Trial Garden Map

Colorado State University 2023 Flower Trial Garden

Purpose

The flower trial garden evaluates the performance of flower varieties under our unique Rocky Mountain environmental conditions. Our growing conditions are characterized by high altitude (~5,000 ft.), intense solar radiation, drying winds, severe hailstorms, large fluctuations between day and night temperatures, season-long need for irrigation and heavy clay soils. Plants are evaluated based on plant vigor, uniformity, floriferousness and tolerance to environmental and biotic stresses. Variety performances are judged by selected students, faculty, industry representatives, public horticulturalists, and advanced Master Gardeners.

We had 25 companies participate in our 29th annual, industry-supported, plant trials. The garden was planted with approximately 1,000 different plant varieties this year. Plants are grown in either full sun or under a shade structure that provides about 60 to 70% shade. The plant companies indicate where they would like their varieties grown; in a ground bed, a container, or in both situations. For each ground trial entry, the goal is to plant 2 parallel rows with 9 plants per row for a maximum of 18 plants. Each 20” container is planted with 5 plants. A combination (combo) container is planted with 3 combo plugs with 3 plants in each plug. There were 485 varieties planted in sun beds, 50 varieties planted in shade beds, 523 varieties planted in sun containers, and 100 varieties planted in shade containers.

2023 Participating Companies:

American Takii Inc.	HilverdaFlorist
Ameriseed	Kieft Seed Co.
Ball FloraPlant	PAC
Ball Ingenuity	PanAmerican Seed
Beekenkamp	Plants Nouveau
Benary+	Proven Winners
Bull Plant Genetics	Sakata Seed America Inc.
Cerny Seed	Selecta One
Danziger	Suntory Flowers Limited
DarwinPerennials	Syngenta
Dummen Orange	Tagawa Greenhouse
GardenChoice®	Westhoff Flower
Green-Fuse Botanicals	

In Kind Donations

ICL Specialty Fertilizer - Osmocote slow-release fertilizer used in beds and containers.

Harrell's – Water soluble and slow-release fertilizers for containers.

Tagawa's - Potting media used to grow-on vegetative plugs.

Organix - Organic media for sun beds and containers.

T.O. Plastic and BFG Supply – 20 cases of 4.5” pots

Gulley Greenhouse – miscellaneous filler plants

Welby Gardens - Grew all All American Selection (AAS) seed plants as a gift in kind.
Blooma Farms Greenhouse, Kiyota Greenhouse, Inc. - propagated seed grown plants at a substantially reduced cost for the trials.

In Appreciation

The Department of Horticulture and Landscape Architecture would like to recognize and thank the following people for making the trial gardens happen this year.

David Staats – Horticulture Research Associate

Tate Erickson – Undergraduate Student and Annual Trial Garden Coordinator

The Trial Garden Staff –Erin Simpson, Lauren DiFraia, Ian McLellan, Samantha Altaffer, Tara Conroy, and Jo Dolphin

All the Larimer & Weld County Master Gardeners who volunteered their time and hard work.

Blooma Farms Greenhouse, Kiyota Greenhouse, Welby Gardens, and all their staff.

The Trial Garden Advisory Committee

Dan Gerace (Welby Gardens), Al Gerace (Welby Gardens), Galen Dokter (Vaughan's Horticulture), Amy Gonzalez (Syngenta Flowers), Kathy McKay (Schoneveld, Bull PG), Mark Seguin (Sakata Ornamentals),Stephanie Gutierrez (Plants by Stephanie), Steven Engel (PanAmerican Seed), Dale Kiyota (Kiyota Greenhouses), John Navant (Hylands Hills Park and Rec), Beth Gulley (Gulley Greenhouse), Gene Pielin (Gulley Greenhouse), Jim Devereux (GreenFuse Botanicals), Traicer Gray (Elitch Gardens), Diana Reavis (Eason Horticulture), Peter Ault (Dutch Heritage), Bridget Blomquist (Denver Botanic Garden), Cassie Doolittle (Denver Botanic Garden), Philip Douglas (Denver Botanic Garden), David Hartley (CSU Emeritus), Holly Shields (City Park Greenhouse), Julie Lehman (City Park Greenhouse), Shalene Hiller (City of Westminster), Sean Moody (Ceres Land Care), Ryan Giacomini (Browns Greenhouse), Scott Fulton (Botany Lane Greenhouse), Doug Parry (Benary Plus), Susan Stauber (Ball Horticulture), Nora Lozada (Ball Horticulture), Ron Brum (Ball Horticulture), Aaron Bivens (Altman Plants), Jim Klett (CSU), David Staats (CSU), Chad Miller (CSU), Kaitlyn Curtis (City of Westminster), Ashley Stevenson (Tagawa Greenhouse), Bev Shaw (Plant Select), Chris Freeman (Dummen Orange), and Brian Krug (Syngenta)

An Invitation

You are cordially invited to tour the garden at your leisure and enjoy the color and ambiance of a place that is like no other in Colorado. Any suggestions for future programs or improvements are welcomed. Please contact us with your ideas and thoughts!

Chad Miller, Ph.D.

Annual and Perennial Flower Trial Garden Faculty Director; Assistant Professor

2023 CULTURAL DATA

Growing

All seeds were sent to Blooma Farms Greenhouse and Kiyota Greenhouse, Inc in January and February 2023 for germination and growing-on in their greenhouses into cell packs or 50-cell trays. All varieties of the same genus were sent to one location. Seed varieties from these two companies were received on June 9th and 19th and planted in the garden starting on June 12th and 20th. All vegetative varieties were received as plugs and transplanted into 4.5” pots shortly after arriving at Colorado State University from late March to mid-April.

Fertilization in Greenhouses*

Dosatron[®] fertilizer injectors rated at 7 GPM were used in the greenhouses to fertilize plants each day they were watered, with the exception that every weekend they were watered with clear water. GreenCare and Harrell’s 14-4-14 water soluble fertilizer was used. Plants were grown in the greenhouses at the CSU Horticulture Center and fertilized at a rate of 200 ppm N.

Chemicals Used in Greenhouses

A Banrot[®] drench (6 oz/gallon) was applied to all vegetative plugs immediately after arrival and prior to transplanting as a preventative fungicide treatment.

There were minor pest issues this spring in the greenhouse. Dominion (imadacloprid) was applied on May 15th for aphids. Flagship 25WG (thiamethoxam) was applied as a treatment for aphids on May 23rd and again on June 21st.

Trial plants growing in the Horticulture Center Greenhouse.

* No endorsement of products named is intended nor is criticism of products not mentioned.

Soil Amendments and Preparation

All beds were raked clean of old mulch, planting material and weeds prior to planting. Where necessary, RoundUp (glyphosate) was sprayed on weeds. Prior to planting, some Grower's Mix media from Organix Supply Inc. was added to sun beds where media was low. The beds were roto-tilled to a depth of 8" which helped incorporate the new media. After tilling, the beds were crowned for better drainage and raked smooth. For containers, all the containers were replaced in spring 2022, Organix Grower's Mix media was used to fill the entire container and an updated soil analysis follows. Banrot (1/4 teaspoon/pot) was sprinkled over the soil and watered in.

Soil Analysis

	pH	E.C. mmhos/ cm	Lime Estimate	% O.M	NO ₃ -N	P	K	Zn	Fe	Mn	Cu	Texture

<i>Hydrangea</i>	26	14			

Containers

There were extra containers located in the sun near the University Center for the Arts which were filled with AAS trial plants, or some companies requested part-shade or multiple sun exposures using more containers in 2023. Three extra shade containers were planted with *Achimenes* as a part of Dr. Miller’s research.

Watering Schedule

Plants were watered on an “as needed” basis during greenhouse production. All plants were thoroughly hand watered after being planted in the garden or in the container. Subsequently, over the growing season, container trials were irrigated three times a day (depending on rain), every day, for about the first two weeks after planting and then twice a day after that. Each container has 2 drip emitters positioned towards the center that are rated at 1 GPH. All sun containers were irrigated for 60 minutes per cycle and the shade containers ran for 30 minutes per cycle. Beds are zoned according to weekly water-use requirements of 0.5”, 1.0” and 1.5” of water per week. Irrigation was applied 2 to 3 times a week for varying amounts of time (depending on the rate) starting around July 12. Due to increased rain events this summer, the irrigation was sometimes decreased depending on how much water the individual beds needed.

Fertilization in Garden

All beds were top-dressed with Pro Rich Fertilizer (14-5-5) at the rate of 1 pound N per 1000 square feet prior to planting. Prior to planting, Osmocote (14-14-14) was applied to all sun beds at the rate of 6.4 grams/sq. ft. (suggested medium rate on label) or approximately 160 grams/variety. Osmocote (14-14-14) was applied to the shade beds at a rate of 3.2 grams/sq. ft. or approximately 80 grams/variety.

Pre-plant Osmocote (14-14-14) application was applied to all sun containers at a rate of 130 grams/pot and mixed into the media prior to planting. Post-plant Osmocote (14-14-14) application was applied to all shade containers at a rate of 65 grams/pot. Greencare water soluble fertilizer (20-10-20) was dispensed through a 100 GPM Dosatron twice a week at a rate of 200 ppm during the growing season. A transition to Harrell’s water-soluble fertilizer (14-4-14) was dispensed after 7/14. Supplemental chelated iron (Ferrilene 6%) was added to Calibrachoa containers on 7/7 (2.27g/gallon).

Maintenance of Flowers & Pinching

Greenhouse Maintenance

Genus	Maintenance
<i>Pelargonium</i>	Deadheaded 4/29
<i>Dahlia</i>	Deadheaded 5/25

Garden Maintenance

Genus	Maintenance
<i>Pelargonium</i>	Deadheaded 7/18, 8/24
<i>Dahlia</i>	Deadheaded 7/25, 8/4(light), 8/18

Weed Control

RoundUp® was applied to all beds prior to tilling in the spring, as well as a spot treatment around the containers. Otherwise, all weeding was done by hand throughout the season.

Pest Control in Garden

Two applications of Acelepryn® (*chlorantraniliprole*) were applied to marigolds, sunflowers and cuphea; July 20th and 27th.

Disease Control in Garden

ZeroTol® was applied as a soil drench prior to planting, on May 17th. This was done as a preventative measure against *Xanthomonas*. The annual garden has its own supplies and tools in order to reduce the potential spread of disease from other sites.

RootShield® was applied to all sun beds on June 28th as a biological preventative fungicide treatment. Mural® fungicide was applied to half the sun beds June 26th and the other half July 6th. Palladium® was applied to all sun beds July 14th and July 15th as a preventative fungicide treatment. Bayleton® was applied on August 17th as a fungicide treatment on the petunias for *Sclerotinia*.

Monthly Average Temperatures and Precipitation for Summer 2023

Month	Avg. Maximum Temperature (°F)	Avg. Minimum Temperature (°F)	Precipitation (Inches)
April	63.2	32.9	1.27
May	72.7	47.2	3.33
June	76.9	53.2	5.60
July	86.5	57.9	3.95
August	85.6	57.2	5.62
September	81.2	50.1	0.67

Data Collection Methods

Plant Size

Height and width measurements were taken twice during the growing season, July 12th and August 11th. This was done to get an indication for the average size of the plants and each variety's growth performance. For consistency in bed data collection, the third plant from the front of the right row was measured; however, if that plant was noticeably smaller or larger than average on July 12th an alternate plant was selected for measurement and the location was noted so the same plant would be measured when the second measurements were taken. Measurements were taken at the highest and widest parts of the plant, including any flowers. This may account for the decrease in height on some varieties. For containers, measurements were taken at the highest and widest parts of overall growth.

Flowering Performance

Bloom period data for each variety has been taken since 2007. These data can provide insight and an indication for how long the plants were in bloom and how well they bloomed during that time period. Data were collected on a regular basis; every 7 to 14 days. Overall flowering data were based on a scale of 1 to 5, with 1 = plants not in bloom or have very few blooms and 5 = plants in full bloom or peak bloom (typically the stage at which the average consumer perceives the plant as being in perfect bloom). One should take into consideration the broad range between these ratings when interpreting these data. If a variety started at full bloom (5), it means it was already in full bloom in the greenhouse before it was planted. All these data are presented in numerical fashion in this performance evaluation. Near the end of the season, any dead plants in the trial were not considered in the evaluation: thus, the data given always reflects the percent of live plants in bloom.

Individuals evaluating sun beds on Industry Evaluation Day.

Evaluation

The trial evaluation day was held on August 8th, 2023. There were 249 judges consisting of industry representatives, master gardeners, university employees, and trial garden advisory committee members evaluated the plant varieties for performance. Most provided evaluations using the digital format, with less than 45 having used the paper evaluation forms. This was the 5th year offering the digital evaluation format.

Each evaluator provided an overall rating for each variety based of the scale of 1 to 5 (1 = very poor performance; 5 = excellent performance). All the overall ratings were used to calculate the final average rating for each variety in the trials. Participants were encouraged to provide comments and other observations on the evaluation form.

The pre-populated comments evaluators could choose from included: Low vigor, Vigorous plant, Few flowers, Many flowers, Uniform, Non-uniform, Unique color and Some chlorosis. using a combination of these criteria:

Plant Quality:

- Uniformity of plant habit
- Bushy, well-branched shape versus open and leggy
- Healthy foliage (deep green versus chlorotic, yellow leaves)
- Foliage texture
- Disease resistance

Flower Quality:

- Flower power (number of flowers per plant, substance and holding power)
- Flower presentation (i.e., not hidden by the foliage)
- Color uniformity
- Stable color (resistance to fading) and stable pattern (for bicolor)
- Flower size and uniformity of flowers
- Balance of color in a mixture

Overall Presentation:

- Overall “clean” look, versus visible spent blooms
- Fragrant flowers and/or foliage
- Good vigorous growth
- Resistance to climatic stress
- Novelty value of unique features
- Overall consumer appeal

Selection of “Best Of” Winners and “Other Outstanding Plants”

Ratings from all evaluators on August 8th were averaged and the top five in each class were placed on a preliminary list. A class was determined to be any group of plants in the same genus that consisted of 10 or more trial entries. The “Best Of” award was given to classes who's top five list had ratings of at least 4.0 and one of them could be considered superior. A subcommittee of university and industry representatives revisited the garden on September 8th to review the top five list and verify the superiority of the top-rated varieties later in the season and not just on August 8th. A majority vote was taken for each class to determine the final selections for winners. The “Best Of Show” was determined from one of the winners in the other classes.

2023 Trials Information Summary

Participating Companies	25
Total number of entries (excluding AAS)	1,158
Varieties grown in the ground	535
Varieties grown in a container	623
Varieties propagated by seed	246
Varieties propagated by cuttings	912
Number of genera represented	43
Number of student employees dedicated to the project	
Spring (part-time; 10-20 hours per week)	4
Summer (full time; 40 hours per week)	3
Fall (part-time; 10-20 hours per week)	3

Evaluators on Industry Evaluation Day on August 8, 2023.

“Best Of...” Annuals from 2023 Colorado State University Trials

Best of Show – Dahlia Dahlegria™ Apricot Tricolor from Syngenta®

This entry holds the distinction of winning the “Best of Show” from both the industry and public evaluations! This plant is stunning on many levels. Flowers are a stunning combination of fruit stand colors such as apricot yellow, raspberry as well as magenta. The dark foliage makes a beautiful plant even without the flowers but when combined it is truly fascinating. Single petals and a pretty yellow eye are also a favorite of bees. It was bred for mildew resistance.

Best New Variety – Stonehedge Rose Bronze Leaf from Benary®

Plants have excellent vigor, never look tired and keep looking better and better right up until first frost. The large plants are very uniform with bright rose-colored flowers held high above the foliage for maximum show. Stems were also noted to have a nice rosy hue that echoes throughout the entire plant. The entire Stonehedge series was noted for superior performance and the breeder states even more colors will be coming soon.

Best Novelty – Centaurea FanciFillers™ Chrome Fountain from Westhoff

Selected for great color and great foliage, this plant looks great all by itself or as a companion plant. The rosettes of leaves provide a medium to coarse texture and an overall appearance that always looks very fresh and crisp. As an additional bonus, it also heat and drought tolerant. Grown mainly as a foliage plant, it may have late blooming flowers that have an interesting appearance or may just be snipped off to maintain the uniform growth habit.

“Best Of....” Individual Classes

Best Angelonia - Aria Alta Red Raspberry from Dummen Orange

Dark glossy foliage made a great contrast with the red flowers. Plants are tall and upright which are very attractive in the landscape. Flowering is prolific and long lasting so as not to require any dead heading.

Best Begonia (Rex type) - Spacestars Avior® from Beekenkamp Plants

Grown for its very exotic and shiny foliage, it will make a bold statement in shady areas with its large, coarse canopy. It has exceptional vigor for a Rex type begonia.

Best Begonia (shade, seed) container - Megawatt™ Rose Bronze Leaf Improved from PanAmerican Seed®

Abundant rose-colored flowers are self-cleaning resulting in low maintenance and a fresh appearance all the way up until a killing frost. Plants have impressive vigor while maintaining great uniformity. The foliage is attractive and has a very notable sheen in dappled sunlight.

Best Begonia (sun), container - Stonehedge Rose Bronze Leaf from Benary

Plants have excellent vigor, never look tired and keep looking better and better right up until first frost. The large plants are very uniform with bright rose-colored flowers held high above the foliage for maximum show. Stems were also noted to have a nice rosy hue that echoes throughout the entire plant. The entire Stonehedge series was noted for superior performance and the breeder states even more colors will be coming soon.

Best Begonia (sun), ground – Stonehedge Light Pink Bronze Leaf from Benary

Plants have excellent vigor, never look tired and keep looking better and better right up until first frost. The large plants are very uniform with vibrant light pink flowers held high above the foliage for maximum show. Stems were also noted to have a nice pink hue that pulls the color through the entire plant.

Best Begonia (shade), ground – Dragon Wing® Red Bronze Leaf from PanAmerican Seed®

The unique wing shaped foliage is a nice dark bronze and has a nice gloss in filtered sunlight. Red flowers are numerous, and the color stands out well against the dark foliage. Flower power is enhanced as blooms are held high above the canopy. Plants have a beautiful arching, pendulous growth habit that was uniform and did well in relatively deep shade.

Best Begonia (vegetative) – BK Collection Vermillion Red® from Beekenkamp Plants

Impressive flower power with large clusters of striking red blooms stayed consistent all throughout the season. Double petals created a very unique appearance. Overall, it was noted for good flowering in the center of the pots and plants were uniform with strong stems.

Best Bracteantha - Granvia Pink from Suntory

Flowers were large with a great shade of pink and had long persistence. Plants were uniform and were strong bloomers with no decline. It grew well in the ground but would also make a terrific addition to a container.

Best Bidens - White Delight™ Improved from Danziger

White flowers were very prolific, and it made a large ball of white blooms when planted in a container that was very showy. Plants had great vigor and uniformity which almost appeared to be sheared. It did not open in the center and the crisp white blooms kept going through the entire season.

Best Calibrachoa – Cha-Cha™ Yellow from Ball FloraPlant®

Bright yellow flowers covered the plants creating a beautiful container with uniform habit and cascading blooms. The foliage is a nice dark green but not too visible amongst all the many blooms.

Best Coleus – FlameThrower™ Sriracha from Ball FloraPlant®

This compact-to-medium coleus had good vigor while maintaining excellent uniformity. The foliage had bold coloring of deep red and chartreuse edges that held its color in the intense sunlight. The serrated leaf edges add to the unique appearance. No flowering was observed, and it was a perfect foliage plant.

Best Combo – MixMasters™ Lucky Charm from Ball FloraPlant®

Noted for prolific flowering through the season, they were also combined with balanced plants and dark green foliage that really made the colors “pop”. This combo was a mix from the Lucky™ series which included Flame, Pot of Gold and Sunrise Rose.

Best Dahlia – Dahlegria™ Apricot Tricolor from Syngenta®

This entry holds the distinction of winning the “Best of Show” from both the industry and public evaluations! This plant is stunning on many levels. Flowers are a stunning combination of fruit stand colors such as apricot yellow, raspberry as well as magenta. The dark foliage makes a beautiful plant even without the flowers but when combined it is truly fascinating. Single petals and a pretty yellow eye are also a favorite of bees. It was bred for mildew resistance.

Best Geranium, container - Moxie!™ Hot Pink from Syngenta®

Large flower clusters had a vibrant hot pink color that really stood out against the dark green foliage. Plants were well branched, vigorous and very floriferous for great flower power.

Best Geranium (interspecific) ground – Mantra™ Bright Red from Syngenta®

Velvety red flowers held their color under the intense sunlight and made a great combination with the dark green foliage. The dark flower stems were an added feature in that the dead heads tend to blend in and not require rigorous dead heading many other geraniums require. Growth habit was very uniform and dense for a very neat overall appearance.

Best Geranium (zonal) ground - Galaxy™ Pink from Ball FloraPlant®

The Galaxy™ series filled out the top five vote getter in this category but the pink entry was deemed the best. All in the series were noted for strong plants, uniformity and flowers that were held above the foliage. The pink entry also seemed to do well even in partial shade.

Best Impatiens, ground - Impara® XDR White from Syngenta®

Bright white flowers were prolific and would really help brighten up shady spots in the landscape. Uniform plants had good vigor and were bred for resistance to downy mildew.

For a more complete report and photos of all these winners go to www.flowertrials.colostate.edu.

Consumer's Top-Rated Plants

This was the 5th year that we provided garden visitors the opportunity to vote for their favorite plants digitally, using QR codes, in addition to paper ballots, provided via the trial garden brochures. This feature was very popular with the public garden visitors. This year we had over 400 visitors submit digital and physical votes. The top consumer voted plants over the growing season were:

<u>Variety Name</u>	<u>Company</u>
Dahlia Dahlegria™ Apricot Tricolor	Syngenta
Petunia Crazytunia Black Mamba	Westhoff
Petunia Headliner Night Sky	Selecta One
Dahlia Venti Red+White	Selecta One
Dahlia Dahlegria™ Sunrise	Syngenta
Dahlia Sincerity Pink Bicolor	Syngenta
Dahlia Labella Maggiore Fun Flame	Beekenkamp Plants
Rudbeckia Sunbeckia Mia	Flamingo Holland/Bull
Dahlia City Lights Purple	Selecta One
Dahlia Labella Maggiore Fun Chocolate Yellow	Beekenkamp Plants

On the first Saturday in August, the Trial Gardens host a public event inviting individuals to come learn more about the CSU Trial Gardens, engage in plant activities, and vote for their top 3 favorite entries. This year's event on August 5th, attracted 300+ visitors. After flagging their favorites, the trial garden crew tallied the votes. The entries that received the most top votes that morning were:

<u>Variety Name</u>	<u>Company</u>
Dahlia Dahlegria™ Apricot Tricolor	Syngenta
Salvia Black & Bloom	Ball FloraPlant
Rudbeckia Sunbeckia Luna	FlamingoHolland/Bull
Dahlia Sincerity Pink Bicolor	Syngenta
Dahlia City Lights Purple	Selecta One
Dahlia Venti Red+White	Selecta One
Dahlia Dahlegria™ Sunrise	Syngenta
Dahlia Labella Grande Coral (DAMX 3961)	Beekenkamp Plants
Dahlia XXL Sunrise	Dummen Orange
<i>Ptilotus exaltatus</i> Joey	Benary

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Alocasia	Borneo King	Plants Nouveau	Green	NEW	Sun - C	3.27	Foliage tears easily; tears on foliage; Giant leaves; uniform in size; thick veining in leaves; Great bold texture in landscape. Growing quite well here; Huge leaf; Huge leaves and stems; slow response taking off; The leaf is amazing; but the plant itself is not big enough. Wish it got large here in CO- beat of all of the Alocasia entries; holes could be just damage from weather or insects [12] Great Foliage, [1] Low Vigor, [1] Significant Pest Damage , [1] Some Chlorosis, [2] Disease Present, [7] Vigorous Plant, [8] Uniform
Alocasia	Kuching Mask	Plants Nouveau	Lt. green	NEW	Sun - C	1.91	Compact and lower growing; short leaf stalks; Has grown a couple of leaves; Leaf yellowing; Not vigorous. Some chlorosis. [14] Low Vigor, [1] Great Foliage, [1] Vigorous Plant, [2] Non-Uniform, [6] Some Chlorosis, [6] Uniform
Alocasia	Mayan Mask	Plants Nouveau	Purple green		Sun - C	2.82	I like the red underside to the leaves. Just getting going; Light green veins; red underside of leaf gives plant a unique look; pointed arrowhead looking leaves; Love the red underside; Love the underside of leaf dark color; Love the upswinging leaves; Nice dark coloration on emerging foliage; Purple underneath foliage is fantastic- wish it would get bigger here in CO; Small yet; cool dark underside; some leaf breakage; [2] Non-Uniform, [3] Vigorous Plant, [5] Unique Colors, [7] Great Foliage, [7] Uniform, [9] Low Vigor
Alocasia	Yuca Princess	Plants Nouveau	Pink, white		Sun - C	3.05	Darker green foliage; Fun dark colors! Slower to take off; LOVE this dark stem and underneath foliage color and contrast. Wish it got big in CO; Nice foliage color; Nice glossy leaves. Good coloration. Just getting going; Pointed leaves; black undersides of leaves and black stems make plant stand out; darker foliage color on top; pretty and waxy foliage; [10] Great Foliage, [3] Vigorous Plant, [5] Low Vigor, [5] Unique Colors, [9] Uniform
Angelonia	Alonia Big Bicolor Pink Improved	Danziger	Fuchsia	NEW	Sun - C	3.14	Flopped over; Great mix of purple and white blooms; dense foliage; one plant is dying back; potential disease; Like the size of the blossom; Looks like pink clouds in clusters of flowering; Minus dead plant or two or three. More compact plants shorter inflorescences; Opening up in habit; flower shape is unique and interesting. some foliage browning and dying off [13] Many Flowers, [1] Few Flowers, [1] Low Vigor, [2] Vibrant Flower Color, [3] Great Foliage, [3] Unique Colors, [3] Unique Flower Form, [4] Non-Uniform, [4] Vigorous Plant, [5] Disease Present, [9] Uniform
Angelonia	Alonia Big Bicolor Purple	Danziger	Purple, white		Sun - C	4.00	Bicolor not my cup of tea; Compact plants; blooms level with foliage and blend throughout; Distinguishable flowers and foliage; Nice compact plants; One plant is chlorotic. A few weak branches but overall good form. Smaller inflorescences; some flopping over; Small; [10] Vigorous Plant, [15] Uniform, [17] Many Flowers, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [3] Unique Colors, [7] Great Foliage, [7] Vibrant Flower Color
Angelonia	Alonia Big Cherry	Danziger	Pink	NEW	Sun - C	3.68	Good deep purple color; Great plum colored blooms; tons of blooms throughout; blooms and foliage form stalks; Weak stems; Slightly nonuniform. Decent flowering. Some larger stems and some smaller stems. Might have some weaker stems with breakage [11] Vigorous Plant, [12] Uniform, [15] Many Flowers, [3] Non-Uniform, [5] Unique Colors, [6] Great Foliage, [7] Vibrant Flower Color
Angelonia	Alonia Big Grape	Danziger	Purple	NEW	Sun - C	3.36	Flopped over; Great flower color for this angelonia; Larger blooms; long; pointy leaves; flowers mainly above foliage; Lovely deep purple; stem breakage fairly easy when working around plants and heavy rain; Opening up; Overall form is a bit loose. Good foliage. Plenty of flowers; Weak stems; [10] Many Flowers, [4] Unique Colors, [5] Non-Uniform, [5] Vibrant Flower Color, [8] Great Foliage, [8] Uniform, [9] Vigorous Plant

*C = by cutting, S = by seed. **Ratings = 1 (poor) to 5 (excellent)

***Numbers in comments section indicate the number of occurrences the pre-populated comment was selected by evaluators on 8/8/2023. There were 30-35 evaluators - not all of them circled comments for each plant, but every evaluator did give a rating from 1-5.

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Angelonia	Alonia Purple	Danziger	Purple	NEW	Sun - C	4.05	Clean habit! Uniform and not much branch breakage; Dense and compact; blooms are level with foliage and blend in throughout; tons of blooms; Nice and sturdy and compact plants. More upright. Floriferous; Nice uniformity; Very showy overall; Very uniform; such a strong purple; [10] Vigorous Plant, [17] Many Flowers, [17] Uniform, [1] Low Vigor, [1] Unique Flower Form, [2] Unique Colors, [7] Great Foliage, [9] Vibrant Flower Color
Angelonia	AngelDance Fuchsia Bicolor	Ball FloraPlant	Pink	NEW	Sun - C	3.95	One or two dead plants fairly uniform. Nice dark green foliage. Floriferous. ; Flowing in stocks; green tips. Varying intensities of fuchsia; Great mix of dark and white petals; long stems that branch upwards; Interesting color; Little yellowing; great flowering ability; [11] Vigorous Plant, [15] Uniform, [18] Many Flowers, [1] Few Flowers, [2] Unique Flower Form, [7] Great Foliage, [7] Unique Colors, [8] Vibrant Flower Color
Angelonia	AngelDance Violet Bicolor	Ball FloraPlant	Purple, white	NEW	Sun - C	3.91	Colors don't contrast enough to distinguish color vs foliage; Height is good- taller and is standing up well; Nice bicolor flower; Uniform. Maybe a bit weak stemmed. A few broken ones here and there; Weak stems; White and purple petal combo makes plant stand out; dense and lush; taller than others [12] Many Flowers, [12] Vigorous Plant, [14] Uniform, [5] Vibrant Flower Color, [7] Great Foliage, [8] Unique Colors
Angelonia	Archangel Ruby Sangria	Ball FloraPlant	Red	NEW	Sun - C	2.91	Great color for this angelonia; Neat red! Smallest growing of the color spectrum; Not as vigorous; Overall good flower color. Maybe blends in with the foliage a little bit; Smaller plant; lots of blooms that trail back to center of plant; stalks of foliage and blooms; Weak stems; some flopping over; [3] Vigorous Plant, [4] Few Flowers, [5] Great Foliage, [5] Many Flowers, [5] Uniform, [6] Non-Uniform, [6] Vibrant Flower Color, [7] Low Vigor, [7] Unique Colors
Angelonia	Aria Alta Raspberry	Dummen Orange	Pink	NEW	Sun - C	3.95	Dense foliage; tons of blooms; great pop of color; Great color for this angelonia; Nice dark green foliage; Quite uniform for plants. Nice flower color. Compact and upright; Very upright growing pattern; Vigorous and neat upright habit; pink flowers a soft pastel; [10] Vigorous Plant, [14] Uniform, [15] Many Flowers, [2] Unique Colors, [8] Great Foliage, [9] Vibrant Flower Color
Angelonia	Aria Pink Bicolor	Dummen Orange	Pink	NEW	Sun - C	2.41	Almost past bloom; Bicolor is not my cup of tea; Dense foliage; not many blooms; smaller plant; Many flower stocks; More foliage than flowers; Not very floriferous. Nice foliage with lighter green color; Very few blooms. [13] Few Flowers, [1] Color Does Not Match Name, [1] Some Chlorosis, [1] Vibrant Flower Color, [2] Many Flowers, [2] Unique Colors, [3] Low Vigor, [4] Non-Uniform, [5] Great Foliage, [5] Vigorous Plant, [8] Uniform
Arctotis x hybrida	Majec™ Red-Orange	Green Fuse Botanicals	Yellow, red	NEW	Sun - C	2.00	8 flowers total all summer on 7 plants; Love the petite foliage; Not very floriferous. Quite compact; Nothing in bloom small mounds of green foliage; Very small and flat dome shaped; very little flowers; but flowers that bloomed are a pale yellow; Only 7 plants no flowers; This isn't in bloom right now. There's only one flower. But it's very interesting and I like the foliage. [10] Great Foliage, [13] Few Flowers, [1] Disease Present, [1] Some Chlorosis, [1] Unique Flower Form, [2] Non-Uniform, [3] Unique Colors, [5] Color Does Not Match Name, [8] Low Vigor, [8] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Arctotis x hybrida	Majec™ Red-Yellow	Green Fuse Botanicals	Red, orange	NEW	Sun - C	3.27	Faded flowers not attractive orange flower color; Needs deadheading; Nice small plant; I'd want to see it bigger; This is a very interesting plant. It would look great and xeric garden where I suspect it would do well; Very uniform. Quite a few flowers. Old flowers are fairly noticeable; the spent blossoms appear quite messy and these plants would require a lot of deadheading to maintain a nice look in the garden. Otherwise this is a fantastic daisy; Unique ombre blooms; blooms are orange; not red and yellow; lots of dead blooms are present; long stems, very nice foliage. Spent flowers aren't really visible; [10] Many Flowers, [11] Great Foliage, [15] Uniform, [1] Low Vigor, [1] Unique Flower Form, [2] Color Does Not Match Name, [3] Few Flowers, [6] Vibrant Flower Color, [6] Vigorous Plant, [7] Unique Colors
Begonia	BabyWing® Red Bronze Leaf	PanAmerican Seed	Red	NEW	Shade - S	2.29	Foliage and flowers are more dainty and small. Hints of red in leaves; Interesting foliage look. New leaves very glossy; Not as vigorous as others; The small flowers and small leaves make this plant look cute and dainty; [11] Non-Uniform, [1] Unique Flower Form, [1] Vigorous Plant, [2] Vibrant Flower Color, [3] Few Flowers, [3] Great Foliage, [3] Unique Colors, [4] Uniform, [5] Many Flowers, [9] Low Vigor
Begonia	Canary Wings	Ball Ingenuity			Shade - C	3.52	The bright green leaves really make this plant stand out. The contrast of the pink flowers draws the eye in compared to other begonias in the area; I really enjoy the waxy lime green leaves that contrast with the coral flowers; Single type flowers on long pedicels; [12] Great Foliage, [13] Many Flowers, [13] Vigorous Plant, [14] Uniform, [1] Some Chlorosis, [4] Unique Flower Form, [5] Unique Colors, [9] Vibrant Flower Color
Begonia	Dragon Wing® Pink	PanAmerican Seed	Pink		Shade - S	2.86	Pink flowers point downwards and grow on a uniform layer; large foliage; Flowers grow in a like on the stems under leaves; leaves are big and waxy; Needs more flowers; not a bad plant. Great foliage. [13] Few Flowers, [2] Unique Flower Form, [2] Vibrant Flower Color, [3] Low Vigor, [4] Many Flowers, [5] Vigorous Plant, [6] Great Foliage, [6] Uniform, [7] Non-Uniform
Begonia	Dragon Wing® Red Bronze Leaf	PanAmerican Seed	Red	NEW	Shade - S	3.95	Good overall vigor; Leaves are skinny and pointy. Although this is a bigger plant; the leaves are smaller and more dainty. The name complements this plants habits; The leaves have a wing-like shape and the plant grows both out and up. The blooms form in clusters; The non-uniform two are likely smaller because of drip Line; [10] Many Flowers, [13] Uniform, [14] Great Foliage, [16] Vigorous Plant, [2] Non-Uniform, [2] Unique Flower Form, [5] Unique Colors, [8] Vibrant Flower Color
Begonia	Dragon Wing® White	PanAmerican Seed	White		Shade - S	2.95	Bush-like growth; less flowers; pointy leaves; Large green leaves fewer flowers; Nice upright arm. Flowers held decently well; Tall and upright growing [10] Uniform, [17] Vigorous Plant, [2] Non-Uniform, [2] Unique Flower Form, [4] Few Flowers, [5] Many Flowers, [8] Great Foliage
Begonia	Flowerball F1 Mix	Cerny Seed	Red, White, Pink		Shade - S	2.90	This mix of plants has a nice variety of colors and a balance of shades amongst the blooms; Dense compact habit; Good mix of colors. All colors seem to perform similarly inhabit; Great variety of whites reds and pinks. Foliage is consistent. Each color seems to be performing just as well; White color non-uniform; [11] Many Flowers, [2] Great Foliage, [3] Unique Flower Form, [3] Vibrant Flower Color, [3] Vigorous Plant, [4] Low Vigor, [5] Non-Uniform, [6] Unique Colors, [9] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Begonia	Hula™ Blush	PanAmerican Seed	White		Sun - S	3.00	Cute petite form; cute tiny flowers and shiny foliage; Fun leaf shape; Leaves sort of form a narrow scoop; tons of blooms throughout plant; red stems give a great pop of color; Love the red stems; the taco leaves are interesting for the textures added in sun; Opening up in center; Slightly non-uniform. I like the open form; Some flowers are hidden under foliage flowers up top don't make up for this; [14] Many Flowers, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [1] Vibrant Flower Color, [5] Non-Uniform, [5] Vigorous Plant, [7] Great Foliage, [9] Uniform
Begonia	Hula™ Blush	PanAmerican Seed	White		Shade - S	2.67	Crawling habit; smaller blooms; Dainty flowers; crawling habit; blooms remind me of a cherry tree; Not very floriferous. I do like the low creeping form; Unique spreading growth habit is very attractive; Very low growing growth habit [13] Uniform, [2] Color Does Not Match Name, [2] Few Flowers, [3] Great Foliage, [5] Unique Flower Form, [5] Vigorous Plant, [7] Low Vigor, [8] Many Flowers
Begonia	Hula™ Mix Red White	PanAmerican Seed	Red, white		Sun - S	2.64	4 for red; 3 for white; Compact; It is a mix; Why? Just sell them as separate colors; Mix didn't come through on many plants; More red; Not a very uniform mix; Not enough white in mix- ratio off; too much red; Red more vigorous than white; Bronzing leaves with red accents tasteful; Tons of blooms; dense foliage; majority of plants are red; with a few white plants; contrast of foliage colors between two plants makes them pop [12] Non-Uniform, [2] Color Does Not Match Name, [2] Low Vigor, [2] Uniform, [2] Unique Colors, [2] Vibrant Flower Color, [3] Great Foliage, [5] Vigorous Plant, [9] Many Flowers
Begonia	Hula™ Mix Red White	PanAmerican Seed	Red, White		Shade - S	2.43	Although this plant has a plethora of blooms and the foliage is nice; there is not really a mix of red and white plants. There is a substantial difference in the ratios for a plant entered as a mix variety; Decent mix. White seemingly more prostate; Each individual plant looks great; only two specimen with both red and white blooms; there are hardly any white plants. It just looks like your average red variety; Less white present; Many blooming white and red; More flowers on red Mostly red blooms; [1] Color Does Not Match Name, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Low Vigor, [2] Unique Colors, [3] Vigorous Plant, [5] Great Foliage, [5] Non-Uniform, [7] Uniform, [9] Many Flowers
Begonia	Hula™ Pink	PanAmerican Seed	Pink		Shade - S	3.10	Lower growing; cute little flowers; flat foliage; shiny foliage; Nice habit. Nice foliage. Perhaps with a bit more sun; there would be more flowers; Petite; Unique growth habit is very attractive; Very uniform, dainty blooms; [10] Many Flowers, [12] Uniform, [2] Low Vigor, [2] Unique Flower Form, [5] Few Flowers, [8] Great Foliage, [8] Vigorous Plant
Begonia	Hula™ Pink	PanAmerican Seed	Pink		Sun - S	3.41	Good growth habit; Love the petite form; More compact than blush. Good flower power; Pink stems and edges of leaves! Super neat! Taco leaves; Tons of bright blooms; red outline on leaves; leaves have jagged edges; [10] Great Foliage, [12] Uniform, [15] Many Flowers, [1] Unique Colors, [1] Unique Flower Form, [3] Non-Uniform, [3] Vibrant Flower Color, [4] Vigorous Plant
Begonia	Hula™ Red	PanAmerican Seed	Red		Sun - S	3.14	Burnt bronzed leaves against red. Breed bronze with red?; Nice compact habit; Nice dwarf form in sun!; Overall uniform. Does tend to get flower stems protruding. I like the foliage found the foliage contrast to the red flowers; Slightly leggy but very showy; Small; Small and textured leaves; layer of blooms across top of plant; darker green foliage with red accents; Smaller flower size; Very dainty, vibrant and pretty. nice flower if you like red/maroon; [11] Uniform, [14] Many Flowers, [2] Unique Flower Form, [3] Non-Uniform, [4] Low Vigor, [6] Unique Colors, [6] Vibrant Flower Color, [7] Vigorous Plant, [8] Great Foliage

