Student conduct hearings
- Pre-admission hearings
- Disciplinary clearances

Academic Services and Programs

Learning Communities
Office of International Programs
The Institute for Learning and Teaching (TILT)

Learning Communities at CSU

CSU offers students a variety of residential and non-residential Learning Communities and Residential Theme Programs (<https://www.lc.colostate.edu/>) that bring cohorts of students together in shared learning experiences. Learning Communities integrate curricular (co-enrollment in classes) and co-curricular learning in order to provide a supportive, academically-focused environment that cultivates a sense of community and empowers students to become engaged citizens on campus and in the community.

In partnership with University Housing (<https://housing.colostate.edu/housing/>), Residential Learning Communities and Theme Communities are in many of the residence halls, offering a unique residential experience consisting of special interest areas that help build positive communities with students who share similar academic or personal interests and/or lifestyles. These communities connect students with faculty and staff who engage students in their learning and provide information about opportunities available at CSU.

Residential Learning Communities include:

Align Scientific Learning Community: The mission of the Align Learning Community is to cultivate an inclusive community of scientists committed to improving the health of animals, people, and the planet. We fulfill this mission through exploration of identity, values, and leadership. This community is for incoming undergraduate students in the College of Veterinary Medicine and Biomedical Sciences, which includes students majoring in Biomedical Sciences or Neuroscience. As a Residential Learning Community, students will have the opportunity to live together on-campus in Laurel Village-Alpine Hall.

Arts and Creative Expression Residential Learning

Community: (ACE) The ACE RLC in Parmelee Hall provides students in the visual and performing arts, a collaborative environment in which to grow creatively. The ACE members will strengthen the bonds of their cohort by taking a common class together from the Liberal Arts, "Questions for Human Flourishing." Students will learn to become strong advocates of the arts and will have opportunities to participate in service-learning programs and outings such as gallery walks, museum visits, and live performances both on and off campus. The ACE RLC is open to first year students majoring in Art, Music, Dance, and Theatre. Pre-music majors do not qualify.

Amplify Learning Community (College of Natural Sciences): In Amplify we hope to create a space where transformation is possible by showing how our differences are powerful and amplified when connected in a community. We believe that science is shaped by the people who do it, highlighting the importance of having diverse perspectives in science and at CSU. Students in Amplify live together in Laurel Village - Pinon Hall, one of CSU's newest residential buildings - specifically designed for science students. Pinon offers classrooms, faculty and advising offices, whiteboard walls, and ample study and hang-out spaces. Students in Amplify participate in ongoing experiences connecting into different parts of campus, and have the option to participate in events, excursions, and study groups all aiming at connecting science to their lives and the world. Within Amplify, there are some smaller cluster experiences, including Amplify Psychology, Amplify Pride, as well as a floor for people who identify as women.

Engineering Residential Learning

Community: The Engineering Residential Learning Community (ERLC) in

Academic Village offers Engineering students an academically supportive and fun environment. Residents can take advantage of in-house design studios, collaborative work rooms, an electronic classroom, as well as Engineering-specific tutoring and academic advising. In addition, students who choose to live in the ERLC also have the opportunity to engage with a live-in faculty-in-residence, Graduate Academic Coaches (GACs), and Walter Scott, Jr. College of Engineering Peer Mentors on a daily basis to help them with their transition to CSU and their major. Currently, this community is limited to Engineering majors and a small population of Exploratory Studies: Engineering Interest majors only.

Health and Exercise Science Residential Learning Community: In the (<https://www.chhs.colostate.edu/hes/about-health-and-exercise-science/student-organizations/>) Health & Exercise Science (HES) Residential Learning Community, students live with other students who are taking the same courses, have similar career goals, and who are often vested in living active and healthy lifestyles. Living in the HES community will allow for residents to connect with each other academically and socially through engaging University Housing programming. The HES community is conveniently located in Corbett Hall, across the street from Moby B Complex where students have access to a computer lab, where major courses are offered, and where the Department of Health & Exercise Science is located. In the fall, students in the community will take HES 145 together as a cluster. In the spring students will take HES 202 and/or HES 207 as a cluster. The HES Community is open to first-year students who are declared as HES majors at CSU.

Honors Residential Learning Community: (HRLC) The HRLC offers incoming Honors students an opportunity to connect with the Honors program and live with students who share their interests. While not required, many Honors first year students elect to live in the HRLC in Academic Village (Honors Hall) or Edwards Hall. There, Honors staff and residence assistants guide students to success.

Key Communities: The Key Communities (<https://key.lc.colostate.edu/>) are learning communities for first-year, second-year, and continuing students designed to honor the identities and strengths of each student to foster the transition to and through CSU. The Key Communities are one of the most diverse communities on campus, with many first-generation students and students of color who are committed to creating and nurturing inclusive environments that welcome, value and affirm the diverse identities of our students. Key offers two options (<https://key.lc.colostate.edu/keycomms/>) for first-year students: the Key Residential Learning Community and The Key Learning Community. The Key Residential Learning Community provides interdisciplinary seminar options to students from a variety of majors, and students live in Braiden Hall. The Key Learning Community is for students who desire to participate in the Key Communities, have a University Housing exemption, or would like to live in any residence hall on-campus. Key Plus serves second year and continuing students. Key Plus is an academically-focused learning community that works closely with students to develop strong leadership and career decision-making skills. Key Plus is an optional second-year and continuing student program for students who are or have participated in the Key Communities or Community for Excellence program. These community options include Key Plus Pathways Track, Key Plus LEADS Track, and Key Plus Discover Track.

Natural Resources - Warner College of Natural Resources Residential Learning Communities: Warner College of Natural Resources offers the opportunity to participate in Residential Learning Community (RLC) options that support first-year student leadership development in natural resources. Students live and learn together; network with natural resources faculty, graduate students,

student leaders, and community members; and gain professional development in natural resources and leadership. Students also participate in professional development experiences to expand their knowledge and skills, take part in career exploration in their chosen fields of study, and engage in service learning. The program offers linked enrollment in special sections of NR 192 and CO 150. Warner RLC experiences also include a common reading, and programming at the CSU Environmental Learning Center to further foster academic and social engagement.

Residential Theme Communities include:

Living Substance Free: This themed community, located in Corbett Hall, is a community for students who are committed to a lifestyle free from alcohol, tobacco, or drugs. A wide variety of social events and programs are offered to first-year and returning students. This program is co-sponsored by University Housing and the CSU Health Network.

Second-Year Experience Community: The Year 2@CSU: Residential Experience is a co-sponsored community between University Housing and Orientation and Transition Programs (OTP) housed in Laurel Village - Alpine Hall. 40 suite-style rooms have been designated for students to live in a community that is focused on the second-year experience. Specifically, the community focuses on outreach and learning connected to the following areas: career and major exploration, global citizenship and service, academic engagement and outdoor adventure. Students living on the floor connect with each other through academic workshops, a fall outdoor mountain retreat, service projects, and a variety of other floor outings. This themed community will ask residents to sign a learning agreement and no class is required to participate in this community. Any current first-year student is welcome to apply to live in this community.

Transfer Residential Community: #The Transfer Residential Communities in Laurel Village - Alpine Hall and Summit Hall is a partnership between Orientation and Transition Programs and University Housing. The Communities consists of transfer students with an interest in learning more about the resources at CSU and making connections with other transfer students. The Transfer Residential Communities are all about supporting student success at CSU and encouraging active engagement while introducing students to the many opportunities available to them through CSU. In addition, the Transfer Residential Communities provide resources and direct contact with Transfer Transition Leaders, connecting students to CSU and the community, while fostering meaningful friendships. Finally, by living and participating in the Transfer Residential Communities, students get the help and guidance they need to thrive in their transition and excel in their academic and social experience at CSU. This community is open to new transfer students.

Learning communities without a residential requirement include:

Wolves to Rams (W2R) Learning Community: The Wolves to Rams Learning Community is a non-residential program that provides advising, scholarships, stipends, workshops, mentorship, and paid research training to students in STEM transferring from Front Range Community College to CSU. Low-income, first-generation, and underrepresented students are particularly encouraged to participate.

Wolves to Rams (<https://w2r.colostate.edu/>) programs are funded through grants from the National Institutes of Health (NIH) and the National Science Foundation (NSF).

Being a member of the Wolves to Rams Learning Community means:

- Transferring from Front Range to CSU and earning a bachelor's degree.
- Engaging with advisors about the transfer process and learning about opportunities for research and/or internships.
- Participating in the one-credit seminar IU 300 to connect with peers and understand what it means to be a scientist.
- Taking charge of your financial situation by creating a financial plan, applying for aid, and asking for help when you need it.
- Registering for an average of 15 credits per semester and utilizing academic support resources (i.e., tutoring) to graduate on time.
- Finding faculty and professional mentors for achieving your goals.
- Learning about and using other offices on campus that support transfer students.

Wolves to Rams (<https://w2r.colostate.edu/>) strongly believes that diverse perspectives are valuable in science. Our program serves to directly address participation gaps amongst our targeted student population in order to increase participation by diverse individuals in the greater science community at large.

Office of International Programs

Offices in Laurel Hall
(970) 491-5917

The **Office of International Programs** (<http://international.colostate.edu/>) (OIP) (<http://international.colostate.edu/>) fosters intercultural understanding through high-impact learning and community engagement in support of CSU's land grant mission. OIP's broad array of programs and services provide international experiences for CSU students, scholars, faculty and staff. Services include Education Abroad (<https://educationabroad.colostate.edu/>), **International Student and Scholar Services** (<https://iss.colostate.edu/>), Global Institutional Partnerships (<https://international-initiatives.colostate.edu/international-partnerships/>), International Development Studies (<https://international-initiatives.colostate.edu/international-development-studies/>), Curricular (<https://international-initiatives.colostate.edu/internationalizing-the-curriculum/>) and Co-curricular programs (<https://international-initiatives.colostate.edu/distinguished-speakers/>), (<https://china.colostate.edu/>) the International Enrollment Center (<https://international.colostate.edu/>), Programs for Learning Academic and Community English (PLACE) (<https://international.colostate.edu/programs-for-learning-academic-and-community-english-place/>), and CSU's Todos Santos Center (<https://todossantos.colostate.edu/>) in Mexico.

The Institute for Learning and Teaching (TILT)

Offices in the TILT Building

(970) 491-3132

The Institute for Learning and Teaching (<http://tilt.colostate.edu>) (TILT) supports students' academic success and pursuit of long-term goals through several curricular and co-curricular learning programs. Tutoring, study groups, and Learning Assistants help students succeed in challenging courses. Serving as a TILT tutor, study group leader, or learning assistant allows students to take up academic leadership roles, learn course material very deeply, and gain experience relevant to prospective employers, graduate programs, and internships. Academic success workshops, such as time management, exam preparation, and learning strategies, help students improve study skills and learn about topics of interest. Through TILT, students can participate in service-learning opportunities or in undergraduate research and artistry projects with faculty mentoring. National research has shown that taking part in these opportunities improves learning, increases academic achievement, and promotes connections with faculty and other mentors who often help students achieve professional and personal goals.

International Programs & Programs for Learning Academic and Community English (PLACE)

International Programs & Programs for Learning Academic and Community English (PLACE)

Advisors and Services

International Programs assists international students and scholars with cultural adjustment, academic integration, professional growth, and personal support. International Student and Scholar Services (ISSS) (<https://international.colostate.edu/iss/>) oversees orientation and arrival, regulatory compliance, immigration services, sponsor services and programming, and serves as a liaison to the U.S. government.

Programs for Learning Academic and Community English (PLACE) (<https://international.colostate.edu/place/>) provides high-quality English language instruction and training in a safe and friendly academic environment.

Open Advising Hours

Brief 10-minute meetings with an ISSS advisor are available without an appointment on a first-come, first-served basis during

the hours listed below. For remote open advising information, visit international.colostate.edu/iss/remote-advising (<https://international.colostate.edu/iss/remote-advising/>).

Monday–Thursday, 10:00–11:00 a.m. & 1:00–3:00 p.m.

Making Appointments

Half-hour appointments with an ISSS advisor can be made at international.colostate.edu/iss/remote-advising (<https://international.colostate.edu/iss/remote-advising/>).

Contact Information

Email: ISSS@colostate.edu (iss@colostate.edu)

Front Desk Phone Number: (970) 491-5917

Website: international.colostate.edu/ISSS (<https://international.colostate.edu/iss/>)

Administrative Resources

Division of IT
Office of the Registrar
Office of Financial Aid
Career Center
University RamCard and RamCash

Division of IT

Office in University Services Center
(970) 491-7276
help@colostate.edu

The Division of Information Technology (DoIT) (<https://it.colostate.edu/>) serves as the central IT organization for CSU Fort Collins. The Division supports the land-grant heritage of the institution including the University's priorities for teaching, learning, research, and service. DoIT is responsible for delivering enterprise level services for the CSU System and campus-focused technology services for the Fort Collins campus. Our organization will continue to evolve as we move toward aligning the IT organizations from CSU Fort Collins, CSU Pueblo, Spur, and the CSU System Office.

The Division of IT Help Desk (<https://it.colostate.edu/help/>) supports the technical needs of CSU students, faculty, and staff. RAMtech (<https://ramtech.colostate.edu/>) offers technology solutions from software to hardware and is located in the Lory Student Center.

Office of the Registrar

Office in Centennial Hall
(970) 491-4860

The **Office of the Registrar** supports students throughout their academic careers and beyond by providing innovative services to the CSU community. The Office of the Registrar serves as a central administrative office for students, families/support-givers, faculty, staff, and alumni by providing the following services:

- Maintain and provide official academic transcripts
- Maintain student academic and biographical records (such as preferred first name, legal name, address, phone number, date of birth, etc.). Changes to biographical data can be student initiated via

RAMweb (<https://ramweb.colostate.edu>) and become part of the student's CSU record.

- Collect and serve as resource for academic appeals
- Oversee and support all academic registration functions
- Report, certify, and maintain academic, degree, and enrollment verifications
- Support transfer students and manage the transfer credit process
- Certify military and veterans educational benefits
- Coordinate academic and classroom scheduling
- Act as a central academic information resource
- Comply with, and educate campus on, Federal and State legislation and institutional policy
- Publish final examination schedules
- Lead and participate in cross-divisional and institution-wide projects
- Manage online course grading and reporting
- Support curriculum approval process
- Publish annual General Catalog
- Maintain RAMweb (<https://ramweb.colostate.edu>), ARIESweb and Banner access and security
- Serve on and support numerous university committees as well as national level organizations.

Office of Financial Aid

Office in Centennial Hall
(970) 491-6321

The Office of Financial Aid (<http://www.financialaid.colostate.edu>) administers a variety of institutional, state, federal, and private financial assistance programs for qualified students. Financial assistance programs include scholarships, grants, loans, and employment.

Career Center

Office in Lory Student Center, room 120
(970) 491-5707

Employment opportunities available include the Work-Study Program, on-campus departmental positions, and community part-time employment. Refer to the Career Center website (<https://career.colostate.edu/>) for more details.

University RamCard and RamCash

Office in Lory Student Center, Room 271
(970) 491-2344

Email: ramcard@colostate.edu

RamCards (CSU identification cards) for students, faculty, and staff are used for identification, meals, RamCash, building access, Recreation Center access, library materials checkout, Transfort, printing with PaperCut, sporting and cultural events, entrance to exams, and more. Visit the **RamCard web site** or email ramcard@colostate.edu for information about services, hours, and how to obtain your RamCard. A current government-issued picture ID is required to request a RamCard.

This could be a passport from any country or one of the following U.S. government-issued picture IDs: a driver license or permit, state ID, or military ID. The initial card cost is \$25, and replacement cards cost

\$30 (all costs subject to change). RamCash is a convenient campus declining-balance account you can add to your RamCard. Students, faculty, staff, and University visitors can use RamCash to easily purchase food, beverages, goods, and services across campus.

Facilities

CSU spans five primary campuses on 4,773 acres, plus numerous Agricultural Experiment Stations, Cooperative Extension offices, and Colorado State Forest Service sites across the state that cover an additional 4,038 acres. Altogether, CSU has 692 buildings including 336 classrooms and 1,316 laboratories totaling 12,729,056 gross square feet. In addition to acres owned, CSU manages an additional 9,978,478 acres throughout the state, most of which is the Colorado State Forest.

Bookstore
Coffee Shops
CSU Transit Center
Lory Student Center
CSU Mountain Campus
CSU Sports and Athletic Facilities
Student Recreation Center
Study Spaces
University Center for the Arts
University Libraries
Veterinary Teaching Hospital

Bookstore

The CSU Bookstore (<http://www.bookstore.colostate.edu/home.aspx>) is located in the Lory Student Center. Proceeds from the CSU Bookstore go back to students and the CSU community. CSU insignia items, school supplies, and art supplies are available as well as textbooks for every class at CSU.

Coffee Shops

Coffee shops are great places to grab a refresher and dive into studying or group meetings. Here are the locations (<https://myatlas.com/map/?id=748&mrklid=1268>) of some coffee shops on CSU's campus.

Sweet Sensations (<https://lsc.colostate.edu/dining/food-brands/#SweetSensations>) - Lory Student Center
Intermissions (<https://lsc.colostate.edu/dining/food-brands/#Intermissions>) - Lory Student Center
Sweet Temptations (<https://lsc.colostate.edu/dining/food-brands/#SweetTemptations>) - Behavioral Sciences Building
Morgan's Grind Café (<https://lsc.colostate.edu/dining/food-brands/#MorgansGrind>) - Morgan Library
The Bean Counter (<https://lsc.colostate.edu/dining/food-brands/#BeanCounterRockwellWest>) - Rockwell Hall
Ram's Horn Express (<https://housing.colostate.edu/dining/rams-horn-express/>) - Academic Village

CSU Transit Center

The CSU Transit Center (<http://lsc.colostate.edu/lory-student-center-transportation-information/>) is located on the first floor of the north end of the Lory Student Center. It includes a Transfort (<http://www.ridettransfort.com/>) customer counter, flat screen monitors displaying departure times and news stories, and an indoor passenger waiting area to make public transportation more comfortable and convenient for CSU students and visitors.

Transfort, Around the Horn

Transfort (<http://www.ridettransfort.com/>) is the local Fort Collins bus service that offers a multitude of stops close to student living areas and runs schedules that complement CSU class schedules. This mass transportation system cuts down on pollution and brings students right to the center of campus. CSU students account for nearly thirty-five percent of Transfort's ridership!

Public transportation options are available to get you to campus and around Fort Collins. All students and employees receive a Transfort (<http://www.ridettransfort.com/>) transit pass (on their Ramcard (<https://housing.colostate.edu/ramcard/>)) thanks to the investment by the Associated Students of Colorado State University (ASCSU (<https://ascsu.colostate.edu/>)) and Parking and Transportation Services. You can ride any Transfort (<http://www.ridettransfort.com/>) route in the city along with MAX. Your transit pass can also get you to Loveland, Longmont, and Boulder via the FLEX (<http://www.ridettransfort.com/flex/>), as well as the Greeley/Evans area via the Poudre Express (<https://greeleyevantransit.com/routes/poudre-express/>).

Lory Student Center

The Lory Student Center (<https://lsc.colostate.edu/>) is the dynamic hub of campus, serving more than 20,000 people each day. It encourages the lifelong learning development of students, faculty, staff, and community members. Lory Student Center services and programs create a stimulating and supportive atmosphere to complement academic learning and social enrichment. You may reach Campus Information and Box Office at (970) 491-6444.

CSU Mountain Campus

Nestled in a beautiful, secluded mountain valley at an elevation of 9,000 feet, **CSU's Mountain Campus** (<http://www.mountaincampus.colostate.edu/>) provides field research and education, retreat and conference facilities, a challenge course, and

world-class hiking. The Mountain Campus is located 50 miles west of Fort Collins and is adjacent to Rocky Mountain National Park, the Comanche Peak Wilderness Area, and Roosevelt National Forest. The campus is typically open from mid-May to mid-October and is available for field studies and research, academic classes, retreats, conferences, workshops, meetings, and much more.

CSU Sports and Athletic Facilities

Sonny Lubick Field at Canvas Stadium

Canvas Stadium, Colorado State's on-campus college football stadium, opened in 2017. With a seating capacity of 36,500, the field is named in honor of legendary former head coach Sonny Lubick. The facility, includes nearly 800,000 square feet of space, features a club area and meeting space available for use by the community. Included in the facility is the Iris and Michael Smith Alumni Center, the Collaborative for Student Achievement (<http://studentachievement.colostate.edu/>), as well as classroom and study space. CSU's on-campus stadium provides the latest in fan amenities and technology to guarantee an amazing fan experience.

Glenn Morris Field House

The Rams' indoor track and field training facility is the venerable Glenn Morris Field House (<https://csurams.com/facilities/glenn-morris-fieldhouse/5/>), near the Jack Christiansen Track. This historic venue, built in 1924, underwent a renovation in 1998.

The venue contains three main wings: the south area, which includes the indoor track; the middle area, which houses offices and locker rooms; and the north area, which is where the basketball team formerly played and now is used for indoor court sports.

Indoor Practice Facility

The Indoor Practice Facility (<https://csurams.com/facilities/indoor-practice-facility/13/>) is designed for use by multiple sports programs at the University.

Features:

- Gymnasium easily encloses a regulation basketball court and two half courts
- Volleyball configuration can accommodate two full-length courts
- Contains a synthetic-turf football field (including one end zone)
- Features a four-lane, 70-meter track and a unique shoe-changing room adjacent to the football field
- Has flexibility to allow the softball team to set up batting cages on the football field
- Will provide shelter for any student-athlete in each of the Rams' 16 varsity sports
- Includes training room, equipment storage, lobby and trophy display case, and restrooms
- Uses an innovative air circulation system.

Jack Christiansen Track

One of the finest track and field facilities in the region in a picturesque setting lends itself comfortably to annually hosting marquee events, including the 2011 and 2005 Mountain West Track & Field Championships. Such is the history surrounding the Jack Christiansen Memorial Track (<https://csurams.com/facilities/jack-christiansen-track/4/>) on the east side of CSU's main campus.

Regarded as one of the region's finest facilities since it opened in 1989, the venue has provided a backdrop for success for the Rams. As a result, the program has the ability to attract some of the region's finest athletes. The facility enjoyed a complete renovation in 2017.

Moby Arena

Moby Arena (<https://csurams.com/facilities/moby-arena/1/>) is a cozy and intimate playing facility nestled in the heart of the university's central campus area.

With a capacity of 8,745, the whale-shaped venue features the pride and tradition of the Rams' program that dates back 100 years, and a newness associated with a recent renovation to the arena's concourses, athletic training facilities and locker rooms. The FNBO Moby Loft is an additional space along the south baseline where fans can enjoy beer and other refreshments alongside their fellow Ram fans.

Ram Field

CSU's softball facility, Ram Field (<https://csurams.com/facilities/ram-field/3/>), has been the home of the school's varsity softball program since its opening in 1995. The diamond is a state-of-the-art, NCAA-regulation field, just south of Moby Arena, complete with a high-quality sound system. The foul lines are 200 feet from home plate, and the center-field fence is 225 feet away.

University Tennis Courts

The University Tennis Courts are one of the finest tennis facilities in the nation. The \$2 million dollar facility that opened in 2010-2011 features 12 post-tensioned concrete courts, eight of which are lighted for night play. For information about use of the Tennis Complex, visit Campus Recreation (<https://csurec.colostate.edu/>).

Student Recreation Center

Campus Recreation (<https://csurec.colostate.edu/>) (<http://csurec.colostate.edu/>) actively promotes the pursuit of a balanced, healthy lifestyle to a diverse university community by providing quality programs, facilities, and services that encourage personal growth, leadership development, and employment opportunities. Students paying full student fees for the current term are automatically eligible for Campus Recreation programs and services including use of the Student Recreation Center. Memberships are available to part-time students, employees, and spouses/partners. Inquire at the Service Center in the Student Recreation Center lobby for more information. To learn more about Campus Recreation at CSU, pick up a copy of the Campus Recreation Guide or check out Campus Recreation's (<https://csurec.colostate.edu/>) (<http://csurec.colostate.edu/>) website.

Study Spaces

In addition to spaces in residence halls, among the shelves in Morgan Library (<http://lib.colostate.edu/>) and throughout the floors of the Lory Student Center, CSU offers a variety of other study spaces. Some study spaces are reservable through the library reservation system (<https://lib.colostate.edu/>).

Some popular options include:

- Behavioral Sciences Building
- TILT Building -Russell George Great Hall

- Morgan Library - Group Study Rooms and The Cube
- The Durrell Center
- Clark Building - A-wing study lounge
- Scott Bioengineering Building
- The Microbiology Study Lounge
- Rockwell Hall West.

University Center for the Arts

Located at 1400 Remington Street, the University Center for the Arts (<http://uca.colostate.edu/>) (UCA) is an exquisite venue for music, theatre, dance, and art where future generations of arts professionals – be it in performance, creative production and design, education, music therapy, or research – are becoming contributors to the essential vitality of our culture and society, and advance knowledge in the arts through discovery, dissemination, teaching, and preservation. The building was originally constructed in 1925 and received extensive renovation in the 2000s in order to house music, theatre, and dance performance venues, museums and galleries, rehearsal spaces, classrooms, and more.

Fort Collins, Colorado offers an exceptional environment for performing and visual art students through close connections to the surrounding community and its thriving arts culture. The city is consistently ranked as one of the best places to live in the country; the inviting Old Town architecture is complemented by a prime location at the foot of the Rocky Mountains with breathtaking scenery and almost infinite opportunities for first-rate outdoor activities.

University Libraries

The University Libraries (<https://lib.colostate.edu/>) is the heart of learning, research and artistry on campus, connecting curious minds to vital information and knowledge. The Libraries provides students and faculty with the resources, tools, guidance and space they need to critically engage with the global information landscape.

With millions of physical and digital materials at users' fingertips, friendly librarians guide users in how to find, evaluate and use library resources in their research and artistry. The Libraries' physical collection features diverse types materials such as books, maps, magazines, technical reports, archives and manuscripts. Popular digital resources include databases, e-books, scholarly journals, streaming media, and

newspapers. Some course materials are also provided through the Libraries.

The Morgan Library, located on main campus, is the go-to space for studying and collaborating on campus. With four floors of space, students can choose from a range of options for quiet study areas and more than 20 group study rooms available for reservation. Students can browse more than a million books at the library and check out technology to support their academic work, including laptops, chargers, video cameras and study accessories.

Veterinary Teaching Hospital

CSU's south campus contains the Veterinary Teaching Hospital (<http://csuvets.colostate.edu/>) including the research and teaching programs and the federal Natural Resources Research Center.

The AUCC Experience

Note Regarding the All-University Core Curriculum

Categories 1A, 1B, 1C, and 2: Fundamental Competencies

Category 3A-3D: Foundations and Perspectives

Note Regarding Guaranteed Transfer (GT) Pathways courses

For more in-depth descriptions of each AUCC category (including Content Criteria and Core Student Learning Outcomes), please visit the Curriculum & Catalog website (<https://curriculum.colostate.edu/aucc/>).

All AUCC language below adopted by Faculty Council 12/01/98; revisions approved by Faculty Council 10/05/04, 10/02/07, 11/06/18, 5/05/20, 10/06/20, 4/06/21, and 5/03/22.

Preface

The All-University Core Curriculum (AUCC) at CSU helps students refine their academic skills and introduces them to areas of knowledge, methodologies, and ways of knowing in various fields of study. The AUCC is integral to the entire undergraduate educational experience.

The AUCC promotes the acquisition and effective practice of essential competencies within areas of learning stipulated by the state of Colorado. These include math, writing, arts and humanities, social sciences, and history. Courses approved for inclusion in the AUCC at CSU collectively satisfy all of the requirements of the state with regard to subject area and guaranteed transfer agreement (GT Pathways) content, competencies, and student learning outcomes. Essential competencies include the ability to write clearly, speak effectively, recognize diverse perspectives, understand and apply quantitative reasoning, make sense of abstract ideas, reason analytically, and read critically.

The AUCC Experience

Each course approved to satisfy requirements of the AUCC calls upon the instructor to introduce and reinforce academic success skills, provide students with ample and prompt feedback to encourage their academic progress and development, encourage reflection and development of metacognition, and foster an academic mindset.

AUCC courses should provide high impact practices such as writing, collaborative learning, community/civic engagement, or research as relevant to the field. Students learn and retain knowledge when they write, reflect upon what they are learning, and engage in revision processes that utilize feedback. Courses in categories 3B, 3C, and 3D must base at least 25% of the final grade on writing, a portion of which must be written outside of class. Writing activities may range from brief in-class reflective writing to multi-draft revised papers.

Teaching that encourages this mindset involves setting high and realistic goals for students; making clear the course objectives and academic competencies they help to develop; and demonstrating connections among content, competencies, and life applications. It encourages ongoing effort and offers frequent constructive feedback. Such teaching makes explicit that productive studying, active engagement in learning experiences, practicing, questioning, participating, reflecting, and learning from mistakes contribute to student success.

Students in AUCC Courses may anticipate:

1. Graded feedback early in a course.
2. Early and consistent access to information about their progress in a course.
3. Prompt evaluation of their work, as well as frequent and ongoing feedback that assesses strengths and weaknesses and encourages continuing effort.
4. When relevant, referral to campus resources to support their success.
5. When appropriate, collaboration, peer interaction, and peer feedback.
6. Consultation outside of class.

Research at CSU has shown that there is a relationship between student engagement and academic success. Engagement includes, but is not limited to, the following:

1. Regularly attending class and coming prepared to learn.
2. Practicing effective study habits.
3. Completing required assignments.
4. Asking questions and seeking help when needed.
5. Learning about campus resources that support students.
6. Embracing intellectual challenges, opportunities for growth, and breadth of perspectives and opinions.

Note Regarding the All-University Core Curriculum

Credits earned in the College Board Advanced Placement Program (AP), the College-Level Examination Program (CLEP), and International Baccalaureate (IB) can be used to satisfy particular All-University Core Curriculum requirements.

All CSU undergraduate students share a common learning experience. Faculty members from across the University contribute to that experience.

The Intermediate Writing and Quantitative Reasoning requirements must be completed within the first 60 credits (CSU and transfer) taken.

Each baccalaureate Program of Study must incorporate the following elements:

Fundamental Competencies		
Code	Title	Credits
1A. Intermediate Writing		3
1B. Quantitative Reasoning		3
1C. Diversity, Equity, and Inclusion		3
2. Advanced Writing		3
Foundations and Perspectives		
Code	Title	Credits
3A. Biological and Physical Sciences (At least one course will include an associated lab)		7
3B. Arts and Humanities		6
3C. Social and Behavioral Sciences		3
3D. Historical Perspectives		3
Depth, Application, and Integration		
Code	Title	Credits
Minimum 5 credits, 2 courses		5
4A. Applying Fundamental Competencies: designated courses must apply and integrate knowledge from courses in the Fundamental Competencies of AUCC Categories 1A, 1B, 1C, and 2. At least 50% of the course grade must be based on activities that involve writing, speaking, and/or problem solving. Early guidance and feedback will support students' growth as writers, speakers, and problem solvers.		
4B. Integrating Foundations and Perspectives: designated courses must build upon the Foundations and Perspectives of AUCC Categories 3A, 3B, 3C, and 3D in an integrative and complementary way. Each course designated to fulfill this requirement shall emphasize the connections between its course content and the concepts and intellectual approaches that exemplify Foundations and Perspectives categories.		
4C. Capstone Experience: every major must require a capstone experience that offers the opportunity for integration and reflection on students' nearly completed undergraduate education.		

Students are advised to see if their program of study has particular recommendations for satisfying All-University Core Curriculum requirements.

A student must earn a cumulative grade point average of 2.000 or better in the courses used to satisfy categories 1 through 3 of the All-University Core Curriculum requirements.

What follows is a brief description of each category in the All-University Core Curriculum and a list of the courses currently approved to meet that category. **Note: No courses are listed in more than one category; courses listed in one category cannot be used to fulfill any other category in the AUCC.**

Fundamental Competencies

Fundamental Competencies are central to success in all courses. These include written and oral communication and quantitative reasoning. Therefore, the learning outcomes and instructional aims of these courses seek to develop and reinforce such competencies.

Category 1A. Intermediate Writing (3 credits)

The ability to communicate in written form is an essential component of success in any academic program and enhances the possibility of one's success in personal and professional life. Courses in this category provide instruction in the skills essential to effective written communication, extensive practice in the use of those skills, and evaluation of students' writing to guide them in improving their skills.

Code	Title	Credits
CO 150	College Composition (GT-CO2)	3
HONR 193	Honors Seminar	3

Category 1B. Quantitative Reasoning (3 credits)

Quantitative reasoning and problem solving are essential skills for success in academics and in life. Quantitative reasoning, which includes Mathematics and Statistics, develops ways of knowing that involve abstraction, generalization, and analysis. Such thinking involves problem solving, interpretation, representation, application, and communication.

Code	Title	Credits

STAT 204	Statistics With Business Applications (GT-MA1)	3

Category 1C. Diversity, Equity, and Inclusion (3 Credits)

Courses that address Diversity, Equity, and Inclusion engage students in the study of cultural identities, explore the interactions among these identities, and reflect upon patterns of interaction related to the larger contexts in which they take place, focusing predominantly on US cultures as they are situated within a global context. These courses provide opportunities to expand self-awareness, examine perspectives, and engage in dialogue in order to analyze personal and social responsibility, social systems, and contemporary contexts.

Foundations and Perspectives

Foundations and Perspectives courses emphasize subject area methodologies, perspectives, modes of expression and creativity, concepts, and knowledge. Courses in this category help students effectively use fundamental competencies to bring diverse viewpoints, knowledge, application, creativity, and skills to life. Courses explore distinctive characteristics as well as critical linkages among fields of study, promoting synthesis of learning.

Category 3A. Biological and Physical Sciences (7 credits)

Biological and Physical Science courses examine scientific perspectives, build familiarity with scientific knowledge and the scientific method, develop competencies in reasoning, inquiry, and analysis and evaluate the impacts of science and technology on society to facilitate communication in an increasingly complex and technological world. At least one course used to satisfy this requirement must have a laboratory component.

Category 3B.

Arts and Humanities (6 credits)

The Arts and Humanities explore uniquely human expressions. The Arts and Humanities investigate the cultural character and literatures of human experiences, fundamental questions of values and meaning, and, both in word and beyond words, the symbols and creative expressions of human life. Courses in Arts and Humanities may be in Arts and Expression; Literature and Humanities; Ways of Thinking; or World Languages. No more than three credits of intermediate world language (L*** 200, L*** 201) may be used toward this category.

Category 3C. Social and Behavioral Sciences (3 credits)

The Social and Behavioral Sciences are designed to help students acquire broad foundations of social science knowledge and the ability to apply this understanding to contemporary problems and issues. The Social and Behavioral Sciences use methods of the field to study the complex behaviors of individuals and their relationships with others in families, public institutions, and cultures. The Social and Behavioral Sciences requirements help students explore the forms and implications of individual and collective behaviors, and their ties to formal institutions.

Category 3D. Historical Perspectives (3 credits)

The goal of the Historical Perspectives requirement is to engage students in an analytical, chronological or thematic study of significant events, to investigate different perspectives and interpretations of them, and to understand historical methods, sources, and concepts as they relate to multi-dimensional human experiences. It should provide students with a foundation for relating perspectives of the past to aspirations for the future.

Note Regarding Guaranteed Transfer (GT) Pathways Courses

Courses that the Colorado Commission on Higher Education (CCHE) (<https://cdhe.colorado.gov/students/attending-college/credit-transfer/guaranteed-transfer-gt-pathways-general-education/>) has approved for inclusion in the Guaranteed Transfer (GT) Pathways program are guaranteed to transfer among all public higher education institutions in Colorado. For transferring students, successful completion with a minimum C- grade guarantees transfer and application of credit in this GT Pathways category.

Courses that the CCHE has approved for inclusion in the Guaranteed Transfer (GT) Pathways program are designated with a GT code after the course title (e.g., "MATH 101: Math in the Social Sciences (GT-MA1).") The subcode listed after "GT-" refers to the specific statewide general education category the course fulfills. For more information on the GT Pathways program, please visit the Colorado Department of Higher Education (<https://cdhe.colorado.gov/students/attending-college/credit-transfer/guaranteed-transfer-gt-pathways-general-education/>) website.

Early Completion of Quantitative Reasoning/Composition Requirement

Completion of Quantitative Reasoning/Composition Requirement in the First Year

Analysis of campus data reflects national research indicating that students who successfully complete 30 credits in the first academic year, which include a college level quantitative reasoning (math, statistics, financial literacy) course and a college level composition course, demonstrate higher retention and graduation rates when compared to students who do not complete these momentum year milestones. While we recommend most students complete these momentum year milestones in the first academic year, for some students there may be extenuating circumstances to suggest a different approach. Students are encouraged to discuss their specific situation with their Academic Success Coordinator/Academic Advisor.

English Composition Requirement

CSU's English Composition Requirement

All CSU students are required to fulfill the All-University Core Curriculum (AUCC) Intermediate Writing Requirement (AUCC Category 1A) prior to completion of 60 credits. Students can complete the AUCC Intermediate Writing requirement in one of five ways:

1. Satisfactory completion of CO 150: College Composition.
2. Achieving a score of 5 on the Advanced Placement English Composition and Literature Test; or a score of 4 or 5 on the Advanced Placement English Language and Composition Test; or placing in CO 150 -section 550 (credit by exam for CO 150) on the Composition Placement Challenge and Re-evaluation Essay.

3. Transferring equivalent credits from another college. (Students who transfer with less than 2.6 semester credits in composition will have the option of writing the Composition Placement Challenge and Re-evaluation Essay. With a score of 5, we can request the additional credit be waived).
4. Satisfactory completion of HONR 193 (Honors students only).
5. Submission of International Baccalaureate scores that document an English A at the higher level with a score of 7, or an English B at the Higher Level score of 5, 6, or 7.

Credit for CO 150 will not be given for high scores on the College-Level Examination Program (CLEP).

Students (except first-semester transfer and readmitted students) who have earned 60 or more CSU and transfer semester credits and who have not met this requirement will have a Composition HOLD placed on their record. Transfer and readmitted students will be allowed the initial term of enrollment before this restriction is imposed.

What if I Have a Composition HOLD Placed on My Registration?

Before the start of registration for an upcoming semester, undergraduate students are informed, via email from the Office of the Registrar, if they have not completed the AUCC composition requirement. After a student has earned 60 or more CSU and transfer semester credits without fulfilling the AUCC composition requirement, the email will also give notice that a Composition HOLD has been placed and provide information on how to remove the HOLD.

The procedure to remove a Composition HOLD is as follows:

1. You can contact the Office of the Registrar as soon as you receive the email letting you know that a Composition HOLD has been placed on your registration – you do not have to wait for your registration access time.
 - You can contact the Registrar's Office immediately, if you are currently registered for CO 130 or have transfer credit for CO 130.
 - If you need to take the Directed Self-Placement Survey, once the Survey is completed, you can contact the Office of the Registrar.
 - If you are in the Honors Track I program, you will need to register for HONR 193.
 - If you were automatically placed into CO 130 or selected CO 130 on the Directed Self-Placement Survey, you will need to select a section of that course for which to register. After successful completion of CO 130, you will need to register for CO 150 the following term. CO 150 satisfies the All-University Core Curriculum Intermediate Writing requirement (AUCC Category 1A).
 - If you were automatically placed into CO 150 or selected CO 150 on the Directed Self-Placement Survey, you will need to select a section of that course that works with your course schedule.
 - If you were automatically placed into CO 130 or CO 150 and wish to challenge that placement, you will need to write the Composition Placement Challenge and Re-evaluation Essay as soon as possible.
 - If you chose to write the Composition Placement Challenge and Re-evaluation Essay, once your score has been entered, you can contact the Office of the Registrar (<http://registrar.colostate.edu/>).
2. Once you have chosen a section of composition that works with your schedule, contact the Office of the Registrar in Centennial Hall by calling (970) 491-4860, or emailing registrarsoffice@colostate.edu. **If sending an email, please do so from your Colorado State University provided email account and include your full name, CSUID number, and the CRN for the CO course for which you want to be registered. Please make sure to have the CRN of the section you have chosen available in order to expedite your request.**
3. The Office of the Registrar will then remove the Composition HOLD and will either register you for your preferred composition section or place you on the waitlist. If your preferred sections are full, we recommend getting on several section waitlists. If you are waitlisted and do not get a seat in CO 150, your HOLD will go back on your record. If you have questions about the waitlist process, visit the Registrar's Waitlist FAQ (<https://registrar.colostate.edu/waitlist-faqs/>).

CSU's Composition Placement Program

Critical reading and writing skills are significant components of every program and degree at CSU. Moreover, research at CSU, as well as nationwide, demonstrates a clear connection between academic success and the ability to write effectively for various audiences. The CSU Composition Placement Program is designed to ensure that you register for the composition course most suited to your needs, CO 130: Academic Writing or CO 150: College Composition.

To learn more about CSU's Composition Placement Procedures, go to <http://composition.colostate.edu/students/placement> (<http://composition.colostate.edu/students/placement/>). We also encourage you to read the Placement FAQ on the website.

Appeals Process

Students wishing to appeal (<https://registrar.colostate.edu/forms/>) this registration restriction must complete the Intermediate Writing/Quantitative Reasoning (MATH/COMP) Appeal (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/11/Math-Comp-Appeal.pdf>) form, including a detailed rationale as to why they were unable to complete the course within the first 60 credits. Students must also outline their plan for completion of the requirement. If registered for an equivalent course at another institution, students should include proof of registration. Appeals must be received by the student's academic advisor and department head for their signatures and indication of support/lack of support of the appeal. The signed

appeal must then be submitted through the Office of the Registrar, First Floor, Centennial Hall, to the Vice Provost for Undergraduate Affairs who holds authority for final approval or disapproval.

Quantitative Reasoning Requirement

To satisfy the requirements of category 1B of the All-University Core Curriculum (AUCC), students must earn three credits in Quantitative Reasoning. These credits may be earned by:

1. Presenting AP calculus scores of 3, 4, or 5 on the Calculus AB, Calculus BC, or Statistics exam -or- IB mathematics scores of a 4 or higher on either the standard or higher level exam (see Office of the Registrar (<https://registrar.colostate.edu/transfer-credit/>) for details on Advanced Placement and International Baccalaureate equivalencies);
2. Taking an approved CSU All-University Core Curriculum (AUCC) 1B Course (MATH or STAT);
3. Presenting suitable transfer credits from another accredited institution;
4. Successfully challenging Pre-Calculus courses (Challenge Exams are available for MATH 117, MATH 118, MATH 124, MATH 125, and MATH 126).

Any student admitted to CSU may take MATH 101, MATH 105, STAT 100, STAT 201, or STAT 204. Students who wish to take a Quantitative Reasoning course other than one of these must satisfy one of the following requirements in addition to any course prerequisites:

- Demonstrate sufficient proficiency using the Math Placement Tool; (<https://placement.math.colostate.edu/>)
- Present an AP calculus score of 3, 4, or 5 on the Calculus AB or Calculus BC exam;
- Present an IB Analysis and Approaches score of 4, 5, or 6;
- Present suitable transfer credits from another accredited institution.

Math Placement

Students can become eligible to register for Quantitative Reasoning beyond MATH 101, MATH 105, STAT 100, STAT 201, STAT 204, or FIN 200 by completing the Math Placement Process. This process begins with the Math Placement Tool (<https://placement.math.colostate.edu/>), which covers pre-college algebra, college algebra, logarithmic and exponential functions, and trigonometry.

A student who displays proficiency on the **Math Placement Tool** may place out of one or more of the pre-calculus courses—MATH 117, MATH 118, MATH 124, MATH 125, and MATH 126. Placement out of a course on the **Math Placement Tool** will satisfy prerequisites for other classes. Completing the Math Placement Tool does not earn course credit. Only earned credits count toward the three-credit AUCC Quantitative Reasoning requirement, i.e. placement out of a course will not satisfy the CSU Quantitative Reasoning requirement.

A student (except a first semester transfer or a first semester readmitted student) who has earned 60 or more CSU and transfer credits and who has not completed the Quantitative Reasoning requirements of category 1B of the All-University Core Curriculum must enroll in a course that will fulfill this requirement in order to have a hold lifted from their registration. A transfer or readmitted student will be allowed the initial term of full-time enrollment before this restriction is imposed. *(Faculty Council approved minutes May 1, 2018)*

Appeals Process

Students wishing to appeal (<https://registrar.colostate.edu/forms/>) this registration restriction must complete the Intermediate Writing/Quantitative Reasoning (MATH/COMP) Appeal (<https://registrar.colostate.edu/wp-content/uploads/sites/23/2023/11/Math-Comp-Appeal.pdf>) form, including a detailed rationale as to why they were unable to complete the course within the first 60 credits. Students must also outline their plan for completion of the requirement. If registered for an equivalent course at another institution, students should include proof of registration. Appeals must be received by the student's academic advisor and department head for their signatures and indication of support/lack of support of the appeal. The signed appeal must then be submitted through the Office of the Registrar, First Floor, Centennial Hall, to the Vice Provost for Undergraduate Affairs who holds authority for final approval or disapproval.

Education Abroad

Office of International Programs – Laurel Hall

(970) 491-5917

Education Abroad (<https://international.colostate.edu/educationabroad/>) opportunities engage students in an international arena, providing new academic perspectives, broadening knowledge of international affairs, and allowing for a deeper understanding of other cultures. In addition to enhancing a student's degree program, education abroad provides students with direct experience developing intercultural skills necessary for success in an increasingly diverse and global workforce.

The Office of International Programs offers more than 400 recommended international opportunities, including for-credit and not-for-credit programs for study, research, internships and service learning. Students can maintain full-time enrollment at CSU while abroad, and credit from approved programs may be applied towards an overall degree program at CSU.

Education Abroad oversees programs in over 80 countries around the world and provides support services to students, including advising, orientations, outreach, program coordination, risk management, and emergency response. Students considering any type of international experience are required to work with the Office of International Programs in preparation for their time abroad. Advance planning helps assure that international endeavors will not unnecessarily prolong degree completion and that health and safety preparations have been addressed. Advance planning also assures that students meet application deadlines, which can range anywhere from two to twelve months before a program begins.

The Office of International Programs also works closely with CSU's academic partners Semester at Sea (<https://www.semesteratsea.org/>) and the CSU Todos Santos Center to foster international opportunities for CSU students, faculty and staff.

Financial Aid for Education Abroad

In most cases, CSU financial aid in the forms of loans, grants and scholarships can be applied to cover the costs of an education abroad program. Through CSU's partnerships, the Office of International Programs facilitates over \$700,000 in annual scholarship funds to support education abroad. Students can apply for many of these scholarships (<https://international.colostate.edu/educationabroad/students/start-here/financial-aid-scholarships/>) as part of their CSU Education Abroad program application.

Further information on eligibility requirements, courses, deadlines, policies, procedures, financial aid, and costs related to study abroad may be found on the Education Abroad (<https://international.colostate.edu/educationabroad/>) website.

Education First (EF)

About EF Study Abroad

Since 1965, EF Education First (<https://www.ef.edu/>) has helped millions of people see new places, experience new cultures, and learn new things about the world and themselves. EF Study Abroad (<https://www.efstudyabroad.com/>) is a division focused on offering today's students curated programs that intentionally combine knowledge acquisition with an emphasis on skills building for the 21st century, equipping learners with the level of intercultural fluency that the world needs and we know employers are increasingly demanding.

To create programs that continue to elevate and enrich the lessons taught in a classroom, EF Study Abroad (<https://www.efstudyabroad.com/>) partners with the world's top colleges and universities to facilitate culturally immersive, international educational experiences that bring learning to life.

CSU and EF Study Abroad

Beginning Spring 2024, EF Education First (<https://www.ef.edu/>) is proud to announce a strategic partnership between CSU and EF Study Abroad (<https://www.efstudyabroad.com/>). Through this collaboration, CSU will work jointly with EF Education First to design and implement innovative education abroad programs ranging from programs for first year students to thematic challenge-based programs on topics such as sustainability to specialized programs for Honors Program students. For non-CSU students who participate in this co-designed suite of program offerings, CSU will authorize academic credit, provide official transcripts and maintain quality assurance.

As the keystone of this partnership, Colorado State University will serve as EF Study Abroad's official school-of-record, providing transcript

oversight and continuous quality assurance that attest to the academic rigor and integrity of EF Study Abroad's programs.

The partnership between CSU and EF Study Abroad recognizes the critical role played by global study experiences in preparing students to undertake lives of purpose and meaning after they graduate from their home colleges and universities. To achieve these goals, the two institutions will harness their combined strengths in teaching and learning, enviable network of global partners and vast experience with the mobility of students and faculty to develop innovative study and immersive learning opportunities that will set a standard for academic and programmatic excellence.

Global Challenge Semester

This recently announced alliance highlights several areas for thought partnership and collaboration. One notable co-development is the Global Challenge Semester (<https://myedabroad.colostate.edu/?FuseAction=Programs.ViewProgramAngular&id=12292>), a traveling 12-credit program that journeys from CSU's Mountain Campus (<https://mountaincampus.colostate.edu/>) to Costa Rica and Panama, concluding at CSU Todos Santos in Mexico (<https://todossantos.csusystem.edu/>). With a strong emphasis on sustainability, this program is open those entering their first or second year of studies at CSU as well as eligible non-CSU students.

This program is targeted toward gap, first and second year students as participation in education abroad early in one's academic career can have a profound and far-reaching impact on personal and academic development. Early engagement abroad offers a unique opportunity for students to gain a global perspective, broaden their horizons and instill a sense of international curiosity from the outset of their educational journeys.

Another unique component of this program is how purposefully integrated it is with the CSU Honors Program.

To learn more about the Global Challenge Semester, CSU students can visit the Education Abroad website (<https://myedabroad.colostate.edu/?FuseAction=Programs.ViewProgramAngular&id=12292>). Non-CSU students can visit EF Study Abroad (<https://www.efstudyabroad.com/signature-programs/study-abroad/csu-global-challenge-semester/>) to learn more.

Semester at Sea

SEMESTER AT SEA 800.854.0195 | info@semesteratsea.org | [semesteratsea.org](https://www.semesteratsea.org/) (<https://www.semesteratsea.org/>) |

Ready to embark on the educational travel experience of a lifetime?

SEMESTER AT SEA OFFERS A WORLD-CLASS CURRICULUM

Semester at Sea offers an unparalleled educational program in partnership with CSU. The distinctive feature of Semester at Sea is the opportunity it affords students to engage in global comparative education. All Semester at Sea academic credits are earned through fully accredited CSU courses. The University appoints the academic dean from among its most accomplished faculty, oversees curriculum, and approves course syllabi for the Semester at Sea academic program. The MV World Odyssey serves as a traveling home and campus that brings approximately 550 students to the farthest reaches of the globe every semester, giving deeper meaning to education, experiential learning, and community.

The Semester at Sea program itineraries are built around international challenges, trends, and issues. Since 1963, more than 73,000 students from 1,700 colleges and universities around the world have studied with Semester at Sea. Notable alumni and contributors include Nobel Laureates Archbishop Desmond Tutu, Nelson Mandela, Mother Teresa, and many other world leaders and global thinkers.

UNDERGRADUATE CERTIFICATE PROGRAM

To address the global challenges of today and tomorrow, innovative problem solving derived from multiple perspectives and diverse backgrounds is necessary. This interdisciplinary certificate is only offered to students participating in Semester at Sea. It draws upon the Semester at Sea experience, unites the expertise of varied disciplines and further supports the intercultural competencies necessary to succeed in today's global market. The 12-credit interdisciplinary Global Engagement Certificate is designed to generate knowledge of global issues, international perspectives, sustainable development, and intercultural skills that can help to distinguish recipients of this certificate as individuals prepared to positively impact our world. A Global Engagement Certificate can complement careers in business, education, government, economics, nonprofit, media, travel, and health. Please visit the link below to learn more about the certificate:

Certificate in Global Engagement, Semester at Sea

CREATING GLOBAL CITIZENS THROUGH COMPARATIVE EDUCATION

Global comparative education is a form of international study that identifies and connects the world's peoples, patterns, cultures, and traditions. Semester at Sea has served as a pioneer and leader in multiple-country, comparative education for more than 50 years. Semester at Sea prioritizes in-country exploration and interaction with local communities. By teaching students how to interact with cultures and peoples of developed and emerging nations—pushing students' understanding of the world into new directions and perspectives—students become global citizens who are prepared and motivated to take on the world's most pressing issues.

FINANCING, AID, AND SCHOLARSHIPS

Semester at Sea is administered by a 501c3 non-profit organization – the Institute for Shipboard Education (ISE) – that is dedicated to enhancing a traditional academic experience with a global perspective and greater intercultural understanding. ISE offers a variety of need- and merit- based financial awards. About 60% of Semester at Sea participants receive some type of financial aid. For further information on eligibility requirements, deadlines, policies, procedures, financial aid, and costs related to the program, visit Semester at Sea (<https://www.semesteratsea.org/>).

WHY ARE STUDENTS CHOOSING SEMESTER AT SEA?

- Improved understanding of the world

- Greater awareness of cultural difference
- Improved self-confidence and autonomy
- Improved flexibility and understanding of multiple perspectives
- Better understanding of one's own culture
- Greater recognition of other perspectives and world views
- Ability to live in close community

SEMESTER AT SEA ATTRACTS OUTSTANDING, AWARD-WINNING FACULTY

At the core of the Semester at Sea academic experience is a team of 25-28 innovative, stimulating, and flexible educators who are passionate about global education. The unparalleled environment of Semester at Sea provides engaging shipboard courses in unique combination with field work. Past voyages have included internationally recognized experts on social movements and media, environmental systems, international business, intercultural communication, and world cinema, as well as a Pulitzer Prize-winning poet and a Carnegie Foundation Professor of the Year. With the world as their campus, Semester at Sea faculty teach in a global context and excel in the field of experiential learning. All faculty hold doctorates or advanced degrees with extraordinary professional career experience and have international or intercultural expertise relevant to the voyage itinerary.

Certificate in Global Engagement, Semester at Sea

To address the global challenges of today and tomorrow, innovative problem solving derived from multiple perspectives and diverse

backgrounds is necessary. This interdisciplinary certificate is only offered to students participating in Semester at Sea. It draws upon the Semester at Sea experience, unites the expertise of varied disciplines and further supports the intercultural competencies necessary to succeed in today's global market. The 12-credit interdisciplinary Global Engagement Certificate is designed to generate knowledge of

global issues, international perspectives, sustainable development, and intercultural skills that can help to distinguish recipients of this certificate as individuals prepared to positively impact our world. A Global Engagement Certificate can complement careers in business, education, government, economics, nonprofit, media, travel, and health.

Learning Objectives

Upon successful completion of this certificate, students will be able to:

1. Reflect critically on actions that may lead to a more sustainable future.
2. Investigate various aspects that comprise culture around the world.
3. Analyze the dynamics of economics, politics, history, and commerce and their impact on interactions among countries.
4. Demonstrate the skills necessary (self-awareness, active listening, cultural sensitivity, adaptability, etc.) to engage in effective intercultural interactions.

Requirements Effective Fall 2024

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Course: ¹		
IE 200	Global Studies	3
International Affairs Domain (select 3 credits from the following): ²		3
ECON 370	Comparative Economic Systems	
HIST 333	Contemporary Europe	
HIST 465	Pacific Wars: Korea and Vietnam	
HIST 466	U.S.-China Relations Since 1800	
MGT 475	International Business Management	
MKT 365	International Marketing	
NRRT 320	International Issues-Recreation and Tourism	
POLS 443	Comparative Social Movements	
Sustainable Development Domain (select 3 credits from the following): ³		3
ANTH 329	Cultural Change	
ECON 460	Economic Development	
GR 320	Cultural Geography	
GR 425C	Special Topics: Physical Geography	
IE 471	Children and Youth in Global Context	
MGT 360	Social and Sustainable Venturing	
NR 300	Biological Diversity	
NR 370	Coastal Environmental Ecology	
SOC 462	Applied Social Change	
Cultural Domain (select 3 credits from the following): ⁴		3
ART 320	Global Encounters in Art	
IE 492	International Education Seminar	
JTC 412	International Mass Communication	
PHIL 479	Topics in Comparative Religions	
PSY 437	Psychology of Gender	

SOC 462	Applied Social Change	
SPCM 357	Film and Social Change	
TH 345	Global Theatre	
Program Total Credits:		12

- ¹ Courses in this certificate were selected because they are frequently offered on Semester At Sea.
- ² International Affairs Domain: An interdisciplinary approach to understanding the world through the dynamics between economics, history, politics and business and their impact on daily lives.
- ³ Sustainable Development Domain: The engaging work of sustainability that focuses on the many ways and paths to work towards a more sustainable future.
- ⁴ Cultural Domain: The experiences and traditions that are associated with places and passed down through generations.

Todos Santos

todosantos.csusystem.edu (<http://todosantos.colostate.edu/>) / kim.kita@colostate.edu (csutodosantos@colostate.edu)

Mission

To cultivate generations of global citizens and thriving communities through collaboration, experience, and exchange of knowledge.

The Colorado State University Todos Santos Center

The Colorado State University Todos Santos Center is located in Baja California Sur, Mexico. As the international extension of the university, CSU Todos Santos answers the call of a 21st-century land-grant institution on a global scale by utilizing education to build bridges between the United States and Mexico, between students and faculty, and between research and action.

CSU Todos Santos combines education, outreach, research, and access for CSU students, students in the regional community, and area residents. CSU's educational resources and expertise combine with natural, cultural, and historical aspects offered by the community to create expansive possibilities in research, learning, and experiences.

Unique, once-in-a-lifetime programs at the Colorado State University Todos Santos Center

The Center provides a variety of research opportunities and hands-on educational experiences that complement existing CSU curriculum,

allowing students to have an international experience without delaying graduation.

Students who study in Todos Santos grow as responsible ambassadors of CSU and the United States, learn through immersion in Mexican culture and ecosystems, and work alongside Mexican students, faculty, and citizens.

Students can:

- Explore the challenges, successes, and community priorities of Baja California Sur
- Collaborate and co-create activities to address global challenges
- Support and further regional initiatives and priorities as identified through a community needs assessment process
- Engage individually and collectively in actions promoting desired changes

Programs are currently available in the following areas of study:

- Semester study in sustainability, environmental and culture, and other topics
- Fish, Wildlife, and Conservation Biology
- Various outreach, service learning, and leadership programs
- Custom research projects and internships
- Veterinary medicine
- And more

Please contact Education Abroad (<https://international.colostate.edu/educationabroad/>) or kim.kita@colostate.edu (csutodossantos@colostate.edu) for additional information.

Why are students choosing to study at CSU Todos Santos?

- Hands-on, immersive, experiential education
- Explore global challenges within a community setting
- Learn about the language, culture, people, animals, and ecosystems of Baja California Sur, Mexico
- Interact and work alongside Mexican youth, college students, residents, and organizations in Baja California Sur
- Explore what it means to develop cultural intelligence

For more information todossantos.csusystem.edu (<http://todossantos.colostate.edu/>) / kim.kita@colostate.edu (csutodossantos@colostate.edu)

Health Professions

Collaborative for Student Achievement (<http://studentachievement.colostate.edu/>)
Offices in the Stadium Complex, 1415 Meridian

Health Professions Advising - Human & Animal Healthcare Professions

CSU does not offer specific "pre-health" or "pre-vet" majors, as health professions programs neither prefer nor recommend any particular undergraduate major(s). Students interested in a career in any health profession may select a major from among the many choices offered by CSU. After declaring an academic major, a student is assigned an academic advisor from that department to ensure they fulfill the requirements for that major. Placement into health professions programs is extremely competitive and a successful applicant needs to be well

informed regarding course requirements and other factors considered by admissions committees

Health professions advisors work with students in conjunction with their departmental advisor to determine courses required to satisfy professional school prerequisites. They also help students identify and gain the experiences needed to make them competitive candidates. All Health Professions advisors assist students from any major in planning for entrance into any accredited program of medicine, veterinary medicine, physician's assistant, occupational therapy, physical therapy, dentistry, nursing, pharmacy, optometry, podiatry, chiropractic and others. They also assist students in preparing their applications to those programs.

Student Clubs

Offices for several student clubs related to the health professions are located in Collaborative for Student Achievement Offices in the Stadium complex. Staff members serve as advisors for the Pre-Vet Club and the Health Professions Student Association and the associated clubs of Premedica, Pre-Dental, Pre-Pharmacy, Pre-Optometry, Rehabilitation Therapy (Pre-Occupational Therapy and Pre-Physical Therapy) and provide assistance and support for club activities.

More information about Health Professions Advising (<http://hp.casa.colostate.edu/>) may be found on the Collaborative for Student Achievement website.

Teacher Licensure/Education

Teacher and principal licensure programs are available through the School of Education's Educator Preparation (<https://www.chhs.colostate.edu/soe/center-for-educator-preparation/>).

Requirements for Licensure

Colorado licensure requires completion of an approved educator preparation program and the recommendation of the institution at which the program was completed. The Educator Preparation Co-Directors and Student Teaching Coordinator serve as the licensure officers for CSU. Additional requirements of the Colorado Department of Education and the Colorado Department of Higher Education include the successful completion of the state licensing exam. Successful completion of the approved educator preparation program at CSU does not guarantee successful completion of the state licensing exam.

Students who successfully complete an approved Educator Preparation program will be prepared to pursue licensure in Colorado. Licensure requirements in other states and U.S. territories may differ. Students are encouraged to work with the education department and the professional licensure board in the state in which they intend to pursue licensing to ensure all requirements are satisfactorily met. Educator Preparation does not assume responsibility for the successful completion of the state licensing exam.

CSU's approved educator preparation program requirements include completion of a bachelor's degree, completion of the content area and professional education course work, and fulfillment of the Colorado Performance-Based Standards for educators at the proficient or advanced proficient level. Additionally, all grades earned in professional education and content courses must be a C or better for licensing. The minimum scholastic average acceptable for completion of the educator preparation program and recommendation for licensing is 2.750, computed for all course work.

CSU reserves the right to **not** recommend a student for licensure on the basis of unacceptable professional dispositions and academic fitness/performance.

Educator Preparation Endorsements

One of the most important ways to help people and to impact our society is through involvement in schools. Educators make lasting contributions to our nation and its many generations of learners. Education programs at CSU serve the needs of individuals preparing to teach in:

- PreK-3rd grade: Early Childhood Education
- K-12: Art, Computer Science, Dance, Foreign Languages, Music
- Secondary (7-12): Agricultural Education, Business/Marketing Education, English/Language Arts, Family and Consumer Sciences, Mathematics, Science, Social Studies

CSU is one of the public institutions in Colorado designated to offer programs leading towards a career and technical (vocational) credential. Candidates for teacher licensure are skilled in a teaching concentration and educational methodology. These students take their professional education course work concurrently while completing their content area coursework. Candidates may complete licensure while enrolled in an undergraduate program or after completing a bachelor's degree at an accredited university.

Endorsements available through the program include:

Endorsement	Levels	U	P	G
Agricultural Education	Secondary	X	X	X
Art	K-12	X	X	X
Computer Science	K-12	X	X	
Dance	K-12	X	X

University-Wide Instructional Programs

University-Wide Instructional Programs

Many academic programs at Colorado State University have an all-university focus and are not found in one particular college. This catalog section summarizes:

University Interdisciplinary Studies Programs

Associate of General Studies

Division of Armed Forces Services

Environmental Studies Programs

Mentored Research and Artistry Program

University Honors Program

University Interdisciplinary Studies Programs

An interdisciplinary studies program is a series of courses focused upon a particular problem or area of concern. These courses provide insight from a variety of disciplinary perspectives. The program includes a core of required courses, with some selectivity, and also a wide choice of supporting courses.

Completion of the requirements for an interdisciplinary studies program does not lead to a degree. Credits earned in interdisciplinary studies programs can be used in meeting the requirements for a degree. Courses are noted on the student's academic record (transcript). Completion of the interdisciplinary studies program is noted on the student's academic record (transcript) but not on the diploma.

Undergraduate

Interdisciplinary Minors are composed of a sequence of related courses, which provide a student with unique opportunities to complement the major and are only offered at the undergraduate level. A minimum of 21 credits is required for an interdisciplinary minor. A minimum of 12 of the 21 credits must be course work at the upper-division level (300-400).

Interdisciplinary Minors

- American Sign Language Interdisciplinary Minor
- Arabic Studies Interdisciplinary Minor
- Biomedical Engineering Interdisciplinary Minor
- Conservation Biology Interdisciplinary Minor
- Environmental Studies in the Liberal Arts Interdisciplinary Minor
- Film Studies Interdisciplinary Minor
- Food Industry Management Interdisciplinary Minor
- Food Science/Safety Interdisciplinary Minor
- Gerontology Interdisciplinary Minor
- Global Environmental Sustainability Interdisciplinary Minor
- Global Studies Interdisciplinary Minor
- Information Science and Technology Interdisciplinary Minor
- Integrated Resource Management Interdisciplinary Minor
- International Development Interdisciplinary Minor
- Italian Studies Interdisciplinary Minor
- Latin American and Caribbean Studies Interdisciplinary Minor (*No new students are being admitted to this minor*)
- Leadership Studies Interdisciplinary Minor
- Legal Studies Interdisciplinary Minor
- Linguistics and Culture Interdisciplinary Minor
- Molecular Biology Interdisciplinary Minor
- Music, Stage, and Sports Production Interdisciplinary Minor
- Political Communication Interdisciplinary Minor
- Religious Studies Interdisciplinary Minor
- Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor
- Russian Studies Interdisciplinary Minor
- Sport Management Interdisciplinary Minor
- Sustainable Energy Interdisciplinary Minor
- Sustainable Water Interdisciplinary Minor
- Women's Study Interdisciplinary Minor

Graduate

A **Graduate Certificate** is used to identify the successful completion of a focused area of study deemed important to a student's career objectives. A Graduate Certificate consists of a minimum of 9 specified credits, and not more than 15 credits at the 500 level or above.

CSU offers interdisciplinary **degree programs** at the graduate level (listed below). Interdisciplinary degree programs include a series of courses

from a variety of academic disciplines. The result of completing an interdisciplinary degree program is a graduate degree. See individual programs below for more details.

Graduate Interdisciplinary Studies Programs (GISPs) are composed of a series of courses focused on a particular problem or area of concern providing multi-disciplinary perspectives. No minimum number of credits is specified at the graduate level. Completion of the requirements for an interdisciplinary studies program does not lead to a degree. Credits earned in interdisciplinary studies programs can be used in meeting the requirements for a degree. Courses are noted on the student's academic record (transcript). Completion of the interdisciplinary studies program is noted on the student's academic record (transcript) but not on the diploma.

Certificates

- Graduate Certificate in Applied Global Stability: Agriculture
- Graduate Certificate in Applied Global Stability: Natural Resources
- Graduate Certificate in Applied Global Stability: Water Resources
- Graduate Certificate in Microbiome Science and Engineering
- Graduate Certificate in One Health

Degrees

Master's Programs

- Master of Addiction Counseling in Psychology and Social Work
- Master in Arts Leadership and Cultural Management, Plan C
- Master of Public Health
- Master of Science in Bioengineering
- Master of Science in Cell and Molecular Biology, Plan A and Plan B
- Master of Science in Ecology, Plan A and Plan B

Ph.D. Programs

- Ph.D. in Bioengineering
- Ph.D. in Cell and Molecular Biology
- Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization
- Ph.D. in Ecology
- Ph.D. in Ecology, Human-Environment Interactions Specialization

Graduate Interdisciplinary Studies Programs

- Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies Program
- Food Science/Safety Graduate Interdisciplinary Studies Program
- International Development Graduate Interdisciplinary Studies Program
- Mathematics Graduate Interdisciplinary Studies Program
- Molecular, Cellular and Integrative Neurosciences Graduate Interdisciplinary Studies Program
- Political Economy Graduate Interdisciplinary Studies Program (*No new students are being admitted into this program*)
- Resilience of Social Ecological Systems Graduate Interdisciplinary Studies Program
- Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program

Arabic Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104
languages.colostate.edu/minors (<https://languages.colostate.edu/minors/>)

Coordinated by the Department of Languages, Literatures and Cultures.

The Arabic Studies Interdisciplinary Minor is designed to give students a comprehensive knowledge of different aspects of Arabic language, culture, history, and artistic expressions, according to the students' interests. The program requires a minimum of 21 credits. Credits from study abroad programs will be properly evaluated as part of the overall program.

Learning Objectives

Students will:

1. Gain a deeper understanding of the literatures and cultures of the many Arabic-speaking countries.
2. Develop an awareness of the diversity of the Arab world.
3. Develop intercultural skills.
4. Develop critical thinking strategies.
5. Question stereotypes about other cultures, as well as those about American culture.
6. Utilize a variety of research tools (library, Internet, etc.).

Requirements Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A grade of C or better is required in each course that will count toward the interdisciplinary minor.

Code	Title	Credits
Lower Division Language ¹		8-18
LARA 100	First-Year Arabic I	
LARA 101	First-Year Arabic II	
LARA 200	Second-Year Arabic I (GT-AH4)	
LARA 201	Second-Year Arabic II (GT-AH4)	
Lower Division Electives ¹		0-9
HIST 115	The Islamic World: Late Antiquity to 1500	
PHIL 172	Religions of the East (GT-AH3)	
LARA 250	Introduction to Arabic Cultures (GT-AH2)	
Upper-division Electives		
Select at least 12 credits from at least two subject codes:		12
HIST 303	Hellenistic World: Alexander to Cleopatra	
HIST 308	Ancient Christianity to 500 A.D.	
HIST 421	Africa: Colonialism to Independence	
HIST 422	Modern Africa	
HIST 431	Ancient Israel	

HIST 432	Sacred History in the Bible and the Qur'an
HIST 433	Muhammad and the Origins of Islam
HIST 435	Jihad in Islamic History
HIST 438	The Modern Middle East
HIST 469	The Crusades
LARA 300	Third Year Arabic
LARA 301	Oral Communication - Arabic
POLS 449	Middle East Politics
PHIL 335	Islam: Cosmology and Practice
PHIL 379	Mysticism East and West
PHIL 455	Islamic Philosophy

Program Total Credits: 21

¹ LARA 200 and LARA 201 are required. Students placed out of or directly into LARA 201 need to replace 5-9 lower division credits from the list of lower-division electives. A maximum of 9 lower-division credits may be counted for the minor.

Biomedical Engineering Interdisciplinary Minor

Scott Bioengineering Building, Suite 225

(970) 491-7157

engr.colostate.edu/sbme/undergraduate-programs/bme-minor/ (<https://www.engr.colostate.edu/sbme/undergraduate-programs/bme-minor/>)

The Biomedical Engineering Interdisciplinary Minor offers students an interdisciplinary approach to biomedical engineering education and research. This unique program combines courses in biomedical engineering and life sciences to improve human and animal health and well-being. This 21-credit minimum minor is open to all majors, thus complementing students' major area of study, and BME minor courses may count as electives in a student's major. The program provides a solid foundation in biomedical engineering and strengthens skills in engineering and life sciences.

Learning Objectives

Students successfully completing this interdisciplinary minor will be able to:

1. Describe the scope of biomedical engineering and be able to work on and present examples of specific biomedical engineering applications.
2. Discuss primary mammalian physiological systems and relate them to engineering concepts.
3. Identify basic principles and fundamentals in biomedical engineering.
4. Apply broad knowledge, practical experiences, and creativity to solving problems at the interface of engineering and the life sciences.
5. Apply mathematics, science, and engineering to solve technical problems that impact human or animal health.
6. Discuss contemporary issues in biomedical engineering.

Requirements Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Courses may only be used to fulfill requirements in one core or elective area; courses may not be double-counted in multiple sections.

Code	Title	Credits

BIOM 431/ECE 431	Biomedical Signal and Image Processing	3
BIOM 441	Biomechanics and Biomaterials	3
BIOM 476	Biomedical Engineering Clinical Practicum	1-3
BIOM 495	Independent Study	1-6
BIOM 525/MECH 525	Cell and Tissue Engineering	3
BIOM 533/CIVE 533	Biomolecular Tools for Engineers	3
BIOM 572/MECH 572	Regenerative Bioengineering with Stem Cells	3
BIOM 573/MECH 573	Structure and Function of Biomaterials	3
BIOM 574/MECH 574	Bio-Inspired Surfaces	3
BMS 300	Principles of Human Physiology	4

BMS 301	Human Gross Anatomy	5
BMS 325	Cellular Neurobiology	3
BMS 345	Functional Neuroanatomy	4
BMS 360	Fundamentals of Physiology	4
BMS 405	Nerve and Muscle-Toxins, Trauma and Disease	3
BMS 420	Cardiopulmonary Physiology	3
BMS 430	Endocrinology	3
BZ 310	Cell Biology	4
CHEM 113	General Chemistry II	3
CHEM 245	Fundamentals of Organic Chemistry	4
CHEM 341	Modern Organic Chemistry I	3 or 4
or CHEM 345	Organic Chemistry I	
CHEM 344	Modern Organic Chemistry Laboratory	2
HES 207	Anatomical Kinesiology	4
HES 307	Biomechanical Principles of Human Movement	3
HES 403	Physiology of Exercise	3
HES 420	Electrocardiography and Exercise Management	3
HES 476	Exercise and Chronic Disease	3
LIFE 102	Attributes of Living Systems (GT-SC1)	4
LIFE 103	Biology of Organisms-Animals and Plants (GT-SC1)	4
LIFE 210	Introductory Eukaryotic Cell Biology	3
MIP 300	General Microbiology	3
OT 215	Medical Terminology	1
PSY 456	Sensation and Perception	3
PSY 457	Sensation and Perception Laboratory	2

A maximum of one course (3 credits) may be selected from the following non-technical courses:

BUS 205	Legal and Ethical Issues in Business
MGT 420	New Venture Creation
MGT 440	New Venture Management
PHIL 205	Introduction to Ethics

Conservation Biology Interdisciplinary Minor

Office in Wagar Building, Room 109D

(970) 491-1458

<https://warnercnr.colostate.edu/minors/>

To get more information about this minor or to officially declare it, please visit the Warner College of Natural Resources Undergraduate Student Advising website (<https://warnercnr.colostate.edu/advising/>) to make an appointment with an advisor.

Conservation Biology is a scientific discipline and management context that deals with the diversity of life in ecosystems. Humans have tremendous effects on other species and ecosystems on Earth, and Conservation Biology considers these effects, and how our impacts can be altered to sustain diverse and healthy ecosystems.

Conservation Biology encompasses a wide range of biological sciences such as genetics, evolution, and physiology, as well as a wide range of

ecological sciences such as biodiversity, competition, predator/prey relations, and long-term dynamics.

This university-wide undergraduate minor addresses contemporary environmental issues that deal with biological diversity and prepares students to play an active role in the maintenance of biological diversity.

The interdisciplinary minor in Conservation Biology in the Warner College of Natural Resources at CSU is a minor that can be included with a wide range of majors to form a strong bachelor's degree program.

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Core Curriculum		
LIFE 320	Ecology	3

RS 300	Rangeland Conservation and Stewardship	
RS 351	Wildland Ecosystems in a Changing World	
Program Total Credits:		21

¹ Select one of the courses listed or any other genetics or evolution course.

² Select enough credits to bring program total to a minimum of 21 credits, of which 12 must be upper-division.

Environmental Studies in the Liberal Arts Interdisciplinary Minor

The Environmental Studies in the Liberal Arts Interdisciplinary Minor is designed for students with a particular interest in environmental topics, focusing on a core of social sciences and humanities courses. Courses address domestic and international issues of concern with both current and historical perspectives, and provide students with a well-rounded program of study. The program is open to all students and designed to complement students' primary majors. This program provides undergraduate students with an opportunity to broaden their education through the wide range of environmental topics available at CSU as they prepare themselves for environmental careers or graduate study.

Program details are available from the Department of Political Science (<https://polisci.colostate.edu/undergraduate-programs/>) in the College of Liberal Arts. For more information on declaring this interdisciplinary minor, please visit Clark Building, Room C346 or contact Lauren Tighe at lauren.tighe@colostate.edu.

Learning Objectives

Upon successful completion, students will be able to:

1. Explain the way that human institutions, norms, and values interact with environmental problems.
2. Communicate scientific understandings of environmental problems using a variety of conceptual frameworks.
3. Describe ways that culture affects people's understanding of and response to environmental problems.
4. Describe the historical roots of the institutions and policies that are used to address contemporary environmental problems.
5. Evaluate and produce creative works that express different understandings of the natural environment.

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students must earn a minimum grade of C (2.000) in all courses taken for the interdisciplinary minor.

The same course cannot be used to fulfill more than one requirement. No more than three courses from a single subject code can be used to fulfill the minor. No more than three courses from the combination of AREC and ECON can be used to fulfill the minor.

