MEMORANDUM

TO: Deans, Directors and Department Heads DATE: 9/10/73

FROM: L. L. Overturf

SUBJECT: Change in Reporting Degrees Awarded by CSU

REMARKS:

For many years, the Office of Admissions and Records has prepared reports on the number of degrees awarded during an academic year. It is necessary for the University to report statistical data to the state and federal governments based on fiscal year. The Commission on Higher Education requires our FTE production reports, graduates, and so forth, reported on a fiscal year basis. It is therefore necessary to change the method of reporting degrees awarded during a given year to reflect degrees awarded during the fiscal year, July 1 through June 30.

Conversion to the fiscal year reporting takes place at this printing. Students who graduated on August 19, 1973 are not included in the degree statistics. However, in the transition to the new reporting procedure, I have delayed distribution of this report until September so that we could reflect degrees awarded Summer Quarter 1973 as an appendix. They are not included in the 1972-73 totals. The degrees awarded report for 1973-74 will be released in July 1974 and will not contain an appendix.

REPORT OF DEGREES AWARDED

For the purpose of this report a year includes all degrees awarded in the period of July 1st to June 30th. Thus, 1973 figures include the degrees awarded Summer 1972, Fall 1972, Winter 1973, and Spring 1973. The statistics by degree program commencing on page 3 are tabulated by the August Commencement and the June Commencement.

There was a slight increase in the number of degrees awarded this year over last year. A total of 3,410 degrees were awarded in 1973, an increase of 0.3% over the 3,401 awarded in 1972. The 3,410 degrees awarded included 2,561 bachelors degrees, 79 D.V.M. degrees, 618 masters degrees, and 152 doctors degrees.

Since the first bachelor degrees were awarded in 1884 a total of 34,591 have been awarded. The first masters degree was awarded in 1893 and 7,242 have been awarded to date. Since 1904, 2,359 D.V.M. degrees have been awarded. And 963 doctors degrees have been awarded since the first in 1955.

Men received 65.1% of the degrees this year and women received 34.9%. This is a change from last year of the men receiving 66.5% of the degrees and the women receiving 33.5%.