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Begonia	Hula™ Red	PanAmerican Seed	Red		Shade - S	3.33	Cute; Flowers are on the smaller side; plant forms a rounded shape close to the ground; Flowers are very small and petals are oriented in different shapes/patterns. Notes of red around the petals; Flowers tend to circle the foliage area. Not a lot in airy area of plants; Nice lower grower; Unique growth habit; [13] Uniform, [14] Many Flowers, [1] Few Flowers, [1] Non-Uniform, [2] Unique Flower Form, [3] Low Vigor, [5] Unique Colors, [7] Great Foliage, [7] Vibrant Flower Color, [7] Vigorous Plant
Begonia	Hula™ Red White Bicolor	PanAmerican Seed	Red		Sun - S	2.73	Compact; Immediate color fade; More green leaf with red stem; Not as uniform as the red. Also throws up the flowering branches; but is more uniform with the bicolor; Smaller flower size; Tons of small blooms; wing-shaped foliage; bright green leaves; [2] Color Does Not Match Name, [2] Few Flowers, [2] Vibrant Flower Color, [4] Great Foliage, [5] Low Vigor, [5] Non-Uniform, [6] Vigorous Plant, [7] Uniform, [8] Many Flowers
Begonia	Hula™ Red White Bicolor	PanAmerican Seed			Shade - S	2.71	It appears to be a little bit more upright than the others in the series; Not as vigorous; Similar to the other hulas nice form; Small blooms and leaves; some foliage looks like it is decaying because it's close to the ground. Bushy and lower growing. I like the red and white colors on the petals; The unique flower shape and color make this plant stand out. The small blooms remind me of a pink cherry tree [10] Many Flowers, [1] Few Flowers, [2] Unique Flower Form, [3] Unique Colors, [4] Great Foliage, [4] Vigorous Plant, [6] Low Vigor, [6] Non-Uniform, [6] Uniform
Begonia	Megawatt™ Pink Bronze Leaf	PanAmerican Seed	Pink		Shade - S	2.95	Foliage is mainly dark green with light green veins; Not bad. The flowers really steal the spotlight. Dark foliage makes the flowers pop; Uneven habit [13] Non-Uniform, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [3] Uniform, [3] Vibrant Flower Color, [5] Unique Colors, [5] Vigorous Plant, [8] Many Flowers, [9] Great Foliage
Begonia	Megawatt™ Pink Green Leaf	PanAmerican Seed	Pink		Shade - S	3.48	A little non uniform; Many large; pink flowers. Tall and stretching growth pattern; Not too tall for name; Some are tall and some are small; leaf sizes range in size more drastically [12] Many Flowers, [12] Uniform, [12] Vigorous Plant, [1] Unique Colors, [1] Unique Flower Form, [3] Non-Uniform, [3] Vibrant Flower Color, [9] Great Foliage
Begonia	Megawatt™ Red Bronze Leaf Improved	PanAmerican Seed	Red	NEW	Shade - S	3.05	Flower petals tend to curl inwards. Leaves look matte. Red petals really pop against the dark foliage; The stems appear to be woody and the plant grows upright. The foliage and blooms pair well together; Nice bronze foliage; Overall nice plants. A bit more compact than the bionic. [10] Many Flowers, [10] Non-Uniform, [1] Few Flowers, [1] Unique Flower Form, [2] Low Vigor, [2] Unique Colors, [5] Uniform, [6] Vibrant Flower Color, [7] Vigorous Plant, [9] Great Foliage
Begonia	Megawatt™ Red Green Leaf	PanAmerican Seed	Red		Shade - S	3.05	A little leggy; Lack of branching; Leaves are oriented in alternating pattern. Flowers stick out past foliage. Flowers are big and vibrant; Not real full in habit; Sturdy plants. Slightly nonuniform; The leaves grow in an opposite pattern; forming a shape similar to a ladder. The blooms and foliage are large and grow upright; [10] Vigorous Plant, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [3] Unique Colors, [6] Vibrant Flower Color, [7] Non-Uniform, [7] Uniform, [8] Many Flowers, [9] Great Foliage
Begonia	Megawatt™ Rose Bronze Leaf Improved	PanAmerican Seed	Pink		Shade - S	3.38	Dark purple/brown leaves create a really beautiful contrast with the hot pink blooms; Good looking plants. Flowers look a bit heavy; This one is my favorite. Deep veins create nice shading on foliage. Flowers are a dark pink around the edges and light pink in the middle. Stems are sturdy; Uneven in habit [10] Great Foliage, [12] Uniform, [12] Vigorous Plant, [16] Many Flowers, [1] Unique Flower Form, [3] Non-Uniform, [5] Unique Colors, [6] Vibrant Flower Color

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Begonia	Megawatt™ Rose Green Leaf	PanAmerican Seed	Pink		Shade - S	2.95	Bright green foliage. Vibrant flower petals. Leaves are very waxy; Overall nice plants. Nice foliage. Decent flowering; Uneven habit; Vibrant flower color; plant tends to lean to one side; flowers all grow at similar levels across plants [11] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [6] Uniform, [6] Vigorous Plant, [7] Great Foliage, [8] Vibrant Flower Color, [9] Non-Uniform
Begonia	Megawatt™ White Green Leaf	PanAmerican Seed	White		Shade - S	3.52	Nice upright habit flowering. Decent flowering; Reminds me of a flowering tree; very upright growing pattern; Reminds me of a little tree; this variety grows taller and blooms look like little ornaments; Very large leaves [10] Uniform, [12] Many Flowers, [16] Vigorous Plant, [1] Non-Uniform, [2] Unique Flower Form, [7] Great Foliage
Begonia hybrid	I'CONIA® First Kiss Del Sol	Dummen Orange	Orange		Sun - C	3.05	Although the bloom is a beautiful color; it's not very uniform or vigorous; Disease may be present; some plants are very small and dying back; bright orange petals pair well with pink petals; spiky foliage; Doing ok in sun; Less flowering than la Luna. Not uniform. Can see more of the foliage; Love the color and in sun; Vigor needs improvement; Love the color. Vibrant orange; reddening of the leaves and covered in flowers. Less vigorous than la luna; some didn't perform as well as others but very pretty nonetheless; [10] Many Flowers, [12] Vibrant Flower Color, [13] Non-Uniform, [1] Few Flowers, [1] Uniform, [2] Disease Present, [2] Unique Flower Form, [4] Low Vigor, [4] Unique Colors, [5] Great Foliage, [6] Vigorous Plant
Begonia hybrid	I'CONIA® La Luna	Dummen Orange	White		Sun - C	3.64	Compact; Compact little bushes; great veining on foliage; white rose-like blooms; tons of flowers create a layer on top; Doing great in the full sun; Good in sun; Love the sun begonia; Overall great flowering. Even for White the flowers look pretty good for a begonia in full sun; Unique flower bloom color; Very impressive with the amazing amount of flowers and in full sun; Very pretty and in Sun beautiful contrast between foliage and flower colors. very pretty; Woah!! In the sun! Covered in flowers [13] Uniform, [18] Many Flowers, [1] Low Vigor, [3] Unique Colors, [3] Unique Flower Form, [4] Vibrant Flower Color, [7] Vigorous Plant, [9] Great Foliage
Begonia hybrid	Stonehedge Light Pink Bronze Leaf	Benary	Pink	NEW	Shade - S	2.95	Beautiful plants. Slightly non-uniform. Maybe Woodard Flower a bit more with more sun; Darker foliage compliments lighter blooms nicely. Leaves definitely have bronze undertones; Great bronze foliage; Not many flowers; but the contrast between the flowers and foliage is lovely; The leaves are bronze with a gold shimmer; leaves are shiny in light; [11] Few Flowers, [11] Great Foliage, [12] Vigorous Plant, [1] Unique Flower Form, [4] Many Flowers, [6] Uniform, [7] Unique Colors, [9] Non-Uniform
Begonia hybrid	Stonehedge Light Pink Bronze Leaf	Benary	Pink	NEW	Sun - S	4.32	Bigger in sun than shade; pink stems and subtle pink hue on leaves; Color contrast works great with this plant; Great foliage color; Leaves have a bronze-pink hue; tons of blooms; pink blooms tie in well with pink hues of foliage; Pretty! Disappointed to see Stonehenge is not as mammoth in CO compare to CAST display. We did have a very cool and wet May and June here in CO so perhaps it is slow and smaller like all annuals this year in CO. Would like to see this again next year and beyond in CSU trial to see if it does get large here. I would use it here in my displays 100% if it does in fact get to be tall here like the ones I saw at CAST; Very nice stand of plants. Nice mix of flowers and foliage; nice foliage color compliments the flower color [12] Vigorous Plant, [14] Uniform, [15] Many Flowers, [16] Great Foliage, [2] Few Flowers, [3] Unique Flower Form, [3] Vibrant Flower Color, [4] Unique Colors

Begonia hybrid	Stonehedge Rose Bronze Leaf	Benary	Pink	NEW	Sun - S	4.00	Dense and more vigorous in sun; variation in some rose colors; Great dark foliage flower color fades; Red-pink leaves and stems make plant pop; tons of blooms; even clusters throughout; See previous comment for Stonehenge; Similar to light; pink bronze leaf; good foliage to flower ratio. Nice leaf color. Maybe a bit more red in foliage than light pink bronze. [10] Uniform, [12] Vigorous Plant, [14] Great Foliage, [15] Many Flowers, [2] Unique Flower Form, [3] Non-Uniform, [5] Unique Colors, [7] Vibrant Flower Color
Begonia hybrid	Stonehedge Rose Bronze Leaf	Benary	Pink	NEW	Shade - S	2.90	Foliage is a dark purple-bronze that makes the light pink blooms stand out; Great bronze foliage; Nice Plant. I appreciate the foliage. I think there is a good balance of flowers and foliage tilting towards more foliage; Not a lot of flowers; but the contrasting between the flowers and the foliage is lovely; The bronze leaves with green veins pair nicely with the light pink flowers. Flowers are smaller and more spaces evenly through the plant [11] Uniform, [13] Vigorous Plant, [16] Great Foliage, [1] Low Vigor, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Non-Uniform, [3] Many Flowers, [7] Unique Colors, [9] Few Flowers
Begonia x benariensis	BIG Deep Pink Green Leaf	Benary	Pink		Sun - S	3.95	Big flowers. Nice form. Mostly uniform; Extremely vibrant blooms; red on leaves and stems really pops; larger bloom size; Good flower/leaf contrast; Gorgeous sun variety- love the vibrant color; Larger flowers; Matches name; Vibrant pink screaming out the most in the sun; large flowers look gorgeous; vibrant; [12] Great Foliage, [14] Many Flowers, [14] Vibrant Flower Color, [14] Vigorous Plant, [2] Non-Uniform, [3] Unique Flower Form, [6] Unique Colors, [9] Uniform
Begonia x benariensis	BIG Deep Pink Green Leaf	Benary	Pink		Shade - S	2.95	Decent looking stand of plants. Flowers a bit more droopy; Good pink color; Many large; pink blooms. Bush-like foliage. Leaves have a wing shape; Stems are not as sturdy; pink is very vibrant and pretty [12] Uniform, [14] Many Flowers, [1] Low Vigor, [1] Some Chlorosis, [1] Unique Flower Form, [2] Unique Colors, [4] Non-Uniform, [5] Vibrant Flower Color, [6] Great Foliage, [7] Vigorous Plant
Begonia x hybrida	Bionic™ Bronze Leaf Red	Syngenta	Red		Shade - S	3.14	Looks very similar to its neighbors; stems appear to be lighter and more sturdy Leaves are more shiny; Not too bad. Slightly nonuniform; The red petals and yellow center of the flowers make the flower stand out along with the bronze leaf; Uneven habit; [10] Non-Uniform, [12] Great Foliage, [14] Many Flowers, [2] Unique Flower Form, [3] Unique Colors, [5] Uniform, [6] Vibrant Flower Color, [9] Vigorous Plant
Begonia x hybrida	Bionic™ Bronze Leaf Rose	Syngenta	Pink		Shade - S	3.24	Foliage shows notes of lighter green; although it is bronze; Green-bronze colored foliage and bright pink blooms; compliment each other well; Large size flowers; Nice flower-foliage contrast; Not the most uniform; [10] Many Flowers, [1] Few Flowers, [1] Unique Flower Form, [2] Low Vigor, [3] Vibrant Flower Color, [4] Unique Colors, [5] Uniform, [6] Great Foliage, [8] Non-Uniform, [8] Vigorous Plant
Begonia x hybrida	Bionic™ Green Leaf Pink	Syngenta	Pink		Shade - S	3.67	Dark foliage and petals; blooms are bigger and so is foliage; Lack of branching; Lots of blooms; large leaves. Flowers cascade down; Nice dark pink. Nice foliage. Flowers held upright well; Not as uniform in habit; [10] Great Foliage, [10] Vibrant Flower Color, [11] Uniform, [15] Many Flowers, [1] Few Flowers, [2] Low Vigor, [2] Non-Uniform, [2] Unique Flower Form, [5] Unique Colors, [9] Vigorous Plant
Begonia x hybrida	Bionic™ Green Leaf Red	Syngenta	Red		Shade - S	3.57	Darker green foliage compliments the vivid red flowers; Flower petals tend to curl inwards. Leaves look matte. Red petals really pop against the dark foliage; Large flower size; Quite uniform. Sturdy plants. Lots of flowers. [12] Uniform, [14] Many Flowers, [15] Vigorous Plant, [1] Non-Uniform, [2] Unique Colors, [2] Unique Flower Form, [8] Vibrant Flower Color, [9] Great Foliage

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Begonia x hybrida	Tophat™ Pink	Syngenta	Pink		Shade - S	2.48	Flowers and foliage are dainty; plant is uniform; Lots of flowers for the size of the plant; Needs vigor; Smaller and more dainty foliage; flowers tend to grow more at the top of plant [11] Low Vigor, [11] Uniform, [1] Vibrant Flower Color, [1] Vigorous Plant, [2] Great Foliage, [2] Unique Colors, [2] Unique Flower Form, [4] Many Flowers, [7] Few Flowers
Begonia x hybrida	Tophat™ Rose Bicolor	Syngenta	Pink, white		Shade - S	2.62	Not as vigorous; Overall decent. Perhaps not the most vigorous; Pink and white flower gradient; large foliage; compact growth; blooms tend to fall off easily; smaller growing; [10] Low Vigor, [1] Unique Flower Form, [2] Great Foliage, [2] Vibrant Flower Color, [2] Vigorous Plant, [3] Many Flowers, [4] Few Flowers, [5] Unique Colors, [7] Non-Uniform, [7] Uniform
Begonia x hybrida	Tophat™ Scarlet Improved	Syngenta	Red		Shade - S	2.33	Lacks vigor; Plants vary in size. More noticeable signs of potential pests; The bright red blooms with yellow centers give the plant character; but the plants are not uniform. Sizes vary [10] Low Vigor, [16] Non-Uniform, [1] Significant Pest Damage, [1] Uniform, [1] Unique Colors, [1] Unique Flower Form, [2] Great Foliage, [3] Few Flowers, [4] Many Flowers, [4] Vibrant Flower Color
Begonia x hybrida	Tophat™ White	Syngenta	White		Shade - S	2.14	Good green leaf color; Lush foliage pairs nicely with the white blooms; Not uniform. Nice large flowers; The foliage is wide and round; pairing well with the large blooms; [11] Low Vigor, [14] Non-Uniform, [1] Unique Flower Form, [3] Many Flowers, [4] Uniform, [5] Few Flowers, [5] Great Foliage
Bidens	Campfire® Flame	Proven Winners	Orange		Sun - C	4.23	Wow! Beautiful vibrant color. Nice rounded mound. heavily branched. dead disappears below the next wave of flowers. There was some diseased foliage present deep down in mounds; somewhat popular with the bees; Great blooms and foliage; rounded little hedge; tons of blooms throughout; Great color. I know these are extremely drought tolerant; Great looking plants. Fairly uniform. Quite compact. Very floriferous; Uniform and compact; Very nice orange color on a uniform plant; [12] Vibrant Flower Color, [15] Vigorous Plant, [19] Uniform, [1] Disease Present, [1] Low Vigor, [1] Unique Flower Form, [20] Many Flowers, [5] Unique Colors, [9] Great Foliage
Bidens	Campfire® Marshmallow™	Proven Winners	White	NEW	Sun - C	4.00	Fabulous; Filled out well; Full and lush; tons of flowers; fitting name; Gray white color; Nice clean white flower. Bees appeared to love it. Pretty good at burying the dead flowers; Pollinator friendly; Very floriferous. Can still see some of the old flowers; but they do sort of blend in. Mostly uniform. [11] Uniform, [16] Many Flowers, [16] Vigorous Plant, [1] Unique Colors, [3] Non-Uniform, [6] Great Foliage, [6] Vibrant Flower Color
Bracteantha	Cottage Bronze Imp.	Westhoff	Orange	NEW	Sun - C	2.92	A little muted in color; Flowers provide a great pop of color; small and compact plants; uniform; Good overall; Low growing. Many flowers; Nice compact habit. All the flowers blend in better. One or two smallish plants. Maybe third best in the cottage group; Nice dwarfier habit; Patchy growth; Small and compact; round and bushy. Vibrant bloom color very close to cottage orange; [12] Uniform, [17] Many Flowers, [1] Some Chlorosis, [2] Unique Colors, [3] Non-Uniform, [4] Great Foliage, [4] Low Vigor, [5] Vigorous Plant, [6] Vibrant Flower Color
Bracteantha	Cottage Lemon	Westhoff	Yellow		Sun - C	2.48	Doesn't fade well. Not great looking; Lacks vigor; Not very vigorous. Old flowers easily visible; Very small plants; Overall not as good; Small and compact. Yellow is very vibrant. Foliage looks nice underneath the blooms; Smaller blooms; compact and tiny plant; tons of blooms; little foliage; [11] Many Flowers, [16] Low Vigor, [1] Disease Present, [1] Few Flowers, [1] Some Chlorosis, [1] Vigorous Plant, [2] Unique Flower Form, [3] Great Foliage, [6] Non-Uniform, [8] Uniform, [8] Vibrant Flower Color

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Bracteantha	Cottage Orange	Westhoff	Orange		Sun - C	3.58	Good uniformity. Old flowers are a bit distracting. A lot of flowers; Large amount of blooms on good size plants; Lots of dead flowers; Nice orange and shades of; Taller plant with smaller blooms. Color is very vibrant; yellow centers create nice depth; Yellow to red gradient on petals makes it pop; uniform and even growth; taller flower stems; compact foliage; most strawflowers look overwatered and need deadheaded; stunted from greenhouse production issue--plant sizes are impressive from what they started at; [11] Vigorous Plant, [12] Vibrant Flower Color, [15] Uniform, [18] Many Flowers, [1] Disease Present, [3] Some Chlorosis, [4] Great Foliage, [6] Unique Colors
Bracteantha	Cottage Pink	Westhoff	Pink		Sun - C	2.23	Flower color fades too much; Flowers bleach to a white; Not pretty when fading; Not the most uniform. Old flowers really detract. If you knew her flowers at this time; Pink color looks washed out; plants have some varying heights; more dead blooms than average; The light pink blooms look a little washed out. There are also a significant amount of dead blooms compared to other varieties; Uneven habit lots of dead flowers; [11] Non-Uniform, [1] Few Flowers, [1] Unique Colors, [2] Vigorous Plant, [3] Disease Present, [3] Uniform, [3] Vibrant Flower Color, [4] Some Chlorosis, [6] Low Vigor, [8] Many Flowers
Bracteantha	Cottage Rose Imp.	Westhoff	Pink	NEW	Sun - C	3.04	Dead flowers unsightly; Good uniformity. Old flowers somewhat distracting. But plenty of new flowers that are vibrant. Probably the second or so in the series; Nice compact plant; Nice round foliage. Stems are shorter so blooms look like they are sitting on top of foliage; Tight and compact; tons of blooms for a layer on top of plant; blooms grow close to foliage; [13] Many Flowers, [13] Uniform, [1] Few Flowers, [1] Unique Colors, [2] Non-Uniform, [5] Great Foliage, [5] Low Vigor, [7] Vibrant Flower Color, [7] Vigorous Plant
Bracteantha	Cottage Toffee	Westhoff	Orange	NEW	Sun - C	2.93	didn't like flowers as they faded; Doesn't fade well; Lots of dead flowers; Past its prime. Old flowers are distracting. Quite uniform; Very uniform growth; Very uniform with many flower blooms. Toffee color; name fits well; Very uniform; even bloom formation across the plants; on the fence all the way around; [15] Many Flowers, [15] Uniform, [1] Few Flowers, [1] Unique Flower Form, [2] Great Foliage, [2] Non-Uniform, [2] Some Chlorosis, [2] Vigorous Plant, [3] Unique Colors, [3] Vibrant Flower Color, [8] Low Vigor
Bracteantha	Granvia Gold	Suntory	Yellow		Sun - C	3.89	Bigger variety; intense yellow color; long stems with big flowers; Good bright yellow flowers; Large blooms; taller plant; full and tons of blooms; Lodging a bit; Looks like aster yellows are present; Most vigorous Bracteantha in the trial; Nice sturdy plants. Large flowers. All the flowers seem to blend in, stunted from greenhouse production issue; size plant's are impressive from what they started at. [16] Uniform, [17] Many Flowers, [19] Vigorous Plant, [1] Unique Flower Form, [2] Disease Present, [2] Non-Uniform, [2] Unique Colors, [6] Great Foliage, [8] Vibrant Flower Color
Bracteantha	Granvia Harvest Orange	Suntory	Orange		Sun - C	2.52	Large size differences; No vigor; Not very uniform; Only 1/2 the plants look good. The ones that do look good are very nice; Patchy performance; Smaller variety; foliage is flush with the flowers; unique orange with hints of yellow; Very fitting name; reminds me of fall; not uniform varying plant sizes and bloom numbers; [10] Vibrant Flower Color, [11] Low Vigor, [15] Non-Uniform, [1] Great Foliage, [1] Many Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [1] Vigorous Plant, [3] Uniform, [4] Few Flowers, [7] Unique Colors

Bracteantha	Granvia Peachy Keen	Suntory	Orange		Sun - C	2.74	Again several plants not good the ones that are good are very uniform with good size fliers and good amount of flowering; Gradient on petals; many blooms; some plants are much smaller than others; majority looks nice and uniform; Large size differences; More uniform in habit; Pretty cream yellow with peach tips. Nice dense foliage. Some are not performing as well as others; The uniform plants look really good. About four in the back are smaller and doesn't look similar. Old flowers blend in; stunted from greenhouse production issue; size plant's are is impressive from what they started at. Too washed out; [18] Many Flowers, [1] Unique Flower Form, [2] Great Foliage, [2] Low Vigor, [3] Vibrant Flower Color, [5] Vigorous Plant, [8] Non-Uniform, [8] Uniform, [8] Unique Colors
Bracteantha	Granvia Pink	Suntory	Pink		Sun - C	4.00	Overall good uniformity flowers sit high; Old flowers not as noticeable. Probably more uniform than the yellow in the group for Suntory; Best in group; Foliage looks very nice; bright green. Blooms are a very vibrant pink. Stems are long; Good flower and growth uniformity; Lush foliage; uniform; tons of bright blooms; larger leaves; This is the best of the group for this year. [12] Vibrant Flower Color, [16] Uniform, [16] Vigorous Plant, [19] Many Flowers, [2] Unique Flower Form, [3] Some Chlorosis, [4] Unique Colors, [8] Great Foliage
Buddleia	Leah™ Midnight	Green Fuse Botanicals	Blue		Sun - C	3.46	nice fillers like how full they appear; a 3.5. Good fragrance. More flowers to come; Bushy; uniform; flowers grow throughout the plant;; Cool plant; Flush of veg growth since last blooming; Good solid dark color; I really enjoy the dark purple with the foliage. Blooms come above foliage; Interesting height for a buddleia. flowers beneath foliage; Lot of foliage needs more flowers; Really nice dwarf form. Good amount of flowers; [11] Vigorous Plant, [14] Uniform, [1] Color Does Not Match Name, [1] Unique Flower Form, [4] Unique Colors, [6] Few Flowers, [7] Many Flowers, [8] Great Foliage, [8] Vibrant Flower Color
Buddleia	Leah™ Raspberry	Green Fuse Botanicals	Purple		Sun - C	3.08	Flowers all below the foliage; Flowers hidden by foliage; Flowers hidden in foliage; Flowers too low on plant. Not prominent; Flowers will be coming more profusely. Nice form and habit. Foliage grows taller than flowers; flowers laying throughout plant; bushy; Foliage looks nice and bushy. Bees like this plant. Vibrant purple color. Foliage grows above blooms; Interesting height for a Buddleia. Flowers beneath foliage; Nice dwarf habit nice fillers, like how full they appear; [10] Few Flowers, [11] Uniform, [11] Vigorous Plant, [1] Color Does Not Match Name, [1] Some Chlorosis, [2] Many Flowers, [3] Unique Colors, [3] Unique Flower Form, [3] Vibrant Flower Color, [4] Non-Uniform, [8] Great Foliage
Canna	Cannova® Rose Dark Bud	Ball Ingenuity	Pink	NEW	Sun - S	3.50	At least three plants in decline. Probably the second most floriferous of the cannas. Large individual flowers; Large; colorful blooms; colors pair great together; looks tropical; Some flowers past; Stalks are deep pink prior to opening; and vibrant pink once opened; Very pretty shade of rose. Small amount of Japanese Beetle present; [12] Vibrant Flower Color, [2] Disease Present, [2] Unique Flower Form, [3] Non-Uniform, [5] Many Flowers, [5] Unique Colors, [6] Uniform, [7] Few Flowers, [9] Great Foliage, [9] Vigorous Plant
Canna	F1 South Pacific Scarlet	American Takii, Inc.	Red		Sun - S	2.59	Bright contrast; bloomed once; Foliage damage; I good size plants. Not a lot of flowering. One plant looks to be in decline; Large leaves and bushy; lots of blooms have died back but some are regrowing new blooms; No flowers; Small amount of Japanese Beetle present; Some flowers past; Japanese beetles seem to be a big fan of this variety; [11] Vigorous Plant, [16] Few Flowers, [1] Non-Uniform, [1] Significant Pest Damage , [2] Vibrant Flower Color, [8] Great Foliage, [8] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Canna	F1 South Pacific White	American Takii, Inc.	White	NEW	Sun - S	2.86	The foliage is wonderful but no blooms; Decent foliage. Not as floriferous; Small amount of Japanese Beetle damage present; Large; full leaves; only a few plants are still blooming; leaves have subtle stripes [13] Great Foliage, [15] Few Flowers, [8] Uniform, [9] Vigorous Plant
Canna	F1 South Pacific Yellow	American Takii, Inc.	Yellow	NEW	Sun - S	3.95	Blooms have a unique pattern; look like leopard print; great mix of blooms and foliage; more dense foliage growth; Fun flower pattern; God yellow color; Has the most flowers of the cannas; The mottling appears orchid like! [11] Uniform, [12] Great Foliage, [12] Vigorous Plant, [2] Unique Flower Form, [5] Few Flowers, [7] Unique Colors, [9] Many Flowers, [9] Vibrant Flower Color
Catharanthus	Cora® XDR Apricot	Syngenta	Pink		Sun - S	2.76	I like the flower color a lot; Lacks vigor; Fairly uniform. Also flowers size slightly more uniform; Red center of flower makes plant pop; [1] Few Flowers, [1] Unique Flower Form, [1] Vigorous Plant, [2] Color Does Not Match Name, [2] Non-Uniform, [3] Great Foliage, [5] Low Vigor, [5] Many Flowers, [5] Unique Colors, [7] Vibrant Flower Color, [9] Uniform
Catharanthus	Cora® XDR Deep Strawberry	Syngenta	Pink		Sun - S	2.57	Flowers provide a nice pop of color; small but full; Interesting flower small plant; Lacks vigor; Overall fairly uniform plants. Maybe a couple are smaller than the others. Variability between the flowers some have more light pink to them; The color is variable between plants; [1] Vigorous Plant, [2] Disease Present, [2] Many Flowers, [2] Non-Uniform, [3] Few Flowers, [3] Great Foliage, [3] Unique Colors, [4] Vibrant Flower Color, [7] Low Vigor, [7] Uniform
Catharanthus	Cora® XDR Hotgenta	Syngenta	Pink		Sun - S	1.57	Hard to say but the one plant looked ok. Flower looked good; Nice color on the only bloom; Only 3 plants; The color is awesome. Unfortunately the plants were so small and the flower power lacking that it was hard to rate them anything but a two; Only three plants hard to give a good evaluation; [14] Low Vigor, [2] Non-Uniform, [3] Vibrant Flower Color, [4] Uniform, [8] Few Flowers
Catharanthus	Cora® XDR Magenta Halo Improved	Syngenta	Pink		Sun - S	2.67	Fitting name; blooms are unique and have an ombre look; Great flower color with a beautiful; bright white eye. Many flowers. A little disease/moisture issue creeping in; Lacks vigor; Variable plant size. I like the flower color with the white eye that fades out. Matches the halo name; [1] Few Flowers, [1] Vigorous Plant, [3] Great Foliage, [3] Non-Uniform, [5] Unique Colors, [6] Low Vigor, [6] Many Flowers, [6] Uniform, [9] Vibrant Flower Color
Catharanthus	Cora® XDR Polka Dot	Syngenta	White		Sun - S	2.62	Lacks vigor; Nice foliage. Crisp; flower color. Similar to the white your regular flower size. Also observing abnormal flowering on two plants; Nice vibrant eye on clean white petals; Uniform; random stems that are longer give plant texture; [10] Uniform, [1] Vibrant Flower Color, [1] Vigorous Plant, [2] Unique Flower Form, [3] Great Foliage, [3] Non-Uniform, [4] Few Flowers, [4] Low Vigor, [4] Many Flowers, [4] Unique Colors
Catharanthus	Cora® XDR Punch	Syngenta	Pink		Sun - S	2.81	Darker foliage makes bright pink pop; Flower really pops; Good coral color does not fade; Good foliage color. Nice flower color. Probably the best XDR in the group as the others variable flower size. [11] Vibrant Flower Color, [1] Vigorous Plant, [2] Few Flowers, [2] Unique Colors, [3] Non-Uniform, [4] Great Foliage, [6] Low Vigor, [7] Many Flowers, [7] Uniform
Catharanthus	Cora® XDR White	Syngenta	White		Sun - S	2.05	Catharanthus is nice just not big enough to use unless maybe I can overwinter them inside; Classic white looks good; Clean crisp white; Crystal clear; white flowers. Flowers size varies; Good solid white flower; Small and dainty; pure white flowers; Two in decline [10] Low Vigor, [1] Vibrant Flower Color, [1] Vigorous Plant, [3] Disease Present, [3] Great Foliage, [3] Many Flowers, [5] Few Flowers, [5] Non-Uniform, [6] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Catharanthus	Soiree Ka • wa • i • i® Blueberry Kiss	Suntory	Blue		Sun - C	3.23	Bloom color pairs well with darker foliage; Blueberry color with dark eye branching has a tendency to create an uneven canopy; Holds color well; Nice color. Matches the name. Fairly uniform. A little more open habit. [12] Uniform, [13] Many Flowers, [2] Low Vigor, [2] Unique Flower Form, [3] Non-Uniform, [4] Vibrant Flower Color, [4] Vigorous Plant, [7] Great Foliage, [9] Unique Colors
Catharanthus	Soiree Ka • wa • i • i® Coral Reef	Suntory	Pink		Sun - C	2.50	Fairly compact. Maybe not as floriferous others in the series. Aster yellows appears to be in here; Good dense habit; Tiny and round; lots of blooms; Vibrant flower color; not as florific as some others in the series. [1] Unique Colors, [2] Great Foliage, [2] Some Chlorosis, [2] Vigorous Plant, [3] Vibrant Flower Color, [4] Few Flowers, [4] Non-Uniform, [5] Many Flowers, [6] Uniform, [7] Low Vigor
Catharanthus	Soiree Ka • wa • i • i® Paprika Red	Suntory	Red	NEW	Sun - C	2.91	Best single Catharanthus; Blooms between solid red color and white infused; More landscape habit; Flower color fades to pink best of series; Flowers appear sun scorched has weird branching that leads to a non-uniform canopy; Growth habit is a little more leggy but still attractive; Interesting but I doesn't think I like it. It looks faded; Largest on the series. Old flowers are lighter in color; giving a good bicolor appearance. Not sure if that's intended. Largest of the series. More open and airy. Lots of larger blooms; blooms are pink and white; not paprika red; some stems are longer than others [14] Many Flowers, [1] Low Vigor, [1] Unique Flower Form, [3] Color Does Not Match Name, [3] Vibrant Flower Color, [4] Great Foliage, [4] Non-Uniform, [7] Unique Colors, [8] Vigorous Plant, [9] Uniform
Catharanthus	Soiree Ka • wa • i • i® Red Shades	Suntory	Red		Sun - C	2.82	Red Shades' because of color variety? Because there is obvious color variety; Did not size; I'd rather have one shade of red; Mostly uniform slightly less flowers than white peppermint; Truly different shades of red though the mix of plants; Varying in size; blooms are a great pop of color; compact and small [14] Many Flowers, [1] Vigorous Plant, [3] Great Foliage, [4] Unique Colors, [7] Non-Uniform, [8] Low Vigor, [8] Vibrant Flower Color, [9] Uniform
Catharanthus	Soiree Ka • wa • i • i® White Peppermint	Suntory	White		Sun - C	3.18	Adorable; Could be more vigorously; Each plant looks to full size Great flower that loves the heat. Given our cruel conditions; it did not reach its optimal habit. Still has a lot of flower. Power would work great and small containers; Mostly uniform; Small and dense bushes; tons of blooms cover top [10] Uniform, [14] Many Flowers, [1] Few Flowers, [2] Vigorous Plant, [3] Non-Uniform, [3] Unique Colors, [3] Unique Flower Form, [4] Vibrant Flower Color, [6] Great Foliage, [9] Low Vigor
Catharanthus	Soiree® Double Orchid	Suntory	Purple		Sun - C	2.43	Color looks sun faded; different shades on one plant; Great color; Very cool. Unusual flower; I like the color. Not very clear for us. Not very uniform. Some incidence of disease; Unique mix of dark and light blooms; darker foliage; Seems to be missing several plants; [1] Vigorous Plant, [3] Many Flowers, [3] Uniform, [3] Unique Flower Form, [3] Vibrant Flower Color, [4] Great Foliage, [5] Few Flowers, [5] Unique Colors, [7] Low Vigor, [8] Non-Uniform
Catharanthus	Soiree® Double Pink	Suntory	Pink		Sun - C	3.57	Best vigor and flower power of the entire double series; Double petals give plant a unique look; darker green makes pink pop; Lots more pollinators on this cultivar for some reason!; Of the two in the series the more vigorous. Probably a bit more floriferous. Interesting flower form; Unique flower shape; [10] Vibrant Flower Color, [11] Unique Flower Form, [12] Many Flowers, [1] Low Vigor, [2] Non-Uniform, [3] Unique Colors, [5] Great Foliage, [7] Uniform, [7] Vigorous Plant

Catharanthus	Soiree® Double White	Suntory	White		Sun - C	3.00	Nice double; I didn't like this for the non-uniformity in ground; this could be really pretty in a container; Double petals give plant unique look; second set of petals point straight out; longer stems; Interesting flower form. Not very floor for us. Nice foliage; Love the flower; Interesting foliage; Most interesting of the Catharanthus [11] Uniform, [11] Unique Flower Form, [11] Vigorous Plant, [1] Unique Colors, [2] Vibrant Flower Color, [6] Few Flowers, [6] Great Foliage, [6] Many Flowers, [6] Non-Uniform
Catharanthus	Soiree® Flamenco Pink Twist	Suntory	Pink		Sun - C	2.82	Flowers look very beat up; Foliage appears to be distorted; Foliage has a lot of texture; blooms look frilly and very different from other plants; More foliage than flower; Need more flowers; Starting to yellow; The unique flower color kind of looks chlorotic; Very unique flower. Not a lot of flowers. See more foliage than flowers. Not very uniform; Vibrant color combo in flowers; [12] Unique Flower Form, [1] Some Chlorosis, [2] Vibrant Flower Color, [4] Few Flowers, [4] Unique Colors, [5] Many Flowers, [5] Non-Uniform, [6] Vigorous Plant, [7] Uniform, [8] Great Foliage
Catharanthus	Soiree® Flamenco Senorita Pink	Suntory	Pink		Sun - C	2.91	Flower petals present nicely to viewer. Great vibrant eye with pastel outer petals. quite pretty flower; Needs more flower power; ombre flower pattern; textured foliage that is larger and shiny; [1] Low Vigor, [2] Few Flowers, [2] Non-Uniform, [3] Vibrant Flower Color, [5] Great Foliage, [6] Many Flowers, [6] Uniform, [7] Vigorous Plant, [8] Unique Colors, [9] Unique Flower Form
Catharanthus	Volcano F1 Peach	Cerny Seed	Peach	NEW	Sun - S	1.76	Bloom great coloring; Great melon colored flowers on small plants; I like the flower color. Nice vibrant eye. Only three plants; Really like the flower small plant; Name is very fitting; plants are not uniform but seem to be doing ok; [10] Low Vigor, [1] Uniform, [3] Few Flowers, [3] Unique Flower Form, [5] Unique Colors, [5] Vibrant Flower Color, [7] Non-Uniform
Catharanthus	Volcano F1 Rose Morning	Cerny Seed	Pink	NEW	Sun - S	2.52	Despite only for plants fairly uniform and decent plant stature; Lovely soft pink petals with bright eye. Very uniform plants with lots of flowers; ombre color makes plant have a tropical feel; More flower power needed [11] Uniform, [2] Few Flowers, [2] Unique Colors, [3] Great Foliage, [4] Vibrant Flower Color, [7] Low Vigor, [8] Many Flowers
Catharanthus	Volcano F1 Scarlet Eye	Cerny Seed	Red	NEW	Sun - S	1.67	2 of 5 very yellow; Flower color is interesting. doesn't really see the scarlet eye. The three non-diseased plants look quite uniform with a good stature; Great! Rich vibrant red chlorotic plants wacky uniformity in the grow out; Nearly half the plants are chlorotic those that are have green flowers instead of red; Two turning completely green; Plants that are healthy look full; other plants are chlorotic [1] Color Does Not Match Name, [1] Great Foliage, [1] Many Flowers, [1] Significant Pest Damage, [1] Uniform, [1] Vigorous Plant, [2] Few Flowers, [5] Vibrant Flower Color, [6] Disease Present, [6] Non-Uniform, [8] Low Vigor, [9] Some Chlorosis
Celosia	Flamma Bright Red	Sakata Seed America	Red		Sun - S	3.14	Leaves are a green to purple tint; flowers are unique and fluffy; great pop of color; Many leaves have white centered red rimmed spots; Very nice dark red color; Nice size; fairly uniform. A couple smaller plants. Initial inflorescence is quite large multiple secondary and tertiary inflorescences. Foliage looks decent; [14] Many Flowers, [1] Disease Present, [1] Low Vigor, [3] Non-Uniform, [3] Unique Flower Form, [4] Great Foliage, [5] Vigorous Plant, [6] Unique Colors, [9] Uniform, [9] Vibrant Flower Color
Cleome hassleriana	Sparkler™ 2.0 Purple	Syngenta	Purple		Sun - S	1.38	All dead
Cleome hassleriana	Sparkler™ 2.0 Rose	Syngenta	Pink		Sun - S	1.00	All dead