Code	Title	Credits
Select 9 credits from the following:		9
E 339	Literature of the Earth	
ECON 240/ AREC 240	Issues in Environmental Economics (GT-SS1)	
GR 100	Introduction to Geography (GT-SS2)	
PHIL 345	Environmental Ethics	

SOC 220	Environment, Food, and Social Justice (GT-SS3)
Select a minimum of 12 credits from the following (at least six credits must be from the same category)	
Category 1: Social Systems and Institutions	
ANTH 330	Human Ecology
ANTH 453	Impacts on Ancient Environments
AREC 341	Environmental Economics
AREC 440	Advanced Environmental and Resource Economics
ECON 240/ AREC 240	Issues in Environmental Economics (GT-SS1)
ECON 340/ AREC 340	Introduction-Economics of Natural Resources
ETST 441	Indigenous Knowledges

Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies Program

Coordinated by a Faculty Advisory Board and the Department of Electrical and Computer Engineering (<https://www.engr.colostate.edu/ece/>) in the Walter Scott, Jr. College of Engineering (<https://www.engr.colostate.edu/>).

The Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies program is designed to serve individuals who are seeking to gain knowledge and experience in the generation and applications of coherent extreme ultraviolet or soft x-ray light. This type of light holds great potential in applications in nanotechnology, nanoelectronics, photochemistry, material science, and biology. While, in the past, the use of coherent EUV light required a trip to a national facility, new developments in compact sources make it widely available. The objective of the program is to provide scientists or engineers many of the

fundamentals required to generate or proficiently make use of this portion of the electromagnetic spectrum.

This interdisciplinary studies program is inherently interdisciplinary, including lasers, optical, plasma, material, chemical and biological sciences, and engineering. With its NSF Center for Extreme Ultraviolet Science and Technology (<https://euverc.colostate.edu/>), a partnership among four core institutions, CSU has unique expertise in this area.

The program is open to graduate students and professionals who hold a B.S. degree in engineering, physics, chemistry, biology, mathematics, or other scientific discipline.

The program requires a total of fifteen credits comprising six core credits and nine electives. The six core credits are two very fundamental courses any graduate student with a background in hard sciences and engineering could master. This, coupled with the fact that graduate students in any discipline are not held to undergraduate prerequisite courses, make this interdisciplinary studies program widely accessible. Elective credits are tailored to the candidate's interests from the major the student pursues. Within these, a course in another discipline outside the major of the candidate must be included.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements Effective Fall 2008

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Core Courses		
ECE 504	Physical Optics	3
ECE 650	Extreme Ultraviolet and Soft X-Ray Radiation	3

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website

13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Film Studies Interdisciplinary Minor

Film Studies is an interdisciplinary academic discipline that deals with historical, theoretical, and critical approaches to analyzing film. It is concerned with exploring the narrative, artistic, cultural, economic, and political implications of cinema. The United States' film industry is second worldwide only to India and continues to grow, as does the study of film. A minor in Film Studies will enable students to develop media fluency in film including the ability to analyze, contextualize, and use the medium within the broad context of humanistic studies. This minor will provide students with a solid background in critical thinking and writing, and skills that will serve students well in any career.

If you are interested in declaring your minor or if you have minor advising questions, please contact Usama Alshaibi (usama.alshaibi@colostate.edu).

Additional program details are available from the Communications Studies Department (<https://communicationstudies.colostate.edu/undergraduate-program/#minors>).

Learning Objectives

Students will:

1. Analyze film textuality as a distinct, but intermedial art form.
2. Research and describe the political, economic, industrial, and cultural contexts in which films are created, circulated, and gain meaning.
3. Describe, compare, and apply different methodologies of film analysis.
4. Develop and write critical, evidence-based, well-organized and persuasive film analyses.

Requirements

Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Course		
SPCM 350	Evaluating Contemporary Film	3
Selected Courses		
Select a minimum of 18 credits, of which at least 15 must be upper-division (300- to 400-level), from the following list:		18
E 340	Literature and Film Studies	

E 350	The Gothic in Literature and Film
ETST 320	Ethnicity and Film--Asian-American Experience
ETST 354	Black Cinema and Media
ETST 425	Indigenous Film and Video
ETST 454/ SPCM 454	Chicanx Film and Video
HIST 370	United States History Through Film
JTC 456/LB 456	Documentary Film as a Liberal Art
LCHI 365	Introduction to Chinese Cinema Studies ¹
LFRE 365	Introduction to French Cinema Studies ¹
LGEN 465A	Studies in Foreign Film: The Americas
or LGEN 465B	Studies in Foreign Film: Asia
or LGEN 465C	Studies in Foreign Film: Europe
or LGEN 465D	Studies in Foreign Film: Africa
or LGEN 465E	Studies in Foreign Film: Global
LGER 251	The Holocaust in Literature and Film
LGER 365	Introduction to German Cinema Studies ¹
LITA 365	Studies in Foreign Film-Italian ¹
LJPN 365	Introduction to Japanese Cinema Studies ¹
LRUS 365	Introduction to Russian Cinema Studies ¹
LSPA 365	Introduction to Spanish Cinema ¹
LSPA 465A	Studies in Foreign Film: Spain ¹
LSPA 465B	Studies in Foreign Film: Latin America ¹
SPCM 352	Screenwriting as Communication
SPCM 354A	Film History: International
SPCM 354B	Film History: United States
SPCM 356	Asians in the U.S. Media
SPCM 357	Film and Social Change
SPCM 358A	Gender and Genre in Film: Comedy
SPCM 358B	Gender and Genre in Film: Horror
SPCM 358C	Gender and Genre in Film: Other Genres
SPCM 360	The Personal Lens – Making Media
SPCM 370C/ HIST 370C	Study Abroad--South Korea: Cinema, Culture, and History
SPCM 455/LB 455	Narrative Fiction Film as a Liberal Art
SPCM 470A	Study Abroad: Cinematic Rome
SPCM 486B	Practicum: Film Festivals

Program Total Credits:

21

¹ Course is taught in the respective language.

Food Science/Safety Interdisciplinary Minor

Gifford Building, Room 200B
(970) 491-7180

www.chhs.colostate.edu/fshn (<https://www.chhs.colostate.edu/fshn/>)

Professor Marisa Bunning, Ph.D. Department of Food Science and Human Nutrition, Extension Specialist, Interdisciplinary Studies Program Chair

Coordinated by a Faculty Advisory Board

Are you interested in the safety and quality of food from “farm to fork”? The Food Science/Safety interdisciplinary studies programs (<https://www.chhs.colostate.edu/fshn/programs-and-degrees/food-science-safety-interdisciplinary-minor/>) provide students with the interdisciplinary background necessary for understanding the roles and responsibilities of growers, producers, processors, retailers, consumers, and others working within the food system to ensure that food is safe and healthful. These programs are a cooperative effort by faculty from several departments and colleges within CSU who share a common interest in food quality and safety, and integrated production and processing. Students enrolling in a program will receive their degree from their home department. Completion of requirements for the interdisciplinary minor will be noted on the transcript.

The programs are available at both the undergraduate and graduate levels. Program details are available from the Office of the Dean in the Colleges of Agricultural Sciences (<http://agsci.colostate.edu/>), Health and Human Sciences (<http://www.chhs.colostate.edu/>), or Veterinary Medicine and Biomedical Sciences (<http://csu-cvmb.colostate.edu/Pages/default.aspx>), or from one of the collaborating departments.

The interdisciplinary minor in Food Science/Safety is designed to complement the student's major. It consists of a core of required courses (6 credits), foundation courses in the sciences (6 credits), and a selection of advanced courses (12 credits minimum) taken from at least three of the six collaborating departments: Animal Sciences; Environmental and Radiological Health Sciences; Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences.

Learning Objectives

Students will:

1. Integrate biological and chemical processes into production and quality of foods, and analyze the relationships among food production, nutrition, and food safety.
2. Demonstrate discipline-specific knowledge of the skills and competencies needed in food science, safety, and technology, including food microbiology, sensory evaluation, food chemistry, quality assessment, packaging technologies, and food production.
3. Analyze the production, service, and consumption of foods and beverages, including financial aspects, functional skills, and efficient management of resources (with emphasis on safe service training).

Learn more about the Food Science/Safety Interdisciplinary Minor on the Department of Food Science and Human Nutrition website. (<https://www.chhs.colostate.edu/fshn/programs-and-degrees/food-science-safety-interdisciplinary-minor/>)

Requirements

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Effective Fall 2022

Code	Title	Credits
Required Courses		
Select one from the following:		3
FTEC 400	Food Safety ¹	

MIP 334	Food Microbiology ¹	
Select one from the following:		3
LIFE 205	Microbial Biology	
MIP 300	General Microbiology	
Foundation Courses		
Select a minimum of 6 credits from the following:		6
BC 351 or BC 401	Principles of Biochemistry Comprehensive Biochemistry I	
CHEM 245	Fundamentals of Organic Chemistry ²	
ERHS 320	Environmental Health–Water Quality	
FSHN 150	Survey of Human Nutrition	
FTEC 110	Food-From Farm to Table	
FTEC 447	Food Chemistry	
HORT 100	Horticultural Science	
LIFE 206 or MIP 302	Microbial Biology Laboratory General Microbiology Laboratory	
MIP 101	Introduction to Human Disease (GT-SC2)	
SOCR 100	General Crops	
SOCR 240	Introductory Soil Science	
Advanced Courses		
Select a minimum of 12 credits, which must include at least three subject codes from the collaborating departments (ANEQ, ERHS, FSHN/FTEC, HORT, MIP, SOCR), from the following:		12
ANEQ 300L	Topics in Animal Sciences: Quality Assurance	
ANEQ 360	Principles of Meat Science	
ANEQ 361	Introduction to Meat Product Evaluation	
ANEQ 460	Meat Safety	
ANEQ 470	Meat Processing Systems	
BTEC 306/ BIOM 306	Bioprocess Engineering	
ERHS 220	Environmental Health	
ERHS 332	Principles of Epidemiology	
ERHS 430	Human Disease and the Environment	
FSHN 300	Food Principles and Applications	
FSHN 350	Human Nutrition	
FSHN 496E	Group Study in Dietetics and Nutrition: Food Safety	
FTEC 350	Fermentation Microbiology	
FTEC 400	Food Safety ¹	
FTEC 430	Sensory Evaluation of Fermented Products	
FTEC 460	Brewing Science II	
HORT 401	Medicinal and Value-Added Uses of Plants	
HORT 424/ SOCR 424	Topics in Organic Agriculture	
HORT 451	Vegetable Crop Management	
HORT 453	Principles of Fruit Crop Management	
HORT 454	Horticulture Crop Production and Management	
MIP 302	General Microbiology Laboratory ³	
MIP 315	Pathology of Human and Animal Disease	
MIP 334	Food Microbiology ¹	
MIP 335	Food Microbiology Laboratory	

SOCR 330	Principles of Genetics
SOCR 460/ HORT 460	Plant Breeding and Biotechnology
Independent Study/Group Study/Internship ⁴	
500-level courses that may be selected as Advanced Courses by high-achieving undergraduates: ⁵	
ANEQ 522	Animal Metabolism
ANEQ 565	Interpreting Animal Science Research
ANEQ 567	HACCP Meat Safety
FTEC 570	Food Product Development
FTEC 572	Food Biotechnology
FTEC 574	Current Issues in Food Safety
FTEC 576	Cereal Science
FTEC 578/ HORT 578	Phytochemicals and Probiotics for Health
MIP 540	Biosafety in Research Laboratories
VS 570/AGRI 570	Issues in Animal Agriculture

Program Total Credits: 24

¹ If both FTEC 400 and MIP 334 are taken, credit for one class may be used for Advanced Courses credit.

² Or higher level organic chemistry course.

³ Cannot double count as a Foundation course.

⁴ Maximum of three upper-division (300- or 400-level) credits allowed for Independent Study/Group Study/Internship (must be food related).

⁵ Select from subject codes ANEQ, ERHS, FSHN, FTEC, HORT, MIP, SOCR.

⁵ With approval of advisor.

Food Science/Safety Interdisciplinary Studies Program

Food Science/Safety Graduate Interdisciplinary Studies Program (<https://www.chhs.colostate.edu/fshn/programs-and-degrees/food-science-safety-interdisciplinary-minor/>)

Gifford Building, Room 200B
(970) 491-7180

Professor Marisa Bunning, Ph.D. Department of Food Science and Human Nutrition, Extension Specialist, Interdisciplinary Studies Program Chair

Coordinated by a Faculty Advisory Board

Are you interested in the safety and quality of food from “farm to fork”? The Food Science/Safety Interdisciplinary Studies Program provide students with the interdisciplinary background necessary for understanding the roles and responsibilities of growers, producers, processors, retailers, consumers, and others working within the food system to ensure food is safe and healthful. These programs are a cooperative effort by faculty from several departments and colleges within CSU who share a common interest in food quality and safety and integrated production and processing. Students enrolling in a program will receive their degree from their home department. Completion of requirements for the interdisciplinary studies program will be noted on the transcript.

The programs are available at both the undergraduate and graduate levels. Program details are available from the Office of the Dean in the Colleges of Agricultural Sciences, Health and Human Sciences,

or Veterinary Medicine and Biomedical Sciences, or from one of the collaborating departments.

The interdisciplinary minor in Food Science/Safety is designed to complement the student's major. It consists of a core of required courses (6 credits), foundation courses in the sciences (6 credits), and a selection of advanced courses (12 credits minimum) taken from at least three of the six collaborating departments: Animal Sciences; Environmental and Radiological Health Sciences; Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences.

The international reputation of the faculty members and their ability to attract strong extramural support for research in the areas of food science and food safety resulted in the creation of the Food Science/Safety Graduate Interdisciplinary Studies Program. Focusing on interdisciplinary research and education, this program is a cooperative effort by faculty in seven departments: Animal Sciences; Clinical Sciences; Environmental and Radiological Health Sciences, Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences. Faculty research interests include food microbiology, food safety education, food processing, and integrated production/processing. Students interested in the safety and processing of foods and commodities are encouraged to apply.

Students wishing to pursue the Food Science/Safety Graduate Interdisciplinary Studies Program must declare their intent with the chair of the Faculty Advisory Board. The program is customized to fit the student's interests and long-term objectives. Students are strongly encouraged to interact with faculty from more than one department. Basic training in food science comes from an integrated curriculum featuring core courses in food science, microbiology, nutrition, and commodity production. Opportunities exist for students to rotate through various laboratories.

Students receive a degree from their home department and an endorsement on their transcript indicating successful completion of the program requirements.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements

Additional coursework may be required due to prerequisites.

Effective Summer 2020

Code	Title	Credits

MIP 335	Food Microbiology Laboratory
MIP 443	Microbial Physiology
MIP 450	Microbial Genetics
MIP 540	Biosafety in Research Laboratories
MIP 550	Microbial and Molecular Genetics Laboratory
MIP 533/VS 533	Epidemiology of Infectious Diseases/ Zoonoses
MIP 624	Advanced Topics in Microbial Ecology
SOCR 755	Advanced Soil Microbiology
VM 648/VS 648	Food Animal Production and Food Safety

Program Total Credits: 19-20

A minimum of 19 credits are required to complete this program.

¹ Six or more credits, approved by Faculty Advisory Board for the Graduate Interdisciplinary Studies Program in Food Science/Safety.

² Students may select from additional courses with approval by the Faculty Advisory Board.

Gerontology Interdisciplinary Minor

Office in Behavioral Sciences Building, Room A116
(970) 491-4947

Department of Human Development and Family Studies

The Gerontology Interdisciplinary Minor is a cooperative effort among faculty from different departments and colleges of CSU who share a common interest in gerontology, the study of human aging. The primary purpose of the interdisciplinary minor is to provide students with background academic knowledge and practicum/ internship experience to work effectively with and for older adults in a variety of settings, and to enter professions in which there is a need to combine insight and skills derived from their major with knowledge about older individuals and the aging process.

Please visit the Department of Human Development and Family Studies website (<https://www.chhs.colostate.edu/hdfs/programs-and-degrees/gerontology-interdisciplinary-minor/>) to learn more about and/or declare the minor, or contact Dr. Christine Fruhauf, Gerontology Interdisciplinary Minor Coordinator, at christine.fruhauf@colostate.edu or 970-491-1118.

Requirements Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A maximum of 6 credits may double-count with the Minor in Human Development and Family Studies, the Certificate in Youth Mentoring, and the Certificate in Disability and Neurodiversity.

A grade of C (2.000) or better is required in each course that is a core requirement for the interdisciplinary minor.

Code	Title	Credits
Core Requirements		16-18
FSHN 444 or FSHN 459	Nutrition and Aging Nutrition in the Life Cycle	1-3
HDFS 201	Perspectives in Gerontology	3
HDFS 312	Adult Development-Middle Age and Aging	3
HES 434	Physical Activity Throughout the Lifespan	3
SOWK 371E	Fields of Practice: Social Gerontology	3
Select a minimum of 3 credits internship/field placement directly related to aging from the following:		3
AHS 487B	Human Services Internship: Gerontology	
HDFS 488A	Internship: Human Development and Family Studies	
HDFS 488C	Internship: Pre-Health

Global Environmental Sustainability Interdisciplinary Minor

The School of Global Environmental Sustainability (<https://sustainability.colostate.edu/>) (SoGES) seeks to prepare students to meet today's pressing environmental challenges. Using an interdisciplinary approach within a framework of sustainability, students will be led in innovative research leading to the knowledge and understanding needed to approach and solve problems of the human-environment interaction. SoGES' vision encompasses laying the foundation and defining the principles and practices that will ensure long-term environmental sustainability, while continuing to meet the needs of people around the earth.

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
GES 101	Foundations of Environmental Sustainability	3
GES 470	Applications of Environmental Sustainability	3

Selected Courses

Select one course from each Group A, B, and C. At least 3 credits of these courses must be upper-division (300- to 400-level). Courses may not fulfill two categories.

Group A: Society and Social Processes		3
AGRI 116/IE 116	Plants and Civilizations (GT-SS3)	
ANTH 200	Cultures and the Global System (GT-SS3)	
ANTH 330	Human Ecology	
ANTH 415	Indigenous Ecologies and the Modern World	
ANTH 417	Indigenous Environmental Stewardship	
ANTH 453	Impacts on Ancient Environments	
ETST 256	Border Crossings—People/Politics/Culture (GT-SS3)	
ETST 365	Global Environmental Justice Movements	

GR 100	Introduction to Geography (GT-SS2)
GR 320	Cultural Geography
HIST 355	American Environmental History
HIST 470	World Environmental History, 1500-Present
HORT 424/ SOCR 424	Topics in Organic Agriculture
NR 320	Natural Resources History and Policy
NR 425	Natural Resource Policy and Sustainability
PHIL 320	Ethics of Sustainability
PHIL 345	Environmental Ethics
POLS 361	U.S. Environmental Politics and Policy
POLS 362	Global Environmental Politics
POLS 364	Air, Climate, and Energy Policy Analysis
POLS 442	Environmental Politics in Developing World
POLS 462	Globalization, Sustainability, and Justice
PSY 316	Environmental Psychology
SOC 220	Environment, Food, and Social Justice (GT-SS3)
SOC 320	Population-Natural Resources and Environment
SOC 322	Environmental Justice
SOC 364	Food, Agriculture and Global Society

Upper-Division Elective		
Select 3 upper-division credits from Groups A-D with a subject code not previously taken or any upper-division GES course		3
Program Total Credits:		21

Global Studies Interdisciplinary Minor

(970) 491-6296

inst.colostate.edu (<https://inst.colostate.edu/>)

Jonathan Carlyon, Interim Director

The Global Studies Interdisciplinary Minor is designed to promote awareness, understanding, and appreciation for peoples and cultures around the world. It includes a choice of courses in various disciplines that emphasize international and global history, politics, languages and cultures, economics, and environmental issues. Three required interdisciplinary core courses integrate and expand on these themes. This program provides critical cultural context for students pursuing any major, and it is available to both resident and distance learners. Students enrolled in the International Studies major are not eligible for this minor.

Learning Objectives

Students will:

1. Think critically about cross-cultural, international, and global issues.
2. Apply an interdisciplinary approach to knowledge.
3. Effectively analyze and communicate themes in International Studies and related fields.
4. Demonstrate cross-cultural interaction and engagement.

Requirements Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
INST 200	Interdisciplinary Approaches to Globalization	3
INST 301	International Studies Research Methods	3
Select one course from the following:		3
ANTH 200	Cultures and the Global System (GT-SS3)	
GR 100	Introduction to Geography (GT-SS2)	
Select a minimum of 12 credits from the three categories listed below, including at least one course from each category. At least 9 credits must be upper-division (300-to 400-level):		12
Program Total Credits:		21

Master of Addiction Counseling in Psychology and Social Work

The Master of Addiction Counseling in Psychology and Social Work program (MACP/MSW) is uniquely positioned to address the workforce gap that exists to treat co-occurring substance use and mental health needs. This joint degree program combines the Master in Addiction Counseling in Psychology (MACP) and the Master of Social Work (MSW), which are offered respectively by the Department of Psychology and the School of Social Work. Each degree accepts credits earned in the other degree. Upon completion of the program, graduates will have completed the educational requirements toward licensure as a Licensed Addiction Counselor (LAC) and a Licensed Clinical Social Worker (LCSW). Post-degree supervision and practice requirements vary by state, and prospective students are encouraged to review licensure requirements where they intend to practice.

The Advanced Standing Program is available to those who have earned a BSW from a program accredited by the Council on Social Work Education and have earned that degree within the past seven years. The BSW

degree must be granted prior to the beginning of advanced standing classes.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

This Joint Masters Program in Addiction Counseling in Psychology and Social Work will prepare students to work as Licensed Addiction Counselors (LAC) and Licensed Clinical Social Workers (LCSW). With this joint degree, graduates will be able to treat individuals struggling with co-occurring substance use and mental health disorders, provide training for future graduates, and serve as leaders in the field advocating for their constituents. This will be accomplished through the following program-level learning objectives. Successful graduates of the program will be able to:

1. Serve as skilled practitioners who engage in ethical, autonomous, and multi-disciplinary practice across system levels utilizing a Person-in-Environment perspective.
2. Provide scientifically supported treatment for co-occurring substance use and mental health disorders in individual, family, and group therapy modalities.
3. Provide evidence-based supervision and training for addiction counseling and social work students as they complete their training.
4. Serve as leaders who advance social, economic, and environmental justice, promote human rights, and engage in social action to eliminate oppressive conditions for all people.
5. Serve as leaders that value and appreciate human relationships and diversity in its multiple forms and who model and advocate for inclusive practices and cultural humility.
6. Practice life-long learning, engage in scientific inquiry, and utilize critical thinking to inform practice at all system levels.
7. Critically apply relevant theories and values to engage, assess, intervene and evaluate practice within changing contexts at all systems levels.

Requirements Effective Fall 2023

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website

12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Information Science and Technology Interdisciplinary Minor

The Information Science and Technology Center (<http://istec.colostate.edu/>)

Dakota Cotner, Coordinator

This Interdisciplinary Minor is sponsored by five departments in different colleges across CSU: Computer Information Systems, Computer Science, Electrical and Computer Engineering, Journalism and Media Communication, and English. The minor is designed for students seeking a broad foundation in information technology, but not seeking to major in a specific information technology-related field. The minor requires 21 credits and is open to students majoring in any field other than Computer Information Systems, and Electrical and Computer Engineering.

Requirements Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
JTC 413	New Media Trends and Society	3
Elective Courses		
Select from the following courses: ^{1,2}		18
CIS 240	Application Design and Development	
CIS 340	Advanced Application Design and Development	
CIS 350	Operating Systems and Networks	
CIS 355	Business Database Systems	
CIS 360	Systems Analysis and Design	
CIS 410	Web Application Development	
CIS 411	Enterprise Resource Planning Systems	
CIS 413	Advanced Networking and Security	
CO 402	Principles of Digital Rhetoric and Design	
CS 150A	Culture and Coding: Java (GT-AH3)	

CS 150B	Culture and Coding: Python (GT-AH3)
CS 163 or CS 164	CS1—No Prior Programming Experience CS1—Computational Thinking with Java
CS 165	CS2—Data Structures
CS 312	Modern Web Applications
JTC 300 or JTC 301	Strategic Writing and Communication (GT-CO3) Corporate and Professional Communication (GT-CO3)
JTC 335	Photography
JTC 372	Web Design and Development
JTC 417	Data Visualization Design
JTC 427	Motion Graphics Design
JTC 472	Advanced Web Design and Development

Program Total Credits:

21

¹ Nine credits must be from upper-division courses.

² Minimum of 6 credits must be completed from at least two subject codes.

Integrated Resource Management Interdisciplinary Minor

Animal Sciences, Room 140

The Integrated Resource Management Interdisciplinary Minor offers students from all majors an opportunity for additional specialized course work for training in integrated resource management. The core curriculum consists of courses in the departments of Agricultural and Resource Economics, Animal Sciences, Rangeland Ecology, and Soil and Crop Sciences. The core curriculum is supplemented with several courses focused on integration of the information provided in the disciplinary courses and developing skills in systems analysis. This interdisciplinary program is aimed at providing training for students interested in careers involving the businesses associated with land and animal management.

Requirements Effective Spring 2012

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Code	Title	Credits
Lower Division		
LAND 220/LIFE 220	Fundamentals of Ecology (GT-SC2)	3
SOCR 240 or SOCR 320	Introductory Soil Science Sustainable Forage Management for Livestock	3-4
Upper-Division		
AGRI 383/NR 383	U.S. Travel-Integrated Resource Management	2
ANEQ 300E	Topics in Animal Sciences: Family Ranching	1
ANEQ 472 or ANEQ 478	Sheep Systems Beef Systems	3

AREC 305	Agricultural and Resource Enterprise Analysis	3
AREC 310	Agricultural Marketing	3
AREC 478	Agricultural Policy	3
RS 300	Rangeland Conservation and Stewardship	3
SOC 341	Sociology of Rural Life	3

Program Total Credits: 27-28

International Development Interdisciplinary Minor

Office in Laurel Hall
(970) 491-5917
international.colostate.edu/global-engagement/international-development-studies

Coordinated by the International Development Studies Board and the Office of International Programs

Learn how to think and act as an agent for positive social change.

The International Development Interdisciplinary Minor encourages students to think critically and act responsibly in an interconnected world. The 21-credit program specifically examines the methods and challenges of poverty alleviation and economic development. Coursework is flexible and individualized to meet students' educational needs. The minor emphasizes international and cross-cultural perspectives and offers coursework from multiple disciplines. Students work through diverse ideas of development, poverty, sustainability, and related topics. A required common course critically examines theories and processes of development. The program prepares students for a variety of employment opportunities related to international development, including volunteer work or employment in international and advocacy organizations, or business, policy, and research groups. The minor provides an international perspective that complements any CSU major.

Learning Objectives

Students will:

1. Identify, explain, and evaluate theories and applied processes of international development.
2. Demonstrate knowledge of the economic, political, and social dimensions of global poverty and inequality.
3. Analyze key developmental challenges and global concerns in written and oral presentations.
4. Apply key concepts in original research in international development.

Requirements Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

¹ No more than 6 credits may be taken in any subject code from among all the supporting courses, both Group A and Group B.

² Select from upper-division (300- to 400-level) language courses.

³ Accepted only when designated "Des Questions de développement a travers le cinema africain."

⁴ Select from any level language courses. A maximum of 6 credits are allowed for foreign language courses.

International Development Interdisciplinary Studies Program

Office in Laurel Hall
(970) 491-5917

<https://international.colostate.edu/global-engagement/international-development-studies/>

Coordinated by the International Development Studies Board and the Office of International Programs.

The International Development Graduate Interdisciplinary Studies Program focuses on the interconnected process of social, political, economic, cultural, and environmental change. Students learn theories, approaches, and practices of international development followed by multi-lateral, bi-lateral, and non-governmental organizations. Students take 12 credits, including a common course, to learn the history, theories, applications, and impacts of development. Electives challenge students to examine development practices from multiple disciplinary viewpoints and encourage critical thinking. The program prepares students for a variety of employment opportunities related to international development including volunteer work or employment in international and advocacy organizations or business, policy, and research groups. The program encourages critical thinking and responsible action in an interconnected world. The International Development Graduate Interdisciplinary Studies Program is open to graduate students from all colleges and departments.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements

Additional coursework may be required due to prerequisites.

¹ Accepted only when designated "Des Questions de développement a travers le cinema africain."

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee

11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Italian Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104
languages.colostate.edu/minors (<https://languages.colostate.edu/minors/>)

Coordinated by the Department of Languages, Literatures and Cultures

The Italian Studies Interdisciplinary Minor is designed to give students a comprehensive knowledge of different aspects of Italian language, culture, history, and artistic expressions, according to the students' interests. Credits from study abroad programs will be properly evaluated as part of the overall program.

Requirements Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A grade of C or better is required in each course that will count toward the interdisciplinary minor.

Code	Title	Credits
Core Language Courses ¹		
Students must complete LITA 200 and LITA 201 and at least an additional 3 credits, for a minimum total of 9 credits.		
LITA 200	Second-Year Italian I (GT-AH4)	3
LITA 201	Second-Year Italian II (GT-AH4)	3
Choose an additional three credits from the courses below:		3
LITA 101	First-Year Italian II	
LITA 296	Group Study-Italian ²	
Upper-Division Electives ³		
Students must select a minimum of four courses from at least three different subject codes for a minimum total of 12 credits from the following:		12
ART 412	History of Renaissance Art	
ART 417	Roman Art	
ART 420	Travel Abroad-Art History in Italy	

E 452	Masterpieces of European Literature
HIST 301	Roman Republic
HIST 302	Roman Empire
HIST 304	Women in Ancient Greece and Rome
HIST 308	Ancient Christianity to 500 A.D.
HIST 309	Medieval Christianity, 500-1500
HIST 310	Medieval Europe
HIST 312	Women in Medieval Europe
HIST 317	Renaissance and Reformation Europe
HIST 320	Women and Gender in Europe, 1450-1789
HIST 328	Modern Europe, 1815-1914
HIST 329	Europe in Crisis, 1914-1941
HIST 333	Contemporary Europe
HIST 334	European Culture in the 20th Century
HIST 339	World War II in Europe
LITA 365	Studies in Foreign Film-Italian
MU 334	Perspectives in Early Music History
MU 335	Music of the Common Practice Era

Program Total Credits:

21

- ¹ A total of nine credits in Italian language courses may be counted toward the core language requirement. Students must complete Italian language courses or test out through the level of LITA 201 for the interdisciplinary minor. Students testing out or placing at a level higher than LITA 201 should see the minor advisor and department chair to fulfill all 21 credits needed for the minor.
- ² Students may select this course with permission of advisor and department chair.
- ³ Students may petition to include up to 12 credits of upper-division (300- to 400-level) coursework from outside the courses listed here. To count towards the completion of the Interdisciplinary Minor in Italian Studies, 30 percent or more of the class content should focus on Italy. Students must submit a syllabus to the Department of Languages, Literatures and Cultures for each proposed class. If students have already completed the course, they must include a brief description of individual work completed in addition to the syllabus.

Latin American and Caribbean Studies Interdisciplinary Minor

No new students are being admitted to this minor. Interested students should visit the Minor in Latin American/Latinx Studies.

Effective Fall 2020

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Language Courses ¹

POLS 446	Latin American Politics	
POLS 447	Politics in Mexico, Central America, Caribbean	

Program Total Credits: 21-25

¹ At least two courses (6-10 credits) are required in Spanish or French. Because language proficiency is required for effective research or work in this region, students are STRONGLY URGED to complete language coursework through the 300-level or above. Language courses, including Portuguese, may be taken at CSU or transferred from an accredited institution. Independent study courses may not count toward the language requirement.

² Additional courses having a focus on Latin America or the Caribbean may be used to fulfill program requirements with approval of advisor.

Leadership Studies Interdisciplinary Minor

SLiCE Office/President's Leadership Program
(970) 491-1682
plp.colostate.edu (<http://plp.colostate.edu>)

Coordinated by the President's Leadership Program and Student Leadership, Involvement, and Community Engagement

The Leadership Studies Interdisciplinary Minor prepares students to serve more effectively in formal and informal leadership roles in campus, local, national, and global contexts. The program offers courses to prepare students to advance in diverse and innovative studies of leadership by building on existing theoretical, empirical, and experiential knowledge. The program provides a structure for students to explore pressing social issues and challenge them to become part of the solution as civically-minded leaders within their communities and professions. As a result, both experiences in, and commitments to, civic engagement, and multicultural competence are required. The interdisciplinary minor refines and expands studies done in the President's Leadership Program to create a shared understanding of leadership which then expands to academic disciplines through upper-division capstone coursework and integration with the student's discipline.

Requirements Effective Fall 2013

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

The Leadership Studies Interdisciplinary Minor requires admission to the President's Leadership Program.

Code	Title	Credits
Lower Division		
IU 170	A Call to Lead I: Theories and Skills	2
IU 171	A Call to Lead II: Social Change Model	2

Select a minimum of 4 credits from the following: ¹		4
IU 486	Practicum for Interdisciplinary Leadership	
IU 487	Internship for Interdisciplinary Leadership	
IU 498	Research for Interdisciplinary Leadership	
AUCC category 4C Requirement ²		3
Program Total Credits:		21

¹ Students may substitute courses from their major department that meets the course objectives (e.g., XXX 486, XXX 487, or XXX 498) with PLP advisor's approval. Students may take up to two consecutive semesters to complete the credits.

² Students must complete a minimum of 3 credits of AUCC category 4C in order to achieve the 21 credit requirement of the interdisciplinary minor. If the major does not have a 4C course that is 3 credits (either as a stand-alone 4C course or as a 4C course in combination with a 4A and/or 4B course), students should take a 4A or 4B course in their major with PLP advisor approval.

Legal Studies Interdisciplinary Minor

Interdisciplinary Liberal Arts

Clark Building, Room C - 124

(970) 491-5421

Email: cla_ilamajor@mail.colostate.edu

libartsmajor.colostate.edu (<https://libartsmajor.colostate.edu/>)

Kevin Foskin, Director

The Legal Studies Interdisciplinary Minor provides a broad-based academic foundation for students interested in legal or law-related fields. This minor is intended and ideally suited for students who plan to attend law school, as well as to those who are interested in a wide range of careers in which some grounding in legal studies is helpful, such as media, business, human resources, communications, government service, human rights, and others.

Students take 21 credits (12 of which must be upper division) in law related courses emphasizing key aspects of contemporary law and legal practice, such as politics, human rights, gender, race, economics, communication, the environment, and media. Equally, students accrue (and practice) essential skills important for the practice of law, such as persuasive argumentation, fact-based analytical reasoning, effective public speaking, thoughtful public deliberation, and efficient communication.

Learning Objectives

Upon successful completion, students will be able to:

1. Identify and demonstrate knowledge of the principles of our existing legal systems and processes within both the American and International contexts.
2. Identify the key philosophical, professional and ethical foundations of law and legal systems.

3. Identify and address legal/judicial concerns and issues within existing mainstream, minority, ethnic, environmental & cultural communities.
4. Identify and examine legal concerns/issues in key disciplines/fields (e.g., Economics, Political Science, Ethnic Studies, International Relations), both a) those unique to individual fields and b) those that overlap within larger interdisciplinary contexts and realities.
5. Draft basic legal and business-related correspondence and documents, including legal memoranda, pleadings and contracts.

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Linguistics and Culture Interdisciplinary Minor

English Department Office in 359 Willard O. Eddy Hall

english.colostate.edu/academics/undergraduate/minors/ (<https://english.colostate.edu/academics/undergraduate/minors/>)
Gerald.Delahunty@colostate.edu (Gerald.Delahunty@ColoState.EDU)
Sheila.Dargon@colostate.edu

The Linguistics and Culture Interdisciplinary Minor is designed for students with a particular interest in language and its cultural interfaces. Its core is a pair of linguistics and anthropological linguistics courses, which are supported by courses in specific languages, and supplemented by elective courses in English; Anthropology; Languages, Literatures, and Cultures; Philosophy; and Communication Studies. Courses address current and historical descriptive, theoretical, and pedagogical issues in linguistics, cultural anthropology, philosophy of language, non-verbal communication, and the relation between communication, language and thought, providing students with a well-rounded program of study. The program is open to all students and designed to be an addition to the student's major. CSU has linguistic and cultural expertise and this program provides undergraduate students with an opportunity to broaden their education as they prepare themselves for graduate study or careers requiring an analytic understanding of the nature of language and its relations with thought and culture.

Requirements

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Mathematics Graduate Interdisciplinary Studies Program

Office in Weber Building, Room 101
 m (<https://mathematics.colostate.edu/>)
 (https://mathematics.colostate.edu/)

Coordinated by the Department of Mathematics

The graduate-level interdisciplinary studies program in Mathematics at CSU is designed for students who seek to enrich their graduate degree by completing an additional program of study in mathematics. The program presumes a background in mathematics that includes sufficient prerequisite material to enter the courses in the program. To be admitted to the program, students must be pursuing a graduate degree in another discipline at CSU.

To be considered for admission to the program, contact the graduate coordinator in the department. Each individual program of study must be submitted to and approved by the Mathematics Graduate Committee.

Effective Fall 2005

Students must complete 12 or more credits of non-reserved number Mathematics courses with at least 9 credits at 500-level and above (excluding MATH 505). Up to 3 credits of 400-level Mathematics courses (excluding MATH 425, MATH 470) may be included. Each program of study must be arranged in consultation with the Mathematics Graduate Committee. A GPA of 3.000 or above in all mathematics courses is required to satisfy the program requirements.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Molecular Biology Interdisciplinary Minor

Molecular and Radiological Biosciences Building, Room 111
 (970) 491-5602
bmb.colostate.edu/undergraduate-students/ (<https://www.bmb.colostate.edu/undergraduate-students/>)

Coordinated by a Faculty Advisory Board

Erwin Chargaff referred to molecular biology as “the practice of biochemistry without a license” due to the fact that most early molecular biologists were trained as chemists or physicists. This also serves to emphasize that molecular biology is an interdisciplinary field, primarily the study of macromolecular structure and of the replication and expression of the information in our hereditary material (DNA). Jacques Monod defined molecular biology as “the recognition that the essential properties of living beings could be interpreted in terms of the structures of their macromolecules.”

Molecular biology is becoming increasingly recognized as a significant area of study, particularly for students interested in the rapidly emerging field of biotechnology. The course requirements for this program complement extant life science degree programs on campus. The Molecular Biology Interdisciplinary Minor—noted on the transcript—will provide recognition that the student has completed a body of course work that provides both breadth and depth in this area. This program provides students with a strong, well-balanced background in the biological, physical, and mathematical sciences. It is ideally suited for undergraduates who wish to pursue advanced degrees in biochemistry, microbiology, molecular biology, or related life sciences; for pre-professional students in health-related fields; and for students interested in employment in the biotechnology industry. The program includes study of macromolecular structure and function; cellular biochemistry; metabolism; gene expression, DNA structure, replication, and repair; cell organization, communication, growth, aging, and death. Courses in physics, organic chemistry, statistical measurements, and research methods are required. Independent study, internships, or advanced research-oriented laboratory classes are taken during the junior and senior years to provide opportunities for experiential learning and working closely with an interdisciplinary group of faculty.

Students interested in participating in this program should contact the Department of Biochemistry and Molecular Biology (<http://www.bmb.colostate.edu/>) (in the Molecular and Radiological Biosciences Building, Room 111, (970) 491-5602).

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Mathematics Core		
MATH 155	Calculus for Biological Scientists I (GT-MA1)	4
or MATH 160	Calculus for Physical Scientists I (GT-MA1)	
STAT 301	Introduction to Applied Statistical Methods	3
or STAT 307	Introduction to Biostatistics	
Physics Core		
Select one group from the following:		10
Group A:		
PH 121 & PH 122	General Physics I (GT-SC1) and General Physics II (GT-SC1)	
Group B:		
PH 141 & PH 142	Physics for Scientists and Engineers I (GT-SC1) and Physics for Scientists and Engineers II (GT-SC1)	
Chemistry Core		
CHEM 111	General Chemistry I (GT-SC2)	4
CHEM 112	General Chemistry Lab I (GT-SC1)	1
CHEM 113	General Chemistry II	3
CHEM 114	General Chemistry Lab II	1
CHEM 345	Organic Chemistry I	4
CHEM 346	Organic Chemistry II	4
Biology Core		
Select one group from the following:		4-5
Group A:		
BZ 310	Cell Biology	
Group B:		
LIFE 210 & LIFE 212	Introductory Eukaryotic Cell Biology and Introductory Cell Biology Laboratory	
LIFE 102	Attributes of Living Systems (GT-SC1)	4
Biochemistry Core		
BC 401	Comprehensive Biochemistry I	3
BC 403	Comprehensive Biochemistry II	3
BC 404	Comprehensive Biochemistry Laboratory	2
Microbiology Core		
MIP 300	General Microbiology	3
MIP 342	Immunology	4
Molecular Genetics Core		
BC 463	Molecular Genetics	3
or MIP 450	Microbial Genetics	
Select one group from the following:		4-6
Group A:		
BZ 350	Molecular and General Genetics	

Group B:		
LIFE 201B & LIFE 203	Introductory Genetics: Molecular/Immunological/Developmental (GT-SC2) and Introductory Genetics Laboratory	
Group C:		
SOCR 330 & SOCR 331	Principles of Genetics and Genetics Laboratory	
Seminar		
BC 493	Senior Seminar	1
Selected Courses		
Select one course from the following:		3-4
BC 465	Molecular Regulation of Cell Function	
BZ 433	Behavioral Genetics	
MIP 420	Medical and Molecular Virology	
MIP 443	Microbial Physiology	
Advanced Laboratory		
Select four credits from the following:		4
BC 475	Mentored Research	
BC 495	Independent Study	
BC 499A	Thesis: Laboratory Research-Based	
BC 499B	Thesis: Literature Based	
BC 499C	Thesis: Literature-based in Health and Med Sci	
BC 499D	Thesis: Literature-based in Pre-Pharmacy	
BZ 495	Independent Study	
MIP 302	General Microbiology Laboratory	
MIP 343	Immunology Laboratory	
MIP 425	Virology and Cell Culture Laboratory	
MIP 495	Independent Study	
Program Total Credits:		72-75

Molecular, Cellular and Integrative Neurosciences Graduate Interdisciplinary Studies Program

Molecular, Cellular and Integrative Neurosciences Special Academic Unit
970-491-0425

Susan Tsunoda, Ph.D., Director
Phillip Quirk, Ph.D., Associate Director for Undergraduate Affairs
Caitlin Cox, Academic Success Coordinator
Jane Thompson, Graduate Coordinator

The Molecular, Cellular and Integrative Neurosciences (MCIN) program is a 1-year graduate Ph.D. student admission and rotation program. During the year in the program, students take a set of core courses and complete three laboratory rotations. At the end of the program, they select a faculty mentor and transfer to a participating degree-granting department to complete their Ph.D. requirements. The degree-granting departments are Biochemistry and Molecular Biology; Biology; Biomedical Sciences; Chemical and Biological Engineering; Computer Science; Environmental and Radiological Health Sciences; Health and Exercise Science; Human Development and Family Studies; Microbiology, Immunology and Pathology; Occupational Therapy; and Psychology. The program has been named one of CSU's Programs of Research and Scholarly Excellence.

More information about the program and the MCIN faculty rotation may be found on the Molecular, Cellular and Integrative Neurosciences (MCIN) website (<http://mcin.colostate.edu/>).

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements Effective Fall 2021

Code	Title	Credits
NB 500/BMS 502	Readings in Cellular Neurobiology	1
Select one course from the following:		2-4
BMS 500	Mammalian Physiology I	
NB 501	Cellular and Molecular Neurophysiology	
NB 505/BMS 505	Neuronal Circuits, Systems and Behavior	3
NB 586	Practicum-Techniques in Neuroscience II	1
NB 793	Neuroscience Seminar ¹	2
NB 795	Independent Study	Var
STAR 511	Design and Data Analysis for Researchers I	4
or PSY 652	Methods of Research in Psychology I	
Select a minimum of 10 credits from the following:		10
BC 563	Molecular Genetics	
BC 565	Molecular Regulation of Cell Function	
BMS 545	Neuroanatomy	
NB 503/BMS 503	Developmental Neurobiology	
PSY 600B	Advanced Psychology: Cognitive Neuroscience	
Select one from the following: ¹		2
NB 796A	Group Study: Ion Channels	
NB 796B	Group Study: Neuronal Growth and Regeneration	
NB 796C/ BMS 796A	Group Study: Topics in Neuroscience	
NB 796D	Group Study: Seizures and Epilepsy	
NB 796E	Group Study: Neuroendocrine Mechanisms	
Program Total Credits:		25-27

¹ Fall and Spring semesters for a total of 2 credits.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Music, Stage, and Sports Production Interdisciplinary Minor

Office in Clark Building, Room C244
(970) 491-6310
journalism.colostate.edu (<http://journalism.colostate.edu>)

This interdisciplinary minor serves students who seek a broad foundation in creating television and audio recordings of events.

Upon successful completion of this minor, students will have a broad foundation in creating television and audio recordings of events. Students learn theory and gain hands-on experience in all aspects of the production process, both in studio and on location. This includes operating television cameras and audio equipment; designing appropriate

lighting and audio environments; directing live recordings; and finishing projects with audio and video editing.

Requirements Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

A minimum of 3 credits must be completed from at least 3 subject codes.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Group I - 3 credits		
Select one course from the following:		3
D 110	Understanding Dance (GT-AH1)	
JTC 100	Media in Society (GT-SS3)	
MU 100	Music Appreciation (GT-AH1)	
MU 333	History of Rock and Roll	
Group II - 18 credits		
Select 18 credits from the following:		18
D 120A	Dance Techniques I: Modern	
or D 120B	Dance Techniques I: Ballet	
or D 120C	Dance Techniques I: Jazz	
JTC 203	Television Studio Production	
JTC 204	Radio Operations	
JTC 340	Video Editing	
JTC 345	Video Production	
JTC 346	Narrative Filmmaking	
JTC 347	Audio Production	
JTC 348	Producing Podcasts	
JTC 372	Web Design and Development	
JTC 374	Social Media Management	
JTC 386	Communication Practicum	
JTC 417	Data Visualization Design	
JTC 427	Motion Graphics Design	
JTC 433	Advanced Video Editing	
JTC 435	Documentary Video Production	
JTC 440	Advanced Media Production	
JTC 454A	Study Abroad: International Media Studies–Europe	
JTC 454B	Study Abroad: International Media Studies–Australia and NZ	
JTC 472	Advanced Web Design and Development	
JTC 495A	Independent Study: Electronic Reporting	
JTC 495B	Independent Study: Editing	
JTC 495C	Independent Study: Photojournalism	
JTC 495D	Independent Study: Public Relations	
JTC 495E	Independent Study: Readings	
JTC 495F	Independent Study: Reporting	
JTC 495G	Independent Study: Technical Communication	
LB 386A	Practicum: CTV	

LB 386B	Practicum: KCSU
LB 386C	Practicum: Collegian
LB 386D	Practicum: College Avenue
LB 386E	Practicum: Arts Production
LB 495	Independent Study
LEAP 200	Advocacy in the Visual and Performing Arts
SPCM 341	Evaluating Contemporary Television
SPCM 347	Visual Communication
SPCM 360	The Personal Lens – Making Media
TH 186	Theatre Practicum I–Crew Assignment
TH 264	Lighting Design I ¹
TH 366	Sound Design II

Program Total Credits: 21

¹ Prerequisites for this course may be waived for students enrolled in this minor.

School of Materials Science and Engineering (SMSE)

1350 Center Avenue, Anatomy-Zoology Building
(970) 491-4879
Find us online at the SMSE website (<https://www.research.colostate.edu/samd/>).

Director: Dr. Travis Bailey
Associate Director: Dr. Chris Weinberger

The overall objective of the School of Materials Science and Engineering (SMSE) program is to develop students to be science and engineering professionals who use their multidisciplinary problem-solving skills to address global challenges in the field of materials science and engineering (MSE).

The development of advanced materials, including their synthesis, characterization, and application in novel devices, occupies a central role in 21st century science, technology, and business. Materials research is, by its very nature, an extraordinarily inter- and multi-disciplinary endeavor, involving expertise in chemistry, physics, and engineering at the core, but also utilizing concepts from various other scientific disciplines as well as business and sociology, as materials research is often very focused on creating a product for the marketplace more efficiently and effectively. Indeed, work in this area concerns materials structure, property, and function. Thus, we educate future materials scientists and engineers to understand how different combinations of molecules can result in different thermal, mechanical, electrical, optical, and magnetic properties; to measure those properties at the atomic, electronic, surface, and bulk level; and to manufacture usable devices from the resulting materials. It is imperative that the next generation of materials scientists and engineers be explicitly educated in an interdisciplinary manner. The degree program contains elements that address materials technology transfer, materials manufacturing, responsible conduct of research, and other professional development skills necessary for success in the materials community.

Graduate Master's Programs

- Master of Science in Materials Science and Engineering, Plan A and Plan B

Ph.D.

- Ph.D. in Materials Science and Engineering

Courses

MSE 436 Green Engineering--Materials and Environment Credits: 3 (3-0-0)

Also Offered As: MECH 436.

Course Description: Principles of green engineering in the context of materials, human dependence on materials, and the environmental consequences of materials selection. Perspective, background, methods, and data for evaluating and designing with materials to minimize the environmental impact.

Prerequisite: MECH 325 and MECH 331A.

Registration Information: Sections may be offered: Online. Credit allowed for only one of the following: MECH 436, MECH 481A4, or MSE 436.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MSE 465 Sustainable Strategies for E-Waste Management Credits: 3 (3-0-0)

Also Offered As: GES 465.

Course Description: Trans-disciplinary overview of the electronics industry, with an emphasis on sources and impacts of e-waste on human & natural systems. Systems approaches to mitigating environmental and social impacts of electronics--from product design, materials and manufacture to use, re-use, recycle and disposal. Apply learnings in trans-disciplinary project teams to evaluate opportunities for improving the sustainability of the industry and its products.

Prerequisite: None.

Registration Information: Junior standing. Sections may be offered: Online. Credit allowed for only one of the following: GES 465, GES 481A1, MSE 465, or MSE 481A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 501 Materials Technology Transfer Credit: 1 (1-0-0)

Course Description: The pathways toward commercialization of materials from research. Case studies, technology readiness levels, proposal writing, entrepreneurship, and intellectual property practices.

Prerequisite: MECH 331.

Restriction: Must be a: Graduate.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502A Materials Science and Engineering Methods: Materials Structure and Scattering Credit: 1 (1-0-0)

Course Description: Introduction to the atomic level arrangements of materials, defects related to these structures, and X-ray Diffraction, X-ray scattering, and electron diffraction methods.

Prerequisite: MATH 345 and MECH 331.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502B Materials Science and Engineering Methods: Computational Materials Methods Credit: 1 (1-0-0)

Course Description: Introduction to mathematical and computational methods that are used to model materials: Simulation/Modeling, Monte-Carlo, Monte-Carlo Potts, Density Functional Theory, and other approaches.

Prerequisite: (MATH 340 or MATH 345) and (MECH 331).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502C Materials Science and Engineering Methods: Materials Microscopy Credit: 1 (1-0-0)

Course Description: Introduction to modern microscopy techniques for materials research using optical microscopy. Interferometry and confocal techniques, scanning electron, microscopy transmission electron microscopy, and scanning probe microscopy.

Prerequisite: (CHEM 431 or MECH 331) and (MATH 340 or MATH 345).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502D Materials Science and Engineering Methods: Materials Spectroscopy Credit: 1 (1-0-0)

Course Description: The investigation and measurement of spectra produced when matter interacts with or emits electromagnetic radiation, including an introduction to X-ray photoelectron spectroscopy, electron energy loss spectroscopy, Raman and infrared, and energy dispersive spectroscopy for materials research.

Prerequisite: (MATH 340 or MATH 345) and (MECH 331).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502E Materials Science and Engineering Methods: Bulk Properties and Performance Credit: 1 (1-0-0)

Course Description: Physical properties of materials and how they relate to the functionalization of materials, including their use in electronic, magnetic, optical, and other functional devices.

Prerequisite: (MATH 340 or MATH 345) and (MECH 331).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 502F Materials Science and Engineering Methods: Experimental Methods for Materials Research Credit: 1 (1-0-0)

Course Description: Modern experimental design methods and techniques for materials research. Topics include vacuum systems, cryogenic experimentation, temperature characterization, data acquisition and digitization, device and circuitry design in the context of materials research.

Prerequisite: (MATH 340 or MATH 345) and (MECH 331).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 503 Mechanical Behavior of Materials Credits: 3 (3-0-0)

Course Description: The mechanical behavior of metals, polymeric, ceramic, and composite materials in mechanical designs considering multiple factors such as structure, processing, and physical properties. Practical and specific performance analyses of structural materials are examined.

Prerequisite: (MSE 501 or MSE 502A or MECH 331) and (MATH 340 or MATH 345).

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 504 Thermodynamics of Materials Credits: 3 (3-0-0)

Course Description: The determination of whether and the means by which a given reaction can occur. Macroscopic and microscopic solid-state thermodynamics with experimental methodologies for characterizing them, with a focus on thermodynamic and statistical mechanical aspects of material structure-property relationships.

Prerequisite: (CBE 210 or CHEM 476 or MECH 331 or PH 361) and (MATH 340 or MATH 345).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 505 Kinetics of Materials Credits: 3 (3-0-0)

Course Description: The determination of whether and the means by which a given reaction can occur. Macroscopic and microscopic solid-state kinetics with experimental methodologies for characterizing them, with a focus on the kinetic aspects of material structure-property relationships.

Prerequisite: MSE 504.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 523 Electronic Properties of Materials Credits: 3 (3-0-0)

Course Description: Introduction to the electronic properties of materials, including band structures, quantum mechanics and optical characteristics.

Prerequisite: MATH 340 or MATH 345.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Credit allowed for only one of the following: ECE 523, ECE 580B7, ECE 580B8, ECE 580C2, MSE 523, MSE 580B7, MSE 580B8, MSE 580C2.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 631 Defects in Crystals Credits: 3 (3-0-0)

Also Offered As: MECH 631.

Course Description: Mechanics, thermodynamics and kinetics of defects in crystalline solids including point defects, dislocations, and grain boundaries.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online. Credit allowed for only one of the following: MECH 631, MSE 631, or MECH 681A2.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 651 Special Topics in Materials Science Credits: 3 (0-0-3)

Course Description: New or emerging topics in materials science and engineering.

Prerequisite: MECH 331.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Grade Mode: Traditional.

Special Course Fee: No.

MSE 695 Independent Study Credits: Var[1-5] (0-0-0)

Course Description: Independent study of special topics in materials science and engineering.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of advisor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MSE 699 Thesis Credits: Var[1-6] (0-0-0)**Course Description:** Thesis in materials science and engineering.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Written consent of advisor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MSE 784 Supervised College Teaching Credits: Var[1-5] (0-0-0)****Course Description:** Supervised college teaching in materials science and engineering.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Written consent of advisor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MSE 793A Professional Development Seminar: MSE, Diversity, Equity, and Inclusion Credit: 1 (0-0-1)****Course Description:** Professional and personal skill development regarding diversity, equity, and inclusion as it pertains to opportunities in materials science and engineering.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Bachelor's degree required. Admission to MSE graduate programs. Sections may be offered: Online.**Grade Mode:** Traditional.**Special Course Fee:** No.**MSE 793B Professional Development Seminar: Materials and Society Credit: 1 (0-0-1)****Course Description:** The connections between materials and society, fusing basic concepts in materials science and engineering with perspectives and methods from anthropology, history, and sociology.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Bachelor's degree required. Admission to MSE graduate programs. Sections may be offered: Online.**Grade Mode:** Traditional.**Special Course Fee:** No.**MSE 793C Professional Development Seminar: Materials Science Engineering Careers Credit: 1 (0-0-1)****Course Description:** Professional and personal skill development pertaining to careers in materials science and engineering (MSE) and presentations from speakers in various MSE careers roles.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Bachelor's degree required. Admission to MSE graduate programs. Sections may be offered: Online.**Grade Mode:** Traditional.**Special Course Fee:** No.**MSE 795 Independent Study Credits: Var[1-5] (0-0-0)****Course Description:** Advanced independent study of special topics in materials science and engineering.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Written consent of advisor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MSE 799 Dissertation Credits: Var[1-12] (0-0-0)****Course Description:** Dissertation in materials science and engineering.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Written consent of advisor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.

Master of Science in Materials Science and Engineering

Materials Science and Engineering (MSE) research is aimed at educating and training the next generation of out-of-the box thinkers to solve the biggest global challenges.

By fostering a multidisciplinary approach, MSE degree programs strive to endow students with the tools to strategically question current design paradigms and drive innovative materials and manufacturing solutions across a diverse range of sectors. Motivated by modern materials challenges in energy, computing, transportation, impact protection, robotics, and global health care, MSE programs' comprehensive, experiential training is designed to arm graduates with a modernized skill set tailored to confront those challenges head-on.

MSE degree programs are designed to engage students with:

- Active hands-on training in the latest materials characterization and computational methods, materials-focused intellectual property protection and technology transfer, and professional soft skill development.
- Enhanced educational opportunities promoted through industry partnerships, facilitating internships, and class time spent in active commercial manufacturing labs.
- A diverse core of faculty mentors driving advances in controlling structure at the nanoscale, predictive property modeling, high-performance metal, polymer and ceramic composites, photovoltaics, and additive manufacturing.

The overall objective of the **Materials Science and Engineering MS-Thesis, Plan A (coursework + thesis) and the MS-Coursework, Plan B (coursework + seminar/paper)** degrees is to develop students to be science and engineering professionals who use their multidisciplinary problem-solving skills to address global challenges in the field of materials science and engineering.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Similar to the CSU's Land Grant mission of extension, education, and research, the specific learning objectives for the MSE programs are centered on the following three themes:

1. Scholarly engagement and research
2. Educational engagement
3. Innovation

Scholarly engagement and research

Students will:

1. Graduate with an understanding of cross-disciplinary materials research in physics, engineering, and chemistry.

Educational engagement

Students will:

- 1. Synthesize and connect knowledge from the different disciplines of materials research to complete course work and research for their degree.
- 2. Communicate their science to a wide range of audiences.
- 3. Understand the life-cycle of materials – from design to manufacture.
- 4. Engage in team science where they will work with different faculty and different disciplines to answer important and innovative research questions.

Innovation

Students will:

- 1. Gain experience working in an interdisciplinary research setting to enable them to solve complex real-world problems.
- 2. Graduate with knowledge and skills necessary to assume careers in a wide variety of organizations and industries related to materials.
- 3. Understand how their skills are important in solving global-problems.

Diversity

Students will:

- 1. Gain an appreciation of different disciplines, as well as different approaches to problem solving so they can actively participate in global learning environments.

MSE 793B	Professional Development Seminar: Materials and Society	
MSE 793C	Professional Development Seminar: Materials Science Engineering Careers	
Select at least one course from the following:		1
MSE 502C	Materials Science and Engineering Methods: Materials Microscopy	
MSE 502D	Materials Science and Engineering Methods: Materials Spectroscopy	

MSE 502E	Materials Science and Engineering Methods: Bulk Properties and Performance	
MSE 502F	Materials Science and Engineering Methods: Experimental Methods for Materials Research	
Select one course from the following:		3
CHEM 511	Solid State Chemistry	
CHEM 517	Chemistry of Electronic Materials	
ECE 574	Optical Properties in Solids	
PH 531	Introductory Condensed Matter Physics	
Specialty Course(s)		3
Select at least 3 credits from the following: ²		
BIOM 570/ MECH 570	Bioengineering	
BIOM 592	Seminar	
CBE 501	Chemical Engineering Thermodynamics	
CBE 514	Polymer Science and Engineering	
CHEM 515	Polymer Chemistry	
CHEM 550A	Materials Chemistry: Hard Materials	
CHEM 550B	Materials Chemistry: Soft Materials	
CHEM 550C	Materials Chemistry: Nanomaterials	
CHEM 567	Crystallographic Computation	
CHEM 569	Chemical Crystallography	
CHEM 577	Surface Chemistry	
CIVE 560	Advanced Mechanics of Materials	
CIVE 565	Finite Element Method	
CIVE 662	Foundations of Solid Mechanics	
CIVE 664	Mechanics of Fatigue and Fracture	
ECE 505	Nanostructures Fundamentals and Applications	
ECE 569/ MECH 569	Micro-Electro-Mechanical Devices	
ECE 673	Thin Film Growth	
GRAD 544	Ethical Conduct of Research	
MATH 535	Foundations of Applied Mathematics	
MATH 550/ ENGR 550	Numerical Methods in Science and Engineering	
MATH 560	Linear Algebra	
MATH 561	Numerical Analysis I	
MATH 750	Numerical Methods and Models I	
MECH 525/ BIOM 525	Cell and Tissue Engineering	
MECH 530	Advanced Composite Materials	
MECH 531/ BIOM 531	Materials Engineering	
MECH 532/ BIOM 532	Materials Issues in Mechanical Design	
MECH 573/ BIOM 573	Structure and Function of Biomaterials	
MECH 628	Applied Fracture Mechanics	
MSE 505	Kinetics of Materials	
PH 631	Modern Topics in Condensed Matter Physics	
PH 731	Condensed Matter Theory	

Research and Teaching

The M.S. Plan A requires a minimum of 30 credit hours, some of which may be fulfilled with the following

MSE 651	Special Topics in Materials Science
MSE 695	Independent Study
MSE 784	Supervised College Teaching

Program Total Credits **30**

A minimum of 30 credits are required to complete this program.

¹ Complete a minimum of 3 credits of MSE 699.

² CHEM 511, CHEM 517, ECE 574, and PH 531 can be used as specialty courses, if not used to fulfill core requirements.

Plan B

Effective Fall 2024

Code	Title	Credits
Core Courses		
MSE 501	Materials Technology Transfer	1
MSE 502A	Materials Science and Engineering Methods: Materials Structure and Scattering	1
MSE 502B	Materials Science and Engineering Methods: Computational Materials Methods	1
MSE 503	Mechanical Behavior of Materials	3
MSE 504	Thermodynamics of Materials	3
MSE 695	Independent Study ¹	3
Select two credits from the following:		2
MSE 793A	Professional Development Seminar: MSE, Diversity, Equity, and Inclusion	
MSE 793B	Professional Development Seminar: Materials and Society	
MSE 793C	Professional Development Seminar: Materials Science Engineering Careers	
Select at least one course from the following:		1
MSE 502C	Materials Science and Engineering Methods: Materials Microscopy	
MSE 502D	Materials Science and Engineering Methods: Materials Spectroscopy	
MSE 502E	Materials Science and Engineering Methods: Bulk Properties and Performance	
MSE 502F	Materials Science and Engineering Methods: Experimental Methods for Materials Research	
Select one course from the following:		3
CHEM 511	Solid State Chemistry	
CHEM 517	Chemistry of Electronic Materials	
ECE 574	Optical Properties in Solids	
PH 531	Introductory Condensed Matter Physics	
Specialty Courses		6
Select at least 6 credits from the following: ²		
BIOM 570/ MECH 570	Bioengineering	

BIOM 592	Seminar
CBE 501	Chemical Engineering Thermodynamics
CBE 514	Polymer Science and Engineering
CHEM 515	Polymer Chemistry
CHEM 550A	Materials Chemistry: Hard Materials
CHEM 550B	Materials Chemistry: Soft Materials
CHEM 550C	Materials Chemistry: Nanomaterials
CHEM 567	Crystallographic Computation
CHEM 569	Chemical Crystallography
CHEM 577	Surface Chemistry
CIVE 560	Advanced Mechanics of Materials
CIVE 565	Finite Element Method
CIVE 662	Foundations of Solid Mechanics
CIVE 664	Mechanics of Fatigue and Fracture
ECE 505	Nanostructures Fundamentals and Applications
ECE 569/ MECH 569	Micro-Electro-Mechanical Devices
ECE 673	Thin Film Growth
GRAD 544	Ethical Conduct of Research
MATH 535	Foundations of Applied Mathematics
MATH 550/ ENGR 550	Numerical Methods in Science and Engineering
MATH 560	Linear Algebra
MATH 561	Numerical Analysis I
MATH 750	Numerical Methods and Models I
MECH 525/ BIOM 525	Cell and Tissue Engineering
MECH 530	Advanced Composite Materials
MECH 531/ BIOM 531	Materials Engineering
MECH 532/ BIOM 532	Materials Issues in Mechanical Design
MECH 573/ BIOM 573	Structure and Function of Biomaterials
MECH 628	Applied Fracture Mechanics
MSE 505	Kinetics of Materials
PH 631	Modern Topics in Condensed Matter Physics
PH 731	Condensed Matter Theory

Research and Teaching

The M.S. Plan B requires a minimum of 30 credit hours, some of which may be fulfilled with the following

MSE 651	Special Topics in Materials Science
MSE 784	Supervised College Teaching

Program Total Credits **30**

A minimum of 30 credits are required to complete this program.

¹ A project/report will be required for satisfactory completion of MSE 695; complete a minimum of 3 credits.

² CHEM 511, CHEM 517, ECE 574, and PH 531 can be used as specialty courses, if not used to fulfill core requirements.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Ph.D. in Materials Science and Engineering

Materials Science and Engineering (MSE) research is aimed at educating and training the next generation of thinkers to solve the biggest global challenges.

By fostering a multidisciplinary approach, MSE degree programs strive to endow students with the tools to strategically question current design paradigms and drive innovative materials and manufacturing solutions across a diverse range of sectors. Motivated by modern materials challenges in energy, computing, transportation, impact protection, robotics, and global health care, MSE programs' comprehensive, experiential training is designed to equip graduates with a modernized skill set tailored to confront those challenges head-on.

The MSE Ph.D. degree program is designed to engage students with:

- Active hands-on training in the latest materials characterization and computational methods, materials-focused intellectual property protection and technology transfer, and professional soft skill development.
- Enhanced educational opportunities promoted through industry partnerships, facilitating internships and class time spent in active commercial manufacturing labs.
- A diverse core of faculty mentors driving advances in controlling structure at the nanoscale, predictive property modeling, high performance metal, polymer and ceramic composites, photovoltaics, and additive manufacturing.

The overall objective of the Ph.D. in Materials Science and Engineering is developing science and engineering professionals with multidisciplinary problem solving skills to address global challenges in the field of materials science and engineering.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Program Learning Objectives

Similar to the Land Grant mission of extension, education, and research, the specific learning objectives for the MSE programs are centered on the following three themes:

- Scholarly engagement and research
- Educational engagement
- Innovation

Scholarly engagement and research

Students will:

1. Graduate with an understanding of cross-disciplinary materials research in physics, engineering, and chemistry.

Educational engagement

Students will:

1. Synthesize and connect knowledge from the different disciplines of materials research to complete course work and research for their degree.
2. Communicate their science to a wide range of audiences.
3. Understand the life-cycle of materials – from design to manufacture.

- Engage in team science where they will work with different faculty and different disciplines to answer important and innovative research questions.

Innovation

Students will:

- Gain experience working in an interdisciplinary research setting to enable them to solve complex real-world problems.
- Graduate with knowledge and skills necessary to assume careers in a wide variety of organizations and industries related to materials.
- Understand how their skills are important in solving global-problems.

Diversity

Students will:

- Gain an appreciation of different disciplines, as well as different approaches to problem solving so they can actively participate in global learning environments.

Requirements Effective Fall 2024

Code	Title	Credits
Core Courses		
MSE 501	Materials Technology Transfer	1
MSE 502A	Materials Science and Engineering Methods: Materials Structure and Scattering	1

School of Global Environmental Sustainability (SoGES)

School of Global Environmental Sustainability (SoGES)

Office in Johnson Hall, Room 108
(970) 491-4070

The School of Global Environmental Sustainability (<http://sustainability.colostate.edu/>) (SoGES) seeks to prepare students to meet today's pressing environmental challenges. Using an interdisciplinary approach within a framework of sustainability, students are led in innovative research leading to the knowledge and understanding needed to approach and solve problems of the human-environment interaction. SoGES' vision encompasses laying the foundation and defining the principles and practices that ensure long-term environmental sustainability, while continuing to meet the needs of people around the earth.

Undergraduate Interdisciplinary Minors

- Global Environmental Sustainability Interdisciplinary Minor
- Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor
- Sustainable Energy Interdisciplinary Minor
- Sustainable Water Interdisciplinary Minor

Certificate

- Climate Change and Society

Graduate Certificates

- Graduate Certificate in Applied Global Stability: Agriculture
- Graduate Certificate in Applied Global Stability: Natural Resources
- Graduate Certificate in Applied Global Stability: Water Resources

Interdisciplinary Studies Program

- Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program

Courses

Subjects in this unit include: Global Environmental Studies (GES) and Climate Change Studies (CLMT).

Global Environmental Studies (GES)

GES 101 Foundations of Environmental Sustainability Credits: 3 (3-0-0)

Course Description: Concepts, foundations, and metrics of global environmental sustainability applied to global challenges.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 120 Water Sustainability in the Western US Credits: 3 (3-0-0)

Course Description: Water and the sustainability of its use in the West. Historical perspectives on the development of water resources in the West. Exploration of the issues involved in meeting the needs for water by people, agriculture and wildlife. Impacts of important human and natural influences on the use and sustainability of water supplies in the West.

Prerequisite: None.

Registration Information: Credit not allowed for both GES 120 and GES 180A4.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 130 Introduction to Sustainability Engagement Credit: 1 (1-0-0)

Course Description: Introduction to sustainability engagement via experiential learning.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: Written consent of instructor. Enrolled in Eco-leaders Peer Education Program.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

GES 135 Applied Community Sustainability Credits: 3 (3-0-0)

Course Description: Engaging with communities on real projects, teams of students develop workable solutions to problems related to food security, green infrastructure, urban wildlife conservation, and other sustainability topics. This course will be fully integrated with a writing course providing a complementary emphasis on values, ethics, meaning, critical thinking, writing, and speaking.

Prerequisite: None.

Registration Information: Written consent of instructor. Must register for special section of CO 150 or CO 300. Credit not allowed for both GES 135 and GES 180A3.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

GES 141 Introduction to Sustainable Energy Credits: 3 (3-0-0)

Course Description: Fossil, nuclear, and renewable energy sources. Energy conversion, distribution, and storage. Energy and the environment. Energy economics and policy.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 192 Global Environmental Sustainability Seminar Credit: 1 (0-0-0)

Course Description: This seminar introduces students to methods, practices, and ways of knowing in the disciplines represented in this multi-disciplinary field of study.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 201 Systems Thinking in Sustainability Credits: 3 (3-0-0)

Course Description: Build competencies in systems thinking, quantitative and qualitative modeling.

Prerequisite: GES 101 and PHIL 110.

Registration Information: Completion of AUCC Category 1B. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 310 Sustainable Decision Making Credits: 3 (3-0-0)

Course Description: Develop techniques to engage in finding solutions for environmental sustainability issues from local to global contexts. Consider the processes of negotiations, facilitations, conversations, and storytelling in the history of climate change, environmental movement, and other areas of sustainability. Practice skills in engaging among stakeholders, policy makers, and public audiences.

Prerequisite: GES 101.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 330A Sustainability in Practice: Project Credits: 2 (1-0-1)

Course Description: Engages students in real-world sustainability applications and empowers them to design and execute their own program or research project. A) Project. B) Service Learning.

Prerequisite: GES 101 or GES 130.

Registration Information: Credit not allowed for both GES 330A and GES 330B.

Term Offered: Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

GES 330B Sustainability in Practice: Service Learning Credits: 3 (1-0-2)

Course Description: Engages students in real-world sustainability applications and empowers them to design and execute their own program or research project. A) Project. B) Service Learning.

Prerequisite: GES 101 or GES 130.

Registration Information: Credit not allowed for both GES 330A and GES 330B.

Term Offered: Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

GES 362 Systems Thinking and Sustainability Credits: 3 (3-0-0)

Course Description: Building competence in systems thinking. Core activities include using quantitative and qualitative modeling, exploring the history of systems analysis in sustainability, and deepening the understanding of the concept of environmental sustainability and what it means for systems change.

Prerequisite: GES 101.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Completion of AUCC categories 1A and 1B. Sections may be offered: Online. Credit not allowed for both GES 362 and GES 380A2.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 382A Study Abroad--Mexico: Sustainability in a Complex Environment Credits: 3 (0-0-3)

Course Description: Explores the challenges and solutions that exist in the Baja California Sur at the nexus of the ocean, mountains, and desert. Develops an understanding of the ecosystems found in the region, and the human impact on them.

Prerequisite: ANTH 100 to 499 - at least 3 credits or BZ 100 to 499 - at least 3 credits or GES 100 to 499 - at least 3 credits or GR 100 to 499 - at least 3 credits or SOC 100 to 499 - at least 3 credits.

Restriction: Must not be a: Freshman.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 440 Sea Level Rise and a Sustainable Future Credits: 3 (3-0-0)

Also Offered As: ATS 440.

Course Description: Overview of sea level rise (SLR), with lectures on basic geophysics of SLR, the projected future impacts from climate models, and uncertainty around these projections. Impacts of SLR are discussed in a historical, present, and future context, focusing on social, cultural, economic, and political dimensions.

Prerequisite: None.

Registration Information: Completion of AUCC categories 1A, 1B, and 3A. Credit allowed for only one of the following: ATS 440, GES 440, or GES 480A3.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 441 Analysis of Sustainable Energy Solutions Credits: 3 (3-0-0)

Course Description: Methods of evaluating sustainable energy technologies, including life cycle assessment, energy return on investment, technoeconomic analysis, and political ecology.

Prerequisite: GES 141.

Registration Information: Sophomore standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 450 Global Sustainability and Health Credits: 3 (3-0-0)

Course Description: Impact of anthropogenic environmental change on human, animal and environmental health.

Prerequisite: GES 101.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 460 Law and Sustainability Credits: 3 (3-0-0)

Course Description: Introduction to the domestic and international laws that influence and interact with the implementation of sustainability in the U.S. and abroad.

Prerequisite: GES 101.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 462 Sustainable Life Cycle Analysis Credits: 3 (3-0-0)

Course Description: The study of systems impacts on environment, public health and society is necessary for the implementation of environmental sustainability. Focus is on life cycle assessment procedures and processes.

Prerequisite: GES 101.

Restriction: Must not be a: Freshman.

Registration Information: Completion of AUCC 1B and AUCC 2. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 465 Sustainable Strategies for E-Waste Management Credits: 3 (3-0-0)

Also Offered As: MSE 465.

Course Description: Trans-disciplinary overview of the electronics industry, with an emphasis on sources and impacts of e-waste on human & natural systems. Systems approaches to mitigating environmental and social impacts of electronics—from product design, materials and manufacture to use, re-use, recycle and disposal. Apply learnings in trans-disciplinary project teams to evaluate opportunities for improving the sustainability of the industry and its products.

Prerequisite: None.

Registration Information: Junior standing. Sections may be offered: Online. Credit allowed for only one of the following: GES 465, GES 481A1, MSE 465, or MSE 481A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 470 Applications of Environmental Sustainability Credits: 3 (3-0-0)

Course Description: Integration of the dimensions of global environmental sustainability—environment, society, and economy—through case studies and team project.

Prerequisite: GES 101.

Registration Information: Must have completed 12 credits of GES interdisciplinary minor; junior or senior standing. Sections may be offered: Online. Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 494 Independent Study in Global Sustainability Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: GES 101.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

GES 520 Issues in Global Environmental Sustainability Credits: 3 (3-0-0)

Course Description: Analysis of the different major dimensions/definitions of sustainability in current issues involving environmental, social and economic systems.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

GES 528 Assessing the Food, Energy, Water Nexus Credits: 3 (3-0-0)

Also Offered As: CIVE 528.

Course Description: A broad overview of Food/Energy/Water (FEW) nexus issues, including the science underpinning FEW and the trade-offs, socio-economic constraints, and policy limitations inherent in FEW challenges. Introduction to tools that enhance systems-level thinking and problem solving.

Prerequisite: CHEM 103 or CHEM 107 or CHEM 111.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Written consent of instructor. Credit allowed for only one of the following courses: CIVE 528, CIVE 580B5, or GES 528.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 535 Foundations of Environmental Justice Credits: 3 (0-0-3)

Also Offered As: LB 535.

Course Description: A multidisciplinary introduction to environmental justice organized around three themes: parameters of environmental justice; inequalities and environmental justice; and environmental justice across issue areas.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Credit not allowed for both GES 535 and LB 535.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

GES 542 Biobased Fuels, Energy, and Chemicals Credits: 3 (3-0-0)

Course Description: Science and engineering aspects of biobased fuel, energy, and chemical production, including plant biology, thermochemical conversion, biomass deconstruction, fermentation, and biofuel properties. Aspects of sustainable production and economics will be discussed.

Prerequisite: None.

Registration Information: Junior standing. Required field trips. Sections may be offered: Online. Credit allowed for only one of the following: AGRI 601, ENGR 601, or GES 542.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Climate Change Studies (CLMT) Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program

108 Johnson Hall

(970) 492-4215

Coordinated by the School of Global Environmental Sustainability (<http://sustainability.colostate.edu/>).

The Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program is available to all students who want to understand more about the philosophical and educational roots of peace and reconciliation; its expression and potential within various academic disciplines, research, and service; and how these can help address issues of sustainability, i.e., the interrelated health of the environment, society, and the economy. Knowing more about the ideas that underlie nonviolent conflict resolution, effective communication, cooperation, and mediation within cross-cultural contexts help students evaluate how sustainable peace and reconciliation can impact their beliefs, choices, and actions. Program details are available from the School of Global Environmental Sustainability (<http://sustainability.colostate.edu/>).