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Coleus	Campfire	Ball FloraPlant	Orange		Sun - C	4.21	Beautiful color; Bees love this plant; Cool variations of color from lower canopy to upper canopy; Great color gradient on new leaves and older leaves have a bright red color. Round and uniform shape. Flowers add a nice white and purple pop of color; Little sunburn; One of my favorite coleus of all time. BUT if the flowers could be eliminated that would be amazing- no deadheading needed; Vibrant foliage color. Has flowers but they blend well with the plant; Significant flowering is starting but the blue color is attractive; To many flowers; Very uniform plants. Of all the coleus the one with the most flowers. At least it's flowering uniformly. I doesn't think the flowers necessarily detract from it; Very unique color. Orange and red fluorescent purple. Rounded leaves. Some flowering. Nice hedge [10] Many Flowers, [19] Great Foliage, [1] Few Flowers, [1] Low Vigor, [1] Non-Uniform, [20] Uniform, [21] Vigorous Plant, [6] Unique Colors, [6] Vibrant Flower Color
Coleus	Down Town Columbus	Dummen Orange	Rust, yellow	NEW	Sun - C	3.42	Almost perfect except a couple plants got strangely tall; Color and growth are all over the place; Confetti foliage; anomaly growths and reversions throughout the entries; Flowers are forming; One plant a lot larger; Paint splatter design on leaves; spiky foliage; certain plants are reverting to original; Slightly nonuniform. A few flowers. Variable variegation; Some plants have reverted to a different lead shape. Splattered greed and red design; ridged and narrow leaves; Speckled look and color combo is not my favorite; Unique coleus color. Good habit; nice color contrast[14] Great Foliage, [14] Non-Uniform, [14] Vigorous Plant, [1] Many Flowers, [1] Vibrant Flower Color, [4] Few Flowers, [4] Uniform, [8] Unique Colors
Coleus	Down Town NYC Nights	Dummen Orange	Purple, green	NEW	Sun - C	3.00	Confetti foliage; some inconsistencies in mature size. Cool with red foliage in canopy plants; finer foliage that adds texture; Interesting foliage. Fairly uniform. A few flowers; Not as impressive with such skinny foliage leaves; Really don't like color; Speckled look is not my cup of tea; Spiky foliage with green paint splatter look on dark leaves; Spotting not spectacular enough, looks diseased even when it is not; unattractive color; Unique foliage; Unique foliage shape. Spiked and spotted with light green. Short and round hedge; Very uniform; shorter than other coleus varieties but has nice[10] Vigorous Plant, [11] Great Foliage, [1] Color Does Not Match Name, [2] Low Vigor, [2] Many Flowers, [4] Unique Colors, [5] Non-Uniform, [9] Uniform
Coleus	FlameThrower Habanero	Ball FloraPlant	Red		Sun - C	3.13	Deep red colored foliage and small; spiky leaves. Multiple plants are reverting to original form; Flowers showing; Foliage size is erratic; more of a chili pepper rather than habanero; Not uniform habit; Not uniform. Flowering. Reversions; Several plants reverted; some leaves are bigger and rounded and some are narrow and rigid; Some fine foliage and other large foliage. Genetics appear to be unstable. [10] Great Foliage, [12] Non-Uniform, [12] Vigorous Plant, [1] Color Does Not Match Name, [1] Many Flowers, [2] Vibrant Flower Color, [3] Unique Colors, [4] Few Flowers, [5] Uniform
Coleus	FlameThrower Salsa Roja	Ball FloraPlant	Red		Sun - C	3.83	Clean appearance; Color isn't uniform; Deep red foliage; reminds me of maple leaves. Rounded ridged edges. Veins add nice shading to the leaves; Grasshoppers like this plant; no damage though; [2] Great color; Great habit; Nice entry. No flowers; Overall very uniform. Nice red chocolatey brown. More red. But also looks to have a little bit of fading; grasshoppers seem to like it. nice foliage shape and the maroon color is very striking; Spiky burgundy leaves are consistent and uniform throughout [16] Great Foliage, [17] Uniform, [18] Vigorous Plant, [1] Non-Uniform, [2] Few Flowers, [6] Unique Colors, [6] Vibrant Flower Color

Coleus	FlameThrower Siracha	Ball FloraPlant	Rust, yellow		Sun - C	3.92	Clean and amazing with fine foliage and compact mounding; Color combination not my favorite but if all of the other entries with that combination; some inconsistencies in mature size. Cool with red foliage inside; Great color; and very uniform plant; Looks like flames. Love it; More compact; Very uniform; Very uniform bush-like growth, spiky leaves give the plant character and texture; Very uniform variety; shape kind of reminds me of a foot; red leaves with thicker green border; Very uniform. Medium sized. Somewhat compact looking. Nice looking plants; the name is very appropriate[12] Vigorous Plant, [19] Uniform, [1] Many Flowers, [1] Non-Uniform, [1] Unique Flower Form, [20] Great Foliage, [2] Low Vigor, [6] Unique Colors
Coleus	Main Street Lombard Street	Dummen Orange	Purple, green	NEW	Sun - C	4.29	Deep chocolate and bright green edge; Huge mounds; somewhat lumpy habit; dark lime contrast lovely; Just a few flowers starting otherwise looks pretty impressive; Love the chartreuse margins against the dark maroon; Nice dark color; Nice deep purple contrast w lime green; Nice green edge to leaf; Several flowers showing; Sharp crinkled lime green edges with a solid brown center makes great texture. Some flowering. Plant gives me neon vibes; Uniform. Tall at about three to 3 1/2 feet. Some flowering. Dark colored leaves hold well in sun; especially with the unique wavy foliage; Very unique colors; frilly edges add texture along with tall flowers[13] Uniform, [17] Vigorous Plant, [19] Great Foliage, [1] Color Does Not Match Name, [1] Many Flowers, [1] Non-Uniform, [2] Vibrant Flower Color, [6] Few Flowers, [6] Unique Colors
Coleus	Premium Sun Coral Candy	PanAmerican Seed	Orange, yellow	NEW	Sun - S	2.58	Although it's intended to hang down; it looks like it needs water all the time; Colors aren't very vibrant and eye catching; Covered by neighboring plant; Dark foliage with bright pink splashed throughout the center; Dull foliage color and uneven; Great leaf color; Inconsistent size and colors; Longer rigid leaves. I like the gradient of color displayed; love the colors in this coleus - very unique; Rudbeckia crowded out; Variable foliage size. Variable plant size; partially overshadowed by neighboring plant falling onto it [12] Non-Uniform, [1] Many Flowers, [2] Uniform, [2] Vibrant Flower Color, [4] Vigorous Plant, [6] Unique Colors, [8] Great Foliage, [9] Low Vigor
Coleus	Solar Flare	Ball FloraPlant	Red, yellow	NEW	Sun - C	3.96	Couple flowers; Forms a nice hedge. Crinkled edges with a lime green border gives the plant some nice texture; Great color! Very vigorous; unique foliage edges add some nice texture to the garden; decent form. Holds color well in the sun. Nice edges; Some bleaching out of leaves and tips; dense mounding habit; Very uniform and round bush; leaves are frilly and green outline makes red stand out; Vibrant foliage color; [16] Uniform, [17] Great Foliage, [1] Many Flowers, [1] Non-Uniform, [20] Vigorous Plant, [2] Unique Flower Form, [3] Unique Colors, [3] Vibrant Flower Color, [4] Few Flowers
Coleus	Talavera™ Burgundy Lime	Syngenta	Red, yellow	NEW	Sun - C	3.38	15 percent with flowers. Not a good thing for coleus; Couple flowers; Do not like colors- yuck; Flowers forming; it's more lime burgundy; Leaves are flared and have unique coloring; purple flowers grow taller than foliage. Leaves look scaly; leaves come to a nice point. Some purple flowers visible; fairly uniform and dents. Variable foliage color. Of all the coleus, one of the more floriferous; Nice contrasting color; Nice gradient of green to red in leaves; [13] Great Foliage, [13] Uniform, [16] Vigorous Plant, [2] Non-Uniform, [3] Many Flowers, [3] Vibrant Flower Color, [5] Few Flowers, [6] Unique Colors
Coleus	Talavera™ Chocolate Mint	Syngenta	Green, bronze	NEW	Sun - C	3.58	A perfect row; Color is not very vibrant; Color looks a little bit faded; bushy; needs improvement; Foliage color is dull. It does not draw the eye; Great green edge to leaves; Looks washed out; The name really fits this plant. The colors look a little washed out from the sun. Nothing very unique about this plant; This plant has a very fitting name; leaf shape looks similar to mint plant; green and brown create a dessert-y look; Very uniform! No flowers. [14] Great Foliage, [14] Vigorous Plant, [18] Uniform, [1] Few Flowers, [2] Vibrant Flower Color, [3] Unique Colors

Coleus	Talavera™ Chocolate Velveteen	Syngenta	Purple	NEW	Sun - C	3.25	Dark purple foliage reminds me of a chocolate mounding cake; very round in shape; Fades to a dirty green; Foliage color fading; Green variation is present on few leaves; No flowers and looks like chocolate; Growth uniformity is its strength. Would like to see a deeper consistency in the purple; Eli moths green coming through; Hasn't filled in as much as some of the other coleus; Neat and upright, some space allowing visibility through; such a cool variety, dark foliage is always so interesting in the garden; Overall fairly uniform. Chocolate foliage bleaching slightly but not terrible. Good color; Solid chocolate color; medium almond shape leaves; rigid edges[10] Great Foliage, [10] Vigorous Plant, [12] Uniform, [1] Many Flowers, [2] Non-Uniform, [2] Unique Colors, [2] Vibrant Flower Color
Coleus	Talavera™ Moondust	Syngenta	Orange	NEW	Sun - C	3.83	Clean appearing plants; dense rows of pointed upswinging foliage; Color matches name!; No flowers; No flowers present is a good thing . Speckled look to me looks as if plant is sick; very appropriate name for the species; The spots in the foliage add a unique dimension. Very fun; Uniform leaf spiraling; dust of green color on plant makes leaves look sparkly; Unique foliage shape; Very uniform at about 3 feet tall not flowering good figure. Foliage color holds; Very uniform. Unique speckles of green throughout the leaves; I like the speckled look [16] Great Foliage, [17] Uniform, [19] Vigorous Plant, [1] Low Vigor, [2] Few Flowers, [2] Non-Uniform, [2] Vibrant Flower Color, [5] Unique Colors
Coleus	Talavera™ Pink Tricolor	Syngenta	Red, purple, green	NEW	Sun - C	3.67	A few flowers showing; Few flowers- a good thing; doesn't have to deadhead; Great habit; Just a couple of flowers coming; More narrow/long leaves. Bright green smooth border that contrasts well with the inner rust color; Neat and upright; lovely lines and edges of color; Not as big as the others in the series; Does not branch much. More upright. Very round growth pattern; unique red and green foliage; green outline makes red in center pop; [12] Vigorous Plant, [14] Great Foliage, [1] Many Flowers, [1] Non-Uniform, [1] Unique Flower Form, [20] Uniform, [2] Unique Colors, [4] Few Flowers, [4] Vibrant Flower Color
Coleus	Talavera™ Sienna	Syngenta	Orange, yellow	NEW	Sun - C	3.04	Nice dwarf coleus form; Not as vigorous; Shorter variety. More compact; Some curling leaves; smaller growing; Tidy and compact. Very uniform. Nice selection; Very compact; Very vibrant foliage color; rounded and dense bushes; lower growing but still pretty; [10] Low Vigor, [11] Great Foliage, [15] Uniform, [1] Few Flowers, [1] Many Flowers, [3] Unique Colors, [7] Vigorous Plant
Coleus	TrailBlazer Glory Road	Ball FloraPlant	Yellow, red	NEW	Sun - C	2.79	Kind of lucky. Almost looks chlorotic. vigorous; Little sun scald; Lodging in middle; Nice that there are No flowers present but yucky color combo; Past prime; Plant seems to be falling over itself. Leaves are smaller and shorter. Sharp ridges. Not very uniform; Very small foliage; doesn't stand out. Non-uniform growth; Very tiny leaves; dense foliage; uneven mounds of foliage; Weak stems; Would be fine groundcover; opening up in center; either disease or too much water but the coleus is flopping over in some areas[10] Non-Uniform, [1] Disease Present, [2] Few Flowers, [3] Low Vigor, [3] Uniform, [3] Unique Colors, [7] Great Foliage, [9] Vigorous Plant
Coleus	TrailBlazer Road Trip	Ball FloraPlant	Red, green, purple	NEW	Sun - C	3.30	Color fade in center of leaf; Just a couple of flowers showing; Leaves remind me of a tongue. Nice green rigid border around leaves. Not as vigorous as other varieties; Needs improvement on uniformity on growth habit; Overall decent. Holds color well in full sun. Maybe a bit nonuniform; Unsure difference with proven winners, would be a nice groundcover; Very unique foliage pattern; splash of pink in center of leaf with dark outline; Vibrant color; Weak stems; [11] Great Foliage, [11] Uniform, [11] Vigorous Plant, [1] Low Vigor, [1] Many Flowers, [2] Few Flowers, [2] Unique Colors, [3] Vibrant Flower Color, [9] Non-Uniform

Cuphea	Sweet Talk™ Lavender Splash	PanAmerican Seed	Purple	NEW	Sun - S	3.31	Bushy; uniform; blooms throughout; Great flower color. Lodging; Looks great overall. Nice color and amount of blooms; Moderate flowering with slight lodging; Overall uniform. Probably better flowering about two weeks ago; Plants opening up; Plant looks very wild. Pretty flowers. Dark and like purple grates nice depth. Attracts beetles; Some pest damage. Not uniform flowering - all in outside if bed; Some signs of chewing on leaves; Very cool!; really like these great colors and foliage [11] Unique Colors, [12] Many Flowers, [12] Uniform, [14] Vigorous Plant, [2] Unique Flower Form, [3] Non-Uniform, [5] Great Foliage, [6] Vibrant Flower Color
Cuphea	Sweet Talk™ Pink Deep	PanAmerican Seed	Pink	NEW	Sun - S	3.50	A little muted. Bumble bees present and visiting flowers; really like these great colors and foliage; fairly uniform. Probably more floriferous about two weeks ago. Plenty more flowers coming. Pollinators; Bushy and uniform; good ratio of blooms to foliage; Foliage forms a nice hedge. True pink and purple is a fun combination; Japanese beetle present; Lots of dead flowers; Moderate flowering with slight lodging; Slight lodging. Many flowers; [13] Uniform, [14] Many Flowers, [14] Vigorous Plant, [1] Few Flowers, [1] Unique Flower Form, [2] Non-Uniform, [3] Unique Colors, [6] Great Foliage, [7] Vibrant Flower Color
Cuphea	Sweet Talk™ Red	PanAmerican Seed	Red	NEW	Sun - S	3.65	Best of the group this year. Bumble bees present and visiting flowers; Bright and uniform foliage and blooms; even growth; Lodging; really like these great colors and foliage; Nice two-tone; Plants opening up some; Red flowers with purple center looks very vibrant; Similar to the other sweet talk series; fairly uniform. Prolific flowering; [11] Vibrant Flower Color, [12] Vigorous Plant, [15] Many Flowers, [15] Uniform, [1] Few Flowers, [2] Unique Flower Form, [3] Non-Uniform, [6] Unique Colors, [7] Great Foliage
Dahlia	City Lights Lavender Pink	Selecta One	Pink		Sun - C	3.00	Flowering is moderate; Flowers more hidden in foliage; Many small flowers; not proportional to the big foliage; Medium dark foliage contrasts well with flowers in the foliage. Flower abortion happens and leaves stems; Nice darker foliage; Small flowers; Tons of blooms; blue-green foliage with the light purple blooms gives it a mystical look; very full; flowers a bit too close to foliage; [10] Great Foliage, [13] Many Flowers, [13] Uniform, [15] Vigorous Plant, [2] Few Flowers, [2] Vibrant Flower Color, [3] Unique Colors
Dahlia	City Lights Purple	Selecta One	Purple		Sun - C	4.25	Full of flowers; nice contrast towards foliage. Flowers just fall off the plant; Great color but I wouldn't call it purple; I enjoy the dark foliage. I'm not sure I like the dark flower/dark foliage combined. Flowers fall off stems easily; I know this plant fall apart in a couple weeks but darn it looks good right now; Love the purple with dark leaves; Nice habit and color; Purplish foliage; Tons of blooms; blooms look almost velvety; foliage is a nice black-green shade that compliments the purple well; Would rate 6/5 if I could!; great plant; color of blooms a bit too close to foliage color; a fantastic plant [13] Vibrant Flower Color, [16] Great Foliage, [16] Many Flowers, [16] Uniform, [18] Vigorous Plant, [1] Color Does Not Match Name, [1] Few Flowers, [2] Unique Flower Form, [9] Unique Colors
Dahlia	City Lights Red	Selecta One	Red		Sun - C	3.42	great red color; Dark foliage has smaller pointier leaves; small compact blooms with dark red petals; Flower fade and small flowers; Flowering is moderate; Flowers mixed into top points of foliage; dead hidden well against dark foliage; Large habit but uneven; Merlot blooms pop against dark foliage; Small compact flowers with a unique deep red flower. Dark foliage pairs nicely with the colors of the flowers; Small flowers; No great contrast foliage/flower; Smaller flowers; Very nice; great red color [10] Many Flowers, [12] Vigorous Plant, [14] Uniform, [17] Great Foliage, [1] Disease Present, [1] Non-Uniform, [2] Few Flowers, [4] Unique Colors, [4] Vibrant Flower Color

Dahlia	Dahlegria™ Apricot Tricolor	Syngenta	Pink, orange, red		Sun - C	4.58	Dark foliage makes the bright flowers pop; color of flower is more hot pink and red rather than apricot color; Elongated stems; Everything about it is great and lovely; tricolor blooms glow great against foliage; blooms held above plant; Love the color and contrast; Love the vibrant hues; My favorite dahlia. Attracts many bees; very unique colors that pop; Single petals and dark foliage make single flowers pop; popular with pollinators; Unique flower form daisy lime; [13] Unique Flower Form, [13] Vigorous Plant, [14] Uniform, [17] Unique Colors, [17] Vibrant Flower Color, [18] Great Foliage, [1] Few Flowers, [1] Low Vigor, [21] Many Flowers, [2] Color Does Not Match Name
Dahlia	Dahlegria™ Magenta Bicolor	Syngenta	Pink, white		Sun - C	4.08	Bees love the single petal form; more upright and slim variety; Elongated stem; Flower stems may be a little too long and appears leggy; Great contrast; Leaves are big; flower stems are long; dark foliage looks great with the pop of white in flowers; great bicolor bloom held high above plant; single type flowers on long pedicels; Very long flower stems; gray-green foliage gives a nice base for the pop of ombre pink and white; great contrast between flowers and foliage; [10] Unique Flower Form, [10] Vigorous Plant, [11] Uniform, [11] Vibrant Flower Color, [12] Unique Colors, [15] Great Foliage, [16] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [2] Few Flowers
Dahlia	Dahlegria™ Sunrise	Syngenta	Orange, yellow		Sun - C	3.88	Dark and spiky foliage; bright flowers remind me of a popsicle; Elongated stems; Leaves are more narrow compared to other single petal varieties; I like the yellow center; Love the color and contrast. A few floppy in row; Single flower but lodges; Single petal unique and popular amongst pollinators; dark foliage and gradient color is very striking; held above foliage; some leggy flopping in 10% of remaining plants. 20% of plants also missing/dead?; nice flower color [12] Great Foliage, [12] Unique Colors, [13] Many Flowers, [13] Vigorous Plant, [16] Vibrant Flower Color, [3] Few Flowers, [4] Non-Uniform, [7] Unique Flower Form, [8] Uniform
Dahlia	Dalaya Apricot	Selecta One	Orange	NEW	Sun - C	3.63	Eye-catching; Mesmerizing petal formation; colors vary between older and newer blooms; petals spike out from center; Not super uniform; Very dense plant. Nice solid orange flowers. Bushy foliage; Wide growing and dense; flowers rest more on the foliage; nice color range from newer to older flowers in apricot [16] Many Flowers, [17] Vigorous Plant, [1] Few Flowers, [2] Unique Flower Form, [7] Non-Uniform, [8] Great Foliage, [8] Unique Colors, [8] Vibrant Flower Color, [9] Uniform
Dahlia	Dalaya Fireball	Selecta One	Orange, yellow		Sun - C	3.75	Center of flower is spiked yellow while the outer petals are flat and red. Foliage has big leaves. Flower size is smaller; Center of flower spikes outwards; outer petals curl backward to give the flower a unique look; Looks messy; weak looking; not vibrant; Nice bicolor flower; Vigorous and very uniform; Yellow center is a explosion against solidifying orange pedals; beautiful contrast in flower colors. Spent flowers detract from rest of plant [13] Unique Flower Form, [13] Vibrant Flower Color, [14] Uniform, [15] Unique Colors, [15] Vigorous Plant, [18] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [5] Great Foliage
Dahlia	Dalaya Pink+White	Selecta One	Pink		Sun - C	2.88	Little white; No white; Pretty flower but don't love the fading. Some are floppy; Small flowers; not the most showing; Some lodging; The foliage on this variety looks a little weedy. This also looks more solid pink than pink and white; Variation in flower size and color; dense row; does not bury dead well; Very full growth; plant grows out in all directions; flowers are not pink and white; mainly just pink; [10] Vigorous Plant, [16] Many Flowers, [1] Disease Present, [1] Few Flowers, [2] Unique Colors, [4] Color Does Not Match Name, [4] Great Foliage, [8] Non-Uniform, [8] Uniform, [8] Vibrant Flower Color

Dahlia	Dalaya Purple+White	Selecta One	Purple, white		Sun - C	3.17	Inconsistent flower color; Several flowers in the bunch did not have the white tips; Some flowers have just the purple which is overall more a deep fuchsia; Some of the flowers look very different from others; Some reversions; sturdy stocks; Some reverting to all purple flowers; Tall flower stems; lower foliage growth; purple and white pair well together; some all purple flowers in with the bicolor flowers; [11] Vigorous Plant, [16] Many Flowers, [1] Color Does Not Match Name, [1] Unique Flower Form, [6] Great Foliage, [7] Vibrant Flower Color, [8] Uniform, [8] Unique Colors, [9] Non-Uniform
Dahlia	Darlin' Abstract Fuchsia	Danziger	Purple, white	NEW	Sun - C	3.38	Fabulous individual flowers; Flowers look dyed; tips of petals being purple gives the plant a unique look; Large flower size; nice bi-color; Love white with Purple edges; Not my favorite color. Nice flower size but flowers sit on foliage; Purple petal apices are fantastic!; Very compact. Flowers point down; flowers like scoops on top of the plants; The white petals with purple tips looks very nice against the big leaves. Nice ratio of flower to foliage; [13] Uniform, [14] Unique Colors, [15] Many Flowers, [4] Non-Uniform, [6] Unique Flower Form, [7] Great Foliage, [7] Vibrant Flower Color, [9] Vigorous Plant
Dahlia	Darlin' Burgundy Lace	Danziger	Purple, white		Sun - C	3.79	very uniform; Burgundy striking color. Tidy habit; Compact; Foliage is consistent and pairs well with darker blooms; Lots of foliage; Smaller leaves on foliage. Many flowers. Deep purple looks very nice; White tips individuals enjoy; clean and consistent plants; flowers held above tidy plant; [11] Vigorous Plant, [14] Unique Colors, [16] Many Flowers, [16] Vibrant Flower Color, [1] Few Flowers, [20] Uniform, [4] Low Vigor, [4] Unique Flower Form, [6] Great Foliage
Dahlia	Darlin' Orange Flare	Danziger	Orange, red, yellow		Sun - C	3.33	Flowers have a large range of red to yellow shades; large foliage leaves; large blooms; Incredible coloration; Large flower; Love how every flowers color is different; Significant lodging; Weaker stems some lodging; not consistent heights; lots of flowers; This flower is red and yellow gradient - there's no orange in it. Otherwise looks nice; Weak stems. [10] Non-Uniform, [12] Unique Colors, [13] Vigorous Plant, [14] Vibrant Flower Color, [18] Many Flowers, [1] Unique Flower Form, [3] Color Does Not Match Name, [4] Uniform, [6] Great Foliage
Dahlia	Darlin' Perfect Red	Danziger	Red	NEW	Sun - C	4.08	Flower color fades a lot; Flowers fade with age; Large flowers; Round and flat leaves create a nice base for the pops of red and yellow blooms; Solid red variety. Foliage looks very bright and vigorous; unique red; flowers held up above foliage; [14] Vibrant Flower Color, [14] Vigorous Plant, [15] Uniform, [19] Many Flowers, [1] Low Vigor, [5] Unique Colors, [7] Great Foliage
Dahlia	Darlin' Radiant Pink	Danziger	Pink, yellow		Sun - C	2.75	Beautiful flower but the bed shows a lot of dead flowers & diseased foliage; Color appears messy; not uniform habit; Flower color fades a lot; Flower pretty color and contrast but blooming low on foliage and some floppy; Great individual flowers; but some are held beneath foliage; Lacks uniformity; Loved the mix of pink and yellow; moderate flowering; The shade of green of the foliage is very bright which pairs nicely with the pink blooms; Vibrant flower colors remind me of a sunset; great foliage to flower ratio; [11] Non-Uniform, [11] Vibrant Flower Color, [1] Significant Pest Damage, [2] Disease Present, [2] Low Vigor, [2] Uniform, [5] Few Flowers, [6] Great Foliage, [6] Unique Flower Form, [7] Many Flowers, [7] Vigorous Plant, [8] Unique Colors
Dahlia	Darlin' Yellow	Danziger	Yellow		Sun - C	3.46	Great bright neon yellow; plants are different sizes and falling over itself; leaves are big and bright green; Great pop of color; has trouble standing up on its own; multiple plants falling over; I think it just needed deadheading; Nice plants fairly uniform fewer lower leaves; Ruffled flowers and topped with many. Some falling over; Same damage on flower; very large flowers; spent flowers unattractive [13] Vibrant Flower Color, [15] Vigorous Plant, [1] Low Vigor, [1] Some Chlorosis, [1] Unique Colors, [1] Unique Flower Form, [21] Many Flowers, [4] Uniform, [7] Great Foliage, [8] Non-Uniform

Dahlia	Delaya Vampire 22	Selecta One	Red		Sun - C	3.54	Amazing foliage; consistent and full; name fits plant very well; Beautiful deep red color; Bloom is a wonderfully deep merlot; Clean appearance; great dark flower contrast; Flowers almost blooming under foliage; Flowers are somewhat down in the foliage; Lots of blooms left to bloom; Many more buds than flowers; nice deep red flowers; flowers not above the foliage; The fade of dark red to light gives nice texture to the plant; This is a terrific color; Named well; flowers too tucked down in foliage[10] Great Foliage, [13] Many Flowers, [13] Uniform, [14] Vibrant Flower Color, [15] Vigorous Plant, [3] Few Flowers, [4] Unique Colors
Dahlia	Hypnotica® Tropical Breeze 2024	Dummen Orange	Pink, white	NEW	Sun - C	2.25	Flowers are hidden within the foliage. Compact bushy plant. Flower colors aren't very uniform; Flowers beneath foliage; flowers too far down in plant; Flowers grow inside of foliage; very compact; Foliage hides the low blooms but pretty flower; Lodging and few flowers; Not a vigorous plant flowers under foliage; Smaller plant looks not as big a vibrant as other plants; Very compact variety; [1] Unique Flower Form, [2] Unique Colors, [3] Disease Present, [3] Vibrant Flower Color, [4] Great Foliage, [4] Uniform, [4] Vigorous Plant, [6] Many Flowers, [7] Non-Uniform, [8] Low Vigor, [9] Few Flowers
Dahlia	Labella Grande Coral (DAMX 3961)	Beekenkamp Plants	Salmon	NEW	Sun - C	3.00	Beautiful color; Flower color is very pretty; dark in the middle and faded lighter on the edges. Dark veins in foliage; Lodging and few flowers; Love the color; Love the coral color; plant sturdiness is lacking; spent blooms detract; lacking color consistency; plants have flopped a little bit. Nice color and flowers. Nice foliage; ombre flower color is stunning; the dark stems throughout the plant and the darker green leaves pair beautifully with the blush colored flowers; Pretty color. Mid vigor. Not uniform; Some plants a but leggy and falling over; nice large blooms and color; flowers above foliage[10] Unique Colors, [11] Many Flowers, [13] Non-Uniform, [1] Few Flowers, [1] Unique Flower Form, [2] Low Vigor, [3] Uniform, [4] Vibrant Flower Color, [5] Great Foliage, [8] Vigorous Plant
Dahlia	Labella Grande Fun Caramel DAMX 3960	Beekenkamp Plants	Orange	NEW	Sun - C	2.28	Flower color is not stable seeing some primarily orange some with the white centers. Probably in full flower a week or two ago probably on the tail end of flowers right now; Flower fades quickly to unattractive color; Flowering is moderate to low; Flowers are mostly brown and look sick; Great variety of bloom colors; dense foliage growth; blooms seem to die off quickly and leaves plant looking messy; If all of them looked as good as the one at the front of the right hand wrote; this would be a fabulous plant; flower to foliage ratio is way off; Many flowers but dead blooms are very prevalent and make the plant look dirty; nice shade of coral from new to old blooms; Patchy pink blooms among the yellow; intentional mutation or happy accident?; Variation of color intensities; [1] Color Does Not Match Name, [1] Disease Present, [1] Vibrant Flower Color, [2] Low Vigor, [3] Great Foliage, [6] Few Flowers, [6] Many Flowers, [6] Non-Uniform, [6] Unique Colors, [8] Uniform, [8] Vigorous Plant
Dahlia	Labella Grande Fun Red White	Beekenkamp Plants	Red, white		Sun - C	2.92	Appears slim and dense; flowers dappled within foliage; Beautiful individual flowers; some flowers held beneath the foliage; Bright green foliage; very fluffy and bushy; flower color gives a Christmas-y look; Flowering is moderate and there is some lodging; Lots of lodging; Nice plant don't live flower; Plants form a hedge but foliage looks a little out of control. Flower colors remind me of candy canes; small flowers; color a bit muddy; flowers down in foliage; [10] Vigorous Plant, [2] Few Flowers, [2] Non-Uniform, [5] Great Foliage, [5] Vibrant Flower Color, [7] Many Flowers, [8] Unique Colors, [9] Uniform

Dahlia	Labella Grande Fun Sunrise (DAMX 3958)	Beekenkamp Plants	Yellow	NEW	Sun - C	2.96	Dense mounds and flowers on foliage; Don't love lighter flower color; Flowers large and above foliage; For the name having sunrise in; there is little variation from yellow to orange; does not resemble a sunrise. Flowers and leaves are big and plants have formed a nice hedge; spent flowers detract; Nice yellow color. Flowers doesn't hold as well; Rounded growth; lush foliage; I feel like sunrise is not a fitting name because the flowers are just yellow; this is a solid yellow flower; [12] Uniform, [12] Vigorous Plant, [17] Many Flowers, [2] Color Does Not Match Name, [3] Non-Uniform, [5] Vibrant Flower Color, [7] Great Foliage
Dahlia	Labella Grande Purple IMPR.	Beekenkamp Plants	Purple		Sun - C	2.67	Bright colors; falling over and not supporting itself; Bright green foliage has rounded leaves; purple blooms are evenly spread throughout; Deep beautiful color that pops; Lot of lodging; Love color. Some floppy; Severe lodging and flowering is only moderate; Some leggy flopping going in 20% of the plants; Very bushy; not a ton of flowers. Flowers a dispersed among plants inconsistently; Very cool color on new flowers. it glows; beautiful bright blooms; plants not sturdy [11] Non-Uniform, [14] Vibrant Flower Color, [1] Disease Present, [1] Significant Pest Damage, [3] Low Vigor, [3] Unique Colors, [4] Few Flowers, [4] Great Foliage, [4] Uniform, [5] Vigorous Plant, [6] Many Flowers
Dahlia	Labella Grande Yellow	Beekenkamp Plants	Yellow		Sun - C	2.33	habits is lumpy and not uniform; Flowering is moderate in blooms are down in the foliage; Fluffy foliage; flowers grow against the foliage; Good yellow flowers; Lighter flowering than alternatives; spent flowers detract; Smaller variety. Forms nice bush. Some flowers show shades of orange. Smaller leaves; Variation of orange to yellow flowers with age [11] Non-Uniform, [1] Color Does Not Match Name, [1] Disease Present, [1] Some Chlorosis, [2] Great Foliage, [2] Uniform, [2] Unique Colors, [4] Few Flowers, [5] Vibrant Flower Color, [6] Vigorous Plant, [7] Many Flowers, [8] Low Vigor
Dahlia	Labella Maggiore Deep Rose	Beekenkamp Plants	Pink		Sun - C	2.83	Bright pink; smaller than anticipated; darker center of flower to light is uncommon to see; Dark blue-green foliage; varying heights and stem lengths;; Flowers gorgeous; Lots of lodging; Plants are all different sizes. Some flowers are low growing and some have longer stems. Petal shape is more pointed; not consistent in size; beautiful color almost fluorescent; [10] Many Flowers, [14] Non-Uniform, [14] Vibrant Flower Color, [1] Disease Present, [1] Great Foliage, [1] Some Chlorosis, [1] Unique Flower Form, [3] Uniform, [4] Unique Colors, [5] Low Vigor, [6] Vigorous Plant
Dahlia	Labella Maggiore Fun Chocolate Yellow	Beekenkamp Plants	Yellow		Sun - C	4.20	A stand out; Amazing contrast between flowers and foliage; Black leaves give the yellow flowers a great background; plant stands out from the rest because of its shape and unique colors; Excellent contrast between flowers and foliage; Love it! So slim and compact but great balance of flowers too; Flowers need to stand above foliage more; Great color for the foliage. Nice yellow contrast in flowers. Flowers hold well; Great color saturation; Great purple foliage; like color of foliage; Love the name; Love the yellow with black leaves; Foliage/flower color contrast is outstanding; Perfect flowers; Plant is nice and compact [13] Many Flowers, [14] Vibrant Flower Color, [18] Uniform, [18] Vigorous Plant, [1] Unique Flower Form, [21] Great Foliage, [5] Few Flowers, [6] Unique Colors
Dahlia	Labella Maggiore Fun Flame	Beekenkamp Plants	Orange, yellow		Sun - C	3.71	Bright and beautiful; Cool gradient and fade with age; some variable sturdiness; Flowers fade to yellow; Flowers are very full and vibrant; lush foliage creates a nice bush; Large flowers; great ombre colors; Red outer petals with yellow center. Big bright green leaves. Nice ratio of flowers to foliage; Slightly uneven habit; vibrant bicolor flower; spent and aging flowers detract; flowers are held high above foliage; [10] Vigorous Plant, [13] Many Flowers, [13] Unique Colors, [13] Vibrant Flower Color, [1] Few Flowers, [2] Unique Flower Form, [3] Non-Uniform, [5] Uniform, [7] Great Foliage

Dahlia	Labella Maggiore Fun Rose Bicolor	Beekenkamp Plants	Purple, white		Sun - C	2.08	A lot of dying flowers. Some flowers look bleached out; Botrytis and possible mite damage; Flowering is borderline low to moderate; Foliage has thinner leaves that reach outwards; flowers have a washed out; tie dye look; Pest maybe causing fading of foliage; great cut flower option; Pretty flowers. Narrow leaves. Flowers are pointing in every direction and look a little messy; spent flowers detract; aging flowers lose the bright purple; [11] Some Chlorosis, [1] Unique Flower Form, [2] Few Flowers, [2] Great Foliage, [2] Low Vigor, [2] Significant Pest Damage, [2] Vibrant Flower Color, [3] Uniform, [3] Unique Colors, [6] Many Flowers, [6] Vigorous Plant, [9] Disease Present, [9] Non-Uniform
Dahlia	Labella Medio Fun Flame (DAMD 3957)	Beekenkamp Plants	Yellow, red	NEW	Sun - C	3.21	Dark foliage and it's crinkled leaves. Flower coloring is a little inconsistent. Small bush like variety; Don't love shorter height but nice tidy plant; Foliage covered in flowers; more dwarf than expected; Foliage is dark green and textured; newer blooms have a great contrast and color scheme but older blooms look washed out and doesn't fit with the foliage well; Impressive dark green foliage helps make flower color pop; Interesting mix of colors; Leaves are very shiny; dark green foliage; compact habit; Smaller and no flower power; flowers don't age well; [10] Vibrant Flower Color, [11] Unique Colors, [12] Uniform, [16] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Unique Flower Form, [5] Low Vigor, [6] Vigorous Plant, [7] Non-Uniform, [9] Great Foliage
Dahlia	Labella Medio Fun Raspberry (DAMD 3951)	Beekenkamp Plants	Pink	NEW	Sun - C	2.50	Nice for a pot; Small bushy variety. Many flowers. Foliage is compact and nicely distributed; Small mounding balls; covered in flowers; Some lodging; Tidy plant; Tons of blooms; compact and shorter plants; older blooms and spent flowers detract [10] Many Flowers, [1] Few Flowers, [1] Significant Pest Damage, [1] Unique Colors, [3] Great Foliage, [3] Vigorous Plant, [4] Disease Present, [4] Vibrant Flower Color, [5] Non-Uniform, [7] Low Vigor, [8] Uniform
Dahlia	Lubega Power Bronze Bicolor	Benary	Orange		Sun - C	3.29	This color doesn't particularly catch my eye; Don't love flowers right on top of foliage; Each plant seems to bunch nicely; Flowers are level with the foliage; flowers grow inside of foliage; tons of flowers throughout; Flowers are tucked below foliage. Foliage steals the show; Flowers right in top layer of foliage; Strong stems and very uniform; Very compact; flowers tucked down in foliage a bit too much; [17] Uniform, [18] Many Flowers, [1] Non-Uniform, [2] Low Vigor, [3] Unique Flower Form, [4] Vibrant Flower Color, [7] Great Foliage, [8] Vigorous Plant, [9] Unique Colors
Dahlia	Lubega Power Burgundy & White	Benary	Purple, white		Sun - C	3.17	Compact and dense plants; flowers on top of foliage; Dark center and white edges of flowers make plant pop; compact foliage growth;; Loved the color but some dead flowers and smaller; Moderate flowering; Nice tidy plant. Little smaller plant; Smaller variety. I really enjoy the dark centers with the white outer petals; Small flowers [10] Uniform, [10] Vibrant Flower Color, [13] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Non-Uniform, [2] Some Chlorosis, [3] Great Foliage, [3] Unique Flower Form, [5] Vigorous Plant, [6] Unique Colors, [9] Low Vigor
Dahlia	Lubega Power Cherry Stripes	Benary	Purple		Sun - C	2.46	Bleached out flowers; messy appearance with spent flowers; Smaller leaves but big bushy foliage. Very nice red with white petal tips; Flower seem a little down in the foliage; Flowers grow amongst the foliage; flowers are mainly white; some with purple stripes; cherry stripes is not a fitting name; The fading flower brown's more with white petals. Sturdy and uniform; Lots of foliage showing; Messy looking; [1] Few Flowers, [1] Some Chlorosis, [2] Color Does Not Match Name, [2] Disease Present, [2] Great Foliage, [5] Low Vigor, [5] Uniform, [5] Unique Colors, [6] Non-Uniform, [6] Vigorous Plant, [7] Many Flowers

Dahlia	Lubega Power Choco Orange	Benary	Orange		Sun - C	4.21	Love the gradients of orange against dark foliage; Beautiful ombre flower color; Cool pincushion flower; Good color saturation; Narrow dark foliage. Uniform flower shape; darker orange in center really frames the whole flower; Purplish foliage; Very round flowers; beautiful ombre from dark to light orange; flowers form a layer on top of plant; color of flowers and foliage - not enough contrast; [10] Vibrant Flower Color, [11] Unique Colors, [14] Vigorous Plant, [15] Great Foliage, [19] Uniform, [1] Low Vigor, [21] Many Flowers, [4] Unique Flower Form
Dahlia	Lubega Power Red	Benary	Red		Sun - C	3.04	A lot of damage; Color fading; Flower color fades a lot; Flower color fades too much; Flower fading; Flowers overpower; layered on top foliage; I'm not the biggest fan of the flowers on this plant. There are many dead blooms that doesn't drop petals so it looks dirty; Looks good even as it fades; Red to tan ombre is nice; New blooms are vibrant. But fade to a matte color; ombre flowers give plant an amazing look; remind me of a firework [12] Uniform, [13] Many Flowers, [1] Color Does Not Match Name, [1] Disease Present, [1] Non-Uniform, [2] Low Vigor, [3] Unique Colors, [5] Great Foliage, [5] Vibrant Flower Color, [9] Vigorous Plant
Dahlia	Lubega Power Rose	Benary	Pink		Sun - C	2.50	Flowering is not uniform; Lots of foliage present; Nice tidy plant. Smaller than other Lubegas; Not a show off variety; Small mounding but tons of flowers. Uniform plants; The white borders around the petals frame the flowers nicely. Smaller and more compact variety; compact blooms; very rounded individual plants;; Smaller plant but the flowers were still beautiful; Smaller variety; [10] Many Flowers, [11] Low Vigor, [11] Uniform, [1] Non-Uniform, [1] Unique Colors, [2] Color Does Not Match Name, [4] Few Flowers, [4] Vibrant Flower Color, [5] Great Foliage, [5] Vigorous Plant
Dahlia	Lubega Power Rose Bicolor	Benary	Pink, white	NEW	Sun - C	3.38	Each individual plant forms a nice bush. Full of flowers; foliage is very dense and round; Flowers are somewhat down in the foliage; Flowers grow amongst the foliage; great balance of blooms to foliage;; Flowers held above; Lovely gradient and dense flowers in foliage; Nice plant but flowers blooming right on foliage; One of my favorites love the structure and mounds of blooms; Very few flowers; [15] Many Flowers, [15] Uniform, [16] Vigorous Plant, [1] Color Does Not Match Name, [1] Few Flowers, [1] Non-Uniform, [1] Some Chlorosis, [2] Low Vigor, [4] Unique Colors, [4] Vibrant Flower Color, [7] Great Foliage
Dahlia	Megaboom Raspberry Ice	Dummen Orange	Red	NEW	Sun - C	2.21	1/3 of the plants were missing; Very vibrant blooms; long and spearhead-like foliage;; Does not look like many survived the season; Falling over poor habit; Floppy. Looks like some died in the row; Large flowers. Very compact!; Lots of lodging; This planet doesn't support itself very well but has really pretty flowers [11] Low Vigor, [14] Non-Uniform, [1] Color Does Not Match Name, [1] Disease Present, [1] Unique Flower Form, [1] Vigorous Plant, [2] Great Foliage, [2] Many Flowers, [2] Uniform, [6] Vibrant Flower Color, [7] Few Flowers, [7] Unique Colors
Dahlia	Revelation Pink	Dummen Orange	Pink	NEW	Sun - C	3.38	Attracts a lot of bees; Bees love it; nice foliage to flower color contrast; Dark round foliage; dark flower stems with vibrant pink petals; dark center;; Great contrast; petite flowers; popular with bees; Inconsistent flower form. Flowers look more purple; Low to moderate lodging; Nice contrast; Nice deep pink. Foliage is dark but still green. Many dead blooms; Not pink!; Stunning contrast between flowers and foliage [10] Uniform, [13] Great Foliage, [14] Vigorous Plant, [16] Many Flowers, [1] Disease Present, [1] Few Flowers, [2] Color Does Not Match Name, [2] Some Chlorosis, [2] Unique Colors, [3] Unique Flower Form, [4] Non-Uniform, [5] Vibrant Flower Color

Diascia	Sundiascia [®] Upright Rose Pink	Suntory	Pink		Sun - C	3.05	A few plants missing; one plant has lots of dieback; Flowers going out mid august; Nice rich flower color on well branched plants; Plants here are beautiful except for two; a few open spots in the plot. I love the flower color; Similar to the peach. Some flowering still happening. Was better two or three weeks ago; Tall flower stalks; patches without flowers; great clusters of blooms [14] Many Flowers, [1] Great Foliage, [1] Unique Flower Form, [2] Few Flowers, [2] Non-Uniform, [4] Disease Present, [5] Unique Colors, [5] Vibrant Flower Color, [6] Uniform, [9] Vigorous Plant
Gaura lindheimeri	Belleza Dark Pink 24	Selecta One	Pink	NEW	Sun - C	2.95	Almost new flowers but at least the foliage is attractive; Flowers going out mid august; Flowers not really visible. Expired and still in bud; Great dark foliage. No flowers today; Great red and green foliage; blooms are sparse; fluffy and full; Great! Deep red color on emerging foliage makes for a beautiful two-tone foliage look; Has flowered quite a bit over the summer. Mine are flowering right now. Few more flowers to come. Maybe not as much as the white. Nice contrasting foliage with the flowers; [10] Uniform, [11] Few Flowers, [17] Vigorous Plant, [1] Many Flowers, [1] Non-Uniform, [4] Unique Colors, [5] Vibrant Flower Color, [9] Great Foliage
Gaura lindheimeri	Belleza White	Selecta One	White		Sun - C	2.43	Flowers not really visible early august, past bloom and pre-fall bloom; Lacks flower power; No flowers; Not in bloom; Started out a little slow. It's going to finish the season with quite a flower show. Nice foliage. Fairly uniform. More compact than the dark pink; Very dense and full; no blooms [10] Great Foliage, [10] Uniform, [15] Vigorous Plant, [16] Few Flowers, [1] Many Flowers, [1] Non-Uniform
Gazania	Sterling Silver™ Burgundy Stripe	Green Fuse Botanicals	Yellow, red	NEW	Sun - C	3.62	Flower color is a little soft for our high light. Love that the flowers don't close because of the center; Love the foliage. Great for close up; Red stripes add character; lighter silver foliage; Smaller yellow flower than sterling silver; Stripe began to fade outside; Unusual. Fabulous. Silver foliage looks great. Flower coloration is interesting; Very uniform. Nice foliage. Great plant; Would say yellow is the predominant color; although burgundy stripe is visible the burgundy stripe not profound enough to make a significant difference; [12] Many Flowers, [12] Vigorous Plant, [14] Uniform, [16] Great Foliage, [1] Low Vigor, [1] Non-Uniform, [2] Few Flowers, [3] Color Does Not Match Name, [3] Vibrant Flower Color, [5] Unique Flower Form, [7] Unique Colors
Gazania	Sterling Silver™ Yellow	Green Fuse Botanicals	Yellow	NEW	Sun - C	3.57	Fabulous. Unusual. Love the silver foliage; Good yellow flower and silver foliage; Great soft yellow flower held tightly above dusty gray foliage. Double centers hold petals open; Pretty uniform. Nice flowering. Starting to get a few gaps; Silvery green foliage; pale flowers and silver foliage pair well together; Wonderful fuzzy foliage. Nice for close-ups. [12] Great Foliage, [13] Vigorous Plant, [16] Many Flowers, [17] Uniform, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [1] Vibrant Flower Color, [4] Unique Colors
Geranium (Interspecific)	Big EEZE White	Dummen Orange	White	NEW	Sun - C	3.74	Excellent white; Very aggressive growth; very good for the top of moss baskets; not so much dead head; Lot's of green; Taller; dense growth; forms a nice hedge; [10] Uniform, [11] Great Foliage, [14] Many Flowers, [15] Vigorous Plant, [1] Few Flowers, [1] Low Vigor, [1] Unique Colors, [2] Non-Uniform, [3] Vibrant Flower Color
Geranium (Interspecific)	Caldera™ Lavender Glow	Syngenta	Pink		Sun - C	3.38	Flower color fades; Flowers are gigantic but few of them; Good color combos in flowers; Inconsistent coloring. More white than lavender; Unique flowers. Long stems that come above foliage; Unique pop of color; blooms grow far above foliage [10] Non-Uniform, [11] Vigorous Plant, [1] Some Chlorosis, [2] Color Does Not Match Name, [3] Vibrant Flower Color, [4] Uniform, [5] Many Flowers, [5] Unique Flower Form, [6] Few Flowers, [7] Unique Colors, [9] Great Foliage

Geranium (Interspecific)	Caldera™ Pink	Syngenta	Pink		Sun - C	3.67	Blooms and foliage grow at about the same level; tons of blooms; unique colors that make it stand out from the rest of the geraniums; Blooms are more elongated and the stem is prominent; Flowers look bedraggled; Great foliage; flowers seem weak in growth after bud emergence; Interesting but not great; Ivy type; Leaves are wrinkled. Flower color is very vibrant pink [10] Great Foliage, [10] Vigorous Plant, [14] Many Flowers, [2] Few Flowers, [3] Non-Uniform, [3] Vibrant Flower Color, [5] Unique Flower Form, [8] Unique Colors, [9] Uniform
Geranium (Interspecific)	Caldera™ Red	Syngenta	Red		Sun - C	3.04	It's just a foliage plant; Ivy type; Leggy; Love contrast of stem and bloom; Lush and full foliage; lots of dead blooms; not many flowers currently present; Poor flowering and uniformity; few flowers [10] Non-Uniform, [11] Vigorous Plant, [1] Low Vigor, [1] Many Flowers, [2] Uniform, [2] Unique Colors, [5] Unique Flower Form, [6] Vibrant Flower Color, [7] Great Foliage, [8] Few Flowers
Geranium (Interspecific)	Caldera™ Salmon	Syngenta	Pink		Sun - C	3.13	Beautiful dark green foliage; Petal shapes are more star-like; darker foliage and stems make light flowers pop; stands out from rest; Great foliage doesn't matter if no color; I was expecting a more orange pink color this just seems pink; Love the foliage; just needs more flower power; More foliage than blooms; More ivy type; rambling texture; [11] Great Foliage, [14] Few Flowers, [1] Low Vigor, [2] Many Flowers, [4] Vibrant Flower Color, [5] Uniform, [6] Non-Uniform, [7] Unique Colors, [8] Unique Flower Form, [8] Vigorous Plant
Geranium (Interspecific)	Caliente® Coral Salmon	Syngenta	Pink		Sun - C	4.13	Again expecting an orange tint. This looks pink; Beautiful color; Love the contrast of bud and bloom colors; Good plants and lots of color; I call it hot pink - not salmon; I love this; I will take it; More hot pink than salmon Not salmon or coral; Real flower power; Too wavy of a growth pattern; Very dense hedge; filled out nicely; vibrant blooms [10] Uniform, [12] Great Foliage, [13] Vibrant Flower Color, [15] Vigorous Plant, [17] Many Flowers, [2] Unique Flower Form, [4] Color Does Not Match Name, [4] Non-Uniform, [6] Unique Colors
Geranium (Interspecific)	Caliente® Fire	Syngenta	Red		Sun - C	3.52	Ivy type; Reminds me of Christmas; dense and lush; Unique flowers. can't tell if damaged or it is intended variation; [11] Uniform, [11] Vigorous Plant, [1] Non-Uniform, [1] Some Chlorosis, [2] Low Vigor, [5] Unique Flower Form, [6] Few Flowers, [7] Many Flowers, [8] Great Foliage, [9] Vibrant Flower Color
Geranium (Interspecific)	Calliope® Large Cascade Violet	Syngenta	Purple		Sun - C	2.83	Beautiful color!; Needs flower power; Not as vigorous; Not so many flowers; Some pest or disease issues; Vibrant purple. Long stems. Compact foliage with small leaves; Very hot pick; not so much violet; Vibrant blooms; long bloom stems and short foliage growth; [15] Vibrant Flower Color, [1] Color Does Not Match Name, [2] Great Foliage, [4] Many Flowers, [4] Vigorous Plant, [5] Low Vigor, [5] Unique Colors, [6] Few Flowers, [7] Uniform, [8] Non-Uniform
Geranium (Interspecific)	Calliope® Large Dark Red	Syngenta	Red		Sun - C	3.83	I think the flowers are at a good height compared to the foliage; Larger foliage; tons of blooms; blooms form layer over foliage; So many blooms and buds; The red is so dark it's beautiful; Very large flowers; Would rate higher if more color [10] Vibrant Flower Color, [11] Great Foliage, [15] Uniform, [16] Many Flowers, [17] Vigorous Plant, [1] Some Chlorosis, [1] Unique Flower Form, [3] Unique Colors
Geranium (Interspecific)	Calliope® Large Hot Pink	Syngenta	Pink		Sun - C	3.04	Flower stems seem very leggy; This says large but it is not larger than neighboring geraniums; Low growing foliage with tall stem and blooms; Not as vigorous as some; Tall stems and shorter foliage; large bloom clusters; [1] Color Does Not Match Name, [1] Unique Colors, [2] Great Foliage, [2] Unique Flower Form, [2] Vigorous Plant, [4] Few Flowers, [4] Many Flowers, [4] Non-Uniform, [7] Low Vigor, [8] Uniform, [8] Vibrant Flower Color

Geranium (Interspecific)	Calliope® Large Lavender Mega Splash	Syngenta	Purple, red		Sun - C	2.46	Fun pattern on petals; Inconsistent and does not seem well suited for the landscape; Nice color; doesn't look entirely healthy; Not as vigorous; One plant has died. Otherwise; colors are very pretty. Dark pink center with light pink edges; One plant has significant chlorosis and no flowers while others are leggy and inconsistent; Plants seem stunted and not as healthy as others; Shorter and compact individual plants; flowers are bright pink; not lavender; [10] Vibrant Flower Color, [12] Non-Uniform, [13] Low Vigor, [1] Color Does Not Match Name, [1] Significant Pest Damage, [1] Unique Flower Form, [2] Uniform, [3] Some Chlorosis, [4] Many Flowers, [4] Unique Colors, [5] Few Flowers, [6] Disease Present
Geranium (Interspecific)	Calliope® Large White	Syngenta	White		Sun - C	3.52	Huge but could use flowers power; It seems there are less blooms per plant; Large flowers; Longer bloom stems; taller bush; Tall plant is good for planter; need some deadhead; Very bush like; [11] Many Flowers, [12] Great Foliage, [13] Uniform, [16] Vigorous Plant, [1] Vibrant Flower Color, [2] Non-Uniform, [3] Few Flowers
Geranium (Interspecific)	Calliope® Medium Bright Rose	Syngenta	Purple		Sun - C	4.00	Bigger bushier variety. Hot pink with some lighter pink in centers; Deep rose color; Good but not great nothing special; I like the color combinations; Seems more magenta and 2 plants smaller than the rest; Very nice; rounded hedge;; [13] Vibrant Flower Color, [16] Many Flowers, [18] Uniform, [1] Low Vigor, [20] Vigorous Plant, [2] Color Does Not Match Name, [5] Unique Colors, [8] Great Foliage
Geranium (Interspecific)	Calliope® Medium Crimson Flame	Syngenta	Pink, red		Sun - C	3.35	It seems more pink than purple-red; More red center to flower6; Very nice color. Flowers in foliage; good use in baskets; Very vibrant blooms; lush foliage; [10] Vibrant Flower Color, [13] Uniform, [1] Color Does Not Match Name, [1] Low Vigor, [1] Non-Uniform, [1] Unique Flower Form, [4] Few Flowers, [7] Unique Colors, [8] Great Foliage, [8] Many Flowers, [9] Vigorous Plant
Geranium (Interspecific)	Calliope® Medium Dark Red	Syngenta	Red		Sun - C	3.29	Compact and round foliage; long bloom stems; Flower stems seem a bit leggy; I like color; requires some deadheading; Lower growing; Makes a sparse looking bush; Really dark red flower; Short and dense; Vibrant red flowers with some pink in the middle; small bush; [10] Vibrant Flower Color, [15] Many Flowers, [15] Uniform, [1] Non-Uniform, [2] Unique Colors, [4] Vigorous Plant, [6] Great Foliage, [6] Low Vigor
Geranium (Interspecific)	Calliope® Medium Dark Red DL	Syngenta	Red		Sun - C	3.78	Darker colored blooms makes the plant stand out; Faded blooms detract from overall plant; Good deep red; Interesting color; Leggy; Love the compact growth pattern; Nice plants but as blooms age are unattractive; Nothing to wire home about [12] Vigorous Plant, [14] Many Flowers, [14] Uniform, [1] Disease Present, [2] Non-Uniform, [4] Unique Colors, [6] Great Foliage, [9] Vibrant Flower Color
Geranium (Interspecific)	Calliope® Medium Hot Pink	Syngenta	Pink		Sun - C	3.74	Consistent and colorful; Excellent plant; Flowers grow at same height as top of foliage; dense and lush; Tall; bushy; full of buds and blooms; Very consistent growth pattern; Very uniform and dense flower coverage; bright color and height is good for any purpose; [11] Great Foliage, [14] Vibrant Flower Color, [15] Many Flowers, [16] Uniform, [17] Vigorous Plant, [1] Unique Flower Form, [2] Unique Colors
Geranium (Interspecific)	Calliope® Medium Pink Flame	Syngenta	Pink, red		Sun - C	3.17	Cute pattern; Faded spent blooms look dull; Foliage is a tad yellow/lime green; Larger leaves; tons of blooms form a sheet close to foliage; Red splash in center; Semi inconsistent flowering. Almost in a zigzag pattern as well; Very light color foliage; not sure if overwatered; has yellowing on leaves; [2] Some Chlorosis, [2] Unique Colors, [3] Few Flowers, [3] Great Foliage, [5] Low Vigor, [5] Non-Uniform, [5] Uniform, [5] Vibrant Flower Color, [6] Vigorous Plant, [7] Many Flowers

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Interspecific)	Santana Pink	Dummen Orange	Pink	NEW	Sun - C	3.09	Dense; More overall pink color; Needs flower power; Odd almost zig zag flowering pattern. Would not be great in small groupings or solo; Vibrant blooms contrast nicely with lighter foliage; white on petals makes pink pop; okay for any purpose [1] Color Does Not Match Name, [1] Unique Colors, [1] Unique Flower Form, [2] Low Vigor, [4] Few Flowers, [4] Non-Uniform, [5] Many Flowers, [5] Vibrant Flower Color, [6] Great Foliage, [8] Vigorous Plant, [9] Uniform
Geranium (Interspecific)	Santana Pink Splash	Dummen Orange	Pink	NEW	Sun - C	3.39	Good color and lots of blooms but nothing special; I just love it; Looks like bubblegum; More consistent than the Grace Hot Pink Splash but the flower stems seem leggier; Splash of red in center of flower; Tall and large bloom clusters; shorter foliage [12] Vibrant Flower Color, [16] Many Flowers, [1] Low Vigor, [1] Some Chlorosis, [4] Non-Uniform, [4] Unique Colors, [5] Great Foliage, [8] Uniform, [9] Vigorous Plant
Geranium (Interspecific)	Santana Purple	Dummen Orange	Purple	NEW	Sun - C	3.48	Dense and lower growing; flowers are hot pink; ok for small containers; it's not what I think when I see purple on the tag; Lower growing; healthy; pop of color; clean; Smaller; Not really purple color; [11] Vibrant Flower Color, [12] Uniform, [1] Non-Uniform, [1] Unique Colors, [2] Few Flowers, [5] Low Vigor, [7] Color Does Not Match Name, [7] Great Foliage, [7] Vigorous Plant, [8] Many Flowers
Geranium (Interspecific)	Santana White	Dummen Orange	White	NEW	Sun - C	3.00	Compact and bushy growth; taller bloom stems; Good for small containers; is okay if keeping dead heading; I like the compact size. The flower inconsistency is what downed my rating; Not as vigorous as some other whites; Shortest of the white geraniums; Smaller in comparison; Very light color foliage [11] Many Flowers, [13] Low Vigor, [1] Great Foliage, [1] Vibrant Flower Color, [1] Vigorous Plant, [2] Some Chlorosis, [4] Few Flowers, [6] Non-Uniform, [9] Uniform
Geranium (Interspecific)	Santana White Splash	Dummen Orange	White, pink	NEW	Sun - C	3.22	Color looks slightly faded; Compact and dense hedge; tons of blooms; Lighter red center to flower; Like more red in flower; Overall does not look as healthy; [11] Uniform, [12] Many Flowers, [1] Unique Flower Form, [2] Color Does Not Match Name, [2] Some Chlorosis, [3] Great Foliage, [3] Non-Uniform, [3] Unique Colors, [4] Low Vigor, [4] Vibrant Flower Color, [6] Vigorous Plant
Geranium (Zonal)	Darko Lavender with Eye	PAC-Elsner	Pink	NEW	Sun - C	3.38	Blooms grow close to foliage; compact and uniform hedge; does not fill in well; It's okay; Not as many flowers; Pink not lavender; Round dense bush; Uniform growth habit but seems to flower in odd spots of the plant; shorter plants for special purpose [12] Uniform, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [2] Color Does Not Match Name, [3] Few Flowers, [4] Low Vigor, [4] Unique Colors, [4] Vigorous Plant, [5] Vibrant Flower Color, [7] Many Flowers, [8] Great Foliage
Geranium (Zonal)	Darko Neon Purple Imp.	PAC-Elsner	Purple	NEW	Sun - C	3.71	Definitely a bright bubblegum pink; Vibrant purple color; Flowers contrast nicely with dark foliage; Long bloom stems; compact and round foliage; layer of blooms; Magenta not purple; Nice dark foliage and flower power; Purple maybe; Short with a purpose; Some grow very aggressively compared to others; [10] Great Foliage, [12] Vibrant Flower Color, [13] Uniform, [14] Many Flowers, [1] Low Vigor, [1] Some Chlorosis, [2] Non-Uniform, [2] Unique Colors, [3] Color Does Not Match Name, [8] Vigorous Plant
Geranium (Zonal)	Darko Pink	PAC-Elsner	Pink		Sun - C	3.67	Beautiful; Dark foliage contrasts very well with bright pink blooms; darker bloom stems also compliment the color palette; Dark green foliage makes the bright pink flowers pop; Flowers stand out against dark foliage; Lighter pink color; Love the color of flower and foliage; would like more compact flower stems; Some of non-uniformity may be due to shading from tree on the front side of the bed [10] Vibrant Flower Color, [13] Uniform, [16] Great Foliage, [2] Low Vigor, [2] Non-Uniform, [4] Few Flowers, [4] Unique Colors, [5] Many Flowers, [9] Vigorous Plant

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Zonal)	Darko Salmon	PAC-Elsner	Pink		Sun - C	3.04	Dark foliage looks nice. Not sure I love it with the coral colored foliage; Darker foliage makes salmon blooms pop; not a ton of blooms compared to others; Good dark foliage; requires lots of deadheading; Not as many flowers; Nothing special; Smaller plant with faded blooms; Some flower great; Sparse but tall flowers; Some plants look lopsided; [11] Uniform, [2] Many Flowers, [2] Vigorous Plant, [3] Vibrant Flower Color, [4] Great Foliage, [5] Unique Colors, [6] Non-Uniform, [7] Low Vigor, [8] Few Flowers
Geranium (Zonal)	Darko True Red	PAC-Elsner	Red	NEW	Sun - C	3.00	Compact growth is great. can't tell flower power; Darker; smaller and more compact foliage. Vibrant red; Low growing and bushy; lots of blooms; Not as vigorous; requires deadheading [10] Low Vigor, [10] Vibrant Flower Color, [12] Uniform, [2] Non-Uniform, [2] Vigorous Plant, [3] Many Flowers, [4] Great Foliage, [9] Few Flowers
Geranium (Zonal)	Darko White	PAC-Elsner	White		Sun - C	2.33	Does have lots of color; Great compact form. Poor resiliency; Show hail damage; Small plants not vigorous; Small plants; have not formed hedge; a sheet of blooms; Small variety with many flowers; Some yellowing on many plants; leaves lack good color and vigor; Spotting on leaves; The faded blooms brown and take away from the brightness of the white Small plants; [13] Many Flowers, [16] Low Vigor, [2] Disease Present, [2] Few Flowers, [2] Non-Uniform, [3] Some Chlorosis, [8] Uniform
Geranium (Zonal)	Elanos Dark Red	PAC-Elsner	Red		Sun - C	2.75	Compact; Compact and short; lots of blooms; grow at same level as foliage; Flowering is moderate but there are a lot of buds; Love the colors; weak flower power; Many buds; Not as vigorous; Nothing special; Small compact variety; appears to need lots of deadheading [12] Low Vigor, [12] Uniform, [2] Great Foliage, [2] Unique Colors, [4] Non-Uniform, [6] Many Flowers, [7] Few Flowers, [9] Vibrant Flower Color
Geranium (Zonal)	Elanos Rose	PAC-Elsner	Pink		Sun - C	2.67	Good rose color; Great old school rose color palate; weak growth though; More dead blooms than other varieties. Small and not very vigorous; Not bad but nothing special; Rose like blooms Washed out pink and faded blooms detract from overall plant; Shorter and more compact growth; larger bloom clusters; Small [12] Low Vigor, [1] Great Foliage, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Some Chlorosis, [2] Unique Colors, [4] Non-Uniform, [5] Few Flowers, [5] Many Flowers, [9] Uniform
Geranium (Zonal)	Elanos Salmon Chic	PAC-Elsner	Pink		Sun - C	2.92	Fitting name; tons of taller blooms;; Gaps in foliage; Individual petals look rough and the color doesn't fade well; Love flowers on salmon chic; Love the foliage; love the flowers; small growth; Make a sparse stand; More uneven habit; [1] Color Does Not Match Name, [1] Some Chlorosis, [3] Vigorous Plant, [4] Great Foliage, [4] Unique Colors, [4] Vibrant Flower Color, [5] Few Flowers, [5] Non-Uniform, [6] Uniform, [7] Low Vigor, [7] Many Flowers
Geranium (Zonal)	Elanos Violet	PAC-Elsner	Purple	NEW	Sun - C	3.29	Coloration on flowers has nice depth with white; I would like to see more of the white brought out. Growth pattern is fair; Love the light center contract with bright pink; More pink than violet; Pink not violet; Pleasing pop of white in center; Very vibrant blooms; taller foliage growth; flowers are neon pink; not violet [1] Few Flowers, [1] Unique Flower Form, [2] Low Vigor, [2] Non-Uniform, [4] Unique Colors, [5] Color Does Not Match Name, [6] Great Foliage, [7] Vigorous Plant, [8] Many Flowers, [8] Vibrant Flower Color, [9] Uniform

Geranium (Zonal)	Flower Fairy Strawberry	PAC-Elsner	Pink	NEW	Sun - C	3.63	Amazing flower colors although very inconsistent flower and foliage color plant to plant; Love flower coloration; Love the variation in colors on individual blooms; Might be my favorite variety. Colors orientation is very unique; One more red plant; One plant has slightly different colored flowers; Unique bullseye pattern on blooms; compact growth; shorter bloom stems; Unique color but up and down on plants; short beautiful flowers; [10] Vibrant Flower Color, [11] Many Flowers, [1] Few Flowers, [5] Low Vigor, [5] Non-Uniform, [5] Vigorous Plant, [6] Unique Flower Form, [7] Great Foliage, [9] Uniform, [9] Unique Colors
Geranium (Zonal)	Flower Fairy Violet	PAC-Elsner	Purple, red	NEW	Sun - C	3.33	Compact; round foliage; blooms grow in layer on top; smaller bloom clusters; Good plants and lots of color but nothing special; More hot pink than violet; Not as full plants as others; Poor resiliency; Very bushy/large foliage. Vibrant big green leaves. Not violet; definitely hot pink [10] Vigorous Plant, [14] Vibrant Flower Color, [15] Many Flowers, [15] Uniform, [1] Unique Flower Form, [2] Color Does Not Match Name, [2] Low Vigor, [3] Unique Colors, [9] Great Foliage
Geranium (Zonal)	Flower Fairy White Splash	PAC-Elsner	White, red		Sun - C	2.38	Clustered blooms and color bs foliage color not as attractive; Foliage is very low to the ground and compact. Flower stems are long. Dull green color; Great color. Compact form would be nice if more consistent. Some pest and resiliency issues; Just not vigorous; Small foliage; low vigor; Small geraniums; Tiny plants; Tons of blooms; smaller and shorter growth; longer bloom stems and shorter foliage; Very small; [12] Many Flowers, [14] Low Vigor, [2] Unique Colors, [3] Few Flowers, [4] Non-Uniform, [7] Vibrant Flower Color, [8] Uniform
Geranium (Zonal)	Galaxy Dark Red	Ball FloraPlant	Red		Sun - C	3.67	Flowers are twiggy; more foliage than flowers; Good green foliage; Lots of potential; weak flowering; Many small flowers otherwise could score higher; Plants form a nice hedge. Bushy with big leaves; Tall bloom stems; lush and bushy foliage; The galaxy series is very impressive. Flowers held well about foliage; [10] Great Foliage, [12] Uniform, [15] Vigorous Plant, [3] Non-Uniform, [5] Few Flowers, [7] Many Flowers, [9] Vibrant Flower Color
Geranium (Zonal)	Galaxy Orange	Ball FloraPlant	Orange	NEW	Sun - C	3.67	Controlled growth but still large; Flowering is moderate; Great foliage; not a lot of flowers. Stems are a little leggy; Leggy flower stems; Real orange flower color; Striking color and complementary foliage and bloom colors; Very tall bloom stems; bushy foliage [11] Uniform, [12] Vigorous Plant, [15] Vibrant Flower Color, [1] Low Vigor, [1] Unique Flower Form, [4] Few Flowers, [4] Non-Uniform, [6] Unique Colors, [7] Great Foliage, [7] Many Flowers
Geranium (Zonal)	Galaxy Pink	Ball FloraPlant	Pink		Sun - C	3.83	non uniformity may be due to shade; As much foliage as bloom; Flowering in foliage a beast; Hedge like variety; Little weak on flower power; Talk and lush; Tall and bushy foliage; blooms grow close to foliage; lush and dense; Taller and more uneven [13] Great Foliage, [13] Uniform, [17] Vigorous Plant, [1] Low Vigor, [2] Few Flowers, [3] Non-Uniform, [4] Unique Colors, [5] Vibrant Flower Color, [8] Many Flowers
Geranium (Zonal)	Galaxy Purple	Ball FloraPlant	Purple		Sun - C	3.92	Good color display and a beast; Love the colors. Very tall overall; Magenta not purple; Stands tall; Strong plants with flowers held well above foliage; Talk growing variety with vibrant purple flowers; bushier plant; darker green foliage; Taller but still many flowers; Vibrant blooms; taller; [14] Vibrant Flower Color, [15] Great Foliage, [15] Uniform, [16] Many Flowers, [1] Color Does Not Match Name, [20] Vigorous Plant, [3] Unique Colors

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Zonal)	Galaxy Red	Ball FloraPlant	Red		Sun - C	4.00	Bushy and full; longer bloom stems; vibrant; Deep red; If you're looking for a big red why not; Lack of uniformity may be due to shade; Large bloom; Leggy growth overall; flowers inconsistent heights; More uneven in habit; Vibrant red flowers. Bushy foliage; [10] Uniform, [11] Great Foliage, [12] Vibrant Flower Color, [13] Many Flowers, [15] Vigorous Plant, [1] Few Flowers, [2] Unique Colors, [6] Non-Uniform
Geranium (Zonal)	Galaxy Salmon	Ball FloraPlant	Pink		Sun - C	3.38	Complimentary foliage and bloom color. Attractive salmon color and faded blooms do not detract from overall look Unique rosebud form in buds; Could have more flowers; Flowering is moderate; Great flower and foliage color; not consistent; Larger bloom clusters; tall blooms;; Leaves have nice dark ring. Nice salmon color; Lower pattern on leaves and cool venation on petals; More controlled than its companions; Non uniformity could be due to shade. Back plants look good; [10] Uniform, [1] Unique Flower Form, [3] Few Flowers, [3] Low Vigor, [4] Non-Uniform, [5] Unique Colors, [6] Great Foliage, [6] Vibrant Flower Color, [6] Vigorous Plant, [9] Many Flowers
Geranium (Zonal)	Galaxy Violet	Ball FloraPlant	Purple		Sun - C	3.92	not violet; Doing very well; leaves have darker ring; Fair flowering. More magenta than violet. Very tall overall; It's a beast; Long stems; vibrant colors; big leaves with some dark coloration; Makes a great full plant; One of tallest varieties; Seems more magenta than violet; bushy; Taller foliage; long bloom stems; plant does not resemble a galaxy or violet; more of a hot pink color; Very strong plants. Far is held well about foliage. Impressive.[12] Uniform, [13] Vibrant Flower Color, [14] Great Foliage, [19] Vigorous Plant, [1] Color Does Not Match Name, [1] Non-Uniform, [1] Unique Flower Form, [4] Few Flowers, [4] Unique Colors, [9] Many Flowers
Geranium (Zonal)	Galaxy Watermelon	Ball FloraPlant	Pink		Sun - C	3.75	Beautiful; Best Galaxy it's just a little reserved; Fitting name; very long bloom stems compared to foliage height; vibrant and color pops; Foliage sits low to ground; Great color; More salmon than watermelon; The name of this plant suits the variety well; [11] Vibrant Flower Color, [15] Uniform, [16] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [1] Some Chlorosis, [4] Unique Colors, [8] Great Foliage, [9] Vigorous Plant
Geranium (Zonal)	Galaxy White	Ball FloraPlant	White		Sun - C	3.46	Bright green foliage. Nice and compact. Big bushy variety. Vibrant white; Good display of color; Little lighter green foliage; Many new buds; Seems like weather and other external damage is done easily; Smaller bloom clusters;; The combination of foliage color and white almost make it seem more cream than white; The name is dope [10] Vigorous Plant, [11] Uniform, [13] Many Flowers, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Colors, [1] Vibrant Flower Color, [2] Low Vigor, [3] Non-Uniform, [6] Great Foliage
Geranium (Zonal)	Sunrise Pink+Big Eye	Selecta One	Pink, red		Sun - C	3.08	Great colors and compactness; Light green foliage compliments bright pink blooms; Nice compact foliage; many flowers; Not as vigorous; Pattern on flowers are consistent [10] Many Flowers, [1] Few Flowers, [1] Some Chlorosis, [1] Vigorous Plant, [2] Great Foliage, [5] Unique Colors, [6] Non-Uniform, [7] Vibrant Flower Color, [8] Low Vigor, [9] Uniform
Geranium (Zonal)	Sunrise Raspberry Eye	Selecta One	Pink		Sun - C	3.58	Another strong plant flowers held well above foliage makes me think about using geraniums has a cut flower more often; Beautiful petal formation; I want the foliage to be darker with the lighter colored flower; Nice eye to flower; Nothing special; Pink looks faded and washed out; Talk hedge like variety; Tons of blooms; very long bloom stems; creates a layer of blooms above foliage; Would almost call more cotton candy like color; amazing flower power; nice soft color; [13] Many Flowers, [13] Vigorous Plant, [14] Uniform, [2] Some Chlorosis, [3] Unique Flower Form, [4] Unique Colors, [4] Vibrant Flower Color, [8] Great Foliage