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements

Additional coursework may be required due to prerequisites.

Effective Fall 2016

Code	Title	Credits
Required Courses		
ANTH 679/IE 679	Applications of International Development	3
Select one course from the following:		3
EDUC 696	Group Study ¹	
PHIL 697	Group Study ¹	
Total		6

¹ Choice of topic and project requires approval of faculty advisor.

² To be done in PHIL 240.

Graduate Certificate in Applied Global Stability: Agriculture

The Graduate Certificate in Applied Global Stability: Agriculture is geared toward non-commissioned officers and company and field-grade officers in the Special Operations and Civil Affairs communities, as well as Department of Defense, USAID, Peace Corps, and other professionals working to address the United Nations Sustainable Development Goals. The certificate courses focus on global environmental sustainability and agriculture. The certificate may be completed online or on campus and requires the completion of 12 credits. The certificate program is administered by CSU's Office of Defense Engagement (<https://www.research.colostate.edu/ode/>) through the School of Global Environmental Sustainability (<https://sustainability.colostate.edu/>).

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the School of Global Environmental Sustainability (<https://sustainability.colostate.edu/>) website for further details.

Requirements Effective Spring 2017

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required:		3
GES 520	Issues in Global Environmental Sustainability ¹	
Select 9 credits from the following:		9
AGRI 500	Advanced Issues in Agriculture	
AGRI 510	Sustainable Agriculture	
AGRI 515/ HORT 515	Urban Horticulture	
AGRI 550	Capacity Building for a Changing Workplace	
AGRI 570/VS 570	Issues in Animal Agriculture	
AGRI 602	Bioenergy Policy, Economics, and Assessment	
AGRI 632	Managing for Ecosystem Sustainability	
AGRI 634	Animal Production Systems	
FSHN 500	Food Systems, Nutrition, and Food Security	
GES 542	Biobased Fuels, Energy, and Chemicals	
SOC 562/ AGRI 562	Sociology of Food Systems and Agriculture	
Program Total Credits:		12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

¹ Or a SoGES endorsed graduate course (<https://green.colostate.edu/courses/>) chosen in consultation with certificate advisor if GES 520 has been completed.

Graduate Certificate in Applied Global Stability: Natural Resources

The Graduate Certificate in Applied Global Stability: Natural Resources is geared toward non-commissioned officers and company and field-grade officers in the Special Operations and Civil Affairs communities, as well as Department of Defense, USAID, Peace Corps, and other professionals working to address the United Nations Sustainable Development Goals. The certificate courses focus on global environmental sustainability and natural resources. The certificate may be completed online or on campus and requires the completion of 12 credits. The certificate program is administered by CSU's Office of Defense Engagement (<https://www.research.colostate.edu/ode/>) through the School of Global Environmental Sustainability (<https://sustainability.colostate.edu/>).

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the School of Global Environmental Sustainability (<https://sustainability.colostate.edu/>) website for further details.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor

108 Johnson Hall
(970) 492-4215

Coordinated by the School of Global Environmental Sustainability (<http://sustainability.colostate.edu/>).

The Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor is open to all students who want to understand more about the philosophical roots of peace and reconciliation and its expression within various academic disciplines, research, and service. Knowing more about the ideas that underlie nonviolent conflict resolution, effective communication, cooperation, and mediation within cross-cultural contexts will help students evaluate how peace and reconciliation can impact their beliefs, choices, and actions. A 21-credit undergraduate minor and 12-credit graduate interdisciplinary studies program are available.

Learning Objectives

Upon successful completion, students will be able to evaluate the following:

1. How conflicts—intrapersonal, interpersonal, organizational, political, societal and global—can be best resolved without resorting to power or violence.
2. How past problems can be reconciled and injuries healed, both locally and beyond.
3. How the underpinnings of an enduring peace can be established and sustained.

Requirements Effective Fall 2020

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Core Courses		
GES 101	Foundations of Environmental Sustainability	3
IE 479/ANTH 479	International Development Theory and Practice	3
PHIL 240	Philosophies of Peace and Nonviolence	3
Select one from the following courses:		3
EDUC 496	Group Study	
IE 472	Education for Global Peace	
PHIL 497	Group Study	
Elective Credits: Select one course from each Aspect category below (for a minimum total of 9 credits):		
Environmental, Societal, and Economics Aspects - select one course from the following:		3-4
ANTH 200	Cultures and the Global System (GT-SS3)	
ANTH 415	Indigenous Ecologies and the Modern World	
ANTH 417	Indigenous Environmental Stewardship	
AREC 240/ ECON 240	Issues in Environmental Economics (GT-SS1)

IE 270/AGRI 270	World Interdependence-Population and Food (GT-SS3)
IE 550/PHIL 550	Ethics and International Development
PSY 316	Environmental Psychology
SPCM 232	Group Communication
Local, National and International Policy Aspects - select one course from the following:	
3-4	
HIST 421	Africa: Colonialism to Independence
HIST 438	The Modern Middle East
HIST 460	Slavery in the Americas
HIST 465	Pacific Wars: Korea and Vietnam
IE 470	Women and Development
IE 471	Children and Youth in Global Context
JTC 411	Media Ethics and Issues
JTC 412	International Mass Communication
NR 440	Applications in Conservation Planning
POLS 331	Politics and Society Along Mexican Border
POLS 405	Race and Ethnicity in U.S. Politics
POLS 413	U.S. Civil Rights and Liberties
POLS 437	International Security
POLS 448	Comparative Racial/Ethnic Politics
POLS 449	Middle East Politics
PSY 330	Clinical and Counseling Psychology
PSY 437	Psychology of Gender
SOC 320	Population-Natural Resources and Environment
SOC 362	Social Change
SOC 431	Community Dynamics and Development
SOWK 330	Dismantling Privilege and Oppression
SOWK 450/IE 450	International Social Welfare and Development
SPCM 434	Intercultural Communication
SPCM 436	Conflict Management and Communication

Program Total Credits:

21-24

¹ Titled "Peacemaking." Must be enrolled in University Honors program.

² Titled "Exploring Sustainable Solutions." Must be enrolled in University Honors program.

Certificate in Climate Change and Society

Students enrolled in this certificate will be introduced to the major implications of climate change on people and earth systems with the purpose of building a person's climate change literacy, empowering them to reduce impacts of climate change, and giving students awareness of climate change mitigation/adaptation strategies to bring to their workplaces. Courses in the certificate educate students about:

1. What is climate change, why is it now a serious problem, and what can we do about it? (ATS 150)
2. What are the key issues for understanding how groups of people respond to and are affected by climate change? (ANTH 330 or ESS 365)
3. What are the key responses and feedbacks of earth systems to climate change? (CLMT 350)
4. What adaptation (e.g., ATS 440/GES 440), mitigation (e.g., GES 441) solutions, or business strategies (e.g. BUS 440) might be employed in real world systems?

The recommended course sequence is outlined above; however, this sequence is not mandatory.

Learning Objectives

Upon successful completion of this certificate, students will be able to:

1. Identify why and how the climate is changing, and how scientists study these physical changes.
2. Analyze biophysical responses and feedbacks to climate change, including both aspects of climate change mitigation and adaptation.
3. Recognize and evaluate responses and feedbacks to climate change in social systems (e.g., policy and economic responses, justice and equity implications, and changes to social structures and systems).
4. Apply information to generate solutions for decarbonization and adaptation in human and natural systems.

Requirements Effective Fall 2024

Courses from this list may not double-count for the Minor in Climate Change Science and Society.

Students cannot earn both the Certificate and the Minor in Climate Change Science and Society.

Additional coursework may be required due to prerequisites.

Code	Title	Credits

ESS 365	Global Climate Justice	

Select one course from the following: 3

BUS 440	Corporate Sustainability Strategy
GES 440/ATS 440	Sea Level Rise and a Sustainable Future
GES 441	Analysis of Sustainable Energy Solutions

Program Total Credits: 12

Cell and Molecular Biology

Office in the Student Services Building, Room 220
(970) 491-0241
GRAD_CellMoBio@Mail.ColoState.Edu (cmb@colostate.edu)
cmb.colostate.edu (<https://cmb.colostate.edu/>)

Carol Wilusz, Director
Jessica Metcalf, Associate Director
Mercedes Cooper, Program Manager

The Cell and Molecular Biology graduate program is an interdisciplinary degree-granting program involving over 100 faculty members from 17 departments and 6 colleges who share common interests in cell and molecular biology. The program offers training leading to the M.S. and Ph.D. degrees in Cell and Molecular Biology; in addition, Ph.D. students have the option to include a Cancer Biology Specialization. The program includes a core comprising coursework in molecular genetics and cell biology. Elective courses cover specialized areas, including grant writing, ethical conduct of research, and statistics. Two alternating graduate seminar series allow students to present their research and attend presentations by CSU faculty and nationally prominent scientists. The M.S. degree can be completed within two years, and the Ph.D. degree within five years. Current research focus areas include, but are not limited to, Cancer Biology; Gene Expression; Genome Structure, Evolution & Repair; Infectious Disease; Metabolism & Physiology; Microbiomes; Plant Molecular Biology; Prions & Neurobiology; Stem Cells & Development; Synthetic Biology and STEM Communication. Students are encouraged to complete coursework in computational/quantitative approaches, emphasizing effective communication with a range of audiences. The CMB program supports a student association and aims to create an inclusive and welcoming culture for all.

Students interested in this graduate program should refer to the Graduate and Professional Bulletin and the Cell and Molecular Biology (<https://cmb.colostate.edu/>) website for further details.

Graduate Certificate

- Graduate Certificate in Microbiome Science and Engineering

Master's Programs

- Master of Science in Cell and Molecular Biology, Plan A and Plan B

Ph.D.

- Ph.D. in Cell and Molecular Biology
- Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization

Graduate Certificate in Microbiome Science and Engineering

This graduate certificate provides a foundation in the concepts and methods of microbiome science and engineering and provides perspectives on the applications of those fundamentals to a range of topics in environmental, animal and human, plant, and industrial contexts.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students successfully completing this certificate will be able to:

- 1. Describe microbiomes, and compare/contrast microbiomes to single microbial species in terms of function;
- 2. Explain current methods for characterizing microbiomes, including the information obtained and the limitations of the methods;
- 3. Describe the role of microbiomes in human, animal, plant, or industrial systems and the functional interactions between microbiomes and their hosts;
- 4. Integrate concepts from microbiology, ecology, and physiology in the context of microbiome function; and
- 5. Apply knowledge of microbiome structure and function to propose methods of engineering the microbiome behavior.

Requirements Effective Fall 2024

Additional coursework may be required due to prerequisites.

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Science in Cell and Molecular Biology

The graduate program in Cell and Molecular Biology is an interdisciplinary, degree-granting program that comprises over 100 faculty members from 17 departments and 6 colleges who share common interests in cell and molecular biology. The M.S. program core includes coursework in molecular genetics, cell biology, and rigorous and ethical conduct of research. Students may also select additional courses in areas related to their interests. Two alternating graduate seminar series allow students to present their research and attend presentations by CSU faculty and nationally prominent scientists.

Core courses can typically be completed during the first year. The Plan A M.S. degree can be completed within two years. The Plan B M.S. degree can be completed within 3 semesters.

Most MS students are admitted with the support of a faculty advisor to oversee the research portion of their training. Current focus areas of research include but are not limited to, Cancer Biology; Gene Expression; Genome Structure, Evolution & Repair; Infectious Disease; Metabolism & Physiology; Microbiomes; Plant Molecular Biology, Prions & Neurobiology; Stem Cells & Development; Synthetic Biology and STEM Communication. Students are encouraged to complete coursework in computational/quantitative approaches, and an emphasis is placed on effective communication with various audiences. The CMB program supports a student association and aims to create an inclusive and welcoming culture for all.

Students interested in this program should refer to the Graduate and Professional Bulletin or the Cell and Molecular Biology website (<http://www.cmb.colostate.edu/>) for further details.

Program Learning Objectives

Graduates from our program will have strong foundations in core cell and molecular biology principles, state-of-the-art training in technical laboratory and computational skills, and leadership and communication skills necessary for professional achievement. After completing the M.S. Plan A or Plan B program, students will be able to:

- 1. Demonstrate and apply detailed knowledge of the molecular processes by which genetic material is replicated, expressed, and regulated and/or the cellular processes involved in membrane formation, organelle biogenesis, cell communication/shape/motility and how these are linked with growth, aging, and death.
- 2. Evaluate primary research papers in the field of cell and molecular biology, including discerning the major questions/hypotheses being addressed, critically interpreting the data presented, assessing whether the conclusions are adequately supported by evidence, and relating the findings to the broader context and significance in the field.

3. Apply appropriate, ethical, and technically competent research practices to generate and analyze data and determine biological relevance.
4. Write publication-quality scientific manuscripts in the field of cell and molecular biology based on research findings (Plan A version), proposal, or literature review (Plan B version).

Institutional Learning Objectives

The curriculum for the program is aligned with CSU's institutional learning objectives (creativity, reasoning, communication, responsibility, and collaboration) in the following ways:

- First, through a combination of coursework and research experience, students will be trained to develop novel hypotheses that address fundamental questions in the field of cell and molecular biology and/or design creative approaches to test those hypotheses.
- Second, students will develop critical thinking and reasoning skills to interpret findings from the scientific literature and their own research data.
- Third, students will gain experience in multiple modes of science communication, including writing (research papers and literature reviews), oral presentations (talks at program seminars and research conferences), and visualization (figures in papers, talk slides, and poster presentations).
- Fourth, students will become responsible members of the scientific community through mentorship, workshops, and courses on ethical, rigorous, and reproducible conduct of research.
- Fifth, students will complete their studies within a collaborative and interdisciplinary environment with a curriculum designed to support cohorts of students distributed across colleges, departments and campuses at CSU.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website

9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Ph.D. in Cell and Molecular Biology

The graduate program in Cell and Molecular Biology is an interdisciplinary degree-granting program that involves over 100 faculty members from 17 departments and 6 colleges who share common interests in cell and molecular biology. The PhD program includes core coursework in molecular genetics and cell biology and rigorous and reproducible research. Elective courses cover specialized areas, including grant writing, ethical conduct of research and statistics. Two alternating graduate seminar series allow students to present their research and to attend presentations by CSU faculty and nationally prominent scientists. Core courses typically are completed during the first year and most students advance to candidacy by the end of their 5th semester. The PhD degree can generally be completed within five years. There is an option to include a Cancer Biology Specialization (<https://catalog.colostate.edu/general-catalog/university-wide-programs/interdisciplinary-studies/cell-molecular-biology/phd-cell-molecular-cancer-biology-specialization/>).

Most students admitted to the PhD program rotate through three laboratories in their first year to identify a PhD advisor. Current focus areas of research include, but are not limited to, Cancer Biology; Gene Expression; Genome Structure, Evolution & Repair; Infectious Disease; Metabolism & Physiology; Microbiomes; Plant Molecular Biology; Prions & Neurobiology; Stem Cells & Development; Synthetic Biology and STEM Communication. Students are encouraged to complete coursework in computational/quantitative approaches, and an emphasis is placed on effective communication with various audiences. The CMB program supports a student association and aims to create an inclusive and welcoming culture for all.

Students interested in this program should refer to the Graduate and Professional Bulletin or visit the Cell and Molecular Biology website (<http://www.cmb.colostate.edu/>) for further details.

Program Learning Objectives

Graduates from our program will have strong foundations in core cell and molecular biology principles, state-of-the-art training in technical laboratory and computational skills, and leadership and communication skills necessary for professional achievement. After completing the Ph.D. program, students will be able to:

1. Demonstrate and apply detailed knowledge of the molecular processes by which genetic material is replicated, expressed, and regulated and/or the cellular processes involved in membrane formation, organelle biogenesis, cell communication/ shape/motility and how these are linked with growth, aging, and death.
2. Evaluate primary research papers in the field of cell and molecular biology, including discerning the major questions/hypotheses being addressed, critically interpreting the data presented, assessing whether the conclusions are adequately supported by evidence, and relating the findings to the broader context and significance in the field.
3. Apply appropriate, ethical, and technically competent research practices to generate and analyze data and determine statistical and biological relevance.
4. Write publication-quality scientific manuscripts in the field of cell and molecular biology based on research findings.
5. Formulate new hypotheses based on the literature in the field of cell and molecular biology and design appropriate experimental and analytical approaches to test them and refine those approaches/ hypotheses based on initial findings.

Institutional Learning Objectives

The curriculum for the program is aligned with CSU's institutional learning objectives (creativity, reasoning, communication, responsibility, and collaboration) in the following ways:

- First, through a combination of coursework and research experience, students will be trained to develop novel hypotheses that address fundamental questions in the field of cell and molecular biology and/or design creative approaches to test those hypotheses.
- Second, students will develop critical thinking and reasoning skills to interpret findings from the scientific literature and their own research data.
- Third, students will gain experience in multiple modes of science communication, including writing (research papers and literature reviews), oral presentations (talks at program seminars and research conferences), and visualization (figures in papers, talk slides, and poster presentations).
- Fourth, students will become responsible members of the scientific community through mentorship, workshops, and courses on ethical, rigorous, and reproducible conduct of research.
- Fifth, students will complete their studies within a collaborative and interdisciplinary environment with a curriculum designed to support cohorts of students distributed across colleges, departments and campuses at CSU.

Requirements
Effective Fall 2024

Code	Title	Credits
CM 510	Introduction to Cell and Molecular Biology	1
CM 544/MIP 544	Reproducible Biomedical Research Methods	3
CM 792	Cell and Molecular Biology Seminar ^{1, 2}	4-10
CM 793	Seminar ^{1, 2}	4-10
Select one course from the following:		4
BC 563	Molecular Genetics	
BC 565	Molecular Regulation of Cell Function	
Independent Study and Dissertation (select a minimum of 6 credits):		6-30
CM 795	Independent Study ²	
CM 799	Dissertation ²	
Ethics Elective (see list below)		1-3
Statistics Elective (see list below)		3
Topics Elective (see list below)		1
Writing Elective (see list below)		1
Cell & Molecular Biology Elective ³		3
Master's Degree Credit (a maximum of 30 credits may be accepted from a master's degree)		30
Program Total Credits:		72

A minimum of 72 credits are required to complete this program.

Ethics Electives

Code	Title	Credits
Select at least one course from the following:		
BC 601	Responsible Conduct in Biochemistry	1
GRAD 544	Ethical Conduct of Research	1
MIP 554	Research Policies and Regulations	1
NSCI 575/GRAD 575	Ethical Issues in Big Data Research (preferred course)	1

Statistics Electives

A minimum of 3 credits are required. This list is not exhaustive.

Code	Title	Credits
ERHS 535	R Programming for Research	3
ERHS 537A	R Programming: Research I	1
ERHS 537B	R Programming: Research II	2
ERHS 544/STAT 544	Biostatistical Methods for Quantitative Data	3
STAR 501	Data Wrangling/Visualization for Researchers	2
STAR 502	Multivariate Analysis for Researchers	2
STAR 511	Design and Data Analysis for Researchers I	4
STAR 512	Design and Data Analysis for Researchers II	4
STAR 513	Regression Models for Researchers	2
STAR 514	Experimental Design/Analysis for Researchers	2

STAR 531	Generalized Regression Models for Researchers	2
STAR 532	Mixed Models for Researchers	2
STAR 534	Machine Learning for Researchers	2
STAT 540	Data Analysis and Regression	3
VS 562	Applied Data Analysis	3
VS 733	Advanced Veterinary Epidemiology	4

Topics Electives

Topics Electives provide guided practice in reading, interpreting, and critiquing scientific literature relevant to the field of Cell & Molecular Biology. A minimum of 1 credit is required.

Code	Title	Credits
Preferred Course:		
CM 700	Critical Analysis of Scientific Literature	1
Courses that may substitute for CM 700 (select in consultation with advisor:		
BMS 796A/NB 796C	Group Study: Topics in Neuroscience	1-4
BMS 796B	Group Study: Cardiopulmonary Physiology	1-18
BMS 796C	Group Study: Reproductive Physiology	1-18
BSPM 502B	Topics in Plant Pathology: Plant Bacteriology	1
CHEM 651B	Special Topics in Chemistry: Inorganic Chemistry	1-4
FSHN 650A	Recent Developments in Human Nutrition: Topics in Community Nutrition	2
FSHN 650B	Recent Developments in Human Nutrition: Carbohydrates, Lipids, and Energy	2
FSHN 650C	Recent Developments in Human Nutrition: Genomic, Proteomics, and Metabolomics	2
MIP 700	Topics in Microbiology	1
SOCR 730	Topics in Plant Breeding and Genetics	1

Writing Electives

A minimum of 1 credit is required.

Code	Title	Credits
BC 701	Grant Proposal Writing and Reviewing	1
BSPM 530/SOCR 530	Scientific Writing	1
BZ 544	Presenting Research in Biology	2
HES 700	Professional Skills in Bioenergetics	3
MIP 643	Grant Writing for Microbiology/Pathology	1
MIP 666	Writing Scientific Manuscripts	3
NB 771	Writing, Submitting, and Reviewing Grants	1

Cell & Molecular Biology Electives

A minimum of 3 credits of electives related to the student's research area are required. Some possible options are listed, but this list is not exhaustive.

Code	Title	Credits
AB 511	Microbiome of Plant Systems	3
ANEQ 505	Microbiome of Animal Systems	3
ANEQ 545	Molecular Methods in Animal Genetics	3
ANEQ 575	Computational Biology in Animal Breeding	3

BC 511	Structural Biology I	4
BC 563	Molecular Genetics	4
BC 565	Molecular Regulation of Cell Function	4
BC 571	Quantitative Biochemistry	1
BC 611	Structural Biology II	2
BC 663	Gene Expression	2
BC 665A	Advanced Topics in Cell Regulation: Microscopic Methods	2
BZ 565/MIP 565	Next Generation Sequencing Platform/ Libraries	1
BIOM 525/MECH 525	Cell and Tissue Engineering	3
BIOM 533/CIVE 533	Biomolecular Tools for Engineers	3
BMS 500	Mammalian Physiology I	4
BMS 501	Mammalian Physiology II	4
BZ 570	Molecular Aspects of Plant Development	3
BZ 576/BZ 476	Genetics of Model Organisms	4
CBE 560	Engineering of Protein Expression Systems	3
DSCI 511	Genomics Data Analysis in Python	2
DSCI 512	RNA-Sequencing Data Analysis	1
MIP 530	Advanced Molecular Virology	4
MIP 543	RNA Biology	3
MIP 545	Microbial Metagenomics/Genomics Data Analysis	2
MIP 670	Molecular Immunology and Immunogenetics	3
MIP 730/ERHS 730	Principles of Flow Cytometry & Cell Sorting	2
NB 503/BMS 503	Developmental Neurobiology	3
NB 501	Cellular and Molecular Neurophysiology	2

¹ CM 792 and CM 793 must be taken every year.

² Students must complete at least one credit from each CM 795 and CM 799, and select enough independent study, dissertation, seminar, and other elective course credits to bring the program total to a minimum of 72 credits, with approval of graduate advisory committee.

³ Course selection depends on each student's focus within Cell & Molecular Biology and must be approved by the student's graduate advisory committee.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization

Graduates from our program will have strong foundations in core cell and molecular biology principles, state-of-the-art training in technical laboratory and computational skills, and leadership and communication skills necessary for professional achievement. The Cancer Biology Specialization is a focus area within the Cell and Molecular Biology graduate program that includes over two dozen faculty members from six departments in three colleges who share a strong interest and a broad expertise in molecular and clinical aspects of the development and treatment of cancer. The basic science and translational research activities of the focus area are closely linked with the clinical research

and clinical trials programs of the **Robert H. and Mary G. Flint Animal Cancer Center**. (<https://www.csuanimalcancercenter.org/>)

Clinical cancer treatment of pet animals is a major strength of the cancer biology curriculum. The Cancer Biology Specialization combines nationally recognized research training, focused on cutting edge approaches to cancer diagnosis and treatment, with innovative clinical trials. Students who choose the Cancer Biology Specialization complete all of the requirements of the Cell and Molecular Biology graduate program, including the three laboratory rotations during their first year, plus an additional 5 credits of coursework.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the Cell and Molecular Biology website (<http://www.cmb.colostate.edu/>) for further details.

Program Learning Objectives

Graduates from our program will have strong foundations in core cell and molecular biology principles, state-of-the-art training in technical laboratory and computational skills, and leadership and communication skills necessary for professional achievement. After completing the Ph.D. program with a Cancer Biology Specialization, students will be able to:

1. Demonstrate and apply detailed knowledge of the molecular processes by which genetic material is replicated, expressed, and regulated and/or the cellular processes involved in membrane formation, organelle biogenesis, cell communication/shape/motility and how these are linked with growth, aging, and death.
2. Evaluate primary research papers in the field of cell and molecular biology, including discerning the major questions/hypotheses being addressed, critically interpreting the data presented, assessing whether the conclusions are adequately supported by evidence, and relating the findings to the broader context and significance in the field.
3. Apply appropriate, ethical, and technically competent research practices to generate and analyze data and determine statistical and biological relevance.
4. Write publication-quality scientific manuscripts in the field of cell and molecular biology based on research findings.
5. Formulate new hypotheses based on the literature in the field of cell and molecular biology and design appropriate experimental and analytical approaches to test them and refine those approaches/hypotheses based on initial findings.
6. Synthesize detailed knowledge regarding the development, metastasis, diagnosis, and treatment of cancer acquired through their coursework and research.

Institutional Learning Objectives

The curriculum for the program is aligned with CSU's institutional learning objectives (creativity, reasoning, communication, responsibility, and collaboration) in the following ways:

- First, through a combination of coursework and research experience, students will be trained to develop novel hypotheses that address fundamental questions in the field of cell and molecular biology and/or design creative approaches to test those hypotheses.
- Second, students will develop critical thinking and reasoning skills to interpret findings from the scientific literature and their own research data.

- Third, students will gain experience in multiple modes of science communication, including writing (research papers and literature reviews), oral presentations (talks at program seminars and research conferences), and visualization (figures in papers, talk slides, and poster presentations).
- Fourth, students will become responsible members of the scientific community through mentorship, workshops, and courses on ethical, rigorous, and reproducible conduct of research.
- Fifth, students will complete their studies within a collaborative and interdisciplinary environment with a curriculum designed to support cohorts of students distributed across colleges, departments and campuses at CSU.

Requirements Effective Fall 2024

A maximum of 30 credits at the master's degree level may be accepted toward the Ph.D. A professional post baccalaureate degree in Medicine, Veterinary Medicine, Dentistry, or Pharmacy may be accepted for a maximum of 30 credits.

Code	Title	Credits
Required Courses:		
CM 510	Introduction to Cell and Molecular Biology	1
CM 544/MIP 544	Reproducible Biomedical Research Methods	3
CM 792	Cell and Molecular Biology Seminar ^{1, 2}	4-10
CM 793	Seminar ^{1, 2}	4-10
Select one course from the following:		4
BC 563	Molecular Genetics	
BC 565	Molecular Regulation of Cell Function	
Select a minimum of five credits from the following:		5
ERHS 510/VS 510	Cancer Biology	
ERHS 611	Cancer Genetics	
ERHS 733	Environmental Carcinogenesis	
VS 718	Cancer Biology Clinical Practicum

Graduate Degree Program in Ecology

Graduate Degree Program in Ecology
Ruth Hufbauer, Director
Dawn Koschnitzki, Program Coordinator
Johnson Hall 102
Phone: 970-491-4373
ecology.colostate.edu (<https://ecology.colostate.edu/>)

The Graduate Degree Program in Ecology (GDPE) is a university-wide interdisciplinary program offering M.S. and Ph.D. degrees in Ecology.

The primary goal of the program is to provide training in current ecological methods, theories, concepts, controversies, and applications by drawing together individuals and synthesizing knowledge from a wider variety of traditional disciplinary areas of science. The program is a cooperative effort among over 155 faculty members from 17 departments and 6 colleges of the University who share a common interest in ecology.

Through the cooperation of the many academic departments and government agencies, the program offers a wide array of facilities, field research sites, equipment, and support services. Because of its location, one of the University's greatest resources is its accessibility to a wide variety of field study sites. Nearby major habitats include: shortgrass steppe and mixed grass prairies; sagebrush steppe; montane and subalpine meadows, forests; southwestern deserts; alpine peaks; river and lake systems; and numerous agroecosystems.

Students interested in joining the program should visit the Graduate Degree Program in Ecology website (<https://ecology.colostate.edu/>) for more information. Please also refer to the Graduate and Professional Bulletin.

Graduate Master's Programs

- Master of Science in Ecology, Plan A and Plan B

Ph.D.

- Ph.D in Ecology
- Ph.D in Ecology, Human-Environment Interactions Specialization

Courses

ECOL 505 Foundations of Ecology Credits: 3 (2-0-1)
Course Description: Overview of the science of ecology; what questions are asked, how they are answered.
Prerequisite: LAND 220 or LIFE 320 or NR 220 or LIFE 220.
Term Offered: Fall.
Grade Mode: Traditional.
Special Course Fee: No.

ECOL 571 Advanced Topics in Ecology Credits: Var[1-3] (0-0-0)

Course Description: Current research topics presented and analyzed by visiting scientists.

Prerequisite: None.

Registration Information: One course in ecological principles.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECOL 592 Interdisciplinary Seminar in Ecology Credits: Var[1-3] (0-0-0)

Course Description: Concepts and principles of basic and applied ecology in an interdisciplinary context.

Prerequisite: None.

Registration Information: One 300- or 400-level course in ecology.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECOL 600 Community Ecology Credits: 3 (2-0-1)

Course Description: Current theories and tests of the dynamics and regulation of plant and animal communities.

Prerequisite: (STAT 100 to 499 - at least 1 course) and (MATH 141 or MATH 155 to 161 - at least 1 course or MATH 255 to 261 - at least 1 course) and (LAND 220 or LIFE 320 or NR 220 or LIFE 220).

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and recitation.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECOL 610 Ecosystem Ecology Credits: 3 (3-0-0)

Course Description: Concepts, methods, issues in ecosystem science: energy and matter cycling; systems perspectives, simulation modeling, sustainability, global change.

Prerequisite: LIFE 320 or ECOL 000 to 9999 - at least 1 course.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECOL 620 Applications in Landscape Ecology Credits: 4 (2-2-1)

Course Description: Spatial patterning of landscape elements and dynamics of ecological systems; spatial heterogeneity. Influence on biotic and abiotic processes.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture, lab, and recitation.

Previous coursework in geographic information systems, ecology, statistics, and mathematics.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECOL 693 Research Seminar Credit: 1 (0-0-1)

Course Description: Critique of research programs, plans, and ecological theory.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ECOL 695 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECOL 698 Research Credits: Var[1-18] (0-0-0)

Course Description: Non-thesis research in ecology.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECOL 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECOL 799 Dissertation Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

[ecology.colostate.edu \(https://ecology.colostate.edu/\)](https://ecology.colostate.edu/)

The Graduate Degree Program in Ecology (GDPE) offers outstanding opportunities for graduate studies ecology. The overall objective of the M.S. in Ecology is to develop students to be science professionals who use their interdisciplinary problem-solving skills to address ecological challenges from local to global scales. Students enrolled in the Plan A (thesis option) program are engaged in independent and collaborative research guided by advisors in the program and aim to have their thesis work published in the peer-reviewed literature. The Plan B option provides a non-thesis alternative available upon special request.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the Graduate Degree Program in Ecology (<https://ecology.colostate.edu/>) website for more information.

Program Learning Objectives

The GDPE offers a thesis-based M.S. program (Plan A) that enables graduates to continue their education at the Ph.D. level or to seek employment in a wide range of careers including state and federal positions, non-profit organizations and environmental consulting.

The GDPE also offers a professional M.S. program (Plan B). This non-thesis-based degree focuses on coursework and a professional paper.

Successful graduates of the MS program demonstrate the following:

- 1. Broad knowledge of the fundamental areas of ecology as well as relevant basic biology and quantitative methods, achieved through required and elective coursework;
- 2. Ability to discriminate important and relevant ideas and facts and to place their work in a wide ecological context that incorporates diverse viewpoints;
- 3. Understanding and practice of research ethics, collaborative approaches, and broader issues related to social responsibility through coursework and research projects;
- 4. Proficiency in written communication as shown in the research proposal and thesis (Plan A), the professional paper (Plan B), and in oral communication as shown in presentations.

Institutional Learning Objectives

These Program Learning Objectives relate to the Institutional Learning Objectives (Reasoning, Communication, Responsibility and Creativity) in several ways:

- The first learning objective, focused on required and elective courses, develops Reasoning, Communication and Responsibility. For example, coursework addresses fosters analytic skills and the ability to ask effective questions, and using new knowledge or integrating across knowledge bases to develop innovative solutions to address societal challenges, as well as communicating scientific understanding.
- The second learning objective, focused on understanding different ideas and diverse viewpoints, relates to Creativity, Reasoning, and Responsibility. For example, placing work into broad context includes development and application of logic, and understanding the diversity of human experiences.
- The third learning objective, focused on Ethics and Collaboration, directly supports Reasoning, Responsibility and Collaboration, supporting student development on key aspects of working ethically within and for our diverse society.
- Finally, the fourth learning objective, focuses on Communication, both written and oral.

Plan A Effective Fall 2024

Code	Title	Credits
COMMON CORE COURSES		
ECOL 505	Foundations of Ecology	3
ECOL 571	Advanced Topics in Ecology	1
ECOL 592	Interdisciplinary Seminar in Ecology	1
ECOLOGICAL SUBDISCIPLINES		
Take a minimum of 3 credits not taken elsewhere in the program from courses in a subdiscipline of ecology. Students are encouraged to explore options across departments. Example courses offered by Ecology include the following:		3
ECOL 600	Community Ecology	
ECOL 610	Ecosystem Ecology	
ECOL 620	Applications in Landscape Ecology	
ECOLOGICAL TOOLS		
Take a minimum of 3 credits of any ecologically-relevant quantitative or qualitative course, as determined by student and committee. Students are encouraged to explore options across departments. Example courses include the following:		3

ESS 575	Models for Ecological Data
FW 663	Sampling & Analysis Vertebrate Populations
FW 673/STAT 673	Hierarchical Modeling in Ecology
GR 503/NR 503	Remote Sensing and Image Analysis
NR 505	Concepts in GIS
NR 512	Spatial Statistical Modeling-Natural Resources
NR 523/STAT 523	Quantitative Spatial Analysis
SOC 610	Seminar in Methods of Qualitative Analysis
STAR 511	Design and Data Analysis for Researchers I
STAR 512	Design and Data Analysis for Researchers II

PROFESSIONAL SKILLS 1

Take a minimum of 1 credit of a course (or workshop such as through TILT or the Graduate School combined with a credit of Independent Study (ECOL 695) that will enhance the student's professional development and/or skills based on professional goals, as determined by student and committee. Students are encouraged to explore options across departments and programs. Example courses include the following:

BZ 560	Teaching and Communicating Science
ECOL 693	Research Seminar
ECOL 695	Independent Study
GRAD 544	Ethical Conduct of Research

THESIS 1

Take a minimum of 1 credit.

ECOL 699	Thesis
----------	--------

ELECTIVES 17

Additional relevant coursework and credits as determined by student and committee to meet the minimum Graduate School Credit Requirements of 15 credits "Regular" coursework and 30 credits total. Students are encouraged to explore options across departments and programs.

Program Total Credits: 30

A minimum of 30 credits are required to complete this program.

Plan B Effective Fall 2023

Code	Title	Credits
REQUIRED COURSES		
ECOL 505	Foundations of Ecology	3
ECOL 571	Advanced Topics in Ecology	1
ECOL 592	Interdisciplinary Seminar in Ecology	1
ECOL 693	Research Seminar	1
ECOLOGY FUNDAMENTALS		
Select 6 credits not taken elsewhere in the program from the following:		6
ANTH 530	Human-Environment Interactions	
BZ 525	Advanced Conservation & Evolutionary Genomics	
BZ 526/BSPM 526	Evolutionary Ecology	
BZ 535	Behavioral and Cognitive Ecology	

BZ 548	Theory of Population and Evolutionary Ecology
ECOL 600	Community Ecology
ECOL 610	Ecosystem Ecology
ECOL 620	Applications in Landscape Ecology
ESS 575	Models for Ecological Data
ESS 660	Biogeochemical Cycling in Ecosystems
FW 662	Wildlife Population Dynamics
HORT 576	Advanced Environmental Plant Stress Physiology

ECOLOGY TOOLS

Select 3 credits not taken elsewhere in the program from the following: **3**

ANTH 554/ ESS 554	Ecological and Social Agent-based Modeling
AREC 535/ ECON 535	Applied Econometrics
AREC 635/ ECON 635	Econometric Theory I
AREC 735/ ECON 735	Econometric Theory II
ESS 565	Niche Models
CIVE 524/WR 524	Modeling Watershed Hydrology
ESS 575	Models for Ecological Data
FW 551	Design of Fish and Wildlife Studies
FW 552	Applied Sampling for Wildlife/Fish Studies
FW 663	Sampling & Analysis Vertebrate Populations
FW 673/STAT 673	Hierarchical Modeling in Ecology
GR 503/NR 503	Remote Sensing and Image Analysis
MATH 530	Mathematics for Scientists and Engineers
MATH 540	Dynamical Systems
NR 505	Concepts in GIS
NR 506	GIS Methods for Resource Management
NR 512	Spatial Statistical Modeling-Natural Resources
NR 523/STAT 523	Quantitative Spatial Analysis
NRRT 765	Applied Multivariate Analysis
SOCR 522	Micrometeorology
SOCR 620	Modeling Ecosystem Biogeochemistry
SOCR 670	Terrestrial Ecosystems Isotope Ecology
STAR 511	Design and Data Analysis for Researchers I
STAR 512	Design and Data Analysis for Researchers II
STAT 520	Introduction to Probability Theory
STAT 521	Stochastic Processes I
STAT 530	Mathematical Statistics
STAT 540	Data Analysis and Regression
STAT 544/ ERHS 544	Biostatistical Methods for Quantitative Data
STAT 560	Applied Multivariate Analysis
STAT 675A WR 674	Topics in Statistical Methods: Sampling Data Issues in Hydrology

ADDITIONAL ELECTIVES, AND INDEPENDENT STUDY	15
Program Total Credits:	30

A minimum of 30 credits are required to complete this program.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.

14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Ph.D. in Ecology

Graduate Degree Program in Ecology
Ruth Hufbauer, Director
Dawn Koschnitzki, Program Coordinator
Johnson Hall 102
Phone: 970-491-4373
ecology.colostate.edu (<https://ecology.colostate.edu/>)

The Graduate Degree Program in Ecology (GDPE) offers outstanding opportunities for graduate studies ecology. The overall objective of the PhD in Ecology program is to develop students as scientists and policy makers with interdisciplinary problem-solving skills to address global challenges in the ecological sciences from local to global scales. Students in the PhD program engage in independent and collaborative research guided by advisors in the program.

Program Learning Objectives

Students who earn a Ph.D. must demonstrate significant intellectual achievement, scholarly ability, and breadth of knowledge. Successful students in this Ph.D. program demonstrate the following:

1. Mastery of concepts and principles of ecology and working knowledge of relevant basic biology and quantitative methods, achieved through required and elective coursework;
2. Ability to critically review and interpret scientific information and originality in integrating that information to design ecological research. This is assessed through the research proposal and written and oral components of the Ph.D. preliminary examination;
3. Understanding and practice of research ethics, collaborative approaches, and broader issues related to social responsibility through coursework and research projects;
4. Proficiency in (1) written communication shown in the research proposal, dissertation and, ideally, peer-reviewed research articles and (2) oral communication shown in presentations at professional conferences or in the classroom, and the dissertation seminar.

Institutional Learning Objectives

These Program Learning Objectives relate to the CSU's Institutional Learning Objectives (Reasoning, Communication, Responsibility and Creativity) in several ways:

1. The first learning objective, focused mastery of concepts and principles of ecology gained through required and elective courses, develops Reasoning, Communication and Responsibility. For example, coursework fosters analytic skills and the ability to ask effective questions and using new knowledge or integrating across knowledge bases to develop innovative solutions to address societal challenges, as well as communicating scientific understanding.
2. The second learning objective, focused on understanding different ideas and diverse viewpoints, relates to Creativity, Reasoning, and Responsibility. For example, placing work into broad context includes development and application of logic, and understanding the diversity of human experiences.

3. The third learning objective, focused on ethics and collaboration, directly supports Reasoning, Responsibility and Collaboration, supporting student development on key aspects of working ethically within and for our diverse society.
4. Finally, the fourth learning objective, focuses on Communication, both written and oral.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the Graduate Degree Program in Ecology (<https://ecology.colostate.edu/>) website for more information.

Ph.D. in Ecology, Human-Environment Interactions Specialization

Graduate Degree Program in Ecology

Ruth Hufbauer, Director

Dawn Koschnitzki, Program Coordinator

Johnson Hall 102

Phone: 970-491-4373

ecology.colostate.edu (<https://ecology.colostate.edu/>)

The Graduate Degree Program in Ecology (GDPE) offers outstanding opportunities for graduate studies ecology, including social-environmental systems. Students can specialize in Human-Environment Interactions as part of their PhD in Ecology degree plan. The HEI program aims to develop students as scientists and policy makers with interdisciplinary problem-solving skills focused particularly on social-environmental approaches to addressing global challenges in the ecological sciences from local to global scales. Students specializing in Human-Environment Interactions engage in independent and collaborative research guided by advisors in the program.

Program Learning Objectives

Students who earn a Ph.D. must demonstrate significant intellectual achievement, scholarly ability, and breadth of knowledge. Successful students in this Ph.D. program demonstrate the following:

1. Mastery of concepts and principles of ecology and working knowledge of relevant basic biology and quantitative and qualitative methods, achieved through required and elective coursework;

2. Ability to critically review and interpret scientific information and originality in integrating that information to design research pertinent to human-ecological issues. This ability is assessed through the research proposal and written and oral components of the Ph.D. preliminary examination;
3. Understanding and practice of research ethics, collaborative approaches, and broader issues related to social responsibility through coursework and research projects;
4. Proficiency in (1) written communication shown in the research proposal, dissertation and, ideally, peer-reviewed research articles, and (2) oral communication shown in presentations at professional conferences or in the classroom, and the dissertation seminar;
5. Understanding of social-ecological systems and how humans interact and influence their environments, and how those environments affect humans, achieved through required and elective coursework;
6. Appreciation of the need to include diverse stakeholder or rightsholder voices in development of solutions that sustain livelihoods and the environment achieved through required and elective coursework.

Institutional Learning Objectives

These Program Learning Objectives relate to CSU's Institutional Learning Objectives (Reasoning, Communication, Responsibility and Creativity) in several ways:

1. The first learning objective, focused mastery of concepts and principles of ecology gained through required and elective courses, develops Reasoning, Communication and Responsibility. For example, coursework fosters analytic skills and the ability to ask effective questions and using new knowledge or integrating across knowledge bases to develop innovative solutions to address societal challenges, as well as communicating scientific understanding.
2. The second learning objective, focused on understanding different ideas and diverse viewpoints, relates to Creativity, Reasoning, and Responsibility. For example, placing work into broad context includes development and application of logic, and understanding the diversity of human experiences.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the Graduate Degree Program in Ecology (<https://ecology.colostate.edu/>) website for more information.

Code	Title	Credits
COMMON CORE COURSES		
ANTH 530	Human-Environment Interactions	3
ECOL 505	Foundations of Ecology	3
ECOL 571	Advanced Topics in Ecology ¹	2
ECOL 592	Interdisciplinary Seminar in Ecology ¹	2
ECOLOGICAL SUBDISCIPLINES		6

Take a minimum of 6 credits not taken elsewhere in the program from courses in a subdiscipline of ecology. Students are encouraged to explore options across departments. Example courses include the following:

ANTH 575	Paleoecology
BZ 525	Advanced Conservation & Evolutionary Genomics

BZ 526/BSPM 526	Evolutionary Ecology
BZ 548	Theory of Population and Evolutionary Ecology
BZ 535	Behavioral and Cognitive Ecology
ECOL 600	Community Ecology
ECOL 610	Ecosystem Ecology
ECOL 620	Applications in Landscape Ecology
ESS 660	Biogeochemical Cycling in Ecosystems
F 610	Advanced Forest Ecology
FW 562	Fish and Wildlife Population Dynamics

HUMAN-ENVIRONMENT INTERACTIONS **3**

Take a minimum of 3 credits to expand expertise in human-environment interactions. Example courses include the following:

ANTH 515	Culture and Environment
ANTH 529	Anthropology and Sustainable Development
ANTH 535	Globalization and Culture Change
ANTH 540	Medical Anthropology
ANTH 545	Global Mental Health—Theory and Method
ANTH 555	Paleoindian Archaeology
ANTH 571	Anthropology and Global Health
ANTH 572	Human Origins
NR 625	Community-Based Natural Resource Management
POLS 739	International Environmental Politics
SOC 668	Environmental Sociology

ECOLOGICAL TOOLS **3**

Take a minimum of 3 credits of any ecologically-relevant quantitative or qualitative course, as determined by student and committee. Students are encouraged to explore options across departments. Example courses include the following:

ESS 575	Models for Ecological Data
FW 663	Sampling & Analysis Vertebrate Populations
FW 673/STAT 673	Hierarchical Modeling in Ecology
NR 512	Spatial Statistical Modeling-Natural Resources
NR 523/STAT 523	Quantitative Spatial Analysis
STAR 511	Design and Data Analysis for Researchers I
STAR 512	Design and Data Analysis for Researchers II
EDRM 704	Qualitative Research
EDRM 706	Analysis of Variance—Education Research
POLS 621	Qualitative Methods in Political Science
SOC 610	Seminar in Methods of Qualitative Analysis

PROFESSIONAL SKILLS **1**

Take a minimum of 1 credit of a course (or workshop such as through TILT or the Graduate School combined with a credit of Independent Study (ECOL 695) that will enhance the student's professional development and/or skills based on professional goals, as determined by student and committee. Students are encouraged to explore options across departments and programs. Example courses include the following:

BZ 560	Teaching and Communicating Science
ECOL 693	Research Seminar

ECOL 695	Independent Study	
GRAD 544	Ethical Conduct of Research	
DISSERTATION		1
Take a minimum of one credit:		
ECOL 799	Dissertation	
ELECTIVES		48
Additional relevant coursework and credits as determined by student and committee to meet the minimum Graduate School Credit Requirements of 72 credits total. Students are encouraged to explore options across departments and programs.		
Program Total Credits:		72

A minimum of 72 credits are required to complete this program.

¹ Take one 2-credit offering or two 1-credit offerings; minimum 2 credits total to graduate.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Political Communication Interdisciplinary Minor

The Political Communication Interdisciplinary Minor is designed for students interested in the way ideas are communicated and shape the political process. It emphasizes the knowledge and abilities relevant to participation in political environments. The minor is particularly relevant for students interested in communication, law, politics, public administration, public deliberation, public policy, and other professions that deal with issues in public settings.

Coordinated by the Department of Political Science. For more information on declaring a minor in Political Communication, please visit Clark C346 or contact Lauren Tighe at lauren.tighe@colostate.edu.

Requirements Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
REQUIRED COURSES		
POLS 101	American Government and Politics (GT-SS1)	3
SPCM 420	Political Communication	3
POLITICAL SCIENCE		
Select 6-9 credits from the following: ¹		6-9
POLS 302	U.S. Political Parties and Elections	
POLS 303	Politics of Organized Interests	
POLS 304	Legislative Politics	
POLS 306	Executive Politics	
POLS 361	U.S. Environmental Politics and Policy	
POLS 362	Global Environmental Politics	
POLS 413	U.S. Civil Rights and Liberties	
POLS 422	Democratic Theory	
POLS 443	Comparative Social Movements	

POLS 460	Public Policy Process
POLS 462	Globalization, Sustainability, and Justice
COMMUNICATION STUDIES	
Select 6-9 credits from the following: ¹	
SPCM 337	Persuasion
SPCM 349	Freedom of Speech
SPCM 357	Film and Social Change
SPCM 401	Rhetoric in Social Movements
SPCM 407	Public Deliberation
SPCM 408	Applied Deliberative Techniques
SPCM 433	Communication in Organizations
SPCM 434	Intercultural Communication
Program Total Credits:	

21

¹ Students must complete 6 credits of required courses and a minimum total of 15 credits from the two course selection lists, as shown.

Political Economy Graduate Interdisciplinary Studies Program

Office in Clark, Room C346

The Department of Political Science (<https://polisci.colostate.edu/>)

Coordinated by a Faculty Advisory Board.

No new students are being admitted into this program. Interested students should visit the Graduate Certificate in Political Economy.

Requirements Effective Fall 2004

Additional coursework may be required due to prerequisites.

Code	Title	Credits

Public Health

Public Health

Sage Hall

(970) 491-5800

publichealth.colostate.edu (<http://publichealth.colostate.edu>)

Dr. Tracy Nelson, Director

Kendra Bigsby (kendra.bigsby@colostate.edu), Assistant Director

The Master of Public Health (MPH) degree is the primary professional degree in the field of public health. The MPH degree is intended for students who plan careers as practitioners and leaders in the field of public health. Core academic public health areas include biostatistics, epidemiology, environmental health, health services administration, and community and behavioral health.

The program is operated as one component of the Colorado School of Public Health (<http://www.ucdenver.edu/academics/colleges/PublicHealth/Pages/default.aspx>) (ColoradoSPH) which is a cooperative program between the University of Colorado (CU) Anschutz Medical

Campus, CSU, and the University of Northern Colorado (UNC). The ColoradoSPH is accredited by the Council on Education in Public Health. The program is an interdisciplinary Special Academic Unit at Colorado State University.

Areas of study at CSU include: animals, people, and the environment; epidemiology; global health and health disparities; health communication; physical activity and healthy lifestyles; and public health nutrition. Dual degree programs are available in veterinary medicine (DVM/MPH (<https://vetmedbiosci.colostate.edu/dvm/special-degree-programs/>)), social work (MSW/MPH (<http://publichealth.colostate.edu/dual-degree/mph-msw/>)) and a combined undergraduate program (BS/MPH (<https://publichealth.colostate.edu/dual-degree/bs-mph/>)) with multiple CSU undergraduate majors. The undergraduate Certificate in Public Health Sciences (<https://publichealth.colostate.edu/certificate/certificate-in-public-health-sciences/>) and the Graduate Certificate in One Health are also offered at the CSU campus of the ColoradoSPH.

Please note that individuals wishing to apply (<https://publichealth.colostate.edu/applications/>) to the general MPH or certificate programs through the Colorado School of Public Health at CSU **do not** apply to the CSU Graduate School. Applications are submitted through SOPHAS (<https://sophas.org/>), an online application portal for accredited programs and schools of public health. There are special application instructions for all of the dual degree programs.

More information on the Colorado School of Public Health, admissions requirements, and the degree options available at all three campuses can be found here. (<https://coloradosph.cuanschutz.edu/education/degrees-and-programs/>)

Detailed information about all of the academic options in the ColoradoSPH at the CSU campus can be found here (<https://publichealth.colostate.edu/academics/>).

Graduate Certificate in One Health

The Graduate Certificate in One Health increases the competence and ability of graduate students and professionals as they work in interdisciplinary teams to solve complex problems at the intersection of human, animal, and environmental health.

Learning Objectives

One Health emphasizes the integration between human, animal, and environmental health. The framework requires understanding across multiple disciplines working together at local, regional, national and global levels, and an ability to work in transdisciplinary teams.

Upon successful completion, students will be able to:

1. Describe genetic, biomedical, physiological, social, environmental, political, and economic factors that contribute to health and disease issues that can be solved using a One Health approach.
2. Develop an understanding of the multidisciplinary nature of the One Health framework.
3. Implement a systems thinking based approach to complex health problems that include human, animal, and environmental health.
4. Communicate with stakeholders and communities on the direct and indirect human, animal, and environmental impacts of hazards that are inherently One Health issues.
5. Identify and create collaborative relationships and research networks implementing the One Health approach in communities.

6. Recognize the roles of different members of a One Health team working at the human-animal-environment interface, and present how to assemble and manage such transdisciplinary team interactions.

Requirements Effective Fall 2024

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses:		
PBHL 540	One Health in Public Health	3
PBHL 642	One Health in Communities	3
SOC 696	Group Study	2
Electives (select a minimum of one course):		2-4
AGRI 546	Principles of Cooperative Extension	
AGRI 562/ SOC 562	Sociology of Food Systems and Agriculture	
ANTH 571	Anthropology and Global Health	
ERHS 501	Biological Basis of Public Health	
ERHS 549	Environmental Health Risk Assessment	
FSHN 500	Food Systems, Nutrition, and Food Security	
MIP 533/VS 533	Epidemiology of Infectious Diseases/ Zoonoses	
NR 505	Concepts in GIS

SOWK 557	Human-Animal Interventions–Grief and Loss	
PBHL 530	Environmental Public Health and Policy	
PBHL 570	Epidemiology for Public Health	
PBHL 644	Physical Activity and Public Health	
Program Total Credits:		10-12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Religious Studies Interdisciplinary Minor

Office in Clark, Room B-356
(970) 491-6335

Coordinated by a Faculty Advisory Board and the Department of History.

The Religious Studies Interdisciplinary Minor permits students to use electives to complete 21 credits from a list of approved courses from at least three different subject codes.

The program encompasses the major religious traditions of humankind. It enables students to integrate a field of special interest from offerings in religious studies and related areas. Students can study religion as viewed by different disciplines, e.g., philosophy, history, psychology, sociology, and anthropology. In addition, the program encourages students to view

religious phenomena in their cultural context through the media of music and the arts.

Learning Objectives

Upon successful completion of the Religious Studies Interdisciplinary Minor, students will have:

- 1. Grounding in the worldviews and practices of major religious traditions.
- 2. Detailed knowledge of their field(s) of interest based on the course offerings in the minor (chosen in consultation with a Religious Studies advisor).

Requirements
Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A minimum grade point average of 2.000 is required in courses selected for the program.

Code	Title	Credits
In consultation with a Religious Studies adviser, select 21 credits from the following. At least 12 credits must be upper-division (300- or 400-level). At least three subject codes are required.		21

Program Total Credits:**15**

A minimum of 15 credits are required to complete this program.

Russian Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104

(970) 491-6141

languages.colostate.edu/minors (<https://languages.colostate.edu/minors/>)

Coordinated by the Department of Languages, Literatures and Cultures

The Russian Studies Interdisciplinary Minor is designed to give students in-depth knowledge of various aspects of Russian language, literature, culture, history and artistic expression, definable by the students' own interests. Credits from study abroad programs will be appropriately evaluated and may be included as a valuable part of the overall program.

Requirements Effective Spring 2014

Of the 21 minimum credits required for the interdisciplinary minor, at least 15 must be upper-division (300- to 400-level). At least 12 credits must be from the subject code LRUS.

Additional coursework may be required due to prerequisites.

A minimum grade of C is required for each course counted toward the interdisciplinary minor.

Code	Title	Credits
Core Language Courses		
Select a minimum of 12 credits from the following courses. A minimum of 6 credits must be upper-division (300- to 400-level).		12
LRUS 101	First-Year Russian II	
LRUS 100	First-Year Russian I	
LRUS 200	Second-Year Russian I (GT-AH4)	
LRUS 201	Second-Year Russian II (GT-AH4)	
LRUS 250	Introduction to Russian Culture (GT-AH2)	
LRUS 296	Group Study-Russian ¹	
LRUS 304	Third-Year Russian I	
LRUS 305	Third-Year Russian II	
LRUS 350	Russian Culture	
LRUS 365	Introduction to Russian Cinema Studies	
LRUS 495	Independent Study-Russian	
LRUS 496	Group Study-Russian	
Upper-Division Selected Courses		
Select a minimum of 9 credits from the following:		9
E 452	Masterpieces of European Literature	
E 455	European Literature after 1900	
ECON 376	Marxist Economic Thought	
HIST 324	Imperial Russia	

HIST 329	Europe in Crisis, 1914-1941
LGEN 465C	Studies in Foreign Film: Europe
POLS 345	Russian, Central, and East European Politics

Program Total Credits: 21

¹ Course may count toward the interdisciplinary minor with approval of minor advisor.

Students may petition to include up to 12 credits of coursework from outside the courses listed here. Courses must be from at least three different subject codes. To count toward the interdisciplinary minor, 30 percent or more of the course content should focus on Russia. Students must submit a syllabus for each course being petitioned to the Department of Languages, Literatures and Cultures and a brief description of individual work completed by the student for each proposed course. Courses from study abroad programs will be evaluated as part of the overall program.

Sport Management Interdisciplinary Minor

The Sports Management Institute

Interdisciplinary Minor Coordinator/Instructor:

Taylor Sawyer

Clark B308

Taylor.Sawyer@colostate.edu

The Sport Management Interdisciplinary Minor will provide undergraduate students with an overview of the sport industry from an interdisciplinary perspective. Students in this minor will acquire skills in various aspects of the sport industry, including management and marketing of sport, sport law, diversity management, and leadership. Students participating in the minor will be exposed to theory-to-practice content through an emphasis on case studies pedagogical approaches. Student will also have the opportunity to engage in experiential learning.

Learning Objectives

Students will:

1. Identify and analyze ethical, legal, and socio-cultural issues, and formulate responses for use in managerial decision making and policy determinations in sport.
2. Identify and apply organizational theories and frameworks to the practice of sport management leadership and policy.
3. Respond to and engage collaboratively with diverse stakeholders and communities to address social challenges.
4. Employ appropriate methodologies and techniques manage strategic planning, as well as financial and human resource management.
5. Assess marketing and media needs and formulate short term and long-term solutions.
6. Develop and demonstrate, execute, and evaluate a sports event.
7. Reflect critically and develop collaborative solutions to address challenges of emerging issues concerning sport management and policy.

Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
SPMT 201	Introduction to Sport Management	3
SPMT 240	Executing Influence in Sport Organizations	3

SPCM 300	Advanced Public Speaking	3
SPCM 333	Professional Communication	3
SPCM 347	Visual Communication	3
SPCM 436	Conflict Management and Communication	3

¹ Registration for IU 487 depends upon student receiving approval of site location from the program's internship coordinator. Students are responsible for securing an internship and there is not a presumption that Sport Management faculty and/or the internship coordinator will be responsible for guaranteeing a specific internship experience. If a student is not able to obtain an internship site prior to the start of the semester, they must take additional upper-division (300- to 400-level) credits. A course substitute for IU487 must be approved by the minor advisor, internship coordinator, and/or the program director.

² Select enough credits from the Electives list to bring the program total to a minimum of 21 credits.

Sustainable Energy Interdisciplinary Minor

108 Johnson Hall
(970) 492-4215

Coordinated by the School of Global Environmental Sustainability (<http://sustainability.colostate.edu/>).

The Sustainable Energy Interdisciplinary Minor offers undergraduate students, regardless of their major, an opportunity to gain a deeper knowledge of the many dimensions of sustainable energy. Students will complete 21 credits (at least 12 upper-division credits) in core and elective courses that are relevant to the technical, environmental, and social science issues as we transition to a sustainable energy future.

Learning Objectives

Upon successful completion, students will be able to:

1. Explain fundamental concepts of energy, including energy quantities, units, conversion, and efficiency.
2. Describe, at a basic level, the science underlying each of the major energy sources.
3. Articulate the environmental impacts of producing and consuming energy.
4. Analyze the relevance of economic, social, and policy considerations to energy production and consumption.
5. Evaluate the sustainability of energy resources.

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Core Courses		
GES 101	Foundations of Environmental Sustainability	3
GES 141	Introduction to Sustainable Energy	3
GES 441	Analysis of Sustainable Energy Solutions	3

SYSE 530	Overview of Systems Engineering Processes	3
SYSE 532/ECE 532	Dynamics of Complex Engineering Systems	3

¹ At least 9 of the 12 credits required between the two Course Lists must be upper-division (300- to 400- level) credits.

Sustainable Water Interdisciplinary Minor

Office in Engineering Building, Room E102
watercenter.colostate.edu (<http://watercenter.colostate.edu>)

Coordinated by the Colorado Water Center in partnership with the School of Global Environmental Sustainability.

Water is a complex, interdisciplinary topic that is critical to our economic, societal, and environmental well-being. Issues surrounding water supply, water quality, and ecological relationships have become increasingly important in Colorado, the American West, and internationally as water demands increase. The complexity of these issues and competition among various water users demands that students interested in pursuing careers in water gain a broad introduction to the issues while specializing in a particular discipline.

CSU has developed considerable water resources expertise in many academic fields over the past century. The Sustainable Water Interdisciplinary Minor (SWIM) requires 21 credits and a minimum of 12 upper-division (300- 400-level) courses which allow undergraduates to take advantage of this expertise and broaden their background in water resources to prepare for employment or graduate-level work.

Learning Objectives

Upon successful completion, students will be able to:

1. Describe the physical and biological basis for sustainable water resources.
2. Explain basic concepts in watershed function.
3. Analyze and discuss important issues in the economics and policies of water resources.
4. Apply knowledge and skills from their major discipline to water-related issues.

Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Core Courses (9 credits)

Women's Study Interdisciplinary Minor

Eddy 210
(970) 491-5818
womensstudies.colostate.edu

Coordinated by Dr. Sushmita Chatterjee

The world is complex, interconnected, and interdependent, which complicates how we understand and relate to one another. That's why a Women's Study Interdisciplinary Minor is important. By exploring the way gender intersects with sexuality, race, ethnicity, class, ability, religion, and nationality, our students come to better understand personal and political identities, a critical component to understanding how power and privilege play out in work, politics, and culture.

The Women's Study Interdisciplinary Minor prepares individuals for the needs and opportunities of a changing world by building awareness of the range of human experience, potential, and accomplishment that place women and gender at the center of inquiry. Women's Studies transform disciplinary assumptions and theories, create innovative models for teaching and research, and develop practices for challenging systems of power and privilege.

Students interested in pursuing the Women's Study Interdisciplinary Minor should contact the Center for Women's Studies and Gender Research (<http://womensstudies.colostate.edu/>). Completion of requirements will be noted on the student's permanent record.

Learning Objectives

Through courses in Anthropology, Art, Economics, English, Ethnic Studies, Psychology, Sociology, and other related fields that specifically focus on women and gender dynamics, students will:

1. Explore academic disciplines from a feminist and gender studies perspective;
2. Develop an appreciation of the historic and contemporary contributions of women and gender in culture;
3. Understand the ideological assumptions regarding women and gender implicit in social institutions;
4. Recognize how multiple systems of power and privilege intersect in our everyday lives; and
5. Acquire knowledge and skills necessary for physical, social, and emotional well-being.

Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students enrolled in the undergraduate Women's Study Interdisciplinary Minor are required to earn a grade of C (2.000) or better in each course completed for undergraduate minor credit.

Code	Title	Credits

Program Total Credits:		21

¹ Courses may not be used to satisfy both the "Intersectionality of Race, Sexuality, and Gender" and the "Elective Courses" categories. At least 6 of the 12 credits required for these course selections must be upper-division (300- to 400-level).

Associate of General Studies Colorado Re-Engaged (CORE) Initiative

The Colorado Re-Engaged (CORE (<https://cdhe.colorado.gov/students/attending-college/colorado-re-engaged-core-initiative/>)) Initiative (HB 21-1330 (<https://leg.colorado.gov/bills/hb21-1330/>)) allows four-year institutions in the State of Colorado to award an associate degree to eligible students who have stopped-out from a baccalaureate program after earning at least 70 credit hours.

Eligibility

Eligibility for a degree through the Colorado Re-Engaged (CORE (<https://cdhe.colorado.gov/students/attending-college/colorado-re-engaged-core-initiative/>)) Initiative is outlined through HB 21-1330 (<https://leg.colorado.gov/bills/hb21-1330/>). The Office of the Registrar will determine student eligibility for an Associate of General Studies (A.G.S.) and work to contact students based on their contact information within our student information system. Students are required to confirm their desire to have their AGS degree awarded prior to CSU issuing the credential.

Student eligibility requirements:

- Earned at least 70 credit hours
- Did not earn a bachelor's degree from CSU or another four-year institution
- Stopped-out (unenrolled) from a bachelor's program for at least two consecutive semesters; summer terms do not apply
- Stopped-out within the last 10 years
- Cannot be eligible for an associate degree through Colorado's Reverse Transfer program (i.e., earned 15 or more credits from a Colorado two-year institution before transferring to the four-year institution)

Students meeting CORE eligibility requirements will be awarded an Associate of General Studies from Colorado State University.

- Associate of General Studies eligibility – student completed at least 15 credits of distributed GT Pathway General Education coursework as it applies to the CSU All University Core Curriculum (AUCC) and a total of 15 credits in residence at CSU, in addition to having a total of 70 semester credits on record.*

Learn more by visiting the Colorado Re-Engaged (CORE (<https://cdhe.colorado.gov/students/attending-college/colorado-re-engaged-core-initiative/>)) Initiative website.

**Note: Students who have been awarded the AGS degree and return to CSU to earn a bachelor's degree will be required to complete any remaining AUCC requirements.*

Requirements Effective Fall 2023

Students must have completed a total of 70 credits, and 15 of those credits must have been completed at CSU for eligibility to be awarded the AGS degree at CSU.

Division of Armed Forces Services

Department of Aerospace Studies
Department of Military Science

Reserve Officers' Training Corps (ROTC)

History

An Act of Congress dated July 2, 1862, provided for military science and tactics instruction in federal land-grant colleges. Such instruction has been given at Colorado State University since its establishment.

In 1919, the Department of Military Science and Tactics of the institution was included in the Reserve Officers' Training Corps under the provisions of the First National Defense Act, July 3, 1916. The ROTC Vitalization Act of 1964 provides for a two-year ROTC program in addition to the traditional four-year program and authorizes ROTC scholarships.

General Information

The Army and Air Force four-year programs complement the four college years and include one summer encampment. Students satisfactorily completing Army or Air Force departmental requirements will be commissioned as second lieutenants in the Army, Air Force, or Space Force.

Additionally, the Army offers a two-year program whereby a student may earn a commission after completing two years of ROTC training during the junior and senior undergraduate years or during a two-year graduate degree program. This program is designed for transfer students or students unable to take ROTC training during their freshman and sophomore years. The minimum time needed in Air Force ROTC is three years.

Each student entering the junior year (freshman or sophomore year if a scholarship recipient) of ROTC enlists in the Army or Air Force Reserve and signs a contract. This contract includes a military service commitment and obligates the student to complete the junior and senior year ROTC courses, and to accept a commission as a second lieutenant. Army contracted cadets receive a tax-free stipend of \$420 per month. Air Force contracted cadets receive a monthly stipend amount based on the AS class level: Freshman \$300, Sophomore \$350, Junior \$450, and Senior \$500. The Aerospace Studies Air force ROTC book stipend is now \$900.

Some graduates defer active duty until the attainment of graduate degrees. Opportunities also exist for graduate study while on active duty. Active duty officers may be selected for enrollment at civilian universities in graduate degree programs. When selected, such study is accomplished with full pay and allowances for an officer.

Purpose

The purpose of the Army and Air Force ROTC courses is to develop leadership capabilities, to provide expertise in organizational skills, and to qualify students for duty as officers with the Armed Forces of the United States. The courses are designed to develop self-confidence, initiative, leadership skills, critical thinking skills, and a sense of duty and honor as a citizen and potential future officer.

College Scholarship Program

Scholarships are available to qualifying students entering or enrolled in the University Air Force or Army ROTC programs. Scholarship consideration is predicated on student ability, performance, and potential. In order to accept the scholarship, if offered, the student must enroll in ROTC, be medically qualified for military service, pass a physical fitness test, and take an oath to defend the constitution of the United States. These ROTC scholarships may provide payment of up to full tuition (resident and non-resident), laboratory expenses, mandatory fees, a textbook allowance of \$900 (Air Force) and \$1,200 (Army) per year, and the tax free stipend described above.

Details of the scholarship program may be obtained online through the Air Force (<http://afrotc.com/>) and Army (<http://www.goarmy.com/rotc/ways-to-attend.html>), and from the ROTC department concerned. Refer to the department listings for names of persons who can supply additional information.

airforce.colostate.edu (<http://airforce.colostate.edu>)
afrotc.com (<http://afrotc.com>)

Colonel Gregg Johnson, USAF, Professor of Aerospace Studies

Minor in Aerospace Studies

Air Force ROTC

The mission of the Air Force ROTC program is to develop and produce leaders of character for the Air and Space Forces. Enrollment is open to any student attending the University on a full-time basis. The curriculum provides the individual with a firm understanding of the concepts of aerospace power and the Air Force mission, organization, and operation.

Enrollment in AFROTC is voluntary and accomplished through the fall and spring registration periods. Scholarships are available in many academic disciplines on a competitive basis. Approximately one-half of the students hold scholarships. Depending on the semester, approximately 40% of the cadet corps consists of women. All Air and Space Force career fields are open to women, including pilot and special warfare positions.

General Program

The four-year program consists of the General Military Course (GMC) during the freshman and sophomore years and the Professional Officer Course (POC) for the remaining two years of college. Enrolled students are referred to as cadets. Compressed options may be available for students starting after their freshman year. Four-year cadets participate in a two-week field training period during the summer between their sophomore and junior years. Students may enroll in the Aerospace Studies courses for credit or to earn a minor; however, they are not considered members of Air Force ROTC.

Scholarships

Air Force ROTC offers college students scholarships to assist with tuition, fees, and books. In addition, all cadets on scholarship receive a nontaxable monthly allowance during the academic year. The program is open to college freshmen and sophomores. Learn more about Air Force ROTC College Scholarships (<https://www.afrotc.com/scholarships/college/types/>).

Summer Programs

Air Force ROTC offers many summer programs for professional development. Before completing the ROTC program all cadets must complete field training, which is a rigorous two-week program involving physical conditioning, weapons training, and survival training. Field training is also an opportunity to develop skills as both a leader and a team member. In addition to this, cadets may choose to participate in other experiences, and will be able to tell their friends that they did something truly amazing. These summer programs include: freefall parachuting, advanced engineering, NASA research, nurse orientation, cultural and language immersion programs, and several others. Along with the experience of a lifetime, cadets will receive travel to and from the location, room and board, and daily training pay.

Active Duty Obligation

There is no active duty obligation for enrolling in either the freshman or sophomore AFROTC courses. Cadets who complete the Air Force ROTC program and receive a commission incur a minimum four-year, active duty commitment. Pilots, Combat System Operators, and Air Battle Managers serve additional commitments from the time they complete their training.

Minor in Aerospace Studies

The minor in Aerospace Studies is offered to any student completing the program requirements. In addition to studying Air Force organizations, missions, and operations, students will gain a broad perspective of the military in general by studying the history of all Department of Defense Services and completing at least one Army ROTC course, thus emphasizing our country's focus on "joint" military operations.

Requirements
Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Department of Military Science

Military Science Building, Room 101
(970) 491-1640
armyrotc.colostate.edu (<http://armyrotc.colostate.edu>)

Mr. Al Armonda, Recruiting Operations Officer

Minor in Military Science

Army ROTC

The Army ROTC program provides professional education and executive leadership training to those students who desire to serve our country as officers in the U.S. Army upon graduation. Successful completion of the program qualifies ROTC cadets for both a commission as a second lieutenant in the Army and an opportunity to serve at least four years on

active duty or at least six years in the reserve component (Army Reserve or Army National Guard).

The successful ROTC cadet may choose one of the 17 diverse and exciting career fields in which to serve as an Army officer. A list of these career fields may be obtained from the Department of Military Science.

General Program

The Military Science program is subdivided into two levels. The Basic Course is aligned with the freshman and sophomore years and consists of the fundamentals of leadership and management, critical thinking, land navigation, small unit operations, and rappelling. The Advanced Course is aligned with the junior and senior years and covers leadership assessment, military history, ethics, and the Army as a profession. It also includes leadership skills that prepare the cadet for entry into active or reserve duty as a commissioned officer. Participation in leadership laboratories is open to all students who are enrolled in a military science class.

Two-Year and Graduate Degree Programs

A two-year program is available for students who have not taken the first two years of ROTC, or for those who have completed an undergraduate degree and are seeking a two-year graduate program. This program requires the student to attend a summer course at Fort Knox, Kentucky.

The four-week summer course, taken between the sophomore and junior years or prior to starting a graduate degree program, consists of basic military training and allows the student to enter the Advanced Course upon return to campus. The completion of basic training during prior enlisted service will also serve as qualification to enter the two-year Advanced Course.

Another option to attain an officer's commission is through the Simultaneous Membership Program (SMP). This program allows a cadet who is a member of an Army Reserve or Army National Guard unit to be in the Advanced Course of ROTC, be paid at the cadet drill pay rate (equivalent to E-5 pay), work as an officer trainee in their unit, and compete for an Army Reserve component or active duty commission. Students can also receive the GI Bill® and tuition assistance benefits while in Army ROTC.

The Military Science curriculum is intended to enrich and supplement baccalaureate or postgraduate studies in all fields. The Army recognizes the need for officers with varied academic credentials and will award a commission to students who successfully complete ROTC.

Flight Training

After commissioning, flight training is available, although competitive, to those officers who have taken and passed the flight physical and flight aptitude test and have been selected for service within the Aviation Branch. The flight aptitude test is typically administered during the MS III or junior year of ROTC. Training will be rotary wing (helicopter) training.

Scholarships

CSU Army ROTC cadets may be awarded scholarships that pay full tuition (in-state or out-of-state), mandatory fees, \$1,200 per year for books and a stipend (living allowance) of \$420 per month. Applications for the four-year scholarship can be requested by applying online (<http://www.goarmy.com/rotc/scholarships.html>). Two- and three-year scholarships, for sophomores and freshmen respectively, may be applied

for throughout the school year directly through the on-campus Army ROTC Program.

Financial Assistance Opportunities

In addition to two-, three-, and four-year scholarships, Army ROTC has the Simultaneous Membership Program (SMP), which provides additional experience and financial assistance from two sources: a National Guard or Reserve unit and Army ROTC. SMP students may also qualify for GI Bill® benefits, loan repayment money, and up to 100% tuition assistance, based on available funding and service time.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill> (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.benefits.va.gov%2Fgibill&data=05%7C01%7CSusan.Horan%40colostate.edu%7Cad86e7ad102a4a1d042e08da7ef109c4%7Caf58802ff7a4bb1ab21367ff2ecfc8%7C0%7C0%7C637961870958758551%7CUnknown%7CTWFPbGZsb3d8eyJWljoimC4wLjAwMDAiLCJQJljoiv2luMzliLCJBtIl6lk1haWwILC%7C3000%7C%7C%7C&sdata=RvO4TySI1gPL23E03vx3172fJX2vPDPJ2WV2276yghw%3D&reserved=0>).

Minor in Military Science

The Army ROTC program provides professional education and leadership training to those students who desire to serve our country as officers in the U.S. Army upon graduation. Successful completion of the program qualifies ROTC cadets for both a commission as a second lieutenant in the Army and an opportunity to serve at least four years on active duty or at least six years in the reserve component (Army Reserve or Army National Guard).

Learning Objectives

Upon successful completion, students will be able to:

1. Recognize and synthesize Army Values and the tenants of the Army Warrior Ethos in their decision making.
2. Demonstrate the ability to plan, prepare, execute and assess platoon-level training strategies.
3. Recognize and analyze ambiguous situations and develop solutions to tactical, ethical, and leadership problems.
4. Demonstrate the ability to build and sustain multi-functional teams in a complex, uncertain environment and be able to accomplish the mission within the commander's intent.
5. Assess the impacts and anticipate the consequences of cultural differences on military operations.
6. Analyze and synthesize the communication process to effectively communicate as a leader.
7. Demonstrate leader responsibilities in the Comprehensive Soldier and Family Fitness program to reduce and manage stress (spiritual, psychological, physical).

Requirements Effective Fall 2017

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete 21 of the total credits offered for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

To receive a minor in Military Science, students must commission as 2nd Lieutenants in the U.S. Army upon graduation from CSU.

Code	Title	Credits

¹ MLSC 250 requires attendance at the five-week basic camp and can be applied toward lower division credits.

² Students may be given transfer credit for prior military service that can be applied to lower division credits.

Environmental Studies and Sustainability

The broad spectrum of environmental studies at CSU is uniquely dispersed in 100 majors and concentrations housed in departments throughout CSU. As a land-grant institution, a key component of CSU's mission is to provide education in environmental management, science, and policy. It is difficult to find a degree or department that does not directly address environmental issues at local, national, and international scales. Campus-wide participation in environmental science and management is a result of fundamental linkages between basic science and management of critical environmental issues. Consequently, a unique strength of CSU is a tradition of interdisciplinary research, teaching, and service, which is essential in understanding the environmental issues of today's world.