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Zonal)	Sunrise Rose+Big Eye	Selecta One	Pink, red		Sun - C	3.54	Blooms form layer above foliage; vibrant and compact; Compact; Great color. Fairly uniform growth but a few vary in foliage color; more flowers than foliage; Red center to flower; This variety is notable for the amount of flowers it has; Would like to see a larger plant but tons of color; [10] Vibrant Flower Color, [14] Uniform, [17] Many Flowers, [1] Unique Flower Form, [4] Unique Colors, [4] Vigorous Plant, [5] Great Foliage, [5] Low Vigor
Geranium (Zonal)	Sunrise White+Eye	Selecta One	White, red		Sun - C	3.50	Great color. Uniformity is back and forth; Great combo of pink and white; Plants form a nice hedge. Beautiful coloration on the flowers; Red eye; Same color as flower fairy; Tons of blooms; rounded hedge; pink contrasts nicely with white; Very nice display; [13] Uniform, [15] Many Flowers, [1] Non-Uniform, [1] Unique Flower Form, [2] Low Vigor, [4] Great Foliage, [4] Unique Colors, [6] Vigorous Plant, [8] Vibrant Flower Color
Gerbera	ColorBloom™ Watermelon Dark Eye	PanAmerican Seed	Red	NEW	Sun - S	2.04	Barely any height to the inflorescence. Looks to have some disease problem; Few plants surviving; Flowers are big compared to the foliage. Some plants look like they're dying. Foliage looks like lettuce; Inconsistent; Inconsistent flowering; No vigor; Poor; Unique flower color; many blooms are dying off; some plants doesn't have blooms; too washed out; [13] Low Vigor, [1] Uniform, [3] Disease Present, [3] Unique Colors, [3] Vibrant Flower Color, [4] Some Chlorosis, [9] Few Flowers, [9] Non-Uniform
Gomphrena	Piñata	Ball Ingenuity	Pink	NEW	Sun - C	3.65	Bushy and full; made a great comeback from earlier in season; tons of blooms; Nice size and great flowering; Probably give a 4.5. Mostly uniform except some foliage is variegated. While others are not. Inflorescences look fresh. Nice plants; Uneven habit; Unique flower form looks like pink pom poms. Stems are long and leaves are narrow with a cool light green stripe down the middle; Variegation is not throughout so it looks diseased; was fearful of becoming weedy habit but it fills out lovely; [12] Uniform, [14] Vigorous Plant, [16] Many Flowers, [1] Some Chlorosis, [3] Non-Uniform, [3] Unique Flower Form, [5] Great Foliage, [5] Unique Colors, [7] Vibrant Flower Color
Helianthus	Sunmazing Yellow	Westhoff	Yellow		Sun - C	2.87	Many blooms; amount of foliage doesn't seem to complement the plant very well; Many branches; Fallen over; weedy habit; Poor growth habit and branches are snapping off; Powdery mildew present; Probably hit the peak about a month ago. Powdery mildew present. Floriferous; Some plants not upright. The large amount of yellow flowers on this plant make it stand out; Uneven habit; Usable height for a landscape; [10] Non-Uniform, [14] Many Flowers, [1] Low Vigor, [2] Great Foliage, [4] Uniform, [5] Disease Present, [7] Vigorous Plant, [9] Some Chlorosis, [9] Vibrant Flower Color
Helianthus annuus	Bert	Benary	Yellow	NEW	Sun - S	1.79	Compact sunflower; Droopy plus mildew; Dwarf size secondary flowers smaller; lots of powdery mildew; Looks oddly chopped after; secondary blooms under foliage; Nice compact plant. Plant bloomed early and has not produce any new blooms since; No flowers and a lot of powdery mildew is starting on Lower leaves; Past bloom. Powdery mildew present; The foliage forms a neat and compact bush but the flowers died off early in the season; leaving behind many dead blooms. Not a lot of new blooms formed; Very compact. Very little Re-Flower. Zero open flowers; [14] Disease Present, [1] Some Chlorosis, [2] Great Foliage, [3] Many Flowers, [3] Vigorous Plant, [6] Low Vigor, [8] Few Flowers, [8] Uniform
Helianthus annuus	Sonja	Benary	Yellow	NEW	Sun - S	2.21	Compact tight plants; smaller flowers; [3] past bloom; They look like sticks. Very upright. Very little reflower. Powdery mildew present; no impressive features; No foliage on the bottom 12 inches of the plant; The upright half the flowers spent; Powdery Mildew not attractive habit; Strong stems; The golden flowers on this plant are small and plentiful; [11] Disease Present, [1] Great Foliage, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Colors, [1] Vibrant Flower Color, [2] Vigorous Plant, [6] Few Flowers, [7] Low Vigor, [8] Many Flowers, [8] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Helianthus hybrida	Sunfinity™ Yellow Dark Center	Syngenta	Yellow		Sun - S	4.17	Amazing landscape plant; Big and bold! Healthy; Great upright; many branches; good size; Large leaves with bold veins; upright plants; Lots of bees!; Medium size flowers; Probably a great cut flower; Some lodging but looks great. Lots of pollinators; The height of this plant makes it stand out from the rest; powdery mildew present; Uniform sunflower. Nice flower size; Very sturdy plant[10] Great Foliage, [17] Uniform, [19] Many Flowers, [19] Vigorous Plant, [1] Disease Present, [9] Vibrant Flower Color
Hydrangea x	Game Changer® Picotee	Green Fuse Botanicals	White, pink		Sun - C	1.92	Either tall and leafy or short and flowery; Just a couple flower buds on 3 plants; No flowers; Not vigorous to produce flowers within year; 3 flowering; This plant has taken a long time to take off. Foliage looks nice but there's still not many blooms; Unique vein colors on foliage; red tint to leaves; only a couple of plants in bloom and those not great sized [14] Few Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [1] Vigorous Plant, [2] Uniform, [5] Great Foliage, [6] Non-Uniform, [8] Low Vigor
Impatiens	Beacon™ Lipstick	PanAmerican Seed	Pink	NEW	Shade - S	2.90	Bright flowers fade to white when they are spent. Very deep colors in blooms; Lower growing; not thriving as much as other plants; vibrant and pretty flowers; Quite variable in plant form. Some lower; growing others more mounding; Variable in height; Vibrant yet close to rose. Appears lower to ground [12] Many Flowers, [1] Few Flowers, [2] Great Foliage, [2] Low Vigor, [3] Unique Colors, [5] Vibrant Flower Color, [5] Vigorous Plant, [6] Uniform, [8] Non-Uniform
Impatiens	Beacon™ Mix Pearl island	PanAmerican Seed	Purple, pink, white	NEW	Shade - S	3.40	This mix has a beautiful blend of colors that work well together. The plants remind me of a pastel mural; Could be more vigorous; Good mix of colors; Nice blend; Nice mix for commercial or home owner use; The pink purple and white complement each other very well. Each color seems to be performing just as well as each other; Very nice mix. Plants need a little more vigor though; pretty mix of colors [12] Many Flowers, [14] Uniform, [1] Few Flowers, [1] Low Vigor, [1] Non-Uniform, [5] Unique Colors, [5] Vibrant Flower Color, [6] Great Foliage, [7] Vigorous Plant
Impatiens interspecific	Solarscape™ Mix Voodoo	PanAmerican Seed	Magenta, salmon, white	NEW	Sun - S	2.05	Decent mix. The magenta color is pretty good in the mix; Vibrant colors; uneven plant sizes; a lot of plants are dead or very small; Looks unreliable; Not the same performance as prior year; multiple dying and varying sizes; Some dying out [15] Non-Uniform, [1] Uniform, [1] Unique Colors, [1] Vigorous Plant, [2] Few Flowers, [2] Great Foliage, [2] Many Flowers, [5] Disease Present, [6] Vibrant Flower Color, [9] Low Vigor
Impatiens interspecific	Solarscape™ Orange Burst	PanAmerican Seed	Salmon		Sun - S	2.14	I do like the color; Not the same performance as prior year; multiple dying and varying sizes; Probably the best Solarscape in the group; Some disease; Vibrant blooms with bright; colorful stems; half of plants are dead or dying; uneven sizes and growth; some dieback but not too much [10] Low Vigor, [15] Non-Uniform, [1] Color Does Not Match Name, [1] Uniform, [1] Unique Colors, [1] Unique Flower Form, [1] Vigorous Plant, [3] Great Foliage, [4] Few Flowers, [4] Vibrant Flower Color, [5] Disease Present
Impatiens interspecific	Solarscape™ White Shimmer	PanAmerican Seed	White		Sun - S	1.91	Disease root rot; Half of plants are dead or very sickly looking; plants that do look ok have nice pink flower stems; variety of sizes; Not pretty; Not the same performance as prior year; multiple dying and varying sizes; Not thriving; some death and not as showy as other varieties; [18] Non-Uniform, [1] Many Flowers, [2] Great Foliage, [2] Significant Pest Damage , [2] Vibrant Flower Color, [2] Vigorous Plant, [4] Disease Present, [6] Few Flowers, [9] Low Vigor

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Impatiens interspecific	Solarscape™ XL Salmon Glow	PanAmerican Seed	Pink		Sun - S	1.73	Disease; Most plants are dead or very sickly looking; uneven plant size; some have blooms and some don't have any; Not pretty. Several plants not very vigorous; Not the same performance as prior year; multiple dying and varying sizes; The plants that did survive look nice; some dieback; [12] Few Flowers, [12] Low Vigor, [17] Non-Uniform, [1] Great Foliage, [2] Significant Pest Damage, [2] Vibrant Flower Color, [6] Disease Present
Impatiens walleriana	Impara® XDR Orange	Syngenta	Orange		Shade - S	3.70	Bushy foliage; nice round shape; vibrant flower color; leaves have lighter veins; Lots of flower power. Fairly uniform; One of more vigorous; The orange and green colors of this plant give it a tropical feel. The solid coloring of the blooms make them pop against the rest of the plant; [12] Vibrant Flower Color, [14] Many Flowers, [1] Low Vigor, [3] Non-Uniform, [3] Unique Colors, [5] Great Foliage, [8] Vigorous Plant, [9] Uniform
Impatiens walleriana	Impara® XDR Orange Star	Syngenta	Orange		Shade - S	3.05	I love the color combination. It reminds me of tie dye; Inconsistent star; Very uniform growth but non uniform flowers patterns and color; Not consistent stripe in flower; Orange star flower is variable. Not uniform; The orange and white star patterned flowers make this plant stand out and pop compared to others. [10] Non-Uniform, [11] Many Flowers, [11] Unique Colors, [1] Low Vigor, [1] Unique Flower Form, [4] Great Foliage, [4] Vibrant Flower Color, [7] Uniform, [8] Vigorous Plant
Impatiens walleriana	Impara® XDR Pink	Syngenta	Pink		Shade - S	2.90	The pastel pink colors on this flower make the plant stand out. The contrast with the green foliage is nice; Love the fades and shades; Needs more vigor; Non-uniform in its color and growth habit; Seems to have a two-tone pink color in that the newest flowers are deeper pink; and the older flowers are lighter pink; Some flowers appear to be different shades. Stems are leggy. Foliage is darker which complements the pink nicely; [13] Many Flowers, [2] Low Vigor, [2] Vibrant Flower Color, [3] Great Foliage, [5] Unique Colors, [5] Vigorous Plant, [7] Non-Uniform, [7] Uniform
Impatiens walleriana	Impara® XDR Purple	Syngenta	Purple		Shade - S	3.90	These purple flowers have a unique look to them; almost appearing to be painted or fake because of how vibrant their colors are; Flowers are very vibrant and deep in purple color. Foliage to flower ratio is nice; Good form; Neon purple; Variable in height [12] Many Flowers, [12] Vibrant Flower Color, [13] Uniform, [2] Non-Uniform, [3] Unique Colors, [4] Great Foliage, [8] Vigorous Plant
Impatiens walleriana	Impara® XDR Red	Syngenta	Red		Shade - S	3.60	Good deep red color; Nice inky red color. Complements the dark green foliage well; Probably the second best Impara. Good flowering but slightly less than the orange; Round growth pattern; color of flowers make them pop; very uniform [13] Many Flowers, [3] Unique Colors, [4] Great Foliage, [4] Non-Uniform, [5] Vibrant Flower Color, [8] Uniform, [9] Vigorous Plant
Impatiens walleriana	Impara® XDR Red Star	Syngenta	Red		Shade - S	2.95	Bicolor is unattractive to me; Blend of red and white flowers. Reminds me of tie dye; Blooms look like tie dye; the ratio of red to white on each plant varies drastically; Fairly uniform plants. The red star pattern is not stable; Lots have lost white stripe blooms; Start not consistent; some appear orange; There is a lot of variation in flower pattern; Uniform growth; non-uniform flower pattern and color. [11] Many Flowers, [13] Non-Uniform, [2] Unique Flower Form, [3] Great Foliage, [3] Vibrant Flower Color, [4] Uniform, [7] Vigorous Plant, [8] Unique Colors
Impatiens walleriana	Impara® XDR Rose	Syngenta	Pink		Shade - S	3.60	Bright colors; Some plants are leggier than others that are more bushy. Very pretty rose color; These plants have a bush-like growth pattern and vibrant blooms; Variable in height; [10] Vibrant Flower Color, [12] Many Flowers, [1] Low Vigor, [4] Non-Uniform, [4] Unique Colors, [5] Great Foliage, [6] Vigorous Plant, [9] Uniform

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Impatiens walleriana	Impara® XDR Salmon Shades	Syngenta	Salmon		Shade - S	3.35	Foliage is bushy; some are not a uniform shape; I really like the salmon shades are for the differential colors. Slightly non-uniform; but still not a bad selection; Love this variation in color; Shades confused on what colors should be present; Some more orange; The contrast between the foliage and the salmon colored blooms creates an aesthetically pleasing plant. Some of the branches pop out of the plant or lean out of the bush shape they have formed; pretty mix of shades; [13] Many Flowers, [3] Non-Uniform, [5] Great Foliage, [5] Unique Colors, [7] Vibrant Flower Color, [7] Vigorous Plant, [9] Uniform
Impatiens walleriana	Impara® XDR White	Syngenta	White		Shade - S	2.80	Good for him. Decent flowering; Nice clean white. Some plants appear to be smaller than others. Foliage is more spread out; There is some slight legginess on some plants; These plants have a nice covering of blooms; some parts of the foliage grows flat and others grow tall and stick up past the rest of the plant; Uneven habit; nonuniform is it down fall; [11] Many Flowers, [13] Non-Uniform, [1] Few Flowers, [3] Great Foliage, [3] Low Vigor, [3] Uniform, [5] Vigorous Plant
Impatiens x hybrida	SunPatiens® Compact Classic White	Sakata Seed America	White		Sun - C	3.86	Uniform flower coverage; Bright white flower color. Slightly nonuniform but does fill in nicely; great flower display; Excellent flower show; Uniform and dense; tons of blooms form a layer over foliage; low growing hedge; [10] Vigorous Plant, [11] Uniform, [18] Many Flowers, [2] Non-Uniform, [5] Vibrant Flower Color, [7] Great Foliage
Impatiens x hybrida	SunPatiens® Compact Red Candy	Sakata Seed America	Pink	NEW	Sun - C	4.14	Awesome new color!; Cool foliage!! Reddish stems; Leaves have red tint; foliage and petals pair well together; blooms look like candy; Nice darker foliage color; Nice foliage contrast to flowers. Maybe a bit more foliage sunflowers compared to the rest. But flowers up here slightly smaller in size; [11] Great Foliage, [11] Unique Colors, [12] Vibrant Flower Color, [12] Vigorous Plant, [15] Many Flowers, [15] Uniform, [4] Unique Flower Form
Impatiens x hybrida	SunPatiens® Compact Rose Glow	Sakata Seed America	Pink		Sun - C	4.27	Dense and uniform hedge; vibrant flowers;; Fades to muddled white; Good foliage flower contrast; Perfect; Purple center pops against the vibrant pink. Most uniform; Very uniform. Nice flower color however; it does fade in the sun or bleach out; [13] Vibrant Flower Color, [15] Vigorous Plant, [16] Many Flowers, [16] Uniform, [1] Non-Uniform, [2] Unique Flower Form, [6] Unique Colors, [9] Great Foliage
Impatiens x hybrida	SunPatiens® Vigorous Orange Imp	Sakata Seed America	Orange		Sun - C	3.95	Bright contrast; even mounds. Two plants stunted?; Bright orange color. Fairly uniform. Flowers slightly smaller thus we can see more foliage; Good orange color; Tons of vibrant blooms; dense hedge; back half is not as uniform as front; [11] Uniform, [12] Vigorous Plant, [13] Vibrant Flower Color, [16] Many Flowers, [1] Unique Flower Form, [2] Non-Uniform, [4] Unique Colors, [8] Great Foliage
Impatiens x hybrida	SunPatiens® Vigorous Orchid	Sakata Seed America	Lavender		Sun - C	3.82	Dense and uniform hedge; tons of blooms coat the top of the plant; Different hues or lavender; prolific flowering; non consistent mounding; Flower color fades some; Mostly uniform. Light lavender color holds up quite well in the sun. doesn't see extensive browning; Some sun fade; The flower color really close against the foliage [10] Vigorous Plant, [12] Uniform, [18] Many Flowers, [1] Unique Flower Form, [2] Non-Uniform, [4] Unique Colors, [6] Vibrant Flower Color, [7] Great Foliage
Impatiens x hybrida	SunPatiens® Vigorous Peach Candy	Sakata Seed America	Pink		Sun - C	4.05	Super fun color!; pretty flower colors; Leaves have a red tint; petals have stripes that make flowers stand out; uniform and even; Looks more pink to me than peach. Would prefer if this color pattern/ variation were on red or salmon or orchid-; More airy plants; not as dense as 2022; Nice stripe in flower; [10] Uniform, [10] Vibrant Flower Color, [13] Vigorous Plant, [18] Many Flowers, [1] Color Does Not Match Name, [1] Unique Flower Form, [2] Non-Uniform, [8] Great Foliage, [9] Unique Colors

Impatiens x hybrida	SunPatiens® Vigorous Sweetheart White	Sakata Seed America	Lt pink		Sun - C	3.77	Floriferous. More uniform. Flowers hold color; well and sun; Flower color fades; Pink center gives white blooms a unique look; tons of blooms; uniform; Subtle pinks but less prolific flowering; [13] Uniform, [13] Vigorous Plant, [17] Many Flowers, [1] Unique Flower Form, [2] Vibrant Flower Color, [3] Unique Colors, [7] Great Foliage
Ipomoea	Sweet Caroline Red Hawk™ 2024	Proven Winners	Red	NEW	Sun - C	4.05	Cool leave texture; Hand-shaped leaves; very dense and full growth; green/red foliage; Nice purple; Nice vigor. Very uniform. Very little to no Japanese beetle damage; cool silvery appearance looks nice; [15] Uniform, [16] Vigorous Plant, [17] Great Foliage, [4] Unique Colors
Ipomoea	Sweet Caroline Sweetheart Mahogany™	Proven Winners	Red	NEW	Sun - C	4.36	Color isn't uniform; Dense and full; creates huge; low growing bush; newer leaves green; older leaves red/purple; New foliage lighter; Nice huge foliage great color; Very nice foliage. Nice sheen. No Japanese beetle damage; Vibrant foliage color [15] Uniform, [15] Vigorous Plant, [17] Great Foliage, [3] Unique Colors
Ipomoea	Sweet Caroline Upside™ Black Coffee	Proven Winners	Purple, green		Sun - C	4.14	Great progression of color; climbing more vigorously; Like lime green new growth; Like the idea of Ipomoea climbing; like the two time look of green and purple; New growth turning light green; Vigorous and dense; crawling and climbing habits; unique color; newer stems are bright green - older are brown; nice foliage color - like Keylime; more up more vigorous outward than upward. No Japanese beetle; pretty mix of color. some reverting back to green which is very interesting but not sure if it's meant to stay purple or not. [14] Uniform, [17] Great Foliage, [19] Vigorous Plant, [1] Vibrant Flower Color, [2] Unique Flower Form, [6] Unique Colors
Ipomoea	Sweet Caroline Upside™ Key Lime	Proven Winners	Green		Sun - C	4.18	it's a sweet potato vine! Probably less vigorous upwards than outwards. No Japanese beetle; Like the idea of a Ipomoea climber; Lime green color; Nice margin color; Vibrant foliage; dense and vigorous; climbing habit and crawling habit; Vibrant; lots of growth; Vigorous; doesn't climb as much as expected; vibrant and vigorous; [15] Great Foliage, [15] Uniform, [1] Vibrant Flower Color, [21] Vigorous Plant, [4] Unique Colors
Ipomoea	Sweet Georgia® Black Maple	Green Fuse Botanicals	Black		Sun - C	4.27	Dark foliage; pointy leaves; dense and pointy hedge; Fabulous; Great deep purple foliage; Love the dark leaf color; Mostly uniform. Nice dark black purple foliage with a nice sheen. Very little to no Japanese beetle damage; True black; Very neat growing; fills out good too; beautiful striking dark foliage; nice deep rich color! Great entry; [14] Vigorous Plant, [15] Uniform, [16] Great Foliage, [1] Non-Uniform, [1] Vibrant Flower Color, [2] Significant Pest Damage , [6] Unique Colors
Ipomoea	Sweet Georgia® Heart Chestnut	Green Fuse Botanicals	Green, yellow	NEW	Sun - C	3.14	Has some lovely gradients of color; Japanese beetles; Not hot on faded color variation of this one . Japanese Beetle damage present; Unattractive color; Unique colors remind me of pistachios; a lot of leaves are skeletons from extreme pest damage; Vigorous. Uniform. Significant Japanese beetle damage. Of all the sweet potato finds it is the worst; looks like something has been eating it; [12] Great Foliage, [12] Significant Pest Damage , [13] Uniform, [14] Vigorous Plant, [4] Unique Colors
Lantana	Bandana® Black Cherry	Syngenta	Orange, pink		Sun - C	2.37	Less blooms than most; smaller; more compact hedges; No vigor; Possibly an OK plant for a small place needing smaller flowers; Small bush like variety. Not as many flowers as other varieties; [11] Non-Uniform, [18] Few Flowers, [18] Low Vigor, [1] Color Does Not Match Name, [1] Some Chlorosis, [1] Unique Flower Form, [1] Vigorous Plant, [3] Great Foliage, [5] Many Flowers, [5] Uniform, [6] Unique Colors, [8] Vibrant Flower Color

Lantana	Bandana® Cherry Sunrise	Syngenta	Pink		Sun - C	2.81	Uneven habit; Flowering is moderate and vigor is a little low; Lots of bright blooms; dense foliage; small and round plants; Plants seem to range in size. Foliage looks more faded; Smaller plants; a little more open habits [10] Many Flowers, [10] Vibrant Flower Color, [13] Non-Uniform, [2] Unique Flower Form, [3] Great Foliage, [3] Vigorous Plant, [4] Few Flowers, [5] Uniform, [9] Low Vigor, [9] Unique Colors
Lantana	Bandana® Lemon Zest	Syngenta	Yellow		Sun - C	2.69	Butterflies love it; Butterflies love this flower so it automatically wins!!; Great blooms; tons of flowers; size of plants vary and they seem much smaller than other lantanas; Too small it would get swallowed in any combo pot or annual planting; Very compact; Vigor is less than on most Lantana; Yellow to white flowers; [10] Uniform, [14] Many Flowers, [15] Low Vigor, [1] Unique Colors, [2] Few Flowers, [2] Unique Flower Form, [3] Great Foliage, [3] Vigorous Plant, [6] Vibrant Flower Color, [8] Non-Uniform
Lantana	Bandana® Mango	Syngenta	Pink		Sun - C	3.89	Butterflies seemed to like it; Fades to all pink flowers; Great blend of colors; varying from orange; yellow; pink; tons of blooms; form a beautiful hedge; Looks like it's the second flash of flowers. Nice flower colors; Many flowers. The bees like this variety. Range of pinks orange yellow; Nice plant flower and plant size not consistent; [13] Unique Colors, [14] Uniform, [17] Vigorous Plant, [18] Vibrant Flower Color, [1] Color Does Not Match Name, [1] Low Vigor, [21] Many Flowers, [2] Few Flowers, [3] Non-Uniform, [4] Great Foliage, [4] Unique Flower Form
Lantana	Bandana® Rose Improved	Syngenta	Pink		Sun - C	2.70	Color looks washed out; Dull flower color; Small and round plants; haven't filled out to form a hedge; pastel flower colors; Small variety. Nice compact foliage. Flowers and foliage and very vibrant; Like the other bandannas compact. Looks like we are moving into a second flush of flowers; No flower power [10] Many Flowers, [10] Uniform, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Vigorous Plant, [3] Non-Uniform, [4] Few Flowers, [4] Great Foliage, [6] Unique Colors, [9] Low Vigor
Lantana	Bandana® White Improved	Syngenta	White		Sun - C	3.19	Good dense habit; Like the cream white color; Nice multicolor on the flower inside and out; Rock solid; Slight difference in plant height gives the hedge texture and character; tons of blooms;; Slightly more open habit. Crisp flower colors. [17] Uniform, [1] Unique Flower Form, [21] Many Flowers, [2] Low Vigor, [2] Non-Uniform, [2] Unique Colors, [2] Vibrant Flower Color, [6] Great Foliage, [8] Vigorous Plant
Lantana	Bandolero™ Cherry Sunrise	Syngenta	Pink, yellow		Sun - C	3.44	Bushy hedge. Flowers sit under foliage; Dense foliage; a nice green pop from foliage; more foliage than blooms but it does not take away from the plant; Grades to all pink flowers; Many flowers; but somewhat hidden in the foliage; Uniform plants. It looks like we are on the second flash of flowering. Probably more foliage than flowers; Very nice coloration; [10] Great Foliage, [13] Vigorous Plant, [15] Many Flowers, [17] Uniform, [1] Unique Flower Form, [2] Non-Uniform, [3] Few Flowers, [5] Unique Colors, [8] Vibrant Flower Color
Lantana	Bandolero™ Guava	Syngenta	Orangirang e		Sun - C	3.65	Excellent growth habit; Good pink color; Many blooms form a top layer; dense foliage;; More foliage than flowers; Some plants look like areas are going to take off and be taller than others; [14] Unique Colors, [15] Vibrant Flower Color, [16] Uniform, [16] Vigorous Plant, [19] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [1] Unique Flower Form, [2] Few Flowers, [9] Great Foliage
Lantana	Bandolero™ Lemon	Syngenta	Yellow	NEW	Sun - C	1.88	Flowering is moderate; Nice dense mounded habit; Not flowering as much as most of the others; Not many flowers; Significantly less blooms than others; smaller plant size;; Yellow is too dull [16] Low Vigor, [1] Disease Present, [1] Many Flowers, [1] Vibrant Flower Color, [1] Vigorous Plant, [20] Few Flowers, [2] Unique Flower Form, [3] Great Foliage, [5] Non-Uniform, [9] Uniform

Lantana	Lucky Pink	Ball FloraPlant	Pink		Sun - C	2.92	Fades to all pink flowers; Lots of blooms; blooms grow at different heights and give the plant texture;; Some plants have many flowers and others not so much. The color is also a little washed out; Very uniform. Lots of flowers. Consistently flowering; Yes; [12] Non-Uniform, [14] Many Flowers, [1] Color Does Not Match Name, [1] Low Vigor, [1] Vibrant Flower Color, [2] Unique Flower Form, [3] Few Flowers, [4] Great Foliage, [5] Unique Colors, [8] Uniform, [8] Vigorous Plant
Lantana	Lucky Pot of Gold	Ball FloraPlant	Yellow		Sun - C	2.35	More low growing; lots of smaller blooms; growth reminds me of waves; More open habit. Nice balance of flowers and leaves; Not vigorous; Small plant [11] Many Flowers, [13] Non-Uniform, [14] Low Vigor, [1] Color Does Not Match Name, [1] Some Chlorosis, [1] Unique Flower Form, [3] Great Foliage, [3] Vibrant Flower Color, [5] Few Flowers, [5] Vigorous Plant, [6] Uniform
Lantana	Lucky Red	Ball FloraPlant	Orange, red		Sun - C	3.78	Great lower growth habit; Not a consistent form or color; Tons of blooms; vibrant color throughout; very uniform; has more of a crawling behavior; Compact foliage. Smaller leaves; Nice color. Little more open habit; [10] Non-Uniform, [10] Unique Colors, [16] Vigorous Plant, [19] Vibrant Flower Color, [1] Low Vigor, [24] Many Flowers, [4] Unique Flower Form, [8] Great Foliage, [9] Uniform
Lantana	Lucky Sunrise Rose	Ball FloraPlant	Pink, orange		Sun - C	4.15	Actually yes; Good flower power; Great color but not consistent plants; Nice colors. More open habit; So many flowers. Vibrant magenta purple and yellow. Lower growing variety; Super cool color combination; Tons of very vibrant blooms form a layer over top of plant; crawling growth pattern; leaves curl and form a scoop look; Uneven habit [11] Non-Uniform, [15] Vigorous Plant, [16] Unique Colors, [21] Vibrant Flower Color, [22] Many Flowers, [2] Low Vigor, [6] Great Foliage, [6] Unique Flower Form, [7] Uniform
Lantana	Lucky White Improved	Ball FloraPlant	White	NEW	Sun - C	2.85	Cleaner white flowers than others; Varying heights between plants; Good white flower; Open habit. Smaller Flower clusters. Crisp white; Stems stick up past main hedge giving the plant texture; a large amount of blooms;; [11] Vigorous Plant, [16] Many Flowers, [17] Non-Uniform, [1] Low Vigor, [2] Unique Flower Form, [2] Vibrant Flower Color, [4] Great Foliage, [6] Uniform
Lantana	Lucky Yellow	Ball FloraPlant	Yellow		Sun - C	2.46	A little leggy; Bright yellow and green remind me of lemon and lime; stems reach up past the hedge; plant has lots of texture; Open habit. Nice lemon yellow colored flowers; Spreading growth habit [15] Many Flowers, [1] Some Chlorosis, [1] Unique Colors, [1] Unique Flower Form, [21] Non-Uniform, [2] Great Foliage, [2] Uniform, [3] Few Flowers, [5] Low Vigor, [7] Vigorous Plant, [8] Vibrant Flower Color
Lantana	PassionFruit	Ball FloraPlant	Pink	NEW	Sun - C	3.33	Bushy yet crawling. Vibrant flowers; Impressive flower power; Not pretty; Orange to red flowers; Plants not consistent and looks like the flowers are on taller stocks so you see a lot of the stock; Tons of blooms; crawling growth pattern; may look better with more foliage; blooms dominate plant; Very forward for us. Open habits. Very uniform; [11] Vigorous Plant, [14] Non-Uniform, [14] Vibrant Flower Color, [21] Many Flowers, [2] Unique Flower Form, [3] Great Foliage, [4] Uniform, [7] Low Vigor, [9] Unique Colors
Lantana	Shamrock Butterscotch Glow	Ball FloraPlant	Whityellow	NEW	Sun - C	3.77	Beautiful!!; Color and formation of blooms reminds me of an off white lace; uniform and dense plants; Cream.to white flowers; I like the name. It matches the flowers. Maybe slightly more foliage the flowers; Love the popcorn color; [13] Vigorous Plant, [17] Uniform, [1] Color Does Not Match Name, [1] Few Flowers, [21] Many Flowers, [3] Non-Uniform, [3] Unique Flower Form, [4] Vibrant Flower Color, [6] Unique Colors, [9] Great Foliage

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Lantana	Shamrock Orange Flame	Ball FloraPlant	Red, orange		Sun - C	3.85	Excellent overall; Maybe a bit light of flowers compared to foliage; Not flowering very much; Very uniform; blooms throughout; great mix of colors [12] Vibrant Flower Color, [14] Vigorous Plant, [18] Many Flowers, [1] Low Vigor, [20] Uniform, [2] Few Flowers, [2] Non-Uniform, [4] Unique Flower Form, [7] Unique Colors, [9] Great Foliage
Lantana	Shamrock Rose	Ball FloraPlant	Pink		Sun - C	2.96	Color a little dull; Flower color looks washed out; Flowers sit under foliage. Foliage is bright green and looks faded. Flowers sit under foliage; More foliage than flowers; bright green leaves; rounded; Not a lot of flowers for the amount of foliage; No flower power [10] Few Flowers, [12] Vigorous Plant, [14] Uniform, [1] Low Vigor, [2] Non-Uniform, [2] Unique Flower Form, [5] Vibrant Flower Color, [6] Unique Colors, [8] Great Foliage, [8] Many Flowers
Lantana	Shamrock White	Ball FloraPlant	White		Sun - C	2.77	Compact for sure; Dwarfier habit; Very small bloom clusters; pairs great with light green foliage; reminds me of a wedding; Flowers are small and foliage is a little like green compared to most others Lantana; Nice small plants; Small flowers doesn't show up as well as some other White lantanas; The overall plant looks great but it's not spectacular looking; [15] Uniform, [19] Many Flowers, [1] Non-Uniform, [1] Vibrant Flower Color, [2] Some Chlorosis, [2] Unique Flower Form, [3] Few Flowers, [6] Great Foliage, [6] Low Vigor, [6] Vigorous Plant
Lantana	Tropic Dragonfruit	Beekenkamp Plants	Pink	NEW	Sun - C	3.00	Uniform. The old flowers are a bit distracting. Probably hire foliage to flour ratio than one might like with the amount of foliage; Extremely uniform. Covered with pollinators. But flowers are held under foliage; Flowers are much smaller than others: clusters of flowers are smaller as well; flowers grow mainly in the foliage; very uniform; Flowers held below foliage. Would look better if blooms were held above foliage; Flowers hidden by foliage; Flowers look faded; Unique color on some flowers. Flowers are smaller and sit more under the foliage. More narrow leaves; [12] Great Foliage, [12] Vigorous Plant, [16] Uniform, [1] Low Vigor, [1] Some Chlorosis, [2] Vibrant Flower Color, [3] Unique Flower Form, [5] Unique Colors, [6] Few Flowers, [8] Many Flowers
Lantana	Tropic Mango	Beekenkamp Plants	Orange	NEW	Sun - C	1.50	Flowers doesn't look like they really want to grow; Very small plants; little blooms; many blooms have fruited and are going to seed; not uniform; Fruit showing; [14] Non-Uniform, [17] Few Flowers, [1] Many Flowers, [1] Significant Pest Damage , [1] Unique Colors, [1] Unique Flower Form, [23] Low Vigor, [2] Some Chlorosis, [2] Uniform, [3] Color Does Not Match Name, [3] Disease Present
Lantana	Tropic Nandu	Beekenkamp Plants	Yellow	NEW	Sun - C	3.19	Good golden color; Lacks flower power; More foliage than flowers. Compact flowers; Nice flowers but small; Small bloom clusters; dense foliage; slightly varying heights adds texture; Small blooms; blooms are smaller than most; [13] Uniform, [17] Many Flowers, [1] Color Does Not Match Name, [1] Some Chlorosis, [2] Few Flowers, [2] Unique Flower Form, [5] Low Vigor, [5] Non-Uniform, [6] Great Foliage, [8] Vibrant Flower Color, [8] Vigorous Plant
Lantana	Tropic Pineapple	Beekenkamp Plants	Yellow	NEW	Sun - C	3.46	Good yellow and spreading habit; Great pop of color; crawling growth pattern; very wide plant; beautiful green leaves; Little bit of disease on the leaves; Open habit. Fair amount of flowers; Small flower clusters but lots of bloom create a big impact; This one rambles the perfect amount. Not too much not too little. [12] Great Foliage, [13] Non-Uniform, [15] Vibrant Flower Color, [15] Vigorous Plant, [19] Many Flowers, [1] Low Vigor, [1] Some Chlorosis, [1] Unique Flower Form, [2] Few Flowers, [2] Unique Colors, [7] Uniform

Lantana	Tropic Pitaya	Beekenkamp Plants	Orange	NEW	Sun - C	3.54	; Lot of green foliage; Nice habit. Could use a few more flowers; Small plant; Very vibrant; possibly good for the right spot; Smaller and tighter bloom clusters; tons of blooms: dense; low lying foliage [13] Great Foliage, [14] Many Flowers, [14] Unique Colors, [17] Uniform, [1] Unique Flower Form, [20] Vibrant Flower Color, [2] Non-Uniform, [3] Low Vigor, [4] Few Flowers, [9] Vigorous Plant
Lantana	Tropic Tamarillo	Beekenkamp Plants	Red, orange	NEW	Sun - C	1.88	Lacks vigor and flower power; Low growing and floriferous; Low lying plant; tiny bloom clusters throughout; seems much smaller and less vigorous than others; Sprawling and not full; Weather damage; [10] Few Flowers, [12] Non-Uniform, [19] Low Vigor, [1] Color Does Not Match Name, [1] Significant Pest Damage , [1] Some Chlorosis, [1] Vigorous Plant, [2] Great Foliage, [2] Uniform, [2] Unique Colors, [4] Disease Present, [5] Many Flowers
Lavendula (spreading)	Purple Rain	Tagawa Greenhouse Entp.	Purple	NEW	Sun - C	2.33	Very late to flower but the flowers that are present are nice. Good fragrance; not spreading as I imagined; Compact little bushes; not spreading; blooms are very sparse; Good form. Quite uniform. Minimal flowering; Minimally blooming; No flowers today. Small plants; one of the plants (with the most flowers) has a slightly different form; Only a few are flowering; Very few flowers; [12] Uniform, [14] Few Flowers, [3] Non-Uniform, [3] Vigorous Plant, [5] Low Vigor, [8] Great Foliage
Leucanthemum x superbum	Betsy®	Green Fuse Botanicals	White		Sun - C	2.23	Large flowers; Plants all very in shape. Barely any flowers; but the few that are in bloom are very impressive. They are large and provide a nice pop; Probably about a 3.5. Not as uniform. Large flowers for size of plants; many buds; Some disease problems. Not many flowers; Some dying out; Unique foliage shape; varying plant sizes; very little blooms; Very un-uniform between plants. Some quite vigorous; others not; [15] Few Flowers, [17] Non-Uniform, [1] Some Chlorosis, [1] Uniform, [1] Vibrant Flower Color, [2] Great Foliage, [2] Low Vigor, [4] Vigorous Plant, [6] Disease Present
Leucanthemum x superbum	Carpet Angel Daisy®	Green Fuse Botanicals	White		Sun - C	3.46	Foliage forms a nice compact bush. Flowers are really cute. Petals are rigid at the tips and have a bright yellow center; Great uniform plants; Lush and even growth; sheet of blooms across the top; dense foliage; Nice and different look to a Leucanthemum; Probably about 65% flower coverage. Fairly uniform. Tight compact. Lives up to its name of carpet; Really nice consistent dwarf; Some patchy growth; nice plant for customers wanting a lower daisy and lots of flowers [17] Uniform, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Colors, [20] Many Flowers, [2] Unique Flower Form, [3] Low Vigor, [3] Vibrant Flower Color, [6] Great Foliage, [9] Vigorous Plant
Marigold	Alumia™ Crème Brulee	Syngenta	Yellow		Sun - S	2.35	Hungry plants. Not very uniform. Flower colors irregular; Unique red patterning on yellow blooms; compact and dainty little bushes; Not uniform and plant size or flowering amount; Not uniform or vigorous [10] Non-Uniform, [11] Low Vigor, [1] Color Does Not Match Name, [1] Unique Flower Form, [1] Vigorous Plant, [2] Disease Present, [2] Great Foliage, [2] Some Chlorosis, [3] Uniform, [4] Vibrant Flower Color, [5] Many Flowers, [7] Few Flowers, [7] Unique Colors
Marigold	Alumia™ Deep Orange	Syngenta	Orange	NEW	Sun - S	2.50	A little floppy; Hungry. I like how the flowers are displayed slightly above the foliage; Looks like it had a tough time in the rain; Was very nice color and shape. The rest are gangly or did not thrive or flopped over; Tons of blooms; many plants are dying back or flowers are off in color/look chlorotic; Very uneven in habit [11] Vibrant Flower Color, [13] Many Flowers, [19] Non-Uniform, [1] Significant Pest Damage , [1] Uniform, [1] Unique Flower Form, [2] Great Foliage, [3] Unique Colors, [5] Disease Present, [5] Low Vigor, [5] Some Chlorosis, [7] Vigorous Plant