Programs engaged in environmental studies at CSU have goals that include:

- Understanding that scientific knowledge, policy considerations, and ethical issues are necessarily joined;
- Comprehending the interrelationships among the environment, natural resources, and human society.
- Perceiving the need to integrate diverse social, political, legal, institutional, and scientific considerations inherent in attaining environmental goals;
- Educating students to be articulate, sensitive, and knowledgeable about the complexity of environmental issues facing society;
- Providing a balanced understanding of the natural and social processes as they relate to the environment.

Some examples of the many areas in environmental studies at CSU are: agricultural business; air pollution assessment and management; air quality; biological control and pest management; global climate change; biodiversity and conservation biology; biomedical engineering; ecology and ecosystem management; ecotourism; ecotoxicology; environmental communication; environmental engineering; environmental ethics; environmental history and policy analysis; environmental horticulture; environmental soil science; environmental geology, land ethics, and stewardship; environmental sociology; natural resource economics; natural resources and environmental management; natural resource tourism; occupational health and workplace management/control; park and protected areas management; pesticide management; pollution control; reproductive and environmental risk factors; risk assessment and management; solid and hazardous waste management; sustainable building design and construction; and water chemistry, quality, and management.

CSU is also, proudly, one of the most sustainable universities in the world (https://source.colostate.edu/colorado-state-university-makes-it-four-in-a-row-for-sustainability-earns-fourth-consecutive-platinum-stars-designation/?utm_source=newsletter&utm_medium=email&utm_term=https://source.colostate.edu/colorado-state-university-makes-it-four-in-a-row-for-sustainability-earns-fourth-consecutive-platinum-stars-designation). We were the first university in the nation to receive a Platinum designation – the highest available – from the Association for the Advancement of Sustainability in Higher Education (AASHE) (<https://www.aashe.org/>), and we earned our fourth Platinum rating in 2023. CSU has the best interdisciplinary sustainability curriculum among all institutions listed

in the AASHE's 2023 Sustainable Campus Index Ratings (<https://www.aashe.org/resources/sustainable-campus-index/>).

Each of CSU's eight colleges offer at least one sustainability-related major or minor, along with multiple concentration and certificate options. The programs at CSU that engage in environmental studies and sustainability are incorporated within existing programs in the following colleges/departments:

College of Agricultural Sciences

Departments: Agricultural and Resource Economics; Agricultural Biology; Animal Sciences; Horticulture and Landscape Architecture; Soil and Crop Sciences

The College of Agricultural Sciences engages students in participatory learning through 48 sustainability-focused academic programs and a network of 10 research centers around the state, preparing them to meet global challenges in food safety, food security, wellness and economic prosperity through the sustainable use of natural resources.

College of Business

Departments: Accounting; Computer Information Systems; Finance and Real Estate; Management; Marketing

The College of Business has a mission of focusing on Business for a Better World (<https://biz.colostate.edu/about/mission-vision/>), encompassing developing the next generation of business leaders to create sustainable solutions balancing social, environmental and economic needs. At the graduate level, the College offers a Graduate Certificate in Sustainable Business. The college also offers the Impact MBA, a STEM-designated, sustainability-focused degree to help professionals across industries address our most pressing needs from climate change to food insecurity. At the undergraduate level, the college offers a Major in Business Administration, Sustainable Business Concentration.

College of Health and Human Sciences

Departments: Construction Management; Design & Merchandising; School of Education; Food Science and Human Nutrition; Health and Exercise Science; Human Development and Family Studies; Occupational Therapy; School of Social Work

The Department of Design and Merchandising focuses on sustainability and social responsibility in the apparel industry. In the Department of Construction Management, sustainability is part of the industry standard and is integrated throughout the curriculum. The College's Institute for the Built Environment (<https://ibe.colostate.edu/>) consults on developing healthy, sustainable buildings and communities.

College of Liberal Arts

Departments: Anthropology & Geography; Art and Art History; Communication Studies; Economics; English; Race, Gender, and Ethnic Studies; History; Journalism and Media Communication; Languages, Literatures, and Cultures; School of Music, Theatre, and Dance; Philosophy; Political Science; Sociology

The College of Liberal Arts has over 120 courses that focus on or include sustainability. At the undergraduate level, the college offers an Environmental Studies in Liberal Arts Interdisciplinary Minor and a summer program in Environmental Humanities (<https://www.libarts.colostate.edu/environmental-humanities/>). The Department

of Sociology offers a Major in Sociology, Environmental Sociology Concentration. At the graduate level, the Department of Political Science offers a Ph.D. program in Environmental Politics and Policy.

College of Natural Sciences

Departments: Biochemistry and Molecular Biology; Biology; Chemistry; Computer Science; Mathematics; Physics; Psychology; Statistics

The College of Natural Sciences advances sustainability at every level – from the chemical development of infinitely recyclable plastics to the physics behind new solar energy technology, to investigating how ecosystems respond to climate changes – Natural Sciences infuses sustainability throughout its educational programs, research, and community outreach. The Department of Chemistry offers a Major in Chemistry, Sustainable Chemistry Concentration.

College of Veterinary Medicine and Biomedical Sciences

Departments: Biomedical Sciences; Clinical Sciences; Environmental and Radiological Health Sciences; Microbiology, Immunology, and Pathology

The College of Veterinary Medicine and Biomedical Sciences is home to an Environmental Health program as well as the CSU Honeybee Veterinary Medicine Club and the Center for Environmental Medicine (https://green.colostate.edu/research_area/toxicology-and-environmental-and-occupational-health/).

Walter Scott, Jr. College of Engineering

Departments: Atmospheric Science; School of Biomedical Engineering; Chemical and Biological Engineering; Civil and Environmental Engineering; Electrical and Computer Engineering; Mechanical Engineering; Systems Engineering

Dozens of faculty members conduct research related to environmental sustainability, including decarbonization, water management, and the food-energy-water nexus. The college is home to the CSU chapter of Engineers Without Borders (<https://www.engr.colostate.edu/organizations/ewb/>) (called Rams Without Borders) and significant climate/weather research through one of the nation's premier Atmospheric Science departments and the Cooperative Institute for Research in the Atmosphere, or CIRA (<https://www.cira.colostate.edu/>), which is a partnership with NOAA. At the undergraduate level, the Department of Chemical and Biological Engineering offers a Major in Chemical and Biological Engineering, Sustainable Engineering Concentration, and the Department of Civil and Environmental Engineering offers a Major in Environmental Engineering.

Warner College of Natural Resources

Departments: Ecosystem Science and Sustainability; Fish, Wildlife, and Conservation Biology; Forest and Rangeland Stewardship; Geosciences; Human Dimensions of Natural Resources

Warner College of Natural Resources is one of the largest and most comprehensive natural resource colleges in the nation. Offering students the opportunity to immerse themselves in their environmental fields of choice, Warner College is a leader in natural resources education, outreach, and research both in Colorado and around the world. Warner College of Natural Resources offers over 160 courses that focus on or include sustainability, as well as a Master's degree and Ph.D. in Ecosystem Sustainability. WCNR also offers programs in Watershed

Science and Sustainability, Wildlife Conservation Actions, Forest Sciences, Natural Resources Stewardship, Rangeland Ecosystem Science, Fire and Emergency Services Administration, Restoration Ecology, Environmental Leadership, Conservation Leadership, Park and Protected Area Management, and Natural Resource Tourism.

In addition, CSU offers an Exploratory Studies: Environmental/Natural Resource Interest for students who first wish to explore options with environmental studies campus-wide before selecting a major (contact the Warner College of Natural Resources for more information on the Exploratory Studies option). For further information about specific environmental and sustainability-focused majors, please contact the respective college/department and see their program descriptions within this catalog.

School of Global Environmental Sustainability (SoGES)

Office in Johnson Hall, Room 108
(970) 491-4070

The **School of Global Environmental Sustainability** (<http://sustainability.colostate.edu/>) (SoGES) seeks to prepare students to meet today's pressing environmental challenges. Using an interdisciplinary approach within a framework of sustainability, students will be led in innovative research leading to the knowledge and understanding needed to approach and solve problems of the human-environment interaction. SoGES' vision encompasses laying the foundation and defining the principles and practices that will ensure long-term environmental sustainability, while continuing to meet the needs of people around the earth. SoGES offers the following programs:

Interdisciplinary Minors

- Global Environmental Sustainability Interdisciplinary Minor
- Role of Sustainability in Peace and Reconciliation Interdisciplinary Minor
- Sustainable Energy Interdisciplinary Minor
- Sustainable Water Interdisciplinary Minor

Certificates

- Graduate Certificate in Applied Global Stability: Agriculture
- [Graduate Certificate](#) in Applied Global Stability: [Natural Resources](#)
- Graduate Certificate in Applied Global Stability: Water Resources

Graduate Interdisciplinary Studies Program

- Sustainable Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program

The Office for Undergraduate Research and Artistry's Mentored Research and Artistry Distinction

Program Background

The faculty, staff, and students at CSU are actively engaged in a wide range of scholarly activities that both anticipate and respond to the interests and needs of the people of Colorado, the nation, and the world. In these endeavors, we are recognized as one of the most highly rated public research universities in the United States. Faculty, staff, and students at CSU are pioneers in a variety of disciplines that help shape

our global environment. The Mentored Research and Artistry Distinction provides a structure for undergraduate students to engage in these activities. Whether investigating infectious disease or the benefits of music therapy, international economics, or regional climate change, every undergraduate is encouraged to contribute to the scholarly output of CSU.

Students who graduate with this distinction will have:

- Participated in a mentored experience in addition to their normal degree coursework that allows them to engage in authentic research or artistic work.
- Made meaningful, unique contributions to their field or discipline that they have shared with an audience (public or discipline-based).
- Learned about and engaged in multiple aspects of the research or creative enterprise, from inception to dissemination.
- Gained transferable skills and be better prepared to enter graduate programs and the work force.

Program Philosophy

Aristotle noted, “For the things we have to learn before we can do them, we learn by doing them.” The development and application of new knowledge plays an essential role at research-intensive universities, enhancing both learning and teaching. The Mentored Research and Artistry Distinction allows students to initiate a learning experience under the close guidance of a faculty mentor. Research and artistry, as an extension of the learning experience beyond the classroom, leads to the acquisition of skills and unique mindsets necessary to create new ideas and expand human knowledge. Through inquiry, students become their own teachers pursuing answers to unresolved questions and enriching their educational experience. For example, a student may use techniques learned in a chemical engineering laboratory to explore alternatives for clean energy. Another student might expand the technical repertoire of acrylic painting in the context of experimenting on canvas. In all cases, each student’s path to new knowledge is enhanced with the guidance and experience of a mentor. The role of faculty mentors in undergraduate inquiry is to provide input, feedback, and support while guiding students in the responsible and ethical pursuit of new knowledge and experiences.

Main Features

The goal of the Mentored Research and Artistry Distinction (MRAD) is to promote and deepen undergraduate inquiry and creativity at CSU, while recognizing student excellence in undergraduate research, artistry, and other creative work. The experience and designation allow students to distinguish themselves as undergraduate scholars and artists in their disciplines. The program recognizes that exemplary student scholarship encompasses a depth of knowledge in the discipline, strong skills of inquiry, an understanding of ethics, responsiveness to arts and culture (artistry) and strong skills in communication. The MRAD is adaptable to any field in which a student wishes to conduct creative scholarship (research and artistry). The criteria for completion are rigorous, ensuring that only the most dedicated students receive the distinction of Mentored Research and Artistry on their transcript. Students earn the right to wear the Mentored Research and Artistry Distinction’s Silver cords with their graduation regalia and of listing this distinction among their academic achievements.

Contact

Dr. Louise C. Allen, Program Director
Office for Undergraduate Research and Artistry (OURA), The Institute for Learning and Teaching (TILT)

Colorado State University
970-491-5782
tilt.colostate.edu/oura

Requirements

To be awarded the distinction, the following seven (7) requirements must be satisfied.

1. At least two semesters of mentored research or artistry documented by a letter of support from the mentor
2. Service to research/artistry on campus or engagement with community
3. Active participation in a service organization or a registered student organization relevant to their discipline
4. Participation in at least 5 OURA Undergrad Workshops (students can replace this with a discipline-based research/methods course, or with participation in a research skill building program [e.g., TILT OURA Lab or MURALS FYS Academy])
5. Publicly Present/Perform
6. Final Report/Reflection
7. Submission to a peer-reviewed or juried publication; submission to a conference/art exhibit; adjudicated submission; or submission to another selective conference, exhibition or public performance¹

More information about the MRAD is available on the OURA MRAD website.

Upon completion submission of evidence for all of the above listed criteria, via the MRAD Canvas success course, The Office for Undergraduate Research and Artistry will review the materials and confirm the student’s successful completion of the program notifying CSU’s Office of the Registrar for transcription of the Mentored Research and Artistry Distinction.

¹ Note: Students have up to one year after graduation to complete the journal publication submission requirement provided all other criteria is submitted and the work being submitted was completed as an undergraduate. In these instances, the students’ transcripts can be amended to include Mentored Research and Artistry post-graduation.

University Honors Program

University Honors Program

Office in Academic Village, B 102

(970) 491-5679

honors.colostate.edu (<http://honors.colostate.edu>)

Program Philosophy

The University Honors Program, established in 1957, is a special learning community that offers extraordinary students a wide range of enriching educational experiences. Hallmarks of the program include small classes and interdisciplinary seminars taught by some of the University's finest teachers, individualized academic advising, faculty-mentored research and other creative activities, an optional residential learning community in the Academic Village, early registration for classes, co-curricular activities, a scholarship for students who enter the program in the freshman year, and assistance with applications for prestigious post-graduate awards. Approximately 1,800 students participate in the program where they receive a world class education, enjoy the personalized attention typically found at a small college, and benefit from the resources and diversity of a nationally acclaimed research university.

Main Features

University Honors Core Curriculum. Two curricular options provide enriched educational experiences for high achieving students in all majors. The Track 1 curriculum, designed for entering first-year students, is composed of five Honors seminars, two Honors courses in the major, and a faculty-mentored senior year creative activity (thesis). Completing Track 1 fulfills five of the categories in Colorado State University's All University Core Curriculum, as well as the oral communications requirement in most majors that require a speech class. Participating in the Honors program provides for a more enriched and rewarding education without extending the time to graduation.

The Track 2 curriculum, designed for continuing or transfer students, is composed of one to two honors seminars, five or six Honors courses (15-18 credits) and a faculty-mentored senior year creative activity (thesis). Students who have completed 12+ credits at CSU (or transfer institution) and have a 3.5 cumulative grade point average are eligible to apply. Entering first-year honors freshmen who transfer 30+ credits that already satisfy many AUCC categories through AP, IB, or college courses are also eligible for Track 2 after their first semester.

Graduating as a University Honors Scholar. Students who complete the Honors requirements and achieve at least a 3.500 cumulative grade point average earn the prestigious designation of University Honors Scholar. Scholars are recognized at graduation, and the University Honors Scholar designation appears on their diplomas and transcripts. For more information on graduation as a University Honors Scholar, see the section on Scholastic Standards.

Admission to the Program. The application and selection process, which targets high school seniors and transfer students, is designed to attract an Honors class that represents high academic achievement, diversity of life experiences, and great promise for contributing to the Honors and University communities. Typically, about 500 first-year students enroll in the Honors Program each year. Currently enrolled CSU students may also apply to the University Honors Program after their first semester of college, and transfer students with a 3.5 college GPA or higher are invited to apply.

The Honors Residential Learning Community. The optional Honors Residential Learning Community (HRLC) is located in the Academic Village and in Edwards Residence Hall. It links in-class and out-of-class student learning through residence life experiences and special programs. Students, especially first-year students, are encouraged to take advantage of this special opportunity. The HRLC is home to the Honors Office and classrooms that are used for seminars, special lectures, study sessions, and a wide variety of co-curricular activities. The 24/7 Fireside Lounge is located near the Program Office in the Academic Village.

The Honors Merit Scholarship. All new first-year students who have been admitted to, confirm to the program, and participate in the University Honors program receive a renewable scholarship. Students who remain in good standing with the University Honors Program and meet the minimum GPA requirement for continuation of the honors merit scholarship will receive the scholarship for four years. Transfer students are also eligible to receive the Honors scholarship for a maximum of two years. Students entering their senior year are also invited to apply for additional donor-funded scholarships, and all honors students are encouraged to apply for Honors Enrichment Awards and Thesis Improvement Grants to supplement their educational activities.

Requirements

Honors Entering Student Pathway (Option 1)

Honors Entering Student Pathway (Option 2)

Honors Continuing/Transfer Student Pathway

University Honors Core Curricula

The Honors program of study provides exceptional academic studies that include breadth and perspectives, in-depth studies, a senior year creative activity, and Honors elective courses. Two curricular pathways provide enriched educational experiences for high ability students in all majors. The

Entering Student Pathway curriculum fulfills nearly half of the All-University Core Curriculum (AUCC) requirements, allowing Honors students to graduate on schedule and without additional cost. The Continuing/Transfer Student Pathway curriculum satisfies Honors requirements by taking Honors courses in their majors and departments. Students who complete either curriculum and graduate with a cumulative 3.5 GPA or greater receive "University Honors Scholar" designation on their diploma and transcripts.

The Honors courses enroll between 18 and 22 students and are taught by some of the University's finest teachers.

Honors Entering Student Pathway (2 Options)

Effective Fall 2024

Option 1

Freshman

		AUCC	Credits
HONR 110	Why Honors--Designing Your Honors Experience		1
HONR 192	Honors First Year Seminar		3
HONR 193	Honors Seminar	1A	3

HONR 499	Senior Honors Thesis		3
Total Credits			6
Program Total Credits:			26

¹ Sophomore-level Honors course in the student's major, department, and/or college.

² Upper-division Honors course in the student's major, department, and/or college.

Students completing the Honors Core Curriculum will fulfill the All-University Core Curriculum (AUCC) core competency requirements in the following categories: 1A – Intermediate Writing; 1C - Diversity, Equity, and Inclusion; three credits of the six required for 3B – Arts and Humanities; 3C – Social and Behavioral Sciences; 3D – Historical Perspectives. Students completing some, but not all, of the program will fulfill some of the AUCC core competencies. Complete details are available from the Honors Program office.

Option 2

Option 2 is available only to entering students with >30 transfer credits.

Freshman

College-Wide Graduate Programs

Master's Programs

Master of Agriculture in Agricultural Sciences, Plan A
Master of Agriculture in Agricultural Sciences, Plan B
Master of Agriculture in Agricultural Sciences, Integrated Resource Management Specialization
Master of Agriculture in Agricultural Sciences, Plan A, Teacher Development Specialization
Master of Agriculture in Agricultural Sciences, Plan B, Teacher Development Specialization
Master of Extension Education, Plan C (M.Ext.Ed.) *previously titled Master of Agricultural Extension Education (M.A.E.E.)*

Agriculture was the first science . . . the progenitor of sciences . . . and it remains the science that supports human life. It is a science concerned with improving quality of life and maintaining a productive, safe, and sustainable environment. Agricultural programs integrate biological, physical, and social sciences with agricultural sciences. Students may look forward to careers in basic and applied research; production and utilization of food and related products; resource use and conservation; industry and business; education and public service; technical and professional services; professional, scientific, and technical communication; and governmental policy and regulations of our agricultural systems.

College Programs

Together, through transformative educational experiences, innovative research and meaningful partnerships, the College of Agricultural Sciences meets global challenges in food safety, food security, wellness and economic prosperity through the sustainable use of natural resources.

Undergraduate Majors

Undergraduate programs lead to a Bachelor of Science degree which requires a minimum of 120 credits, with a minimum of 42 credits in upper-division courses. Most departments have a 12-credit limit for independent study and/or internship courses in fulfillment of the 120 credits (specific limits may be obtained from the individual department). Information on interdepartmental and departmental majors, the various concentrations available, and career opportunities are described on individual program pages. Students may consider simultaneously completing the requirements for a second major. Find information about Second Major Requirements in the section on Undergraduate Degrees.

Internships

Students are encouraged to select an internship with an approved cooperator. The student's department determines the number of allowable credits. Internships are available each term, including the summer term. Internships normally require 45 hours of contact per academic credit and do allow a stipend to be provided, though many are unpaid. Application should be made to the department at least 30 days before the term of the internship.

Education Abroad

Education Abroad programs are available to students in the College of Agricultural Sciences to become global citizens; the knowledge of other cultures is valuable in understanding our own. Students are encouraged to study outside the United States as part of their overall program at CSU. There are active programs in Australia, New Zealand, France,

Costa Rica, Spain, and Mexico, in addition to other countries. Students interested in Education Abroad should plan in advance by visiting the College of Agricultural Sciences (<http://agsci.colostate.edu/>) and discussing opportunities with their academic advisor, the Associate Dean of Academic Programs, and/or by visiting the Office of International Programs (<http://international.colostate.edu/>) in Laurel Hall.

Transfer of Credits from Other Institutions

Students who expect to transfer to the College of Agricultural Sciences are advised to plan carefully and in advance of their planned transfer to ensure transfer credits meet required courses in their chosen major. Transfer evaluations are generally determined by the Office of the Registrar, although departments determine transfer of courses required by the department. Students planning to transfer to CSU are encouraged to utilize Transferology (<https://www.transferology.com/login.htm>)™ to determine if courses they are taking at another institution will transfer to CSU. If a course is not listed, they should contact the (<https://registrar.colostate.edu/contact-us/>) Office of the Registrar (<https://registrar.colostate.edu/contact-us/>) on campus. (Note: Credits from two-year colleges are not accepted for 300 and above level courses at CSU.) The College of Agricultural Sciences welcomes transfer students from both two- and four-year colleges and encourages potential transfer students to work closely with the University to minimize transfer issues.

Currently, the College of Agricultural Sciences is the only institution that has the ability to grant a four-year baccalaureate in agriculture. For that reason, the College works hard to collaborate with community and four-year colleges across Colorado, collaboratively with the state-wide organization entitled CACTA (Colorado Association of Colleges and Teachers of Agriculture), to develop state-wide articulation agreements as well as transfer arrangements. This information can be found on the Office of the Registrar's website. (<https://registrar.colostate.edu/transfer-agreements-guarantees/>) Because of a mutual general education core, students that take courses for a major listed on a state-wide agreement are guaranteed to graduate in an additional 60 credits if they follow course recommendations.

Master of Agriculture in Agricultural Sciences, Plan A

Requirements Effective Spring 2015

Code	Title	Credits
Required Courses		
AGRI 500	Advanced Issues in Agriculture	3
AGRI 550	Capacity Building for a Changing Workplace	3
Select at least one from the following: ^{1,2}		Var.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website

13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Extension Education, Plan C (M.Ext.Ed)

The Master of Extension Education (M.Ext.Ed.) is designed to train specialists to work in the broad field of Extension or a related outreach field. The program includes coursework on the principles and programming of Extension as well as training on evaluation and teaching strategies in Extension settings. Students in the program are expected to complete an internship experience in Extension. The goal of the program is to develop the skill sets necessary to become a qualified Extension specialist.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will be able to:

1. Analyze the principles which guide Extension work.
2. Explain different programming options, formats, and venues for Extension work.
3. Evaluate the best instructional methods for various Extension audiences.
4. Develop evaluation strategies for differing Extension programming.
5. Consider how changing demographics in the United States has and will impact Extension work.
6. Distinguish the necessary components of a successful Extension program.

Master of Agriculture in Agricultural Sciences, Integrated Resource Management Specialization

Through the Master of Agriculture in Agricultural Sciences, Integrated Resource Management Specialization, students receive interdisciplinary training in animal science, business, range science, ecology, wildlife, policy, and human resources. This fusion of topics allows students to understand how agricultural resource systems work together in a comprehensive way and how to apply them in an agricultural management setting.

The purpose of the program is to provide students with an understanding of the land resource system and how to manage land-based enterprises. The program is designed to empower students to effectively utilize and care for land resources while addressing a broad range of private and social objectives.

Learn more about the Master of Agriculture in Agricultural Sciences, Integrated Resource Management Specialization on the CSU Online website. (<http://www.online.colostate.edu/degrees/irm/>)

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

AGRI 699	Thesis	3
Program Total Credits:		30

A minimum of 30 credits are required to complete this program.

¹ Select enough 500-level or above elective credits with approval of advisor and graduate committee to bring program total to a minimum of 30 credits.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination and PD)
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website

9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Agriculture in Agricultural Sciences, Plan B, Teacher Development Specialization

Requirements Effective Spring 2015

Code	Title	Credits
Core Courses		
EDCT 590	Workshop	4
EDRM 600	Introduction to Research Methods	3
Select one of the following tracks:		
Track 1 - Teacher Professional Development		
AGED 540	Ag Ed Laboratory Management and Safety	2
Track 2 - Teacher Development - Teacher Licensure		
AGED 420	Developing School-Based Ag Education Programs	3
EDCT 425	Methods/Materials in Agricultural Education	4
EDUC 450	Instruction II-Standards and Assessment	4
Electives		
Electives ¹		11-20
Scholarly Paper		
AGRI 698	Research ²	1
Program Total Credits:		30

A minimum of 30 credits are required to complete this program.

¹ Select enough 500-level or above elective credits with approval of advisor and graduate committee to bring program total to a minimum of 30 credits.

² Students must write a scholarly paper to be reviewed by advisor and graduate committee.

Department of Agricultural and Resource Economics

Office in Nutrien Agricultural Sciences Building, Room 267
(970) 491-6325
agsci.colostate.edu/dare/ (<https://agsci.colostate.edu/dare/>)

Professor Hayley Chouinard, Department Head
Professor Marco Costanigro, Chair of AREC Undergraduate Program
Professor Jordan Suter, Chair of AREC Graduate Program
Professor Kellie Enns, Agricultural Education Program Director

Undergraduate Majors

- Agricultural Business
 - Agricultural Economics Concentration
 - Farm and Ranch Management Concentration
 - Food Systems Concentration
- Agricultural Education
 - Agricultural Literacy Concentration
 - Teacher Development Concentration
- Environmental and Natural Resource Economics
- Livestock Business Management

Minors

- Agricultural Business
- Agricultural Literacy
- Environmental and Natural Resource Economics
- Food Industry Management Interdisciplinary Minor

Graduate Graduate Programs in Agricultural and Resource Economics

The department offers graduate programs leading to Master of Science and Doctor of Philosophy degrees. A description of these programs may be found in the Graduate and Professional Bulletin or on the department's website (<https://agsci.colostate.edu/dare/>). (<https://agsci.colostate.edu/dare/graduate-student-resources/>)

Certificate

- Teaching in Extension

Master's Programs

- Master of Science in Agricultural and Resource Economics, Plan A
- Master of Science in Agricultural and Resource Economics, Plan B
- Master of Agribusiness and Food Innovation Management, Plan C

Ph.D.

- Ph.D. in Agricultural and Resource Economics

Courses

Subjects in this department include: Agricultural and Resource Economics (AREC), Agricultural Education (AGED), and Livestock Business Management (LBM).

Agricultural and Resource Economics (AREC)

AREC 192 Orientation to Agricultural and Resource Econ Credit: 1 (0-0-1)

Course Description: First year course in agricultural and resource economics and agricultural education. Information and skills necessary to succeed in majors and build an inclusive community in the Department of Agricultural and Resource Economics.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: This is a partial semester course. Sections may be offered: Online. Credit not allowed for both AREC 180A1 and AREC 192.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 202 Agricultural and Resource Economics (GT-SS1) Credits: 3 (3-0-0)

Course Description: Introduction to decision-making by consumers, firms, and government and the resulting allocation of resources through markets.

Prerequisite: MATH 117, may be taken concurrently or MATH 118, may be taken concurrently or MATH 120, may be taken concurrently or MATH 124 or MATH 125 or MATH 126 or MATH 127, may be taken concurrently or MATH 141 or MATH 155 or MATH 159 or MATH 160.

Registration Information: Sections may be offered: Online. Credit not allowed for both AREC 202 and ECON 202.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Economic or Political Systems (GT-SS1).

AREC 222 Economics of Food Systems (GT-SS1) Credits: 3 (3-0-0)

Course Description: Examine the food system using an economic lens to understand and compare polarized viewpoints in food production methods and consumption choices. Review the physical, political, and structural context in which the US agricultural system and its actors are embedded. Use economic tools and concepts to analyze different components of the food system, as well as potential tradeoffs associated with different policies and ways to produce and consume food.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Diversity, Equity, & Inclusion 1C, Economic or Political Systems (GT-SS1).

AREC 224 Introduction to Agribusiness Entrepreneurship Credit: 1 (0-0-1)

Course Description: Introductory exposure to entrepreneurship for agribusinesses through presentations by industry professionals.

Prerequisite: AREC 202, may be taken concurrently or ECON 202, may be taken concurrently.

Registration Information: Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 230 Agricultural Data Management and Analysis Credits: 3 (2-2-0)

Course Description: A survey of methods and tools to facilitate data gathering, analysis and visualization in a spreadsheet environment. Emphasis on data used in agricultural business and natural resource management.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 240 Economics of Environmental Sustainability (GT-SS1) Credits: 3 (3-0-0)**Also Offered As:** ECON 240.**Course Description:** Explore why environmental degradation occurs and how to make economies more sustainable and inclusive. Learn and apply economic concepts and tools to better manage land and biodiversity loss, water scarcity, minerals and energy, fish and oceans, forests and wildlife, air pollution, and climate change.**Prerequisite:** None.**Registration Information:** Sections may be offered: Online. Credit not allowed for both AREC 240 and ECON 240.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**Additional Information:** Social & Behavioral Sciences 3C, Economic or Political Systems (GT-SS1).**AREC 305 Agricultural and Resource Enterprise Analysis Credits: 3 (2-2-0)****Course Description:** Use of records in agricultural and resource enterprise management; analytical methods, budgets, and planning techniques for improved decision making.**Prerequisite:** (BUS 150 or CIS 120 or CS 110) and (AREC 202 or ECON 202).**Registration Information:** Sections may be offered: Online. Must register for lecture and laboratory.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 310 Food and Agricultural Markets Credits: 3 (3-0-0)****Course Description:** Structure, performance, and current drivers of US food and agricultural markets, including the importance of place, time, and different products in market dynamics.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 311 Agricultural and Resource Product Marketing Credits: 3 (3-0-0)****Course Description:** Theory and practice of marketing-differentiated agricultural products and natural resource amenities with focus on strategies and market trends.**Prerequisite:** AREC 202 or ECON 202.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 325 Personnel Management in Agriculture Credits: 3 (3-0-0)****Course Description:** Human resource issues for agribusiness firms. Managing employees, legal issues, negotiation methods, and benefits packages. Workplace professionalism.**Prerequisite:** AREC 202 or ECON 202.**Restriction:** .**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 328 Small Agribusiness Management Credits: 3 (3-0-0)****Course Description:** Apply business principles to small food enterprises, agribusinesses and cooperatives.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 330 Data-Driven Ag and Res Econ Decision Making Credits: 3 (2-2-0)****Course Description:** Examine data used to inform decisions in many agribusiness and natural resource organizations. Preparation to use software (e.g., R and Tableau) to acquire, organize, and visualize data with a specific focus on informing business and policy decisions. Organized around real-world problems informed by industry partners and research projects.**Prerequisite:** (AREC 230 or BUS 150 or CIS 120 or CS 110) and (STAT 201 or STAT 204 or STAT 301 or STAT 307 or STAT 311 or STAT 315).**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 335 Introduction to Econometrics Credits: 3 (3-0-0)****Also Offered As:** ECON 335.**Course Description:** Estimating statistical regression models of economic relationships; treatment of special problems that may arise in analysis of economic data.**Prerequisite:** (ECON 204) and (STAT 201 or STAT 204 or STAT 301 or STAT 307 or STAT 311 or STAT 315) and (MATH 141 or MATH 155 or MATH 160).**Registration Information:** Credit not allowed for both ECON 335 and AREC 335. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 340 Introduction-Economics of Natural Resources Credits: 3 (3-0-0)****Also Offered As:** ECON 340.**Course Description:** Concepts, theories, institutions; analytical methods for economic evaluation of alternative resource use patterns and land use plans.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sections may be offered: Online. Credit not allowed for both AREC 340 and ECON 340.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 341 Environmental Economics Credits: 3 (3-0-0)****Course Description:** Economic theories and analytic frameworks are developed and applied to contemporary problems of the use and protection of the natural environment.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

AREC 342 Water Law, Policy, and Institutions Credits: 3 (3-0-0)

Course Description: Legal water issues within the context of historical, social and economic development with emphasis on the southwestern United States.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 346 Economics of Outdoor Recreation Credits: 3 (3-0-0)

Also Offered As: ECON 346.

Course Description: Application of benefit-cost framework to public planning for outdoor recreation. Topics include non-market valuation, projecting demand, cost of supplying recreation, and regional economic development.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Sections may be offered: Online. Credit not allowed for both AREC 346 and ECON 346.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 375 Agricultural Law Credits: 3 (3-0-0)

Course Description: Laws, regulations, case decisions affecting ranching and farming in the Rocky Mountain area.

Prerequisite: None.

Restriction: Must be a: Junior.

Registration Information: Junior standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 405 Agricultural Production Management Credits: 3 (2-2-0)

Course Description: Economic principles of agricultural production decisions with linear programming analysis of production choices and farm planning.

Prerequisite: AREC 305.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 408 Agricultural Finance Credits: 3 (3-0-0)

Course Description: Monetary affairs of agribusiness and agricultural production emphasizing credit institutions and procurement, investment, and management.

Prerequisite: AREC 305.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 412 Agricultural Commodities Marketing Credits: 3 (3-0-0)

Course Description: Agricultural marketing and agribusiness principles applied to current marketing problems relating to livestock and field and horticultural crops.

Prerequisite: AREC 310.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AREC 415 International Agricultural Trade Credits: 3 (3-0-0)

Course Description: Agricultural trade patterns and institutions; trade theory with applications to agriculture. Current issues in agricultural trade.

Prerequisite: AREC 310.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 419 Commodity Market Trading Experience Credits: 3 (3-0-0)

Course Description: Firsthand experience engaging in futures and options trading in support of business activities. Analyze and trade in commodity markets as investment and risk management tools using economic information to develop trading plans and make use of fundamental and technical analysis to manage trades (real or synthetic). Work in teams, conduct independent research, communicate and justify decision making to other teams, instructors, and industry professionals.

Prerequisite: AREC 310.

Registration Information: May be taken up to two times for credit. A maximum of 6 credits may be taken from AREC 419 and AREC 480A2.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 422 Food Supply Chain Management Credits: 3 (3-0-0)

Course Description: Economic analysis of food supply chains studied through industry case studies.

Prerequisite: AREC 310 or AREC 311.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 428 Agricultural Business Management Credits: 3 (3-0-0)

Course Description: Economic analysis, organization, and management practices of agriculture and food industries studied through simulation, case study, computer labs.

Prerequisite: (AREC 305) and (AREC 310 or AREC 311).

Registration Information: Senior standing. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 440 Advanced Environmental and Resource Economics Credits: 3 (3-0-0)

Course Description: Microeconomic techniques to rigorously explore economic decision-making and policy as they apply to environmental and natural resource problems.

Prerequisite: (AREC 340 or ECON 340) and (AREC 341 and ECON 306).

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 442 Water Resource Economics Credits: 3 (3-0-0)

Course Description: An in-depth exploration of the role of economics in water resource planning.

Prerequisite: AREC 342 and ECON 306, may be taken concurrently.

Registration Information: Credit not allowed for both AREC 442 and AREC 542.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 444 Economics of Energy Resources Credits: 3 (3-0-0)**Also Offered As:** ECON 444.**Course Description:** Supply, consumption trends, and projected demand for alternative energy resources in domestic and world perspective; economics of public energy policies.**Prerequisite:** ECON 306.**Registration Information:** Junior standing. Sections may be offered: Online. Credit allowed for only one of the following: AREC 444, ECON 344, or ECON 444.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 454 Real Estate Appraisal Credits: 3 (3-0-0)****Also Offered As:** REL 454.**Course Description:** Theoretical principles that underlie real estate appraisal methods. Procedures and practices used in real estate appraisal.**Prerequisite:** (AREC 202 or ECON 202) and (AREC 305 or REL 360).**Registration Information:** Sections may be offered: Online. Credit allowed for only one of the following: AREC 453, AREC 454, REL 453, or REL 454.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 460 Ag- and Resource-Based Economic Development Credits: 3 (3-0-0)****Course Description:** Indicators, tools and approaches for agriculture- and natural resource-based economic development in resource dependent countries and communities.**Prerequisite:** ECON 306.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 461A Study Abroad--Italy: Economics of the Renaissance in Modern Italy Credits: 3 (0-0-3)****Course Description:** The historical and current economics of agriculture and natural resources in Florence, Tuscany and Italy. Focus on (1) The role of culture, creativity and place in economic development; (2) Italian culture in general; (3) the economic and political history of Florence; and (4) the production, markets and economic importance of culture and natural resource-based industries in central Italy.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sophomore standing. This is a partial semester course. Required field trips. Credit not allowed for both AREC 461A and AREC 482B.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 461B Study Abroad--Italy: Food and Resource Economics Credits: 3 (0-0-3)****Course Description:** In-depth investigation of the food and natural resource-based economy of Italy through an applied economics lens. Economics and policy are used to provide insight into the integration of Italian culture and its principal food and natural resource industries. A theoretical basis for different resource management systems are presented including various methods of cost-benefit analysis, utility theory, property rights structures, government institutions, and cultural and ethical considerations.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sophomore standing. This is a partial semester course. Credit not allowed for both AREC 461B and AREC 482A.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 478 Agricultural Policy Credits: 3 (3-0-0)****Course Description:** Formulation, evaluation, and administration of public policies affecting the agricultural and natural resource industries in the United States.**Prerequisite:** AREC 202 or ECON 202 or AREC 240 or ECON 240.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 484 Supervised College Teaching Credits: Var[1-5] (0-0-0)****Course Description:****Prerequisite:** None.**Registration Information:** Maximum of 10 credits allowed in course. A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 487 Internship Credits: Var[1-6] (0-0-0)****Course Description:****Prerequisite:** None.**Registration Information:** May be taken for a maximum of 6 credits. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 492 Senior Seminar in Ag and Resource Economics Credit: 1 (0-0-1)****Course Description:** Designed to reflect on experiences within the Department of Agricultural and Resource Economics (DARE) Outcomes: professional development, technical competence, problem-solving skills, communication skills, and leadership.**Prerequisite:** AREC 192.**Restriction:** Must not be a: Freshman, Sophomore, Junior.**Registration Information:** Senior standing. This is a partial semester course.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

AREC 495 Independent Study Credits: Var[1-6] (0-0-0)**Course Description:****Prerequisite:** None.**Registration Information:** May be taken for a maximum of 6 credits.

Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 496 Group Study Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 505 Agricultural Production Economics Credits: 3 (3-0-0)****Course Description:** Empirical applications of production economic theory for use of inputs and allocation of resources in agricultural, natural resource sectors.**Prerequisite:** (MATH 141) and (AREC 405 or ECON 306).**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 506 Applied Microeconomic Theory Credits: 3 (3-0-0)****Also Offered As:** ECON 506.**Course Description:** Introduction to mathematical models in modern microeconomics, including choices and demand, production and supply, and market structures and failures.**Prerequisite:** ECON 306.**Registration Information:** Credit not allowed for both AREC 506 and ECON 506.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 507 Applied Welfare and Policy Analysis Credits: 3 (3-0-0)****Course Description:** How policies are crafted to effectively address social issues, especially for agriculture and the environment, and how they impact society.**Prerequisite:** ECON 306.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 508 Financial Management in Agriculture Credits: 2 (2-0-0)****Course Description:** Systematic approach to understanding and applying financial management in farm businesses.**Prerequisite:** (AREC 408 or FIN 305) and (ECON 306).**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 510 Agricultural Product Marketing Credits: 3 (3-0-0)****Course Description:** Marketing techniques, industrial organization/competition for agricultural products in US domestic, international trade, and developing country markets.**Prerequisite:** (AREC 310) and (AREC 335 or ECON 335).**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 511 Opportunities in the Agricultural Value Chain Credits: 2 (2-0-0)****Course Description:** Explores the economics and business structure of operations within the food and agribusiness system, using readings, field trips and guest speakers.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Required field trips.

Sections may be offered: Online.

Term Offered: Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 512 Innovation in Agribusinesses Credits: 2 (2-0-0)****Course Description:** Core concepts of entrepreneurship within both private and social enterprises. General applications of innovation and entrepreneurship with particular emphasis on the industries that make up the agricultural and food system.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 513 Idea Evaluation in Agricultural Value Chains Credits: 2 (2-0-0)****Course Description:** Processes of identifying and evaluating a new idea, applying strategic and design-thinking principles and tools to explore pathways by which it could grow into a viable agribusiness.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 514 Entrepreneurial Accounting and Finance Credits: 2 (2-0-0)****Course Description:** Foundational background in accounting and financial concepts and mastery of financial tools needed to start a new agribusiness.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 515 Assessing Agricultural and Food Markets Credits: 2 (2-0-0)****Course Description:** Foundational background regarding marketing concepts needed to evaluate the potential market for an agricultural or food product or service, using an economics framework.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

AREC 516 Business Economics for the Entrepreneur Credits: 2 (2-0-0)

Course Description: Microeconomic framework that a potential entrepreneur can use to analyze business opportunities. Topics include components of cost and revenue and their relevance for new business ventures, determinants and measurement of consumer demand, and alternate forms of business organization and interaction.

Prerequisite: AREC 202 or ECON 202.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 517 Entrepreneurial Identity and Team Formation Credits: 2 (1-2-0)

Course Description: Students explore their emergent identity as "entrepreneur", including their necessary interdependence on other members of a team when engaged in creative endeavors such as innovation or new business development in the agricultural space.

Prerequisite: AREC 513.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 518 Raising Capital in the Agricultural Sector Credits: 2 (2-0-0)

Course Description: Methods to value a startup business and approaches to identifying sources of capital needed to launch and sustain the startup. Emphasis on unique challenges in and sources of raising capital in the agricultural sector.

Prerequisite: AREC 512 and AREC 514.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 519A New Venture Communication: Interpersonal Interactions Credit: 1 (0-2-0)

Course Description: Communicating in the workplace, both orally and in written form. Development of a succinct business proposal.

Prerequisite: AREC 517, may be taken concurrently.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 519B New Venture Communication: Making the Pitch Credit: 1 (0-2-0)

Course Description: Emphasis on oral communication when trying to sell a business idea to potential investors. Development of tailored presentations to target audience within moments of opportunity.

Prerequisite: AREC 519A.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 520 Intellectual Property in Food and Agriculture Credits: 2 (2-0-0)

Course Description: Explores the critical role that intellectual property plays in commercial activities within the knowledge economy. Emphasis on strategic management of technology through patents and other control mechanisms, thereby allowing startups to survive and thrive in the knowledge economy with special attention to property developed in the agricultural and food systems.

Prerequisite: AREC 518 and BUS 660.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 521 New Food Product Development Credits: 2 (2-0-0)

Course Description: An overview of the food product development process. Topics include strategies, marketing perspectives, quality controls and supply chains in the food system.

Prerequisite: AREC 515.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 528 Applied Agribusiness Decision Tools Credits: 2 (2-0-0)

Course Description: Applications of quantitative tools for managerial decision-making in the context of an agribusiness.

Prerequisite: (AREC 305 or AREC 408 or FIN 305) and (ECON 306).

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 530 Agricultural Price Analysis Credits: 3 (3-0-0)

Course Description: Agricultural commodity prices related to neoclassical economics; current literature emphasizing management problems.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 535 Applied Econometrics Credits: 3 (3-0-0)**Also Offered As:** ECON 535.**Course Description:** Econometric techniques applied to testing and quantification of theoretical economic relationships drawn from both microeconomics, macroeconomics.**Prerequisite:** (AREC 335 or ECON 335) and (ECON 304 or ECON 306).**Registration Information:** Credit not allowed for both AREC 535 and ECON 535.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 540 Environmental and Natural Resource Economics Credits: 3 (3-0-0)****Also Offered As:** ECON 540.**Course Description:** Theory, methods, and policy in environmental and natural resource economics.**Prerequisite:** AREC 506 or ECON 506.**Registration Information:** Credit not allowed for both AREC 540 and ECON 540.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 541 Environmental Economics Credits: 3 (3-0-0)****Also Offered As:** ECON 541.**Course Description:** Economics of environmental policy; partial equilibrium and general equilibrium model; pollution; natural environments; population and economic growth.**Prerequisite:** ECON 306.**Registration Information:** Credit not allowed for both AREC 541 and ECON 541.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 542 Applied Advanced Water Resource Economics Credits: 3 (3-0-0)****Course Description:** Theory and application of economics in water resource planning.**Prerequisite:** (ECON 306 and AREC 342 and STAT 301) and (MATH 141 or MATH 155 or MATH 160).**Registration Information:** Credit not allowed for both AREC 542 and AREC 442.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 547 Public Lands Planning and Management Credits: 3 (3-0-0)****Course Description:** Principles and techniques used by federal land management agencies including Forest Service, Park Service, Fish and Wildlife Service, and BLM.**Prerequisite:** AREC 202 or ECON 202.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 563 Regional Economics-Theory, Methods, and Issues Credits: 3 (3-0-0)****Also Offered As:** ECON 563.**Course Description:** Tools and methods of regional economics, including supply, demand, and externality analysis. Applications to current urban and regional policy issues.**Prerequisite:** ECON 306 and ECON 501, may be taken concurrently.**Registration Information:** Credit not allowed for both AREC 563 and ECON 563.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 566 Contemporary Issues in Developing Countries Credits: 3 (3-0-0)****Also Offered As:** SOC 566.**Course Description:** Social, economic, and technological factors in developing countries.**Prerequisite:** None.**Registration Information:** Two or more courses in AREC or ECON or SOC. Credit not allowed for both AREC 566 and SOC 566.**Term Offered:** Spring (odd years).**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 570 Methodology of Economic Research Credits: 3 (3-0-0)****Also Offered As:** ECON 530.**Course Description:** Philosophical foundations of science and research. Concepts and skills for planning, performing, reporting, and evaluating economic research.**Prerequisite:** ECON 304 and ECON 306.**Registration Information:** Credit not allowed for both AREC 570 and ECON 530.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 572 Social Benefit Cost Analysis Credits: 3 (3-0-0)****Course Description:** Theory, application of concepts relating to social benefit cost analysis of public projects, policies intended to promote social welfare, and economic growth.**Prerequisite:** AREC 202 or ECON 202.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 586A New Venture Launch Practicum: Explore and Validate Value Proposition Credits: 2 (0-0-4)****Course Description:** Team-based development of a new venture or innovation focusing on co-creation of value. Four main areas of competency--(1) entrepreneurial mindset and teamwork; (2) technology and product development; (3) communication and substantiation of value; and (4) business strategy and execution--are developed and demonstrated in the process of preparing to launch a new venture or innovation in the agricultural, food, or related industries.**Prerequisite:** AREC 517, may be taken concurrently.**Restriction:** Must be a Graduate.**Registration Information:** Graduate standing.**Term Offered:** Spring.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.

AREC 586B New Venture Launch Practicum: Communicate, Design, and Iterate Credits: 2 (0-0-4)

Course Description: Team-based development of a new venture or innovation focusing on co-creation of value. Four main areas of competency--(1) entrepreneurial mindset and teamwork; (2) technology and product development; (3) communication and substantiation of value; and (4) business strategy and execution--are developed and demonstrated in the process of preparing to launch a new venture or innovation in the agricultural, food, or related industries.

Prerequisite: AREC 586A, may be taken concurrently.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing.

Term Offered: Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

AREC 586C New Venture Launch Practicum: Final Evaluation, Presentation, and Launch Credits: Var[1-6] (0-0-0)

Course Description: Team-based development of a new venture or innovation focusing on co-creation of value. Four main areas of competency--(1) entrepreneurial mindset and teamwork; (2) technology and product development; (3) communication and substantiation of value; and (4) business strategy and execution--are developed and demonstrated in the process of preparing to launch a new venture or innovation in the agricultural, food, or related industries.

Prerequisite: AREC 586B, may be taken concurrently.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Course may be taken multiple times for maximum of 12 credits total.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

AREC 605 Agricultural Production and Cost Analysis Credits: 3 (3-0-0)

Course Description: Empirical application and analysis of production and cost issues in the agricultural and natural resource sectors.

Prerequisite: (AREC 506) and (AREC 535 or ECON 535).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 606 Microeconomic Analysis I Credits: 3 (3-0-0)

Also Offered As: ECON 606.

Course Description: Advanced price/allocation theory: consumer/producer decisions; uncertainty; market structure; partial/general equilibrium; efficiency/welfare.

Prerequisite: ECON 306 and ECON 501.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 606 and ECON 606.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 610 Agricultural Marketing and Demand Analysis Credits: 3 (3-0-0)

Course Description: Empirical application and analysis of agricultural marketing and demand issues in the agricultural and natural resource sectors.

Prerequisite: (AREC 506) and (AREC 535 or AREC 635 or ECON 535 or ECON 635).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 615 Optimization Methods for Applied Economics Credits: 3 (3-0-0)

Course Description: Theory and practice of optimization techniques used in economic applications with emphasis on linear and nonlinear programming.

Prerequisite: AREC 506.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 635 Econometric Theory I Credits: 3 (3-0-0)

Also Offered As: ECON 635.

Course Description: Theory of mathematical statistics and classical linear regression model in context of economic application.

Prerequisite: (AREC 535 or ECON 535) and (ECON 501, may be taken concurrently).

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 635 and ECON 635.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 647 Land Use Economics and Spatial Modeling Credits: 3 (3-0-0)

Course Description: Use of spatial data in economic analysis of land use focusing on development patterns, land conservation, spatial externalities and agricultural land.

Prerequisite: (AREC 506 or ECON 506) and (AREC 535 or ECON 535).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 660 Development of Rural Resource-Based Economies Credits: 3 (3-0-0)

Course Description: Economic literature-based exploration of human welfare measures and implications of approaches to agriculture and resource-based economic development.

Prerequisite: AREC 506.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 678 Agricultural and Resource Policy Credits: 3 (3-0-0)

Course Description: Evaluate and analyze economic theory, applications and public incentives related to government policies for agriculture and natural resources.

Prerequisite: ECON 306 and MATH 141.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 695 Independent Study Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 705 Advanced Production and Technological Change Credits: 3 (3-0-0)

Course Description: Modern theoretical and empirical approaches are applied to understand producer decision-making under uncertainty, technology adoption and effects of innovation, measurements of technical efficiency and productivity, and advanced models of agricultural markets.

Prerequisite: (AREC 605) and (AREC 706, may be taken concurrently or ECON 706, may be taken concurrently) and (AREC 735 or ECON 735).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 706 Microeconomic Analysis II Credits: 3 (3-0-0)

Also Offered As: ECON 706.

Course Description: Advanced topics in microtheory: game theory; market imperfections; adverse selection; principal-agent problems; social choice theory; incentives, etc.

Prerequisite: ECON 606.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 706 and ECON 706.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 710 Advanced Agricultural Marketing Issues Credits: 3 (3-0-0)

Course Description: Theoretical and modeling issues of consumer demand, market structure, product differentiation and market behavior.

Prerequisite: (AREC 610) and (AREC 706, may be taken concurrently or ECON 706, may be taken concurrently) and (AREC 735 or ECON 735).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 735 Econometric Theory II Credits: 2 (2-0-0)

Also Offered As: ECON 735.

Course Description: Econometrics models and estimators in econometrics, from fully parametric to semiparametric and nonparametric approaches.

Prerequisite: AREC 635 or ECON 635.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 735 and ECON 735. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736A Advanced Econometric Methods: Discrete Choice

Models Credit: 1 (1-0-0)

Also Offered As: ECON 736A.

Course Description: Econometrics analysis of: Discrete Choice Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736B Advanced Econometric Methods: Panel Data Models Credit: 1 (1-0-0)

Also Offered As: ECON 736B.

Course Description: Econometrics analysis of: Panel Data Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736C Advanced Econometric Methods: Time Series Models Credit: 1 (1-0-0)

Also Offered As: ECON 736C.

Course Description: Econometrics analysis of: Time Series Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736D Advanced Econometric Methods: Causal Inference Credit: 1 (1-0-0)**Also Offered As:** ECON 736D.**Course Description:** Introduces the notion of identification in econometrics and covers several commonly used methods for addressing endogeneity.**Prerequisite:** AREC 735 or ECON 735.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** This is a partial semester course. Credit not allowed for both AREC 736D or ECON 736D.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 740 Advanced Natural Resource Economics Credits: 3 (3-0-0)****Also Offered As:** ECON 740.**Course Description:** Advanced theory, methods, and literature in natural resource economics, including dynamic programming and optimal control.**Prerequisite:** AREC 706 or ECON 706.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both AREC 740 and ECON 740.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 741 Advanced Environmental Economics Credits: 3 (3-0-0)****Also Offered As:** ECON 741.**Course Description:** Advanced theory, methods, and literature in environmental economics.**Prerequisite:** AREC 706 or ECON 706.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 770 Advanced Methods in Applied Economics Credits: 3 (3-0-0)****Course Description:** Advanced research methods in applied economics: lab and field experiments, non-market valuation and discrete choice experiments.**Prerequisite:** (AREC 706, may be taken concurrently or ECON 706, may be taken concurrently) and (AREC 735 or ECON 735).**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 784 Supervised College Teaching Credits: Var[1-3] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792A Seminar: Agricultural Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792B Seminar: International Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792C Seminar: Resources Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 795 Independent Study Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 799 Dissertation Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Agricultural Education (AGED)

AGED 110 Agriculture Production Systems Credits: 3 (2-3-0)**Course Description:** Broad survey of the diverse aspects of Colorado agriculture.**Prerequisite:** None.**Registration Information:** Required field trips. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AGED 210 History of Agriculture in the United States Credits: 3 (3-0-0)****Course Description:** Relationships in agriculture. Historical/Native American/early practices, industrial agriculture, technologies, philosophy, green revolution.**Prerequisite:** CO 150.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**Additional Information:** Historical Perspectives 3D.**AGED 220 Understanding Agricultural Education Credit: 1 (1-0-0)****Course Description:** Understanding different agricultural education systems. Understanding delivery models of agricultural education programs.**Prerequisite:** None.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.

AGED 240 Technical Tool Applications in Ag Education Credits: 2 (1-3-0)
Course Description: Development of safe competencies and applications related to power and technical tools utilized in school-based agricultural education programs.

Prerequisite: None.

Registration Information: Must register for lecture and lab.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 244 Power, Structure, and Tech. Systems in Ag Ed Credits: 3 (2-3-0)

Course Description: Development of competencies and theory related to agricultural power, structure, and technical systems utilized in school-based agricultural education programs.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 320 Technology Lab for Ag Education Credit: 1 (0-3-0)

Course Description: Laboratory applications related to the power, structure, and technical systems pathway utilized in school-based agricultural education programs.

Prerequisite: AGED 240, may be taken concurrently or AGED 244, may be taken concurrently.

Registration Information: May be taken twice for credit.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 330 Program Design and Evaluation in Ag. Literacy Credits: 3 (3-0-0)

Course Description: Design and evaluate programs in agricultural literacy using experiential methods.

Prerequisite: AGED 220.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 372 Inclusive Mentoring for Neurodiverse Peers Credits: Var[2-4] (0-0-0)

Also Offered As: HDFS 372.

Course Description: Provide inclusive peer mentoring for neurodiverse college students in the Ram Scholars program, an inclusive postsecondary program for students pursuing careers in agriculture. Weekly seminar focused on inclusive mentoring. Peer mentor activities include attending CSU courses with RAM Scholars and conducting study sessions; providing behavioral supports for campus life, recreational activities, and agricultural field trips; and implementing weekly enrichment activities.

Prerequisite: None.

Registration Information: Written consent of instructor. Required field trips. Background check required. Course may be taken for a maximum of 9 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 420 Developing School-Based Ag Education Programs Credits: 3 (3-0-0)

Course Description: Developing knowledge in the approach and delivery of school-based agricultural education programs.

Prerequisite: AGED 220.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 430 Methods of Agricultural Literacy Credits: 3 (3-0-0)

Course Description: Prepare and conduct agricultural literacy instructional units to work with a variety of audiences and instructional topics.

Prerequisite: AGED 330.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 440 Managing Experiences in Ag Ed Laboratories Credit: 1 (0-3-0)

Course Description: Theory, management and pedagogy of delivering safety instruction and experiential curriculum in secondary agricultural education laboratory settings.

Prerequisite: AGED 420.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 486A Practicum: Agricultural Literacy Credits: Var[1-3] (0-0-0)

Course Description: Experience in the agricultural literacy field.

Prerequisite: (AGED 220) and (AGED 330 or AGED 430).

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 486B Practicum: On-site Experience in Agricultural Outreach Credits: Var[1-2] (0-0-0)

Course Description: Formalized training on conducting non-formal agricultural education at the National Western Stock Show.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 486C Practicum: FFA Credits: Var[1-2] (0-0-0)

Course Description: Formalized training on managing FFA experiences, including Career Development Events and Leadership Development Events.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 487 Internship Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AGED 495 Independent Study Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AGED 496 Group Study Credits: Var[1-12] (0-0-0)**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AGED 510 American Agricultural Values and Ideology Credits: 3 (3-0-0)****Course Description:** Explore how people have conceptualized agriculture in the United States, how agricultural ideologies have shaped our agricultural values, and how differing agricultural ideologies impact the work in agriculture today and in the future.**Prerequisite:** None.**Registration Information:** Senior standing. Written consent of instructor. Sections may be offered: Online.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 520 4-H and Youth Programs in Extension Credits: 3 (3-0-0)****Course Description:** Youth programs in Extension, including 4-H, are America's largest youth development organization reaching almost 6 million youth. Preparation for a successful career working with 4-H/ youth development programs in Extension as well as other related non-formal education programs.**Prerequisite:** AGRI 546.**Registration Information:** Offered as an online course only. This is a partial semester course. Credit not allowed for both AGED 520 and AGED 581A1.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 525 Agricultural and Extension Teaching Credits: 3 (3-0-0)****Course Description:** Use research on effective teaching methods to define and deliver educational programs, courses and presentations in formal and non-formal educational settings in agriculture. Apply organization and instructional methods to evaluate, plan, deliver and assess effective educational programs.**Prerequisite:** None.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 540 Ag Ed Laboratory Management and Safety Credits: 2 (2-0-0)****Course Description:** Theory, management, and pedagogy of delivering safety instruction and experiential curriculum in secondary agricultural education laboratory settings.**Prerequisite:** EDCT 420.**Restriction:** .**Terms Offered:** Fall, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 587 Internship in Extension Credits: Var[1-2] (0-0-0)****Course Description:** First-hand experiences in extension programming.**Prerequisite:** AGRI 547.**Registration Information:** Graduate standing. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 600 Evaluation and Applied Research in Extension Credits: 3 (3-0-0)****Course Description:** Train extension and other outreach specialists in the basics of program evaluation and research methods. Work with real world scenarios and/or their own field experiences to learn how to strategically design evaluation plans and effectively analyze the data collected. Emphasizing how to improve programming with the collected data.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online. Credit not allowed for both AGED 600 and EDRM 600.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 692 Agricultural Education Seminar Credit: 1 (0-0-1)****Course Description:** Agricultural education focusing on current trends in Extension.**Prerequisite:** AGED 587, may be taken concurrently.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Enrolled in the Master of Agriculture Extension Education or the Graduate Certificate of Teaching in Extension. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 698 Agricultural Education Research Credits: Var[1-6] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the Master of Agriculture in Agricultural Sciences, Teacher Development Specialization. Written consent of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.

Livestock Business Management (LBM)

LBM 133 Introduction to Livestock Business Management Credit: 1 (0-3-0)**Course Description:** Introduction to the agricultural livestock industry via a learning community and quality field experiences. Engage with industry stakeholders to address a wide range of topics including an overview of contemporary production practices, challenges to the industry (aka "wicked problems"), the future of agriculture, career opportunities, and foreshadowing the relevance and applicability of concepts to industry context.**Prerequisite:** None.**Registration Information:** Required field trips.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

LBM 233 Leadership in the Livestock Industry Credits: 2 (1-2-0)

Course Description: Introduction and engagement with professional leaders in business and the livestock industry. Industry professionals present challenges to solve and justify decision actions in a workshop setting. Students use these experiences to identify and grow their own leadership capabilities.

Prerequisite: LBM 133, may be taken concurrently.

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 333A Livestock Business Engaged Research: Proposal Development Credit: 1 (1-0-0)

Course Description: Introduction to the engaged research process. Develop a proposal for engaged research in livestock business management and be prepared execute the proposal.

Prerequisite: LBM 233.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 333B Livestock Business Engaged Research: Field Experience Credit: 1 (0-0-.75)

Course Description: Engaged research in livestock business management. Execute tasks approved in LBM 333A project proposal.

Prerequisite: LBM 333A, may be taken concurrently.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. Requires engagement with approved industry cooperator.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

LBM 333C Livestock Business Engaged Research: Communications Credit: 1 (1-0-0)

Course Description: Communication of livestock business management engaged research. Report on the activities and findings of the student's engaged research project. Focus on both differentiation of audiences and selection and execution of appropriate communication methods.

Prerequisite: LBM 333B.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 433 Integrated Livestock Business Mgt Workshop Credit: 1 (0-0-2)

Course Description: Integrated capstone workshop experience that serves as the catalyst in integrating the biophysical sciences and business management principles as relevant to solving problems in the livestock industry. Engage as teams in weekly workshops to address contemporary problems in livestock business management.

Prerequisite: (AREC 428, may be taken concurrently and LBM 333C) and (ANEQ 470, may be taken concurrently or ANEQ 472, may be taken concurrently or ANEQ 473, may be taken concurrently or ANEQ 474, may be taken concurrently or ANEQ 476, may be taken concurrently or ANEQ 478, may be taken concurrently).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Major in Agricultural Business

The Agricultural Business major teaches students the operating techniques and business skills used in the modern food and fiber industry. This program builds student knowledge and skills needed to manage small- and medium-sized businesses in agriculture and allied industries. This is true whether the business is directly involved in production, value-adds to raw agricultural products, or provides support services including the distribution, processing, packaging, and marketing of agricultural products.

Two things distinguish the major in Agricultural Business from a typical business degree: first, our focus is on small- and medium-sized businesses where the decision maker must be more attuned to all dimensions of their operating environment; whereas more traditional business degrees often focus on a larger business organization where functions are more specialized. Second, the major emphasizes the importance of understanding the underlying technical processes that drive business decisions through formal course requirements in the agricultural sciences. The interface between technical training in agricultural sciences, economics, and management sets this degree apart.

Completing this program enhances students' professional development, technical competence, problem-solving skills, and communication skills. The program operates in the nexus of business management, public policy, and agriculture. Strong interdisciplinary coordination in the department allows majors in agricultural business to strengthen their technical training by simultaneously completing a second major in allied fields including animal science, equine science, soil and crop science, agricultural education, technical journalism, and other fields of interest.

Learning Objectives

Upon successful completion, graduates will exhibit:

Professional Development: Graduates will embody a general awareness of issues in agriculture and their implications in a larger societal context. Students will begin to develop a network of personal and professional connections which will foster an understanding of the culture surrounding professional expectations and conduct.

Technical Competence: Graduates will demonstrate technical competency within their chosen discipline including the ability to use the appropriate theory and methods in approaching problems, identifying and

gathering applicable evidence, and employing proper methods to analyze that evidence, utilizing appropriate available technology in all phases.

Problem-solving Skills: Graduates will demonstrate the ability to solve real-world problems beyond the context of the classroom. Students will be able to identify a problem and its scope, evaluate resources available to address the problem, formulate alternative solutions, and select the solution(s) most consistent with a stated objective.

Communication Skills: Graduates will demonstrate proficiency in oral and written communication in terms of substance, organization, mechanics, documentation, and synthesis. Proficient students will have the ability to clearly communicate findings, critically and analytically, at a professional level within their chosen career.

Leadership: Graduates will have developed leadership qualities that they will use in their professional, personal and community interactions leveraging the other competencies acquired in the program. These leadership qualities include vision, initiative, personal responsibility, team building, and motivating collective action.

Potential Occupations

Business-oriented students with a wide variety of backgrounds have launched successful careers with this versatile degree. Graduates

establish careers in management, marketing, sales, finance, risk management, and other areas. Participating in internships and experiential opportunities is strongly encouraged to enhance practical training and development. Graduates who seek further specialization are prepared to pursue advanced studies.

Examples of career paths of recent graduates include, but are not limited to: commodity broker, agricultural statistician, loan officer, farm manager, supply chain analyst, farm machinery sales representative, grain merchandiser, sales manager, operations manager, landscape contractor, human resources specialist, ranch manager, credit analyst, crop insurance agent, precision ag technologist, feedlot manager, agricultural chemical sales representative, real estate appraiser, and elevator manager.

Concentrations

- Agricultural Economics Concentration
- Farm and Ranch Management Concentration
- Food Systems Concentration

Major in Agricultural Business, Agricultural Economics Concentration

The Agricultural Economics concentration focuses on the theoretical and analytic tools of applied economics and provides students with

the skills necessary to apply these principles in settings such as water, recreation, environmental economics, industry and business, marketing, production, or government. This program is more quantitative in nature and best prepares students interested in graduate study.

Major in Agricultural Business, Farm and Ranch Management Concentration

The Farm and Ranch Management concentration builds skills in applied decision making required in production agriculture. The program of

study allows students to apply a solid understanding of economics, and the underlying physical and biological sciences that drive agricultural technology, to problems facing modern farmers and ranchers.

Major in Agricultural Business, Food Systems Concentration

The Food Systems concentration focuses on the application of theoretical and analytic tools of applied economics within the context of food systems. The program of study explores the broadest context of food systems, ranging from small-scale localized markets, traditional

market-mediated commodity-based products, and highly specialized, vertically coordinated supply chains. Students graduating from this program will be prepared to contribute meaningfully to improving the value provided by our food systems.

Requirements Effective Fall 2023

Freshman			AUCC	Credits
AREC 192	Orientation to Agricultural and Resource Econ			1
AREC 202	Agricultural and Resource Economics (GT-SS1)		3C	3
CHEM 103	Chemistry in Context (GT-SC2)		3A	3

Major in Agricultural Education

Agricultural Education is defined as a systematic program of instruction for students desiring to learn and educate around the science, business, and technology of agriculture, food and environmental/natural resource systems. Agricultural Education prepares students for successful careers and informed choices regarding agriculture. Agricultural Education is a major in the Department of Agricultural and Resource Economics and the School of Education – Center for Educator Preparation. CSU focuses on two delivery concentrations in Agricultural Education: Teacher Development for school-based agricultural education, and Agricultural Literacy for application in non-formal and informal learning spaces. The department also offers a minor in Agricultural Literacy.

Learning Objectives

The successful student will demonstrate:

1. Significant knowledge, skills, and dispositions in agriculture.
2. Ability to create instruction opportunities that are adapted to diverse learners.
3. Employment of innovative instructional methods and assessment techniques to promote learning in agriculture.
4. Effective program management and techniques in program evaluation.

Upon successful completion, graduates will exhibit:

Professional Development: Graduates will embody a general awareness of issues in agricultural education and their implications in a larger societal context. Students will begin to develop a network of personal and professional connections which will foster an understanding of the culture surrounding professional expectations and conduct.

Technical Competence: Graduates will demonstrate technical competency within their chosen discipline including the ability to use the appropriate theory and methods in approaching problems, identifying and gathering applicable evidence, and employing proper methods to analyze that evidence, utilizing appropriate available technology in all phases.

Problem-solving Skills: Graduates will demonstrate the ability to solve real-world problems beyond the context of the classroom. Students will be able to identify a problem and its scope, evaluate resources available to address the problem, formulate alternative solutions, and select the solution(s) most consistent with a stated objective.

Communication Skills: Graduates will demonstrate proficiency in oral and written communication in terms of substance, organization, mechanics, documentation, and synthesis. Proficient students will have the ability to clearly communicate findings, critically and analytically, at a professional level within their chosen career.

Leadership: Graduates will have developed leadership qualities that they will use in their professional, personal and community interactions leveraging the other competencies acquired in the program. These leadership qualities include vision, initiative, personal responsibility, team building, and motivating collective action.

Potential Occupations

Graduates in Agricultural Education are in demand to fill a continuous shortage of agricultural teachers in Colorado and nationwide. Two-thirds of the CSU graduates have become teachers or administrators in public schools or with commodity and other agriculture-related entities that hire education/marketing specialists. Other graduates take agribusiness positions with livestock, seed, fertilizer, feed, machinery, or finance firms. Students are also prepared to teach in community or junior colleges, area

career and technical schools, and technical institutes. Participation in internships is required to enhance practical training and development.

A Bachelor of Science degree in Agricultural Education with an Agricultural Literacy concentration will enable students to guide, direct, plan, deliver and assess agriculture programs for non-formal or informal programs such as museums, business or industry programs, county or state fair displays or integrated after-school programs. A Bachelor of Science in Agricultural Education with a Teacher Development concentration leads to teacher licensure by the state of Colorado. Teachers combine classroom, laboratory, and hands-on experiences, and leadership education to teach high school students about the myriad of agricultural topics. The curriculum requires students to demonstrate a competent knowledge of educational theory and a broad-based understanding in agricultural content.

Advanced studies after graduation include graduate studies in agricultural education, extension education and administration, or more in-depth studies in other areas of agriculture, food and natural resources. Upon completion of these advanced degrees, additional opportunities exist for program completers including leadership positions in agricultural education, post-secondary agriculture teacher, agribusiness or agriservice representative, cooperative extension agent, education specialist, 4-H Agent, youth development specialist, and science teacher.

Concentrations

- Agricultural Literacy Concentration
- Teacher Development Concentration

Major in Agricultural Education, Agricultural Literacy Concentration

An integral part of a complete agricultural education system is agricultural literacy. Agricultural literacy is the synthesis, instruction, and communication of basic information about agriculture to the public. Potential occupations may include assisting educators, producers, industry groups, and others to effectively incorporate information about agriculture into subjects being taught or examined in public and private forums. Agricultural literacy is education about agriculture. The agricultural literacy programming and training in this degree area will focus on a wide range of ages (from early childhood to adult), audiences (rural, urban, ethnically diverse, etc.) and a variety of agriculture topics. Coursework includes technical agriculture and natural resources content knowledge, communications, philosophy, and human development. Students are required to complete an internship in agricultural literacy. Students graduating with a degree in Agricultural Education with a concentration in Agricultural Literacy will have to complete additional educational coursework in order to teach in public schools in Colorado.

Potential Occupations

Potential occupations for graduates of this concentration include working for industry, trade, or community organizations that promote and advocate for an agriculturally literate society.

Major in Agricultural Education, Teacher Development Concentration

Teacher development in school-based agricultural education is delivered in a three-part model: classroom, experiential learning, and leadership development. Teacher development in school-based agriculture education is education in agriculture. In Colorado, agricultural education is delivered through approximately 120 secondary programs located throughout the state. Over 6,000 young people are enrolled in agricultural education programs in Colorado. Students in the Teacher Development concentration take classes in agriculture and in Educator Preparation (<http://www.cep.chhs.colostate.edu/>). A Bachelor of Science degree

in Agricultural Education with a concentration in Teacher Development leads to teacher licensure by the state of Colorado. The curriculum requires students to demonstrate a competent knowledge of educational theory and a broad-based understanding in agricultural content. Students combine practical experience and technical course work including animal science, plant science, agricultural mechanics, natural resources, food products and processing, and agriculture business. Students must have a 2.75 GPA, pass the Praxis II assessment for Agriculture and Renewable Natural Resources licensure, and complete a student teaching semester internship.

Potential Occupations

Graduates in the Teacher Development concentration are in demand to fill a shortage in agricultural education teachers. Two-thirds of program graduates take teaching and administrative positions in public schools. Other graduates fill positions in agribusiness, feed, seed, fertilizer, machinery and finance companies, and human resource positions in

agribusiness companies. Additionally, graduates often pursue advanced degrees in teaching agriculture and work at community colleges, in extension, or as curriculum specialists in organizations.

Major in Environmental and Natural Resource Economics

The Major in Environmental and Natural Resource Economics prepares students to apply economic tools to evaluate the allocation and utilization of natural resources and the management of the natural environment. Economic analysis provides a strong basis to guide societal choices that directly and indirectly affect our environment. Economic theory provides a framework for understanding both environmental and natural resource issues, predicting the likely effects of government policies and regulations, and devising solutions to pressing economic and environmental problems.

This major differentiates from other programs of study that address natural resource management in that it focuses on weighing the private and public implications of choices that we make ranging from a local through a global scale. To broaden their technical training, students majoring in Environmental and Natural Resource Economics can simultaneously complete a second major in Natural Resource Management, or other more specialized majors offered through the Warner College of N (<https://warnercnr.colostate.edu/>)atural Resources.

Learning Objectives

Upon successful completion, graduates will exhibit:

Professional Development: Graduates will embody a general awareness of issues in natural resource management and their implications in a larger societal context. Students will begin to develop a network of personal and professional connections which will foster an understanding of the culture surrounding professional expectations and conduct.

Technical Competence: Graduates will demonstrate technical competency within their chosen discipline including the ability to use the appropriate theory and methods in approaching problems, identifying

and gathering appropriate evidence, and employing appropriate methods to analyze that evidence, utilizing appropriate available technology in all phases.

Problem-solving Skills: Graduates will demonstrate the ability to solve real-world problems beyond the context of the classroom. Students will be able to identify a problem and its scope, evaluate resources available to address the problem, formulate alternative solutions, and select the solution(s) most consistent with a stated objective.

Communication Skills: Graduates will demonstrate proficiency in oral and written communication in terms of substance, organization, mechanics, documentation, and synthesis. Proficient students will have the ability to clearly communicate findings, critically and analytically, at a professional level within their chosen career.

Leadership: Graduates will have developed leadership qualities that they will use in their professional, personal and community interactions leveraging the other competencies acquired in the program. These leadership qualities include vision, initiative, personal responsibility, team building, and motivating collective action.

Potential Occupations

Environmental and resource economists are employed in a wide range of fields from education and research to business and government. Profit and non-profit organizations employ economists in international and community development, international relations, and environmental and conservation analyses. Some examples include, but are not limited to, energy resource analyst, environmental researcher/analyst, resource policy analyst, natural resource analyst, environmental pollution analyst, environmental policy analyst, economic analyst/forecaster, land use planner, international development specialist, rural community organizer, community development specialist, financial analyst, foreign trade analyst, market forecaster, and extension agent. Participation in internships, volunteer activities, and cooperative education opportunities is highly recommended to enhance practical training and development.

Graduates who seek further specialization are prepared to pursue advanced studies.

Major in Livestock Business Management

The Livestock Business Management degree program develops active decision-making, communication, and practical management skills to prepare graduates to be effective leaders and agents within the livestock industry. Coursework within the program is selected to provide solid foundational understanding of biological processes and management opportunities within livestock systems as well as analytical and managerial principles in agricultural businesses across a range of scales and resource bases. On top of this fundamental foundation, students will be provided training in economic decision making and analysis that will explicitly integrate the biophysical dimensions with the financial dimensions to drive overall business decisions. In a series of experiential learning courses, students will work with an industry partner to identify a real-world challenge and will codevelop potential solutions with the organization. Another important element of the program is the development of leadership skills to prepare graduates to not only work internally within the industry, but to also be effective in representing the industry and bringing broader social issues to the forefront within the industry. The integration of efficient livestock systems and business practices prepares students to be successful in a wide range of higher-level positions needed within contemporary animal agriculture.

Learning Objectives

Upon successful completion, graduates will exhibit:

1. Interdisciplinary understanding of the biological processes and management opportunities within livestock systems.
2. Ability to integrate the biophysical and financial dimensions of livestock management to make sound business decisions across a range of scales and resource bases.

3. Critical thinking skills to examine social justice ethics and managerial challenges in the context of a diverse agricultural workforce.
4. Practical skills in decision-making, communication and management.

Potential Occupations

- Risk and financial analyst
- Supply chain manager
- Livestock operator
- Marketing associate
- Sales representative
- Accounts manager
- Extension agent
- Operations supervisor
- Ranch manager
- Customer service specialist
- Procurement officer
- Commodity analyst and merchandiser

Advising

To learn more about the Major Livestock Business Management, or to contact an Academic Success Coordinator, please visit the department website. (<https://agsci.colostate.edu/degree/livestock-business-management-major/>)

Minor in Agricultural Literacy

The minor in Agricultural Literacy offers students an integrated set of courses in agricultural education, including an agricultural literacy internship. Students pursuing this minor should be passionate about content in animal sciences, plant sciences, food products and processing, or natural resources. Students should have a desire to educate others in these disciplines. These experiences help round-out a student's education for those interested in working in a broad range of fields where a background in agricultural literacy would be beneficial. Students in this minor gain valuable experiences for careers in industry, non-profit organizations, and a variety of other agricultural careers with an outreach component.

Learning Objectives

Upon successful completion, students will be able to:

1. Deliver agricultural lessons to various audience in non-formal settings.
2. Create agricultural curriculum which can be adapted to differing contexts.
3. Assess the impact of agricultural literacy programming on people and communities.