Osteospermum	Gelato Almond	Westhoff	White, purple		Sun - C	2.58	Flowers purple; White petals with purple center looks really cool. Petals are also purple underneath. Plants are falling over; Great flower coloration with back of petals matching of flower; Maybe Gelato blackberry; Not very uniform. Decent flowering; but could be a little better; Plants are all over the place; Very inconsistent; Very open in habit; Very unique blooms; plants are falling over; amazing foliage; almond does not seem like a fitting name maybe grape or cotton candy would be better; [16] Non-Uniform, [1] Low Vigor, [1] Some Chlorosis, [1] Uniform, [3] Vibrant Flower Color, [4] Many Flowers, [4] Unique Colors, [5] Color Does Not Match Name, [5] Great Foliage, [7] Few Flowers, [9] Vigorous Plant
Osteospermum	Gelato Passion	Westhoff	Orange, purple		Sun - C	2.81	Compact; Compact and small plant; uniform throughout; Interesting flower colors; Nice change of flower color; Nice dwarf; Not sure about the name; Small and compact variety. Blooms are small and have a unique gradient of purple to orange to yellow; Tidy and compact. Quite uniform. Unique flower color feeding as it's ages. Probably a three point; Very nice flower colors. Very small plants; patchy; [10] Low Vigor, [12] Unique Colors, [13] Uniform, [1] Color Does Not Match Name, [2] Non-Uniform, [3] Vigorous Plant, [4] Few Flowers, [4] Great Foliage, [5] Vibrant Flower Color, [9] Many Flowers
Osteospermum	Gelato Pineapple	Westhoff	Yellow		Sun - C	2.42	Consistent. Not too many flowers now but lots of buds; Heat delay in flowering; Nice uniform; compact plants. Few flowers now. Two or three weeks ago probably rated much better with flowers; Not enough flowers blooming at once; Past prime; Smaller blooms; compact and rounded plants; shorter; Very few flowers. Uniform growth; Very uniform bushy foliage. Smaller leaves and skinnier stems. Plant itself looks nicely balanced; [16] Uniform, [1] Vigorous Plant, [2] Great Foliage, [2] Non-Uniform, [3] Many Flowers, [3] Vibrant Flower Color, [9] Few Flowers, [9] Low Vigor
Osteospermum	Gelato Prune	Westhoff	Purple		Sun - C	3.48	Fairly uniform. Maybe slightly floppy. Decent flowering for the moment; Gaps in growth; Love the contrast between bloom and foliage; blooms round out to sides of plant instead of just at the top; creates a nice hedge; Opening up in center; Some pollinators present; Vigorous bloomer. Unable to support itself [10] Vibrant Flower Color, [11] Uniform, [15] Many Flowers, [15] Vigorous Plant, [1] Disease Present, [2] Non-Uniform, [2] Some Chlorosis, [4] Great Foliage, [6] Unique Colors
Osteospermum	Gelato Raspberry	Westhoff	Pink		Sun - C	2.84	Floppy and some chlorosis; Great pop of color; fitting name; differing heights throughout plants; Little yellowing showing; Significant flowering at the moment. Plants slightly floppy. A little bit of chlorosis; Very apparent chlorosis; [12] Non-Uniform, [13] Many Flowers, [1] Disease Present, [1] Low Vigor, [2] Great Foliage, [3] Few Flowers, [5] Some Chlorosis, [6] Uniform, [6] Unique Colors, [6] Vigorous Plant, [9] Vibrant Flower Color
Osteospermum	Sunny Compact Dixie IMP	Beekenkamp Plants	Red		Sun - C	2.84	Flowering is moderate; Lots of foliage few flowers; Maybe a 3.5 rating. Flower color is unique slightly red to purple. Looks like a few losses in the group; Nice red; Tons of small blooms; dense foliage; the flowers have a nice soft look like red velvet; can't tell if leaves are chlorotic or have different coloring than other plants; Very apparent chlorosis [10] Few Flowers, [10] Non-Uniform, [1] Disease Present, [1] Unique Flower Form, [2] Low Vigor, [4] Many Flowers, [6] Great Foliage, [6] Uniform, [6] Unique Colors, [6] Vigorous Plant, [7] Some Chlorosis, [7] Vibrant Flower Color
Osteospermum	Sunny Compact Haylie	Beekenkamp Plants	White, purple		Sun - C	2.64	Compact habit; Differing heights and widths across plants; newer blooms are lighter and older and more darker; creating great variety; Probably 3.5 for a rating. Decent form and uniformity; Very mediocre; good ones look great! [10] Non-Uniform, [2] Great Foliage, [3] Unique Colors, [4] Many Flowers, [4] Vigorous Plant, [5] Few Flowers, [5] Low Vigor, [6] Uniform, [6] Vibrant Flower Color

Osteospermum	Sunny Kimi (OST 0013)	Beekenkamp Plants	Red	NEW	Sun - C	2.92	2.5 decent flowering at the moment. Probably looked better two weeks ago. Interesting flower color as it matures; Great bloom color; couple of plants have only pastel flowers; could just only have newly opened blooms;; Messy row; Very uneven in habit; [11] Non-Uniform, [11] Unique Colors, [13] Many Flowers, [1] Few Flowers, [3] Low Vigor, [4] Great Foliage, [4] Vigorous Plant, [5] Uniform, [7] Vibrant Flower Color
Osteospermum	Sunny Kylie (OST 0002)	Beekenkamp Plants	Pink	NEW	Sun - C	3.12	3.5 uniform plant coverage. Moderate flowering at the moment. Looked better probably about two or three weeks ago; Apparently chlorosis; Mix of lighter and darker blooms; uneven heights; tons of blooms; Pleasing color; Uneven in habit; [10] Many Flowers, [10] Vigorous Plant, [1] Disease Present, [1] Low Vigor, [1] Some Chlorosis, [3] Great Foliage, [3] Unique Colors, [5] Non-Uniform, [8] Vibrant Flower Color, [9] Uniform
Osteospermum	Sunny OST 0028	Beekenkamp Plants	Pink	NEW	Sun - C	2.38	Large blooms; uneven plant height and width; tons of blooms; Messy form; Not the most uniform; but also very typical ostial. Quite a few flowers at the moment. Ray florets more upright and cup like; Opening up in habit; Patchy growth; Plant looks a little wild and not very uniform. Small and compact; Pretty but inconsistent; The row is a mess. 18 plants looks like 30; [16] Non-Uniform, [1] Some Chlorosis, [2] Few Flowers, [2] Unique Colors, [4] Great Foliage, [4] Uniform, [4] Vigorous Plant, [5] Low Vigor, [7] Vibrant Flower Color, [9] Many Flowers
Osteospermum	Sunny OST 0078	Beekenkamp Plants	Pink, yellow	NEW	Sun - C	2.81	Flower color changes as they open; Great mix of colors from old to new blooms; small and compact; dense foliage; Love the multi color blooms; Nice uniform plants. Unique flower color again opening one color and fading. Foliage looks slightly chlorotic; Some flowers are purple; some are yellow; and some are purple and yellow. This plant is small and compact and has a nice variety of color; Very nice flower colors. Would be great in a combo pot; 3.5 rating; [10] Many Flowers, [11] Unique Colors, [14] Uniform, [1] Disease Present, [1] Unique Flower Form, [2] Few Flowers, [2] Vigorous Plant, [3] Great Foliage, [3] Some Chlorosis, [4] Vibrant Flower Color, [5] Non-Uniform, [7] Low Vigor
Osteospermum	Zion Morning Sun	Selecta One	Yellow, purple		Sun - C	3.62	Nice purple center to flower; Purple to yellow petal gradient is very unique and eye catching; tons of blooms on longer stems; layer of blooms over compact foliage; Quite floriferous right now. Seems to maintain floriferousness. Fairly uniform for an Osteo; Very interesting flowers; Yellow petals with purple centers compliment each other very well. Stems are king with dense foliage closer to the ground; [13] Vigorous Plant, [14] Unique Colors, [17] Many Flowers, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [3] Non-Uniform, [5] Great Foliage, [8] Vibrant Flower Color, [9] Uniform
Osteospermum	Zion Orange Burst	Selecta One	Orange	NEW	Sun - C	3.15	Beautiful flower gradient; tons of blooms; compact and tall foliage; great pop of color; Flopping some. Spent flowers don't look good; Foliage reached up to blooms giving the plant a more bushy look. Petals have a nice gradient of orange to yellow. Reminds me of a sunset; Moderate flowering; Nice color. Decent uniformity. Again; 2 to 3 weeks ago would have more flowers; Not real uniform; Unusual color [10] Uniform, [11] Vigorous Plant, [12] Many Flowers, [1] Some Chlorosis, [2] Few Flowers, [4] Non-Uniform, [6] Great Foliage, [6] Vibrant Flower Color, [8] Unique Colors

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Osteospermum	Zion Pink Orbit	Selecta One	Pink	NEW	Sun - C	3.96	Common color; Good flower power; Good robust plants. Uniform. Plenty of flowers. Some of the newer flowers slightly deformed maybe aster yellows? Or moisture?; Gorgeous; Huge and full; One of best in group; Slight problem with some blooms turning white; Tall and dense foliage; taller flower stems; vibrant flowers; blooms are lighter colors; Upright blooms that are met with foliage underneath. Flowers are big and vibrantly colored; [10] Great Foliage, [16] Vibrant Flower Color, [18] Uniform, [19] Vigorous Plant, [1] Color Does Not Match Name, [1] Some Chlorosis, [21] Many Flowers, [6] Unique Colors
Pentas lanceolata	Beehive White	Syngenta	White		Sun - S	2.08	Late in coming into bloom; More open habit. Spent flowers easily noticeable. Almost looks like it has pest damage; Not impressed; Tiny white flowers; small and compact [11] Low Vigor, [1] Disease Present, [1] Great Foliage, [1] Some Chlorosis, [2] Many Flowers, [6] Uniform, [8] Few Flowers, [8] Non-Uniform
Pentas lanceolata	Starcluster™ Cascade Blush	Syngenta	Pink		Sun - C	2.20	2 plants look darker pink; Flowering is moderate; Inconsistent color between plants; Not all pink; Some brown leaf edges; Some plants have dark blooms and some have light pink blooms; some plants much smaller than others; two have darker blush; Less consistent - some plants have different flower color so got mixed up somehow; Looks to have two different colors in the group. Pink and magenta. Likewise not much with flowers at the moment. Probably could use some heat; Mix of colors from pink to red [11] Non-Uniform, [1] Color Does Not Match Name, [1] Disease Present, [1] Great Foliage, [1] Some Chlorosis, [1] Unique Flower Form, [2] Vigorous Plant, [3] Unique Colors, [4] Low Vigor, [5] Many Flowers, [5] Uniform, [5] Vibrant Flower Color, [8] Few Flowers
Pentas lanceolata	Starcluster™ Cascade Red	Syngenta	Red		Sun - C	1.96	Brown leaf edges. Flowers buried in foliage; Flowering is moderate and they seem to be hidden under foliage; Flowers below the foliage; Flowers beneath foliage; Flowers grow inside of foliage; some leaves are crispy and brown on edges; small and compact; Some burning on leaves; These look stunted. Flowers in the foliage. The worst of the three in the star cluster; [10] Uniform, [1] Disease Present, [1] Many Flowers, [1] Unique Colors, [2] Some Chlorosis, [3] Non-Uniform, [3] Vigorous Plant, [7] Vibrant Flower Color, [8] Few Flowers, [8] Low Vigor
Pentas lanceolata	Starcluster™ Cascade White	Syngenta	White		Sun - C	2.60	Brown leaf edges; Flowering is moderate; Great foliage; tiny blooms in large clusters; flowers shaped like stars; it's white needs a pow!; Late in blooming; More flowers to come. Probably would look better with more heat. The leaves have a little bit of browning; Nice and consistent; Not many flowers. Mostly seed heads; Not much bloom now. Many flower buds; [10] Few Flowers, [15] Uniform, [1] Disease Present, [1] Some Chlorosis, [2] Vigorous Plant, [4] Low Vigor, [4] Many Flowers, [5] Great Foliage
Petchoa	Enviva Pink	Selecta One	Pink		Sun - C	3.96	Almost satin like color; Beautiful vibrant pink flower; Color glows on a cloudy day; Great mounding. Vibrant color. What a small pink petunia should look like; Incredibly vibrant; Metallic flower; Smaller bloom size; sheet of blooms over foliage; mounding and tall; Smaller flowers and smaller foliage but vigorous and big; The color makes up for the size of the flowers; [10] Unique Colors, [17] Vigorous Plant, [20] Uniform, [21] Vibrant Flower Color, [22] Many Flowers, [8] Great Foliage
Petchoa	Enviva White	Selecta One	White	NEW	Sun - C	2.19	Did not fill out; Lacks vigor; Nice petite growth habit; Small flowers; Very small and sad looking. Foliage looks unhealthy; Very small plants; non uniform; possible disease or just low vigor [10] Non-Uniform, [11] Few Flowers, [1] Great Foliage, [1] Some Chlorosis, [1] Vibrant Flower Color, [21] Low Vigor, [2] Disease Present, [2] Many Flowers, [9] Uniform

Petunia	Bee's Knees	Ball FloraPlant	Yellow		Sun - C	3.80	Bright large blooms; disease present in patches; not vigorous compared to pot; Very nice again this year. No disease present; Dark purple with yellow star really pops. Not the most vigorous plant; foliage has gaps; Good yellow; Great yellow color. A little die back [15] Vigorous Plant, [18] Uniform, [18] Vibrant Flower Color, [19] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [2] Disease Present, [2] Non-Uniform, [2] Unique Colors, [7] Great Foliage
Petunia	Benary		Salmon	NEW	Sun - S	3.45	Big flowers; Large flowers; Large flowers. Fairly uniform. Standing upright. Very good seed selection; Massive blooms; unique color; uneven heights but gives plant a more natural look; Nice Rose-salmon color on upright plants large flower; Nice color; slight pest damage on the leaves [10] Vigorous Plant, [11] Vibrant Flower Color, [15] Many Flowers, [2] Great Foliage, [6] Unique Colors, [7] Non-Uniform, [7] Uniform
Petunia	Blanket® Blue Star	Green Fuse Botanicals	Blue, white		Sun - C	2.96	Fitting name; petals form stars; mounding and uniform aside from diseased spots; Great star flower color. Though flowers are sparse; Great white stripe that is even; Not enough flowers for show- maybe my mind would change if buds were blooming; Very unique flower color. Some disease. [10] Many Flowers, [10] Uniform, [12] Vigorous Plant, [1] Low Vigor, [2] Color Does Not Match Name, [3] Great Foliage, [3] Some Chlorosis, [6] Disease Present, [6] Non-Uniform, [8] Few Flowers, [9] Unique Colors, [9] Vibrant Flower Color
Petunia	Blanket® Double Silver Surprise	Green Fuse Botanicals	Silver, purple	NEW	Sun - C	2.25	I like the color mix especially with all the foliage. Definitely different; Color combo looks dirty with the double flowers; Unique double petal mix makes plant pop; very low growing and compact; Mixing of colors is not consistent. Plants are not same height; Name is confusing; Nice double 2 flower color here; Not a fan of the colors; [12] Unique Flower Form, [14] Many Flowers, [1] Few Flowers, [2] Color Does Not Match Name, [2] Disease Present, [3] Some Chlorosis, [4] Vibrant Flower Color, [5] Uniform, [5] Vigorous Plant, [8] Unique Colors, [9] Low Vigor, [9] Non-Uniform
Petunia	Blanket® Silver Surprise	Green Fuse Botanicals	Silver, purple		Sun - C	2.08	Very strange mix. Why?; Great mix of colors; disease has killed off some plants and made plant uneven and crunchy; Can't tell what the color of this is supposed; Is it supposed to be both bright pink and silvery purple?; Like the color but barely any silver; Mix of colors; Most plants have reverted to solid purple; Name is a little confusing; Plants are not the same type; Some white; Strange combination half magenta half silver. Separate blocks of color; Yes it's a surprise. Did you scatter 2 different color seeds; [12] Many Flowers, [16] Non-Uniform, [1] Unique Flower Form, [2] Color Does Not Match Name, [2] Uniform, [3] Low Vigor, [3] Some Chlorosis, [4] Unique Colors, [7] Disease Present, [7] Vibrant Flower Color, [7] Vigorous Plant
Petunia	ColorRush Merlot Star Improved	Ball FloraPlant	Red		Sun - C	3.12	Dead buds prevalent; Glad my Merlot doesn't have those cream streaks!; Nice star color. Plants are not uniform in height; Over half of the plants are diseased; doesn't look good; Unique flower colors and pattern; mounding; disease present in patches; Very nice striped flower; Very uneven in habit; uneven growth; [10] Non-Uniform, [12] Unique Colors, [15] Many Flowers, [1] Some Chlorosis, [21] Vigorous Plant, [2] Low Vigor, [3] Few Flowers, [4] Disease Present, [4] Great Foliage, [8] Uniform, [8] Vibrant Flower Color
Petunia	ColorRush Pink	Ball FloraPlant	Pink		Sun - C	4.24	High mound; What a pink petunia should look like!!!; tall mounding plant; tons of blooms;; Little uneven in height; Most consistent petunia; Nice big size. Good space eater; So many flowers. Vibrant pink with a dark center looks so cool; Strong grower [17] Vibrant Flower Color, [18] Uniform, [23] Many Flowers, [24] Vigorous Plant, [2] Non-Uniform, [2] Unique Colors, [7] Great Foliage

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Petunia	ColorRush Purple	Ball FloraPlant	Purple		Sun - C	3.21	Great color; Great pop of color; amazing ratio of blooms to foliage;; Many flowers but small size makes it look less colorful; More foliage than flower; Nice flower color. Flowers are a little sparse; [12] Many Flowers, [15] Uniform, [15] Vigorous Plant, [16] Vibrant Flower Color, [1] Low Vigor, [2] Some Chlorosis, [3] Non-Uniform, [4] Unique Colors, [6] Few Flowers, [7] Great Foliage
Petunia	ColorRush White	Ball FloraPlant	White		Sun - C	3.27	A lot of Dead flower heads present; Lower growing variety; medium size flowers; petals come to a point; Nice sprawling firm; The back of the row has some chlorosis; Uniform for the most part; some disease and die-back present; White with yellow throat; Nice low growth habit; [11] Vigorous Plant, [15] Uniform, [17] Many Flowers, [1] Few Flowers, [2] Great Foliage, [2] Low Vigor, [3] Disease Present, [3] Non-Uniform, [3] Some Chlorosis, [5] Vibrant Flower Color
Petunia	Dekko™ Blue Imp	Syngenta	Blue		Sun - C	2.63	Plants not uniform. Color is ok; Some disease; Tons of blooms; smaller and velvety; some disease causing plants to die back [10] Vibrant Flower Color, [12] Non-Uniform, [19] Many Flowers, [1] Great Foliage, [1] Unique Colors, [3] Color Does Not Match Name, [3] Some Chlorosis, [5] Vigorous Plant, [6] Uniform, [7] Disease Present, [9] Low Vigor
Petunia	Dekko™ Red	Syngenta	Red		Sun - C	3.50	Best of the Dekko series; Excellent vigor and hold color well; Great bright red color; This is a great vibrant red; Plants are healthy but foliage would be better with a darker green; Vibrant blooms; low growing and spreading habit [16] Uniform, [18] Vibrant Flower Color, [19] Many Flowers, [19] Vigorous Plant, [2] Non-Uniform, [2] Unique Colors, [4] Great Foliage
Petunia	Dekko™ Star Rose	Syngenta	Pink		Sun - C	3.46	Little disease; Nice vibrant small pink flower; Small flowers; Smaller; pointier tipped petals; spreading and wide; [10] Vibrant Flower Color, [16] Uniform, [19] Vigorous Plant, [1] Low Vigor, [1] Non-Uniform, [1] Some Chlorosis, [20] Many Flowers, [2] Disease Present, [2] Great Foliage, [2] Unique Colors
Petunia	Dekko™ White Imp	Syngenta	White	NEW	Sun - C	3.04	Flower size allows spent flowers to show more than others do; Losing vigor; Nice small flower. Though plants have a yellowing look. But are healthy; Small flowers. They all face sideways. Few face upward; Smaller blooms; low growing [17] Uniform, [19] Many Flowers, [1] Great Foliage, [2] Non-Uniform, [3] Low Vigor, [3] Some Chlorosis, [4] Disease Present, [5] Vibrant Flower Color, [8] Vigorous Plant
Petunia	Dot Star F1 Deep Pink Imp.	Cerny Seed	Pink	NEW	Sun - S	2.05	White splatter on blooms gives unique looks; uneven growth and some plants are dead; possibly disease; Not uniformly present in all flowers but much better than it's red sister in the series; 3 dead; Not very uniform. More dots in flowers than the red. Probably second best dot; solid bloom color & spots; Dots are few; Love the color; Spots not consistent; very few dots; Not deep pink enough and not dotted enough for me; [13] Low Vigor, [13] Non-Uniform, [1] Color Does Not Match Name, [1] Uniform, [1] Unique Flower Form, [1] Vigorous Plant, [3] Many Flowers, [4] Few Flowers, [5] Unique Colors, [6] Disease Present, [6] Vibrant Flower Color, [7] Some Chlorosis
Petunia	Dot Star F1 Red	Cerny Seed	Red		Sun - S	1.50	didn't fill in; Lack of fullness & luster; No vigor; Not very vigorous. Red is a light red color. Not a lot of dots in the flowers; Spotting pattern in flowers not stable; Too small; Very small plants compared to others; plants had a rough start so they look good for how they started but most likely stunted; [11] Non-Uniform, [17] Low Vigor, [1] Many Flowers, [1] Some Chlorosis, [1] Uniform, [1] Vigorous Plant, [2] Vibrant Flower Color, [7] Few Flowers

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Petunia	Dot Star F1 Rose	Cerny Seed	Pink	NEW	Sun - S	2.32	3 in decline; Dots are few; Dots not consistent in blooms; Few dead plants; color blooms solid & dots; Large blooms; uneven growth and chlorosis throughout; More vigorous for a dart. Flower spotting is not necessarily uniform; Not enough dots to make you realize that's what it's supposed to be doing [14] Non-Uniform, [1] Few Flowers, [1] Uniform, [1] Vigorous Plant, [2] Unique Colors, [3] Unique Flower Form, [5] Disease Present, [5] Some Chlorosis, [5] Vibrant Flower Color, [8] Low Vigor, [8] Many Flowers
Petunia	DuraBloom® Electric Lilac	Dummen Orange	Purple		Sun - C	4.08	Neon!; Nice and full. Good color. Would GIVE it a 4. But the faded flowers are noticeable; Spent flowers not as attractive; Super vibrant colors; mounding and lush [17] Uniform, [19] Vibrant Flower Color, [1] Significant Pest Damage, [20] Vigorous Plant, [22] Many Flowers, [2] Non-Uniform, [3] Unique Colors, [8] Great Foliage
Petunia	E3 Easy Wave® Mix Sweet Taffy	PanAmerican Seed	White, red, magenta, pink	NEW	Sun - S	2.23	Great mix of colors; every plant is a different size in both height and width; tons of different colors; Hot pink and salmon not a great combo; May or may not be diseased; but a few plants really suffering or gone. Good mix of color; Nice color variety. Few dead plants; Nice mix not the most uniform; Not a big fan of the color mix; Not uniform in habit; interesting mix of colors. Floriferous. Because of a mix not very uniform. [1] Color Does Not Match Name, [1] Few Flowers, [2] Disease Present, [2] Great Foliage, [3] Low Vigor, [3] Unique Colors, [3] Vibrant Flower Color, [4] Uniform, [4] Vigorous Plant, [9] Many Flowers, [9] Non-Uniform
Petunia	Easy Wave® Blue	PanAmerican Seed	Blue	NEW	Sun - S	3.91	Lush and even growth; looks amazing for how seedlings started out; Beautiful dark purple; Best petunia in this group; Consistent color throughout; Flawless; Good uniform stand of plants. Nice deep purple blue. Seems to hold flower color well in the sun. Maybe see more of the foliage tips then would be preferred; Great plant performance uniformly covered the row rich deep purple blue saturated color and nice dark green foliage; Hold flower color well; Impressive vigor but not blue. One of the best of the bunch; [14] Uniform, [14] Vibrant Flower Color, [17] Many Flowers, [18] Vigorous Plant, [1] Color Does Not Match Name, [1] Few Flowers, [2] Low Vigor, [2] Non-Uniform, [3] Unique Colors, [8] Great Foliage
Petunia	Easy Wave® Yellow	PanAmerican Seed	Yellow	NEW	Sun - S	3.45	Does look like a wave of yellow; Yellow flower is fairly light in color with deep yellow throat. Good row coverage. Lots of flowers; Fairly uniform. Lots of flowers. Few areas of botrytis; Good dark yellow center to flower; Great yellow petunia; Held up to rain rather well; Overall healthy; Tons of blooms; creates a nice mound; but does ease has caused a lot of plants to look sickly; [13] Uniform, [16] Vigorous Plant, [19] Many Flowers, [1] Non-Uniform, [2] Unique Colors, [4] Disease Present, [4] Great Foliage, [5] Vibrant Flower Color
Petunia	F1 Trilogy Purple	American Takii, Inc.	Purple		Sun - S	2.64	Pale foliage. didn't fill in; A bit small; Bright blooms;; Lacks overall vigor; Looks sickly. Fairly floriferous; but not that floriferous; Lovely dark eye bright purple color with some veining adds interest to the flower; [2] Disease Present, [2] Few Flowers, [2] Unique Colors, [3] Low Vigor, [4] Vigorous Plant, [5] Some Chlorosis, [5] Uniform, [8] Many Flowers, [8] Non-Uniform, [9] Vibrant Flower Color

Petunia	F1 Trilogy Purple Gen 2	American Takii, Inc.	Purple		Sun - S	2.95	Compact and round bushes; lots of vibrant blooms; one of the best seed petunias; Large flowers fade does not hold color; May or may not be diseased; Very uniform. Fairly rounded plants. Maybe could use a few more flowers but see more flowers that foliage; New blooms vibrant with veins; older blooms turn dark purple loose luster; Nice little size here; Rich vibrant flower color. fade is okay. Did not fill the entire row; These didn't go horizontally very far but that allows you to see that each plant is a similar size. Very uniform; [11] Many Flowers, [12] Uniform, [12] Vibrant Flower Color, [1] Disease Present, [1] Few Flowers, [1] Great Foliage, [1] Unique Colors, [3] Low Vigor, [3] Vigorous Plant, [5] Non-Uniform
Petunia	F1 Trilogy Red Gen 2	American Takii, Inc.	Red		Sun - S	3.00	Fairly uniform planting. Nice red color. But does fade to light red pinkish color. Rounded plant form; Vibrant red color; Great vibrant red flower; Tons of blooms; some chlorosis but majority of plant looks amazing [11] Many Flowers, [1] Disease Present, [1] Great Foliage, [1] Some Chlorosis, [2] Non-Uniform, [3] Few Flowers, [4] Low Vigor, [8] Vigorous Plant, [9] Uniform, [9] Vibrant Flower Color
Petunia	Headliner Blackberry Vein	Selecta One	Purple	NEW	Sun - C	2.92	Great flower color. Plants are not uniform; Many yellow brown leaves. Nice color transition; Smaller blooms with tons of color; dark center makes blooms pop; Very nice low growth habit [10] Vibrant Flower Color, [12] Uniform, [13] Many Flowers, [1] Great Foliage, [1] Unique Flower Form, [4] Few Flowers, [5] Vigorous Plant, [7] Non-Uniform, [8] Unique Colors, [9] Low Vigor, [9] Some Chlorosis
Petunia	Headliner Dark Violet Picotee	Selecta One	Blue, purple		Sun - C	3.79	Flower color good stable; Great flower color. Would show up from a distance; Plants a little inconsistent. Faded flowers are noticeable. Like the white edge; Shows up well from a distance; Tons of blooms; mounding and full [11] Vibrant Flower Color, [12] Unique Colors, [18] Many Flowers, [18] Vigorous Plant, [19] Uniform, [1] Disease Present, [1] Some Chlorosis, [2] Great Foliage, [3] Non-Uniform, [3] Unique Flower Form
Petunia	Headliner Electric Purple 22	Selecta One	Purple		Sun - C	3.38	Height uniformity issue. Nice color. Faded flowers are noticeable; Layer of blooms over foliage; looks like waves of purple; Some fading; [15] Uniform, [15] Vigorous Plant, [16] Vibrant Flower Color, [1] Color Does Not Match Name, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [21] Many Flowers, [4] Unique Colors, [5] Non-Uniform, [6] Great Foliage
Petunia	Headliner Enchanted Sky	Selecta One	Purple		Sun - C	3.00	Blooms look mystical; one plant is dying back; otherwise tons of blooms and mounding; Flower color not stable; Gorgeous new flower color but not fond of the color of fading flowers; Some die back. Flower color is faded; Some dying; Spent flowers detract from appearance; Starry night pattern washed out; Unique flower color with the dark eye and white stripes. Some disease and chlorosis; Would be a 5 but some plants look diseased. Very unique coloration and nice foliage; [13] Uniform, [14] Vigorous Plant, [15] Unique Colors, [16] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Low Vigor, [2] Great Foliage, [2] Non-Uniform, [2] Unique Flower Form, [4] Some Chlorosis, [7] Disease Present, [9] Vibrant Flower Color
Petunia	Headliner Night Sky	Selecta One	Blue		Sun - C	3.38	Disease on 75 percent; Looks like a little disease and a little floppy; Looks stretched and wimpy; Moderate flowering; Smaller blooms with night sky look; lots of damage from disease; thinning and lack of blooms and leaves in a lot of places; Splotch on flower is not consistent; [13] Many Flowers, [13] Vibrant Flower Color, [16] Unique Colors, [16] Vigorous Plant, [2] Great Foliage, [3] Disease Present, [4] Some Chlorosis, [4] Unique Flower Form, [8] Uniform, [9] Non-Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Petunia	Headliner Sky Blue	Selecta One	Blue		Sun - C	3.58	Almost blue flower color. A little non-uniform and floppy; Mounding and full; petals are connected until very edge; Nice bush plant. Flowers held nicely above plants; Nice loose relaxed form; Not as uniform as some; [10] Vibrant Flower Color, [14] Uniform, [15] Vigorous Plant, [1] Color Does Not Match Name, [1] Some Chlorosis, [1] Unique Flower Form, [20] Many Flowers, [4] Great Foliage, [4] Non-Uniform, [8] Unique Colors
Petunia	Headliner Strawberry Sky	Selecta One	Red	NEW	Sun - C	2.28	Inconsistent and few splotches; Many of the plants have become chlorotic. Nothing great about this variety; Not much "sky" coloration compared to other sky petunias; Not sure if chlorosis or disease; Not uniform in white specs; Seems like a pink/red version of night sky; with random white spots was the goal; but I see no stars in these strawberry skies; Spots not as pronounced as others in Headliner series; tons of blooms; lots of diseased and chlorotic plants; White splotch on pink good idea. But on this plant looks a little like a disco [12] Low Vigor, [14] Some Chlorosis, [1] Color Does Not Match Name, [1] Unique Flower Form, [5] Vigorous Plant, [7] Many Flowers, [7] Non-Uniform, [7] Uniform, [8] Few Flowers, [8] Vibrant Flower Color, [9] Disease Present, [9] Unique Colors
Petunia	Itsy™ Magenta	Syngenta	Magenta		Sun - C	3.46	Great magenta color in a dwarf petunia; Itsy but makes a statement; Nice vibrant small flower. Plants are inconsistent; Some dieback; Tons of tiny; bright blooms; some disease causing thinning and death; Very little disease; [14] Uniform, [16] Vibrant Flower Color, [16] Vigorous Plant, [1] Some Chlorosis, [21] Many Flowers, [4] Disease Present, [4] Unique Flower Form, [5] Great Foliage, [5] Non-Uniform, [5] Unique Colors
Petunia	Itsy™ Pink	Syngenta	Pink	NEW	Sun - C	2.00	1/2 of row great; About 25% has severe damage from something- ? Disease; Great flower color! But some plants are not blooming; I'm guessing this would be more uniform if it hadn't flooded?; Lots of dieback; Most of plants are dead; plants that are alive look very sad; Ninety percent gone disease; [11] Many Flowers, [12] Non-Uniform, [17] Disease Present, [3] Some Chlorosis, [3] Uniform, [4] Unique Flower Form, [5] Vigorous Plant, [6] Few Flowers, [6] Low Vigor
Petunia	Itsy™ White	Syngenta	White		Sun - C	3.13	Cute! Some dieback; Cute. This would be good in containers; Interesting size. Plants are inconsistent. Though they form a nice mound; Little disease; Tiny blooms throughout plant; forms a smaller hedge;; Too itsy for me!; [13] Vigorous Plant, [15] Uniform, [1] Low Vigor, [1] Non-Uniform, [23] Many Flowers, [2] Some Chlorosis, [2] Vibrant Flower Color, [4] Disease Present, [4] Great Foliage, [6] Unique Flower Form

Petunia	Surfinia® Mounding Patio Party Pink	Suntory	Pink	NEW	Sun - C	3.16	Great dwarf habit; Great vibrant pink on smaller (a good thing) flowers; Not as big as other varieties. Smaller foliage and flowers. Early signs of chlorosis; Thick layer of blooms hide foliage; uniform [11] Vigorous Plant, [14] Vibrant Flower Color, [16] Uniform, [19] Many Flowers, [2] Non-Uniform, [3] Great Foliage, [4] Low Vigor, [6] Some Chlorosis
Petunia	Surfinia® Mounding Patio Yellow	Suntory	Yellow		Sun - C	2.52	Lots of blooms; noticeably smaller plants; low growing; Nice color. Did not fill out fuller; Nice dwarf plant. Unique pale yellow flower; Not great color; Not very mounding habit; Smaller flower size; Smaller flowers; foliage is dull and leggy [11] Non-Uniform, [12] Low Vigor, [13] Many Flowers, [1] Vibrant Flower Color, [2] Few Flowers, [2] Great Foliage, [4] Vigorous Plant, [5] Unique Colors, [7] Uniform
Petunia	Surfinia® XXL Salmon Vein	Suntory	Salmon		Sun - C	2.20	Some appear diseased possibly by heavy rains; Unfortunately a significant amount of plants are not doing good. Signs of chlorosis and disease. There flowers that are there are very big and pretty; Huge blooms; great vein patterning; some plants are dead or chlorotic; Many dying back; but the flowers are huge; Not thriving; Not uniform at all; Some die back. Ok color [10] Low Vigor, [10] Some Chlorosis, [11] Disease Present, [13] Many Flowers, [15] Non-Uniform, [1] Unique Colors, [2] Uniform, [3] Few Flowers, [5] Unique Flower Form, [5] Vigorous Plant, [7] Vibrant Flower Color
Petunia	Surfinia® XXL Taffy Pink	Suntory	Pink		Sun - C	2.52	Flowers smaller than expected; Very small foliage with very big flowers. Looks a little unbalanced; frilly flowers; smaller plants; some patchiness with blooms; Not uniform; Scraggly plant. Flowers a little droopy; [11] Low Vigor, [11] Non-Uniform, [1] Disease Present, [2] Great Foliage, [2] Unique Flower Form, [4] Uniform, [4] Vigorous Plant, [7] Few Flowers, [8] Some Chlorosis, [9] Many Flowers, [9] Vibrant Flower Color
Petunia	Surfinia® XXL Watermelon Jazz	Suntory	Pink		Sun - C	2.60	Flowers not as big as expected; Getting more open in habit; Large leaves; large; frilly blooms; some dead or chlorotic plants; Lots of foliage; Scraggly with some die back; This variety has a unique deep purple center. I would rate higher but some plants look like they are diseased; Very nice plant other than the front plant has damage. [11] Disease Present, [15] Non-Uniform, [15] Vigorous Plant, [16] Vibrant Flower Color, [1] Uniform, [1] Unique Colors, [2] Color Does Not Match Name, [2] Great Foliage, [2] Low Vigor, [4] Few Flowers, [4] Some Chlorosis, [9] Many Flowers
Petunia	Tea Blue Vein	Beekenkamp Plants	Blue		Sun - C	3.13	Ok flower. Some spare flowers on a couple plants; Large blooms; low growing and mostly blooms; Hold color well; [11] Vigorous Plant, [12] Uniform, [16] Many Flowers, [2] Color Does Not Match Name, [2] Great Foliage, [2] Some Chlorosis, [4] Low Vigor, [4] Non-Uniform, [9] Unique Colors, [9] Vibrant Flower Color
Petunia	Tea Flamingo (PTTR 0041)	Beekenkamp Plants	Pink	NEW	Sun - C	4.12	Beautiful bushy plant. Great color. Nice size flower; Foliage is almost hidden by the flowers; Great flower number and color; Interesting color. Antique; nice presentation; Massive amount of blooms; smaller bloom size; very fitting name; reminds me of a blush colored tea; So many flowers!! I love this variety; Very unique flamingo color; [10] Vibrant Flower Color, [16] Unique Colors, [18] Vigorous Plant, [1] Color Does Not Match Name, [1] Disease Present, [1] Non-Uniform, [1] Unique Flower Form, [20] Uniform, [22] Many Flowers, [9] Great Foliage
Petunia	Tea Indigo Vein (PETN 2176)	Beekenkamp Plants	Blue		Sun - C	3.67	Beautiful indigo color with the dark vein; Holds color well; Mounding and full; blooms are evenly dispersed throughout; Nice dark blue purple flower; Of the veins one of my favorites; Striking dark throat [15] Uniform, [16] Unique Colors, [17] Vigorous Plant, [18] Many Flowers, [18] Vibrant Flower Color, [1] Color Does Not Match Name, [1] Low Vigor, [1] Significant Pest Damage , [2] Non-Uniform, [3] Great Foliage, [3] Some Chlorosis

Petunia	Tea Magenta Vein	Beekenkamp Plants	Purple		Sun - C	2.83	A little sparse for a petunia; Nice low growth habit; Uniform growth of blooms and foliage throughout; larger blooms; veining gives blooms a unique look; Bedraggled [10] Vigorous Plant, [12] Vibrant Flower Color, [13] Many Flowers, [17] Uniform, [1] Color Does Not Match Name, [1] Great Foliage, [1] Non-Uniform, [1] Significant Pest Damage , [2] Few Flowers, [2] Unique Flower Form, [7] Low Vigor, [8] Some Chlorosis, [9] Unique Colors
Petunia	Tea Purple Vein Green Edge (PETN 2549)	Beekenkamp Plants	Purple, green	NEW	Sun - C	3.63	A few reverting to red; Flower pattern is not stable on about 5% of the plant; Interesting colors; Some solid purple; Looks like the start to great breeding but inconsistent coloration and non uniform growth; Nice mounding habit. Great flower color with the dark purple throat and green edge. Would give a 4 but there are rouge colored flowers peeking through; Not a fan of the flower color. Looks chlorotic; Random darker pink blooms contrast with majority light purple blooms; Some bright pink flowers among the veined and green edged ones. Same as above- question mutation. Actual plant with purple color and green edge is really different and very welcome; Very washed out muddy looking [13] Uniform, [18] Vigorous Plant, [20] Many Flowers, [22] Unique Colors, [3] Unique Flower Form, [6] Great Foliage, [6] Vibrant Flower Color, [7] Non-Uniform
Petunia	Vouched Lavender Vein	Ball FloraPlant	Purple	NEW	Sun - C	1.96	Low growing and low vigor; double petals gives blooms a fluffy look; Could be a highly interesting plant but does not perform well; Double flower but lacks vigor; Plants are not consistent. Flowers look faded and ragged [11] Non-Uniform, [11] Some Chlorosis, [12] Unique Flower Form, [16] Low Vigor, [2] Vibrant Flower Color, [2] Vigorous Plant, [3] Unique Colors, [4] Disease Present, [4] Many Flowers, [5] Uniform, [8] Few Flowers
Petunia grandiflora	Duvet™ Blue	Syngenta	Blue		Sun - S	1.59	3 in decline; Doesn't look to healthy; Huge blooms; velvety; not uniform in size; plants vary greatly from each other; Large flower which is quite floppy [17] Low Vigor, [1] Many Flowers, [1] Significant Pest Damage , [1] Uniform, [2] Vibrant Flower Color, [6] Disease Present, [6] Few Flowers, [8] Non-Uniform, [8] Some Chlorosis
Petunia grandiflora	Duvet™ Red Imp	Syngenta	Red	NEW	Sun - S	2.73	Bright deep color; Fairly uniform stand of plants. Nice red color. Seems too hold color in the sunlight; Good red color that doesn't fade; Large blooms; remind me of the 4th of July and fireworks; Nice clear red color. Plants not so vigorous; Not enough vigor to cover row completely. Large vibrant flower [11] Many Flowers, [1] Unique Colors, [2] Vigorous Plant, [5] Non-Uniform, [5] Uniform, [9] Low Vigor, [9] Vibrant Flower Color
Petunia grandiflora	Duvet™ White	Syngenta	White		Sun - S	2.77	Clean white flowers. Plants did not completely cover soil within the row; Large white flower but uneven; Larger blooms; plant looks pillowy; low growing; almost crawling behavior; Slightly smaller flowers compared to success 360. Not as tall; [1] Non-Uniform, [1] Unique Colors, [2] Disease Present, [2] Great Foliage, [3] Vibrant Flower Color, [4] Low Vigor, [4] Some Chlorosis, [5] Vigorous Plant, [8] Uniform, [9] Many Flowers
Petunia milliflora	Picobella™ Rose Morn Imp.	Syngenta	Pink	NEW	Sun - S	2.95	Stays more compact; Cute little pom poms; dainty and small but tons of blooms; some dead plants due to disease maybe; Fairly uniform plants. Nice rounded habit. Couple dead plants. Very floriferous; Few dead plants; Great morn Type pattern in flower. Nice uniformity with a little bit of disease issue; May or may not be diseased but 2 plants definitely suffering; Nice compact plants; [10] Uniform, [11] Unique Colors, [15] Many Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [3] Non-Uniform, [5] Low Vigor, [5] Vigorous Plant, [9] Disease Present, [9] Vibrant Flower Color

Rudbeckia	MiniBeckia™ Flame	Garden Choice	Orange, yellow, dk eye		Sun - C	3.26	A little lodging; Does have uniformity. Lodging is a problem. Very floriferous though; Flopped over; Lodging; Lodging is significant; More foliage showing; Thinner flower petals with gaps in between each; ring of red and ring of yellow; one plant seems to have reverted; this would be a great plant; but compared to the others in the trial this one holds its flowers in the foliage instead of above. One reverted? Starting to fall on the edges. Individual petals more distinguishable; Petals are skinny and petals are more separated. Long stems; flopping over; Weak stems [13] Vigorous Plant, [16] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [3] Vibrant Flower Color, [5] Great Foliage, [6] Non-Uniform, [7] Uniform
Rudbeckia	Pawnee Spirit	Benary	Green	NEW	Sun - S	3.17	Colors in the center are very unique are bold; nice ring of color in the center of the flower; nice plant. Nice; dark, flower sizes are variable. Which is not a bad thing. Some sense of lodging; Smaller flower size; Unique color combination; Variations amongst all flower colors; some flopping; Very cool flower. This is unusual. Very dark center of flower and dark ring contrast nicely with the bright yellow; tall center of flower; Weak stems [12] Non-Uniform, [2] Few Flowers, [3] Unique Flower Form, [4] Great Foliage, [4] Uniform, [8] Vibrant Flower Color, [8] Vigorous Plant, [9] Many Flowers, [9] Unique Colors
Rudbeckia	Sunbeckia Carla	Flamingo Holland/Bull	Yellow, orange, dk eye		Sun - C	3.70	Color pattern would look more intentional and interesting instead of random with more consistent flower pattern; Excellent flower; Flopped over; More shaded center eye; starting to lean; Overall floriferous. Front plants more compact. Still looks good; Smaller blooms; taller bloom stems; Smaller flowered with larger stems. Dark centers with hints of red; Some flowers seem too heavy or have weak stems; very pretty; just flopping over; [12] Vigorous Plant, [17] Many Flowers, [2] Unique Colors, [6] Uniform, [7] Non-Uniform, [8] Great Foliage, [9] Vibrant Flower Color
Rudbeckia	Sunbeckia Carolina	Flamingo Holland/Bull	Yellow, orange, dk eye		Sun - C	4.43	Dark center; thick layer of blooms; brows and yellow contrast makes plant pop; Dark eye rudbeckia scores a bit lower for me; I prefer the white eye. Though nice entry; Shorter variety with big flowers dark centers; Some uniformity. Floriferous. Front plants are more compact; Uneven in bloom time; Upright and balanced; subtle orange center; pretty brownish to yellow gradient from center; [11] Great Foliage, [14] Vigorous Plant, [18] Many Flowers, [18] Uniform, [1] Unique Colors, [1] Unique Flower Form, [8] Vibrant Flower Color
Rudbeckia	Sunbeckia Emma	Flamingo Holland/Bull	Yellow, green eye		Sun - C	3.88	Breakdown in the genetics; Compact; Definitely compact and upright. Nice floral display upright. Couple of dead plants; Great compact habit; Lots of flower power; More compact growing variety and sturdy enough to support itself; Pretty double flower; cool pale green at the center of the flower; Smaller height; Smaller more compact variety. Shorter foliage and small flowers; Tons of blooms; shorter growth; compact; [11] Vigorous Plant, [19] Many Flowers, [1] Disease Present, [1] Low Vigor, [1] Non-Uniform, [1] Unique Colors, [20] Uniform, [3] Unique Flower Form, [6] Great Foliage, [9] Vibrant Flower Color
Rudbeckia	Sunbeckia Juliana	Flamingo Holland/Bull	Yellow, green eye		Sun - C	4.04	Big flowers; Huge flowers; tall plant; dense foliage; I like the staccato of various blossom heights; Large flowers but some stem weakness; Mostly upright. One or two dead plants. Floriferous. Nice green eye; Not as much flower power; Not quite peak bloom; tallest of the ones left upright; Taller variety. Big leaves and a lot of foliage. Big flowers with light centers; taller Rudbeckia that doesn't seem to be flopping over [10] Great Foliage, [15] Uniform, [17] Many Flowers, [17] Vigorous Plant, [1] Non-Uniform, [1] Unique Flower Form, [2] Few Flowers, [2] Unique Colors, [8] Vibrant Flower Color

Rudbeckia	Sunbeckia Laura	Flamingo Holland/Bull	Yellow, green eye		Sun - C	3.38	Again lodging. Floriferous; Can't hold up flowers; Double flowers; Flopped over; Fun double flowers making ruffle appearance; falling over due to rain; Green/white center of flowers and bush-like growth; Huge flowers are the standout. Like the double blossom form; Layered petals. More narrow and sharp points. Light center. Big leaves; Significant lodging that flowers are very showy; [10] Uniform, [12] Vigorous Plant, [16] Many Flowers, [1] Non-Uniform, [1] Unique Colors, [3] Unique Flower Form, [7] Great Foliage, [9] Vibrant Flower Color
Rudbeckia	Sunbeckia Luna	Flamingo Holland/Bull	Orange, yellow dk eye		Sun - C	4.61	Big flowers; big foliage. Unique circle pattern around center; Fabulous with extra large flowers; Gorgeous; Great Plant. Nice color on flowers. Surely uniform. Solid 3 1/2 foot tall; Great height; Huge flowers with distinguishable inner ring and outside; Huge flowers; very tall flower stems; tall; dispersed foliage; Large flowers; Love the bicolor flower head; Some flowers don't have the color variation as much as the front flowers; Wonderful color variation in entry; strong colors; stands up straight[11] Great Foliage, [12] Unique Colors, [12] Vibrant Flower Color, [16] Many Flowers, [16] Uniform, [18] Vigorous Plant, [5] Unique Flower Form
Rudbeckia	Sunbeckia Marilyn	Flamingo Holland/Bull	Yellow, ring, dk eye		Sun - C	3.92	Huge flower heads; Huge flowers!; Huge flowers. Some petals have red fading into the middle. Dark center; Huge flowers; flowers have dark red spreading from the fake center; giving the petals a unique look; Larger flower size; Nice sturdy looking plant; Orange twist at the center of the plants; nicely upright. Slightly non-uniform. More upright less lodging. Variable flower; Heights. Not a bad thing necessarily; showy flowers. pretty color contrast; [12] Vigorous Plant, [13] Uniform, [13] Vibrant Flower Color, [1] Low Vigor, [1] Unique Flower Form, [20] Many Flowers, [5] Unique Colors, [6] Non-Uniform, [9] Great Foliage
Rudbeckia	Sunbeckia Mia	Flamingo Holland/Bull	Yellow, orange dk eye		Sun - C	3.52	Big red circle around center on petals. Skinnier leaves. Many bees; Flopped over; Flowers have inner ring of red and outer ring of yellow; flower stems are very tall;; Flowers stand clear on top of stems. Not enough flowers to cover the small foliage; Lodging; Lower score than Luna because Luna is better; Nice bicolor flower; Of all the sun back here; probably the least vigorous. Least floriferous. Some lodging; Some lodging; Unique disk of flowers; gorgeous coloring; some flopping present but very nice; [10] Vigorous Plant, [12] Unique Colors, [14] Many Flowers, [1] Few Flowers, [1] Low Vigor, [4] Non-Uniform, [5] Unique Flower Form, [6] Great Foliage, [7] Vibrant Flower Color, [8] Uniform
Rudbeckia	Sunbeckia Ophelia	Flamingo Holland/Bull	Yellow, green eye		Sun - C	4.61	Excellent; Flower power on strong stems; More compact than Juliana. Floriferous. Slightly smaller flowers than Juliana; Rigid petal tips. Many flowers. Light centers; Showy; The green center!! Full of flowers and radiating attention in the garden; Tons of blooms; dense foliage; white/green center of blooms; [10] Vibrant Flower Color, [14] Uniform, [14] Vigorous Plant, [18] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [9] Great Foliage
Rudbeckia	Sunbeckia Paulina	Flamingo Holland/Bull	Yellow, dk eye		Sun - C	3.00	Compared to deep blue; [7] falling over; Very tall; dark center of flowers contrasts beautifully with the bright yellow petals; Great plant; Great plant; fell over with heavy rainstorm; Weak stems; Very vibrant flower. But flowers seem too heavy for plant to hold up; Lodging- but we have had quite a bit of rain in CO this summer. Overall good plants. Some lodging. But very floriferous. Appears we have Aster yellows?; Wide and rounded petals. Dark center makes the yellow pop; too heavy or too much rain possibly; [10] Vibrant Flower Color, [13] Vigorous Plant, [15] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Low Vigor, [3] Non-Uniform, [5] Great Foliage, [9] Uniform

Rudbeckia	Sunspot Yellow	PanAmerican Seed	Yellow dk eye		Sun - S	3.22	Large flowers; darker yellow in center of petals and lighter on edges; Later in bloom; Later to flower; Like this dwarf form; Nice; big blooms; Shorter variety with big flowers. Solid yellow petals; Slight variation with plants. Front plant more compact; Starting to flower; [10] Uniform, [4] Non-Uniform, [6] Few Flowers, [6] Vibrant Flower Color, [7] Great Foliage, [7] Many Flowers, [8] Vigorous Plant
Rudbeckia	Sunspot Yellow BiColor	Ball Ingenuity	Yellow, dk eye	NEW	Sun - S	2.57	Compact; Dense foliage; few flowers; lots of spent blooms; not many new blooms; Hardly any flowers compared to other varieties. Petals are very red with yellow around the edges; I like it's smaller stature and it looks robust and strong however not a lot of flowers blooming; Late flowering; Late bloomer; Not many blooms compared to all the other rudbeckia in the trial; Not very many flowers. Ray petals look ragged; Slow to flowering. Irregular flower sizes; Starting to flower; [18] Few Flowers, [1] Unique Colors, [1] Unique Flower Form, [1] Vibrant Flower Color, [4] Low Vigor, [4] Vigorous Plant, [5] Great Foliage, [6] Non-Uniform, [6] Uniform
Rudbeckia	TR1015	American Takii, Inc.	Yellow, orange, dk eye		Sun - S	2.70	Color isn't uniform; Inconsistent sizes; smaller coin flowers unique; Nice if meant as dwarf; Small variety with small flowers. Dark centers and petals overlap; Smaller flower; Super cute; tiny Rudbeckia plant; Tons of flowers; plants are a variety of different sizes; variable; If it was more uniform could probably get a better score. Lots of flowers on compact Plant; Very compact; Very small; cute & short; rounded flowers; [12] Non-Uniform, [13] Many Flowers, [1] Unique Colors, [1] Unique Flower Form, [2] Disease Present, [3] Vibrant Flower Color, [4] Uniform, [4] Vigorous Plant, [5] Great Foliage, [7] Low Vigor
Salvia	Black & Bloom	Ball FloraPlant	Blue		Sun - C	4.22	Attracts pollinators and hummingbirds; flowers look like little snake heads; foliage comes up to flowers; Dark stems and huge plants; tallest salvia; secondary blooms larger than initial; Like the contrast in the inflorescence; dark stem and indigo flowers. Solid 4 feet tall. Pollinator magnet; Flowers are held well above foliage; Fun name and great plant; Looks like someone fell into it? [2] Leaning some; This plant forms a nice rounded bush with very tall flower stems. The black stems and neon purple flowers are impressive and are loved by humming birds; So tall it is starting to fall over. Not self supporting; Some lodging effects growth habit; Some tipping over[13] Uniform, [15] Great Foliage, [16] Many Flowers, [16] Vibrant Flower Color, [1] Non-Uniform, [1] Unique Flower Form, [22] Vigorous Plant, [6] Unique Colors
Salvia	Blue Chill	Ball FloraPlant	Blue	NEW	Sun - C	4.42	A faded blue; long and upright. Very balanced; Bees are loving this one; Big and beautiful!; Foliage sits below blooms; flowers are a little bit smaller compared to others; nice pastel purple; Gorgeous plants; Great foliage and flowers more upright. Sturdy stems nice foot-long or longer inflorescences. Lots of pollinators; Not a showy color but an interesting one; Robust light blue variety; The foliage is crisp and opens out from the stem. The flowers are very long stalks and are noticeably loved by bees!; lots of bee attention Good plant habit; [16] Great Foliage, [19] Many Flowers, [19] Uniform, [19] Vigorous Plant, [1] Unique Flower Form, [3] Vibrant Flower Color, [8] Unique Colors
Salvia	Icon Blue Bicolor	Dummen Orange	Blue	NEW	Sun - C	3.21	A bit past prime; A couple of dying plants. Shorter and more compact. Probably suffering from pressure of the two large plants on both sides. Pollinators love it; Bees love it; Flowers are unique and quite beautiful. Plants not that vigorous; Flowers show up nicely against foliage; Great compact habit; Icy color with blue/white; great compact. Some stem death by august; Less healthy than white one; Short and compact bush; the purple and white gradient in petals looks nice; skinner leaves with smooth edges; wilt is present on multiple plants; The white accents on the purple flower stalks make this plant look whimsical. Uniform and compact; [13] Uniform, [14] Many Flowers, [2] Vibrant Flower Color, [3] Unique Flower Form, [4] Great Foliage, [4] Low Vigor, [6] Unique Colors, [6] Vigorous Plant, [7] Disease Present

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Salvia	Icon Glacier	Dummen Orange	White	NEW	Sun - C	3.67	Blooms look sturdy and upright; shorter and more compact compared to other varieties; very balanced plant; [5] Compact and tight habit; Compact and uniform. Reminds me of snow. Very satisfying flower formation and ratio; Dense flowers. Lower growing option to white flame; Nice sturdy plant habit; Very uniform. More compact. Inflorescences are shorter. [10] Vigorous Plant, [18] Many Flowers, [19] Uniform, [1] Unique Flower Form, [1] Vibrant Flower Color, [5] Unique Colors, [8] Great Foliage
Salvia	Mystic Spires	Ball FloraPlant	Blue		Sun - C	4.50	Also tall and sturdy. Inflorescences as well about 1 foot or longer. Lots of pollinators too; Bees love it; Bright blue; tall and upright; long stems and longevity in bloom hold; Classic; looks great; Deep blue flowers; Huge! Lives up to strong reputation; One vacant spot; Stunner! Almost 3 feet tall; The contrast of the vibrant purple flowers and the light green foliage is mesmerizing. The flowers stand tall above the foliage making this plant a great space filler; Very vibrant purple; nice dense foliage[15] Great Foliage, [16] Vibrant Flower Color, [17] Uniform, [17] Vigorous Plant, [19] Many Flowers, [1] Unique Colors, [1] Unique Flower Form
Salvia	Plum Crazy	Selecta One	Purple		Sun - C	4.17	A bit past full bloom; Awesome purple but many brown; spent blooms; Could have more flower power; Different color; Flowers fade more noticeable; well rounded habit; Jaw dropping color; Love the flower color; Nice sturdy stems. Seems to stay in flower longer with the calyx color. Pollinators. A little more open forum; love the dark bracts. Gives interest even as the flowers finish; Significant amount of dead blooms compared to other varieties; otherwise great performance; This plant has a ton of very tall plum colored flowers that form a layer across the top of the foliage. Great ratio of flowers to foliage; leaves are smaller[11] Great Foliage, [11] Unique Colors, [17] Uniform, [17] Vigorous Plant, [19] Many Flowers, [1] Low Vigor, [1] Some Chlorosis, [2] Few Flowers, [2] Unique Flower Form, [8] Vibrant Flower Color
Salvia	Purple & Bloom	Ball FloraPlant	Purple		Sun - C	4.25	Upright and sturdy. Very uniform; true flowers up and down the peduncle. Pollinator magnet; foliage grows half ways up flowers stems; great blend of flowers and foliage. Flowers grow above foliage; Great flower color; Lovely blue-violet blooms; deep vibrant purple; Some foliage hiding flowers; holds flower and color; Wide growing; [13] Great Foliage, [13] Vibrant Flower Color, [18] Many Flowers, [19] Uniform, [20] Vigorous Plant, [8] Unique Colors
Salvia	Rockin® Blue Suede Shoes	Proven Winners	Purple		Sun - C	4.00	Big and tall foliage; Sturdier than Black & Bloom but lighter flower color; Dense; large growing and smaller flower calyx; Flowers a little less prolific; Foliage hiding flowers; Great pollinator; The vibrant blue flowers and the foliage both grow to around the same height creating a blend of colors throughout the plant; blooms appear smaller than neighboring plant; Nice sturdy plants. Smaller inflorescences. Less contrast. Just a notch below black and bloom; [10] Vibrant Flower Color, [14] Great Foliage, [14] Many Flowers, [18] Uniform, [19] Vigorous Plant, [1] Unique Flower Form, [2] Few Flowers, [3] Unique Colors
Salvia	Rockin® Deep Purple	Proven Winners	Purple		Sun - C	4.26	Considerably smaller than Rock'n Blue Suede shoes; Darker stems and tight mid-sized plants. Balanced habit; Deep purple flowers; Shorter variety with larger leaves; [5] Great color. Nice compact habit; Slightly more compact than purple and bloom salvia. Slightly more intense flowers. Pollinator magnet; stems appear thicket on this plant than on neighboring plant; Nice too but shorter; Past peak bloom; attracts many bees; foliage grows midway up the flowers creating little peaks of purple and pop out [11] Unique Colors, [12] Vibrant Flower Color, [14] Vigorous Plant, [16] Uniform, [17] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [1] Unique Flower Form, [9] Great Foliage

Salvia	Roman Red	Ball FloraPlant	Red		Sun - C	3.75	Flower stems are very long compared to the shorter foliage. Flower clusters present on ends of long stems; [2] giving it a leggy look; Flowers not really showy; Hummingbird loved it; Leaves are very small compared to other varieties; nice red shades!; Nice uniformity. Very elongated inflorescences. Gives a more whimsical. Look to the landscape. Pollinators. Period does not hold calyx; long calyx but empty stock after flowers fall off; Very open habit; Vibrant red; [13] Vigorous Plant, [14] Uniform, [15] Vibrant Flower Color, [16] Many Flowers, [1] Few Flowers, [1] Some Chlorosis, [3] Unique Flower Form, [6] Great Foliage, [6] Unique Colors
Salvia	Unplugged® Pink	Proven Winners	Pink		Sun - C	2.91	Bright pink flowers contrast with darker; unopened flowers. Compact and short; but height is inconsistent among the plants; Compact; Flowers seem to be cycling out; color more magenta or even purple not very pink? Not a lot of re-flower power. More sporadic compared to the other salvia; More purple than pink; Not pink flowers; Spent flowers appear more rotten than aborted. Some branch death. Shorter and more compact; not as impressive as other varieties; lots of dead blooms; [10] Many Flowers, [1] Disease Present, [2] Great Foliage, [4] Color Does Not Match Name, [4] Vibrant Flower Color, [5] Few Flowers, [5] Unique Colors, [5] Vigorous Plant, [6] Non-Uniform, [7] Low Vigor, [7] Uniform
Salvia	White Flame	Ball FloraPlant	Blue		Sun - C	3.35	Floppy; Flowers smell amazing! This plant grows large and fills the space nicely. Long flower stems make them stand out; Sprawling habit. Loaded with bees; More open habit; [2] Wild appearance; Pollinator magnet. Nice fragrance. More open and loose form. Appears to be in flower for long period with the colorful calyx; Smells really good; stems are long and leggy; more dead blooms than other varieties[2] Some lodging; long bracts and long inflorescence; great smell; plant habit not good; collapsing; [15] Many Flowers, [16] Vigorous Plant, [1] Unique Flower Form, [3] Non-Uniform, [3] Unique Colors, [7] Uniform, [8] Great Foliage
Scaevola	Scala Blue Bird	Dummen Orange	Blue	NEW	Sun - C	3.35	Fairly uniform. Good flowering all season; Great color; Lots of purply blue flowers. Many bees present; Low growing bush; lots of blooms; even growth throughout; Not as uniform; [12] Vigorous Plant, [13] Many Flowers, [1] Disease Present, [2] Unique Flower Form, [5] Non-Uniform, [5] Vibrant Flower Color, [6] Great Foliage, [7] Uniform
Scaevola	Scala Blue Jay	Dummen Orange	Blue	NEW	Sun - C	2.75	I like how compact this is; Low growing and flat hedge; many blooms; foliage and bloom color pair well; More uneven in habit; Nice habit. Quite floriferous. More compact like the other Scala; Shortest of the 3 blue cultivars; [12] Many Flowers, [1] Great Foliage, [1] Unique Colors, [2] Unique Flower Form, [3] Vibrant Flower Color, [4] Vigorous Plant, [5] Low Vigor, [5] Uniform, [6] Non-Uniform
Scaevola	Scala Pink Bird	Dummen Orange	Pink	NEW	Sun - C	3.50	Denser foliage; lighter in color;; Filled out quite well. Quite floor office. Mostly uniform. Less airy than the whirlwind pink; Overall good; [10] Uniform, [13] Vigorous Plant, [15] Many Flowers, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [2] Unique Colors, [3] Vibrant Flower Color, [8] Great Foliage
Scaevola	Scala White Dove	Dummen Orange	White	NEW	Sun - C	3.05	Low growing and uniform; many blooms; darker foliage; Nice clean white flower. uniform vigor. Flowers appear on top of foliage; Very low growth habit; the most compact or closest to the ground. Not very uniform. Some areas of die out; Tons of pollinators; Very striking white variety [11] Uniform, [17] Many Flowers, [1] Few Flowers, [1] Unique Flower Form, [3] Low Vigor, [3] Non-Uniform, [4] Great Foliage, [9] Vigorous Plant

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Scaevola	Whirlwind® Blue	Proven Winners	Blue		Sun - C	4.05	Tons of blooms; low growing hedge;; Best of scaevola; Large blue flowers. Great vigor in ground. Nice dark contrasting stems; Like the grow pattern; Love the purpling on the stems; Nice plant. Uniform. Slightly larger flowers; The best of the scaevolans; [11] Uniform, [15] Many Flowers, [17] Vigorous Plant, [1] Few Flowers, [1] Unique Flower Form, [2] Non-Uniform, [2] Unique Colors, [5] Vibrant Flower Color, [9] Great Foliage
Scaevola	Whirlwind® Pink	Proven Winners	Pink		Sun - C	3.35	Good vigor; Love the purpling on the flowering stem; More upright growth pattern; lots of blooms;; Nice dark contrasting stem to green foliage with lovely pink flowers; Very vigorous. Very uniform has filled up a clot. A little more upright in the area. Has flowered quite well and will continue to flower quite well. I like the dark stems to contrast with the flowers; sparse flowers compared to competitors [11] Uniform, [13] Many Flowers, [15] Vigorous Plant, [1] Unique Flower Form, [2] Non-Uniform, [2] Unique Colors, [3] Vibrant Flower Color, [7] Great Foliage
Scaevola	Whirlwind® White 2024	Proven Winners	White	NEW	Sun - C	3.05	Fairly uniform. Fairly compact. More compact than the pink and the blue. Lots of flowers has flowered a lot; Flowers held further down on stem and so they appear to be hiding below growing point; Nice uniform growth habit; this one is more leggy; Longer stems and more upright growth; tons of blooms; [10] Uniform, [11] Many Flowers, [12] Vigorous Plant, [1] Few Flowers, [1] Unique Flower Form, [1] Vibrant Flower Color, [3] Non-Uniform, [4] Great Foliage
Solidago	Spark Plug™	Green Fuse Botanicals	Yellow	NEW	Sun - C	2.70	Flowers look fizzy; plants vary in height and size; vibrant when flowers open; very upright growth pattern; Nice big flower for such a small plant; Nice dwarf habit; Pretty various stages of blooming; Foliage looks nice. Fairly uniform. Great late season Plant. Would work well in pots; The one plant that is flowering is very beautiful; This is not in bloom yet. It really shouldn't be evaluated as an annual; This plant has great potential for a fall item. Nice flower set. Feel like it would be better to evaluate this in early September; When in bloom the color and form is bright and unique; [1] Color Does Not Match Name, [1] Unique Flower Form, [2] Vigorous Plant, [3] Low Vigor, [4] Many Flowers, [4] Vibrant Flower Color, [5] Few Flowers, [5] Uniform, [6] Great Foliage, [6] Non-Uniform
Tecoma	Kalama Blood Orange	Ball Ingenuity	Orange	NEW	Sun - C	2.65	Bushy and tall; not many blooms; blooms are a lighter orange; not blood orange colored; Hard to support itself initially; Looks a bit weedy; Tallest of Tecoma; decent plant. Not very uniform in flowering. Nice color in the flowers. [10] Great Foliage, [14] Few Flowers, [14] Vigorous Plant, [1] Color Does Not Match Name, [1] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [3] Vibrant Flower Color, [4] Uniform, [5] Non-Uniform
Tecoma	Kalama Papaya	Ball Ingenuity	Orange	NEW	Sun - C	3.00	Flower color doesn't vary between varieties; Half the plants more floriferous and half more vegetative. Awkward; Interesting plant with showy flowers; Lighter green colored foliage; blooms grow in clusters; bushy and tall; More flowers than blood orange. Fairly uniform. Pollinators; This could be useful interplanted in a perennial garden; Uneven in habit; [10] Vigorous Plant, [1] Some Chlorosis, [3] Many Flowers, [3] Uniform, [3] Unique Flower Form, [5] Few Flowers, [5] Unique Colors, [6] Vibrant Flower Color, [7] Great Foliage, [9] Non-Uniform
Tecoma	Kalama Pomegranate	Ball Ingenuity	Orange	NEW	Sun - C	3.05	Color doesn't look very unique compared to the other two- they all look very similar; Color doesn't vary; More even in habit; Most floriferous of the three Tecomas; Of the three the most uniform. More flowers from the others. A lot of flower power; Very showy flowers held a little low within the foliage but very interesting; Tall stems; lots of blooms in stalks; blooms are orange and do not look like pomegranate; [10] Vigorous Plant, [2] Vibrant Flower Color, [3] Few Flowers, [3] Non-Uniform, [3] Unique Flower Form, [4] Color Does Not Match Name, [4] Unique Colors, [5] Great Foliage, [7] Many Flowers, [7] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Torenia	Catalina® Pink 2024	Proven Winners	Pink	NEW	Shade - C	2.10	Dark bottom petals and light top petal; gives unique look;; Foliage looks a little sad; flowers have pretty shades of pink; Low to the ground. Looks thin; Moderate flowering and growth habit seems a little leggy; Not vigorous; not as many flowers as other varieties [12] Low Vigor, [1] Unique Colors, [1] Vigorous Plant, [2] Vibrant Flower Color, [3] Many Flowers, [5] Few Flowers, [5] Uniform, [7] Non-Uniform
Torenia	Summer Wave® Bouquet Blue	Suntory	Blue, white		Shade - C	2.30	Not as vigorous; These colors make the flower look very unique; almost like a different plant; Unique flower color pattern; looks like a bird mouth; Vigor needs improvement; nice coloration [12] Low Vigor, [1] Great Foliage, [1] Vigorous Plant, [2] Unique Flower Form, [3] Vibrant Flower Color, [4] Unique Colors, [5] Many Flowers, [5] Non-Uniform, [5] Uniform, [6] Few Flowers
Torenia	Summer Wave® Bouquet Deep Blue	Suntory	Blue		Shade - C	3.00	Flower looks like velvet; tons of blooms; Maybe could use a bit more flowers. But was likely better two weeks ago; More deep violet color; Smaller plant; deep blue flower looks really pretty; [10] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Unique Flower Form, [2] Unique Colors, [3] Great Foliage, [3] Low Vigor, [3] Non-Uniform, [3] Vigorous Plant, [8] Uniform, [9] Vibrant Flower Color
Torenia	Summer Wave® Bouquet Deep Rose	Suntory	Purple		Shade - C	1.95	Compact and upright; not as stretched as others; More dense habit; Plant would do better if it were fully in the shade; looks a little fried; Probably getting too much sun. Looks a little clubby and sunburnt; Small and compact; is in shade house but gets hit by afternoon sun; would probably do better if in shade; striking colors; does not spread as much as other varieties; [10] Low Vigor, [1] Great Foliage, [1] Unique Flower Form, [2] Few Flowers, [3] Non-Uniform, [3] Unique Colors, [3] Vibrant Flower Color, [6] Uniform, [8] Many Flowers
Torenia	Summer Wave® Bouquet Gold	Suntory	Yellow, purple		Shade - C	2.30	I like the flower colors. Not as vigorous as other summer waves bouquets; Nice purple center; The yellow and purple really make this flower pop; Tons of flowers; compact;; Vigor needs improvement; [2] Great Foliage, [2] Unique Flower Form, [2] Vigorous Plant, [3] Non-Uniform, [3] Vibrant Flower Color, [4] Many Flowers, [6] Few Flowers, [6] Unique Colors, [7] Uniform, [9] Low Vigor
Torenia	Summer Wave® Bouquet White	Suntory	White		Shade - C	3.80	Best of torenia; Good coverage in the plot. Lots of flowers. Only challenge is that the calyxes that remain are lighter green; which looks like it is nutrient deficient; Great foliage; significantly more healthy than other plants; Uniform; great balance between flowers and foliage; aesthetically pleasing [10] Uniform, [11] Vigorous Plant, [18] Many Flowers, [1] Vibrant Flower Color, [2] Non-Uniform, [6] Great Foliage
Torenia	Summer Wave® Trailing Large Amethyst	Suntory	Purple		Shade - C	3.20	Flowers stand upright; pink purple color; foliage rests underneath flowers; Great ground cover; unique flower color; Needs more flower power; Nice soft purple [12] Many Flowers, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [3] Non-Uniform, [4] Unique Colors, [6] Great Foliage, [7] Vibrant Flower Color, [8] Uniform, [8] Vigorous Plant
Torenia	Summer Wave® Trailing Large Blue	Suntory	Blue		Shade - C	3.60	Even and uniform growth; fills the space nicely; Good coverage. Lots of flowers; Nice blue color; Nice solid blue color. Foliage looks round and bushy; Vigorous and trailing habit; [12] Vigorous Plant, [16] Many Flowers, [1] Unique Flower Form, [2] Non-Uniform, [5] Great Foliage, [6] Unique Colors, [6] Vibrant Flower Color, [9] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Torenia	Summer Wave® Trailing Large Silver	Suntory	Blue		Shade - C	2.60	Dainty; crawling behavior; flowers are purple not silver; Flowering is moderate; More purple than a silver color but I see where they were going with the name; Not as vigorous; Second or third best summer wave trailing; [1] Unique Colors, [2] Color Does Not Match Name, [2] Vigorous Plant, [4] Many Flowers, [5] Low Vigor, [6] Great Foliage, [6] Uniform, [7] Non-Uniform, [8] Few Flowers
Torenia	Summer Wave® Trailing Large Violet	Suntory	Purple		Shade - C	2.90	Crawling growth; dark blooms contrast light green leaves; Fairly uniform. Decent flowering; Flower looks shiny and velvety; Less flower power [1] Unique Flower Form, [2] Few Flowers, [2] Great Foliage, [2] Low Vigor, [2] Unique Colors, [4] Vigorous Plant, [6] Non-Uniform, [6] Vibrant Flower Color, [8] Uniform, [9] Many Flowers
Tradescantia	Pistachio™ White	Green Fuse Botanicals	Green, white		Sun - C	2.32	A little burning. Looks like it would do better in shade; Appears to have significant scorch from Sun; Unique striped variegation; non uniform heights; lots of leaves are brown and crispy;; This plant was more promising in the greenhouse. Kind of a let down in sun exposure; Burning on leaves; Decent growth for being essentially in full sun. With surmise; this would be better in more shade than sun. Lots of burnt foliage; Looks like some sunburn. Maybe should be in shade; This is doing surprisingly well in full sun. But melting out and places; [2] Some Chlorosis, [2] Unique Colors, [3] Low Vigor, [4] Few Flowers, [4] Non-Uniform, [5] Disease Present, [7] Vigorous Plant, [8] Great Foliage, [9] Uniform
Verbena	Empress® Flair Burgundy 2024 (Sun)	Dummen Orange	Purple	NEW	Sun - C	2.12	Not many flowers. Small plants. Didn't not grow into one uniform row; Not much in flour. Not as vigorous as other clones. However; two weeks ago it probably looked a lot better; Small plants and have stayed compact; not a lot of crawling growth; little flowers; Overall not as good; Patchy flowering. Not performing well [13] Low Vigor, [16] Few Flowers, [1] Some Chlorosis, [2] Great Foliage, [2] Many Flowers, [2] Vibrant Flower Color, [5] Non-Uniform, [9] Uniform
Verbena	Empress® Sun Lavender Charme	Dummen Orange	Blue		Sun - C	2.81	30% flower coverage; Compact and dense; larger bloom clusters; blooms look mystical; Flowered early; Moderate flowering; Nice but would like to see more flowers; Not Vigorous; Probably a 3.5. Good at uniformity. Decent flowering probably about 1/3. Nice inflorescence size; [12] Uniform, [1] Disease Present, [2] Great Foliage, [2] Unique Flower Form, [2] Vigorous Plant, [3] Some Chlorosis, [4] Non-Uniform, [4] Vibrant Flower Color, [5] Many Flowers, [6] Few Flowers, [7] Low Vigor, [8] Unique Colors
Verbena	Empress® Sun White 2024	Dummen Orange	White	NEW	Sun - C	2.89	50% flower coverage. Seeds heads forming; Some dead flowers; Good ground coverage. Probably only 30% flower coverage; Has flowers still coming while multiple blooms open; Large flower size very white; Larger flowers; Looks like lace; grows a little taller than other white verbena; Low to moderate flowering; More uniform flowering; reduction in peak of summer; Needs deadheading [13] Uniform, [1] Disease Present, [1] Unique Flower Form, [2] Low Vigor, [2] Non-Uniform, [2] Some Chlorosis, [3] Great Foliage, [3] Vibrant Flower Color, [5] Few Flowers, [5] Many Flowers, [8] Vigorous Plant
Verbena	EnduraScape Burgundy	Ball FloraPlant	Purple		Sun - C	4.23	Beautiful!; Best burgundy verbena in the trial; Blooming on entire plant; Dense and wide; tons of blooms; unique bloom colors; Great color. The white eye makes the flowers pop. My favorite of the Verbenas this year; Nice uniform gross. Uniform flowering. Purple holds up in the sun. Probably two weeks ago. Even looked a heck of a lot better; Nice white centers in flowers; One of most vigorous; Uninteresting flower color but great growth and amount of flowers; [11] Vibrant Flower Color, [19] Vigorous Plant, [20] Many Flowers, [20] Uniform, [4] Great Foliage, [6] Unique Colors