Requirements Effective Fall 2018

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Core Courses		
AGED 110	Agriculture Production Systems	3
AGED 220	Understanding Agricultural Education	1
AGED 330	Program Design and Evaluation in Ag. Literacy	3
AGED 430	Methods of Agricultural Literacy	3
AGED 486A	Practicum: Agricultural Literacy	2
Selected Courses		
Select 9 credits, including a minimum of 4 upper-division (300- to 400-level) credits, from the following subject codes:		9
AGED, AGRI, ANEQ, AREC, F, FSHN, FTEC, FW, HDFS, HORT, NR, RS, SOCR		
Program Total Credits:		21

Food Industry Management Interdisciplinary Minor

This minor provides a platform for students to integrate business principles with applied food management courses. Areas of study in the minor include food products marketing, food supply chain and cost management, food safety management, food law and policy.

Learning Objectives

Upon successful completion, students will be able to:

1. Describe the basic principles of food products marketing and management.
2. Apply business principles in future employment in the food sector.

Requirements Effective Spring 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Minor in Agricultural Business

The minor in Agricultural Business is open to all students who desire to complete an integrated set of courses where they learn how to apply economic principles and business management tools to a broad range of agricultural and small business management applications. Students will develop skills in agricultural production management, financial management, marketing, and international development and trade. These skills will be valuable to students seeking careers at agricultural companies, or as owner-operators in their own businesses.

The minor is highly complementary to the major fields of study that focus on the agricultural sciences (e.g., most majors within the College of Agricultural Sciences) and those that focus on other technical fields where applied business management skills are relevant. Applicable courses that contribute to the minor include core cores in agricultural economics, financial management, product and commodity marketing, law and policy, and agribusiness management.

Learning Objectives

Upon successful completion, students will be able to:

1. Describe the basic principles of agricultural business, including production, marketing and finance.
2. Apply business principles in their future endeavors.

Requirements Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
AREC 202	Agricultural and Resource Economics (GT-SS1)	3

AREC 461B	Study Abroad-Italy: Food and Resource Economics	
AREC 478	Agricultural Policy	
Program Total Credits:		21

Minor in Environmental and Natural Resource Economics

The minor in Environmental and Natural Resource Economics is open to all students who desire to complete an integrated set of courses where they learn how to apply economics to a broad range of natural resources and environmental issues. Interested in how economists view climate change, parks and protected areas, renewable energy, deforestation, carbon accounting, corporate social (and environmental) responsibility and/or biodiversity and ecosystem services? Students have the opportunity to develop skills to evaluate private and societal choices that are made regarding human interactions with the natural world. Economic theory and analytical methods are central to most public policy discussions and investment projects. Students who build these skills will be positioned to guide social dialogue and private investment around some of the most important issues of the modern era.

The minor is highly complementary to the major fields of study that focus on the management of natural resources (e.g., most majors within the

Warner College of Natural Resources) and those that focus on public policy and social choice. Applicable courses that contribute to the minor include core courses in environmental and natural resource economics as well as courses applied to specialty topics in water, outdoor recreation and tourism, energy, development, and agriculture.

Requirements Effective Fall 2020

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Master of Agribusiness and Food Innovation Management, Plan C

The professional Master of Agribusiness and Food Innovation Management (Plan C) is a program of study consisting of 35 credit hours of coursework, including 9 credit hours of practicum, that prepares students to start their own businesses or to join the management team of an innovative business in the agricultural value chain. Completion of the degree program provides mastery of what it means to be an entrepreneur, ability to evaluate the agriculture value chain and potential business opportunities, practical understanding of the role that economics plays in successful ventures, financial and marketing skills needed to evaluate

the viability of a new product or service, ability to work together in a team to put together a business plan, communication skills to sell that plan to others (particularly potential investors), and working knowledge of intellectual property and how to protect it from unauthorized exploitation. The practicum provides experience in the development of a business plan for an actual business.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Within five identified outcome areas, graduates of this program will exhibit:

Professional Development:

1. An understanding of the value-added system of agriculture and food, its issues, and their implications in a larger societal context.
2. A network of personal and professional connections within the agribusiness/food and investor communities with Colorado, nationally, and globally.
3. An understanding of and acculturation to the high professional expectations and standards of conduct within the agribusiness/food industry and the startup community.
4. Practical experience assembling and working within teams, including assessment of personal traits and talents, recruitment of team members, formulation of team strategy, and collective decision making.
5. The capability to work as a team in partnership with an external researcher or innovator, who has an idea with commercial potential, to create value with that partner based upon their idea. Engagement will be such that students have a sense of ownership in the outcome. In addition, the student will be able to repeat the team-based value creation process and thereby successfully launch other business ventures in the future.

Technical Competence:

1. Competence in selecting and utilizing appropriate methods, evidence, and resources to solve real-world challenges beyond the context of the classroom.
2. Familiarity and fluency with the concepts and terminology of the lifecycle of a new agribusiness startup company, from inception of the initial idea, through the stages of validation, funding, founding, product launch, growth, and exit.
3. An applied understanding of financial concepts and tools necessary to generate and evaluate financial performance of an agribusiness.
4. An ability to develop a successful marketing plan for a new product, service, or technology, including the ability to do market research, identify key market niches, and position it, so that it is presented in its best light to potential customers and investors.
5. An ability to identify and pursue all of the potential sources of investment capital needed to carry a business idea from concept to commercial launch.
6. Competence in the legal dimensions of business startups and be able to take steps to design the legal, contractual, and intellectual property structures that form a successful venture and help to protect it from various risks.

Problem-solving and Opportunity-seizing Skills:

1. An ability to identify a problem—or, conversely, an opportunity—to ascertain its scope, to evaluate resources available to address it, to formulate alternative solutions, to select a best path of action, and to pursue it.
2. An ability to critically evaluate the viability of a business idea and to engage design principles to iterate the idea and improve upon its viability.

Communication skills:

1. Proficiency in oral and written communications in terms of substance, organization, mechanics, documentation, synthesis, and persuasion, particularly as it relates to proposing and advocating for a new business.
2. An ability to put together an effective pitch (written and verbal) to frame and communicate a new business idea to a range of stakeholders.
3. An ability to write a detailed, coherent business plan to map out the growth potential and thus the investment opportunity of a new business idea.

Leadership:

1. A personal identity as an entrepreneur, innovator, and agent of change within the business community and the world at large.
2. Leadership qualities that can be used in professional, personal, and community contexts, including vision, initiative, personal responsibility, team building, and motivating collaborative or collective action.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration

Graduate Certificate in Teaching in Extension

The Graduate Certificate in Teaching in Extension provides training to non-extension personnel on the purposes, history, structure, function, and development of extension education programs. Students pursuing this certificate receive fundamental training on how to deliver effective instruction in a variety of settings across multiple age groups. The coursework for this certificate includes principles of extension, delivery of extension, and advanced teaching methods for extension, plus an elective course. This certificate could be applied in a variety of different graduate programs that provide breadth and expertise in the latest programmatic offerings and opportunities in extension.

Learning Objectives

Upon successful completion of the certificate, students will be able to:

1. Describe the foundations of Extension.
2. Construct effective Extension programming.

- Obtain enhanced skills related to effective delivery of Extension programs.

Requirements Effective Spring 2018

Additional coursework may be required due to prerequisites.

Code	Title	Credits
AGED 525	Agricultural and Extension Teaching	3
AGRI 546	Principles of Cooperative Extension	3
AGRI 547	Delivery of Cooperative Extension Programs	4
Select one course from the following:		3
AGED 600	Evaluation and Applied Research in Extension	
EDAE 5XX-7XX		
HDFS 5XX-7XX		
Program Total Credits:		13

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Science in Agricultural and Resource Economics, Plan A

The Master of Science in Agricultural and Resource Economics, Plan A, offered by the Department of Agricultural and Resource Economics, is a program of study consisting of 30 credit hours, including the preparation and defense of an original M.S. research thesis (up to 6 credits of research work). Completion of this degree implies a mastery of fundamental microeconomic theory and econometrics, with an ability to conduct applied economic research under supervision. Graduates are competitive for employment in the public and private sectors as analysts, consultants, researchers, and other occupations involving analytical skills. Our students have gone on to rewarding careers in federal agencies, NGOs, and the private sector. The program provides a solid foundation in microeconomics and quantitative methods, coupled with direct experience in applied economic research. This course of study represents an excellent basis for those inclined to pursue doctoral degrees, and many of our students have entered our own Ph.D. program or other top-level institutions across the country.

Learning Objectives

Upon successful completion, students will be able to:

- Conduct impactful economic analysis and using quantitative tools to solve problems relevant to their sub-discipline specialty.
- Demonstrate competency in the theoretical and quantitative foundations to successfully enter and complete a PhD program in applied economics.
- Communicate economic concepts, analysis, and findings in both oral and written forms across a wide range of professional settings.
- Support the teaching of economic theory and methods as applied to agricultural and natural resource problems.

Master of Science in Agricultural and Resource Economics, Plan B

The Master of Science in Agricultural and Resource Economics, Plan B, offered by the Department of Agricultural and Resource Economics, is a program of study consisting of 30 credit hours in coursework, plus the preparation of a technical paper. Completion of this degree implies a mastery of fundamental microeconomic theory and econometrics, with an ability to conduct applied economic research under supervision. Graduates are competitive for employment in the public and private sectors as analysts, consultants, researchers, and other occupations involving analytical skills. Our students have gone on to rewarding careers in federal agencies such as the National Park Service, U.S. Department of Agriculture, State Departments of Agriculture, NGOs, and the private sector. The program provides a solid foundation for the students wishing to pursue higher level graduate studies (Ph.D.), but it is particularly well suited for students seeking to directly enter the workforce or international students planning to return to their own country after obtaining the degree.

Learning Objectives

Upon successful completion, students will be able to:

1. Conduct impactful economic analysis and using quantitative tools to solve problems relevant to their sub-discipline specialty.
2. Demonstrate competency in the theoretical and quantitative foundations to successfully enter and complete a PhD program in applied economics.
3. Communicate economic concepts, analysis, and findings in both oral and written forms across a wide range of professional settings.
4. Support the teaching of economic theory and methods as applied to agricultural and natural resource problems.

Ph.D. in Agricultural and Resource Economics

The Ph.D. offered by the Department of Agricultural and Resource Economics consists of 72 credits plus a substantial work of original research in the form of a dissertation. Completion of the Ph.D. in Agricultural and Resource Economics generally signifies a mastery of advanced microeconomic theory and quantitative methods, with a particular expertise in either agricultural economics or environmental and natural resource economics. Ph.D. graduates are experts in applied economics and are trained to develop and execute innovative research programs, teach undergraduate and graduate level economics courses, and present theoretical and applied economic concepts and results to a wide variety of audiences. Graduates of this program have gone on to succeed in a variety of positions at universities, in the public sector (e.g. USDA, ERS), and private enterprises including consulting firms.

Learning Objectives

Upon successful completion, students will be able to:

1. Apply research that contributes understanding and solutions to problems relevant to their sub-discipline specialties.
2. Communicate economic concepts, analysis, and findings in both oral and written forms across a wide range of professional settings.
3. Teach economic theory and methods as applied to agricultural and natural resource problems.

Exams		
Exams ³		0
Program Total Credits:		72

A minimum of 72 credits are required to complete this program.

- ¹ Select courses with approval of advisor and committee.
² Student may apply an earned Master's degree for up to 30 credits toward the PhD requirements. Specific course requirements will be substituted where evidence of equivalent learning outcomes is demonstrated.
³ Students must pass the written Ph.D. Qualifying Examinations in Quantitative Methods and in Microeconomics, the field Examination, the preliminary Oral Examination, and the final Oral Examination.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website

9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Department of Agricultural Biology

In the Department of Agricultural Biology we study plants, microbes, and insects in order to describe their roles in agricultural and natural ecosystems. We are motivated by new discoveries and we share this knowledge with others so that we can all work together to improve ecosystem health and sustainability.

Office in Plant Sciences Building, Room C129
(970) 491-5261

agbio.agsci.colostate.edu (<https://agsci.colostate.edu/agbio/>)

Professor Noa Roman-Muniz, Interim Head
Chris Amerman, Student Success Coordinator

AB 130 Working with Agricultural Biology Data Credit: 1 (1-0-0)

Course Description: Introduction to the scientific method and systems thinking in terms of agricultural biology. Develop a hypothesis based on field observations, collect and analyze data to determine if findings align with the hypothesis. Results are communicated in a written report, and oral presentation.

Prerequisite: AB 120, may be taken concurrently.

Restriction: Must be a: Undergraduate.

Registration Information: This is a partial semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 230 Becoming an Agricultural Biology Professional Credit: 1 (1-0-0)

Course Description: Design professional resumes, and develop interpersonal skills to succeed in a professional environment. Develop criteria to write a report from internships, and develop skills in interpretation of qualitative and quantitative agricultural biology data.

Prerequisite: AB 130.

Registration Information: Agricultural biology majors only. This is a partial semester course. Credit not allowed for both AB 230 and AB 270.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 270 Agri. Biology Orientation for Transfers Credits: 2 (2-0-0)

Course Description: Introduction to the scientific method and systems thinking in terms of agricultural biology. Develop a hypothesis based on field observations, collect and analyze data. Prepare to become agricultural biology professionals by designing resumes and practicing skills to succeed in a professional environment.

Prerequisite: None.

Registration Information: Agricultural biology majors only. Written consent of instructor. Credit not allowed for both AB 230 and AB 270.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AB 330 Applications in Agricultural Biology I Credits: 2 (2-0-0)

Course Description: Knowledge, skills, and abilities to propose sustainable solutions to biological problems in natural or managed ecosystems. Collectively discuss a diverse set of case studies that incorporate systems approach in solving agricultural biology issues. Hone career plans and professional skills.

Prerequisite: (AB 230 or AB 270) and (BSPM 302).

Restriction: Must be a: Undergraduate.

Registration Information: Agricultural biology majors only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 340 Insect Biotechnology Credits: 3 (3-0-0)

Course Description: Introduction to concepts, terminology, and applications of molecular biology techniques as it relates to the entomology. Learn about the use of whole insects, as well as their cells, tissues, and associated bacteria in medical, pharmaceutical, and agricultural applications.

Prerequisite: LIFE 102.

Registration Information: Credit not allowed for both AB 340 and BSPM 280A1.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 377 Geographic Information Systems in Agriculture Credits: 3 (2-2-0)

Also Offered As: SOCR 377.

Course Description: Geospatial science, remote sensing, and GPS technology play a central role in precision and digital agriculture. Designed to introduce the concepts of integrating knowledge in biology, statistics, and economics with advanced geospatial science, especially GPS, GIS, remote sensing, and spatial statistics, for agricultural applications.

Prerequisite: CS 100 to 499 - at least 3 credits or SOCR 100 to 499 - at least 3 credits or STAT 100 to 499 - at least 3 credits.

Restriction: Must not be a: Freshman.

Registration Information: Must register for lecture and laboratory. Required field trips. Credit allowed for only one of the following: AB 377, SOCR 377, or SOCR 577.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AB 410 Understanding Pesticides Credits: 3 (3-0-0)

Course Description: Explore the safe and effective use of pesticides, balancing improved pest management and production while minimizing harm to humans and the environment. Analyze pesticide labels to identify procedures for using the pesticide safely, effectively, and legally. Use objective sources of pesticide information to improve pesticide use decision making and to communicate effectively about the risks and benefits of pesticides.

Prerequisite: BZ 100 to 199 - at least 3 credits or CHEM 100 to 199 - at least 3 credits.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. Sections may be offered: Online. Credit allowed for only one of the following: AB 310, AB 410, or BSPM 310.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 415 Agricultural Data Science Credits: 3 (3-0-0)

Course Description: Agricultural data science to facilitate decision making, accelerate training, use resources efficiently, predict pests and diseases, mitigate the impacts of and adapt to climate change, reduce labor expenses, improve safety, manage supply chains, and understand consumer preferences. Designed for students in the agricultural sciences who wish to learn about data science and its applications in agriculture.

Prerequisite: (AB 120 or AB 130 or LIFE 103 or LAND 220 or LIFE 220 or HORT 171 or SOCR 171) and (CS 152 or CS 150B or DSCI 235 or STAT 158).

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 420 Horticultural Entomology Credits: 2 (2-0-0)

Course Description: Introduction to key pest arthropods associated with horticultural plants and integrated pest management (IPM) tactics focused on sustainable pest suppression, including a general entomology overview.

Prerequisite: BSPM 102 or LIFE 103.

Registration Information: This is a partial semester course. Sections may be offered: Online. Credit not allowed for both AB 420 and AB 480A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AB 430 Applications in Agricultural Biology II Credits: 3 (3-0-0)

Course Description: Apply systems thinking and dynamic systems modeling to case studies and a capstone project that poses sustainable solutions to biological problems in natural or managed ecosystems. Hone career plans and professional skills.

Prerequisite: AB 330.

Restriction: Must be a: Undergraduate.

Registration Information: Agricultural biology majors only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AB 451 Integrated Pest Management Credits: 3 (3-0-0)

Course Description: Concepts of integrated pest management and the strategies and tactics employed in the application of these concepts.

Prerequisite: AB 420 or BSPM 302 or BSPM 308 or BSPM 361.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 505 Exploring Colorado Agricultural Systems Credits: 2 (2-0-0)

Course Description: Travel to all Colorado Agricultural Experiment Stations to gain hands-on experience in Colorado's major agricultural systems. Learn about the crops grown in each region, integrated pest management of each crop type, and production limitations, such as water, transportation, equipment, or labor. Engage with agricultural industry representatives and keep a journal of experiences.

Prerequisite: LIFE 102 or LIFE 103.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Required field trips. Students must be available for each field trip over the course of the 4-week class. Credit not allowed for both AB 505 and AB 581A1.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AB 509 Herbicide Selectivity and Action Credits: 3 (3-0-0)

Course Description: Explores the physicochemical properties of herbicides, their selectivity (through placement and metabolism), their mechanism of action, uses in weed management, visual symptoms of herbicide treatment, how plants can evolve resistance to these compounds, and controversial topics related to the use of herbicides.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 511 Microbiome of Plant Systems Credits: 3 (3-0-0)

Course Description: Emphasizes interdisciplinary and cross curricular education with training in disciplines that support an increased understanding of plant associated microbiome and their optimization.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AB 515 Plant Biochemistry in Agriculture Credits: 3 (3-0-0)

Course Description: Experiential learning environment leading to mastery of principles of protein homology modeling, metabolic network analysis, and important plant biochemical pathways. Structure and function of enzymes in metabolic pathways and the contributions of these pathways to plant growth and development.

Prerequisite: HORT 576.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online. Credit allowed for only one of the following: AB 515, BSPM 515 or BSPM 581A2.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 521 Forest Health Issues Credits: 2 (2-0-0)

Course Description: Current topics related to forest and shade tree health from ecosystems to tree defense physiology.

Prerequisite: BZ 120.

Registration Information: This is a partial semester course. Credit not allowed for both AB 521 and BSPM 521.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 523 Advanced Evolution/Classification of Insects Credits: 5 (2-6-0)

Course Description: Identification of major insect groups. Explore field collecting, specimen preservation methods, biodiversity discovery and description, patterns and timeline of insect evolution, classification, and morphology.

Prerequisite: BSPM 302 or BSPM 424.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. Must register for lecture and laboratory. Required field trips. Credit not allowed for both AB 523 and BSPM 523.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

AB 529 Pesticide Resistance Evolution and Management Credits: 3 (3-0-0)

Course Description: Examines pesticide resistance, including principles of resistance evolution; resistance mechanisms in arthropods, weeds, and plant pathogens; management approaches; communication strategies; and new developments in technology for pest management, including RNAi and gene drive.

Prerequisite: (LIFE 102 or LIFE 103) and (BZ 346 or SOCR 330).

Registration Information: Sections may be offered: Online. Credit not allowed for both AB 529 and BSPM 580A4.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 551 Advanced Integrated Pest Management Credits: 4 (3-0-1)

Course Description: Concepts of integrated pest management and the strategies and tactics employed in the practical application of these concepts.

Prerequisite: AB 420 or BSPM 302 or BSPM 308 or BSPM 361.

Registration Information: Must register for lecture and recitation. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AB 554 Biology of Fungal Plant Pathogens Credits: 2 (2-0-0)

Course Description: Introduction to fungal biology, including ecology, physiology, genetics and diversity of fungal pathogens. Explore fungal lifecycles, modes and genetics of fungal mating and sources of genomic variation, and fungal pathogenesis.

Prerequisite: BSPM 361 or BSPM 365.

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing. This is a partial semester course. Credit not allowed for both AB 554 and AB 580A1.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 555 Topics in Plant Pathology--Plant Virology Credits: 2 (2-0-0)

Course Description: Learn about the molecular mechanisms behind plant virus transmission, replication, translation, and movement, as well as the drivers for emerging plant viral diseases and methods of biotechnological control. Features that make viruses unique from other plant pathogens are the focus. The differences and similarities between plant viruses and viruses that infect other hosts (e.g. mammals and microbes) are also highlighted.

Prerequisite: (BSPM 361 or MIP 250 or MIP 300 or MIP 303) and (BZ 350).

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. This is a partial semester course. Credit not allowed for both AB 555 and AB 580A2.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AB 792 Seminar Credits: Var[1-2] (0-0-0)

Course Description: Guest speakers giving lectures on a wide range of topics in agricultural sciences.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Bioagricultural Sciences and Pest Management (BSPM)

BSPM 102 Insects, Science, and Society (GT-SC2) Credits: 3 (3-0-0)

Course Description: How insects develop, behave, and affect human activity. What every student should know about the most diverse life form on Earth.

Prerequisite: None.

Registration Information: Credit not allowed for both BSPM 102 and BSPM 356A.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Biological & Physical Sciences 3A, Natural & Physical Sciences w/o lab (GT-SC2).

BSPM 201 Weed Management and Control Credits: 3 (3-0-0)

Course Description: Basic overview of weeds and weed control.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 302 Applied and General Entomology Credits: 2 (2-0-0)

Course Description: Biology and management of insects.

Prerequisite: None.

Registration Information: Credit not allowed for both BSPM 302 and BSPM 356A.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

BSPM 303A Entomology Laboratory: General Credits: 2 (0-4-0)

Course Description: Biology and recognition of insects.

Prerequisite: BSPM 302, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 303B Entomology Laboratory: Horticultural Credit: 1 (0-2-0)

Course Description: Biology and recognition of insects.

Prerequisite: BSPM 302, may be taken concurrently.

Registration Information: Credit not allowed for both BSPM 303B and BSPM 356A.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 303C Entomology Laboratory: Agricultural Credit: 1 (0-2-0)

Course Description: Biology and recognition of insects.

Prerequisite: BSPM 302, may be taken concurrently.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 308 Ecology and Management of Weeds Credits: 3 (2-3-0)

Course Description: Classification, characteristics; weed biology and ecology; control by cultural, mechanical, chemical, and biological means; successional management.

Prerequisite: (BZ 120 or LIFE 103) and (CHEM 107 or CHEM 111).

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 355A Horticulture Pathology: General Pathology Credit: 1 (1-0-0)

Course Description: A 5-week course consisting of General Plant Pathology; identification of the organisms that can cause plant diseases.

Prerequisite: HORT 100 to 199 or LIFE 100 to 199.

Registration Information: Written consent of instructor. This is a partial semester course. Offered as an online course only. Credit not allowed for both BSPM 355A and BSPM 381A2.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 355B Hort Pathology: Turf and Ornamental Disease Credit: 1 (1-0-0)

Course Description: Turf and ornamental plant diseases, their management and control.

Prerequisite: BSPM 355A.

Registration Information: Written consent of instructor. This is a partial semester course. Offered as an online course only. Credit not allowed for both BSPM 355B and BSPM 361.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 355C Horticulture Pathology: Vegetable and Greenhouse Disease Credit: 1 (1-0-0)

Course Description: Diseases in the Greenhouse and Vegetable crops, management and control.

Prerequisite: BSPM 355A.

Registration Information: Offered as an online course only. This is a partial semester course. Written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 356A Horticultural Entomology Introduction Credit: 1 (1-0-0)

Course Description: Basic biology, identification and management of insects and mites affecting horticultural crops.

Prerequisite: HORT 100 to 199 or LIFE 100 to 199.

Registration Information: Written consent of instructor. This is a partial semester course. Offered as an online course only. Credit not allowed for both BSPM 102 and BSPM 356A. Credit not allowed for both BSPM 303B and BSPM 356A.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 356B Horticultural Entomology: Food Crops Credit: 1 (1-0-0)

Course Description: Insect and mite pests of fruits, vegetables and other garden grown food crops.

Prerequisite: BSPM 102 or BSPM 302 or BSPM 356A, may be taken concurrently.

Registration Information: This is a partial semester course. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 356C Horticultural Entomology: Landscape Plants Credit: 1 (1-0-0)

Course Description: Insect and mite pests of ornamentals (woody plants, flowers) and turfgrass and their management.

Prerequisite: BSPM 102 or BSPM 302 or BSPM 356A, may be taken concurrently.

Registration Information: Written consent of instructor. This is a partial semester course. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 361 Elements of Plant Pathology Credits: 3 (2-2-0)

Course Description: Diseases of economic plants.

Prerequisite: BZ 104 or BZ 120 or HORT 100 or LIFE 102.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 365 Integrated Tree Health Management Credits: 4 (3-3-0)

Course Description: Insects and diseases in forest and urban ecosystems. Effects, diagnosis, prevention, and interactions.

Prerequisite: BZ 120 or LIFE 102.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 384 Supervised College Teaching Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 424 Principles of Systematic Science Credits: 3 (3-0-0)

Also Offered As: BZ 424.

Course Description: Introduction to the core principles of systematic science and exploration of issues including speciation, taxonomy and classification, constructing and evaluating hypotheses of evolutionary relationships, characters used in taxonomy, species descriptions, the taxonomic literature, museums and museum science, and careers in systematic science.

Prerequisite: BZ 220.

Registration Information: Credit not allowed for both BSPM 424 and BZ 424.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 450 Molecular Plant-Microbe Interaction Credits: 3 (3-0-0)

Course Description: Principles of plant-microbe/insect interactions, physiological and molecular aspects of plant defense, genomics approaches to study plant defense.

Prerequisite: (BZ 100 to 499 - at least 3 credits) and (BZ 346 or SOCR 330).

Registration Information: Credit not allowed for both BSPM 450 and BSPM 550.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 462 Parasitology and Vector Biology Credits: 5 (3-4-0)

Also Offered As: BZ 462 and MIP 462.

Course Description: Protozoa, helminths, and insects and related arthropods of medical importance; systematics, epidemiology, host damage and control.

Prerequisite: (BZ 110 or LIFE 103) and (BZ 212 or LIFE 206 or MIP 302).

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: BSPM 462, BZ 462, MIP 462.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 487 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 492 Seminar Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 495 Independent Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 496 Group Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 500 Foundations of Bioagricultural Sciences Credits: 2 (2-0-0)

Course Description: Introduction to graduate school covering managing time, advisor and research, plus a survey of topics encompassed by the department of BSPM.

Prerequisite: None.

Restriction: Must be a Graduate.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 502B Topics in Plant Pathology: Plant Bacteriology Credit: 1 (1-0-0)

Course Description:

Prerequisite: BIO 300 to 499 - at least 3 credits or BSPM 300 to 499 - at least 3 credits or BZ 300 to 499 - at least 3 credits or LIFE 300 to 499 - at least 3 credits.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 520 Advanced Systematics Credits: 3 (3-0-0)

Also Offered As: BZ 520.

Course Description: Theory and practice of modern systematics.

Prerequisite: BSPM 424 or BZ 424 or BZ 325.

Registration Information: Credit not allowed for both BSPM 520 and BZ 520.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 526 Evolutionary Ecology Credits: 3 (3-0-0)

Also Offered As: BZ 526.

Course Description: Adaptation to abiotic and biotic environments; how current ecological processes interact with evolutionary history.

Prerequisite: LIFE 320 or LIFE 220 or LAND 220.

Registration Information: Credit not allowed for both BSPM 526 and BZ 526.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 528 Invasive Plants/Weeds—Ecosystems to Molecules Credits: 3 (3-0-0)

Course Description: Contributions of disciplines of weed science and invasion ecology to understanding the biology, ecology and management of "problem plants."

Prerequisite: (LIFE 320 or LAND 220 or LIFE 220) and (BZ 120) and (LIFE 102 or LIFE 103).

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

BSPM 530 Scientific Writing Credit: 1 (1-0-0)

Also Offered As: SOCR 530.

Course Description: Skills necessary to prepare complete scientific journal articles including writing, editing, and literature searching and assessment.

Prerequisite: None.

Registration Information: Credit not allowed for both BSPM 530 and SOCR 530.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 550 Molecular Plant-Microbe Interactions Credits: 3 (3-0-0)

Course Description: Principles of plant-microbe interactions, physiological and molecular aspects of plant defense, genomic approaches to study plant defense.

Prerequisite: (BZ 100 to 499 - at least 3 credits) and (BZ 346 or SOCR 330).

Registration Information: Credit not allowed for both BSPM 550 and BSPM 450.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 555 Immature Insects Credits: 3 (1-4-0)

Course Description: Characteristics of immature forms of orders and families of insects emphasizing those important to man.

Prerequisite: BSPM 303A or BSPM 303B or BSPM 303C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 584 Supervised College Teaching Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 587 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 592 Seminar Credits: Var[1-3] (0-0-0)

Course Description: Major questions and theory pertinent to understanding current and relevant science topics.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 594 Independent Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 596 Group Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 698 Research Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 740 Plant Molecular Genetics Credits: 3 (3-0-0)

Also Offered As: SOCR 740.

Course Description: Advances in study of organization and function of nuclear and organellar genomes, gene expression in higher plants, and plant-microbe interactions.

Prerequisite: BC 351 and SOCR 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both BSPM 740 and SOCR 740.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 784 Supervised College Teaching Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 787 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 794 Independent Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 798 Research Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 799 Dissertation Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Agricultural Biology

The Agricultural Biology major provides a strong scientific foundation in entomology, plant pathology and weed science to address challenges in natural and managed systems. Students will gain tools to foster sustainability and address pressing issues involving biophysical and sociocultural components of these systems. The concentration features courses in agriculture, biology, and ecology as well as practical training through internships and/or research experiences. Students will learn the complex interactions that occur among microbes, insects, and plant species in natural and managed ecosystems and develop skills to use systems thinking to solve real-world problems. Knowledge and skills gained from the major will enable students to identify and solve complex problems in natural and managed systems, especially in implementing effective and sustainable pest management.

Learning Objectives

- 1. Integrate skills and knowledge to solve problems related to plants, insects, and microbes in natural and managed ecosystems
- 2. Demonstrate understanding of social, economic, and biophysical aspects of the management of biological problems in natural and managed ecosystems
- 3. Describe, assess, analyze, and synthesize knowledge from across the curriculum to create solutions for pests and beneficial species in natural and managed ecosystems
- 4. Promote and practice inclusion to form effective teams that solve complex problems in natural and managed ecosystems
- 5. Communicate effectively with diverse audiences regarding sustainable pest and pathogen management in natural and managed ecosystems

Potential Occupations

This major will be an excellent choice for students interested in careers as researchers, crop advisors, extension educators, growers, agriculture

consultants, production managers, inspectors, diagnosticians, regulatory professionals and for those who wish to pursue careers in academia.

Concentrations

- Entomology Concentration
- Plant Pathology Concentration
- Weed Science Concentration

Advising

Reach out to Chris Amerman (Chris.Amerman@colostate.edu) to schedule an appointment to change your major/minor. The change of major form can be electronically submitted by a student's main advisor to the Registrar's Office.

- Individualized Appointment with Advisor Link for Scheduling - <https://calendly.com/socr-advising> (https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcalendly.com%2Fsocr-advising%2Fadvising-appointment%3Fmonth%3D2023-03&data=05%7C01%7CGiovanni.Tolentino_Ramos%40colostate.edu%7C1a3bedec788549031af108db20c2da86%7Cafb58802ff7a4bb1ab21367ff2e%7C0%7C0%7C638139793483113872%7CUnknown%7CTWFpbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikl1haWV%7C3000%7C%7C%7C&sdata=a07T1zEgzLuGzC6TFEiqRYDibN5xb3xo2ZQzcn%2Fyjr0%3D&reserved=0) (https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcalendly.com%2Fsocr-advising%2Fadvising-appointment%3Fmonth%3D2023-03&data=05%7C01%7CGiovanni.Tolentino_Ramos%40colostate.edu%7C1a3bedec788549031af108db20c2da86%7Cafb58802ff7a4bb1ab21367ff2e%7C0%7C0%7C638139793483113872%7CUnknown%7CTWFpbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikl1haWV%7C3000%7C%7C%7C&sdata=a07T1zEgzLuGzC6TFEiqRYDibN5xb3xo2ZQzcn%2Fyjr0%3D&reserved=0)

Our majors and minors have no competitive entry requirements. Courses to take if you are interested in the programs include AB 111, BSPM 102, BSPM 302, BSPM 308, and BSPM 361. Students interested in our program should ideally declare in the first two years, but exceptions can be made depending on the student's previous coursework.

Learn more about the Agricultural Biology major on the Department of Agricultural Biology website (<https://agsci.colostate.edu/agbio/>).

Requirements Effective Spring 2023

Major in Agricultural Biology, Entomology Concentration

The Agricultural Biology major with a concentration in Entomology provides a strong scientific foundation in entomology to address challenges in natural and managed systems. Students will gain tools to foster sustainability and address pressing issues involving biophysical and sociocultural components of these systems. The major features courses in agriculture, biology, and ecology as well as practical training through internships and/or research experiences. Students will learn the complex interactions that occur among microbes, insects, and plant species in natural and managed ecosystems and develop skills to use systems thinking to solve real-world problems. Knowledge and skills gained from the major will enable students to identify and solve complex

problems in natural and managed systems, especially in implementing effective and sustainable pest management.

Learning Objectives

1. Integrate skills and knowledge to solve problems related to plants, insects, and microbes in natural and managed ecosystems
2. Demonstrate understanding of social, economic, and biophysical aspects of the management of biological problems in natural and managed ecosystems
3. Describe, assess, analyze, and synthesize knowledge from across the curriculum to create solutions for pests and beneficial species in natural and managed ecosystems
4. Promote and practice inclusion to form effective teams that solve complex problems in natural and managed ecosystems
5. Communicate effectively with diverse audiences regarding sustainable pest and pathogen management in natural and managed ecosystems

Potential Occupations

This major will be an excellent choice for students interested in careers as researchers, crop advisors, extension educators, growers, agriculture consultants, production managers, inspectors, diagnosticians, regulatory professionals and for those who wish to pursue careers in academia.

Major in Agricultural Biology, Plant Pathology Concentration

The Agricultural Biology major with a concentration in Plant Pathology provides a strong scientific foundation in plant pathology to address

challenges in natural and managed systems. Students will gain tools to foster sustainability and address pressing issues involving biophysical and sociocultural components of these systems. The major features courses in agriculture, biology, and ecology as well as practical training through internships and/or research experiences. Students will learn the complex interactions that occur among microbes, insects, and plant species in natural and managed ecosystems and develop skills to use systems thinking to solve real-world problems. Knowledge and skills gained from the major will enable students to identify and solve complex problems in natural and managed systems, especially in implementing effective and sustainable pest management.

Learning Objectives

1. Integrate skills and knowledge to solve problems related to plants, insects, and microbes in natural and managed ecosystems
2. Demonstrate understanding of social, economic, and biophysical aspects of the management of biological problems in natural and managed ecosystems
3. Describe, assess, analyze, and synthesize knowledge from across the curriculum to create solutions for pests and beneficial species in natural and managed ecosystems
4. Promote and practice inclusion to form effective teams that solve complex problems in natural and managed ecosystems

5. Communicate effectively with diverse audiences regarding sustainable pest and pathogen management in natural and managed ecosystems

Potential Occupations

This major will be an excellent choice for students interested in careers as researchers, crop advisors, extension educators, growers, agriculture consultants, production managers, inspectors, diagnosticians, regulatory professionals and for those who wish to pursue careers in academia.

Advising

Reach out to Chris Amerman (Chris.Amerman@colostate.edu) to schedule an appointment to change your major/minor. The change of major form can be electronically submitted by a student's main advisor to the Registrar's Office.

- Individualized Appointment with Advisor Link for Scheduling - <https://calendly.com/socr-advising> (https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcalendly.com%2Fsocr-advising%2Fadvising-appointment%3Fmonth%3D2023-03&data=05%7C01%7CGiovanni.Tolentino_Ramos%40colostate.edu%7C1a3bedec788549031af108db20c2da86%7Caf58802ff7a4bb1ab21367ff2ecfc8b%7C0%7C0%7C638139793483113872%7CUnknown%7CTWFpbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikl1haWwiLCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=a07T1zEgzLuGzC6TFEiqRYDibN5xb3xo2ZQzcn%2Fyjr0%3D&reserved=0)

Our majors and minors have no competitive entry requirements.

Courses to take if you are interested in the programs include AB 111, BSPM 102, BSPM 302, BSPM 308, and BSPM 361.

Students interested in our program should ideally declare in the first two years, but exceptions can be made depending on the student's previous coursework. For more information, please visit the Department of Agricultural Biology website (<https://agsci.colostate.edu/agbio/>).

¹ A minimum grade of 'C' (2.000) must be obtained in this course in order to complete the program.

² Transfer students are required to take AB 270 in lieu of AB 120, AB 130, and AB 230.

³ Select enough elective credits to bring the program total to 120, of which at least 42 must be Upper-Division (300- to 400-level).

To prepare for first semester: The curriculum for the Agricultural Biology major assumes students enter college prepared to take calculus. Entering students who are not prepared to take calculus will need to fulfill pre-calculus requirements in the first semester. Those pre-calculus requirements are listed as benchmark courses in Freshman Semester 1 below.

Major Completion Map

Distinctive Requirements for Degree Program: Each course used to satisfy requirements of the major requires a minimum grade of 'C' (2.000).

Program Total Credits:					120

Minor in Agricultural Data Science

Students who complete the Agricultural Data Science Minor will learn to use some of the same data science and analytical skills as in the Data Science programs. However, their focus will be on implementation of these tools to identify important correlations and trends and to implement practical improvements and agricultural decisions that benefit food security and safety, as well as human and ecosystem well-being. They will gain practical experience through an internship where they will analyze and report on real-world data for a client. They will serve as a necessary bridge between agronomists, animal scientists, or agricultural economists and data scientists who design analytical tools. The primary needs for agricultural data science include improved crop management, risk assessment, animal health, soil health, resource optimization and environmental protection, supply chain management, predictive analytics, and unlocking the potential of urban farming. Agricultural data analysis is also required to mitigate the impact of global climate change, to improve ecosystem resiliency and climate change adaptation, and to maintain food safety and security.

Learning Objectives

Upon successful completion of this minor, students will be able to:

1. Describe tools and define vocabulary, and concepts for data analysis in agricultural systems to compare outcomes and solve problems related to decisions on agricultural production.
2. Describe how agricultural data are collected in labs, fields, production fields, and from consumers. Know how to design experiments, sampling protocols, and determine data types and formats to be used.
3. Identify tools, techniques, methods, computational platforms and resources for specific data and projects.
4. Interpret reports, charts, figures, maps, statistical tables to comprehend agricultural information.
5. Identify the issues, implications, and needs of data collection, use, and storage in agriculture.

Requirements Effective Fall 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
AB 415	Agricultural Data Science	3
BSPM 487	Internship	3
CS 152	Python for STEM	2-3
or CS 150B	Culture and Coding: Python (GT-AH3)	
DSCI 335	Inferential Reasoning in Data Analysis	3
SOCR 377/AB 377	Geographic Information Systems in Agriculture	3
STAT 158	Introduction to R Programming	1
STAT 301	Introduction to Applied Statistical Methods	3
or STAT 307	Introduction to Biostatistics	
or STAT 315	Intro to Theory and Practice of Statistics	
Electives (select a minimum of 4 credits with at least 3 credits from AB or BSPM list from the list below)		4
Program Total Credits:		22-23

Electives

Code	Title	Credits
AB 340	Insect Biotechnology	3
AB 451	Integrated Pest Management	3
AB 511	Microbiome of Plant Systems	3
ANEQ 420	Applied Nutrition-Computer Diet Formulation	3
ANEQ 505	Microbiome of Animal Systems	3
ANEQ 545	Molecular Methods in Animal Genetics	3
ANEQ 575	Computational Biology in Animal Breeding	3
AREC 305	Agricultural and Resource Enterprise Analysis	3
AREC 330	Data-Driven Ag and Res Econ Decision Making	3
AREC 335/ECON 335	Introduction to Econometrics	3
AREC 340/ECON 340	Introduction-Economics of Natural Resources	3
AREC 405	Agricultural Production Management	3
AREC 440	Advanced Environmental and Resource Economics	3
BSPM 361	Elements of Plant Pathology	3
BSPM 365	Integrated Tree Health Management	4
BSPM 528	Invasive Plants/Weeds-Ecosystems to Molecules	3

BZ 360	Bioinformatics and Genomics	4
HORT 330	Computers for Landscape Design	2
HORT 460/SOCR 460	Plant Breeding and Biotechnology	3
SOCR 401	Greenhouse Gas Mitigation, Land Use, and Mgmt	3
SOCR 425	Internet of Ag Things--Sensors and Data Lab	2
SOCR 475	Global Challenges in Plant and Soil Science	3

Minor in Entomology

Entomology is a basic and applied science of the study of insects and other arthropods such as ticks and mites. Insects are the most numerous and diverse life on earth and they are essential components of virtually every terrestrial and aquatic ecosystem. Whereas human society benefits directly and indirectly from the varied roles of the vast majority of insects such as pollination, some species may become limiting factors in the production, processing and storage of our food and fiber crops, and to the health humans and animals. The knowledge and skill sets of entomology are essential for the implementation of integrated pest management strategies designed to safely and efficiently produce food for a continuously expanding world population and to control the transmission of insect-borne diseases, while at the same time protecting our environment. Additionally, entomological research can also give us broader insights into the ecology, evolution, and social behavior of animals.

This minor provides students with experience in entomology, a greater appreciation of arthropods, and aids in preparing them for careers in entomology. It provides adequate academic credits to meet most federal and state certification requirements for employment by EPA, USFS, USFW, state agencies, and local agencies. Finally, the minor prepares the student seeking post baccalaureate degrees with formal entomological training and coursework that is desired for many research projects for either MS and PhD programs.

Learning Objectives

Students will:

1. Describe, assess, analyze, and synthesize knowledge about arthropod evolution, ecology, physiology, and biotechnology.
2. Integrate skills and knowledge to solve problems related to arthropods in natural and managed ecosystems.
3. Demonstrate understanding of the social, economic, and biophysical aspects of arthropods in ecosystems.

Advising

Reach out to Chris Amerman (Chris.Amerman@colostate.edu) to schedule an appointment to change your major/minor. The change of major form can be electronically submitted by a student's main advisor to the Registrar's Office.

- Individualized Appointment with Advisor. Link for Scheduling (<https://calendly.com/socr-advising/>) (https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcalendly.com%2Fsocr-advising%2Fadvising-appointment%3Fmonth%3D2023-03&data=05%7C01%7CGiovanni.Tolentino_Ramos%40colostate.edu%7C1a3bedec788549031af108db20c2da86%7Caf58802ff7a4bb1ab213674f2cc1c0b)

%2Fyjr0%3D&reserved=0)

Our majors and minors have no competitive entry requirements. Courses to take if you are interested in the programs include AB 111, BSPM 102, BSPM 302, BSPM 308, and BSPM 361. Students interested in our program should ideally declare in the first two years, but exceptions can be made depending on the student's previous coursework.

For more information, please visit the Department of Agricultural Biology website (<https://agsci.colostate.edu/agbio/>).

Requirements Effective Fall 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Lower Division		
Select one group from the following:		7-8
Group A:		
BZ 110	Principles of Animal Biology (GT-SC2)	
BZ 120	Principles of Plant Biology (GT-SC1)	
Group B:		
LIFE 102	Attributes of Living Systems (GT-SC1)	
LIFE 103	Biology of Organisms-Animals and Plants (GT-SC1)	
Upper Division		
BSPM 302	Applied and General Entomology	2
Select a minimum of 12 credits from the following:		12
AB 340	Insect Biotechnology	
AB 410	Understanding Pesticides	
AB 451	Integrated Pest Management	
BSPM 303A	Entomology Laboratory: General	
BSPM 462/ MIP 462/BZ 462	Parasitology and Vector Biology	
BSPM 487 or BSPM 495	Internship Independent Study	
NR 312	Applied Insect Ecology	

Program Total Credits: 21-22

Minor in Plant Health

Plant health is a key to sustainable crop production. It is a broad topic encompassing the concepts of plant breeding, plant resilience to biotic and abiotic stresses, and adaptation to climate change and associated extremes of drought, heat stress, and pollution. Understanding basic and applied research focused on plant health is key to addressing food insecurities around the worlds and promoting economically and environmentally sound tactics to maximize plant productivity. This minor will expose students to a broad range of courses in plant

3. Explain how IPM can address relevant environmental and social issues.

Leadership and Professionalism: Develop professional and leadership skills to succeed in future careers.

1. Organize and work effectively within diverse teams to solve complex problems and achieve desired outcomes in natural and managed ecosystems.
2. Manage one’s time effectively, work independently, take initiative, and collaborate with colleagues on group class projects.

Communication: Develop professional communication skills suitable for diverse audiences, with an emphasis on sharing scientific results in written, oral, and graphical forms.

1. Develop materials and resources to promote IPM in suppression of pests in natural and managed ecosystems.

Requirements
Effective Fall 2024

Additional coursework may be required due to prerequisites.

Code	Title	Credits
AB 420	Horticultural Entomology	2
AB 451	Integrated Pest Management	3
Select a minimum of 4 credits from the following:		4
AB 410	Understanding Pesticides	
BSPM 308	Ecology and Management of Weeds	
BSPM 361	Elements of Plant Pathology	
BSPM 365	Integrated Tree Health Management	
Program Total Credits:		9

Master of Science in Bioagricultural
Sciences

Requirements
Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student’s focus within Bioagricultural Sciences and must be approved by the student’s graduate committee.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's
and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Science in Bioagricultural
Sciences, Plan A, Entomology
Specialization
Requirements
Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student’s focus within Bioagricultural Sciences and must be approved by the student’s graduate committee.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Science in Bioagricultural Sciences, Plan B, Pest Management Specialization

The M.S. in Bioagricultural Sciences, Plan B, Pest Management Specialization is a coursework and internship-based program that prepares students to work to sustain our food and fiber supply, provide agricultural biosecurity, and protect our natural ecosystems from pests, plant diseases, and weeds. Students complete coursework, an internship, and a professional paper. There is a great need for people with advanced training in agriculture and food systems. The number of people currently prepared to work in these fields is lower than the number of jobs available.

Insects, plant diseases, and weeds cause major annual losses in food production worldwide. The Pest Management M.S. degree is the only internship-based M.S. in the United States that provides training on all biotic stresses faced in food production, including entomology, plant pathology, and weed science. This program prepares students to work as extension educators, import/export inspectors, crop advisors, or in multiple industry roles focused on management of insects, plant diseases, and weeds in agricultural systems. Overall, employment of students from our graduate programs is nearly 100%.

Requirements Effective Fall 2023

Code	Title	Credits
AB 551	Advanced Integrated Pest Management	4
Section 1. Core Foundation (15 credits)		
BSPM 587	Internship ¹	3
BSPM 698	Research ²	6
BSPM 792	Seminar ³	2
Section 2. Agricultural Biology Electives. Select 13-19 credits from this list. Do not exceed the number of 300/400-level credits permitted by the Graduate School for this degree.		13-19
AB 340	Insect Biotechnology	
AB 410	Understanding Pesticides	
AB 509	Herbicide Selectivity and Action	
AB 511	Microbiome of Plant Systems	
AB 515	Plant Biochemistry in Agriculture	
AB 521	Forest Health Issues	
AB 529	Pesticide Resistance Evolution and Management	
AB 554	Biology of Fungal Plant Pathogens	
AB 555	Topics in Plant Pathology-Plant Virology	
BSPM 302	Applied and General Entomology ⁴	
BSPM 308	Ecology and Management of Weeds ⁴	
BSPM 361	Elements of Plant Pathology ⁴	
BSPM 365	Integrated Tree Health Management	
BSPM 500	Foundations of Bioagricultural Sciences	
BSPM 502B	Topics in Plant Pathology: Plant Bacteriology	
BSPM 526/BZ 526	Evolutionary Ecology	
BSPM 528	Invasive Plants/Weeds-Ecosystems to Molecules	

BSPM 550	Molecular Plant-Microbe Interactions
BSPM 594	Independent Study
Section 3. General Electives. Select 0-6 credits from this list. Do not exceed the number of 300/400-level credits permitted by the Graduate School for this degree.	
AGED 525	Agricultural and Extension Teaching
AGRI 630	Integrated Decision Making/Management Skills
AREC 478	Agricultural Policy
HORT 515/ AGRI 515	Urban Horticulture
FW 567	Wildlife Disease Ecology
NR 577	Wetland Ecology and Restoration
Program Total Credits:	34

A minimum of 34 credits are required to complete this program.

- ¹ Internship placement to be selected in coordination with departmental program advisor and graduate advisor. Includes a professional development plan for the internship (3 credits).
- ² Includes a professional paper on topic related to student's specialization and approved by the student's advisor and graduate committee (6 credits).
- ³ Enroll in department seminar for 1 credit twice (2 semesters total, 2 credits total).
- ⁴ If these Foundation undergraduate courses were not taken during the undergraduate degree, complete as part of the MS degree.

10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Ph.D. in Bioagricultural Sciences, Weed Science Specialization

Effective Fall 2007

The Ph.D. degree requires 72 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Department of Animal Sciences

Office in Animal Sciences Building
(970) 491-6775

agsci.colostate.edu/ansci/ (<https://agsci.colostate.edu/ansci/>)

Dr. Patrick Doyle, Department Head

Undergraduate Majors

- Major in Animal Science
- Major in Equine Science
- Major in Livestock Business Management

Veterinary Medicine Interest

Students interested in animal or equine sciences and considering veterinary medicine as a career path are encouraged to visit with their academic advisor about simultaneously completing the admission requirements for the professional veterinary medical programs. The Food Animal Veterinary Career Incentive Program (FAVCIP) (<https://vetmedbiosci.colostate.edu/degree-programs/veterinary-professional-program/dvm-program/food-animal-veterinary-career-incentive-program/>) is available for Animal Science majors.

Graduate Graduate Programs in Animal Sciences

The department offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin, and the department's website (<https://agsci.colostate.edu/ansci/>).

Master's Programs

- Master of Science in Animal Sciences, Plan A

Ph.D.

- Ph.D. in Animal Sciences*

*Please see department for program of study.

Courses

Subjects in this department include: Animal Sciences (ANEQ) and Livestock Business Management (LBM).

Animal Sciences (ANEQ)

ANEQ 101 Food Animal Science Credits: 4 (3-3-0)

Course Description: Development, organization, trends and management of the livestock industry; emphasis on applying science to the production of food and fiber.

Prerequisite: None.

Registration Information: Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 102 Introduction to Equine Science Credits: 4 (3-2-0)

Course Description: Equine physiology, production systems and management systems as it pertains to the equine industry and management.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 103 Introduction to Animal Science Credits: 3 (3-0-0)

Course Description: Introduction to the livestock industries with emphasis on food and fiber animals. Overviews of the industry structures, and historical and future trends. Product quality evaluation and factors influencing animal performance such as management, nutrition, genetics, and reproduction are presented.

Prerequisite: None.

Registration Information: Non-Animal Sciences majors only. Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 104 Values, Culture, and Food Animal Agriculture Credits: 3 (3-0-0)

Also Offered As: PHIL 104.

Course Description: Evolution of the social values and cultural understandings shaping modern animal agriculture; current problems in animal agriculture.

Prerequisite: None.

Registration Information: Non-Animal Science majors with a freshman or sophomore standing. Credit not allowed for both ANEQ 104 and PHIL 104.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 105 Introduction to Large Animal Anatomy Credit: 1 (0-2-0)

Course Description: Basic gross animal anatomy.

Prerequisite: None.

Registration Information: Animal Science or Equine Science majors only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 115 Applied Equine Behavior Credits: 2 (1-2-0)

Course Description: Understanding ethology, the science of animal behavior, will be a key component to evaluating horse behavior. Topics are instinctive, learned, social and reproductive behaviors as well as sensory perception and behavioral neuroanatomy important to equine health and welfare.

Prerequisite: ANEQ 102.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 193 Student Seminar--Exploring Student Success Credit: 1 (0-0-1)

Course Description: Learn about various academic topics and opportunities within the university. Become knowledgeable in several aspects of student success resources and opportunities in the Department of Animal Sciences, while building an inclusive community and finding belonging within the major. Introduction to exploring educational goals and aligning those goals with achieving desired professional goals.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: Credit not allowed for both ANEQ 180A2 and ANEQ 193.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 200 Applied Horsemanship and Equitation Credits: 2 (0-4-0)

Course Description: Foundation and advancement of horsemanship, on the ground and on horseback.

Prerequisite: ANEQ 115.

Registration Information: Sophomore standing. Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 201A Preparation of Horses for Competition: Western Credits: 2 (0-4-0)

Course Description: Development of skills to prepare and present horses in competitions aimed at enhancing their value.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 201B Preparation of Horses for Competition: English Credits: 2 (0-4-0)

Course Description: Development of skills to prepare and present horses in competitions aimed at enhancing their value.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 203 Equine Management Credits: 2 (1-2-0)

Course Description: Equine management and care techniques with hands-on experience.

Prerequisite: ANEQ 102.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 204 Equine Facilities Management Credits: 3 (2-2-0)

Course Description: Understanding of all aspects required to manage an equine facility coupled with hands-on experience.

Prerequisite: ANEQ 102.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 205 Equine Assessment, Evaluation and Retraining Credits: 2 (0-4-0)

Course Description: Skills in assessing, evaluating, and training horses in transitional phases of their lives, including, but not limited to horses with a history of non-use, previous trauma, compliance issues, and other problematic concerns.

Prerequisite: ANEQ 115.

Registration Information: Written consent of instructor. Credit not allowed for both ANEQ 205 and ANEQ 280A2.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 220 Feeds and Feeding Credits: 2 (2-0-0)

Course Description: Advantages and limitations of feedstuffs; nutrients and their functions; and feed practices for all physiological stages of livestock.

Prerequisite: ANEQ 101 or ANEQ 102.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 230 Farm Animal Anatomy and Physiology Credits: 3 (3-0-0)

Course Description: Basic concepts of farm animal anatomy and physiology; emphasis on growth, digestion, and reproduction.

Prerequisite: LIFE 100 to 199 - at least 3 credits.

Registration Information: Credit not allowed for both ANEQ 230 and ANEQ 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 249 Introduction to the Trail Riding Industry Credit: 1 (0-2-0)

Course Description: Emphasis on horse care, regulations, first aid, health, training, and hosting a trail ride.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 250 Live Animal and Carcass Evaluation Credits: 3 (1-4-0)

Course Description: Growth, development, and value-determining characteristics of market animals.

Prerequisite: ANEQ 101 or ANEQ 102.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 286 Livestock Practicum Credits: 2 (0-0-0)

Course Description: Livestock breeds and terminology; classification of feedstuffs; livestock handling and care; basic animal management techniques, hands-on experience.

Prerequisite: ANEQ 101 or ANEQ 102.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 292 Equine Industry Seminar Credit: 1 (1-0-0)

Course Description: Overview of the equine industry and industry careers.

Prerequisite: ANEQ 102.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 293 Professional Development and Career Success Credit: 1 (0-0-1)

Course Description: Designed for learners to continue to explore career opportunities as animal scientists and in other related fields. Introduction to issues in animal sciences and problem solving as an individual and in teams. Create a resume and other professional documents identifying how to effectively promote strengths and skills. Network with professionals and develop interviewing skills and confidence as lifelong learners resulting in career success.

Prerequisite: ANEQ 101 with a minimum grade of C and ANEQ 193 with a minimum grade of C.

Restriction: Must be a: Undergraduate.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 300A Topics in Animal Sciences: Livestock Handling Credit: 1 (1-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 300E Topics in Animal Sciences: Family Ranching Credit: 1 (1-0-0)

Course Description:

Prerequisite: ANEQ 101 or ANEQ 102.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 300L Topics in Animal Sciences: Quality Assurance Credits: 2 (2-0-0)

Course Description: Explore the components of food animal quality assurance programs. Discover how these programs and guidelines address consumer concerns about livestock production, and understand how program guidelines are applied and verified on farms and ranches across the country.

Prerequisite: ANEQ 101 or ANEQ 102.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 300N Topics in Animal Sciences: Seedstock Management and Merchandising Credits: 3 (3-0-0)

Course Description: Overview of beef seedstock industry, including selection, management, and marketing of livestock.

Prerequisite: ANEQ 101 and ANEQ 330, may be taken concurrently.

Restriction: Must be a: Freshman, Sophomore.

Registration Information: Junior standing. Course required to apply for seedstock team. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 300R Topics in Animal Sciences: Calving and Calf Care Credits: 2 (1-2-0)

Course Description:

Prerequisite: (ANEQ 310) and (ANEQ 478 or ANEQ 510).

Registration Information: Senior standing. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 300U Topics in Animal Sciences: Seedstock Sale Management-- Sale Planning Credit: 1 (0-2-0)

Course Description: Plan and promote a purebred livestock sale.

Prerequisite: ANEQ 300N and ANEQ 330.

Restriction: Must be a: Freshman, Sophomore.

Registration Information: This is a partial semester course. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 300V Topics in Animal Sciences: Seedstock Sale Management-- Sale Management Credit: 1 (0-2-0)

Course Description: Planning and executing a purebred livestock sale.

Prerequisite: ANEQ 300U.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: This is a partial semester course. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 303 Equine Digital Photography Credits: 3 (2-2-0)

Course Description: Basics of photographic principles and DSLR cameras with a focus on equine subjects.

Prerequisite: ANEQ 102.

Registration Information: Sophomore standing. Must register for lecture and laboratory. Credit not allowed for both ANEQ 303 and ANEQ 380A4.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 305 Functional Large Animal Physiology Credits: 3 (3-0-0)

Course Description: Introduction to the basic concepts of farm animal physiology with emphasis on concepts relating to relevant topics in the fields of food animal and equine science.

Prerequisite: (CHEM 107 with a minimum grade of C or CHEM 111 with a minimum grade of C) and (LIFE 100 to 199 with a minimum grade of C - at least 3 credits).

Restriction: .

Registration Information: Sections may be offered: Online. Credit not allowed for both ANEQ 230 and ANEQ 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 310 Animal Reproduction Credits: 3 (3-0-0)

Course Description: Anatomy and physiology of the reproductive system; causes of reproductive failure in farm animals; methods of improving reproductive performance.

Prerequisite: (ANEQ 101 with a minimum grade of C) and (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 312 Animal Ultrasonography Credits: 2 (1-2-0)

Course Description: Fundamentals and application of using ultrasound in farm animals; basic reproductive technologies; utilizing ultrasound as a management tool.

Prerequisite: (ANEQ 230 or ANEQ 305) and (ANEQ 310).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 313 Prevention and Control of Livestock Diseases Credits: 3 (3-0-0)

Course Description: Common ailments of livestock; sanitation and disease prevention and control.

Prerequisite: (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C) and (ANEQ 310 with a minimum grade of C, may be taken concurrently and ANEQ 320 with a minimum grade of C).

Registration Information: Junior standing. Credit not allowed for both ANEQ 313 and VS 313.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 315 Equine Behavior Credits: 2 (1-2-0)

Course Description: Equine behaviors related to training and learning.

Prerequisite: ANEQ 102.

Registration Information: Sophomore or higher standing. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 320 Principles of Animal Nutrition Credits: 3 (2-2-0)

Course Description: Understanding of nutrients and nutrient function required to support animal life through all physiological states.

Prerequisite: (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C or BMS 360 with a minimum grade of C) and (CHEM 100 to 199 with a minimum grade of C- - at least 3 credits and MATH 117 to 499 with a minimum grade of C- - at least 3 credits).

Registration Information: Must register for lecture and laboratory.

Sections may be offered: Online. Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 321 Principles of Applied Animal Nutrition Credit: 1 (1-0-0)

Course Description: Application of basic understanding of nutrients and their use in various classes of animals to elucidate practical feeding regimens for the major species of animals, including both livestock and companion animals.

Prerequisite: ANEQ 320.

Registration Information: This is a partial semester course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 322 Pet Nutrition Credits: 2 (2-0-0)

Course Description: Nutrients, nutrient requirements, feeding practices, food sources and management for companion animals (dogs, cats, birds, fish, reptiles, etc.).

Prerequisite: ANEQ 320 or ANEQ 345 or FSHN 350.

Registration Information: Offered as a correspondence or online course only.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 323 Zoo Nutrition Credits: 2 (2-0-0)

Course Description: Unique nutritional requirements of mammalian, avian, and reptile captive wild animals; management protocols needed.

Prerequisite: ANEQ 320 or ANEQ 345 or FSHN 350.

Registration Information: Offered as a correspondence or online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 324 Principles of Applied Equine Nutrition Credit: 1 (1-0-0)

Course Description: Principles of applied equine nutrition. Nutritional applications in feeding horses in different physiological states to promote health and well-being.

Prerequisite: ANEQ 320.

Registration Information: This is a partial semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 325 Equine Exercise Physiology Credits: 2 (2-0-0)

Course Description: Overview of the main aspects of equine exercise physiology.

Prerequisite: ANEQ 230 or BMS 300 or ANEQ 305.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 328 Foundations in Animal Genetics Credits: 3 (3-0-0)

Course Description: Foundational information to understand animal genetics: genomes, molecular genetics, transmission-Mendelian inheritance, pedigree, population genetics, and introduction to quantitative genetics.

Prerequisite: (ANEQ 101 or ANEQ 102) and (LIFE 100 to 199 - at least 3 credits).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 330 Principles of Animal Breeding Credits: 3 (3-0-0)

Course Description: Genetic principles underlying animal improvement; elementary population genetics; heritability; selection response; mating systems; DNA markers.

Prerequisite: (ANEQ 328 with a minimum grade of C- or BZ 350 with a minimum grade of C- or SOCR 330 with a minimum grade of C-) and (STAT 200 to 279 with a minimum grade of C- - at least 3 credits or STAT 300 to 379 with a minimum grade of C- - at least 3 credits).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 334 Principles of Equine Genetics Credits: 3 (1-0-2)

Course Description: Application of Mendelian, molecular, and quantitative genetic principles for understanding the transmission and expression of qualitative and quantitative traits in animals using important examples from the horse. Topics include the physical and biochemical basis of inheritance, connection of genotype to phenotype, mechanisms of gene action, genetic interactions, selection, and genetic improvement.

Prerequisite: (ANEQ 101 with a minimum grade of C- or ANEQ 102 with a minimum grade of C-) and (ANEQ 230 with a minimum grade of C- or ANEQ 305 with a minimum grade of C- or BMS 300 with a minimum grade of C- or BMS 360 with a minimum grade of C-) and (ANEQ 328 with a minimum grade of C- or BZ 350 with a minimum grade of C- or SOCR 330 with a minimum grade of C-).

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. Must register for lecture and recitation. Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 340 Horse Training and Sale Preparation I Credits: 3 (0-6-0)

Course Description: Practical training skills using a yearling or two year old: in-hand, restraint, ground driving, lungeing, first rides, stable management.

Prerequisite: None.

Registration Information: Written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 341 Horse Training and Sale Preparation II Credits: 3 (0-6-0)

Course Description: Skills in training for specific riding maneuvers, conditioning, and fitting for sale.

Prerequisite: ANEQ 340.

Registration Information: Additional time outside of class required on weekends.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 344 Principles of Equine Reproduction Credits: 3 (3-0-0)

Course Description: Principles of reproduction and reproductive management of the mare and stallion.

Prerequisite: (ANEQ 102 with a minimum grade of C) and (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C).

Registration Information: Sophomore standing. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 345 Principles of Nutrition: Equine Applications Credits: 3 (3-0-0)

Course Description: Principles of nutrition; application in feeding horses in different physiological states to promote health and wellness.

Prerequisite: (ANEQ 102 with a minimum grade of C) and (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C) and (CHEM 100 to 199 - at least 3 credits and MATH 100 to 499 - at least 3 credits).

Registration Information: Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 346 Equine Disease Management Credits: 4 (3-2-0)

Course Description: Normal and abnormal body structures and functions of major systems of the horse. Recognition of main diseases, causes, prevention and treatments.

Prerequisite: (ANEQ 102 with a minimum grade of C) and (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 349 Packing and Outfitting Credits: 2 (1-2-0)

Course Description: Business aspects of outfitting/packing the horse; hitches, knots, horse care; planning pack trips, setting up camp.

Prerequisite: ANEQ 102.

Registration Information: Written consent of instructor. Must register for lecture and laboratory. Required field trips (Overnight pack trip).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 351 Techniques in Therapeutic Riding Credits: 2 (1-2-0)

Course Description: Equine assisted activities; therapeutic horseback riding, hippotherapy, driving/vaulting, mental health treatments, programs for youth at risk.

Prerequisite: ANEQ 102.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 352 Introduction to Horse Evaluation Credits: 2 (0-4-0)

Course Description: Criteria and techniques for evaluation of horses; development of logical decision processes for establishing comparative value.

Prerequisite: ANEQ 102.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 353 Advanced Horse Evaluation Credits: 3 (0-6-0)

Course Description: Advanced criteria/techniques for horse evaluation; logical decision process development to establish comparative value; intercollegiate competition.

Prerequisite: ANEQ 352.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 354 Introduction to Livestock Evaluation Credits: 3 (0-6-0)

Course Description: Criteria and techniques for evaluation of livestock; development of logical decision processes for establishing comparative value.

Prerequisite: ANEQ 101.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 355 Advanced Livestock Evaluation Credit: 1 (0-9-0)

Course Description: Advanced criteria and techniques for evaluation of livestock; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 354.

Registration Information: Course may be taken twice for a maximum of 2 credits.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 356 Introduction to Dairy Evaluation Credits: 3 (0-6-0)

Course Description: Criteria and techniques for evaluation of dairy cattle; development of logical decision processes for establishing comparative value.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 357 Advanced Dairy Evaluation Credits: 2 (0-4-0)

Course Description: Advanced criteria and techniques for evaluation of dairy cattle; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 356.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 358 Equine Event and Sales Management Credits: 2 (2-0-0)

Course Description: Skills necessary to produce, organize, and promote equine related events.

Prerequisite: ANEQ 102.

Registration Information: Credit not allowed for both ANEQ 358 and ANEQ 300T.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 359 Equine Sales Production Credits: 2 (0-4-0)

Course Description: Emphasizes skills necessary to host and evaluate an equine sale.

Prerequisite: ANEQ 358.

Registration Information: Written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 360 Principles of Meat Science Credits: 3 (3-0-0)

Course Description: Structure, composition, and biology of muscle and associated tissues; wholesomeness, nutritive value, and palatability of beef, pork, and lamb.

Prerequisite: CHEM 100 to 199 - at least 3 credits and ANEQ 101 with a minimum grade of C.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 361 Introduction to Meat Product Evaluation Credits: 3 (0-6-0)

Course Description: Criteria and techniques for evaluation of meat products; development of logical decision processes for establishing comparative value.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 362 Advanced Meat Product Evaluation Credit: 1 (0-4-0)

Course Description: Criteria and techniques for evaluation of meat products; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 361.

Registration Information: Course may be taken twice for a maximum of 2 credits.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 363 Introduction to Wool and Fiber Evaluation Credit: 1 (0-2-0)

Course Description: Criteria and techniques for evaluation of wool; development of logical decision processes for establishing comparative value.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 364 Advanced Wool and Fiber Evaluation Credit: 1 (0-2-0)

Course Description: Criteria and techniques for evaluation of wool; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 363.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 365 Principles of Teaching Therapeutic Riding Credits: 3 (2-2-0)

Course Description: Practical experiences and knowledge of the techniques to be a professional certified therapeutic riding instructor.

Prerequisite: ANEQ 351.

Registration Information: Written consent of instructor. Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 366 Animal Welfare Evaluation Credits: 2 (1-2-0)

Course Description: Criteria and techniques for evaluating animal welfare generally and for specific species based on the selected focus (specific species differ by year but include farm, companion, lab, working, and exotic animal species). Development of logical decision processes for establishing comparative value between cases.

Prerequisite: ANEQ 101 or ANEQ 102.

Registration Information: Must register for lecture and laboratory.

Required field trips. Credit not allowed for both ANEQ 366 and ANEQ 380A3.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 384 Supervised College Teaching Credits: Var[1-5] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. A maximum of 10 combined credits for all 384 and 484 courses are counted toward graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 386A Equine Practicum: Equine Training and Management Credits: 2 (1-2-0)

Course Description:

Prerequisite: ANEQ 102.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 386B Equine Practicum: Equine Reproductive Management Credits: 2 (1-2-0)

Course Description:

Prerequisite: ANEQ 344.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: Yes.

ANEQ 386C Equine Practicum: Equine Farrier Management Credit: 1 (0-2-0)

Course Description:

Prerequisite: ANEQ 102.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: Yes.

ANEQ 400 Exploring Meat Export Opportunities Credits: 2 (2-0-0)

Course Description: Introducing future CSU leaders to the importance of trade to US agriculture and to the greater US economy.

Prerequisite: None.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. This is a partial semester course. Credit not allowed for both ANEQ 400 and ANEQ 480A2.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 401 Issues Management in the Food Animal Industry Credit: 1 (1-0-0)

Course Description: Examine how the US livestock industry navigates major issues, challenges, and crises. Case studies, including real-world events over the past three decades using the US beef industry as a model, convey the approach industry trade organizations have taken to handle crises.

Prerequisite: ANEQ 101.

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. This is a partial semester course. Required field trips. Credit not allowed for both ANEQ 401 and ANEQ 480A3.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 410 Applied Food Animal Behavior Credits: 3 (3-0-0)

Course Description: Principles of animal behavior applied to food animal species; the importance of understanding, observing, and assessing animal behavior in relation to food animal production; farm animal species specific behavior patterns.

Prerequisite: ANEQ 305 with a minimum grade of C.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 420 Applied Nutrition--Computer Diet Formulation Credits: 3 (3-0-0)

Course Description: Comparative diet formulation strategies for cattle (beef and dairy), equine, swine, and poultry. Utilizing advanced computer software to formulate diets, predict performance, and manage ingredient inventory.

Prerequisite: ANEQ 320 or ANEQ 345.

Registration Information: Junior standing.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 440 Equine Industry and Issues Credits: 3 (3-0-0)

Course Description: For students planning a career in the horse industry; management of facilities, production systems, personnel, marketing, and biological systems.

Prerequisite: ANEQ 344 and ANEQ 345 or ANEQ 334 and ANEQ 344 or ANEQ 345 and ANEQ 346 or ANEQ 334 and ANEQ 345 or ANEQ 334 and ANEQ 346 or ANEQ 344 and ANEQ 346.

Registration Information: Any two of the following: ANEQ 334, ANEQ 344, ANEQ 345, ANEQ 346.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 441 Integrated Equine Science Credits: 2 (2-0-0)

Course Description: Describe, understand and integrate the newest scientific principles in equine sciences with equine management.

Prerequisite: ANEQ 334 with a minimum grade of C and ANEQ 345 with a minimum grade of C and ANEQ 344 with a minimum grade of C or ANEQ 334 with a minimum grade of C and ANEQ 344 with a minimum grade of C and ANEQ 346 with a minimum grade of C or ANEQ 346 with a minimum grade of C and ANEQ 344 with a minimum grade of C and ANEQ 345 with a minimum grade of C or ANEQ 334 with a minimum grade of C and ANEQ 345 with a minimum grade of C and ANEQ 346 with a minimum grade of C.

Registration Information: Junior standing.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 442 Riding Instructor Training Credits: 2 (0-4-0)

Course Description: Teaching techniques; theory; handling of large mounted groups, beginner through advanced levels.

Prerequisite: ANEQ 102.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 443 Applied Equine Nutrition Credits: 2 (1-2-0)

Course Description: Applying principles of nutrition to feeding horses in different physiological states in an effort to promote their health and well-being.

Prerequisite: ANEQ 345.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 444 Equine Business Management Credits: 2 (2-0-0)

Course Description: Real life" equine industry experience and the ins and outs of managing an equine facility/business.

Prerequisite: ANEQ 440.

Registration Information: Required field trips.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 445 Foaling Management Credits: 2 (1-3-0)

Course Description: Management of the foaling mare and newborn foal; monitoring techniques, preventative and emergency care procedures.

Prerequisite: ANEQ 344.

Registration Information: ANEQ 344 or PVM sophomore standing. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 448 Livestock Manure Management and Environment Credits: 3 (2-2-0)

Course Description: Manure management; maximizing benefits to soils and crops; minimizing air and water quality hazards; complying with regulations.

Prerequisite: CHEM 100 to 199 - at least 3 credits.

Registration Information: Credit allowed for only one of the following: ANeq 448, ANeq 548, SOCR 448, SOCR 548. Must register for lecture and laboratory. Required field trips.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 450 Processed Meats Credits: 3 (2-3-0)

Course Description: Physical, chemical and functional characteristics of meat raw materials. Science and technology of value-added processing including curing, sausage manufacture, low moisture products, and restructuring. Quality assurance and related current industry topics.

Prerequisite: ANeq 360.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 460 Meat Safety Credits: 2 (2-0-0)

Course Description: Meat safety; food borne pathogens; hazard analysis critical control points (HACCP) and total quality management (TQM) practices.

Prerequisite: CHEM 100 to 199 - at least 3 credits.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 470 Meat Processing Systems Credits: 4 (3-2-0)

Course Description: Advanced understanding of the manufacturing, packaging, distribution, storage, and cooking of meat products.

Prerequisite: ANeq 360.

Restriction: Must be a: Senior, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and lab.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 472 Sheep Systems Credits: 3 (2-2-0)

Course Description: Sheep production under farm and ranch conditions; products, breeds, breeding, nutrition, reproduction, and management systems.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 473 Dairy Systems Credits: 3 (2-3-0)

Course Description: Integration of nutrition, genetics, physiology, and economics for management decisions of dairy farm operations and production and marketing of milk.

Prerequisite: (ANeq 230 with a minimum grade of C or ANeq 305 with a minimum grade of C or BMS 300 with a minimum grade of C) and (ANeq 310 with a minimum grade of C and ANeq 320 with a minimum grade of C).

Restriction: .

Registration Information: Senior standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 474 Swine Systems Credits: 3 (2-2-0)

Course Description: Production of purebred and commercial swine; breeds, breeding, feeding, marketing, and management.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 475 Travel Abroad-Animal Agriculture Credits: 2 (2-0-0)

Course Description: Onsite evaluation of international animal agriculture systems with emphasis on production, marketing, and management.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 476 Feedlot Systems Credits: 3 (3-0-0)

Course Description: Feedlot facilities; nutrition; procurement; merchandising; handling; processing cattle; health care; custom feeding; managerial duties.

Prerequisite: ANeq 320 with a minimum grade of C.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 478 Beef Systems Credits: 3 (2-2-0)

Course Description: Beef production as related to consumer through seedstock segments. Major emphasis on cow-calf management.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 486 Therapeutic Riding Instructor Practicum Credits: 2 (0-6-0)

Course Description: Mentor-guided teaching hours to students preparing for the PATH International therapeutic riding instructor certification examination.

Prerequisite: ANEQ 365.

Restriction: Must not be a: Freshman.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 487A Internship: Animal Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 487B Internship: Equine Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 495 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 496 Group Study Credits: Var[1-5] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U Sat/Unsat Only, Traditional.

Special Course Fee: No.

ANEQ 500 Recent Developments Credits: Var[1-6] (0-0-0)

Course Description: Recent developments in animal science, avian science, and food technology.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 505 Microbiome of Animal Systems Credits: 3 (2-2-0)

Course Description: Provides background knowledge, and practical skills required for analyzing microbiome data sets. Technical issues such as primer choice, sequence variant vs OTU picking, rarefaction vs CSS, and study effects are discussed.

Prerequisite: None.

Registration Information: Junior standing. Must register for lecture and laboratory. Written consent of instructor. Credit not allowed for both ANEQ 505 and ANEQ 580A5.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 510 Bovine Reproduction Management Credits: 4 (3-2-0)

Course Description: Role of reproduction in economic efficiency of cattle production systems. Causes of delayed breeding and nonpregnancy, abortion and perinatal mortality.

Prerequisite: ANEQ 310.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 522 Animal Metabolism Credits: 3 (3-0-0)

Course Description: Nutrient digestion, absorption, transport and metabolism in monogastric and ruminant domestic species as affected by physiological changes.

Prerequisite: (ANEQ 230 with a minimum grade of C or ANEQ 305 with a minimum grade of C or BMS 300 with a minimum grade of C or BMS 360 with a minimum grade of C-) and (ANEQ 320 with a minimum grade of C or ANEQ 328 with a minimum grade of C and ANEQ 345 with a minimum grade of C).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 525 Advanced Meat Science Credits: 3 (3-0-0)

Course Description: Advanced study of fundamental and biochemical basis of meat quality.

Prerequisite: ANEQ 360 with a minimum grade of C.

Registration Information: Junior standing. Credit not allowed for both ANEQ 525 and ANEQ 581A5.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 531 Applied Bovine Respiratory Disease Management Credit: 1 (1-0-0)

Course Description: Economic significance, management and measurement of bovine respiratory disease; introduction to genetic influence on susceptibility.

Prerequisite: ANEQ 313 or ANEQ 346.

Registration Information: Written consent of instructor. Offered as an online course only. This is a partial semester course. Senior standing. Credit not allowed for both ANEQ 531 and ANEQ 580A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 532 Genetics of Bovine Respiratory Disease Credit: 1 (1-0-0)

Course Description: Quantitative and molecular perspectives on the genetics of susceptibility to bovine respiratory disease (BRD); genetic improvement in BRD susceptibility.

Prerequisite: ANEQ 330 and ANEQ 531.

Registration Information: Senior standing. Written consent of instructor. Offered as an online course only. This is a partial semester course. Credit not allowed for both ANEQ 532 and ANEQ 580A2.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 533 Marker and Gene Assisted Selection Credit: 1 (1-0-0)

Course Description: Approaches to including DNA marker and gene information into livestock selection decisions to improve accuracy and rate of genetic improvement.

Prerequisite: ANEQ 535 or ANEQ 575.

Registration Information: Graduate standing. Written consent of instructor. Offered as an online course only. This is a partial semester course. Credit not allowed for both ANEQ 533 and ANEQ 580A3.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 534 Markers to Gene Function - Functional Change Credit: 1 (1-0-0)

Course Description: Results of marker association analyses are expanded to how sequence polymorphisms translate into functional changes in the animal genome and variation in animal performance. Topics include an introduction to the tools used to generate multi-omics data and how these data are used in genetic evaluation and animal improvement programs.

Prerequisite: ANEQ 328.

Registration Information: Senior standing. Written consent of instructor. Offered as an online course only. This is a partial semester course. Credit not allowed for both ANEQ 534 and ANEQ 580A4.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 535 Genetic Prediction in Livestock Credit: 1 (1-0-0)

Course Description: Emphasizes approaches to genetic prediction in livestock focusing on the use of mixed models and best linear unbiased prediction.

Prerequisite: ANEQ 575.

Registration Information: Graduate standing. Written consent of instructor. Offered as an online course only. This is a partial semester course. Credit not allowed for both ANEQ 535 and ANEQ 581A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 536 Livestock Variance Component Estimation Credit: 1 (1-0-0)

Course Description: Emphasizes approaches to estimation of (co)variance components and genetic parameters required to solve mixed models in livestock genetics.

Prerequisite: ANEQ 535 or ANEQ 575.

Registration Information: Senior standing. Written consent of instructor. Offered as an online course only. This is a partial semester course. Credit not allowed for both ANEQ 536 or ANEQ 581A2.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 545 Molecular Methods in Animal Genetics Credits: 3 (0-6-0)

Course Description: Hands-on learning exercises to help develop technical skills and conceptual understanding for critical evaluation of animal genetics at the molecular level. Practical experience in classical and modern genetics laboratory techniques as well as an appreciation for when these techniques should be applied and how to interpret the results.

Prerequisite: ANEQ 330 or ANEQ 334.

Registration Information: Senior standing. Credit not allowed for both ANEQ 545 and ANEQ 581A3.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 548 Issues in Manure Management Credits: 4 (2-2-1)

Course Description: Manure management practices maximizing benefits to soils and crops while minimizing hazards to air and water quality and complying with regulations.

Prerequisite: CHEM 100 to 199 - at least 3 credits.

Registration Information: Credit allowed for only one of the following courses: ANEQ 448, ANEQ 548, SOCR 448, SOCR 548. Must register for lecture, laboratory, and recitation. Required field trips.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 551 Field Necropsy Credits: 2 (1-2-0)

Course Description: Field necropsy techniques for collection of animal tissues for submission to a diagnostic laboratory.

Prerequisite: (ANEQ 230 or BMS 300 or ANEQ 305) and (VS 313 or ANEQ 346 or MIP 315 or ANEQ 313).

Restriction: Must be a: Graduate, Professional.

Registration Information: Junior or senior standing. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 555 Life Cycle Assessment for Sustainability Credits: 3 (3-0-0)

Also Offered As: ESS 555.

Course Description: The quantitative and qualitative measure of cradle-to-grave impacts of products and services on the environment, the economy, and society.

Prerequisite: ANEQ 300 to 479 - at least 3 credits or BZ 300 to 479 - at least 3 credits or CHEM 300 to 479 - at least 3 credits or ENGR 300 to 479 - at least 3 credits or LIFE 300 to 479 - at least 3 credits.

Registration Information: Sections may be offered: Online. Credit allowed for only one of the following: ANEQ 555, ENGR 555, ESS 555, ENGR 581A1, or ESS 581A1.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 565 Interpreting Animal Science Research Credits: 3 (3-0-0)

Course Description: Designing, conducting, analyzing, and reporting of animal science research.

Prerequisite: (ANEQ 101 or ANEQ 102) and (STAT 100 to 499 - at least 3 credits).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 567 HACCP Meat Safety Credits: 2 (2-0-0)

Course Description: Control of health problems in meat products through hazard analysis critical control point (HACCP) and total quality management (TQM) practices.

Prerequisite: ANeq 460.

Registration Information: This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 575 Computational Biology in Animal Breeding Credits: 3 (2-2-0)

Course Description: Numerical analysis and use of computers to solve problems in animal improvement.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing or written consent of instructor. Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 587 Internship Credits: Var[1-9] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANeq 610 Hormonal Regulation of Growth Credits: 2 (2-0-0)

Course Description: Cellular and molecular regulation of animal growth by hormones and growth factors.

Prerequisite: BMS 501.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 621 Vitamin and Mineral Metabolism Credits: 3 (3-0-0)

Course Description: Vitamin and mineral metabolism in domestic animals.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 626 Animal Nutrition, Emissions, and Management Credits: 4 (3-3-0)

Course Description: Nutrients and nutrient function required to support animal life through all physiological states and assessment of the impacts on gaseous emissions from these animals.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANeq 631 Selection Index Theory Credits: 3 (2-0-1)

Course Description: Quantitative methods for genetic evaluation: selection index theory and introduction to best linear unbiased prediction.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Must register for lecture and recitation.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANeq 660 Topics in Meat Safety Credit: 1 (1-0-0)

Course Description: Topics of current concern in meat safety.

Prerequisite: ANeq 567.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 676 Molecular Approaches to Food Safety Credits: 3 (1-4-0)

Course Description: Molecular subtyping, tracking, and control; molecular ecology and evolution of food-borne pathogens; molecular pathogenesis of food-borne diseases.

Prerequisite: MIP 300 or MIP 334.

Restriction: Must be a: Graduate, Graduate cooperative program, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANeq 720 Nutritional Energetics Credits: 3 (3-0-0)

Course Description: Dietary energy use to meet animal requirements for maintenance, growth, pregnancy, and lactation; environmental, nutritional, and physiological effects.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANeq 725 Rumen Metabolism Credits: 3 (3-0-0)

Course Description: Microbial degradation, transformation, and synthesis of ingested nutrients; feed particle passage kinetics in the rumen.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 730 Advances in Cattle Breeding Credits: 3 (3-0-0)

Course Description: Literature and research methods in beef cattle breeding.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 731 Advanced Genetic Prediction Credits: 3 (3-0-0)

Course Description: Models and methods for prediction of genetic merit in livestock populations.

Prerequisite: ANEQ 575.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 784 Supervised College Teaching Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 792A Seminar: General Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792B Seminar: Breeding/Genetics Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792C Seminar: Physiology Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792D Seminar: Meat Sciences Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792E Seminar: Nutrition Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792F Seminar: Livestock Management Systems Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 792H Seminar: Livestock Behavior and Welfare Credit: 1 (0-0-1)

Course Description: Issues in the field of livestock behavior and welfare.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ANEQ 795 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 799 Dissertation Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

Livestock Business Management (LBM)

LBM 133 Introduction to Livestock Business Management Credit: 1 (0-3-0)

Course Description: Introduction to the agricultural livestock industry via a learning community and quality field experiences. Engage with industry stakeholders to address a wide range of topics including an overview of contemporary production practices, challenges to the industry (aka "wicked problems"), the future of agriculture, career opportunities, and foreshadowing the relevance and applicability of concepts to industry context.

Prerequisite: None.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 233 Leadership in the Livestock Industry Credits: 2 (1-2-0)

Course Description: Introduction and engagement with professional leaders in business and the livestock industry. Industry professionals present challenges to solve and justify decision actions in a workshop setting. Students use these experiences to identify and grow their own leadership capabilities.

Prerequisite: LBM 133, may be taken concurrently.

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 333A Livestock Business Engaged Research: Proposal Development Credit: 1 (1-0-0)

Course Description: Introduction to the engaged research process. Develop a proposal for engaged research in livestock business management and be prepared execute the proposal.

Prerequisite: LBM 233.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 333B Livestock Business Engaged Research: Field Experience Credit: 1 (0-0-.75)

Course Description: Engaged research in livestock business management. Execute tasks approved in LBM 333A project proposal.

Prerequisite: LBM 333A, may be taken concurrently.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. Requires engagement with approved industry cooperator.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

LBM 333C Livestock Business Engaged Research: Communications Credit: 1 (1-0-0)

Course Description: Communication of livestock business management engaged research. Report on the activities and findings of the student's engaged research project. Focus on both differentiation of audiences and selection and execution of appropriate communication methods.

Prerequisite: LBM 333B.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LBM 433 Integrated Livestock Business Mgt Workshop Credit: 1 (0-0-2)

Course Description: Integrated capstone workshop experience that serves as the catalyst in integrating the biophysical sciences and business management principles as relevant to solving problems in the livestock industry. Engage as teams in weekly workshops to address contemporary problems in livestock business management.

Prerequisite: (AREC 428, may be taken concurrently and LBM 333C) and (ANEQ 470, may be taken concurrently or ANEQ 472, may be taken concurrently or ANEQ 473, may be taken concurrently or ANEQ 474, may be taken concurrently or ANEQ 476, may be taken concurrently or ANEQ 478, may be taken concurrently).

Restriction: Must not be a: Freshman, Sophomore, Junior.

Registration Information: Senior standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Major in Animal Science

The Animal Science major (food animals) provides students with an industry-oriented, science-based education that prepares them for careers in animal agriculture or one of many industries associated with livestock production. The curriculum focuses on in-depth scientific knowledge of food-producing animal physiology and function and how to relate those scientific principles to animal production. Animal Science majors choose from specialized courses to enhance their technical, practical, and business skills related to production, marketing, and processing of livestock, meat and byproducts to develop a broad understanding of animal agriculture and production.

Learning Objectives

Successful students will be able to:

- Describe the role of livestock and meat production systems in our global society
- Discuss biological principles and apply these principles into food animal management systems
- Identify business/economic principles and their application to food animal production enterprises
- Critically evaluate livestock industry issues
- Apply problem-solving and leadership skills that enhance professional success

Potential Occupations

- Managers of production units such as ranches, feedlots, meat processing facilities and dairy farms

- Sales representatives for feed companies, pharmaceutical firms, and livestock service organizations
- Meat product development or food safety/quality assurance
- Employment with organizational groups/associations such as breed organizations, clientele groups, and beef companies
- Cooperative extension and other educational positions
- Enrollment in graduate and professional schools

Advising

Visit Student Resources (<https://agsci.colostate.edu/ansci/student-resources/>) to schedule an appointment with an Academic Success Coordinator.

Benefits of meeting with an Academic Success Coordinator include:

- Assistance with navigating program requirements
- Assistance with identifying courses of interest
- Referrals to on campus resources

All Animal Science and Equine Science majors must meet with an Academic Success Coordinator/Advisor to receive an advising code

and register for classes. Students may register for classes, check for registration dates, and holds, etc. by accessing **RamWeb** (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>).

Feel free to email the Student Success Team (cas_ansci_student_success@colostate.edu) with any questions.

Requirements
Effective Fall 2024

A minimum grade of 'C-' (1.667) is required for BMS 300, SOCR 330 and each of the ANEQ courses used to meet requirements for the major.

A maximum of five credits is allowed for the following:
ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 363, and ANEQ 364.

A maximum of 12 credits is allowed for any combination of the following:
ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487A, ANEQ 495, and ANEQ 496.

Major in Equine Science

The Equine Science major provides students with an industry-oriented, science-based education that prepares them for careers in a growing equine industry or one of the many industries associated with equine

production. The curriculum focuses on in-depth scientific knowledge of equine physiology and function and how to relate those scientific principles to the industry. Equine Science majors develop a broad understanding of the horse as it relates to business, recreational, and production aspects of the industry through selection of specialized courses to enhance their technical, practical, and business skills.

Learning Objectives

Successful students will be able to:

- Describe the role of horses in our global society.
- Discuss biological principles and apply these principles into equine management systems.
- Identify business/economic principles and their application to equine enterprises.
- Critically evaluate equine industry issues.
- Apply problem-solving and leadership skills that enhance professional success.

Potential Occupations

- Management of equine production systems such as breeding farms and ranches
- Sales representatives for feed companies, pharmaceutical firms, and equine industry service organizations
- Employment with organizational groups/associations such as breed organizations and clientele groups
- Hosting and planning equine events such as horse shows and competitions
- Cooperative extension agents and other educational positions
- Enrollment in graduate and professional schools

Advising

Visit Student Resources (<https://agsci.colostate.edu/ansci/student-resources/>) to schedule an appointment with an Academic Success Coordinator.

Benefits of meeting with an Academic Success Coordinator/Advisor include:

- Assistance with navigating program requirements.
- Assistance with identifying courses of interest.
- Referrals to on campus resources.

All Animal Science and Equine Science majors must meet with an Academic Success Coordinator to receive an advising code and register for classes. Students may register for classes, check for registration date and holds, etc. by accessing **RamWeb** (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>).

Feel free to email the Student Success Team (cas_ansci_student_success@colostate.edu) with any questions.

Requirements Effective Fall 2024

A minimum grade of "C-" (1.667) is required for each of the ANEQ courses which are required to complete the major.

A maximum of five credits is allowed for ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364.

A maximum of twelve credits is allowed for any combination of the following: ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487B, ANEQ 495, and ANEQ 496.

Master of Science in Animal Sciences, Plan A

The Master of Science in Animal Sciences, Plan A consists of 30 credit hours, including the preparation and defense of an original research thesis. At least one peer review publication is expected for this effort. Students study within one of the discipline groups of the department (i.e., beef and dairy systems management; breeding and genetics; livestock behavior and welfare; livestock production sustainability; microbiome/cell and molecular biology; meat science and food safety; nutrition; reproduction; equine sciences) to prepare for future employment in the animal agricultural industries and/or the pursuit of a doctoral degree.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements Effective Spring 2015

Code	Title	Credits
Lecture Courses ^{1, 2}		25
ANEQ 792A	Seminar: General	1
ANEQ 699	Thesis	Var.
Program Total Credits:		30

A minimum of 30 credits are required to complete this program.

¹ At least 12 credits must be at the 500-level or above.

² Select courses with approval of advisor and graduate committee

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration

4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Department of Horticulture and Landscape Architecture

Nutrien Agricultural Sciences Building, 2nd Floor
301 University Avenue
(970) 491-7019
agsci.colostate.edu/hortla/ (<https://agsci.colostate.edu/hortla/>)
cas_hla@mail.colostate.edu

Professor Mengmeng Gu, Department Head

Undergraduate Majors

- Environmental Horticulture
 - Landscape Design and Contracting Concentration
 - Nursery and Landscape Management Concentration
 - Turf Management Concentration
- Horticulture
 - Controlled Environment Horticulture Concentration
 - Floriculture Concentration (*No new students are being admitted to this concentration - please see the Controlled Environment Horticulture Concentration*)
 - Horticultural Business Management Concentration
 - Horticultural Food Crops Concentration
 - Production Option (*No new students are being admitted to this option*)
 - Seed Science Option (*No new students are being admitted to this option*)
 - Horticultural Science Concentration
- Landscape Architecture

Minors

A minor will serve to broaden the academic background of students seeking employment in interdisciplinary job markets associated with plant sciences or the art and science of environmental horticulture. A minor will allow students a maximum breadth and depth in the field while utilizing a limited number of requirements.

- Environmental Horticulture
- Horticulture
- Organic Agriculture

Graduate Graduate Programs in Horticulture

The department offers graduate programs leading to Master of Science and Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Horticulture (<https://agsci.colostate.edu/hortla/>).

Certificates

- Horticulture and Human Health
- Urban Agriculture

Master's Programs

- Master of Science in Horticulture, Plan A*
- Master of Science in Horticulture, Plan B*
- Master of Science in Horticulture, Horticulture and Human Health Specialization, Plan B

Ph.D.

- Ph.D. in Horticulture*

* Please see department for program of study.

Courses

Subjects in this department include: Horticulture (HORT) and Landscape Architecture (LAND).

Horticulture (HORT)

HORT 100 Horticultural Science Credits: 4 (3-2-0)

Course Description: Principles of plant science and related disciplines as the base and context for the introduction of horticultural practices.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

Additional Information: Biological & Physical Sciences 3A.

HORT 171 Environmental Issues in Agriculture (GT-SS3) Credits: 3 (2-0-1)

Also Offered As: SOCR 171.

Course Description: Historical development of agriculture; environmental consequences of modern food production and other cultural approaches to agriculture.

Prerequisite: None.

Registration Information: Must register for lecture and recitation. Credit not allowed for both HORT 171 and SOCR 171.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Diversity, Equity, & Inclusion 1C, Human Behavior, Culture, or Social Frameworks (GT-SS3).

HORT 192 Orientation to Horticulture/Landscape Arch Credit: 1 (0-0-1)
Also Offered As: LAND 192.

Course Description: First year course in horticulture and landscape architecture. Information and skills necessary to succeed in majors in the Department of Horticulture and Landscape Architecture.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: This is a partial semester course. Credit not allowed for both HORT 192 and LAND 192.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 221 Landscape Plants Credits: 4 (2-4-0)

Course Description: Identification, landscape features, cultural requirements, and landscape use of coniferous and deciduous trees and shrubs, vines, and evergreens.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 231 Landscape Graphics Studio Credits: 4 (2-4-0)

Course Description: Use a combination of hand and digital media techniques to produce plan, section, elevation, and 3D views for landscape design concepts. Manual drafting techniques, pencil/marker rendering, drawing professional standards, AutoCad, Photoshop, 3D modeling software and rendering software are all utilized as tools. Map personal workflows to develop drawings that convey the intent of a landscape design while developing personal style.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 232 Principles of Landscape Design Credits: 4 (2-4-0)

Course Description: Basic concepts in the art and process of landscape design.

Prerequisite: HORT 231.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 260 Plant Propagation Credits: 4 (3-2-0)

Course Description: Theories, principles, and techniques of sexual and asexual propagation.

Prerequisite: BZ 120, may be taken concurrently or HORT 100, may be taken concurrently or LIFE 103, may be taken concurrently.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 270 Fundamentals of Horticultural Therapy Credits: 2 (2-0-0)

Course Description: Theory and practice of horticultural therapy in health care and human services; applications, settings, and professional career topics.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 310 Greenhouse Management Credits: 4 (3-2-0)

Course Description: Cover the principles of greenhouse management for the production of floral and vegetable crops. Includes the design and use of enclosed structures to manipulate the environment, use of environmental control systems to optimize crop productivity, and proper management and marketing of crops. Intended for professionals in the greenhouse industry only.

Prerequisite: HORT 100.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 321 Nursery Production and Management Credits: 4 (3-2-0)

Course Description: Nursery industry organization, management, equipment, field and container production, storage, shipping, marketing, and business management practices.

Prerequisite: BZ 120 or HORT 100 or LIFE 103.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 322 Herbaceous Plants Credits: 3 (2-2-0)

Course Description: Identification, landscape features, cultural requirements, and uses of ornamental annual, perennial, and bulb plants.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Sections may be offered: Online. Required field trips.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 325 Native Plants in the Landscape Credits: 3 (3-0-0)

Course Description: Evaluate the diversity of native annuals, perennials, ornamental grasses, and woody plants suitable for use in landscapes in North America. Selection and maintenance characteristics are discussed.

Prerequisite: HORT 100 or LAND 110.

Registration Information: Offered as an online course only. Credit not allowed for both HORT 325 and HORT 380A3.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 330 Computers for Landscape Design Credits: 2 (1-2-0)

Course Description: Applications and techniques of computer software utilized in small-scale landscape design-build.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 331 Landscape Design Credits: 2 (2-0-0)

Course Description: Fundamentals of landscape design theory and plant composition as presented in simple problems.

Prerequisite: None.

Registration Information: For non-design majors only.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 335 Landscape Structures Credits: 4 (2-4-0)

Course Description: Design and construction methods for structures commonly used in residential landscaping. Preparation of construction documents.

Prerequisite: CON 131 and HORT 232.

Registration Information: Must register for lecture and laboratory.

Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 336 Landscape Grading and Drainage Studio Credits: 4 (2-4-0)

Course Description: Basic design principles for grading, drainage, and earth forms for small-scale projects.

Prerequisite: (HORT 221 and HORT 322 and HORT 335) and (MATH 118 or MATH 120 or MATH 127).

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 341 Turfgrass Management Credits: 3 (2-2-0)

Course Description: Principles and practices of turfgrass propagation and maintenance.

Prerequisite: HORT 100, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 344 Organic Greenhouse Production Credit: 1 (1-0-0)

Course Description: Fundamentals of greenhouse production using organic production methods.

Prerequisite: HORT 310.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 345 Diagnosis and Treatment in Organic Fields Credits: 2 (0-4-0)

Also Offered As: SOCR 345.

Course Description: Field experience in diagnosis of pest and nutrient problems on organic farms and development of treatment recommendations.

Prerequisite: (BSPM 302 or BSPM 308 or BSPM 361) and (HORT 100 or SOCR 100) and (SOCR 240).

Registration Information: Credit not allowed for both HORT 345 and SOCR 345. Required field trips.

Term Offered: Summer (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 347 Hydroponics Credits: 3 (3-0-0)

Course Description: Hydroponics, hydroponic systems, and hydroponic process from concept to application.

Prerequisite: HORT 100.

Registration Information: Offered as an online course only.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 367 Landscape Irrigation Credits: 3 (2-2-0)

Course Description: Practical design of sprinkler and trickle irrigation systems for commercial and residential landscapes.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: HORT 367, HORT 368, LAND 368.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 368 Landscape Irrigation and Water Conservation Credits: 3 (2-2-0)

Also Offered As: LAND 368.

Course Description: Practical approaches and methods of irrigation, water conservation, and water management in the designed landscape.

Prerequisite: HORT 100 or LAND 110.

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: HORT 367, HORT 368, LAND 368.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 370 Landscape Irrigation Credit: 1 (1-0-0)

Course Description: Necessary skills to design and manage irrigation systems used in the landscape industry.

Prerequisite: HORT 100, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 384 Supervised College Teaching Credits: Var[1-5] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

HORT 401 Medicinal and Value-Added Uses of Plants Credits: 3 (3-0-0)

Course Description: Chemical, biochemical and ethnobotanical perspective on the medicinal and value-added uses of plants.

Prerequisite: BZ 120 or HORT 100 or LIFE 103.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 410 Postharvest Biology and Technology Credits: 3 (3-0-0)

Course Description: Storage and quality maintenance of harvested fruits and vegetables.

Prerequisite: (BZ 120 or HORT 100 or LIFE 103) and (BZ 440).

Registration Information: Offered as an online course only. Credit not allowed for both HORT 410 and HORT 481A1.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 412 Floriculture Crops Credits: 4 (3-0-1)

Course Description: Commercial production and marketing of bedding plants, potted container crops, and cut flowers.

Prerequisite: HORT 100.

Registration Information: Must register for lecture and recitation. Required field trips. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 417 Indoor Crop Production and Physiology Credits: 3 (2-2-0)

Course Description: Advanced principles and practices specific to the production of horticultural crops in controlled environments. Explore strategies for the management of environmental factors (e.g., light intensity, spectrum, temperature, relative humidity, carbon dioxide) and the resulting impact on plant growth and development. Review recent advancements in research and technology specific to production in controlled environments.

Prerequisite: HORT 310.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 421 Horticultural Therapy Techniques Credits: 2 (2-0-0)

Course Description: Clinical skills in horticultural therapy; communication, safety, leadership, therapeutic relationships, adaptation of tools and activities.

Prerequisite: HORT 270.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 423 Horticultural Therapy Programming Credits: 2 (2-0-0)

Course Description: Methods for individual treatment planning, intervention, documentation, and reporting within therapy, social, and vocational HT programs.

Prerequisite: HORT 421.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 424 Topics in Organic Agriculture Credits: 3 (3-0-0)

Also Offered As: SOCR 424.

Course Description: Examination of issues specific to organic food production systems and marketing.

Prerequisite: (AREC 202 or ECON 202) and (SOCR 240 and AREC 328) and (HORT 100 or SOCR 100) and (HORT 171 or SOCR 171).

Registration Information: Credit not allowed for both HORT 424 and SOCR 424.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 425 Horticultural Therapy Management Credits: 3 (2-0-1)

Course Description: Horticultural therapy program and site design, proposals, funding, marketing, management, and evaluation.

Prerequisite: HORT 423.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 431 Planting Design Studio Credits: 4 (2-4-0)

Course Description: Functional and aesthetic values of plant materials; their creative use in landscape design.

Prerequisite: HORT 221 and HORT 336 and HORT 322.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 432 Intensive Landscape Design Studio Credits: 5 (2-6-0)

Course Description: Site planning and design for landscape projects of a limited scale. Problems of increasing complexity. Emphasis on real sites and clients.

Prerequisite: HORT 487 and HORT 431.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 441 Turfgrass Science Credits: 3 (3-0-0)

Course Description: Examination of turfgrass management practices from a scientific perspective; discussion of advanced turfgrass management technologies.

Prerequisite: BZ 120 or HORT 100 or SOCR 240.

Registration Information: Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 451 Vegetable Crop Management Credits: 3 (2-0-1)

Course Description: Physiological, environmental, and cultural aspects of vegetable crop production, including conventional and certified organic approaches.

Prerequisite: BZ 120 or BZ 440 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Must register for lecture and recitation.

Sections may be offered: Online. Credit allowed for only one of the following: HORT 450A, HORT 451, or HORT 480A2. Credit allowed for only one of the following: HORT 450B, HORT 451, or HORT 480A2.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 453 Principles of Fruit Crop Management Credits: 3 (2-0-1)

Course Description: Understanding the fundamentals of fruit tree biology is essential to making sound orchard management and business decisions in the tree fruit industry. Explore the basics of tree and small fruit production, including site, cultivar and rootstock selection, cropping trends and cultural practices such as planting, pruning, training, irrigation, nutrition, harvesting, and postharvest handling and technology of specific temperate fruit crops.

Prerequisite: BZ 120 or BZ 440 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Sections may be offered: Online. Credit not allowed for both HORT 450C and HORT 453. Credit not allowed for both HORT 450D and HORT 453.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 454 Horticulture Crop Production and Management Credits: 2 (2-0-0)

Course Description: Business plan development for production and management of horticultural crops as well as professional development opportunities including job search, meeting select professionals, and resume development.

Prerequisite: HORT 310 or HORT 451 or HORT 453.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 460 Plant Breeding and Biotechnology Credits: 3 (2-0-1)

Also Offered As: SOCR 460.

Course Description: Theory and practice of plant breeding and biotechnology using principles of genetics and related sciences.

Prerequisite: BZ 350 or LIFE 201A or SOCR 330.

Registration Information: Must register for lecture and recitation. Sections may be offered: Online. Required field trips. Credit not allowed for both HORT 460 and SOCR 460.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 462 Viticulture Practices in Grape Production Credits: 3 (3-0-0)

Course Description: Biology of grapevines and vineyard management including planting, training, pest control, pruning, and harvesting; special emphasis on Colorado.

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Restriction: Must be a: Undergraduate.

Registration Information: Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 464A Arboriculture Credits: 3 (2-2-0)

Course Description: Principles and practices used by professionals to cultivate and manage individual trees and shrubs in developed landscapes, primarily for the health and wellbeing of nearby communities.

Prerequisite: HORT 100.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both HORT 464A and HORT 464B.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 465 Landscape Estimating Credits: 3 (2-2-0)

Course Description: Landscape construction estimating and bidding, contract documentation and other business practices relevant to landscape design-build and contracting.

Prerequisite: (HORT 221) and (MATH 117 and MATH 118 and MATH 124 or MATH 120 or MATH 125 or MATH 127 or MATH 141 or MATH 155).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 466 Urban and Community Forestry Credits: 3 (3-0-0)

Also Offered As: F 466.

Course Description: Policies and management of publicly and privately owned community forests in urbanized areas.

Prerequisite: F 310 or RS 310 or HORT 221.

Registration Information: Credit not allowed for both HORT 466 and F 466.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 476 Environmental Plant Stress Physiology Credits: 3 (3-0-0)

Course Description: Plant growth, development and physiology, major sources of stress in plants, global issues in environment and plant stress.

Prerequisite: BZ 440.

Registration Information: Credit not allowed for both HORT 476 and HORT 576. Sections may be offered: Online.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 479 Professional Landscape Practices Credits: 2 (2-0-0)

Course Description: Business skills involved in a successful career in the green industry.

Prerequisite: HORT 100 and HORT 465.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 486A Practicum: Floriculture Credits: 2 (0-4-0)

Course Description: Directed experience in applications of floriculture technique. Fall: pest, energy, and production. Spring: production and experimentation.

Prerequisite: HORT 310.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

HORT 486B Practicum: General Credits: Var[1-6] (0-0-0)

Course Description: Directed experiences in applications of horticulture techniques and procedures.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HORT 487 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HORT 495 Independent Study Credits: Var[1-18] (0-0-0)**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 496 Group Study Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 500 Graduate Student Professional Development Credits: 3 (3-0-0)****Course Description:** Focus on professional development skills important for success. Topics include research presentations, time management, mentoring, networking, constructive critique, and others.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Sections may be offered: Online. Credit not allowed for both HORT 500 and HORT 581A4.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 511 Green Roof Culture Credits: 3 (3-0-0)****Course Description:** Understand the relevance of green roofs in North America, especially the process, from concept to project completion and maintenance.**Prerequisite:** HORT 100 to 199 - at least 3 credits.**Registration Information:** Offered as an online course only.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 515 Urban Horticulture Credits: 3 (3-0-0)****Also Offered As:** AGRI 515.**Course Description:** Investigate and evaluate the techniques of incorporating food production systems in the urban and peri-urban environment.**Prerequisite:** HORT 451 or HORT 453.**Registration Information:** Credit not allowed for both AGRI 515 and HORT 515. Offered as an online course only.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 521 Horticulture and Human Health and Well-Being Credits: 3 (3-0-0)****Course Description:** Impact of principles and practices of horticulture on human health and well-being.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 522 Horticulture and Human Health Issues Credits: 3 (3-0-0)****Course Description:** Horticulture is an essential instrument of public health, but often professionals in these fields view themselves as opponents. Examine issues arising in the production of foods for human consumption that human health professionals often encounter. Overcome the barriers that divide horticulture and human health professionals.**Prerequisite:** None.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 523 Screening Crops for Human Health Traits Credits: 3 (3-0-0)****Course Description:** Principle and methods of screening food crops for traits related to human health.**Prerequisite:** HORT 521.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Written consent of instructor. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 524 Food Pharmacology, Horticulture, and Health Credits: 3 (3-0-0)****Course Description:** Application of the principles of pharmacology to the production of food combinations that promote human health. Horticultural food crops are emphasized.**Prerequisite:** HORT 522.**Restriction:** Must be a: Graduate.**Registration Information:** Graduate standing. Written consent of instructor. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 571 Soil-Plant-Water Relations/Water Stress Credits: 3 (3-0-0)****Course Description:** Movement of water in the soil-plant-atmosphere continuum. Instrumentation for measuring plant-water relations. Plant responses to drought and salinity.**Prerequisite:** BZ 440.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 576 Advanced Environmental Plant Stress Physiology Credits: 4 (3-0-1)****Course Description:** Advanced aspects of plant growth, development and physiology, major sources of stress in plants, global issues in environment and plant stress.**Prerequisite:** BZ 440.**Registration Information:** Must register for lecture and recitation. Credit not allowed for both HORT 576 and HORT 476.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

HORT 578 Phytochemicals and Probiotics for Health Credits: 3 (2-0-1)**Also Offered As:** FTEC 578.**Course Description:** Examination of phytochemicals and probiotic organisms important in human health.**Prerequisite:** BC 351.**Registration Information:** Senior standing. Must register for lecture and recitation. Credit not allowed for both FTEC 578 and HORT 578.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 579 Mass Spectrometry Omics-Methods and Analysis Credits: 3 (3-0-0)****Course Description:** A survey of experimental designs and workflows to generate, computationally process and analyze metabolite and protein data using mass spectrometry. Course format includes lecture, computer homework assignments with real data, literature review, and student presentations.**Prerequisite:** BC 351.**Registration Information:** Senior standing. Credit not allowed for both HORT 579 and HORT 581A3.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 588 Supervised Extension Practices Credits: Var[1-18] (0-0-0)****Course Description:** Field experiences in extension practices in horticulture.**Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 600 Topics in Horticulture Credits: 3 (3-0-0)****Course Description:** Explore major themes in horticulture and provide a broader understanding beyond research focus. Weekly discussions and readings are centered around the core topics of research in horticulture and landscape architecture.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online. Credit not allowed for both HORT 600 and HORT 680A1.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 698 Research Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 699 Thesis Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 784 Supervised College Teaching Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 792 Seminar Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 795 Independent Study Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 799 Dissertation Credits: Var[1-18] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Landscape Architecture (LAND)

LAND 110 Introduction to Landscape Architecture Credits: 3 (1-2-1)**Course Description:** Introductory theories, methods, and applications of landscape studies.**Prerequisite:** None.**Registration Information:** Must register for lecture, laboratory, and recitation.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**Additional Information:** Arts & Humanities 3B.**LAND 120 History of the Designed Landscape Credits: 3 (3-0-0)****Course Description:** Major monuments and spaces from ancient Middle East through classical antiquity, the Renaissance, and Western tradition.**Prerequisite:** None.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

LAND 192 Orientation to Horticulture/Landscape Arch Credit: 1 (0-0-1)
Also Offered As: HORT 192.

Course Description: First year course in horticulture and landscape architecture. Information and skills necessary to succeed in majors in the Department of Horticulture and Landscape Architecture.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: This is a partial semester course. Credit not allowed for both HORT 192 and LAND 192.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 200 Topics in Landscape Theory and Garden Design Credits: 3 (3-0-0)

Course Description: Landscape theory and design principles in garden design. Students will be engaged through online discussions and will record weekly exercises and course material with the development of a sketchbook and blog/website postings.

Prerequisite: None.

Registration Information: This is a partial semester course. Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 220 Fundamentals of Ecology (GT-SC2) Credits: 3 (3-0-0)

Also Offered As: LIFE 220.

Course Description: Interrelationships among organisms and their environments.

Prerequisite: (BIO 100 to 199 - at least 3 credits or BZ 100 to 199 - at least 3 credits or LIFE 100 to 199 - at least 3 credits or HORT 100) and (MATH 100 to 199 - at least 3 credits).

Registration Information: Sections may be offered: Online. Credit allowed for only one of the following: F 209, LAND 220, LIFE 220 or LIFE 320.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Biological & Physical Sciences 3A, Natural & Physical Sciences w/o lab (GT-SC2).

LAND 230 Drawing the Landscape Credits: 4 (2-4-0)

Course Description: Visual communication techniques; exploration of symbology, model building, design development drawing, and construction documentation draughting.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 240 Fundamentals of Landscape Design Process Credits: 4 (1-4-1)

Course Description: Initiation of formal exploration of design elements, materials, and principles, and introduction of design process as a defensible methodology.

Prerequisite: LAND 230.

Registration Information: Must register for lecture, laboratory and recitation.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 241 Environmental Analysis Credits: 3 (1-4-0)

Course Description: Exploration and understanding of natural and cultural landscapes through analytical simulation techniques.

Prerequisite: LAND 230.

Registration Information: Must have concurrent registration in LAND 240. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 357 Omnibus Field Studies Credits: 4 (0-8-0)

Course Description: Theories and methods for the analysis, design, and planning of garden and landscape scale environments.

Prerequisite: None.

Registration Information: 3 credits in landscape drawing and analysis.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 360 Basic Landscape Design and Construction Credits: 3 (0-6-0)

Course Description: Site programming analysis, design, and construction, including skill development in specifying earthwork, drainage, and vegetative composition.

Prerequisite: LAND 240.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 361 Digital Methods Credits: 3 (2-2-0)

Course Description: Landscape research, analysis, and design with ARCVIEW, AutoCAD, Microstation, and Photoshop.

Prerequisite: LAND 360, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 362 Form and Expression in Garden Design Credits: 3 (0-6-0)

Course Description: Formal decision making for site scale environments, including creative processes for form-giving, and generation of experimental solutions.

Prerequisite: LAND 361.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 363 Advanced Landscape Site Engineering Credits: 4 (2-4-0)

Course Description: Understanding and documenting the built environment with emphasis on construction and surveying as integral parts of design process.

Prerequisite: LAND 360.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 364 Design and Nature Credits: 4 (1-6-0)

Course Description: Computer-aided processes for siting, organizing, and evaluating cultural activities within ecologically fragile, landscape-scale environments.

Prerequisite: LAND 361.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 365 Landscape Contract Drawing and Specifications Credits: 3 (2-2-0)

Course Description: Construction details, design development, and construction documentation emphasizing implementation of design projects.

Prerequisite: LAND 363.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 366 Landscape Design Expression Credits: 4 (0-8-0)

Course Description: Idea, values, and process landscape form applied to interactions of natural, cultural systems at the site and community scale; design competitions.

Prerequisite: LAND 365.

Registration Information: Credit not allowed for both LAND 366 and LAND 376.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 368 Landscape Irrigation and Water Conservation Credits: 3 (2-2-0)

Also Offered As: HORT 368.

Course Description: Practical approaches and methods of irrigation, water conservation, and water management in the designed landscape.

Prerequisite: LAND 110 or HORT 100.

Registration Information: Credit not allowed for both LAND 368 and HORT 367 or HORT 368. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 376 Landscape Design and Visualization Credits: 4 (0-8-0)

Course Description: Precedents, ideas, values and processes of landscape form applied to landscape systems at the site and community scale; design competitions.

Prerequisite: LAND 362.

Registration Information: Credit not allowed for both LAND 376 and LAND 366. Required field trips.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 384 Supervised College Teaching Credits: Var[1-5] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 392 Seminar-Designed Landscapes-Theory and Criticism Credits: 2 (0-0-2)

Course Description: Readings, discussions, and writing in landscape architectural design theory; critical analysis of the designed and constructed landscape.

Prerequisite: LAND 365.

Term Offered: Fall.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 444 Ecology of Landscapes Credits: 3 (3-0-0)

Course Description: Theories, methods, and practices for interpreting, describing, and representing natural and human modified landscapes.

Prerequisite: LAND 220 or LIFE 220 or LIFE 320.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 446 Urban Design Credits: 4 (0-8-0)

Course Description: Designing the urban landscape, including precedent exploration about overall image, materials, and structure of the city and its components.

Prerequisite: LAND 366.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 447 Comprehensive Landscape Design Credits: 4 (0-8-0)

Course Description: Terminal studio; research, analysis, and synthesis for comprehensive project identified by student and approved in advance by faculty committee.

Prerequisite: LAND 446.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 449 Professional Practice Credit: 1 (1-0-0)

Course Description: Theory and skills of landscape architectural professional practice including functional, human, business, legal, and political aspects.

Prerequisite: LAND 447, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 454 Landscape Field Studies Credits: 5 (1-6-1)

Course Description: Field observation of spatial and temporal landscape patterns resulting from natural and cultural processes and interactions.

Prerequisite: LAND 366.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 455 Travel Abroad-European Landscape Architecture Credits: 5 (1-6-1)

Course Description: Exploration of major theoretical platforms in design through drawing, photographing, and measuring landscape architecture precedents in Europe.

Prerequisite: LAND 362.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 495A Independent Study: Design Projects Credits: Var[1-4] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 495B Independent Study: Field Service Credits: Var[1-4] (0-0-0)**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**LAND 496 Group Study Credits: Var[1-8] (0-0-0)****Course Description:****Prerequisite:** None.**Registration Information:** Maximum of 8 credits allowed in course.**Terms Offered:** Fall, Spring, Summer.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**LAND 510 Virtual Design Methods Credits: 3 (2-2-0)****Course Description:** Exploration and application of advanced computing technology and methods for analyzing and organizing natural and cultural landscapes.**Prerequisite:** None.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 520 Geographic Information Systems Credits: 3 (1-4-0)****Course Description:** Theories and applications of geographic information systems in spatial analysis and land planning.**Prerequisite:** LAND 241.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 560 Structure of Landscape Patterns Credits: 3 (2-2-0)****Course Description:** Mechanisms and concepts in landscape structure for planning, design, and environmental management.**Prerequisite:** LIFE 320.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 695A Landscape Architectural Independent Study: Design****Projects Credits: Var[1-4] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 695B Landscape Architectural Independent Study: Field****Service Credits: Var[1-4] (0-0-0)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 698 Research Credits: Var[1-5] (0-0-0)****Course Description:** Guided research experience in landscape architecture.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.

Major in Environmental Horticulture

Environmental horticulturists provide solutions necessary to achieve aesthetically pleasing, functional, and environmentally sound outdoor spaces. They also design and manage private and public landscapes, such as golf courses, botanical gardens, and parks. In addition, they may develop the entrepreneurial skills necessary to successfully operate a nursery, garden center, tree care, landscape design, and build or landscape management firm. Three concentrations are offered in the Environmental Horticulture major— Landscape Design and Contracting, Nursery and Landscape Management, and Turf Management.

Learning Objectives

Successful students will demonstrate:

1. Management and leadership skills necessary for a successful career in the green industry.
2. Technical competencies in their understanding of growth and development of horticultural plants and landscapes, including development as influenced by manipulation of horticulture technologies, such as fertility and water management, and integrated pest management for all aspects of landscape horticulture.
3. Skills to assess site issues, provide creative environmentally sound solutions, and manage designed and built landscapes.
4. Analytical and problem solving skills that allow identification of problems related to the management or production of horticultural crops and landscapes, as well as strategies to solve them.

Potential Occupations

Graduates of the Environmental Horticulture major will find career opportunities in a multitude of fields in the green industry. Emerging demand for environmental solutions and green technologies will position our students for careers in a wide variety of areas including: landscape design and construction, sports turf management, retail and wholesale nursery and garden center management, golf course superintendents, arborists, plant propagation, landscape project management, landscape management, landscape estimating, green industry account management, irrigation design and water resource management, arboriculture, botanic gardens or arboreta, or landscape business management and entrepreneurship.

Concentrations

- Landscape Design and Contracting Concentration
- Nursery and Landscape Management Concentration
- Turf Management Concentration

Major in Environmental Horticulture, Landscape Design and Contracting Concentration

The Landscape Design and Contracting concentration prepares students for careers in the design-build profession for residential, commercial, and public properties. Landscape designers and contractors create, build, and manage landscape projects and work in close collaboration with other design and contracting professionals. Students will develop skills to provide environmental solutions, creating projects that minimize the impact on the environment.

They also acquire skills to manage multifaceted projects of all scales, including site design, estimating of job and labor costs, construction methods and techniques, plant selection and care, as well as business management skills. Experiential learning opportunities lead to projects allowing our students to work with clients and realize built works prior to graduating. Additionally, students are required to complete an internship, furthering their learning opportunities. This concentration is fully accredited by the National Association of Landscape Professionals (NALP).

Major in Environmental Horticulture, Nursery and Landscape Management Concentration

Nursery and Landscape Management provides extensive training in landscape plant culture and use; and also develops skills needed to start and manage a nursery, garden center, arboriculture, or landscape management firm. Nursery specialists produce trees, shrubs, groundcovers, and herbaceous perennials for the landscape industry. Graduates become nursery and landscape managers who oversee and

manage general landscape operations; choose the type and quantity of horticultural plants to be grown; select and purchase seed, fertilizers, and pest control chemicals; hire employees, direct and coordinate work activities; manage record-keeping, and implement marketing plans. Supporting courses are taught in plant and soil science, pest management, business management, horticulture, and plant materials. An internship is required to ensure graduates have practical experience.

Major in Environmental Horticulture, Turf Management Concentration

The Turf Management concentration trains students for management opportunities ranging from sod production to the establishment and maintenance of private and public grounds. Turfgrass managers are supervisors for golf courses, ski resorts, sports fields, and parks departments. Turfgrass professionals manage and train personnel, draw up work contracts, and allocate labor and financial resources

efficiently. Graduates develop expertise in production and maintenance of ornamental and functional turfgrass areas with supplemental courses in nursery and landscape management, plant and soil science, business management, and irrigation design. An internship is required to ensure graduates have practical experience, furthering their learning opportunities.

Major in Horticulture

Horticulture is the application of scientific principles in the growing, marketing, processing, and utilizing of fruits, vegetables, flower and foliage plants, trees, shrubs, and turf grasses. The major requires a strong grounding in botany, chemistry, and horticulture. There are four concentrations in the Horticulture major: Floriculture, Horticultural Business Management, Horticultural Food Crops, and Horticultural Science.

Learning Objectives

Successful students will demonstrate:

1. Technical competence that includes understanding plant growth and development as influenced by the manipulations of horticulture technologies such as greenhouse management, fertility management, integrated pest management, etc.
2. Management and leadership skills that will allow them to become an entry-level supervisor in a specific business or research program.
3. Problem solving skills such as identifying the significance of a problem, researching realistic solutions using current literature, and organizing the materials to develop appropriate recommendations and actions.

Potential Occupations

Horticulture is both a production and service industry. Well-educated horticulturists have the best opportunity for obtaining positions and moving up in the industry. The industry will be looking for professionals who can manage greenhouses, nurseries, and floral outlets, buy and sell supplies, plant material, and equipment, or edit journals and newsletters. Meeting the nutritional needs of the world population is an important challenge. Researchers are needed to develop improved fruit and vegetable varieties. Other professionals are needed to improve production and transportation methods and to develop and market better fertilizers. Within this field, students can exercise their talents and interests in computers, construction, engineering, chemistry, physics, social services, or business management. Participation in internships and cooperative education opportunities is highly recommended to enhance practical

training and development. Graduates who go on for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: biotechnologist, extension specialist, floriculturist, fruit and vegetable grower, grape producer, greenhouse supplies/seed and plant material sales representative, greenhouse production manager, interior plant maintenance technician, marketing representative, plant breeder, produce buyer.

Concentrations and Options

- Controlled Environment Horticulture Concentration
- Floriculture Concentration (*No new students are being accepted to this concentration*)
- Horticultural Business Management Concentration
- Horticultural Food Crops Concentration
- Horticultural Science Concentration

Major in Horticulture, Controlled Environment Horticulture Concentration

Controlled environment agriculture (CEA) is a technology-based approach to crop production that focuses on optimizing an environment within a protected structure to facilitate desired plant growth and development. In this concentration, students will study and gain hands-on experience with the management of controlled environment systems for the production and improvement of both floriculture and food crops. Students will also engage with advanced production technologies in areas such as hydroponics and lighting. Additional course topics include propagation, environmental control, physiology, and pest management for horticultural crops grown in controlled environments. Students are required to participate in greenhouse practicums and an internship in their junior and/or senior years. A number of career opportunities exist for students in this concentration including controlled environment production, all phases of retail and wholesale floral business, controlled environment

supply sales, controlled environment construction and environmental control, and plant research.

Major in Horticulture, Horticultural Business Management Concentration

Horticultural Business Management provides the broadest horticultural background available. The curriculum consists of a core of business, computer, and economics courses. In Horticulture, students choose a special emphasis, or take an array of courses that may lead to greater job opportunities. Graduates have the knowledge to manage a horticulture business or work in market-associated positions. Opportunities exist in

the sale of facilities, plant material, equipment, and supplies involved in all aspects of horticulture, or as buyers of horticulture products in the U.S. or in international markets. With careful selection of business courses, Horticulture graduates can complete a minor in Business Administration with one additional course.

Major in Horticulture, Horticultural Food Crops Concentration

The Horticultural Food Crops concentration focuses on systems related to production of fruits and vegetables. Specific courses include fruit and vegetable production, irrigation practices, soil fertility, propagation, breeding, and related plant pest management courses. Those interested in organic food crop production can major in Horticulture in the Horticultural Food Crops concentration and pursue the Minor in Organic Agriculture. A number of opportunities exist in horticultural food crops-related professions including field and greenhouse production, all phases

of the retail and wholesale business, fresh produce (e.g. fruits and vegetables) industry advocacy, farm management, and produce research.

Major in Horticulture, Horticultural Science Concentration

Horticultural Science graduates conduct research to discover new information about plant growth, development, and environmental response. This research can lead to new plant varieties and production methods. The curriculum consists of a solid foundation in the basic natural sciences as well as in agricultural sciences and prepares students

for technical and scientific careers in laboratory, greenhouse, or field research. Exceptional students participate in individual research projects coordinated by professors. Graduates in this area often continue their education.

Major in Landscape Architecture

Studying Landscape Architecture at CSU is an adventure. Taking part in a challenging course of study, students prepare themselves for careers in a field whose enormous potential has only begun to be recognized. Landscape Architecture students study design as accomplished landscape architects see it: shaping spaces as well as planning and preserving them.

Landscape architects lead the stewardship, planning, and design of built and natural environments. Throughout the program, emphasis is on the relationship between design, nature, and society: the impact of environments on the individual as well as the impact of users on the environment. Registration laws for landscape architects in 49 states encourage graduation from programs such as that offered at CSU, which

is accredited by the Landscape Architecture Accreditation Board of the American Society of Landscape Architects.

Landscape architects must analyze the natural elements of a site including the climate, soil, slope of the land, drainage, sunlight, and vegetation. Computer-aided design (CAD) has become an essential tool for landscape architects. Landscape architects often work with building architects, surveyors, engineers, and urban planners and collaborate with environmental scientists, foresters, and other professionals to find the best way to conserve or restore natural resources. Knowledge of appropriate local, state, or federal regulations such as those protecting wetlands or historic resources is essential.

Nature, culture, form, and space are the classic elements of landscape architecture with which students work in a series of design studies and related courses. Coursework focuses on a variety of landscape projects

that grow more complex as the curriculum proceeds. The courses include subjects such as site design, landscape design and construction, surveying, landscape ecology, and urban and regional planning. Other courses specific to the major are history of the designed landscape, plant and soil science, geology, and professional practice. Students are also encouraged to take advantage of summer travel courses available to study highly-valued ecological/cultural sites in Colorado and designed landscapes in Europe.

CSU offers the only nationally accredited undergraduate professional landscape architecture program in Colorado, via the Landscape Architectural Accreditation Board (<http://www.asla.org/accreditationlaab.aspx>) (LAAB).

Learning Objectives

Successful students will demonstrate:

1. Basic problem solving skills and knowledge for comprehensive landscape design that include the following characteristics:
 - a. Research of natural systems, cultural systems, users, and precedents
 - b. Analysis of related site systems and users
 - c. Synthesis, the articulation of formal responses to research and analysis of findings
2. Technical competency in basic landscape architectural methods and communication, including organization of writing, project development, representation, and documentation
3. Fundamental knowledge and skills appropriate to public and private entry-level landscape architecture including:

- a. Application of digital media
- b. Technology applications for analysis and design
- c. Landscape design
- d. Representation for analysis and design

Potential Occupations

Many types of organizations and individuals hire landscape architects – from real estate development firms starting new projects, municipalities constructing airports or parks, to home owners desiring garden designs. Many landscape architects are employed by government agencies doing site design for buildings, parks, and other public assets. Others are involved in park and recreation planning in national parks and forests, and restoration of environmentally damaged landscapes. Since 1998, average salaries for landscape architects exceeded average salaries of architects. Anticipated growth in construction is expected to increase demand for landscape architectural services. Participation in internships and cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who go on for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: design consultant, private practice business, construction supervisor, land or environmental planner, urban designer, historic preservationist, golf course architect, resort planner.

LAND 240	Fundamentals of Landscape Design Process	X			4
LAND 241	Environmental Analysis				3
MATH 126	Analytic Trigonometry (GT-MA1)			1B	1
Diversity, Equity, and Inclusion				1C	3
CO 150, AUCC 1B (Quantitative Reasoning), and BZ 120 must be completed by the end of Semester 2.					X
Total Credits					14
Sophomore					
Semester 3		Critical	Recommended	AUCC	Credits
CHEM 107	Fundamentals of Chemistry (GT-SC2)	X		3A	4
GEOL 121	Introductory Geology Laboratory (GT-SC1)			3A	1
LAND 360	Basic Landscape Design and Construction	X		4A	3
LAND 361	Digital Methods	X			3
LIFE 220/ LAND 220	Fundamentals of Ecology (GT-SC2)			3A	3
Select one course from the following:					3
GEOL 120	Exploring Earth - Physical Geology (GT-SC2)			3A	
GEOL 122	The Blue Planet - Geology of Our Environment (GT-SC2)			3A	
Total Credits					17
Semester 4		Critical	Recommended	AUCC	Credits
LAND 362	Form and Expression in Garden Design	X		4B	3
LAND 363	Advanced Landscape Site Engineering	X			4
PSY 100	General Psychology (GT-SS3)			3C	3
Arts and Humanities				3B	3
Total Credits					13
Semester 5		Critical	Recommended	AUCC	Credits
Select one course from the following:					5
LAND 454	Landscape Field Studies				
LAND 455	Travel Abroad-European Landscape Architecture				
NR 220	Natural Resource Ecology and Measurements				
Total Credits					5
Junior					
Semester 6		Critical	Recommended	AUCC	Credits
LAND 364	Design and Nature				4
LAND 365	Landscape Contract Drawing and Specifications	X			3
SPCM 200	Public Speaking				3
Select one course from the following:					3
AREC 202	Agricultural and Resource Economics (GT-SS1)			3C	
ECON 202	Principles of Microeconomics (GT-SS1)			3C	
Select one course from the following:					3-4
NR 319	Geospatial Applications in Natural Resources				
NR 323/ GR 323	Remote Sensing and Image Interpretation				

LAND 220/ LIFE 220 must be completed by the end of Semester 6. X

Total Credits					16-17
Semester 7		Critical	Recommended	AUCC	Credits
LAND 366	Landscape Design Expression	X			4
LAND 444	Ecology of Landscapes				3
PHIL 345	Environmental Ethics				3
SOCR 240	Introductory Soil Science				4

Senior					
Semester 8		Critical	Recommended	AUCC	Credits
LAND 392	Seminar-Designed Landscapes-Theory and Criticism	X			2
LAND 446	Urban Design	X			4
Select one course from the following:					3-4
BZ 223	Plant Identification				
HORT 221	Landscape Plants				
Advanced Writing				2	3
Electives					3
Total Credits					15-16
Semester 9		Critical	Recommended	AUCC	Credits
HORT 368/ LAND 368	Landscape Irrigation and Water Conservation	X			3
LAND 447	Comprehensive Landscape Design	X		4C	4
LAND 449	Professional Practice	X		4C	1
Arts and Humanities		X		3B	3
Historical Perspectives		X		3D	3
The benchmark courses for the 9th semester are the remaining courses in the entire program of study.		X			
Total Credits					14
Program Total Credits:					125-127

Minor in Environmental Horticulture

A minor in Environmental Horticulture will serve to broaden the academic background of students seeking employment in interdisciplinary job markets associated with plant sciences or the art and science of environmental horticulture. A minor will allow students a maximum breadth and depth in the field while utilizing a limited number of requirements.

Requirements Effective Spring 2017

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Lower Division		
Select two courses from the following:		8
HORT 100	Horticultural Science	
HORT 221	Landscape Plants	
HORT 231	Landscape Graphics Studio	
Upper Division		

Select two courses from the following: 6

HORT 341	Turfgrass Management
HORT 464A	Arboriculture
HORT 465	Landscape Estimating

Select a minimum of seven credits (six must be upper division) from the following: 7

HORT 260	Plant Propagation
HORT 232	Principles of Landscape Design
HORT 321	Nursery Production and Management
HORT 322	Herbaceous Plants
HORT 331	Landscape Design
HORT 335	Landscape Structures
HORT 336	Landscape Grading and Drainage Studio
HORT 441	Turfgrass Science
LAND 120	History of the Designed Landscape

Program Total Credits: 21

Minor in Horticulture

A Horticulture minor will serve to broaden the academic background of students seeking employment in interdisciplinary job markets associated with plant sciences or the art and science of environmental horticulture.

Requirements Effective Spring 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Lower Division		
HORT 100	Horticultural Science	4
HORT 260	Plant Propagation	4
Upper Division		
HORT 310	Greenhouse Management	4
HORT 454	Horticulture Crop Production and Management	2
Select two courses (for a minimum of 7 credits) from the following:		7
HORT 322	Herbaceous Plants	
HORT 347	Hydroponics	
HORT 401	Medicinal and Value-Added Uses of Plants	
HORT 410	Postharvest Biology and Technology	
HORT 412	Floriculture Crops	
HORT 451	Vegetable Crop Management	
HORT 453	Principles of Fruit Crop Management	
HORT 460/ SOCR 460	Plant Breeding and Biotechnology	
HORT 462	Viticulture Practices in Grape Production	
HORT 476	Environmental Plant Stress Physiology	
Program Total Credits:		21

Minor in Organic Agriculture

Contact information:

Department of Horticulture and Landscape Architecture
Dr. Mark Uchanski (Mark.Uchanski@colostate.edu), (970) 491-4885,
Nutrien Agricultural Sciences Building, Room 234
agsci.colostate.edu/organic/ (https://agsci.colostate.edu/organic/)

The focus of this program is on the science of organic agricultural production. The program offers courses specifically focused on organic ag production techniques, certification, and decision-making. Lecture, discussion, and lab experiences involve experiential learning at many levels.

Learning Objectives

Upon successful completion of the minor, the student will be able to:

1. Evaluate the USDA-National Organic Program regulations as they relate to diversified agricultural systems.
2. Identify opportunities, challenges and solutions within organic case study-based and field-based scenarios.
3. Articulate the uniqueness of certified organic agricultural practices and products in comparison to other agricultural management scenarios.

Requirements Effective Spring 2024

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
HORT 100 or SOCR 100	Horticultural Science Introduction to Crop Science	4
HORT 171/SOCR 171	Environmental Issues in Agriculture (GT-SS3)	3
HORT 344	Organic Greenhouse Production	1
HORT 345/SOCR 345	Diagnosis and Treatment in Organic Fields	2
HORT 424/SOCR 424	Topics in Organic Agriculture	3
SOCR 343	Composting Principles and Practices	1
Select three courses from the following:		9
AB 451	Integrated Pest Management	
ANEQ 448	Livestock Manure Management and Environment	
AREC 222	Economics of Food Systems (GT-SS1)	
HORT 451	Vegetable Crop Management	
HORT 453	Principles of Fruit Crop Management	
Program Total Credits:		23

Graduate Certificate in Horticulture and Human Health

Critically examine the impact of principles and practices of horticulture on human health and well-being.

Students interested in graduate work should refer to the **Graduate and Professional Bulletin**.

Learning Objectives

Upon successful completion, students will demonstrate:

1. Knowledge and expertise in disciplines related to horticulture and human health, specifically in plant biology, food and medicinal crop production, human nutrition, and development and treatment of chronic disease.
2. Ability to design and perform an intervention plan that states and tests a hypothesis, and achieves a meaningful technical objective.
3. Effective, contemporary oral and written communication skills for scientific and non-scientific audiences.
4. Professional and ethical behavior.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits
HORT 521	Horticulture and Human Health and Well-Being	3

HORT 522	Horticulture and Human Health Issues	3
HORT 523	Screening Crops for Human Health Traits	3
HORT 524	Food Pharmacology, Horticulture, and Health	3

Program Total Credits: 12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Urban Agriculture

Critically examine the principles and challenges of urban agricultural practices.

Learning Objectives

Students will:

1. Critically and objectively explore current issues related to urban horticultural food production practices and evaluate the scale and feasibility of urban and peri-urban food growing methods.
2. Understand the relevance of green roofs in North America, especially the process, from concept to project completion, food production and maintenance.
3. Gain knowledge and expertise in disciplines related to Horticulture and Human Health, specifically in plant biology, food and medicinal crop production, human nutrition, and development and treatment of chronic disease.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements Effective Fall 2021

Additional coursework may be required due to prerequisites.

Code	Title	Credits
HORT 511	Green Roof Culture	3
HORT 515/AGRI 515	Urban Horticulture	3
HORT 521	Horticulture and Human Health and Well-Being	3

Program Total Credits: 9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Science in Horticulture, Plan B, Horticulture and Human Health Specialization

The program enables students to develop plant-based solutions to improve human diets and medicines in ways that result in healthier populations.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will be able to:

1. Develop an integrated knowledge base in the disciplines related to horticulture and human health, specifically in plant biology, food and medicinal crop production, human nutrition, and development and treatment of chronic disease;
2. Construct systems-level intervention plans (i.e. farm-to-fork) that state and test hypotheses about plants and human health, achieving meaningful technical objectives;
3. Apply and evaluate effective, contemporary professional and communication skills for scientific and non-scientific audiences; and,
4. Demonstrate and assess professional and ethical behavior. Students write a scholarly paper (as per Plan B requirements) to achieve learning objectives focused on critical thinking, analyses, and writing skills.

Requirements Effective Fall 2023

Code	Title	Credits
Required Courses:		
HORT 401	Medicinal and Value-Added Uses of Plants	3
HORT 515/AGRI 515	Urban Horticulture	3
HORT 521	Horticulture and Human Health and Well-Being	3
HORT 522	Horticulture and Human Health Issues	3
HORT 523	Screening Crops for Human Health Traits	3
HORT 524	Food Pharmacology, Horticulture, and Health	3
HORT 578/FTEC 578	Phytochemicals and Probiotics for Health	3
HORT 698	Research	7
Electives (see list below)		7

Program Total Credits: 35

Electives

Code	Title	Credits
Select a minimum of 7 credits from the following:		
FSHN 530	Principles of Nutrition Science & Metabolism	3
FSHN 531	Diet, Nutrition, and Chronic Disease	3
FSHN 532	Emerging Issues in Nutrition	3
FSHN 540	Nutrigenomics and Advanced Lipid Metabolism	3
HORT 310	Greenhouse Management	4
HORT 410	Postharvest Biology and Technology	3
HORT 453	Principles of Fruit Crop Management	3
HORT 454	Horticulture Crop Production and Management	2
HORT 476	Environmental Plant Stress Physiology	3
HORT 511	Green Roof Culture	3

A minimum of 35 credits are required to complete this program.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Department of Soil and Crop Sciences

We develop the AgroEcosystems of tomorrow, transforming environmental challenges into opportunities.

Since the Department of Soil and Crop Sciences awarded its first degree in 1911, we have made important contributions to agricultural sciences and the education of thousands of students. Today, our research, education, outreach, and extension activities are more important than ever, and remain at the core of the land grant mission of Colorado State University.

This is an exciting time of rapid scientific and technological advancements that are poised to transform agriculture and environmental stewardship. Our department's strengths in crop breeding and genetics, crop production systems, soil ecology, microbiome sciences, precision agriculture, agriculture extension, and irrigation management lie at the nexus of some of the biggest challenges facing humanity including climate change, sustainable food production, soil degradation, and depletion of critical aquifers. The opportunity to play a leading role in developing solutions to these challenges drives our ambition, dedication, and creativity. We will achieve this vision through supporting an equitable, inclusive, and diverse community, and through close collaboration with our many stakeholders.

Visit the Department of Soil and Crop Sciences website for more information. (<https://agsci.colostate.edu/soilcrop/>)

Undergraduate Majors

- Major in Soil and Crop Sciences
 - Plant Biotechnology Concentration
 - Soil Science and Environmental Solutions Concentration
 - Sustainable Agricultural Management Concentration
 - Agronomic Production Management Concentration (*No new students are being admitted into this concentration*)
 - Applied Information Technology Concentration (*No new students are being admitted into this concentration*)
 - International Soil and Crop Sciences Concentration (*No new students are being admitted into this concentration*)
 - Plant Biotechnology, Genetics, and Breeding Concentration (*No new students are being admitted into this concentration. Students interested in this area of study should visit the Plant Biotechnology Concentration*)
 - Soil Ecology Concentration (*No new students are being admitted into this concentration. Students interested in this area of study should visit the Soil Science and Environmental Solutions Concentration*)
 - Soil Restoration and Conservation Concentration (*No new students are being admitted into this concentration. Students interested in this area of study should visit the Sustainable Agricultural Management Concentration*)

Minors

- Minor in Agroecosystems
- Minor in Soil Ecosystems Science and Conservation
- Minor in Soil Resources and Conservation
- Minor in Soil Science

Certificate

- Certificate in Seed Science and Technology

Change of Major

- Reach out to Chris Amerman (Chris.Amerman@colostate.edu) to schedule an appointment to change your major/minor. A **Change of Major form** is electronically submitted by an advisor to the Registrar's Office.
- Individualized Appointment with Advisor: Link for Scheduling (<https://calendly.com/socr-advising/advising-appointment/?month=2023-06>)
- Courses to take if you are interested in the programs include SOCR 100, SOCR 210, and SOCR 240.
- Students should ideally declare a major within the first two years, but exceptions can be made depending on their previous coursework.

Graduate

Graduate Programs in Soil and Crop Sciences

Programs in crop science, soil science, or plant genetics lead to Master of Science and Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Soil and Crop Sciences. (<https://agsci.colostate.edu/soilcrop/>)

Master's Programs

Master of Science in Soil and Crop Sciences, Plan A*
Master of Science in Soil and Crop Sciences, Plan B*

Ph.D.

Ph.D. in Soil and Crop Sciences*

* Please see department for program of study.

Courses

Soil and Crop Sciences (SOCR)

SOCR 100 Introduction to Crop Science Credits: 4 (3-2-0)

Course Description: Production and adaptation of cultivated crops; principles affecting growth, development, management, and utilization.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 171 Environmental Issues in Agriculture (GT-SS3) Credits: 3 (2-0-1)

Also Offered As: HORT 171.

Course Description: Historical development of agriculture; environmental consequences of modern food production and other cultural approaches to agriculture.

Prerequisite: None.

Registration Information: Must register for lecture and recitation. Credit not allowed for both HORT 171 and SOCR 171.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Diversity, Equity, & Inclusion 1C, Human Behavior, Culture, or Social Frameworks (GT-SS3).

SOCR 177 Applied Information Technology in Agriculture Credit: 1 (1-0-0)

Course Description: Introduction to database and project management, GIS/GPS and remote sensing, as they apply to agriculture, the environment, and business management.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 192 Water in the West Credits: 3 (0-0-3)

Course Description: History and current status of water resources management and policy in the western United States.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 193 Pathways to Success Credit: 1 (0-0-1)

Course Description: Orientation to the functions and resources of the department and is designed to support the academic and social integration of incoming students.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 200 Seed Anatomy and Identification Credit: 1 (0-2-0)

Course Description: Principles of seed anatomy including reproduction, identification, and seed characteristics of plant families.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 201 Seed Development and Metabolism Credit: 1 (1-0-0)

Course Description: Basic processes controlling seed development, maturation, dormancy, storage, germination, and how these factors relate to seedling growth.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 210 Microbiome Roles in a Sustainable Earth (GT-SC2) Credits: 3 (3-0-0)

Course Description: Microorganisms are the most abundant living entities on earth. Examine the incredible ways that microbes affect our everyday lives and contribute to a sustainable planet.

Prerequisite: None.

Registration Information: Offered as an online course only. Credit not allowed for both GES 281A1 and SOCR 210.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Biological & Physical Sciences 3A, Natural & Physical Sciences w/o lab (GT-SC2).

SOCR 221 Cropping Systems Field Experience Credit: 1 (0-4-0)

Course Description: Explore the evolution of farming practices from conventional tillage through newly emerging regenerative techniques.

Prerequisite: None.

Registration Information: This is a partial semester course. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 240 Introductory Soil Science Credits: 4 (3-2-0)

Course Description: Formation, properties, and management of soils emphasizing soil conditions that affect plant growth.

Prerequisite: CHEM 107 or CHEM 111.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 300 Seed Purity Analysis Credits: 2 (0-4-0)

Course Description: Fundamentals for determining physical purity of a seed lot using established rules and procedures.

Prerequisite: None.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 301 Seed Germination and Viability Credits: 2 (0-4-0)

Course Description: Seed viability tests including standard germination and tetrazolium, seed viability, dormancy, parameters of viability and evaluation.

Prerequisite: None.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 310 Agronomic Plant and Seed Identification Credits: 2 (0-4-0)

Course Description: Evaluate characteristics needed to identify agronomic plant and seed species.

Prerequisite: BZ 104 or BZ 110 or BZ 120 or HORT 100 or LIFE 102 or SOCR 100.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 311 Seed Quality--Seed Production and Genetics Credit: 1 (1-0-0)

Course Description: Importance of seed production and genetics to seed quality. The value of seed quality to field crop production.

Prerequisite: None.

Registration Information: Offered as an online course only. Credit not allowed for both SOCR 311 and SOCR 380A2.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 320 Sustainable Forage Management for Livestock Credits: 3 (3-0-0)

Course Description: Fundamentals of establishment, management, and utilization of cultivated forages including hay, silage, and pasture production.

Prerequisite: ANEQ 101 or BZ 110 or BZ 120 or LIFE 102 or LIFE 103 or SOCR 240.

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 322 Principles of Microclimatology Credits: 3 (3-0-0)

Course Description: Principles of microclimatology including energy balance concepts for soil and vegetation surfaces, and their application.

Prerequisite: PH 100 to 499 - at least 3 credits.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 330 Principles of Genetics Credits: 3 (3-0-0)

Course Description: Transmission, population, and molecular genetics; practical applications.

Prerequisite: BZ 110 or BZ 120 or LIFE 102.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 331 Genetics Laboratory Credit: 1 (0-3-0)

Course Description: Experimental techniques in transmission and molecular genetics.

Prerequisite: SOCR 330, may be taken concurrently.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 335 Applied Plant Genetics Credits: 3 (2-3-0)

Course Description: Focus on the foundations of plant genetics and provide hands-on experiences in the greenhouse and molecular biology laboratory. Introduction to bioinformatics programs/analyses. Develop a deeper understanding of topics including reproduction strategies, polyploidy, genome structure, and genetic mapping, specifically in plants.

Prerequisite: (BZ 110 or BZ 120 or LIFE 102 or LIFE 103) and (BZ 350 or SOCR 330).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 341 Microbiology for Sustainable Agriculture Credit: 1 (1-0-0)

Course Description: Functional roles and management of soil organisms in organic agriculture, emphasis on ecological interactions with plants and plant pathogens.

Prerequisite: SOCR 240.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 343 Composting Principles and Practices Credit: 1 (1-0-0)

Course Description: Fundamentals of compost production, use, and regulation.

Prerequisite: SOCR 240 and SOCR 350.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 344 Crop Development Techniques Credits: 2 (2-0-0)

Course Description: Conventional and transgenic approaches to crop variety development.

Prerequisite: BZ 120 or LIFE 102 or LIFE 103.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 345 Diagnosis and Treatment in Organic Fields Credits: 2 (0-4-0)

Also Offered As: HORT 345.

Course Description: Field experience in diagnosis of pest and nutrient problems on organic farms and development of treatment recommendations.

Prerequisite: (BSPM 302 or BSPM 308 or BSPM 361) and (HORT 100 or SOCR 100) and (SOCR 240).

Registration Information: Credit not allowed for both SOCR 345 and HORT 345. Required field trips.

Term Offered: Summer (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 350 Soil Fertility Management Credits: 3 (3-0-0)

Course Description: Managing soil fertility and fertilizers to meet plant nutrient requirements in an environmentally sound manner with emphasis on nutrient cycling.

Prerequisite: (CHEM 107 and CHEM 108 or CHEM 111 and CHEM 112) and (SOCR 240).

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 351 Soil Fertility Laboratory Credit: 1 (0-2-0)

Course Description: Soil chemical analyses and development of fertilizer recommendations for crops.

Prerequisite: SOCR 350, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 370 Climate-Smart Irrigation Principles Credits: 2 (2-0-0)

Course Description: Determination of irrigation water requirements based on the estimation of storage and movement of water in the soil-plant-atmosphere system. Emphasis on the plant micro-climate and its impacts on irrigation requirements.

Prerequisite: (BZ 120 or HORT 100 or SOCR 100) and (SOCR 240).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 371 Climate-Smart Irrigation Management Credit: 1 (1-0-0)

Course Description: Management of irrigation systems for field crops with emphasis on climate adaptation, irrigation methods, irrigation scheduling, and strategies for water conservation.

Prerequisite: SOCR 370.

Registration Information: Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 375 Soil Biogeochemistry Credits: 3 (3-0-0)

Course Description: The study of the biotic and abiotic factors that drive the physical, chemical, and biological processes and elemental cycling of in-situ soils. New theories and models are examined to understand soil biogeochemistry at the local to global scales.

Prerequisite: SOCR 240.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 377 Geographic Information Systems in Agriculture Credits: 3 (2-2-0)

Also Offered As: AB 377.

Course Description: Geospatial science, remote sensing, and GPS technology play a central role in precision and digital agriculture. Designed to introduce the concepts of integrating knowledge in biology, statistics, and economics with advanced geospatial science, especially GPS, GIS, remote sensing, and spatial statistics, for agricultural applications.

Prerequisite: CS 100 to 499 - at least 3 credits or SOCR 100 to 499 - at least 3 credits or STAT 100 to 499 - at least 3 credits.

Restriction: Must not be a: Freshman.

Registration Information: Must register for lecture and laboratory. Required field trips. Credit allowed for only one of the following: AB 377, SOCR 377, or SOCR 577.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 384 Supervised College Teaching Credits: Var[1-5] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 400 Soils and Global Change-Impacts and Solutions Credits: 3 (2-2-0)

Course Description: Foundations on the science of global change and its impact on soil processes and biota.

Prerequisite: (SOCR 240) and (LIFE 220 or LIFE 320).

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 401 Greenhouse Gas Mitigation, Land Use, and Mgmt Credits: 3 (2-3-0)

Course Description: Introduction to greenhouse gas estimation methods and mitigation project development in the land use sector.

Prerequisite: SOCR 240.

Registration Information: Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 405 Global Agriculture and Environmental Change Credits: 3 (3-0-0)

Also Offered As: ESS 405.

Course Description: Explore the past, present, and future of global agroecosystems in a changing environment. Examine a range of environmental issues facing agroecosystems around the world, including water management, climate change, air pollution, and land use change. Assess the history of agricultural development and the factors that determine food security, as well as what strategies could help create a more sustainable and food secure world.

Prerequisite: BSPM 302 or BSPM 308 or BSPM 361 or LAND 220 or LIFE 220 or LIFE 320.

Registration Information: Offered as Mixed Face-to-Face. Credit not allowed for both ESS 405 and SOCR 405.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 410 Seed Processes: Storage and Deterioration Credit: 1 (0-0-1)

Course Description: Environmental conditions and management factors influencing storage and deterioration of seeds, including physiological and biochemical changes.

Prerequisite: BZ 104 or BZ 105 or BZ 120.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 412 Seed Processes: Separation and Conditioning Credit: 1 (1-0-0)

Course Description: Understanding the physical process required to separate pure seed from contaminants and maintain viability.

Prerequisite: BZ 104 or BZ 105 or BZ 120.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 413 Seed Vigor Concepts and Testing Credits: 2 (2-0-0)

Course Description: Provide a basic understanding of the concept of seed vigor, methods for seed vigor testing, and the relationship of crop performance.

Prerequisite: SOCR 200 or SOCR 201.

Registration Information: Offered as an online course only. Credit not allowed for both SOCR 413 and SOCR 481A1.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 421 Agroecosystem Management Credits: 4 (3-2-0)

Course Description: Broad focus on soil and crop management in agricultural systems, with an emphasis on the driving biophysical factors, processes and interactions. Emphasis on integrating concepts and knowledge from previous courses and applying this knowledge toward an interdisciplinary analysis of agroecosystems.

Prerequisite: (HORT 100 or SOCR 100) and (SOCR 240).

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 424 Topics in Organic Agriculture Credits: 3 (3-0-0)

Also Offered As: HORT 424.

Course Description: Examination of issues specific to organic food production systems and marketing.

Prerequisite: (AREC 202 or ECON 202) and (AREC 328 and SOCR 240) and (HORT 100 or SOCR 100) and (SOCR 171 or HORT 171).

Registration Information: Credit not allowed for both SOCR 424 and HORT 424.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 425 Internet of Ag Things--Sensors and Data Lab Credits: 2 (0-4-0)

Course Description: Explore how data is collected from internet-connected sensors (internet of Ag Things, IoAT) and other platforms used to improve management decisions across a wide range of agricultural use cases. Emphasis on sensor technology used to make measurements and the data science required to transform information into actionable management decisions.

Prerequisite: STAT 201.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 440 Pedology Credits: 4 (2-3-1)

Course Description: Process of soil formation, characterization, classification of soils; soil survey methods.

Prerequisite: None.

Registration Information: Must register for lecture, laboratory and recitation.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

SOCR 441 Soil Ecology Credits: 3 (2-3-0)

Course Description: An integrative, hands-on experience in the theory and application of ecology principles to the soil environment.

Prerequisite: SOCR 240.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 442 Forest and Range Soils Credits: 3 (3-0-0)

Course Description: Soil and water relationships in forest and rangeland ecosystems; significant properties in their management.

Prerequisite: None.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 443 Soil Survey Field Practicum Credit: 1 (0-0-2)

Course Description: Designed to offer the opportunity to conduct soil survey field work with professional soil scientists in pristine natural areas across the state of Colorado. Experience place-based learning, and training to take a project from its initial stages of planning to completion; this includes site determination, data collection, and post-field lab and data analysis. Deliverables include a) soil properties database and b) presentation summarizing finding.

Prerequisite: SOCR 440, may be taken concurrently.

Registration Information: This is a partial semester course. Required field trips. Credit not allowed for both SOCR 443 and SOCR 481A4.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

SOCR 455 Microbiomes of Soil Systems Credits: 3 (3-0-0)

Course Description: Microbial activities in agricultural, wetland, and grassland soils; in soil-plant relationships; and in maintenance of environmental quality.

Prerequisite: MIP 300 or SOCR 240.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 456 Soil Microbiology Laboratory Credit: 1 (0-3-0)

Course Description: Techniques used in study of ecology and activities of soil microorganisms.

Prerequisite: SOCR 455, may be taken concurrently.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 460 Plant Breeding and Biotechnology Credits: 3 (2-0-1)

Also Offered As: HORT 460.

Course Description: Theory and practice of plant breeding and biotechnology using principles of genetics and related sciences.

Prerequisite: BZ 350 or LIFE 201A or SOCR 330.

Registration Information: Must register for lecture and recitation. Sections may be offered: Online. Required field trips. Credit not allowed for both HORT 460 and SOCR 460.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 467 Soil and Environmental Chemistry Credits: 3 (3-0-0)

Course Description: Fundamental principles of soil chemistry with respect to environmental reactions between soils and other natural materials and priority pollutants.

Prerequisite: CHEM 335.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 470 Soil Physics Credits: 3 (3-0-0)

Course Description: Physical properties of soils emphasizing mechanical composition, moisture, aeration, temperature, and structure related to management, plant growth.

Prerequisite: SOCR 240 or GEOL 232.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 471 Soil Physics Laboratory Credit: 1 (0-3-0)

Course Description: Familiarization of techniques and equipment used in evaluation of soil physical properties.

Prerequisite: SOCR 470, may be taken concurrently.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

SOCR 475 Global Challenges in Plant and Soil Science Credits: 3 (3-0-0)

Course Description: Evaluation of case studies to define problems and develop solutions to address global challenges in plant and soil science.

Prerequisite: (SOCR 240 or GEOL 122) and (LIFE 102 or BZ 120).

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 486 Practicum Credits: Var[1-4] (0-0-0)

Course Description: Directed experiences in the application of soil and crop science principles.

Prerequisite: None.

Registration Information: Written consent of instructor. May be taken for a maximum of 4 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 487 Internship Credits: Var[1-12] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 490 Hydrus-1D Workshop Credit: 1 (0-0-1)

Course Description: Using Hydrus-1D software for flow and transport of water, heat, and chemicals in soil.

Prerequisite: SOCR 470.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 492 Preparing for Impact--Your Career Journey Credit: 1 (0-0-1)

Course Description: Explore different career paths in soil and crop sciences. Emphasis on key skills for professional success.

Prerequisite: None.

Registration Information: Senior standing.

Term Offered: Fall.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 495 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 496 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 498 Undergraduate Research Credits: Var[1-6] (0-0-0)

Course Description: Research in soil and crop sciences.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 500 Environmental Measurement Laboratory Credit: 1 (0-2-0)

Course Description: A hands-on instrumentation lab for making environmental, weather, and soil measurements using low-cost microcontroller boards and sensors.

Prerequisite: PH 110.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 501 Plant Genetic Resources--Origins Credit: 1 (1-0-0)

Course Description: Focus on the origins of plant genetic resources, including: role in global food systems, domestication and diversification, genetic properties of plant genomes, forces shaping diversity, and geographic patterns of diversity. The first of a three part introduction to plant genetic resources.

Prerequisite: SOCR 330.

Registration Information: This is a partial semester course. Offered as an online course only. Credit not allowed for both SOCR 501 and SOCR 581A4.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 502 Plant Genetic Resources--Conservation Credit: 1 (1-0-0)

Course Description: Focus on the conservation of plant genetic resources, including: ethics and governance of germplasm exchange, collection and regeneration of germplasm in genebanks, and management and distribution of germplasm. The second part of a three part introduction to plant genetic resources.

Prerequisite: SOCR 330.

Registration Information: This is a partial semester course. Offered as an online course only. Credit not allowed for both SOCR 502 and SOCR 581A5.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 503 Plant Genetic Resources--Discovery Credit: 1 (1-0-0)

Course Description: Focus on the utilization of plant genetic resources, including: understanding stakeholders, characterization of phenotypes and genotypes, discovery and mapping of useful traits and alleles, and transfer alleles from genebanks to breeding programs via pre-breeding. The third part of a three part introduction to plant genetic resources.

Prerequisite: SOCR 330.

Registration Information: This is a partial semester course. Offered as an online course only. Credit not allowed for both SOCR 503 and SOCR 581A6.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 522 Micrometeorology Credits: 3 (3-0-0)

Course Description: Microenvironments; physics of environmental variables; plant canopy microclimate; evapotranspiration; surface-atmosphere exchange; instrumentation.

Prerequisite: PH 100 to 499 - at least 3 credits.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 523B Environmental Data Science Applications: Food and Agriculture Credits: 2 (2-0-0)

Also Offered As: ESS 523B.

Course Description: Explore the application of data science to the analysis of food and agricultural systems. Examine the ways food and agricultural researchers utilize data science in contemporary scientific literature and in research taking place across campus. Work in a team to create, document, and communicate an analysis that utilizes data science techniques to answer questions about food and agricultural system functioning and/or sustainability.

Prerequisite: ESS 523A, may be taken concurrently or SOCR 523A, may be taken concurrently.

Registration Information: This is a partial semester course. Credit not allowed for both ESS 523B and SOCR 523B.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 530 Scientific Writing Credit: 1 (1-0-0)

Also Offered As: BSPM 530.

Course Description: Skills necessary to prepare complete scientific journal articles including writing, editing, and literature searching and assessment.

Prerequisite: None.

Registration Information: Credit not allowed for both BSPM 530 and SOCR 530.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 535 Origin and Evolution of Cultivated Plants Credits: 3 (3-0-0)

Course Description: Origin of crops from viewpoints of archaeology, history, botany, and taxonomy, and continued evolution of plants under cultivation.

Prerequisite: SOCR 330.

Term Offered: Fall (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 540 Soil-Plant-Nutrient Relationships Credits: 3 (3-0-0)

Course Description: Soil and plant factors affecting nutrient uptake, mechanistic models of uptake, availability and functions of essential elements, diagnostic techniques.

Prerequisite: SOCR 350.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 545 Current Methods in Microbial Genomics Credits: 2 (2-0-0)

Course Description: The characterization of metagenomes and additional "omes" (e.g. metatranscriptome, metaproteome, and metabolome) provides synergistic information to further our functional understanding of individual members of the microbial communities, as well as their interactions. Introduction to current multi-omics methods as applied to environmental and host-associated microbiology.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 550 Advanced Soil Genesis Credits: 3 (3-0-0)

Course Description: Modern concepts of specific mechanisms involved in formation of genetic soil groups and their relationship to environmental factors.

Prerequisite: SOCR 440.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 567 Environmental Soil Chemistry Credits: 4 (3-0-1)

Course Description: The chemistry of terrestrial environments and the interactions of soil constituents with bacteria, nutrients, and pollutants.

Prerequisite: CHEM 335.

Registration Information: Credit not allowed for SOCR 467 and SOCR 567.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 570 Plant Breeding for Drought Tolerance Credit: 1 (1-0-0)

Course Description: Principles and practices of evaluation, selection and cultivar development for crops in drought-stress environments with an emphasis on agronomic crops.

Prerequisite: SOCR 330 and SOCR 460.

Registration Information: Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 571 Foundations of Soil Science Credits: 2 (2-0-0)

Course Description: Importance of soils in ecology and earth system science with regard to the study and management of the soil resource.

Prerequisite: SOCR 240.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 572 Internet-of-Things Environmental Sensors Lab Credit: 1 (0-2-0)

Course Description: Hands on training with environmental sensors and electronics that have internet-of-things (IoT) connectivity.

Prerequisite: None.

Registration Information: Credit not allowed for both SOCR 572 and SOCR 581A3.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 577 Principles/Components: Precision Agriculture Credits: 3 (2-2-0)

Course Description: Principles and components of precision agriculture, including GPS, GIS, remote sensing, and their applications in soil and crop management.

Prerequisite: SOCR 100 to 499 - at least 3 credits or CS 100 to 499 - at least 3 credits.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both SOCR 577 and SOCR 377. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 620 Modeling Ecosystem Biogeochemistry Credits: 3 (2-3-0)

Course Description: Design and build biogeochemical process and ecosystem models with GUI-based software. Analyze and test models and interpret experimental data.

Prerequisite: (ECOL 505 or LAND 220 or LIFE 220 or SOCR 240) and (MATH 155 or MATH 160).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 640 Crop Physiology Credit: 1 (1-0-0)

Course Description: Developmental, physiological, and biochemical determinants of crop yields as controlled by genetic and environmental effects.

Prerequisite: BZ 440.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 650 Research Proposal Development Credit: 1 (1-0-0)

Course Description: Skills to develop and write an effective scientific research proposal.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 670 Terrestrial Ecosystems Isotope Ecology Credits: 3 (2-2-0)

Course Description: Isotope distribution in biogeochemical cycles, research topics in biosphere-atmosphere interactions; lab experience with isotope techniques.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Required field trips.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 675 Presentations for Scientific Audiences Credit: 1 (1-0-0)

Course Description: Organization and presentation of scientific information to audiences in oral and poster format.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 720 Advanced Plant Breeding Credits: 4 (4-0-0)

Course Description: Systems of mating and selection in plants to maximize genetic gain. Evaluation of heterosis, germplasm diversity, strategies, and new technologies.

Prerequisite: (SOCR 460 or HORT 460) and (STAT 100 to 499 - at least 3 credits).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 720A Advanced Plant Breeding: Methods Credits: 2 (2-0-0)

Course Description: Historical perspectives in plant breeding, plant reproduction, genetic gain, breeding and selection systems in self- and cross-pollinated plants.

Prerequisite: (SOCR 460 or HORT 460) and (STAT 100 to 799 - at least 3 credits).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 720B Advanced Plant Breeding: Tools Credits: 2 (2-0-0)

Course Description: Plant breeding strategies, genotype x environment interaction, field plot and genomic tools, breeding for pest resistance, stress tolerance, quality.

Prerequisite: (SOCR 460 or HORT 460) and (STAT 100 to 799 - at least 3 credits).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 725 Quantitative Inheritance in Plant Breeding Credits: 3 (2-2-0)

Course Description: Quantitative genetic structure of populations, recognition of genetic, environmental variance. Methods of dealing with quantitatively inherited traits.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 730 Topics in Plant Breeding and Genetics Credit: 1 (1-0-0)

Course Description: Current literature regarding mechanisms used for plant improvement.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 731 Plant Breeding Data Management Credit: 1 (1-0-0)

Course Description: Principles and best practices for optimal data management for plant breeding and other data-intensive research programs.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must have taken three credits in computer science.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 740 Plant Molecular Genetics Credits: 3 (3-0-0)

Also Offered As: BSPM 740.

Course Description: Advances in study of organization and function of nuclear and organellar genomes, gene expression in higher plants, and plant-microbe interactions.

Prerequisite: BC 351 and SOCR 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both SOCR 740 and BSPM 740.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 755 Advanced Soil Microbiology Credits: 3 (3-0-0)

Course Description: Ecology of soil microorganisms emphasizing population and activity relationships, nitrogen fixation, and microbe-pesticide interactions.

Prerequisite: MIP 624 or SOCR 455.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 760 Advanced Soil Chemistry Credits: 3 (3-0-0)

Course Description: Surface chemistry of soils, electrical double layer models of surface charge and potential, colloid stability, computer modeling of adsorption.

Prerequisite: (CHEM 100 to 481 - at least 4 courses and CS 100 to 481 - at least 1 course) and (MATH 141 or MATH 155 or MATH 160).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 770 Advanced Soil Physics Credits: 4 (3-2-0)

Course Description: Description and analysis of principles of storage and movement of water, solutes, heat, and gases in soils.

Prerequisite: MATH 261 or SOCR 470.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 784 Supervised College Teaching Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 792 Seminar Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 795 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 796 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 799 Dissertation Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Soil and Crop Sciences

Want to develop the science, practices, and technology of feeding the world while minimizing the environmental impact of agriculture?

The Major in Soil and Crop Sciences provides hands-on training and expert instruction that will equip students to solve current global challenges in soil, plant, and environmental sciences.

The demand for students with a fundamental understanding of soil and crop sciences combined with technical and data skills has never been greater. Our graduates go on to exciting careers in industry, government, entrepreneurship, and academia, with 84% employed within 6 months of graduation.

We offer three concentrations that enable each student to align their coursework with their specific interests. A concentration must be selected in order to graduate.

Concentrations

- Plant Biotechnology Concentration
- Soil Science and Environmental Solutions Concentration
- Sustainable Agricultural Management Concentration

Learning Objectives

Successful students will achieve:

1. Technical competencies, including knowledge and understanding of soil and crop science principles, the ability to apply these principles to specific issues, and the ability to synthesize information (both technical and non-technical) to meet identified needs.
2. Problem solving skills, such as identifying a problem, collecting data, summarizing information, and drawing conclusions.
3. Professional interpersonal and communication skills, such as presenting a topic with logical development, technical understanding, mechanical and technique correctness, and accurate documentation of sources.

Potential Occupations

The demand for students with training in soil and crop sciences has never been greater. The agricultural sector is undergoing rapid change as we enter the era of big data and embrace new technologies.

Major in Soil and Crop Sciences, Agronomic Production Management Concentration

No new students are being admitted into this concentration.

Requirements Effective Fall 2019

Freshman

		AUCC	Credits
AGRI 192 or 292	Orientation to Agricultural Systems Transfer Seminar		1
AREC 202	Agricultural and Resource Economics (GT-SS1)	3C	3
BZ 120	Principles of Plant Biology (GT-SC1)	3A	4
CHEM 107	Fundamentals of Chemistry (GT-SC2)	3A	4
CHEM 108	Fundamentals of Chemistry Laboratory (GT-SC1)	3A	1
CO 150	College Composition (GT-CO2)	1A	3
MATH 117	College Algebra in Context I (GT-MA1)	1B	1
MATH 118	College Algebra in Context II (GT-MA1)	1B	1
MATH 124	Logarithmic and Exponential Functions (GT-MA1)	1B	1
SOCR 100	General Crops		4
Historical Perspectives		3D	3
Electives			4
Total Credits			30

Sophomore

BZ 223	Plant Identification		3
LAND 220/LIFE 220	Fundamentals of Ecology (GT-SC2)	3A	3
PH 110	Physics of Everyday Phenomena (GT-SC2)	3A	3
PHIL 110	Logic and Critical Thinking (GT-AH3)	3B	3
SOCR 240	Introductory Soil Science		4
SPCM 200	Public Speaking		3
Diversity and Global Awareness		3E	3
Electives			8
Total Credits			30

Junior

BZ 440	Plant Physiology		3
BZ 441	Plant Physiology Laboratory		2
Select one from the following:			3
BUS 300	Business Writing and Communication (GT-CO3)	2	
CO 300	Writing Arguments (GT-CO3)	2	
CO 301B	Writing in the Disciplines: Sciences (GT-CO3)	2	
JTC 300	Strategic Writing and Communication (GT-CO3)	2	
SOCR 330	Principles of Genetics		3
SOCR 350	Soil Fertility Management		3
SOCR 351	Soil Fertility Laboratory		1
SOCR 370	Climate-Smart Irrigation Principles		2
Select one course from the following:			3
STAT 201	General Statistics (GT-MA1)	1B	
STAT 301	Introduction to Applied Statistical Methods		
STAT 307	Introduction to Biostatistics		
Agricultural and Resource Economics Elective ¹			3
Department Electives (select from list below)			6
Arts and Humanities			3

Department Electives

Soil and Crop Sciences electives are required for the Agronomic Production Management Concentration. Choose any combination of the following suggested courses to meet this requirement.

Code	Title	Credits
BC 463	Molecular Genetics	3
BSPM 450	Molecular Plant-Microbe Interaction	3
BSPM 451		3
BZ 346	Population and Evolutionary Genetics	3
BZ 441	Plant Physiology Laboratory	2
BZ 476/BZ 576	Genetics of Model Organisms	3
FSHN 125	Food and Nutrition in Health	2
FSHN 150	Survey of Human Nutrition	3
HORT 401	Medicinal and Value-Added Uses of Plants	3
HORT 424/SOCR 424	Topics in Organic Agriculture	3

HORT 451	Vegetable Crop Management	3
MIP 300	General Microbiology	3
MIP 450	Microbial Genetics	3
SOCR 200	Seed Anatomy and Identification	1
SOCR 201	Seed Development and Metabolism	1
SOCR 300	Seed Purity Analysis	2
SOCR 301	Seed Germination and Viability	2
SOCR 410	Seed Processes: Storage and Deterioration	1
SOCR 412	Seed Processes: Separation and Conditioning	1

¹ Select from department list of Agricultural and Resource Economics Electives.

Major in Soil and Crop Sciences, Plant Biotechnology Concentration

Crop improvement, whether through breeding or genetic engineering, is one of the most important drivers of agricultural innovation. Students with a major in Soil and Crop Sciences in the Plant Biotechnology Concentration gain a firm foundation in fundamental principles of genetics and crop breeding and explore new and rapidly evolving

technologies that enable us to develop crop varieties that are more nutritious, resilient to climate change, and disease resistant.

Career opportunities are available in both the public and private sectors, including basic research, plant breeding, product development, and sales.

MATH 124	Logarithmic and Exponential Functions (GT-MA1)			1B	1
SOCR 193	Pathways to Success	X			1
AUCC 1B (Quantitative Reasoning) must be completed by the end of Semester 2.		X			
Total Credits					17

Sophomore

Semester 3		Critical	Recommended	AUCC	Credits
CHEM 245	Fundamentals of Organic Chemistry	X			4
CHEM 246	Fundamentals of Organic Chemistry Laboratory	X			1
MATH 125	Numerical Trigonometry (GT-MA1)			1B	1
SOCR 171/ HORT 171	Environmental Issues in Agriculture (GT-SS3)	X		1C	3
SOCR 221	Cropping Systems Field Experience	X			1
SOCR 240	Introductory Soil Science	X			4
Arts and Humanities			X	3B	3
LIFE 102 must be completed by the end of Semester 3.		X			
Total Credits					17

Semester 4		Critical	Recommended	AUCC	Credits
AREC 202	Agricultural and Resource Economics (GT-SS1)	X		3C	3
SOCR 210	Microbiome Roles in a Sustainable Earth (GT-SC2)	X		3A	3
Select one course from the following:		X			3
AGRI 116/ IE 116	Plants and Civilizations (GT-SS3)			1C	
AGRI 270/ IE 270	World Interdependence-Population and Food (GT-SS3)			1C	
Select one course from the following:		X			2-3
FSHN 125	Food and Nutrition in Health				
FSHN 150	Survey of Human Nutrition				
Advanced Writing			X	2	3
CHEM 245 must be completed by the end of Semester 4.		X			
Total Credits					14-15

Junior					
Semester 5		Critical	Recommended	AUCC	Credits
BC 351	Principles of Biochemistry	X			4
Select two groups from the following:		X			6-7
Group A:					
BSPM 302	Applied and General Entomology				
BSPM 303A or 303B	Entomology Laboratory: General Entomology Laboratory: Horticultural				
Group B:					
BSPM 308	Ecology and Management of Weeds				
Group C:					
BSPM 361	Elements of Plant Pathology				
Upper-Division Elective			X		3
Total Credits					13-14
Semester 6		Critical	Recommended	AUCC	Credits
AGED 210	History of Agriculture in the United States			3D	3
BZ 310	Cell Biology	X			4
SOCR 330	Principles of Genetics	X			3
Select one course from the following:		X			3-4
BSPM 450	Molecular Plant-Microbe Interaction				
BZ 331	Developmental Plant Anatomy				
ESS 405/ SOCR 405	Global Agriculture and Environmental Change				
HORT 476	Environmental Plant Stress Physiology				
Select one course from the following:		X			3
STAT 301	Introduction to Applied Statistical Methods				
STAT 307	Introduction to Biostatistics				
SOCR 330 must be completed by the end of Semester 6.		X			
Total Credits					16-17
Senior					
Semester 7		Critical	Recommended	AUCC	Credits
SOCR 335	Applied Plant Genetics	X			3

Major in Soil and Crop Sciences, Soil Science and Environmental Solutions Concentration

Soils feed the world, provide clean water, and represent one of the most important scalable solutions to climate change. Soils are also the most biodiverse habitats on earth, containing a vast array of microbes and a multi-level food web. Soil scientists are on the front-lines of fighting climate change, developing resilient food production systems, and reversing environmental degradation through restoration and regeneration of soils.

The Soil and Crops Sciences major with a concentration in Soil Science and Environmental Solutions applies fundamental principles and

techniques in soil science to solving complex, real-world environmental sustainability challenges. Students learn how the interactions of plants, the microbiome, and the soil food web with the soil's physical and chemical environment support life on earth, improve water quality, and impact our climate. Our students receive hands-on interdisciplinary training from world leaders in soil-related research, so they are equipped to be change-makers, applying cutting-edge science to real-world challenges.

Exciting careers await our graduates in rapidly emerging fields including sustainability, AgriTech, consulting in institutions ranging from academia, startups, industry, government, and non-profits.

Major in Soil and Crop Sciences, Sustainable Agricultural Management Concentration

The sustainability of people and our planet relies on continued innovation in the way we grow food. Farming faces numerous complex challenges, as we need to feed a growing population, enhance the efficiency of agriculture, while addressing issues of soil degradation and pollution.

With a major in Soil and Crop Sciences in the Sustainable Agricultural Management Concentration, students gain a solid foundation

of agronomic principles and practices to achieve economic and environmental sustainability while helping design and development the agroecosystems of tomorrow. Students build practical knowledge of farming systems and utilize advanced technologies to drive decision-making in cropping system management, while maintaining or improving soil health.

Minor in Agroecosystems

Education in this minor emphasizes the principles of ecology in agronomic systems and the basic sciences upon which these principles are grounded. A minor in agroecosystems can complement several majors, and will enhance career opportunities related to soil, crop, and irrigation resource management and sustainable agriculture.

Learning Objectives

Upon successful completion, students will be able to:

1. Analyze agroecosystem challenges using quantitative approaches and state-of-the-art technologies.
2. Collaboratively apply agroecosystem science to real-world problems.

Requirements

Effective Spring 2023

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
BSPM 201	Weed Management and Control	3
SOCR 100	General Crops	4
SOCR 210	Microbiome Roles in a Sustainable Earth (GT-SC2)	3

SOCR 320	Sustainable Forage Management for Livestock	3
SOCR 350	Soil Fertility Management	3
SOCR 370	Climate-Smart Irrigation Principles	2
SOCR 421	Agroecosystem Management	4
Program Total Credits:		27

Minor in Soil Ecosystems Science and Conservation

The minor in Soil Ecosystems Science and Conservation is designed to equip students with a functional understanding of soil ecosystems and their critical role in environmental sustainability. The purpose of this minor is to combine the fundamental sub-disciplines of soil science to provide non-majors the essential elements of soil science.

Learning Objectives

Students will:

1. Evaluate the physical, chemical, and biological properties of soils, as well as the complex interactions and processes that occur within soil ecosystems.
2. Apply the methods for assessing soil health, including soil sampling techniques, laboratory analysis, and interpretation of soil data to identify factors affecting soil productivity.
3. Apply strategies for conserving and managing soil ecosystems to ensure their long-term sustainability.
4. Examine the role of soil ecosystems in sustainable agricultural practices that promote sustainable food production while minimizing environmental impacts.

- Describe the role of soil science in land-use planning and decision-making processes.
- Apply an interdisciplinary perspective by integrating knowledge and addressing real-world challenges related to soil ecosystems and conservation.

Requirements Effective Fall 2024

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Program Total Credits:		21-25

Minor in Soil Resources and Conservation

Interested in conserving and restoring soil resources? The minor in Soil Resources and Conservation provides students the opportunity to complement their major by gaining the knowledge and tools to help conserve this most precious resource. Soil erosion and degradation are one of the most serious environmental challenges. At the same time, opportunities to reverse degradation and restore soils while sequestering carbon have never been greater.

Requirements Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits

Group B:		
SOCR 470	Soil Physics	
SOCR 471	Soil Physics Laboratory	
Program Total Credits:		32-33

Minor in Soil Science

Soils are the most amazing habitats for life on earth. In each handful of soil, there are thousands of different types of microbes and a whole soil food web. These organisms interact within the soil to decompose plant materials and cycle nutrients that are critical to life. Humans depend on soils for food production, clear water, and as the foundation for our living world. In recent years, new technologies have opened up this exciting frontier of science.

The purpose of the minor in Soil Science is to combine the fundamental sub-disciplines of soil science to provide non-majors the essential elements of soil science.

Requirements Effective Fall 2014

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Certificate in Seed Science and Technology

The Seed Science and Technology certificate offers a comprehensive overview of seed analysis and a scientific understanding of seed biology.

Learning Objectives

Students will:

1. Identify plant species by seed structure and anatomy.
2. Demonstrate seed purity, germination, and viability testing procedures.
3. Analyze seed storage and seed deterioration processes.
4. Apply knowledge obtained in program to take the AOSA or SCST exams for their Certified Seed Analyst or Registered Seed Technologist credential.

Requirements Effective Spring 2020

Additional coursework may be required due to prerequisites.

College of Business

Office in Rockwell Hall, North Lobby
(970) 491-6471
biz.colostate.edu (<http://biz.colostate.edu>)

Professor Beth Walker, Dean
Professor Ken Manning, Senior Associate Dean

Professor Travis Maynard, Senior Associate Dean
Patrice Palmer, Assistant Dean

Undergraduate Programs

The College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB). The undergraduate programs of study provide functional business education in Accounting, Finance, Financial Planning, Information Systems, International Business, Marketing, Organization and Innovation Management, Human Resource Management, Supply Chain Management, Sustainable Business, and Real Estate. The skills acquired help prepare students for entry-level positions in a wide range of both private and public enterprises and provide a solid foundation for further academic study. The program follows a philosophy of linking theory with practical application.

Undergraduate Majors

Major in Business Administration

- Accounting Concentration
- Finance Concentration
- Financial Planning Concentration
- Human Resource Management Concentration
- Information Systems Concentration
- International Business Concentration (second concentration)
- Management and Innovation Concentration
- Marketing Concentration
- Real Estate Concentration
- Supply Chain Management Concentration
- Sustainable Business Concentration

Undergraduate Minors

- Business Administration
- Entrepreneurship and Innovation
- Music Business
- Real Estate

Undergraduate Certificates

- Applied Management Accounting for Decision Making
- Business Analytics
- Business App Development
- Business Cybersecurity
- Business-To-Business-Selling
- Customer Experience Management
- Entrepreneurship
- Financial Accounting and Reporting
- Information Technology for Business Professionals
- International Business
- Leadership in Organizations
- Managing Human Resources
- Market Research and Data Analytics
- Marketing Communication and Branding
- Music Business
- Operations, Logistics and Supply Management
- Strategic Marketing

Education Abroad

Education abroad programs are available to students in the College of Business. Because the knowledge of other cultures is valuable in understanding our own, students are strongly encouraged to take a semester, summer, spring break, or winter break to study, intern, research, or participate in a business and cultural engagement program outside the United States as part of their overall program at CSU. Students interested in education abroad should plan far in advance by discussing opportunities with their academic advisor and by visiting the Office of International Programs (<http://international.colostate.edu>) in Laurel Hall.

Graduate Programs

The College of Business is accredited by the AACSB, the Association to Advance Collegiate Schools of Business. Graduate Programs offer a Master of Business Administration (MBA) degree and one MBA specialization: Master of Business Administration, Impact Specialization.

The college offers three platforms (<https://biz.colostate.edu/academics/graduate-programs/mba/mba-three-ways-to-learn/>) for the MBA: on-campus/evening, online, and real time/online Mosaic MBA (<https://biz.colostate.edu/academics/graduate-programs/mba/evening/mosaic/>).

Graduate Programs also offer a Master of Accountancy (M.Acc.), Master of Computer Information Systems (M.C.I.S.), and a Master of Finance (MFIN).

In addition to the degree programs, several certificates are offered by Graduate Programs and allow students to delve deeper into specific content areas.

Certificates

- Graduate Certificate in Applied Finance
- Graduate Certificate in Applied Investments
- Graduate Certificate in Business Application Development
- Graduate Certificate in Business Information Systems
- Graduate Certificate in Business Intelligence
- Graduate Certificate in Business Management

- Graduate Certificate in Corporate Finance
- Graduate Certificate in Cybersecurity
- Graduate Certificate in Entrepreneurship and Innovation
- Graduate Certificate in Global Supply Chain Management
- Graduate Certificate in IT Project Management
- Graduate Certificate in Marketing Management
- Graduate Certificate in Organizational Leadership
- Graduate Certificate in Sustainable Business

College-Wide Master's Programs

- Master of Business Administration
- Master of Business Administration, Impact Specialization, Plan C
- Dual Degree Program: Master of Business Administration, Impact Specialization Combined with Master of Finance

Department-Based Master's Programs

- Master of Accountancy, Plan C (M.Acc.)
- Master of Accountancy, Plan C, Data Analytics and Systems Specialization
- Master of Accountancy, Plan C, Financial Analysis, Auditing and Reporting Specialization
- Master of Accountancy, Plan C, Taxation Specialization
- Master of Computer Information Systems (M.C.I.S.)
- Master of Finance (M.Fin.)

Students interested in business should refer to the College of Business (<http://biz.colostate.edu>).

For a complete list of departmental offerings (including certificates), see individual department catalog pages.

Department of Accounting

- Master of Accountancy, Plan C, Data Analytics and Systems Specialization
- Master of Accountancy, Plan C, Financial Analysis, Auditing, and Reporting Specialization
- Master of Accountancy, Plan C, Taxation Specialization

Courses

Accounting (ACT)

ACT 205 Fundamentals of Accounting Credits: 3 (3-0-0)

Course Description: Understanding of financial statements to support financial and managerial decision making.

Prerequisite: None.

Registration Information: For nonbusiness majors. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 210 Introduction to Financial Accounting Credits: 3 (3-0-0)

Course Description: Use of accounting information by decision makers; development of the basic accounting model, and issues concerning income and cash flows.

Prerequisite: None.

Registration Information: Sections may be offered as Mixed Face-to-Face or Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 211 Accounting Professional Skills Credit: 1 (1-0-0)

Course Description: Survey of accounting profession career options, certifications, and professional skills.

Prerequisite: ACT 210.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 220 Introduction to Managerial Accounting Credits: 3 (3-0-0)

Course Description: Use of accounting information in internal decision making.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 301 Spreadsheet Applications in Accounting Credits: 1 (1-0-0)

Course Description: Use of spreadsheet-based applications to generate, manage, modify, and analyze accounting data.

Prerequisite: ACT 210 with a minimum grade of B- and ACT 211, may be taken concurrently and ACT 220 with a minimum grade of B-.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 311 Intermediate Accounting I Credits: 3 (3-0-0)

Course Description: Preparation and analysis of financial statements under U.S. generally accepted accounting principles (GAAP); accounting for revenue and assets.

Prerequisite: (ACT 210 with a minimum grade of B-) and (ACT 211, may be taken concurrently and ACT 220 with a minimum grade of B-).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 312 Intermediate Accounting II Credits: 3 (3-0-0)

Course Description: Equity structure of corporations; analysis and interpretation of accounting data.

Prerequisite: ACT 311 and ACT 301, may be taken concurrently.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 318 Fundamentals of Sustainability Reporting Credits: 3 (3-0-0)

Course Description: Develop skills to analyze, communicate, and integrate environmental, social, and governance considerations into corporate financial reports, decision-making, and valuation. Training to understand and deliver consistent, comparable, and financially relevant corporate ESG information to shape company sustainability and business strategy.

Prerequisite: ACT 205 or ACT 210.

Restriction: Must be a: Undergraduate.

Registration Information: Credit not allowed for both ACT 318 and ACT 580A1.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 321 Cost Management Credits: 3 (3-0-0)

Course Description: Utilizing budgetary and cost accounting information for planning, controlling, and decision-making.

Prerequisite: (ACT 220) and (STAT 204, may be taken concurrently or STAT 301, may be taken concurrently).

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 330 Introduction to Taxation Credits: 3 (3-0-0)

Course Description: Introduction to U.S. taxation, with emphasis on federal income tax; impact of taxation on business decisions.

Prerequisite: ACT 220.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 350 Accounting Information Systems Credits: 3 (3-0-0)

Course Description: Design, administration and control of accounting information systems; use of accounting systems software.

Prerequisite: ACT 220 and ACT 321.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 411 Advanced Accounting Credits: 3 (3-0-0)

Course Description: Accounting for branches and subsidiaries, partnerships, and business combinations. Accounting for multi-national business transactions.

Prerequisite: ACT 312.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 441 Auditing Practices Credits: 3 (3-0-0)

Course Description: Environment, professional standards, and practices involved in auditing financial statements and performance of other assurance services.

Prerequisite: ACT 312 and ACT 350, may be taken concurrently.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 487 Internship Credits: Var[1-6] (0-0-0)

Course Description: Supervised work experience in public, industry, not-for-profit, or governmental accounting.

Prerequisite: ACT 311 and ACT 312 or ACT 311 and ACT 321 or ACT 311 and ACT 330 or ACT 311 and ACT 350 or ACT 312 and ACT 321 or ACT 312 and ACT 330 or ACT 312 and ACT 350 or ACT 321 and ACT 330 or ACT 321 and ACT 350 or ACT 330 and ACT 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ACT 495 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 496 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 498 Research Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Special Course Fee: No.

ACT 537 Advanced Taxation of Business Entities Credits: 3 (3-0-0)

Course Description: Federal income tax principles and problems pertaining to corporations and flow-through entities.

Prerequisite: ACT 330.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 540 Professional Ethics and Responsibilities Credits: 3 (3-0-0)

Course Description: Ethical practice of professional accounting.

Prerequisite: ACT 311.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 541 Forensic Accounting and Fraud Auditing Credits: 3 (3-0-0)

Course Description: Professional practices for addressing the related areas of forensic accounting and fraud.

Prerequisite: ACT 441, may be taken concurrently.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 550 Accounting Information Technologies Credits: 3 (3-0-0)

Course Description: Best practices for information technologies used in accounting systems worldwide.

Prerequisite: ACT 350.

Registration Information: Sections may be offered: Online. Consent of instructor can substitute for ACT 350 for a student with substantial and relevant work experience.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 561 Legal and Regulatory Issues in Accounting Credits: 3 (3-0-0)

Course Description: Contracts, ownership, bankruptcy (debtor/creditor relationship), formation of business entities, regulation of accounting profession.

Prerequisite: BUS 205 or BUS 260.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 570 Government and Nonprofit Credits: 3 (3-0-0)

Course Description: Theory and practical application of accounting principles and auditing standards to governmental entities and not-for-profit organizations.

Prerequisite: ACT 441, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 575 Oil and Gas Accounting Credits: 3 (3-0-0)

Course Description: Specialized financial accounting procedures related to the oil and gas industry.

Prerequisite: ACT 311.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 601A Professional Practice: Taxation Credits: 3 (3-0-0)

Course Description: Management of professional tax practice; professional ethics and regulation; research techniques.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online, and in 8 week format. Credit not allowed for both ACT 601A and ACT 602.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 601B Professional Practice: Accounting Credits: 3 (3-0-0)

Course Description: Management of professional accounting practice; professional ethics and regulation; and research techniques.

Prerequisite: ACT 441.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online, in 8 week format. Credit not allowed for both ACT 601B and ACT 602.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 602 Accounting Research and Communication Credits: 3 (3-0-0)

Course Description: Management of professional accounting and tax practice; professional ethics and regulation; and auditing and tax research techniques.

Prerequisite: ACT 330 and ACT 441.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both ACT 601A and ACT 602. Credit not allowed for both ACT 601B and ACT 602.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 605 Accounting for Sustainable Enterprises Credits: 3 (3-0-0)

Course Description: A survey of financial, managerial, and sustainability accounting systems and reports.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Not available to Master of Accountancy students.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 610 Accounting Analytics Credits: 3 (3-0-0)

Course Description: An examination of the tools and techniques that are necessary to complete professional accounting data analytics solutions.

Prerequisite: ACT 441.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 612 Issues in Financial Reporting and Auditing Credits: 3 (3-0-0)

Course Description: Contemporary and emerging issues at the intersection of financial reporting and auditing.

Prerequisite: ACT 312.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 614 Financial Statement Analysis and Valuation Credits: 3 (3-0-0)

Course Description: Tools and techniques of financial statement analysis and application to equity valuation.

Prerequisite: ACT 312.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 631 Corporate Taxation Credits: 3 (3-0-0)

Course Description: Federal income tax principles pertaining to formation and operation of corporate entities.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 633 Flow-Through Entities Credits: 3 (3-0-0)

Course Description: Federal income tax principles and problems pertaining to flow-through entities.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 635 State and Local Taxation Credits: 3 (3-0-0)

Course Description: Tax planning and compliance issues for entities doing business in multi-jurisdictional locales.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 636 Taxation of Corporations and Shareholders Credits: 3 (3-0-0)

Course Description: Federal income tax principles and problems relating to reorganization, consolidation, and termination of corporations.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 639 Special Topics in Taxation Credits: 3 (3-0-0)

Course Description: Taxation of not-for-profit entities; international tax issues; other contemporary topics.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 641 Information Systems Audit and Control Credits: 3 (3-0-0)

Course Description: Exploration of organizations' information systems, and the considerations involved in controlling and auditing these systems. Topics range from the general, such as organizational governance, to the very technical, for example, data encryption. Addresses material found on the CPA exam and the Certified Information Systems Auditor (CISA) exam.

Prerequisite: ACT 350 and ACT 441.

Restriction: Must be a: Graduate, Professional.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 695 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ACT 696 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Major in Business Administration, Accounting Concentration

This program is designed to give students an understanding of the theory and practice of the major fields of accounting: financial accounting and reporting, managerial accounting, taxation, accounting information systems, and auditing. Accounting is an ever-evolving field with growing importance in most businesses and not-for-profit organizations. Today's accountants are important members of their organizations, using their business expertise, communication, interpersonal skills, and accounting knowledge to improve organizational decision making. Accountants play a key role in the continued growth of a prosperous society.

Accountants must be able to explain and analyze business data, excel in communications, teamwork, leadership, and possess technical and computer-based skills. The accountant in an increasingly global society is rapidly becoming both an information specialist as well as a business advisor. Accountants also act as the moral and ethical compass for business practices.

The undergraduate accounting curriculum at CSU satisfies current educational requirements to sit for the Certified Public Accountant (CPA) exam in the state of Colorado. Additional coursework is required to become a Certified Public Accountant (CPA) in the state of Colorado. (Requirements to become a CPA are unique to each state and students should be aware of requirements of the state in which they intend to practice.)

The accounting curriculum is designed to meet the needs of those who seek professional education and training to practice as public, private, not-for-profit and governmental accountants, or those who expect to work in business managerial positions requiring an understanding of fundamental accounting concepts and principles. The curriculum offers considerable flexibility in designing a program of study that will meet a variety of career interests. In addition to the All-University Core Curriculum and the College of Business Core Curriculum, students are particularly encouraged to take additional course work in both finance and computer information systems.

Learning Objectives

Students will demonstrate:

- 1. Knowledge of the fundamental concepts of financial accounting and reporting;
- 2. Knowledge of the fundamental concepts of managerial accounting and decision making;

- 3. Knowledge of taxation (federal, state) and its application to business decisions;
- 4. Knowledge of business organization, processes, and understanding of accounting-based systems integration issues;
- 5. Knowledge of the principles of auditing and attestation; and
- 6. Knowledge of business ethics and principles of social responsibility.

Accelerated Program

The Accounting concentration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Potential Occupations

Some examples include, but are not limited to: accountant or auditor of publicly or privately held companies, government agencies, or not-for-profit organizations; consultant in firms providing professional advisory services; public, private, or personal tax specialist; financial analyst; forensics accountant; internal auditor; information technology auditor.

Requirements
Effective Fall 2024

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Freshman

		AUCC	Credits
BUS 100 or 105	Introduction to Business Exploration of Business		1
Select one course from the following: ¹			1-3
BUS 201	Foundations of Sustainable Enterprise		
BUS 225	Fostering Sustainable Organizations (GT-AH3)	3B	
BUS 220	Ethics in Contemporary Organizations (GT-AH3)	3B	3
CO 150	College Composition (GT-CO2)	1A	3
ECON 202	Principles of Microeconomics (GT-SS1)	3C	3
Complete 3 credits from the following:			3
MATH 117	College Algebra in Context I (GT-MA1)	1B	
MATH 118	College Algebra in Context II (GT-MA1)	1B	
MATH 120	College Algebra (GT-MA1)	1B	
MATH 124	Logarithmic and Exponential Functions (GT-MA1)	1B	
MATH 125	Numerical Trigonometry (GT-MA1)	1B	
MATH 126	Analytic Trigonometry (GT-MA1)	1B	
MATH 127	Precalculus (GT-MA1)	1B	
MATH 141 (or higher level calculus course)	Calculus in Management Sciences (GT-MA1)	1B	
Biological and Physical Sciences		3A	4
Diversity, Equity, and Inclusion		1C	3

Electives			7-9
Total Credits			30
Sophomore			
ACT 210	Introduction to Financial Accounting		3
ACT 211	Accounting Professional Skills		1
ACT 220	Introduction to Managerial Accounting		3
BUS 260	Social-Ethical-Regulatory Issues in Business		3
CIS 200	Business Information Systems		3
ECON 204	Principles of Macroeconomics (GT-SS1)	3C	3

MGT 320	Contemporary Management Principles/Practices		3
Arts and Humanities		3B	3
Electives ⁴			9
Total Credits			30
Program Total Credits:			120

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

² BUS 300 is not offered online at CSU. Students may consult with their advisor regarding acceptable equivalent courses available online through the Colorado Community College System (including Arapahoe Community College). Students who have completed two Written Composition GT Pathways courses (GT-CO1 and GT-CO2) or (GT-CO2 and GT-CO3) will have satisfied the AUCC category 1A and category 2 requirements.

³ Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the AUCC category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy AUCC categories 4A and 4B.

⁴ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be Upper-Division (300- or 400-level).

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core

course (Business and non-Business subject codes) except when a course only allows S/U grading.

Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest)

must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Accounting Concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

POLS 462	Globalization, Sustainability, and Justice	3

SOC 364	Food, Agriculture and Global Society	3
SPCM 434	Intercultural Communication	3

Immersion: International Business Group 3 – Experiential Learning Requirement (6 credits)

Code	Title	Credits
Select at least one from the following:		6
	Education Abroad experience	
	Internship with global focus	
	L*** language course	

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

¹ **BUS 220 and BUS 225** will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

Second Concentration Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of

Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in

ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Accounting concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

Certificate in Applied Management Accounting for Decision Making

The Certificate in Applied Management Accounting for Decision Making will provide students with accounting tools to make managerial decisions in a business setting. This certificate recognizes that such decisions require knowledge of budgetary and cost accounting information and accounting information systems, as well as discipline-specific knowledge.

Learning Objectives

Upon successful completion, students will be able to:

1. Define, describe, and differentiate cost systems and their objectives.
2. Interpret cost management concepts including: direct and indirect costs; cost drivers; cost behavior; cost flow through accounts, income statements, cost of goods manufactured, and sold statements.
3. Prepare a detailed description of activity-based costing.

- Describe the basic characteristics and cost flows of a job-order system and process systems, and differentiate between the two systems.
- Differentiate between support departments and producing departments, and allocate support department costs to producing departments.
- Evaluate direct and indirect (overhead) costs and compute variances.
- Determine the product cost by means of full-costing and direct-costing methods.
- Distinguish relevant from irrelevant information.
- Identify and address impediments to achieving business objectives.
- Describe how the accounting information system and controls are central to ensuring that organizations achieve their objectives.
- Analyze key business processes to help ensure that organizations can achieve their objectives.

Requirements Effective Fall 2018

Additional coursework may be required due to prerequisites.

Code	Title	Credits
ACT 321	Cost Management	3
ACT 350	Accounting Information Systems	3
Select one course from the following:		3
CIS 320	Project Management for Information Systems	
MGT 375	Advanced Supply Management	
MGT 377	Advanced Logistics	
Program Total Credits:		9

Certificate in Financial Accounting and Reporting

The Certificate in Financial Accounting and Reporting will increase the financial accounting related competence of College of Business students not in the accounting concentration. This certificate focuses on the preparation and analysis of financial statements under U.S. Generally Accepted Accounting Principles (GAAP).

Learning Objectives

Successful students will be able to:

- Demonstrate how economic events are reflected in the balance sheet, income statement, and the statement of cash flows.
- Discuss and apply the theory underlying generally accepted accounting principles (GAAP).
- Identify and employ the criteria for the valuation, measurement, and disclosure of accounting transactions in accordance with GAAP and reporting alternatives that may exist.
- Engage in high-level financial statement analysis.
- Develop research and writing skills for a professional career in accounting.
- Use Excel to solve accounting problems.
- Discuss the role of ethics in financial reporting accounting.

Requirements Effective Fall 2021

Additional coursework may be required due to prerequisites.

Code	Title	Credits

ACT 311	Intermediate Accounting I	3
ACT 312	Intermediate Accounting II	3
ACT 411	Advanced Accounting	3
Program Total Credits:		9

Master of Accountancy, Plan C (M.Acc.)

CSU's Master of Accountancy is a 30-credit program offered on campus that provides a wealth of practical, job-related knowledge that prepares students for a successful career. Further, our students are provided the in-depth topical coverage needed to successfully sit for the national Uniform CPA Examination.

Our curriculum reflects the breadth of services performed by CPAs. Students learn the skills needed to obtain accounting and management positions in a wide range of business services, including public accounting, auditing, financial and tax planning, and consulting on information systems.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Successful students will demonstrate the ability to:

- Develop the necessary research skills to investigate complex accounting issues.
- Apply analytical and conceptual problem-solving skills to the field of corporate taxation.
- Describe the role of information systems and technology in accounting.
- Communicate complex accounting issues orally and in writing.

5. Recognize ethical and legal issues in a variety of accounting situations.

Requirements Effective Fall 2024

Code	Title	Credits
Required Core: 18 credits		
ACT 540	Professional Ethics and Responsibilities	3
ACT 541	Forensic Accounting and Fraud Auditing	3
ACT 561	Legal and Regulatory Issues in Accounting	3
ACT 602	Accounting Research and Communication	3

Program Total Credits:		30

A minimum of 30 credits are required to complete this program.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration

5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Accountancy, Plan C, Data Analytics and Systems Specialization

CSU's Master of Accountancy is a 30-credit program offered on campus that provides a wealth of practical, job-related knowledge that prepares students for a successful career. Further, our students are provided the

in-depth topical coverage needed to successfully sit for the national Uniform CPA Examination.

Our curriculum reflects the breadth of services performed by CPAs. The Data Analytics and Systems Specialization provides advanced coursework in auditing of accounting systems with a focus on preparation for practice of public accounting, particularly in systems auditing. Coursework emphasizes systems auditing, data analytic techniques, and computer information systems.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Successful students will demonstrate the ability to:

- 1. Develop the necessary research skills to investigate complex accounting issues.
- 2. Apply analytical and conceptual problem-solving skills to the field of corporate taxation.
- 3. Describe the role of information systems and technology in accounting.
- 4. Communicate complex accounting issues orally and in writing.
- 5. Recognize ethical and legal issues in a variety of accounting situations.

CSU's Master of Accountancy is a 30-credit program offered on campus that provides a wealth of practical, job-related knowledge that prepares students for a successful career. Further, our students are provided the in-depth topical coverage needed to successfully sit for the national Uniform CPA Examination.

Our curriculum reflects the breadth of services performed by CPAs. The Taxation Specialization provides advanced coursework in taxation, with a focus on preparation for professional tax practice. In particular, in-depth coverage of topics relevant for a career in tax compliance, planning, and consulting, as well as corporate tax.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Successful students will demonstrate the ability to:

1. Develop the necessary research skills to investigate complex accounting issues.
2. Apply analytical and conceptual problem-solving skills to the field of corporate taxation.
3. Describe the role of information systems and technology in accounting.
4. Communicate complex accounting issues orally and in writing.
5. Recognize ethical and legal issues in a variety of accounting situations.

Requirements Effective Fall 2024

Code	Title	Credits
Required Core: 18 credits		
ACT 540	Professional Ethics and Responsibilities	3
ACT 541	Forensic Accounting and Fraud Auditing	3
ACT 561	Legal and Regulatory Issues in Accounting	3
ACT 602	Accounting Research and Communication	3
ACT 610	Accounting Analytics	3
ACT 631	Corporate Taxation	3
Other Required Courses: 12 credits		
ACT 537	Advanced Taxation of Business Entities	3
ACT 635	State and Local Taxation	3
ACT 639	Special Topics in Taxation	3
Select 3 credits from the following:		3
ACT 570	Government and Nonprofit	
ACT 612	Issues in Financial Reporting and Auditing	
ACT 614	Financial Statement Analysis and Valuation	
CIS 563	Information Assurance and Security	
CIS 570	Business Intelligence	
CIS 575	Applied Data Mining and Analytics in Business	
CIS 576	Business Data Visualization	
CIS 600A	Project Management: Information Technology	
CIS 601/MGT 601	Enterprise Computing and Systems Integration	

Program Total Credits: 30

A minimum of 30 credits are required to complete this program.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/ Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/ dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Business Administration Undergraduate Major

- Major in Business Administration

Minor

- Minor in Business Administration

Graduate Master's Programs in Business Administration

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the department website (<https://biz.colostate.edu/academics/graduate-programs/>).

- Master of Business Administration
- Master of Business Administration, Impact Specialization, Plan C
- Master of Business Administration, Marketing Data Analytics Specialization (*No new students are being admitted to this program*)
- Dual Degree Program: Master of Business Administration, Impact Specialization Combined with Master of Finance

Major in Business Administration

The College of Business prepares students with the knowledge and skills needed to become effective leaders and decision makers in today's dynamic business environment.

The four-year curriculum leads to a Bachelor of Science degree with a major in Business Administration. The program focuses on global orientation, technology, ethics, business processes, sustainability, and corporate social responsibility.

Lower-division work provides a cultural and analytical foundation. Upper-division work provides specialized work in business disciplines to prepare students to enter their chosen fields in the business world. At the same time, the program develops the attitudes and analytical abilities required for future professional advancement.

The College of Business has a strong reputation among regional, national, and international employers. As a whole, graduates from the College of Business are well-prepared to enter challenging positions. The program centers on an approach which emphasizes: knowledge of concepts, processes, and institutions; understanding of the financial, economic, legal, ethical, social, and organizational influences; information systems;

and interpersonal communications. The senior capstone course offers an opportunity for students to apply these skills in an active and engaging learning environment.

All undergraduate business majors must complete the All-University Core Curriculum (AUCC) as part of their graduation requirement. Coordinated with this general education, all business students take business core subjects plus a concentration with its specified course sequence. Fifty percent of the total credits required for the business core and concentration must be completed at CSU.

Each student selects one of the following concentrations: Accounting, Finance, Financial Planning, Human Resource Management, Information Systems, Marketing, Management and Innovation, Real Estate, or Supply Chain Management.

Students have the opportunity to select a second Business Administration concentration in International Business to be taken in conjunction with their first concentration.

Admission

Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions (<http://admissions.colostate.edu/>).

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, and has at least a 3.200 GPA. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Exploratory Studies: Business Interest." To be eligible for transfer admission to the College, CSU students (including Exploratory Studies: Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at CSU, a grade of B- or higher in ECON 202, and three equivalent course credits from the following list with grades of C- or higher in each course completed: MATH 117, MATH 118, MATH 120, MATH 124, MATH 125, MATH 126, MATH 127, MATH 141 or a higher-level calculus course.

External transfer students who have completed a minimum of 15 graded credits with ECON 202 with a grade of B- or higher, and three equivalent course credits from the following list with grades of C- or higher in each course completed: MATH 117, MATH 118, MATH 120, MATH 124, MATH 125, MATH 126, MATH 127, MATH 141 or a higher-level calculus course, and a 3.000 cumulative GPA will be admitted directly to the College.

External transfer students who do not meet the above criteria will be admitted as Exploratory Studies: Business Interest, and must complete the requirements stated above.

The College of Business participates in a statewide transfer articulation agreement for the bachelor's degree in Business Administration. That agreement is available online (<https://registrar.colostate.edu/transfer-agreements-guarantees/>) with the Registrar's Office.

Learning Objectives

Students will demonstrate:

1. The ability to speak the language of business by constructing and analyzing financial and operating reports and using this information to make various business and capital allocation decisions.
2. An appreciation of the impact of the marketing environment on developing and sustaining a coherent marketing strategy that addresses the needs and wants of a selected target market.
3. An understanding of leadership principles, effective communication, and ways to collaborate within and across organizations.
4. An understanding of risk and the time value of money, how to use and value different types of securities, and how to make sound financial management decisions.
5. An understanding of the all-encompassing role information technology plays in all aspects of a business and the ability to collect, store, analyze, and professionally disseminate data using business technology tools to solve problems and make decisions.
6. The ability to identify and analyze various ethical dilemmas that occur in organizations, apply sound moral reasoning to address these situations, and defend recommended courses of action.
7. An understanding of the dynamics of the global business environment and, when appropriate, the application of elements of a global perspective in making business decisions.
8. An understanding of the environmental, social, and economic dimensions of sustainability and how to measure, report, and manage sustainability in organizations.

Accelerated Program

The major in Business Administration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students in the Accounting, Finance, Financial Planning, Information Systems, Marketing, Management and Innovation, and Real Estate concentrations to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Course Requirements

The first two years of study include completion of the All-University Core Curriculum (AUCC) and the lower-division business core courses. Some lower-division specialized course work is required in the Information Systems concentration. Students must have junior or senior status and be admitted into the College of Business in order to take specialized course work in the business concentrations.

Concentrations

- Accounting
- Finance
- Financial Planning
- Human Resource Management
- Information Systems
- International Business (*second concentration*)
- Management and Innovation Concentration
- Marketing

- Organization and Innovation Management (*No new students are being admitted into this concentration. Interested students should see the Management and Innovation Concentration*).
- Real Estate
- Supply Chain Management

Requirements Concentrations

- Accounting
- Finance
- Financial Planning
- Human Resource Management
- Information Systems
- International Business (second concentration)
- Management and Innovation
- Marketing
- Real Estate
- Supply Chain Management

supplementary courses are selected to meet the total minimum of 120 credits required for the Bachelor of Science degree.

All freshman and sophomore required courses must be completed prior to or concurrent with first enrollment in required junior and senior courses. By the beginning of the junior year, students must select one of the above concentrations approved for the major in Business Administration.

Additional requirements which all business majors must complete are:

1. one of the approved concentrations;
2. All-University Core Curriculum (AUCC) requirements;
3. Business majors must not utilize the satisfactory/unsatisfactory (S/U) grading option in any Business concentration course or and Business core course (BUS and non-BUS subject codes) except when a course allows S/U grading.

Effective Fall 2024

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Core Curriculum

The following core curriculum sets the minimum course requirements for all business majors. With recommendations of the student's advisor,

Code	Title	AUCC	Credits
LOWER DIVISION BUSINESS CORE COURSES			
ACT 210	Introduction to Financial Accounting		3
ACT 220	Introduction to Managerial Accounting		3
BUS 100 or BUS 105	Introduction to Business Exploration of Business		1
Select one course from the following:			1-3
BUS 201	Foundations of Sustainable Enterprise		
BUS 225	Fostering Sustainable Organizations (GT-AH3)	3B	
BUS 220	Ethics in Contemporary Organizations (GT-AH3)	3B	3
BUS 260	Social-Ethical-Regulatory Issues in Business		3
CIS 200	Business Information Systems		3
CO 150	College Composition (GT-CO2)	1A	3
ECON 202	Principles of Microeconomics (GT-SS1)	3C	3
ECON 204	Principles of Macroeconomics (GT-SS1)	3C	3
Complete 3 credits from the following:			3
MATH 117	College Algebra in Context I (GT-MA1)	1B	
MATH 118	College Algebra in Context II (GT-MA1)	1B	
MATH 120	College Algebra (GT-MA1)	1B	
MATH 124	Logarithmic and Exponential Functions (GT-MA1)	1B	
MATH 125	Numerical Trigonometry (GT-MA1)	1B	

MATH 126	Analytic Trigonometry (GT-MA1)	1B	
MATH 127	Precalculus (GT-MA1)	1B	
MATH 141	Calculus in Management Sciences (GT-MA1) (or higher level calculus course)	1B	
STAT 204	Statistics With Business Applications (GT-MA1)	1B	3
UPPER DIVISION BUSINESS CORE COURSES			
BUS 300	Business Writing and Communication (GT-CO3)	2	3
BUS 479	Strategic Management	4A,4C	3
CIS 370	Business Analytics		3
FIN 300	Principles of Finance ²	4A,4B	3
MGT 301	Supply Chain Management		3
MGT 320	Contemporary Management Principles/Practices		3
MKT 300	Marketing ²	4B	3
Core Total Credits			50

Code	Title	AUCC	Credits
ALL-UNIVERSITY CORE CURRICULUM (AUCC) NON-SPECIFIED COURSES			
Arts and Humanities		3B	3
Biological and Physical Sciences		3A	7
Diversity, Equity, and Inclusion		1C	3
Historical Perspectives		3D	3

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.

Major in Business Administration, International Business Concentration (second concentration)

Business is increasingly global in nature and the number of firms with international dimensions in their business models continues to grow. The International Business (IB) concentration is designed to provide students with both the skills and perspectives to add value to firms whose activities, in full or in part, are international in nature. The International Business concentration is only offered as a second Business concentration. Students pursuing IB must also complete one of our disciplinary concentrations.

Course work will allow students to explore business activities that occur between people and organizations around the world. A significant component of the program is the link between multiple world cultures and the business practices that have developed both within and around them. As a second concentration, students will gain functional expertise in a traditional Business discipline with their first concentration and

then develop skill sets that will help them to apply this expertise in an international context. The combination of both a disciplinary and international skill set helps ensure that students have the functional depth, as well as global mindset, for meaningful careers with firms whose activities extend beyond national borders. A unique dimension of the IB concentration is the inclusion of a 6-credit experiential learning component that can be satisfied through an education abroad experience (study abroad, international service learning, semester-at-sea), an international internship, a domestic internship with a global focus, or course work in a foreign language.

Learning Objectives

Students will demonstrate:

1. Knowledge of business activities that occur between people and organizations around the world.
2. Knowledge of leadership principles and ethical decision making skills in a global context.
3. A global mindset and the skills necessary for leadership positions in companies with global dimensions in their business models.
4. Knowledge of global competitive dynamics and how they influence industries and firms around the world.
5. The ability to diagnose global situations that are characterized by complexity and uncertainty while being bounded by legal, ethical, and cultural norms.

Concentrations

- Accounting Concentration with International Business Concentration
- Finance Concentration

- Corporate Finance Option with International Business Concentration
- Investment Analysis Option with International Business Concentration
- Real Estate Finance Option with International Business Concentration
- Financial Planning Concentration with International Business Concentration
- Human Resource Management Concentration with International Business Concentration
- Information Systems Concentration with International Business Concentration
- Marketing Concentration with International Business Concentration
- Management and Innovation Concentration with International Business Concentration
- Organization and Innovation Management Concentration with International Business Concentration (*No new students are being admitted into this concentration. Interested students should see the Management and Innovation Concentration with International Business Concentration*).
- Real Estate Concentration with International Business Concentration
- Supply Chain Management Concentration with International Business Concentration

Minor in Business Administration

businessminors@business.colostate.edu

Everyone needs a little business in their back pocket. The College of Business offers an innovative minor in Business Administration to students across campus. The minor in Business Administration is built in a modular format with two parts: a solid grounding in key foundational knowledge, and an optional component so students can strategically choose courses that combine with their primary major or career interests. Students will develop competencies to understand the language and key concepts of business, and apply them in a wide variety of careers. In addition to earning the minor, given the diversity of program options, students could also earn a certificate in Business-to-Business Selling, Entrepreneurship, or Music Business while completing the 21-credit minor requirements.

Learning Objectives

Upon successful completion, students will be able to:

1. Speak the language of business by constructing and analyzing financial and operating reports, and using this information to make various business decisions.
2. Identify and analyze various ethical dilemmas that occur in organizations, apply sound moral reasoning to address these situations, and defend recommended courses of action.
3. Perform quantitative analyses, explain the results, and use the information to make decisions.
4. Understand both the internal and external human dimensions of business activities.
5. Understand the context within which businesses operate, and how to develop and implement plans to achieve desired results.

Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students must achieve a minimum GPA of 2.000 in courses used to satisfy the minor.

Code	Title	Credits
Required Courses:		
ACT 205	Fundamentals of Accounting	3
BUS 220	Ethics in Contemporary Organizations (GT-AH3)	3
FIN 200 or FIN 305	Personal Finance and Investing (GT-MA1) Fundamentals of Finance	3
MGT 305 or MKT 305	Fundamentals of Management Fundamentals of Marketing	3
Select one group from the following:		9-10
Group A: Select 3 courses (9 credits) from the following not previously taken:		
BUS 205	Legal and Ethical Issues in Business	
BUS 405A	Contemporary Business Topics: Entrepreneurship	
BUS 405B	Contemporary Business Topics: International Business

Group D: Music Business (9 Credits) ¹	
BUS 361	Principles of Music Marketing
BUS 362	Making Money in Music
BUS 363	Concerts and Live Events

Program Total Credits: 21-22

¹ Completing this Group may satisfy a certificate – contact a Business advisor.

Certificate in International Business

The College of Business offers the Certificate in International Business to students majoring in Business Administration. This certificate will give students majoring in Business Administration an integrated understanding of the principles and practices of international business. This knowledge will help them enhance their careers in the global economy by gaining a deeper understanding of international financing, cross-cultural negotiation, international management strategies/practices, and global marketing practices.

Requirements Effective Spring 2015

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Select three courses from the following:		9
FIN 475	International Business Finance	
MGT 468	Negotiating Globally	
MGT 475	International Business Management	
MKT 365	International Marketing	
Program Total Credits:		9

Graduate Certificate in Business Management

The Graduate Certificate in Business Management provides students from any educational background a solid grounding in core business concepts that cut across multiple disciplines. The certificate helps students acquire and apply skill sets which are used to help transition into a new career, start or improve a business, or pursue graduate education. This program is compatible with our MBA degree requirements, enabling certificate recipients to easily transition into the MBA program.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will demonstrate essential business knowledge and competencies in:

1. Core concepts from business process and operations
2. Quantitative business methods and applied analytical techniques
3. Accounting and finance concepts and practices
4. Marketing concepts and practices
5. Leadership concepts and applications

Requirements Effective Fall 2019

Additional coursework may be required due to prerequisites.

Code	Title	Credits
BUS 500	Foundations for Business Impact	2
BUS 601	Quantitative Business Analysis	2
BUS 614	Accounting Concepts	2
BUS 620	Leadership and Teams	2
BUS 640	Financial Principles and Practice	2
BUS 655	Marketing Management	2
Program Total Credits:		12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Entrepreneurship and Innovation

The Graduate Certificate in Entrepreneurship and Innovation is composed of a series of courses in which students learn how to be more innovative and entrepreneurial in their thinking. In this graduate certificate, students will gain knowledge and tools to put their ideas from their own programs of study into action. The entrepreneurial mindset that can enable innovative action, as well as the knowledge and skills that support these, is valuable to graduates who want to create a new venture, work for a technology or other startup, work in a large existing firm as a corporate entrepreneur, or to simply understand how to better create value in novel ways at whatever organization they are employed.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will be able to:

1. Demonstrate competencies in innovative thinking and the ability to utilize these competencies in strategic decisions.
2. Illustrate capabilities in leading the creation of value, which is essential for organizational effectiveness.
3. Apply critical thinking and value creation skills in their current environment to support their business decision making.

Requirements Effective Fall 2024

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Choose 4 credits from the following: ¹		4
AREC 513	Idea Evaluation in Agricultural Value Chains ²	
BUS 634	Sustainable Venturing and New Energy Economy	
BUS 646	Building Value Thru Creativity and Innovation	
BUS 664	Entrepreneurship and New Venture Creation	
BUS 665	Integrative Applications for Business Impact	
Choose 5 credits from the following electives:		5
AREC 511	Opportunities in the Agricultural Value Chain	
AREC 514	Entrepreneurial Accounting and Finance	
AREC 516	Business Economics for the Entrepreneur	
AREC 518	Raising Capital in the Agricultural Sector	
AREC 520	Intellectual Property in Food and Agriculture

MECH 516	Life Cycle and Techno-Economic Assessment	
MKT 662	Strategic Selling for Business Customers	
MKT 667	Services Marketing Management	
SYSE 710	Leadership/Innovation in Systems Engineering	
Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

¹ Any additional credits taken beyond the 4 required credits may be counted towards the certificate elective credits.

² Only students enrolled in the Agribusiness and Food Innovation Management graduate program can take AREC 513.

³ Only students enrolled in the Impact MBA graduate program can take CIS 600B.

Graduate Certificate in Organizational Leadership

The Graduate Certificate in Organizational Leadership provides students the knowledge and capabilities to lead and influence individuals, teams, and organizations. Leadership capabilities are needed to both create and execute effective organizational responses to a changing environment and this certificate builds students' capability to conceptualize organizational challenges, craft strategic directions that are informed by a knowledge of people and social systems, and practice leading through applied experiences and projects.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will demonstrate the knowledge and capability to:

1. Define leadership and recognize its role in creating personal, team, and organizational change.
2. Identify broad leadership behaviors, skills, and styles and assess their likely effectiveness across situations, stakeholders, and interests.
3. Recognize the role of organizational systems and culture, and how their design supports effective change.
4. Integrate leadership best practices into their sense of self, and enact self-compatible behaviors that are effective, ethical, and capability-developing.

Requirements Effective Fall 2023

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Choose 9 credits from the following:		9
BUS 515	Career Management	
BUS 618	Crisis Leadership	
BUS 619	Ethical Leadership Symposium	
BUS 620	Leadership and Teams

BUS 623	Building and Leading Exceptional Teams	
BUS 626	Managing Human Capital	
BUS 627	Essentials of Negotiations	
BUS 662	International Business	
LEAP 500	Intro to Arts Leadership and Management	
SPMT 572	Sport Organizational Communication	
Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Sustainable Business

The Graduate Certificate in Sustainable Business is designed to equip students with the skills to drive social and sustainable business transformation in their workplaces. Businesses with authentic environmental, social, and governance (ESG) commitments are more resilient, subject to reduced legal and supply chain risk, have higher employee retention, and benefit from favorable market perception. Competencies in sustainability are part of any role in today's workforce, from supply chain to finance.

As a result of this certificate, students will develop knowledge regarding emerging trends in green business, understand sustainable business management approaches and strategies, and recognize the role of business in addressing sustainability issues. Professionals with knowledge of sustainable management strategies will be able to effectively integrate economic, social, and environmental goals into their work or business strategy.

This program is compatible with the College of Business Online MBA degree requirements, allowing students to complete the certificate as part of their MBA degree. The 10-credit online certificate is intended to take 2 semesters for completion.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will demonstrate the knowledge and capability to:

1. Identify the impacts of climate change and biodiversity loss on business and society.
2. Explain the role of business in addressing sustainability issues.
3. Analyze ethical, legal, and regulatory implications inherent in business situations and apply that knowledge to make responsible decisions.
4. Explain how to integrate economic, social, and environmental goals into their work or business strategy.
5. List emerging trends in green business for strategic positioning and social/environmental good.

Program Requirements Effective Fall 2023

Code	Title	Credits
Select a minimum of 10 credits from the following:		10
BUS 634	Sustainable Venturing and New Energy Economy	
BUS 638	Sustainability Ethics and Business Practice	
BUS 639	Corp. Social and Sustainable Responsibility	
BUS 662	International Business	
ESS 543/ATS 543	Global Climate Change	
FIN 667	Environmental, Social, Governance Investing	
Program Total Credits:		10

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Business Administration

The Master of Business Administration prepares students for careers in a dynamic and rapidly changing world. Coursework emphasis on educating students to use business to make the world better through the practical application of both foundational and advanced concepts in finance, accounting, management, marketing, and professional enrichment. The curriculum covers the central tenets, processes, and practices of statistics, human resources, accounting, supply chain management, marketing, and finance, with hands-on application of course concepts. Students may also choose to pursue graduate transcribed certificates in a variety of focused content areas.

MBA Programs and Specializations:

The College currently offers the following MBA programs and formats:

- Master of Business Administration
 - **Evening MBA/Online MBA-Mosaic** (Evening MBA courses are offered on-campus, and Online MBA-Mosaic students participate in the Evening MBA courses, via teleconferencing technology in real-time, from any location)
 - **Online MBA** (Offering format is via streamed digital media and has the same curriculum as the Evening MBA/Online MBA-Mosaic)
- Master of Business Administration, Impact Specialization (Offering format is on-campus)
- Master of Business Administration, Marketing Data Analytics Specialization (Offering format is via streamed digital media; *no longer accepting applications to this program*)
- Dual Degree Program: Master of Business Administration, Impact Specialization Combined with Master of Finance (Offering format is on-campus)

Although the programs differ from each other in terms of target market dimensions and value proposition, students across all MBA programs are expected to graduate with a common set of core program learning outcomes.

Core Program Learning Outcomes:

- *Business Acumen and Integration Skills* - Graduates demonstrate competency across business functions and integrate them into strategic decisions.
- *Practical Leadership and Management Skills* - Graduates demonstrate individual, interpersonal, and organizational leadership skills necessary for professional development and organizational effectiveness.
- *Critical and Analytical Thinking* - Graduates apply critical thinking and analytical skills for management decision-making.
- *External Environment Considerations: Ethical, Legal, and Regulatory Framework* - Graduates consider ethical, legal, and regulatory implications inherent in business situations and apply that knowledge to make responsible decisions.
- *Global Perspective* - Graduates acquire a global and cross-cultural perspective in formulating decisions and implementing organizational strategy.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the department website (<https://biz.colostate.edu/academics/graduate-programs/>) for more information.

MKT 667	Services Marketing Management	1
MKT 670	Digital Marketing	1
REL 601	Fundamentals of Real Estate Finance	1
REL 602	Real Estate Finance and Investments	2

A minimum of 42 credits are required to complete this program.

¹ Students must take 8 credits of Flex Core Directed Electives:

- 1 course required from the Financial competency
- 1 course required from the Data Translation and Decisions competency
- 2 courses required from 2 of the 3 remaining competencies: Leadership, Innovation, and/or Business for a Better World

² Select from the General Electives list in consultation with advisor: 0-10 credits. General Electives may be used to include certificates and can also include Flex Core courses.

³ Students successfully completing one or more COB graduate certificates containing non-business courses may substitute up to six credits (total) of non-business certificate course credits for approved MBA electives.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Master of Business Administration, Impact Specialization

Sustainability underlies many of the complex global challenges we face today, carrying profound implications for business practices, economic development, and environmental stewardship. Businesses increasingly recognize the need to incorporate environmental risks and social objectives into their core strategy and operational decisions. The commitment to sustainable practices can take many forms, such as developing social enterprises, creating and distributing fair-trade products, reducing carbon footprints, ensuring a sustainable value chain, guiding social impact investments, and making frugal use of natural resources. Sustainability initiatives are motivated by a desire to manage risk, drive growth, improve returns on capital, and create value.

The Master of Business Administration, Impact Specialization, is a 44-credit, 3 semester, full-time Resident Instruction program. The program aims to provide business solutions that achieve positive economic, environmental, and social impact. The program educates and prepares future business leaders to take effective roles in organizations that integrate economic, social, and environmental sustainability into core strategy and operations. There are elective options to enable students to pursue either a venture-creation process or take up to 15 credits outside the College of Business in areas such as environmental sustainability, social impact, water resources, life cycle assessment, ethics and sustainability, and climate change.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the department website (<https://biz.colostate.edu/academics/graduate-programs/>) for more information.

Program Learning Objectives

Business Acumen and Integration Skills: Graduates demonstrate competency across business functions and integrate them into strategic decisions.

Practical Leadership and Management Skills: Graduates demonstrate individual, interpersonal, and organizational leadership skills necessary for professional development and organizational effectiveness.

Critical and Analytical Thinking: Graduates apply critical thinking and analytical skills for management decision-making.

External Environment – Ethical, Legal and Regulatory Framework: Graduates consider ethical, legal, and regulatory implications inherent in business situations and apply that knowledge to make responsible decisions.

Global Perspective: Graduates acquire a global and cross-cultural perspective in formulating decisions and implementing organizational strategy.

Enterprise Approaches to Global Challenges: Graduates of the Impact MBA program develop the skills to:

- Assess opportunities for enterprise approaches to address social and environmental challenges.
- Develop, implement, and manage initiatives or enterprises that address global social and environmental challenges.

Institutional Learning Objectives

The Impact MBA program has been a cornerstone of the mission of the College of Business since its inception in 2007, and similarly ties into CSU's broader Institutional Learning Objectives (ILOs) in the following ways:

Creativity – the Impact MBA is fully focused on training the future business leaders who will be incorporating innovative solutions to social and environmental challenges into core operations. The creation of these novel solutions is at the heart of getting past an assumed incompatibility of profitability and sustainability. This type of creative problem solving has been at the core of our program since the very beginning. It is what sets our program apart from competition, and why students seek us out. To solidify the learning outcomes, students perform hands-on work in their summer Fellowships to study, assess, suggest, and implement these creative strategies in the workplace.

Reasoning - MBA programs include multidisciplinary content in topics such as accounting, finance, and quantitative decision making – all of which help teach students ways to analyze data to arrive at conclusions. Mastering how to collect and analyze data, as well as communicate the implications and learnings, is an important part of the program. The Impact MBA goes further to apply these skills directly to challenges facing our world as it relates to social and environmental challenges.

Communication – The Impact MBA program blends quantitative courses with more qualitative ones, and almost every course involves teamwork, presentations, and projects. All of these experiences occur within highly diverse cohorts that are addressing meaningful challenges and help students improve their communication skills including written and oral. Indeed, business managers and executives rely heavily on their ability to communicate their goals and plans, and mobilize teams to accomplish goals.

Responsibility – Recruiting a diverse cohort of students is an important pillar of the Impact MBA, and every year, the students learn numerous soft skills from collaborating in teams, study groups, and projects. Courses also delve into culture and diversity, but every course is enhanced by our students' lived experiences. In addition, Impact MBA students choose this program out of a sense of responsibility to care for our world and future generations, and are motivated to join their cohort of classmates from different backgrounds, but with similar motivations.

Collaboration – In addition to coursework on best practices in teamwork, by collaborating fully across campus (the Impact MBA has elective classes from multiple different Colleges and the School of Global Environmental Sustainability), we can truly connect with the world class expertise on campus. Our carefully curated list of electives helps arm students with skills to address some of the world's most pressing challenges. In addition, our dual degree offering with the Master of Finance is further evidence of our approach to collaboration. Through engaging in these collaborations, students are exposed to the benefits of an expanded network, deeper discourse in new topics, and the importance of clear communication of purpose.

Requirements Effective Fall 2024

Dual Degree Program: Master of Business Administration, Impact Specialization Combined with Master of Finance

The Impact MBA / Master of Finance Dual Degree prepares students to pursue careers in sustainable finance and the growing ESG space (Environmental, Social, Governance). By combining these two degrees, students are better prepared to enter the workforce in this new and growing sector.

The Master of Business Administration, Impact Specialization, is a 44-credit, 3 semester, full-time Resident Instruction program. The program aims to provide business solutions that achieve positive economic, environmental, and social impact. The program educates and prepares future business leaders to take effective roles in organizations that integrate economic, social, and environmental sustainability into core strategy and operations.

CSU's Master of Finance is a highly quantitative, 30-credit program offered on campus that provides a comprehensive study of the principles, processes, and practices of modern finance including investment analysis, portfolio management, financial management, and risk management. The program covers content required for the Chartered Finance Analyst (CFA®) and Financial Risk Manager (FRM®) exams and provides a good foundation for students who want to further their education beyond the master's program.

Both degree programs are designated as in a science, technology, engineering, and math (STEM) field. The STEM designation allows international students the opportunity to receive a visa extension after they have completed their degree.

With the dual degree, in just 2 years, students can complete the 59 required credits (15 of which are shared between the two programs), including a summer Corporate Sustainability Fellowship. The preferred path (but not the only option) is for students to complete the 3-semester Impact MBA requirements first, including some Master of Finance credits in the 3rd semester, and complete the remaining Master of Finance credits in their 4th semester.

Impact MBA Program Learning Objectives:

- *Business Acumen and Integration Skills:* Graduates demonstrate competency across business functions and integrate them into strategic decisions.
- *Practical Leadership and Management Skills:* Graduates demonstrate individual, interpersonal, and organizational leadership skills necessary for professional development and organizational effectiveness.
- *Critical and Analytical Thinking:* Graduates apply critical thinking and analytical skills for management decision-making.
- *External Environment – Ethical, Legal and Regulatory Framework:* Graduates consider ethical, legal, and regulatory implications inherent in business situations and apply that knowledge to make responsible decisions.
- *Global Perspective:* Graduates acquire a global and cross-cultural perspective in formulating decisions and implementing organizational strategy.
- *Enterprise Approaches to Global Challenges.*

Graduates of the Impact MBA program develop the skills to:

1. Assess opportunities for enterprise approaches to address social and environmental challenges.
2. Develop, implement, and manage initiatives or enterprises that address global social and environmental challenges.

Master of Finance Program Learning Objectives:

- Describe the function and structure of securities markets and financial intermediaries in a global economic environment.
- Estimate the value and equilibrium rates of return to domestic and international equity and debt claims via models of cash flow and relative value.
- Describe and analyze the use of derivative instruments in managing risks to equity, debt, and currencies in domestic and international markets.
- Describe, estimate, and interpret statistical models of financial risk, returns, volatility, and firm value.
- Explain and demonstrate the concept of arbitrage in valuing firms, financial assets, and derivative instruments.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the department website (<https://biz.colostate.edu/academics/graduate-programs/>).

- Business Information Systems
- Business Intelligence
- Cybersecurity
- Information Technology Project Management

Master's Program

- Master of Computer Information Systems, Plan C (M.C.I.S.)

Courses

Computer Information Systems (CIS)

CIS 120 Business Programming Fundamentals Credits: 3 (3-0-0)

Course Description: File and operating systems for business application development. Business program development using a high-level programming language.

Prerequisite: None.

Registration Information: Credit not allowed for both CIS 120 and CIS 210.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 200 Business Information Systems Credits: 3 (3-0-0)

Course Description: An introduction to information systems (IS) in business and society, focusing on the management and use of IS by diverse individuals, groups, and organizations.

Prerequisite: None.

Registration Information: Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 210 Information Technology in Business Credits: 3 (3-0-0)

Prerequisite: CIS 200, may be taken concurrently.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 240 Application Design and Development Credits: 3 (3-0-0)

Course Description: Software engineering methods including design, implementation, and testing using structured and event-driven techniques, logic, and data structures.

Prerequisite: CIS 200.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 301 End User Computing Credits: 3 (3-0-0)

Course Description: End user applications in a Graphical User Interface environment including spreadsheet, word processing, and presentation graphics; Internet concepts.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIS 310 Data Preparation for Business Analytics Credits: 3 (3-0-0)

Course Description: Focus on the knowledge and skills used for identifying, collecting, transforming, refining, integrating, and structuring data for performing analytics.

Prerequisite: CIS 200 or STAT 158.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 320 Project Management for Information Systems Credits: 3 (3-0-0)

Course Description: Project management concepts including work breakdown structure, estimating, scheduling, tools, and reports.

Prerequisite: CIS 200 or CS 165.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 340 Advanced Application Design and Development Credits: 3 (3-0-0)

Course Description: Design and construction of business applications using object-orientation and advanced data structures.

Prerequisite: CIS 240.

Registration Information: Credit not allowed for both CIS 340 and CIS 220.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 350 Operating Systems and Networks Credits: 3 (3-0-0)

Course Description: Multiuser and network operating systems; basic networking concepts including security, transmission, performance, and topologies.

Prerequisite: CIS 240.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 355 Business Database Systems Credits: 3 (3-0-0)

Course Description: Physical and logical design, implementation, and administration of databases.

Prerequisite: CIS 200 or CIS 310.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 360 Systems Analysis and Design Credits: 3 (3-0-0)

Course Description: Introduction to the systems development life cycle and related methodologies. Emphasis on analysis and design activities, such as business process analysis, system requirements determination and specification, user interface design, and implementation alternative evaluation (e.g., custom in-house development, outsourcing, and cloud-based solutions).

Prerequisite: CIS 240 or CS 253.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 370 Business Analytics Credits: 3 (3-0-0)

Course Description: Concepts, processes, techniques, and tools to extract, cleanse, organize, transform, store, analyze, and visualize data to support business decision making.

Prerequisite: CIS 200 and STAT 204.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 410 Web Application Development Credits: 3 (3-0-0)

Prerequisite: CIS 355 and CIS 240.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 411 Enterprise Resource Planning Systems Credits: 3 (3-0-0)

Course Description: Introduction to enterprise resource planning (ERP) systems concepts, business processes impacted by ERP, systems and software integration.

Prerequisite: ACT 220 and CIS 200.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 413 Advanced Networking and Security Credits: 3 (3-0-0)

Course Description: Modern communication standards, protocol systems; network security, security policies, attack and protection mechanisms, legal and ethical issues.

Prerequisite: CIS 350.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIS 455 Advanced Database Management Credits: 3 (3-0-0)

Course Description: Advanced data management topics including performance tuning, concurrency control, security, object-oriented databases, and data warehousing.

Prerequisite: CIS 355.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 487 Internship Credits: 3 (0-9-0)

Course Description: Supervised and planned work experience paralleling concentration in industry.

Prerequisite: CIS 355 and CIS 360.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 492 Seminar Credits: 3 (3-0-0)

Course Description: Current topics in computer-based information systems.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 495 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496B Group Study: Small Business Information Systems Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496C Group Study: Communications and Distributed Systems Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496D Group Study: Information Systems Performance Measurement Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496E Group Study: Current Issues in Business Computing Systems Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 498 Research Credits: Var[1-3] (0-0-0)

Prerequisite: None.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 505 Database Concepts Credit: 1 (1-0-0)

Course Description: An introduction to business database systems for non-CIS majors. Covers introductory database concepts, terminology, structures, relationships, and querying with SQL.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing. This is a partial semester course. Offered as an online course only.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 563 Information Assurance and Security Credits: 3 (3-0-0)

Course Description: Examine information assurance and security from an enterprise risk management perspective. Enterprise risk management provides a framework for identifying, evaluating, prioritizing, and mitigating IT-related risks based on the organization's objectives, strategy, risk appetite, and culture. Information assurance is the practice of managing information-related risks to ensure that (only) authorized parties have access to the "right" information at the "right" time.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 570 Business Intelligence Credits: 3 (3-0-0)

Course Description: Harnessing vast data stores to solve problems, enhance decision-making, discover new business opportunities, and to derive additional benefits.

Prerequisite: None.

Registration Information: Admission to the MACC, MBA, or the MCIS program. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 575 Applied Data Mining and Analytics in Business Credits: 3 (3-0-0)

Course Description: Data mining is a process of selecting, exploring and modeling large amounts of data to identify patterns and relationships among key variables.

Prerequisite: STAT 204.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 576 Business Data Visualization Credits: 3 (3-0-0)

Course Description: Methods to solve data visualization problems; critique and evaluate current systems; develop skills in the construction of data visualization.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 600A Project Management: Information Technology Credits: 3 (3-0-0)

Course Description: Strategic role in and management of information technology and software development projects.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online. Credit not allowed for both CIS 600A and CIS 600B.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 600B Project Management: Impact Enterprise Credits: 2 (2-0-0)

Course Description: Fundamentals of managing projects in impactful enterprises including coverage of common tools and techniques such as work breakdown structures, project networks, cost estimating and risk planning.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online. Credit not allowed for both CIS 600A and CIS 600B.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 601 Enterprise Computing and Systems Integration Credits: 3 (3-0-0)**Also Offered As:** MGT 601.**Course Description:** Integrated extended enterprise planning and execution systems concepts including ERP, CRM, SCM, MRP II, business processes, front/back office systems.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MACC or MCIS program. Sections may be offered: Online. Credit not allowed for both CIS 601 and MGT 601.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 605 Business Visual Application Development Credits: 3 (3-0-0)****Course Description:** Design, construction, and testing of business application systems including leading-edge visual, E-commerce languages, and tools.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 606 Application Software Infrastructure Credits: 3 (3-0-0)****Course Description:** Design, construction, and testing of business application software infrastructure including hardware, operating software, and communications network.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 610 Software Development Methodology Credits: 3 (3-0-0)****Course Description:** Methods for all phases of software development focusing upon the establishment of economical software that is reliable and cross platform.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MCIS or ME program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 611 Object-Oriented Systems Credits: 3 (3-0-0)****Course Description:** Object-oriented and web-based software; object model describing classes; relationships to other objects, attributes, and operations.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MCIS or ME program. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 620 IT Communications Infrastructure Credits: 3 (3-0-0)****Course Description:** Technical aspects of information communications, business considerations; wireless technology, architecture, and applications.**Prerequisite:** CIS 606, may be taken concurrently.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MCIS program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 623 Cybersecurity Credits: 3 (3-0-0)****Course Description:** Detailed examination of modern security topics, blending coverage of many of the domains of the CISSP with those of the CEH: Access Control, Network Security, Risk Management, Software Development Security, Cryptography, Architecture, Operations, Business Continuity, Legal/Ethical issues, as well as attack, defense and counter-measure mechanisms.**Prerequisite:** CIS 620.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 655 Business Database Systems Credits: 3 (3-0-0)****Course Description:** Database analysis, design, administration; data modeling; data sublanguages, query facilities; distributed database systems.**Prerequisite:** CIS 605 or CIS 611.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MCIS program. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 665 E-Business Application Technologies Credits: 3 (3-0-0)****Course Description:** Developing E-business (B2B and B2C) through construction and deployment.**Prerequisite:** CIS 610 and CIS 655, may be taken concurrently.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the MAS, MBA, or MCIS program. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 670 Advanced IT Project Management Credits: 3 (3-0-0)****Course Description:** Advanced tools, techniques and skills for advanced risk management, change movement, and performance/control measures in cross-functional projects.**Prerequisite:** CIS 600 or CIS 600A.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

CIS 675 Agile Management and Product Development Credits: 3 (3-0-0)

Course Description: Business model process optimization; managing rapid product development; incorporating constituent feedback throughout the product life cycle.

Prerequisite: CIS 600A or CIS 600.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 676 Information Technology Management Credits: 3 (3-0-0)

Course Description: Strategic information technology management of business, technical, system and information services.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to graduate program in business. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 695 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 696 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Business Administration, Information Systems Concentration

This program is designed to provide students with a comprehensive knowledge of computer information systems along with the skills necessary for effective decision making in a business environment that is diverse, global, and highly competitive. The information systems curriculum provides students with a broad understanding of business and a sound foundation in computer fundamentals and programming, systems analysis and design, networking, database design and implementation, project management, mobile and web applications, data analytics, and information and systems security. Graduates acquire the knowledge and skills to apply information technologies to solve business problems, providing a wide variety of career opportunities.

Learning Objectives

Students will demonstrate the ability to:

1. Design, write, and test computer programs.
2. Gather requirements and analyze and design information systems .
3. Model, implement, query, and administer databases.
4. Plan and manage information technology projects.
5. Configure and manage computer systems and networks.
6. Prepare and analyze data and deliver data-driven solutions.
7. Develop business applications for different platforms and devices.
8. Assess and secure information technology assets against cyber security threats.

Accelerated Program

The Information Systems concentration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Potential Occupations

Computing-related careers are characterized by a rapid rate of change driven by technological developments. Participating in paid or voluntary work, internships, and cooperative education opportunities is highly recommended, to keep students abreast of new developments and to help them benefit from networking to enhance employment opportunities.

Examples of career opportunities include, but are not limited to: applications developer, business/systems analyst, business intelligence analyst, cybersecurity manager, data analyst, database developer/administrator, IT consultant, IT project manager, information security analyst, software engineer/developer, network administrator, user interface designer, and web developer/administrator.

Requirements

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Effective Fall 2024

Freshman

		AUCC	Credits
BUS 100 or 105	Introduction to Business Exploration of Business		1
Select one course from the following: ¹			1-3
BUS 201	Foundations of Sustainable Enterprise		
BUS 225	Fostering Sustainable Organizations (GT-AH3)	3B	
CIS 200	Business Information Systems		3
CO 150	College Composition (GT-CO2)	1A	3
ECON 202	Principles of Microeconomics (GT-SS1)	3C	3
Complete 3 credits from the following:			3
MATH 117	College Algebra in Context I (GT-MA1)	1B	
MATH 118	College Algebra in Context II (GT-MA1)	1B	
MATH 120	College Algebra (GT-MA1)	1B	
MATH 124	Logarithmic and Exponential Functions (GT-MA1)	1B	
MATH 125	Numerical Trigonometry (GT-MA1)	1B	
MATH 126	Analytic Trigonometry (GT-MA1)	1B	
MATH 127	Precalculus (GT-MA1)	1B	
MATH 141 (or higher level calculus course)	Calculus in Management Sciences (GT-MA1)	1B	
Biological and Physical Sciences		3A	4
Diversity, Equity, and Inclusion		1C	3
Electives			7-9
Total Credits			30

Sophomore

ACT 210	Introduction to Financial Accounting		3
ACT 220	Introduction to Managerial Accounting		3
BUS 220	Ethics in Contemporary Organizations (GT-AH3)	3B	3
CIS 240	Application Design and Development		3
CIS 370	Business Analytics		3
ECON 204	Principles of Macroeconomics (GT-SS1)	3C	3
STAT 204	Statistics With Business Applications (GT-MA1)	1B	3
Biological and Physical Sciences		3A	3
Historical Perspectives		3D	3
Electives			3
Total Credits			30

Junior

All freshman and sophomore required courses must be completed prior to or concurrent with first enrollment in required junior and senior courses.

BUS 260	Social-Ethical-Regulatory Issues in Business		3
BUS 300	Business Writing and Communication (GT-CO3)	2	3
CIS 320	Project Management for Information Systems		3
CIS 355	Business Database Systems		3
CIS 360	Systems Analysis and Design		3
FIN 300 ²	Principles of Finance	4A,4B	3
Select two courses from the following:			6
CIS 310	Data Preparation for Business Analytics		
CIS 340	Advanced Application Design and Development		
CIS 350	Operating Systems and Networks		

CIS 410	Web Application Development		
CIS 411	Enterprise Resource Planning Systems		
CIS 413	Advanced Networking and Security		
CIS 455	Advanced Database Management		
CIS 563	Information Assurance and Security		
CIS 575	Applied Data Mining and Analytics in Business		
CIS 576	Business Data Visualization		
Electives			6
Total Credits			30
Senior			
BUS 479	Strategic Management	4A,4C	3
Select two courses from the following not taken in the junior year:			6
CIS 310	Data Preparation for Business Analytics		
CIS 340	Advanced Application Design and Development		
CIS 350	Operating Systems and Networks		
CIS 410	Web Application Development		
CIS 411	Enterprise Resource Planning Systems		
CIS 413	Advanced Networking and Security		
CIS 455	Advanced Database Management		
CIS 563	Information Assurance and Security		
CIS 575	Applied Data Mining and Analytics in Business		
CIS 576	Business Data Visualization		
MGT 301	Supply Chain Management		3
MGT 320	Contemporary Management Principles/Practices		3
MKT 300	Marketing	4B	3
Arts and Humanities		3B	3
Electives ³			9
Total Credits			30
Program Total Credits:			120

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.

³ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level). A minimum of 6 elective credits must be upper-division.

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Information Systems concentration assumes students

will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Freshman

Semester 1		Critical	Recommended	AUCC	Credits
BUS 100 or 105	Introduction to Business Exploration of Business		X		1

Total Credits					15
Program Total Credits:					120

Second Concentration with International Business

A second concentration in International Business may be taken in conjunction with the Information Systems concentration. Upon

graduation, both concentrations will be noted on a student's official transcript.

Effective Fall 2024

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Immersion: International Business Group 3 – Experiential Learning Requirement (6 credits)

Code	Title	Credits
Select at least one from the following:		6
	Education Abroad experience	
	Internship with global focus	
	L*** language course	

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

¹ **BUS 220** and **BUS 225** will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

Second Concentration Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as “Undeclared Business Interest” and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration- Information Systems concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Freshman

Semester 1		Critical	Recommended	AUCC	Credits
BUS 100 or 105	Introduction to Business Exploration of Business		X		1

Program Total Credits:					120

Certificate in Business Analytics

The Certificate in Business Analytics will provide the knowledge and skills needed to meet the demand for analytics in business. It covers the foundations of data analytics and business intelligence, collection and integration of data across multiple sources, evaluation of data quality, the application of appropriate analytics and visualization techniques to improve business decision-making, and the ethical and privacy issues associated with data usage and business analytics. Students will learn data preparation and management, analytics and visualization techniques, and gain significant "hands-on" experience in providing data-driven solutions to organizations.

Learning Objectives

Upon successful completion students will be able to:

1. Apply the fundamental principles of data analytics and business intelligence.
2. Develop data-driven thinking skills.
3. Collect and integrate data across multiple sources.
4. Evaluate data quality and its importance to effective decision making.
5. Identify organizational needs and apply appropriate analytics and visualization techniques to provide solutions based on real-world data.
6. Describe the ethical and privacy issues associated with business use of data and analytics.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required:

CIS 455	Advanced Database Management	
CIS 575	Applied Data Mining and Analytics in Business	
CIS 576	Business Data Visualization	
MKT 450	Marketing Analytics	
Program Total Credits		9

Certificate in Business App Development

The undergraduate Certificate in Business App Development will give students the knowledge and skills to create software solutions for business applications using contemporary tools and frameworks used in industry. Students will learn how to gather system requirements from key stakeholders and translate those requirements into software solutions that satisfy business needs. Students will learn different methodologies (e.g., waterfall, agile) to plan, design, develop, test, and debug business applications using various tools and technologies. They will gain practical, hands-on problem-solving skills, learn to work effectively in teams, and build applications using object-oriented programming

languages and other modern tools and frameworks for cross-platform development.

Learning Objectives

Upon successful completion students will be able to:

1. Design, develop, test, and de-bug business applications using development languages and frameworks suitable for business needs. This will include web, mobile, and software applications.
2. Use Interactive Development Environments (IDEs) to develop applications following sound programming practices and standards.
3. Employ current development methodologies in creating business software solutions.
4. Design and develop databases and connect their applications to database servers.
5. Design and implement authentication and authorization to secure business applications.

Requirements Effective Fall 2022

Additional coursework may be required due to prerequisites

Code	Title	Credits
CIS 340	Advanced Application Design and Development	3
CIS 410	Web Application Development	3
CIS 455	Advanced Database Management	3
Program Total Credits:		9

Certificate in Business Cybersecurity

The undergraduate Certificate in Business Cybersecurity will provide students the knowledge and skills needed to address the challenges associated with information management and security. Cybersecurity and information assurance is a serious concern for any business. Upon completion of this certificate, students will have increased awareness and the ability to assess and secure information technology assets against cybersecurity threats. Students will demonstrate an understanding of cybersecurity terminology, concepts and issues, including the nature of threats, common vulnerabilities, consequences of security failures, and strengths and weaknesses of various cybersecurity models.

Learning Objectives

Upon successful completion students will be able to:

1. Demonstrate the ability to set up and troubleshoot hardware and software for a computer network in Linux and Windows.
2. Compare and contrast various approaches to manage a computer network and learn how to select the best type of network environment to implement in a given situation.
3. Identify system vulnerabilities and common security problems, configure VMWare, perform risk and cost-benefit analysis, configure web protocols, secure servers, configure a firewall, install intrusion detection systems, and understand forensic procedures.
4. Describe the role of cybersecurity in the success of organizations and individuals; demonstrate a fundamental understanding of cybersecurity terminology, concepts, issues, and components.

5. Assess the current security landscape, including the nature of the threat, the general status of common vulnerabilities, and the likely consequences of security failures.
6. Critique and assess the strengths and weaknesses of general cybersecurity models, including the Confidentiality, Integrity and Availability triad.
7. Determine an organization's attitude toward and appetite for risk, by evaluating factors such as the "tone at the top," the organizational culture, the regulatory environment, and the organization's goals & objectives and evaluate their potential impact on the organizations.
8. Evaluate weaknesses in an organization's IT controls, and make recommendations to improve regulatory compliance, reporting, and operational performance.
9. Explain the role of IT audit and the overlap between accounting and IT, particularly with respect to audits of financial statements and of service organizations (e.g., cloud service providers).
10. Evaluate the risk-reward trade-offs of disruptive technologies such as cloud computing, the Internet of Things (IoT), social media, and mobile devices.

Requirements Effective Fall 2022

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required:		
CIS 350	Operating Systems and Networks	3
Select two courses from the following:		6
CIS 413	Advanced Networking and Security	
CIS 487	Internship ¹	
CIS 563	Information Assurance and Security	
Program Total Credits		9

¹ Must be related to cybersecurity.

Certificate in Information Technology for Business Professionals

The undergraduate Certificate in Information Technology (IT) for Business Professionals covers fundamental knowledge and skills needed to identify, develop, deploy, use and evaluate IT-based solutions to address business opportunities and challenges. It is open to all business students, other than those in the CIS concentration. Students who pursue the certificate are typically interested in applying IT skills to their chosen concentration.

Learning Objectives

Students will:

1. Understand concepts related to databases, enterprise systems, and IT project management.
2. Design, build, and manipulate databases to support organizational operations.
3. Manage a project from inception through close-down.
4. Use an enterprise system to make informed, data-driven business decisions and recommendations.

Requirements Effective Fall 2018

Additional coursework may be required due to prerequisites.

Code	Title	Credits
CIS 320	Project Management for Information Systems	3
CIS 355	Business Database Systems	3
CIS 411	Enterprise Resource Planning Systems	3
Program Total Credits:		9

Graduate Certificate in Business Analytics and Accounting Systems

The Business Analytics and Accounting Systems certificate provides students with the ability to harness vast data stores to solve problems, enhance decision-making and discover new opportunities. They will learn data mining concepts, methodologies, models, and tools, along with appropriate applications for optimizing business functions, forecasting, detection, prediction, classification, and discovery. Additionally, students will gain increased expertise in accounting technology systems used in organizational accounting systems worldwide, including skills in spreadsheet and database technologies. The graduate coursework is designed, in part, to help accounting and technology professionals enhance specialized accounting and technology skills applicable to a wide variety of industries.

Learning Objectives

Students will:

1. Improve decision making ability through exposure to and lessons in business intelligence (students will learn techniques that will allow them to optimize, forecast, detect, predict, classify and discover new ways of using data for the purposes of improving organizational productivity and efficiency).
2. Increase expertise in data mining and analytics techniques.
3. Improve skills in accounting technologies, with specific focus on spreadsheets and current accounting software programs (students will learn best practices in information technologies used in organizational accounting systems worldwide).

Requirements Effective Fall 2017

Additional coursework may be required due to prerequisites.

Code	Title	Credits
ACT 550	Accounting Information Technologies	3
CIS 570	Business Intelligence	3
CIS 575	Applied Data Mining and Analytics in Business	3
Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Business Application Development

The Graduate Certificate in Business Application Development provides students with the knowledge and skills needed to meet business and societal demands for software applications. Students learn how to determine the information needs of an organization and specify the systems that support its processes and functions. Students learn how to plan, design, develop, test, and debug business application systems, using modeling and programming languages, tools, and technologies. They gain practical, hands-on problem-solving skills and build applications using object-oriented programming languages and other development technologies. Students use an Interactive Development Environment (IDE) for software development, implement modularization and documentation, and learn best practices in software development.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students will:

1. Gain the skills to design, develop, test, and de-bug applications using an object-oriented programming language.
2. Understand and use an Interactive Development Environment to develop software, implement good programming practices, and adhere to programming standards.
3. Develop application programs to parse data for matching, validating, and extracting information.
4. Design and implement networking programs.
5. Understand how to load a relational database driver, connect to a database server, send and execute queries, and process query result sets using predefined classes.
6. Study and practice business requirements gathering and Business Process Modeling (BPM).
7. Study and practice methodology applying to software requirements (UML), quality assurance processes, and structured testing.
8. Design and build functional web applications that are easy to use, interactive, and dynamic, using multiple technologies.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits
CIS 605	Business Visual Application Development	3
CIS 610	Software Development Methodology	3
CIS 611	Object-Oriented Systems	3
CIS 665	E-Business Application Technologies	3
Program Total Credits:		12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Business Information Systems

The Graduate Certificate in Business Information Systems equips students with general information technology (IT) knowledge and skills to bring to their business or workplace. Students have the opportunity to a) learn to strategically implement technology within organizations and get a managerial-level understanding of infrastructure, applications, and data analytics, b) study critical project management topics such as project selection and life cycle, stakeholder management, scope and schedule development, and risk management, c) acquire knowledge about integrated business processes, Enterprise Resource Planning (ERP), Customer Relationship Management (CRM) and related software solutions, and d) understand the field of business intelligence (BI), including impacts, capabilities, and roles in decision making, as well as get hands-on experience with popular BI and analytical tools.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students will:

1. Learn how to effectively initiate, plan, execute, control, and close IT projects.
2. Develop critical thinking, complex reasoning, and Project Management skills to apply in the workplace.
3. Learn about the project life cycle, stakeholder management, the role of top management, project selection and escalation, scope and schedule development, risk management, procurement, leadership, and ethics.
4. Apply their understanding of ERP, MRP, and CRM systems to a number of business simulations and projects.
5. Demonstrate their understanding of the business intelligence field by building and populating data marts, analyzing and mining data sets, and creating reports and visualizations.
6. Shape IT strategy by possessing a managerial level of understanding of infrastructure, applications, and data.
7. Understand how information systems support company business functions, and be able to critically compare alternative approaches for developing or acquiring information systems.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Select 3 courses from the following:		9
CIS 570	Business Intelligence	
CIS 600A	Project Management: Information Technology	
CIS 601/MGT 601	Enterprise Computing and Systems Integration	
CIS 676	Information Technology Management	

Program Total Credits: 9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Business Intelligence

Students will learn how to enable, support, and create a data-driven culture in an organization. Content will cover common functions, processes, and methods of business intelligence such as: reporting, data and text mining processes and related methodologies like CRISP-DM and SEMMA; complex event processing; performance management; predictive and prescriptive analytics; and creating effective visualizations. Students gain hands-on experience designing, implementing, manipulating, and managing databases through a rigorous foundation in relational database management systems.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students will:

- 1. Gain sound knowledge of the Business Intelligence (BI) field, including impacts, capabilities, and role in decision making.
- 2. Learn BI technologies and vendors, while gaining hands-on experience with BI tools.
- 3. Discover the importance of data mining and its application in business.
- 4. Learn the data mining process, including techniques for classification, segmentation, association, prediction and forecasting.
- 5. Understand and apply data modeling concepts.
- 6. Recognize patterns of data relationships that exist in most business applications.
- 7. Master various aspects of data, such as acquisition, classification, storage, and retrieval.

Requirements

The Certificate combines business intelligence with applied data mining and analytics to optimize, forecast, detect, predict, classify and discover new ways of using data to make a business more productive and efficient. Completion of the certificate allows students to bring value to companies that have vast quantities of both structured and unstructured data that requires identification, analysis, and transformation into useful data for business optimization and forecasting.

Effective Fall 2019

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Select three courses from the following:		9
CIS 570	Business Intelligence	
CIS 575	Applied Data Mining and Analytics in Business	
CIS 576	Business Data Visualization	
CIS 655	Business Database Systems	
Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Cybersecurity

The Graduate Certificate in Cybersecurity provides students with the knowledge and skills needed to face the ever-changing need for information management and security. Upon completion of the courses, students are able to identify enterprise and IT-related risks for organizations and evaluate their potential impact. Students learn how to evaluate weaknesses in an organization's IT controls and make recommendations to improve regulatory compliance, reporting, and operational performance. Students learn basic programming concepts, demonstrate the ability to set-up and troubleshoot hardware and software for a computer network, and gain significant "hands-on" experience in both attacking and defending virtual systems. This certificate is compatible with our MCIS degree requirements, enabling certificate recipients to transition into the MCIS program and apply it to their degree. It is also compatible with some of the MBA requirements, allowing some MBA students to earn the certificate as part of their MBA degree.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students will:

- 1. Design, construct, and test business application software infrastructure, including hardware, operating software, and communications networks.
- 2. Demonstrate the ability to set up and troubleshoot hardware and software for a computer network in Linux and Windows.
- 3. Compare and contrast various approaches to networking and learn how to select the best type of network to implement in a given situation.
- 4. Identify system vulnerabilities and common security problems, configure VMWare, perform risk and cost benefit analysis, configure web protocols, secure servers, configure a firewall, install intrusion detection systems, and understand forensic procedures.
- 5. Demonstrate an awareness of enterprise risk and internal control systems and be able to evaluate an organization's vulnerability due to organizational and regulatory environments.

Requirements Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits
CIS 563	Information Assurance and Security	3
CIS 606	Application Software Infrastructure	3
CIS 620	IT Communications Infrastructure	3
CIS 623	Cybersecurity	3
Program Total Credits:		12

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Information Technology Project Management

Project management is found across the private, public, and military sectors - especially within Information Technology (IT). This certificate is designed for both technical and non-technical students who want to gain the knowledge and skills relating to project management, software development, or IT project management.

Completion of this certificate provides a deep understanding of the project management process, information technology management, agile project management, and other special topics.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will be able to:

1. Understand and apply IT architecture and services models of computing.
2. Understand and apply a systems development methodology.
3. Understand the role of data, information, and knowledge in decision making.
4. Organize, participate in, and manage an IT project.
5. Participate in tactical and strategic planning for an IT project.
6. Analyze a problem domain and design a solution set using an accepted methodology.
7. Define deliverables, milestones, and activities of an IT project.

Requirements

In the information technology areas, project management is found across the private, public, and military sectors. The Certificate includes a deep understanding of the 10 knowledge areas and the 42 grouped processes required by the Project Management Institute®, information technology management, agile project management, and other special topics. Completion of this certificate also prepares the recipient to sit for the PMP® Certification or the CAP-M® Certification exam.

Effective Fall 2020

Additional coursework may be required due to prerequisites.

Code	Title	Credits

Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Computer Information Systems, Plan C (M.C.I.S.)

The M.C.I.S. program addresses market demand for Information Technology (IT) professionals. Students gain applied knowledge and skills to leverage information and technology to enable and transform organizations and society. The program offers students innovative, cutting-edge and in-demand skills in analytics, cyber security, project management, systems analysis and design, software development and implementation, enterprise systems, networking, systems administration, and IT management. Students may enroll full- or part-time in either the on-campus (<https://biz.colostate.edu/academics/graduate-programs/master-of-computer-information-systems/>) or online (<https://www.online.colostate.edu/degrees/cis/>) program, giving working professionals flexibility in completing the curriculum. Depending on the number of courses taken per semester, the M.C.I.S. degree typically takes between 1.5 and 3 years to complete.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

1. Understand and apply the client/server model of computing.
2. Understand and apply systems analysis, design, development and implementation techniques.
3. Integrate processes and technology in support of the enterprise.
4. Organize and manage an information technology project.
5. Create an environment that produces a high level of satisfaction among stakeholders including students, faculty, administration, alumni, and employers.

Course Description: Accounting and finance for entrepreneurs, including forms of business organization, preparation of financial statements, developing a cash budget, managing working capital, measuring cash flow, valuing a company, measuring performance, types and sources of financing at different stages in a company's life cycle.

Prerequisite: MGT 340.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 310 Financial Markets and Institutions Credits: 3 (3-0-0)

Course Description: Analysis of the functions and operations of financial markets and the primary and secondary securities created in those markets.

Prerequisite: ECON 204.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 311 Debt Securities Analysis Credits: 3 (3-0-0)

Course Description: Analysis of corporate, government, and mortgage-based debt securities. Emphasis on securitization of asset-backed obligations.

Prerequisite: (FIN 300) and (FIN 310 or ECON 315) and (FIN 355).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 320 Introduction to Financial Planning Credits: 3 (3-0-0)

Course Description: Personal financial planning including budgeting, tax planning, credit management, investing, retirement, and estate planning.

Prerequisite: ACT 210 and ECON 202.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 342 Risk Management and Insurance Credits: 3 (3-0-0)

Course Description: Management of insurable risks for the individual and business firm.

Prerequisite: FIN 300 or FIN 305.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 355 Principles of Investments Credits: 3 (3-0-0)

Course Description: Modern investment theory with applications in the debt and equity markets, with introduction to portfolio management.

Prerequisite: FIN 300 and FIN 310.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 370 Financial Management-Theory and Application Credits: 3 (3-0-0)

Course Description: Theory and application of financial management to business firms; case problems used for illustration.

Prerequisite: FIN 300.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 440 Estate Planning Credits: 3 (3-0-0)

Course Description: Methods for conservation and transfer of wealth, considering aspects of tax, trusts, wills, probate, advanced directives, and charitable giving.

Prerequisite: ACT 330 and FIN 320.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 442 Employee Benefits and Retirement Planning Credits: 3 (3-0-0)

Course Description: Design, financing, accounting, and taxation for employee benefit and retirement plans.

Prerequisite: FIN 342.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 445 Financial Plan Development Credits: 3 (3-0-0)

Course Description: Analyze client finances and economic conditions, develop and communicate comprehensive financial plan using financial planning professional standards.

Prerequisite: ACT 330 and FIN 320 and FIN 342.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 455 Advanced Portfolio Management Credits: 3 (3-0-0)

Course Description: Advanced hedging and portfolio management theory and techniques.

Prerequisite: FIN 355.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 470 Derivative Securities Credits: 3 (3-0-0)

Course Description: Futures, options and other derivatives, including their use in hedging, speculation, and arbitrage.

Prerequisite: FIN 355.

Registration Information: Business majors only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 471 Enterprise Valuation Credits: 3 (3-0-0)

Course Description: Analytical framework for measuring, managing, and applying principles and tools to value enterprises.

Prerequisite: FIN 355 and FIN 370.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 475 International Business Finance Credits: 3 (3-0-0)

Course Description: International financial management emphasizing markets, instruments, hedging techniques, and operating strategies.

Prerequisite: FIN 300.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 486 Summit Investment Fund Practicum Credits: 3 (0-0-6)

Course Description: An opportunity to gain valuable experience in equity valuation, asset allocation, style analysis and portfolio management as applied to an actual investment portfolio.

Prerequisite: FIN 355.

Restriction: Must be a: Undergraduate.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 487 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 495 Independent Study Credits: Var[1-18] (0-0-0)

Prerequisite: None.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 496 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 498 Research Credits: Var[1-18] (0-0-0)

Prerequisite: None.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 524 Financial Statistics Credits: 3 (3-0-0)

Also Offered As: STAT 524.

Course Description: Probability and statistical concepts and quantitative tools used in financial modeling and decision-making.

Prerequisite: MATH 345 and STAT 420.

Registration Information: Admission to MSBA program with Financial Risk Management specialization can substitute for MATH 345. Credit not allowed for both FIN 524 and STAT 524. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 530 Financial Modeling Credits: 3 (3-0-0)

Course Description: Practical applications of financial modeling and computer programming to analyze financial data.

Prerequisite: FIN 600, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 531 Advances in Financial Technology Credits: 3 (3-0-0)

Course Description: Essential components of new financial technologies, including simulation, stochastic optimization, artificial intelligence, machine learning, big data, blockchain, and cryptocurrency.

Prerequisite: BUS 641 or FIN 655.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 600 Financial Management Credits: 3 (3-0-0)

Course Description: Theory, tools, and techniques of financial management for business organizations.

Prerequisite: ACT 205 or ACT 220.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the Master of Finance program. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 601 Financial Management and Markets Credits: 3 (3-0-0)

Course Description: Integrated coverage of financial management, investments, and markets and institutions from the public, private, and nonprofit perspective.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to GSSE program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 602 Options and Futures Credit: 1 (1-0-0)

Course Description: Advanced analysis and pricing of derivative securities, such as futures, forwards and options.

Prerequisite: BUS 641.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 603 Corporate Risk Management Credit: 1 (1-0-0)

Course Description: Survey of topics related to corporate risk management including the role and function of insurance and risk management for business enterprises.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business. This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 604 Employee Benefits Credit: 1 (1-0-0)

Course Description: Design and financing of employee benefits including health plans, disability, life insurance, long-term care, and retirement plans.

Prerequisite: FIN 603.

Restriction: Must not be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 605 Enterprise Valuation Credits: 2 (2-0-0)

Course Description: Corporate valuation methodologies including dividend discount model, relative valuation using market multiples, free cash flows and options analysis.

Prerequisite: BUS 640 or FIN 600.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 606 Fundamentals of International Finance Credit: 1 (1-0-0)

Course Description: Fundamental principles of international finance and how they relate to business operations and strategies.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 607 Fundamentals of Bond Markets Credit: 1 (1-0-0)

Course Description: Properties of bonds and bond markets, pricing bonds by arbitrage, risk characteristics of bonds.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 608 Fundamentals of Firm Valuation Credit: 1 (1-0-0)

Course Description: Identifies key value drivers for a business and how these can be identified utilizing currently available financial information.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 609 Fundamentals of Personal Finance Credit: 1 (1-0-0)

Course Description: Personal financial planning focusing on TVM, personal financial statements, retirement plans, government sponsored benefits and education planning.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 610 Debt Securities Analysis Credits: 3 (3-0-0)

Course Description: Valuation of corporate, government, and mortgage-backed debt securities and strategies for management of debt security portfolios.

Prerequisite: FIN 655.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 611 Financial Institutions Management Credits: 3 (3-0-0)

Course Description: Study of fixed income securities, financial intermediation, credit ratings, securitization, and regulation.

Prerequisite: FIN 600, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online. Credit not allowed for both FIN 610 and FIN 611.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 612 Private Equity and Venture Capital Credit: 1 (1-0-0)

Course Description: The role and function of the private equity market and key players in that market, including crowdfunding, angel investors, and venture capitalists. Application of financial tools and models to value venture investments, evaluate risk and return, and negotiate deals.

Prerequisite: BUS 640.

Restriction: Must be a: Graduate, Professional.

Registration Information: Offered as an online course only. This is a partial semester course. Credit not allowed for both FIN 612 and FIN 669.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 613 Alternative Investments Credits: 2 (2-0-0)

Course Description: Examine a variety of major alternative asset classes, including private equity, venture capital, commodities, hedge funds, and real estate.

Prerequisite: BUS 641, may be taken concurrently or FIN 655, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online. Credit not allowed for both FIN 612 and FIN 613.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 625 Quantitative Methods in Finance Credits: 3 (3-0-0)

Course Description: Application of mathematical and analytical techniques to better understand financial markets and securities and to solve financial problems.

Prerequisite: FIN 655, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 650 Behavioral Finance Credits: 2 (2-0-0)

Course Description: Introduction to the field of behavioral finance, the study of how human emotions and psychological factors influence financial decision-making and financial markets. Popular and accepted theories of human behavior from the fields of psychology and decision-making are used to characterize some prevalent features of irrational behavior in the financial markets.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 655 Investments Credits: 3 (3-0-0)

Course Description: Investment analysis and decision making emphasizing equity securities and portfolio management.

Prerequisite: FIN 600, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 661 Advanced Portfolio Management Credits: 3 (3-0-0)

Course Description: Portfolio management, asset allocation, and asset selection theory and techniques.

Prerequisite: FIN 605 and FIN 655.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of advisor. Sections may be offered: Online.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 665 Derivative Securities and Analysis Credits: 3 (3-0-0)

Course Description: Using futures, options, swaps, and securitized transactions in financial management.

Prerequisite: FIN 655.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 667 Environmental, Social, Governance Investing Credits: 2 (2-0-0)

Course Description: Environmental, social and governance factors present risk and opportunity for portfolio managers and should be considered alongside other risk factors related to firms, industries, sectors, and the broad market in asset allocation decisions. Broad overview of the current trends in ESG Investing and the ESG market, construction and management of ESG portfolios, and shareholder engagement, activism, and stewardship.

Prerequisite: BUS 640 or FIN 600.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 669 Financing, Evaluating Sustainable Enterprise Credits: 3 (3-0-0)

Course Description: Theoretical and applied approaches to the funding and evaluation of enterprises.

Prerequisite: (BUS 601) and (FIN 601).

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 670 Risk Management Theory and Application Credits: 3 (3-0-0)

Course Description: Fundamentals of financial risk management using quantitative techniques and models to identify, measure, and manage corporate risk.

Prerequisite: (FIN 524 or STAT 524) and (FIN 655).

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 675 International Finance Credits: 3 (3-0-0)

Course Description: Analysis of the foreign exchange market and international financial markets.

Prerequisite: FIN 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 678 Financial Decisions-Theory and Practice Credits: 3 (3-0-0)

Course Description: Analysis of theory of corporate finance with emphasis on underlying assumptions and implications for financial decisions.

Prerequisite: FIN 600.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 695 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 696 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 698 Research Credits: Var[1-6] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Real Estate (REL)

REL 360 Real Estate Principles Credits: 3 (3-0-0)

Course Description: Broad survey of real estate emphasizing land use, urban structure and growth, market analysis, real estate finance and valuation, and property rights.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

REL 367 Real Estate Law Credits: 3 (3-0-0)

Course Description: Legal regulations applicable to real property ownership and transfer, to real estate agents, and to use of real property.

Prerequisite: BUS 205 or BUS 260 or HDFS 403.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 430 Real Estate Market Analysis Credits: 3 (3-0-0)

Course Description: Analysis of real estate markets, including development feasibility and managing risk, and their relation to urban economic trends.

Prerequisite: (FIN 300 or FIN 305) and (REL 360).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 454 Real Estate Appraisal Credits: 3 (3-0-0)

Also Offered As: AREC 454.

Course Description: Theoretical principles that underlie real estate appraisal methods. Procedures and practices used in real estate appraisal.

Prerequisite: (AREC 202 or ECON 202) and (AREC 305 or REL 360).

Registration Information: Sections may be offered: Online. Credit allowed for only one of the following: AREC 453, AREC 454, REL 453, or REL 454.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 455 Real Estate Finance Credits: 3 (3-0-0)

Course Description: Residential mortgage origination, mortgage loan amortization, mortgage decision making, secondary mortgage markets, mortgage backed securities, REITs.

Prerequisite: (FIN 300 or FIN 305) and (REL 360).

Registration Information: College of Business students only. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 460 Real Estate Investment Credits: 3 (3-0-0)

Course Description: Financing of real estate assets: real estate markets, policies; use of leverage and real estate investment analysis in real estate investment.

Prerequisite: (FIN 300 or FIN 305) and (REL 360).

Registration Information: College of Business students only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 487 Real Estate Internship Credits: Var[1-3] (0-0-0)

Course Description: Internship.

Prerequisite: FIN 300.

Registration Information: Junior standing. Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

REL 495 Real Estate Independent Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

REL 496 Real Estate Group Study Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Registration Information: Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

REL 601 Fundamentals of Real Estate Finance Credit: 1 (1-0-0)

Course Description: Valuation-oriented study of real estate concepts and principles, including legal, regulatory, finance, market and financial analysis.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

REL 602 Real Estate Finance and Investments Credits: 2 (2-0-0)

Course Description: Major aspects of real estate finance and investment from the perspective of corporate, private, and public owners and investors.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Offered as an online course only. Credit not allowed for both REL 601 and REL 602.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Major in Business Administration, Finance Concentration

This program is designed to prepare undergraduate students to enter the finance profession with comprehensive knowledge and real world skills in their area of emphasis. The field of finance is constantly evolving. The program focuses on providing state-of-the-art tools, techniques, and computer applications.

Learning Objectives

Students will demonstrate the ability to:

1. Display broad conceptual knowledge, analytical abilities, and problem solving skill sets in finance.
2. Analyze and interpret financial statements, and capital markets and economic data to inform business decisions.
3. Explain the role of business financing and investment decisions on firm value.
4. Understand the structure and function of financial markets, and the pricing of securities that trade in these markets.
5. Characterize the relationship between expected return and various sources of risks.
6. Identify and implement asset allocation and portfolio diversification strategies to improve investment outcomes.
7. Appreciate the role of the firm in the broader economy and society including an understanding of the many stakeholders of the firm in global markets.

In addition to the core areas of asset valuation, investments, and global finance, the concentration allows students to select from three options for more in-depth study.

The **Corporate Finance option** prepares students for positions in both financial and non-financial business enterprises in which they will need to make and defend strategic financial decisions in capital budgeting, planning, control, and policy.

The **Investment Analysis option** focuses on the theoretical and practical aspects of investment valuation, selection, and portfolio management, for both individual and institutional investors.

The **Real Estate Finance option** prepares students for careers in commercial or residential real estate and related industries, while also providing strong foundations in financial analysis.

Accelerated Program

The Finance concentration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Potential Occupations

Finance students are prepared for a number of different careers in business. Internships and volunteer experiences enhance skills and marketability.

Examples of fields in which graduates can find finance-related occupations include: commercial, mortgage, and investment banking; corporate finance; investments; portfolio management; financial analysis; securities analysis; loan analysis; risk management and insurance; stock brokerage; government banking and securities regulation; government finance; teaching and research.

Requirements

In order to complete the Finance concentration, the Business Administration core courses and the Finance concentration core courses must be completed. Students must select one of the following options as well: Corporate Finance, Investment Analysis, or Real Estate Finance.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Effective Fall 2024

Freshman

		AUCC	Credits

Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C-

or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Finance concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Second Concentration options with International Business

A second concentration in International Business may be taken in conjunction with the Finance concentration. Students must also select an option within the Finance concentration. Upon graduation, both concentrations will be noted on a student's official transcript.

- Corporate Finance option
- Investment Analysis option
- Real Estate Finance option

Corporate Finance option Effective Fall 2024

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

	Education Abroad experience	
	Internship with global focus	
	L*** language course	

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

Second Concentration options Major Completion Maps

A second concentration in International Business may be taken in conjunction with the Finance concentration. Students must also select an option within the Finance concentration. Upon graduation, both concentrations will be noted on a student's official transcript.

- Corporate Finance option
- Investment Analysis option
- Real Estate Finance option

Corporate Finance option

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Finance concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Major in Business Administration, Financial Planning Concentration

This program is designed to prepare undergraduate students to enter the financial planning profession. The program is a Certified Financial Planner Board of Standards registered program, and students are eligible to sit for the CFP® Exam upon graduation.*

Learning Objectives

Students will demonstrate the ability to:

1. Analyze a client's current financial position.
2. Review a client's risk management needs.
3. Estimate the current capital and future savings needed to fund goals.
4. Prepare and present recommendations for meeting goals.
5. Consider the impact of income and estate tax law on achieving goals.

The Financial Planning concentration has required classes in Financial Planning, Risk Management, Investments, Income Tax, Estate Tax, Retirement Planning, and Financial Plan Development.

This curriculum covers all the major areas of financial planning, including retirement, employee benefits, income tax, estate planning, and risk management. The option is most appropriate for those who intend to enter the financial planning profession as credit counselors, financial advisors, financial planners, wealth managers, or financial product representatives.

Accelerated Program

The Financial Planning concentration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three

years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Potential Occupations

Financial Planning students are prepared for a number of different careers in business. Internships and volunteer experiences enhance skills and marketability.

Examples of financial-planning-related occupations include, but are not limited to: financial planner, investment advisor, consumer credit

counselor, personal banker, investment wholesaler, insurance agent, and trust advisor.

*Certified Financial Planner Board of Standards Inc. owns the certification marks CFP CERTIFIED FINANCIAL PLANNER™ in the U.S., which it awards to individuals who successfully complete CFP Board's initial and ongoing certification requirements.

Requirements

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Program Total Credits:	120
-------------------------------	------------

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.

³ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course (Business and non-Business subject codes) except when a course only allows S/U grading.

Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has

at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Financial Planning concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Select at least one from the following:		6
	Education Abroad experience	
	Internship with global focus	
	L*** language course	

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

Second Concentration Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as “Undeclared Business Interest” and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Financial Planning concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Major in Business Administration, Real Estate Concentration

This program is designed to prepare undergraduate students for careers as professionals in real estate and related industries. Real estate is the largest industry in the world representing nearly 50% of the world's wealth. The real estate profession offers one of the most diverse career selections in the business world today. It is a multi-disciplinary profession that coordinates architecture, construction, law, finance, marketing, property management, and urban dynamics. Real estate professionals help find, provide, and manage space for people to work, sleep, shop, eat, and play. Those who choose careers in real estate are typically goal-oriented, persevering, self-motivated, and possess an entrepreneurial spirit. Furthermore, they must be creative and able to research, analyze, negotiate, and pay attention to details. No two projects or investments are ever the same. Rewards of a real estate career include potential for high earnings, independence, flexibility, and an opportunity to help people.

Learning Objectives

Students will demonstrate:

1. The ability to evaluate physical real estate (land and building analysis).
2. The ability to perform financial real estate analysis (including time value of money).
3. The ability to assess and manage risk.
4. The ability to conduct market analysis and identify opportunities.
5. An understanding of property and portfolio management.

Accelerated Program

The Real Estate concentration includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Potential Occupations

Real estate graduates find professional employment in many fields. Students interested in commercial real estate may find employment in property and land development, property acquisition, property management, commercial mortgage lending, commercial real estate brokerage, asset management, government housing, commercial construction, or Real Estate Investment Trust (REIT) analysis, investment, or management. Students interested in real estate finance may find employment in commercial real estate investment banking, residential real estate lending for both development and loan underwriting, financial analysis, real estate securities analysis, insurance underwriting, commercial real estate brokerage, government housing finance and

investment, or construction lending and research. Students interested in residential real estate may find employment in residential brokerage, residential marketing, residential appraisal, residential finance, residential home inspection services, home construction consulting, or residential development.

Requirements

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Immersion: International Business Group 3 – Experiential Learning Requirement (6 credits)

Code	Title	Credits
Select at least one from the following:		6
	Education Abroad experience	
	Internship with global focus	
	L*** language course	

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

Second Concentration Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as “Undeclared Business Interest” and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Real Estate concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Minor in Real Estate

The College of Business offers a minor in Real Estate to majors in other colleges. The minor explores the fundamentals of real estate. Consisting of 21 credits, it covers an introduction to the field of real estate, real estate law, selling, appraisal, and principles of real estate finance.

Learning Objectives

Upon successful completion, students will be able to:

1. Evaluate physical real estate (land and building analysis).
2. Perform financial real estate analysis (including time value of money).

3. Assess and manage risk.
4. Conduct market analysis and identify opportunities.
5. Evaluate real estate properties and real estate portfolios.

Requirements Effective Fall 2021

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Lower Division:		
ACT 205	Fundamentals of Accounting	3
BUS 205	Legal and Ethical Issues in Business	3
or BUS 260	Social-Ethical-Regulatory Issues in Business	
Select one of the following Economics courses:		3
AREC 202	Agricultural and Resource Economics (GT-SS1)	
ECON 202	Principles of Microeconomics (GT-SS1)	

ECON 204	Principles of Macroeconomics (GT-SS1)	
Upper Division:		
FIN 305	Fundamentals of Finance	3
REL 360	Real Estate Principles	3
Real Estate Courses – Select 6 credits from the following:		6
REL 367	Real Estate Law	
REL 430	Real Estate Market Analysis	
REL 454/ AREC 454	Real Estate Appraisal	
REL 455	Real Estate Finance	
REL 460	Real Estate Investment	
Program Total Credits:		21

Graduate Certificate in Applied Finance

Students obtain a solid background in business finance and investments by completing graduate-level introductory finance courses and more advanced electives in specialized areas of finance. Students select electives that best meet their educational and career goals.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Students will:

1. Analyze financial data using current statistical tools.
2. Use financial ratio analysis to assess the health of a company.
3. Understand the structure, function, and operation of financial markets.
4. Describe the role and importance of financial institutions in the global economy.
5. Value stocks, bonds, and other securities, and measure their risk and return.
6. Understand how portfolio diversification affects risk and return.
7. Identify key regulatory and legal issues that affect financial markets and institutions.
8. Apply core finance concepts to analysis of specialized financial products and institutions.

Requirements Effective Fall 2023

Additional coursework may be required due to prerequisites.

Code	Title	Credits
BUS 601	Quantitative Business Analysis	2
BUS 640	Financial Principles and Practice	2
BUS 641	Financial Markets and Investments	2
Select 5 credits from the following:		5
FIN 602	Options and Futures	
FIN 603	Corporate Risk Management	
FIN 604	Employee Benefits	
FIN 605	Enterprise Valuation	
FIN 606	Fundamentals of International Finance	

FIN 607	Fundamentals of Bond Markets	
FIN 608	Fundamentals of Firm Valuation	
FIN 609	Fundamentals of Personal Finance	
FIN 612	Private Equity and Venture Capital	
FIN 613	Alternative Investments	
FIN 650	Behavioral Finance	
REL 601	Fundamentals of Real Estate Finance	
REL 602	Real Estate Finance and Investments	
Program Total Credits:		11

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Applied Investments

This certificate provides a solid background in applied investments for MBA students, working professionals and eligible students in other disciplines. Students complete selected graduate level courses in investments and quantitative reasoning. Topics include behavioral finance, real estate and alternative investments.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion of this program, students will be able to:

1. Analyze and evaluate active and passive portfolios and technical trading patterns.
2. Value stocks, bonds, options and other securities, and measure their risk and return.
3. Describe the structure and role of mutual funds and exchange traded funds in investment portfolios.
4. Analyze how portfolio diversification affects risk and return.
5. Apply investment analysis techniques to real estate and alternative investments.
6. Analyze the role of psychological factors in investment behavior and financial markets.

Requirements Effective Spring 2022

Additional coursework may be required due to prerequisites.

Code	Title	Credits
BUS 601	Quantitative Business Analysis	2
BUS 641	Financial Markets and Investments	2
FIN 613	Alternative Investments	2

REL 602	Real Estate Finance and Investments	2
Program Total Credits:		10

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Graduate Certificate in Corporate Finance

This certificate will provide a solid background in corporate finance for MBA students, working professionals and eligible students in other disciplines. Students will complete selected graduate level courses in finance and accounting. The accounting courses provide requisite financial literacy knowledge that is foundational for the other courses that hone financial acumen skills in financial decision making and valuation with an international focus.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Learning Objectives

Upon successful completion, students will be able to:

1. Use financial ratio analysis to assess the financial health and performance of a company.
2. Use discounted cash flow models to value stocks and bonds.
3. Analyze risk and return properties of equity and fixed income securities.
4. Estimate the cost of capital for a publicly held firm.
5. Apply time value of money techniques to analyze capital budgeting projects.
6. Understand and apply basic concepts and tools of international financial management.

Requirements Effective Spring 2022

Additional coursework may be required due to prerequisites.

Code	Title	Credits
BUS 614	Accounting Concepts	2
BUS 616	Financial Reporting and Analysis	2
BUS 640	Financial Principles and Practice	2

Program Total Credits:		9

*This certificate may have courses in common with other graduate certificates. A student may earn more than one certificate, but a given course may be counted only in one certificate.

Master of Finance, Plan C (M.Fin.)

CSU's Master of Finance is a highly quantitative, 30-credit program offered on campus that provides a comprehensive study of the principles, processes, and practices of modern finance including investment analysis, portfolio management, financial management, and risk management.

The program covers content required for the Chartered Finance Analyst (CFA®) and Financial Risk Manager (FRM®) exams and provides a good foundation for students who want to further their education beyond the master's program.

This degree program is designated as a science, technology, engineering, and math (STEM) field. The STEM designation allows international

students the opportunity to receive a visa extension after they have completed their degree.

Learning Objectives

Students will demonstrate the ability to:

1. Describe the function and structure of securities markets and financial intermediaries in a global economic environment.
2. Estimate the value and equilibrium rates of return to domestic and international equity and debt claims via models of cash flow and relative value.
3. Describe and analyze the use of derivative instruments in managing risks to equity, debt, and currencies in domestic and international markets.
4. Describe, estimate, and interpret statistical models of financial risk, returns, volatility, and firm value.
5. Explain and demonstrate the concept of arbitrage in valuing firms, financial assets, and derivative instruments.

Employment Opportunities

Finance students are prepared for a number of different careers in business.

Examples of fields in which Master of Finance graduates can find finance-related occupations include the following: commercial, mortgage, and investment banking; corporate finance; investments; portfolio management; financial analysis; securities analysis; loan analysis; risk management and insurance; stock brokerage; government banking and securities regulation; government finance; and teaching and research.

Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Requirements for All Graduate Degrees

For more information, please visit Requirements for All Graduate Degrees in the Graduate and Professional Bulletin.

Summary of Procedures for the Master's and Doctoral Degrees

NOTE: Each semester the Graduate School publishes a schedule of deadlines. Deadlines are available on the Graduate School website (<https://graduateschool.colostate.edu/deadline-dates/>). Students should consult this schedule whenever they approach important steps in their careers.

Forms (<https://graduateschool.colostate.edu/forms/>) are available online.

Step	Due Date
1. Application for admission (online)	Six months before first registration
2. Diagnostic examination when required	Before first registration
3. Appointment of advisor	Before first registration
4. Selection of graduate committee	Before the time of fourth regular semester registration
5. Filing of program of study (GS Form 6)	Before the time of fourth regular semester registration
6. Preliminary examination (Ph.D. and PD)	Two terms prior to final examination
7. Report of preliminary examination (GS Form 16) - (Ph.D. and PD)	Within two working days after results are known
8. Changes in committee (GS Form 9A)	When change is made
9. Application for Graduation (GS Form 25)	Refer to published deadlines from the Graduate School Website
9a. Reapplication for Graduation (online)	Failure to graduate requires Reapplication for Graduation (online) for the next time term for which you are applying
10. Submit thesis or dissertation to committee	At least two weeks prior to the examination or at the discretion of the graduate committee
11. Final examination	Refer to published deadlines from the Graduate School Website
12. Report of final examination (GS Form 24)	Within two working days after results are known; refer to published deadlines from the Graduate School website
13. Submit a signed Thesis/Dissertation Submission Form (GS Form 30) to the Graduate School and Submit the Survey of Earned Doctorates (Ph.D. only) prior to submitting the electronic thesis/dissertation	Refer to published deadlines from the Graduate School website.
14. Submit the thesis/dissertation electronically	Refer to published deadlines from the Graduate School website
15. Graduation	Ceremony information is available from the Graduate School website

Certificate

- Graduate Certificate in Global Supply Chain Management

Courses

Subjects in this department include: Management (MGT).

Management (MGT)

MGT 301 Supply Chain Management Credits: 3 (3-0-0)

Course Description: Concept of value-driven supply chains; design and management of effective supply chains; emphasis on current practice and recent trends.

Prerequisite: None.

Registration Information: Sophomore standing. Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 305 Fundamentals of Management Credits: 3 (3-0-0)

Course Description: Managerial process of planning, directing, and controlling inputs of an organization. Analysis, decision making, and survey of research literature.

Prerequisite: None.

Registration Information: Sections may be offered: Online. Credit not allowed for both MGT 305 and MGT 320.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 310 Human Resource Management Credits: 3 (3-0-0)

Course Description: Principles and practices of employee management including hiring, development, compensation, and employee relations.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 320 Contemporary Management Principles/Practices Credits: 3 (3-0-0)

Course Description: Principles of management in combination with practices of the new economy to achieve managerial goals.

Prerequisite: BUS 300.

Registration Information: Credit not allowed for both MGT 320 and MGT 305. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 330 Creativity, Innovation, and Value Creation Credits: 3 (3-0-0)

Course Description: How creativity and innovation can be developed for application in value creation.

Prerequisite: None.

Restriction: .

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 340 Fundamentals of Entrepreneurship Credits: 3 (3-0-0)

Course Description: Concepts of entrepreneurship and role of entrepreneurs in the economy.

Prerequisite: None.

Registration Information: Sections may be offered: Online. Credit not allowed for both BUS 405A and MGT 340.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 341 Creating New Ventures Credits: 3 (3-0-0)

Course Description: Develop skills in salient dimensions of new venture creation—especially relating to creating value in new ventures. Learn about theoretical conceptualizations of entrepreneurship and how to apply in practice. Provides some tools that enable entrepreneurial action and requires students to use these tools to build and create value as they work to develop opportunities.

Prerequisite: MGT 340.

Registration Information: Offered as an online course only. Non-Business Administration majors and non-Entrepreneurship and Innovation minors. Credit not allowed for both MGT 341 and MGT 420.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 350 Employment Relations: The Legal Environment Credits: 3 (3-0-0)

Course Description: Legal principle and policy issues arising from the employment relationship.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 360 Social and Sustainable Venturing Credits: 3 (3-0-0)

Course Description: Entrepreneurship and economic opportunities in the transition to a socially and ecologically sustainable global economy.

Prerequisite: None.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing or higher.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 374 Total Rewards and Performance Management Credits: 3 (3-0-0)

Course Description: Principles and best practices for the strategic design and implementation of compensation and performance management systems.

Prerequisite: MGT 310.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 375 Advanced Supply Management Credits: 3 (3-0-0)

Course Description: Advanced design of purchasing and supply management within global supply chains.

Prerequisite: MGT 301.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 376 Advanced Service and Manufacturing Operations Credits: 3 (3-0-0)

Course Description: Advanced concepts for the management of operations in service and manufacturing companies.

Prerequisite: MGT 301.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 377 Advanced Logistics Credits: 3 (3-0-0)

Course Description: Advanced design and management of logistics and distribution operations within global supply chains.

Prerequisite: MGT 301.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 410 Leadership and Organizational Behavior Credits: 3 (3-0-0)

Course Description: Behavior of people and groups as members of organizations.

Prerequisite: MGT 305 or MGT 320.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 411 Leading High Performance Teams Credits: 3 (3-0-0)

Course Description: Design, management, and leadership of teams in organizational settings.

Prerequisite: MGT 305 or MGT 320.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 420 New Venture Creation Credits: 3 (3-0-0)

Course Description: Entrepreneurs and the entrepreneurial process. Growth of an independent business.

Prerequisite: MGT 340.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 424 Design Thinking in Social Entrepreneurship Credits: 3 (3-0-0)

Also Offered As: IDEA 424.

Course Description: Focus on value creation, and delivery of a solution to a team community project. Application of human-centered design, and design thinking processes provide solutions to real world problems facing some of society's most vulnerable populations.

Prerequisite: INTD 210, may be taken concurrently and MGT 340, may be taken concurrently and MGT 360, may be taken concurrently.

Restriction: Must be a: Undergraduate.

Registration Information: Credit not allowed for both IDEA 424 and MGT 424.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 430 Leadership and Social Responsibility Credits: 3 (3-0-0)

Course Description: Social responsiveness of managers as they face expectations in the firm's internal and external environment.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 435 Global Ethical Leadership & Stakeholder Mgmt Credits: 3 (3-0-0)

Course Description: Develop knowledge and competence in global ethical leadership and stakeholder relationships in a global economy.

Prerequisite: BUS 220 and MGT 320.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 440 New Venture Management Credits: 3 (3-0-0)

Course Description: Theories and skills necessary for managing startup and existing small firms.

Prerequisite: None.

Registration Information: Written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 455 Designing for Defense Credits: 3 (0-6-0)

Also Offered As: IDEA 455.

Course Description: A culminating interdisciplinary experience that partners with the United States Department of Defense to propose solutions to vexing problems. Content and activities include a semester-long national security problem. Create a problem brief, develop and test prototypes, and deliver professional presentations to diverse audiences.

Prerequisite: None.

Registration Information: Junior standing. Must have taken at least 3 credits from IDEA 310 subtopics and/or IDEA 320 subtopics or MGT 340. Credit not allowed for both IDEA 455 and MGT 455.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 468 Negotiating Globally Credits: 3 (3-0-0)

Course Description: Characteristics and process of negotiation in a global context.

Prerequisite: MGT 305 or MGT 320.

Registration Information: MGT 305 or MGT 320 or International Studies majors.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MGT 469A Study Abroad--Peru: Global SCM Experience Credits: 3 (0-0-3)

Course Description: Examination of supply chain practices and culture of Peru. Develop an understanding of the management of global aspects of a supply chain as well as the differences between managing a supply chain in a well developed country and a developing country with less infrastructure and expertise in the field.

Prerequisite: MGT 301.

Registration Information: Junior standing. Written consent of instructor. Credit not allowed for both MGT 469A and MGT 482B.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MGT 469B Study Abroad--Portugal: Leading High Performance Teams Credits: 3 (0-0-3)

Course Description: Design, management, and leadership of teams in organizational settings with a focus on how teams are different across different contexts. Explore how national culture impacts organizational team dynamics, processes, and performance and compare and contrast teams in Portugal to those in the U.S.

Prerequisite: MGT 305 or MGT 320.

Restriction: Must not be a: Freshman.

Registration Information: Sophomore standing. Written consent of instructor.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 470 Managerial Decisions-Issues and Analysis Credits: 3 (3-0-0)

Course Description: Investigation and application of managerial decision-making processes and methods to solve problems in business functions.

Prerequisite: (MGT 301) and (MGT 305 or MGT 320).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 473 Employment Relations: Labor and Management Credits: 3 (3-0-0)

Course Description: Managerial decision making and action in labor-management relations as affected by labor legislation and administrative practices.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 474 Human Resource Planning and Development Credits: 3 (3-0-0)

Course Description: Human resource planning, recruitment, selection, training, and development.

Prerequisite: MGT 310.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 475 International Business Management Credits: 3 (3-0-0)

Course Description: Multinational corporations: their scope, activities, managerial problems and decisions.

Prerequisite: (FIN 300 or FIN 305) and (MKT 300 or MKT 305) and (MGT 305 or MGT 320).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 476 Negotiation and Conflict Management Credits: 3 (3-0-0)

Course Description: Principles and practices of negotiation and conflict management including bargaining as a social and managerial activity.

Prerequisite: MGT 320 or MGT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 478 Global Supply Chain Management Credits: 3 (3-0-0)

Course Description: Principles and best practices for the strategic design and implementation of global supply chains.

Prerequisite: None.

Registration Information: Two of the three courses (MGT 375, MGT 376, MGT 377) must be completed with the third either completed or concurrent registration.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 479 Strategic Human Resource Management Credits: 3 (3-0-0)

Course Description: An integration of the various functions of human resource (HR) management. Provides a strategic and data-driven perspective on HR and the development of data analysis and change management skills to improve HR processes. Topics include: strategic HR management, HR as a competitive advantage, balanced scorecard, analytical foundations of HR measurement, descriptive and predictive analytics, change strategies, and responses to organizational change.

Prerequisite: MGT 374 or MGT 474.

Registration Information: Junior standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 482A Study Abroad: International New Venture Creation Credits: 3 (3-0-0)

Course Description: New venture creation taught in an international setting focusing on multi-country contexts. Emphasis on entrepreneurship and intrapreneurship in today's global environments.

Prerequisite: None.

Registration Information: Written consent of instructor. Completion of 60 credit hours.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 482C Study Abroad--Todos Santos: Ventures in Social Entrepreneurship Credit: 1 (0-0-1)

Also Offered As: IDEA 482C.

Course Description: Interdisciplinary, service-learning course that incorporates human-centered design with the business design process in order to provide solutions to real world problems facing some of society's most vulnerable populations. It offers an experiential trip to meet the community partners working in Todos Santos, Mexico.

Prerequisite: None.

Restriction: Must be a: Undergraduate.

Registration Information: Credit not allowed for both IDEA 482C and MGT 482C.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 482E Study Abroad--SE Asia/Indonesia: Global SCM Experience Credits: 3 (0-0-3)

Course Description: Nearly all supply chains are global, requiring supply chain managers to have the skills and cultural understanding to source or operate in other countries/cultures. An experiential trip to Southeast Asia (SE Asia) to experience the culture and how supply chains are managed in these countries.

Prerequisite: MGT 301.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing. Written consent of instructor. This is a partial semester course.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 486A Practicum: Consulting Credits: 3 (1-4-0)

Course Description: Utilize teamwork to solve real business problems for organizations as engaged consulting teams. The team project solves a real and current business challenge, and also helps develop project management, communication, business writing, information technology, public speaking, event planning, time management, group dynamics, and team work skills.

Prerequisite: CIS 200 and FIN 300 and MGT 301 and MGT 320 and MKT 300.

Restrictions: Must not be a: Freshman, Sophomore, Junior. Must be a: Undergraduate.

Registration Information: Written consent of instructor. Must register for lecture and laboratory. Credit not allowed for both MGT 481A1 and MGT 486A. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 486B Practicum: Supply Chain Management Credits: 3 (1-4-0)

Course Description: Research and recommend solutions to "real world" supply chain management problems.

Prerequisite: None.

Registration Information: Sections may be offered: Online. Written consent of instructor. Must register for lecture and laboratory. Two of the three courses (MGT 375, MGT 376, MGT 377) must be completed with the third either completed or concurrent registration.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 487 Internship Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 492A Seminar: Supply Chain Management Credits: 3 (0-0-3)

Course Description: In depth study of a current topic/related topics important to supply chain managers and supply chain management education.

Prerequisite: MGT 301.

Registration Information: Seniors only.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 495 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 496 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 498 Research Credits: Var[1-3] (0-0-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 555 Managing Design for Defense Credits: 3 (3-0-0)

Also Offered As: IDEA 555.

Course Description: Interdisciplinary teams work on national security challenges in close contact with national security agencies (sponsors). Utilizing entrepreneurial thinking, lead and manage teams of undergraduates as they work to employ the Lean Launchpad methodology and develop concepts to solve real-world challenges for sponsors in special operations forces, the intelligence community, and government agencies.

Prerequisite: BUS 600 to 699 - at least 3 credits or IDEA 510 or MGT 600 to 699 - at least 3 credits.

Restriction: Must be a: Graduate.

Registration Information: Bachelor's degree required. Sections may be offered: Online. Credit allowed for only one of the following: IDEA 455, IDEA 555, IDEA 580A1, MGT 455, MGT 555, or MGT 580A1.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 600 Manufacturing Process and Systems Design Credits: 3 (3-0-0)

Course Description: Strategic understanding of alternate manufacturing processes and systems design support needed to manage those processes.

Prerequisite: BUS 620 and BUS 625.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 601 Enterprise Computing and Systems Integration Credits: 3 (3-0-0)

Also Offered As: CIS 601.

Course Description: Integrated extended enterprise planning and execution systems concepts including ERP, CRM, SCM, MRP II, business processes, front/back office systems.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the MACC or MCIS program.

Sections may be offered: Online. Credit not allowed for both CIS 601 and MGT 601.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 610 Strategic Human Resource Management Credits: 3 (3-0-0)

Course Description: Strategic issues associated with recruiting, staffing, evaluating, compensating, and developing employees; leadership issues associated therein.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to master's program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 611 Management of Organization Development Credits: 3 (3-0-0)

Course Description: Methods for managing organizational change.

Prerequisite: MGT 305 or MGT 320.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 612 Managing in a Global Context Credits: 3 (3-0-0)

Course Description: Global management and HR development issues/practices. Cross-cultural issues in organization behavior, recruitment, selection, training, compensation.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to GSSE program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 620 Management Credits: 3 (3-0-0)

Course Description: Practices, policies, philosophies, and behavior.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 640 Supply Chain Management Strategies Credits: 2 (2-0-0)

Course Description: How to create an effective supply chain management system to establish an efficient network for supplying final consumption.

Prerequisite: MGT 600.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 663 Strategic Opportunities in Impact Enterprise Credits: 3 (3-0-0)

Course Description: Gain foundational knowledge of central sustainability challenges, concepts and tools of strategic management and entrepreneurship, and discover the economic opportunities present in the resolution of social and environmental issues. Develop an understanding of the role of corporations and entrepreneurs in resolving market imperfections, addressing sustainability challenges, and transitioning to a more sustainable economy. Introduce sustainability practices used by corporations and new ventures.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the Impact MBA.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 665 Supply Chain Development and Management Credits: 2 (2-0-0)

Course Description: This course teaches the development and management of the global supply chain that plans, sources, makes and delivers an organization's products.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 667 Global Social Sustainable Entrepreneurship Credits: 3 (3-0-0)

Course Description: Global challenges—poverty, environmental degradation, public health, agriculture. Role of entrepreneurial management in private and public sector.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 668 New Venture Development for Social Enterprise Credits: 3 (3-0-0)

Course Description: Early stages of a new venture, including creation of business plan. Additional study of social entrepreneurship and sustainable business strategies.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 675 Purchasing and Supply Management Credit: 1 (1-0-0)

Course Description: Examine purchasing and supply management practices. The supply and demand shocks provide evidence regarding the importance of supply management and building resilient supply chains. Gain an understanding of the strategy and tactics to efficiently and effectively manage global supply chains to bring value to customers and the firm.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business. This is a partial semester course. Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 676 Service and Production Operations Credit: 1 (1-0-0)

Course Description: Examine the elements of operations management and how operations integrate into the supply chain. Manufacturing and service ops deliver value-added goods and services for the company and comprise the bulk of a firm's investment, personnel and resource use. Learn about ops strategies and tactics to efficiently/effectively manage global operations and deliver value to customers and the firm.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Face-to-Face, Mixed Face-to-Face, or Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 677 Logistics and Distribution Credit: 1 (1-0-0)

Course Description: Provides an understanding of logistics networks and systems. Gain an understanding of the strategy and tactics to efficiently and effectively manage logistics networks to bring value to customers and the firm.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 679 Principles of Strategic Management Credits: 3 (3-0-0)

Course Description: Processes through which firms choose and implement strategies. Formulation and implementation of strategic management process in variety of industries.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 695 Independent Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 696 Group Study Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 699 Thesis Credits: Var[1-18] (0-0-0)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Business Administration, Human Resource Management Concentration

This program is designed to develop in students a comprehensive knowledge of human resource (HR) management along with the skills necessary for implementing strategic, effective, and legally defensible HR practices in contemporary business organizations. Human resource professionals operate in a dynamic and changing world, managing the organization's relationship with its employees. They develop and manage people, practices, and policies to ensure that they produce employee attitudes, skills, behaviors, and performance that companies need to achieve their strategic goals. They are commonly responsible for recruiting, hiring, onboarding, training and developing, evaluating performance, compensating, providing benefits, counseling, and terminating employees. HR Professionals are employed in every industry and are an essential partner in an organization's strategic vision for the future and for ensuring the right people are in place. It is essential that an HR professional learn and master key knowledge, skills, and abilities including critical thinking, confidentiality, change management, communication, negotiation and conflict management, business acumen, interpersonal skills, organizational skills, and fairness. In addition to the All-University Core Curriculum, course work for a concentration in Human Resource Management includes the College of Business Core and various management electives that allow the student to structure a program around his or her educational and/or career interests.

Learning Objectives

Students will demonstrate:

1. Knowledge and skills necessary to assume entry-level HR positions in preparation for pursuing careers in a wide variety of organizations and industries;
2. Knowledge and skills to develop and implement HR practices in a strategic, legal, and ethical manner;
3. Understanding of HR's role in the efficient and effective operations of organizations and their human resources; and
4. The ability to create and manage HR practices that respect and encourage diversity and inclusion in the workplace.

Potential Occupations

Some examples include, but are not limited to the following:

Compensation Analyst, Employee Benefits Manager, Employee Relations Manager, Health & Safety Manager, Human Resource Assistant, Human Resource Consultant, HR Information Systems Manager, HR Metrics Analyst, Human Resource Manager, Job Analyst, Labor Relations Specialist, Orientation Specialist, Recruiter, Training and Development Specialist, Wellness Program Administrator, Workforce Planning Specialist.

Requirements

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Effective Fall 2024

Freshman

		AUCC	Credits
BUS 100 or 105	Introduction to Business Exploration of Business		1

Total Credits			27
Program Total Credits:			120

¹ BUS 220 and BUS 225 will fulfill the AUCC 3B requirement. If BUS 201 is selected, 3 additional credits in AUCC 3B must be completed before graduation.

² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.

³ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level). A minimum of 6 elective credits must be upper-division.

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

Major Completion Map

Distinctive Requirements for Degree Program:

To Declare this Major: Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business

is one who is actively involved in their high school and community, has at least a 3.200 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen admitted to CSU but not directly to the College of Business will be admitted as "Undeclared Business Interest" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared Business Interest) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course.

External transfer students who have completed a minimum of 15 graded credits with a 3.000 cumulative GPA and a grade of B- or higher in ECON 202 and a grade of C- or higher in each course (total of 3 credits) from the following: MATH 117, MATH 118, MATH 124, MATH 125, MATH 126, MATH 141, or a higher level calculus course. External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

To Prepare for First Semester: The Curriculum for the Business Administration-Human Resource Management concentration assumes students will be able to successfully complete the College of Business Math requirement within the first year.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.

Program Total Credits:					120

Second Concentration with International Business

A second concentration in International Business may be taken in conjunction with the Human Resource Management concentration. Upon

graduation, both concentrations will be noted on a student's official transcript.

Effective Fall 2024

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement.