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Verbena	EnduraScape Hot Pink	Ball FloraPlant	Pink		Sun - C	2.73	Fairly uniform. Probably about 3/4 in flower. Nice two-tone appearance; Flowering more in the center than edges; Flowers dying; Large size differences; Low growing foliage and taller blooms;; [10] Uniform, [2] Few Flowers, [2] Great Foliage, [2] Unique Colors, [3] Vigorous Plant, [5] Some Chlorosis, [6] Low Vigor, [6] Non-Uniform, [7] Many Flowers, [9] Vibrant Flower Color
Verbena	EnduraScape Magenta	Ball FloraPlant	Pink		Sun - C	3.42	Lot of dead flowers; Low to moderate flowering; Most vibrant of the verbenas. Many flowers; Nice even and abundant flowering; Nice very bright color; Smaller flower clusters and individual blooms; tall bloom stems make flowers much higher than foliage; dead blooms turn gray and stand out; Would have looked better two weeks or three weeks ago as we are probably only a quarter in flower. Flowers sit slightly above foliage; dense with hot pink flowers [11] Vigorous Plant, [13] Vibrant Flower Color, [14] Many Flowers, [18] Uniform, [1] Low Vigor, [2] Few Flowers, [3] Great Foliage, [4] Some Chlorosis, [4] Unique Colors
Verbena	EnduraScape Pink Fizz	Ball FloraPlant	Pink, white		Sun - C	2.96	Filled in nicely. Probably about 50% flower cover at the moment. Nice to tone flower color; Going out of bloom; Good mounding habit. 40% flower coverage; Inner petals are dark and outer are light; taller bloom stems make hedge taller and fluffier; Less prolific flowering; Low to moderate flowering; Nice plant. Spent flowers leave plant looking messy; [15] Uniform, [1] Non-Uniform, [2] Some Chlorosis, [3] Great Foliage, [4] Vibrant Flower Color, [5] Unique Colors, [6] Many Flowers, [7] Few Flowers, [8] Vigorous Plant
Verbena	EnduraScape Purple Fizz	Ball FloraPlant	Blue, purple	NEW	Sun - C	3.04	40% flower coverage; Bigger flower clusters then. Other of same color/type; Good coverage; not many flowers in middle of plot. Flowers sit slightly above the foliage. Nice two-tone; similar in color; Lots of blooms near edges of plant; middle doesn't have many blooms; large bloom clusters; Nice bicolor flower; Nice bicolor. A little sparse in flower. [11] Vigorous Plant, [12] Uniform, [3] Many Flowers, [4] Great Foliage, [6] Vibrant Flower Color, [7] Unique Colors, [8] Few Flowers
Verbena	EnduraScape Red	Ball FloraPlant	Red		Sun - C	3.58	Darker foliage color and bloom color; taller bloom stems;; Great looking plant. Some dark spots on leaves; Nice darker red color; love spreading habit; Quite uniform for plants and flowers. Probably about 65 to 70% in Flower. Two weeks ago would probably have been better. red color is holding in sun. Also has a nice deeper redeye; Very wide mat of plants; More flat to the ground; [13] Vibrant Flower Color, [14] Vigorous Plant, [17] Many Flowers, [17] Uniform, [1] Disease Present, [1] Low Vigor, [1] Some Chlorosis, [4] Unique Colors, [5] Great Foliage
Verbena	Firehouse Blue Fizz	Ball FloraPlant	Blue		Sun - C	2.69	40% flower coverage. Great color combo; Darker purple center and white outside of blooms; looks like a carpet; Good coverage. Probably only about 20% in flower on edges. Indicates probably more flowering on new gross less in the middle; Moderate flowering; Nice bicolor; Nice bicolor flower [10] Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [2] Great Foliage, [2] Non-Uniform, [3] Many Flowers, [6] Vibrant Flower Color, [7] Unique Colors, [8] Few Flowers, [9] Vigorous Plant
Verbena	Lanai® Blue	Syngenta	Purple		Sun - C	1.62	For size of plants plenty of flowers. But plants are pretty small. Plants doesn't look that vigorous. Foliage is a little ratty looking; No vigor; Not impressed overall. Small plants and small flowers; Plant not looking good; Very small plants have not spread much; lots of blooms; small bloom clusters; Very small plants. Not doing well; doesn't look like it's grown much; [19] Low Vigor, [1] Significant Pest Damage, [1] Unique Colors, [2] Many Flowers, [4] Disease Present, [4] Some Chlorosis, [5] Uniform, [6] Non-Uniform, [6] Vibrant Flower Color, [8] Few Flowers

Ratings and Evaluation Day Comments for Varieties Grown in the Ground

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Verbena	Lanai® Bright Eye	Syngenta	Pink		Sun - C	2.77	Not as even flowering; Tons of vibrant blooms; dead blooms turn a dark gray/purple color and become very obvious; Cool flower color and darker stems. Not vigorously blooming; Flowered earlier; Large variation in amount of flowers per plant. Purple seed heads almost make up for lack of flowers; Lot of dead flowers; Mostly uniform may be slightly off. About 50% flower. Nice bright eye pattern. Purple calyx and stem makes it look a little off or diseased; Nice dark color fading to light. Didn't flowers do look a little messy [10] Non-Uniform, [10] Vibrant Flower Color, [1] Low Vigor, [3] Great Foliage, [3] Unique Flower Form, [6] Few Flowers, [6] Many Flowers, [6] Unique Colors, [6] Vigorous Plant, [8] Uniform
Verbena	Lanai® Peach	Syngenta	Peach		Sun - C	2.96	Fun ombre of bloom age; not vigorously flowering; Good coverage. Probably about 50% flowering but flowers are fresh looking. Appreciate the two-tone look with the new flowers being deeper orange feeding to a light peach; Good foliage color; Great flower color. Not very vigorous. 40% flower coverage; Moderate flowering; Name is very fitting; flowers look like peaches; bloom color pairs well with foliage color; dense and low growing; Nice color. Flower color fade is attractive. [13] Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [2] Non-Uniform, [4] Great Foliage, [4] Many Flowers, [5] Vibrant Flower Color, [5] Vigorous Plant, [6] Unique Colors, [7] Few Flowers, [7] Low Vigor
Verbena	Lanai® Red	Syngenta	Red		Sun - C	4.38	Awesome; Best red verbena in the trial; Flawless appearance; Good red color; Great flower coverage; Great uniformity. Probably about 70% flower coverage. Red holds quite well in sun; Low growing. Nice carpet of plants; Uniform habit and flowering great color; Very wide and low growing; dense and tons of blooms; [14] Vibrant Flower Color, [17] Vigorous Plant, [1] Low Vigor, [1] Unique Flower Form, [20] Uniform, [22] Many Flowers, [2] Unique Colors, [7] Great Foliage
Verbena	Lanai® Scarlet	Syngenta	Red		Sun - C	2.96	A little patchy in bloom consistency; Just less uniform and amount of flowers less; Larger bloom clusters; dense foliage;; Lighter green foliage; Like this lanai series more compact; not as rangy; Rolling appearance; Slightly less uniform. Inflorescences are a bit larger as a whole. Probably between 50 and 75% in flower; Some plants are larger than others. Very noticeable; [12] Many Flowers, [12] Vibrant Flower Color, [13] Uniform, [1] Unique Colors, [2] Few Flowers, [2] Low Vigor, [2] Non-Uniform, [2] Some Chlorosis, [3] Great Foliage, [7] Vigorous Plant
Verbena	Lanai® Twister™ Pink	Syngenta	Pink, white		Sun - C	3.15	Soft color is nice; good coverage. Probably about 2/3 flower coverage at the moment. Like many of them probably looked better about two weeks ago; Attractive bicolor flowers. Nice game to white; Good spreading habit; Less prolific flowering; Middle is darker than outside of blooms; dense and full;; Moderate flowering; Seed heads take away from flowers. Good color combo [11] Vigorous Plant, [12] Uniform, [1] Color Does Not Match Name, [1] Great Foliage, [1] Low Vigor, [2] Unique Flower Form, [3] Non-Uniform, [3] Vibrant Flower Color, [6] Few Flowers, [6] Unique Colors, [9] Many Flowers
Verbena	Lanai® Twister™ Purple	Syngenta	Purple, blue		Sun - C	2.31	Bright green foliage; lots of flowers around outside; middle has less blooms; Flowered earlier; Lots of dead flowers; Maybe 30% flower coverage; Moderate flowering; Not much flowering; Not very uniform. Slight chlorosis to foliage. Decent flowering probably about 40%. See some reversion to white flowers; not a fan of color; [13] Few Flowers, [1] Disease Present, [2] Great Foliage, [2] Low Vigor, [2] Many Flowers, [2] Some Chlorosis, [4] Unique Colors, [4] Vibrant Flower Color, [4] Vigorous Plant, [5] Non-Uniform, [7] Uniform

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Verbena	Lanai® White Imp	Syngenta	White		Sun - C	2.74	Dense and low growing; looks like a carpet of white;; Dense carpet; less blooming in centers; Didn't flowers leave plant looking messy. Blooms on terminal ends are nice; Flowered early; Many seed heads. 50% flower coverage; Moderate flowering; Needs deadheading; Some dead flowers; Uniform ground coverage. Probably about 50% flowering; [10] Few Flowers, [12] Uniform, [1] Disease Present, [2] Low Vigor, [2] Vibrant Flower Color, [3] Many Flowers, [3] Some Chlorosis, [4] Great Foliage, [6] Non-Uniform, [9] Vigorous Plant
Verbena	Superbena Sparkling® Amethyst	Proven Winners	Blue		Sun - C	3.42	Amethyst is the nicest of blues; Best purple verbena in the trial; Darker center and lighter outside of blooms; dense; Good vigor lacks flowers; Large flowered; Nice crisp; flower color. Flowering on edges. Even distribution of plant in plot; Nice looking plant; Nice mound of plants. Losing some flowers to seed heads; [12] Uniform, [12] Vibrant Flower Color, [13] Many Flowers, [20] Vigorous Plant, [4] Few Flowers, [5] Great Foliage, [5] Unique Colors
Verbena	Superbena® Cherryburst 2024	Proven Winners	Pink	NEW	Sun - C	3.42	Decent flower coverage. Nice by color look with the fresh flowers. Flowers sit slightly above the foliage; Flowers fade to one color; Interesting; Picotee is not consistent through crop; The stripe is so crisp; love the development progression; Tons of blooms; taller bloom stems; bloom colors look like cherry blossoms; Very cute and fun! Great flowering; Very nice; Very weird but interesting flowers; [11] Vigorous Plant, [14] Many Flowers, [14] Uniform, [1] Color Does Not Match Name, [1] Low Vigor, [2] Great Foliage, [2] Non-Uniform, [2] Some Chlorosis, [5] Unique Flower Form, [8] Unique Colors, [9] Vibrant Flower Color
Verbena	Superbena® Pink Cashmere™	Proven Winners	Pink	NEW	Sun - C	4.58	Beautiful!; Best verbena of the bunch. Tall. Almost completely covered in flowers; Good coverage. Flower color is nice. Two toned makes it interesting. Probably better display about two weeks ago; Huge foliage and large flowers. Covering all over the mound; Nice in planters; ombre flower clusters have a unique color; taller growing; forms a bush; dense and lush; One of the best verbenas; best Verbena; Very robust plant attractive foliage color. Nice flower fade; Very vigorous growth [10] Great Foliage, [17] Uniform, [1] Non-Uniform, [1] Unique Flower Form, [20] Vigorous Plant, [23] Many Flowers, [7] Unique Colors, [8] Vibrant Flower Color
Verbena	Wicked Hot Red	Dummen Orange	Pink	NEW	Sun - C	1.58	Flowers almost non existent. Poor quality overall; Maybe too wet; Might be diseased. Very small plants; Nice flower pattern. Poor plant vigor; Very small plants; look gray and may have a disease; little blooms; most of plant is dead; too wet; Not vigorous; Plant not performing well. [10] Non-Uniform, [17] Few Flowers, [18] Low Vigor, [2] Some Chlorosis, [3] Uniform, [6] Disease Present
Verbena bonariensis	Vanity	Benary	Purple		Sun - S	4.12	Cool looking plant. very airy; Great pollinator; Lots of pollinators present; Pollinators; Really nice upright type!; Very small bloom clusters; very tiny blooms; very long bloom stems; fills space but looks weedy to me; Very uniform. Very floriferous. Pollinators. A good selection of Verbena bonariensis; [12] Vibrant Flower Color, [16] Uniform, [17] Many Flowers, [17] Vigorous Plant, [4] Unique Colors, [6] Great Foliage, [6] Unique Flower Form
Zinnia	Belize double Orange	American Takii, Inc.	Orange	NEW	Sun - S	2.77	Attractive; Nice soft orange. Old flowers distract. Maybe some disease; Spent flowers are not really attractive; Tons of bright blooms; differing heights;; Uneven and disease; [10] Uniform, [18] Many Flowers, [1] Color Does Not Match Name, [1] Low Vigor, [2] Disease Present, [2] Great Foliage, [2] Unique Colors, [2] Unique Flower Form, [3] Some Chlorosis, [6] Non-Uniform, [7] Vibrant Flower Color, [9] Vigorous Plant

Zinnia	Belize double Rose	American Takii, Inc.	Pink	NEW	Sun - S	2.62	Bleached out color; Color is pretty horrible; Fade to white is okay; The fade color takes away from pinks; Faded. Flowers are slightly distracting. Not enough new rose colored flowers; Interesting range of shades; Older blooms fading in color gives the plant a nice variety of pink shades and white; sage/ blue-green colored foliage makes it stand out; [10] Non-Uniform, [13] Many Flowers, [1] Disease Present, [2] Few Flowers, [3] Great Foliage, [4] Low Vigor, [4] Vibrant Flower Color, [4] Vigorous Plant, [6] Uniform, [8] Unique Colors
Zinnia	Belize double Scarlet	American Takii, Inc.	Orange	NEW	Sun - S	2.65	Buries dead well; Compact and lower growing; tons of blooms throughout the plant at differing levels; Inconsistent color; Older flowers slightly distracting. Fairly uniform. [17] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Some Chlorosis, [2] Disease Present, [2] Great Foliage, [3] Vigorous Plant, [5] Non-Uniform, [6] Unique Colors, [7] Low Vigor, [7] Uniform, [7] Vibrant Flower Color
Zinnia	Belize double White	American Takii, Inc.	White	NEW	Sun - S	2.58	Double flowers no disease yet; Low growing and compact; many little blooms; forms a nice hedge; More compact than zydeco. Not terribly uniform; [12] Non-Uniform, [13] Many Flowers, [1] Color Does Not Match Name, [1] Great Foliage, [1] Some Chlorosis, [1] Unique Colors, [1] Vibrant Flower Color, [2] Few Flowers, [2] Vigorous Plant, [3] Disease Present, [3] Unique Flower Form, [6] Low Vigor, [8] Uniform
Zinnia	Belize double Yellow	American Takii, Inc.	Yellow	NEW	Sun - S	2.73	Vibrant color on some plants are definitely not uniform; sunshiny yellow. Slightly nonuniform; Moderate flowering; Some weather damage; Tons of blooms; dense foliage; even growth throughout;; Uneven in habit; Very cool color; [10] Vibrant Flower Color, [14] Non-Uniform, [1] Color Does Not Match Name, [1] Significant Pest Damage , [1] Unique Flower Form, [2] Some Chlorosis, [3] Disease Present, [3] Few Flowers, [3] Great Foliage, [3] Uniform, [4] Unique Colors, [5] Low Vigor, [5] Vigorous Plant, [9] Many Flowers
Zinnia marylandica	Zydeco™ Cherry Sunrise	Syngenta	Pink		Sun - S	2.81	Faded flowers not attractive; Fairly uniform. Nice colors; Flowering is a little low; Taller growth style; lots of blooms; leaves look like they are reaching up; Very nice color but plants are flopping over and not consistent; [11] Few Flowers, [12] Non-Uniform, [15] Vibrant Flower Color, [1] Color Does Not Match Name, [1] Disease Present, [4] Great Foliage, [4] Low Vigor, [4] Uniform, [5] Unique Colors, [7] Many Flowers, [8] Vigorous Plant
Zinnia marylandica	Zydeco™ Deep Yellow	Syngenta	Yellow		Sun - S	2.19	Double flowers; Not healthy looking; Variable flower colors. Not uniform; Very uneven plants; some bloom colors make it look like potentially a mislabeling of plants; [1] Uniform, [20] Non-Uniform, [2] Few Flowers, [2] Significant Pest Damage , [2] Some Chlorosis, [2] Unique Flower Form, [2] Vibrant Flower Color, [3] Unique Colors, [4] Disease Present, [9] Low Vigor, [9] Many Flowers
Zinnia marylandica	Zydeco™ Fire Imp.	Syngenta	Orange	NEW	Sun - S	3.42	A little floppy; A little sprawling; Clean foliage; Great pop of color; name is fitting for plant; tons of blooms; forms a nice hedge; Love the color. Crisp orange. Pretty uniform; [10] Unique Colors, [12] Vigorous Plant, [14] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Unique Flower Form, [20] Vibrant Flower Color, [3] Some Chlorosis, [5] Great Foliage, [7] Uniform, [8] Non-Uniform
Zinnia marylandica	Zydeco™ White	Syngenta	White		Sun - S	3.62	Good white; Has opened up a little bit. Probably looked better about two weeks ago. Nice crisp white flowers; Love the color; but the plants are definitely not uniform; Tons of blooms; bushy and full; very pretty and nice to look at; [10] Uniform, [11] Great Foliage, [12] Vigorous Plant, [17] Many Flowers, [1] Few Flowers, [3] Unique Colors, [5] Unique Flower Form, [7] Vibrant Flower Color, [8] Non-Uniform

Angelonia	AngelDance Fuchsia Bicolor	Ball FloraPlant	Purple	NEW	Sun - C	3.77	just great; cool bicolor; Floriferous. Interesting color that's a positive. Fills out pot nicely; Great upright against foliage; Plant is doing very well; Stalks of bright blooms; dense foliage at the base with stalks shooting out from the middle; [12] Uniform, [13] Many Flowers, [13] Vigorous Plant, [3] Vibrant Flower Color, [4] Unique Flower Form, [6] Great Foliage, [6] Unique Colors
Angelonia	AngelDance Violet Bicolor	Ball FloraPlant	Purple	NEW	Sun - C	3.00	A little dieback present from unknown cause; Similar to the other angel dance. One dead plant in pot. But good flowering and nice color; Falling over more; some death; Great bloom colors; mix of purple and white make plant pop; back part of plant is dying off; potentially disease; One of the plants is completely dead; [12] Many Flowers, [1] Great Foliage, [1] Some Chlorosis, [2] Low Vigor, [3] Non-Uniform, [3] Unique Flower Form, [4] Vigorous Plant, [6] Uniform, [6] Vibrant Flower Color, [8] Disease Present, [8] Unique Colors
Angelonia	Archangel Ruby Sangria	Ball FloraPlant	Red	NEW	Sun - C	3.55	Deep red looks nice with the waxy green foliage; Good bark green foliage; Great colors and fitting name; small glossy and pointed foliage; blooms grow level with foliage; Great red color; more dwarf variety; Nice color for an Angelonia. Does slightly blend with dark foliage. Good form; very unique color Plant habit not as great as the color; [10] Uniform, [11] Many Flowers, [11] Vibrant Flower Color, [1] Low Vigor, [3] Non-Uniform, [3] Unique Flower Form, [6] Great Foliage, [6] Vigorous Plant, [8] Unique Colors
Argyranthemum, Intergeneric Hybrid	Grandaisy® Dark Pink	Suntory	Pink		Sun - C	2.41	Opening up; Needs deadheading; unique gradient of flower age; Definitely past its prime. Lots of spent flowers. New flowers are vibrant though; Flowers fading deadhead; Looks leggy; Lots of dead heads; Requires dead heading to look good; Vibrant blooms; more dead blooms than alive blooms; blooms fade when older but gives character to the plant; Way past prime; really not attractive as it goes out of flower. flopping plant habit; [10] Vigorous Plant, [1] Great Foliage, [1] Low Vigor, [1] Unique Colors, [3] Some Chlorosis, [6] Few Flowers, [6] Many Flowers, [7] Vibrant Flower Color, [9] Uniform
Argyranthemum, Intergeneric Hybrid	Grandaisy® Pink Halo	Suntory	Lt pink		Sun - C	3.45	Huge; dense mound; some deadheading; some tip burn; spent flowers unattractive; spent flowers detract; Flowers fade to white; I like the color combination with the fading paper flowers. This would be a bear to deadhead but would look better if that we're done; Very big and bushy. Nice ring of color wishing the flower itself; Needs to be deadheaded; Past prime could have been a 5 in prime; Rings in flowers make them pop; lots of dead blooms; mounding and full foliage growth; looks like an ice cream scoop; Similar to the yellow. Can see spent flowers. Was in its prime two weeks ago. [13] Many Flowers, [13] Uniform, [14] Vigorous Plant, [1] Disease Present, [2] Great Foliage, [2] Some Chlorosis, [2] Unique Flower Form, [4] Vibrant Flower Color, [9] Unique Colors
Argyranthemum, Intergeneric Hybrid	Grandaisy® Red Improved	Suntory	Red		Sun - C	2.33	not attractive as it goes out of flower; past its prime. Lots of spent flowers. The red is a nice red. But appears to fade relatively quickly; Bloomed out; Flower color fading; Lots of dead heads; Moderate size; gradient of flower age unique; Requires deadheading to look good; Tons of dead blooms, few still alive; blooms that are alive are vibrant; foliage is bushy and full; Way past prime [1] Great Foliage, [1] Unique Colors, [2] Low Vigor, [2] Some Chlorosis, [3] Vibrant Flower Color, [4] Many Flowers, [6] Uniform, [6] Vigorous Plant, [8] Few Flowers
Argyranthemum, Intergeneric Hybrid	Grandaisy®White Improved	Suntory	White		Sun - C	3.68	Clean; dense and compact; Floriferous. Can see some of the spent flowers easily; and what looks to be maybe Aster yellows?; Flowers need deadheading; Looks very nice; Nice and compact. Many flowers to look at; Some holes; past prime. Still blooming in August; Tons of blooms; dense and compact foliage; Very showy; great plant habits full bloom in August! [14] Vigorous Plant, [15] Uniform, [16] Many Flowers, [1] Disease Present, [3] Great Foliage

Argyranthemum, Intergeneric Hybrid	Grandaisy®Yellow	Suntory	Yellow		Sun - C	3.05	Habit opening; Huge; mounding plant; tons of blooms; sort of wild and messy; May do better in the ground where it has more space to spread; Kind of mangy looking; Nice foliage. Yellow flowers pop; Opening up in the center; deadhead or cutback needed; Past prime with holes, in prime could have been a 5; Past prime. Spent flowers detract; Was probably in its prime about two weeks ago. Can definitely see the old flowers which distracts from the new flowers. Also; perhaps Aster yellows; spent flowers not attractive plant opening up in the middle [14] Many Flowers, [15] Vigorous Plant, [1] Disease Present, [1] Few Flowers, [1] Unique Colors, [1] Unique Flower Form, [2] Some Chlorosis, [3] Vibrant Flower Color, [4] Great Foliage, [4] Non-Uniform, [8] Uniform
Artemisia	FanciFillers Sea Salt	Westhoff	Silver/white		Sun - C	4.48	Amazing; vigorous doesn't describe enough It's huge! might overtake plants in a combo; Massive and cascading; very wide and fills the space; unique color and foliage shape; Very impressive foliage plant; Very vigorous; Vigorous plants great color good for a filler. Or a ground cover; Wow; whoa, the massive cloud of silver this produces; Wow. This is so vigorous. There are a lot of good uses for this plant; [14] Great Foliage, [16] Uniform, [18] Vigorous Plant, [1] Many Flowers, [1] Unique Flower Form, [1] Vibrant Flower Color, [4] Unique Colors
Asparagus	FuzzyFern Frizz	PanAmerican Seed	Green	NEW	Sun - S	2.33	Decent growth for a seed product. Nice shiny color to the full edge; Dense and compact; small; Small plants yet; Small and compact; many fronds; Small plants [11] Low Vigor, [1] Disease Present, [1] Vibrant Flower Color, [1] Vigorous Plant, [2] Some Chlorosis, [3] Uniform, [4] Non-Uniform, [5] Great Foliage
Bacopa	MegaCopa Sky Blue	Ball FloraPlant	Blue		Sun - C	3.78	Bee friendly; Good for pollinators; The plant is well rounded and pretty but the blooms are much closer to purple than a sky blue. Bees love it; Lodging. Chlorosis apparent; Lots of bees present; Lots of pollinators; Nice soft flower color large blooms. Some flattened spots; Some yellowing; lots of pollinators More with cooler temperatures; [11] Uniform, [16] Vigorous Plant, [1] Disease Present, [1] Unique Colors, [21] Many Flowers, [2] Color Does Not Match Name, [2] Unique Flower Form, [3] Non-Uniform, [3] Some Chlorosis, [3] Vibrant Flower Color, [4] Great Foliage
Begonia	Adora™ Velvet Red	Syngenta	Red		Shade - C	3.72	Big hole; Large and filled out nicely; clusters of red blooms pop against dark foliage; Nice dark foliage; Nice foliage color to contrast with the red flowers. [11] Great Foliage, [11] Vibrant Flower Color, [12] Many Flowers, [2] Unique Colors, [6] Uniform, [8] Non-Uniform, [8] Vigorous Plant
Begonia	BabyWing® Red Bronze Leaf	PanAmerican Seed	Red	NEW	Shade - S	3.86	Excellent; Looks very nice! Filled out quite well; Many beautiful flowers; Smaller blooms evenly distributed throughout plant; smaller foliage size but compact and full; Smaller flower but there are a lot of them; good flower to leaf ratio; flowers held above plant; [11] Great Foliage, [11] Vigorous Plant, [13] Uniform, [14] Many Flowers, [1] Non-Uniform, [3] Unique Colors, [5] Low Vigor, [6] Vibrant Flower Color
Begonia	Beauvilia BEBE 4689	Beekenkamp Plants	Pink	NEW	Shade - C	2.83	Disease or past present. Broad mites?; Large plant; very few blooms; all leaves are curling and plant looks unhappy; Leaves look funny; Mite damage or low boron; Moderate flowering; No flowers; has a weird leaf curl; [1] Unique Colors, [2] Many Flowers, [2] Vibrant Flower Color, [3] Disease Present, [3] Great Foliage, [3] Unique Flower Form, [4] Few Flowers, [4] Significant Pest Damage, [7] Uniform, [9] Vigorous Plant
Begonia	BK Collection Frivola Pink	Beekenkamp Plants	Pink		Shade - C	3.17	For the size of plants; they have decent amount of flowers; Large foliage; flowers grow in clusters at top of individual plants; unique blush colored blooms; Larger leaf and fewer flowers; Like the flower color but plant barely chugging along; Moderate flowering; weird color but nice Plant; [1] Non-Uniform, [2] Few Flowers, [2] Unique Flower Form, [2] Vigorous Plant, [3] Vibrant Flower Color, [5] Great Foliage, [5] Low Vigor, [6] Many Flowers, [7] Unique Colors, [9] Uniform

Begonia	BK Collection Vermillion Hot Pink	Beekenkamp Plants	Pink		Shade - C	3.89	Overall great; lots of flowers; Tons of rose-like blooms; large foliage with indented veins; gives it texture and makes it stand out; Very floriferous. Center has opened up a little bit. But generally uniform. [12] Many Flowers, [12] Vigorous Plant, [1] Unique Flower Form, [2] Unique Colors, [6] Vibrant Flower Color, [7] Great Foliage, [9] Uniform
Begonia	BK Collection Vermillion Red	Beekenkamp Plants	Red		Shade - C	4.06	Good appearance for the most part. Lots of flowers; One of best; Tons of blooms; texture of edge of leaf makes it stand out; sort of spiky; flowers on top!; [10] Vigorous Plant, [12] Vibrant Flower Color, [14] Many Flowers, [1] Non-Uniform, [1] Unique Colors, [8] Great Foliage, [9] Uniform
Begonia	Canary Wings	Ball Ingenuity	Red		Shade - C	3.59	Great contrast flower/foilage; Love this plant; Nice foliage color. Uniform. Vigorous. Probably could use a few more flowers; Super vibrant foliage and blooms; stands out from the rest; lush and full; Unique foliage color [10] Few Flowers, [11] Unique Colors, [15] Uniform, [20] Vigorous Plant, [22] Great Foliage, [2] Some Chlorosis, [2] Unique Flower Form, [5] Many Flowers, [6] Vibrant Flower Color
Begonia	Double Delight® Appleblossom	Proven Winners	Pink, white	NEW	Sun - C	3.27	Flowers look like mini roses; varying green tones throughout foliage; Many flowers in bloom. Flowers have nice layers and coloring; Nice even habit; Potential thrip pressure; Unique flower shape double; some rotting leaves [10] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [2] Disease Present, [2] Significant Pest Damage, [2] Some Chlorosis, [2] Unique Colors, [2] Unique Flower Form, [3] Few Flowers, [3] Vibrant Flower Color, [5] Great Foliage, [7] Vigorous Plant, [8] Uniform
Begonia	Double Delight® Blush Rose	Proven Winners	Pink		Sun - C	3.86	Flowers remind me of roses; very pretty. Foliage has unique shape and shading. Nice density; Leaf texture; Nice dense habit; Nice huge blossoms; Old flowers distract; Tons of large blooms; wing-shaped leaves; flowers look like roses; Very showy [13] Uniform, [14] Many Flowers, [1] Low Vigor, [4] Unique Flower Form, [5] Unique Colors, [7] Great Foliage, [9] Vibrant Flower Color, [9] Vigorous Plant
Begonia	Dragon Wing® Pink	PanAmerican Seed	Pink		Shade - S	3.57	Did not branch well in this garden. Usually love this plant; Large leaves fewer flowers; blooms hidden by foliage; wing shaped leaves; tall and bushy; Moderate flowering; Poor branching and small flowers; Very nice foliage. Nice form and habit; [10] Uniform, [13] Vigorous Plant, [1] Non-Uniform, [3] Many Flowers, [7] Vibrant Flower Color, [8] Few Flowers, [8] Great Foliage
Begonia	Dragon Wing® Red Bronze Leaf	PanAmerican Seed	Red	NEW	Shade - S	3.43	Good filled out appearance; Love color and branching; Very vigorous; Wing shaped foliage; a few bloom clusters throughout; mainly foliage; larger and bushier; not enough blooms [12] Great Foliage, [13] Vigorous Plant, [1] Non-Uniform, [1] Unique Colors, [3] Many Flowers, [4] Vibrant Flower Color, [6] Few Flowers, [8] Uniform
Begonia	Dragon Wing® White	PanAmerican Seed	White		Shade - S	3.14	flowers a bit sparse; Pink tint to flowers; large leaves; bushy and tall; Small flowers; Very much a dragon wing. Elongated internodes. Definitely has the wispy branching; Very vigorous; flowers have a bit of a pink tinge; [10] Great Foliage, [14] Vigorous Plant, [4] Few Flowers, [8] Uniform, [9] Many Flowers
Begonia	Dreams Garden MacaRose	Beekenkamp Plants	Pink		Shade - C	3.06	Little uneven in habit; Lush and full; potentially some disease; one plant has very odd yellow toned patterning and is much smaller than the rest; One plant looks like it is diseased [10] Vigorous Plant, [1] Disease Present, [1] Unique Colors, [2] Many Flowers, [2] Non-Uniform, [7] Great Foliage, [7] Uniform, [9] Few Flowers
Begonia	Dreams Garden MacaRouge	Beekenkamp Plants	Orange		Shade - C	2.61	Lacks flower power; Lush and full foliage; not many blooms present; Mite damage or low boron; More leaves and flowers. [10] Vigorous Plant, [16] Few Flowers, [1] Unique Colors, [2] Significant Pest Damage, [6] Great Foliage, [8] Uniform

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Begonia	Emerald Ring	Ball Ingenuity	Green, silver	NEW	Sun - C	1.82	Interesting leaf shape and form; No vigor; Unique colors on foliage. Plant doesn't seem to be performing well in the sun; Unique foliage. Low vigor; Unique red patterning under leaves; spiky shape; [16] Low Vigor, [1] Some Chlorosis, [2] Uniform, [3] Few Flowers, [3] Great Foliage, [3] Unique Colors, [6] Non-Uniform
Begonia	Hula™ Blush	PanAmerican Seed	White, pink		Sun - S	3.73	Fades foliage; Fluffy and cascading; lowers branch and look like little cherry tree blooms; pink stems; Leaves are smaller and more pointed. Flowers stick out more on their stems. Looks a little wild; Nice clean white. Old petals fall off easily so we doesn't see the old flowers so much; Open habit; [14] Uniform, [15] Vigorous Plant, [17] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [3] Vibrant Flower Color, [7] Great Foliage
Begonia	Hula™ Blush	PanAmerican Seed	White		Shade - S	2.86	Don't love small flower; Filled out quite nicely. Nice airy appearance; Flowers look more white. Small flowers; Good smaller white; flowers display well; Smaller flowers; Waxy leaves and red stems; flowers remind me of a cherry tree; very compact and full; nice compact plant [13] Many Flowers, [2] Color Does Not Match Name, [2] Few Flowers, [2] Unique Flower Form, [2] Vibrant Flower Color, [4] Low Vigor, [7] Great Foliage, [8] Vigorous Plant, [9] Uniform
Begonia	Hula™ Mix Red White	PanAmerican Seed	Red, white		Sun - S	3.24	Flower sizes don't seem to match; Green foliage of white plant contrasts well with red foliage on red plant; I doesn't think the mix works very well with dark red leaves and bright green leaves; Mix not coming through well; More red than white; No flowers; Red flowering has red tinted leaves; contrasting with the white flowering which is bright green; compact and low growing; Uniform growth but not uniform mix; [12] Many Flowers, [2] Non-Uniform, [3] Vibrant Flower Color, [4] Unique Colors, [8] Vigorous Plant, [9] Great Foliage, [9] Uniform
Begonia	Hula™ Mix Red White	PanAmerican Seed	Red, white		Shade - S	3.10	Decent mix! Better in pot than in ground; Good mix of red and white; Great habit!; Great mix; Great mix of red and white blooms; red blooms have red stems; white plants don't have as many flowers as the rest; Mix only 20 percent white; Moderate flowering [10] Vigorous Plant, [11] Uniform, [14] Many Flowers, [1] Non-Uniform, [2] Unique Flower Form, [3] Vibrant Flower Color, [6] Unique Colors, [8] Great Foliage
Begonia	Hula™ Pink	PanAmerican Seed	Pink		Sun - S	4.05	Cascading; full of blooms; thin red outline on leaves; Nice balance of foliage and flowers; Overall great; Small leaves with rigid red edges. Small hot pink blooms. Very vigorous and bushy; stems are pretty pink; and the flowers are glittery in the sun [14] Uniform, [14] Vigorous Plant, [17] Many Flowers, [1] Non-Uniform, [2] Unique Flower Form, [6] Great Foliage, [6] Vibrant Flower Color
Begonia	Hula™ Pink	PanAmerican Seed	Pink		Shade - S	3.14	Fills pot nicely; Flowers too small; Great branching; but small flowers; Moderate flowering; Nice small flowers and small foliage well proportioned. Has a more fairy look to it; Very glossy green leaf; Very shiny and waxy leaves; very small blooms but spread throughout evenly; not enough flowers to set the foliage; [10] Many Flowers, [12] Uniform, [13] Vigorous Plant, [1] Vibrant Flower Color, [2] Unique Flower Form, [3] Few Flowers, [7] Great Foliage
Begonia	Hula™ Red	PanAmerican Seed	Red		Sun - S	3.91	Compact; Denser and smaller flower size; Foliage is very unique. Sharp bronze edges; bright green foliage; I like the foliage and flower color contrast; Red and green foliage; tons of branching blooms [11] Great Foliage, [12] Many Flowers, [12] Vigorous Plant, [13] Uniform, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [6] Unique Colors, [6] Vibrant Flower Color

Begonia	Hula™ Red	PanAmerican Seed	Red		Shade - S	3.43	A little bit of burning on the tips of some leaves; Great overall; compact; Like the other Hula begonias; has a dark appearance to it. Nice flower and leaf shape; Nutritional issue on foliage. Very compact!; Tons of flowers; Tons of tiny blooms throughout; very waxy; small leaves; [11] Uniform, [17] Many Flowers, [1] Unique Flower Form, [3] Unique Colors, [4] Low Vigor, [7] Vibrant Flower Color, [8] Great Foliage, [8] Vigorous Plant
Begonia	Hula™ Red White Bicolor	PanAmerican Seed	Lt Red, white		Shade - S	3.71	Coral white bicolor; Lots of small blooms throughout; compact and dainty foliage; great ombre coloring on blooms; Similar to the other Hulas in form and habit [11] Great Foliage, [13] Uniform, [13] Vigorous Plant, [17] Many Flowers, [1] Color Does Not Match Name, [2] Unique Colors, [3] Low Vigor, [7] Vibrant Flower Color
Begonia	Hula™ Red White Bicolor	PanAmerican Seed	Red		Sun - S	3.38	Denser habit; Flowers are abundant; low growing plant; flowers branch up above the foliage; Nice pop of white inside the pink blooms. Rigid foliage; Quaint and tidy. I like the bicolor; Some flowers have bicolor pattern more vibrant than others; sweet tiny flowers with nice colors [12] Many Flowers, [12] Uniform, [1] Low Vigor, [1] Unique Flower Form, [2] Non-Uniform, [2] Vibrant Flower Color, [4] Unique Colors, [6] Great Foliage, [8] Vigorous Plant
Begonia	Jurassic Snowfall	Ball Ingenuity	Silver	NEW	Shade - C	3.83	Brightens up the shade. Minor damage or holes in the leaves; Bugs got to this one; Fitting name; silvery leaves; Some leaf damage; Unique White foliage [10] Vigorous Plant, [14] Great Foliage, [1] Many Flowers, [4] Few Flowers, [6] Unique Colors, [9] Uniform
Begonia	Megawatt™ Pink Bronze Leaf	PanAmerican Seed	Pink		Shade - S	3.52	Deeper pink flowers; Moderate flowering; Nice color combination of leaves and flowers; Wide foliage; large bloom clusters throughout; too much foliage; [11] Vigorous Plant, [16] Great Foliage, [1] Unique Flower Form, [2] Unique Colors, [3] Many Flowers, [3] Non-Uniform, [4] Few Flowers, [4] Vibrant Flower Color, [7] Uniform
Begonia	Megawatt™ Pink Green Leaf	PanAmerican Seed	Pink		Shade - S	3.76	I think the best Megawatt in the series; Large leaves and flowers good mix; Large bloom clusters; bushy and full; very big leaf size; Large glossy leaf; nice big blooms; [11] Uniform, [12] Great Foliage, [12] Vigorous Plant, [1] Few Flowers, [1] Unique Colors, [7] Vibrant Flower Color, [9] Many Flowers
Begonia	Megawatt™ Red Bronze Leaf Improved	PanAmerican Seed	Red	NEW	Shade - S	3.43	Bronze leaf red looks better overall; Great darker leaf; Not super uniform; Poor branching; Red blooms bring out red undertones in foliage; foliage is also on the purple side; Stems leaning from flower weight [10] Great Foliage, [10] Vigorous Plant, [13] Many Flowers, [1] Significant Pest Damage, [4] Unique Colors, [7] Uniform, [7] Vibrant Flower Color
Begonia	Megawatt™ Red Green Leaf	PanAmerican Seed	Red		Shade - S	3.33	Branching; large bloom clusters with large individual blooms; Large flowers held upright nicely; Larger flowers; Not breaking well; Poor branching; Uneven habit; nice green leaf; [10] Great Foliage, [10] Many Flowers, [12] Vigorous Plant, [2] Unique Flower Form, [3] Unique Colors, [4] Non-Uniform, [6] Vibrant Flower Color, [8] Uniform
Begonia	Megawatt™ Rose Bronze Leaf Improved	PanAmerican Seed	Pink		Shade - S	4.05	Dense and rounded; tons of blooms throughout foliage; bright red-pink looks good with bronze; Foliage is glossy and very attractive; Good flower color mix with leaf color; Great foliage color; More compact. Flowers evenly spread out. Nice foliage color. [12] Vigorous Plant, [13] Uniform, [17] Great Foliage, [17] Many Flowers, [5] Unique Colors, [9] Vibrant Flower Color

Begonia elatior	Move2 Joy Salmon	Dummen Orange	Pink	NEW	Sun - C	2.09	Compact; crinkly leaves and very few flowers; Foliage looks like spiky lettuce. I only see one flower; Great flower power; Very floriferous; not many flowers but unique foliage; [10] Low Vigor, [12] Few Flowers, [1] Unique Colors, [2] Many Flowers, [2] Non-Uniform, [2] Vigorous Plant, [3] Great Foliage, [5] Uniform
Begonia elatior	Move2 Orange 2024	Dummen Orange	Orange	NEW	Sun - C	2.91	Better than the salmon; Foliage looks really cool because it is spiked and red around the edges. Flowers are really pretty; Good dark green foliage; Pink red instead of orange; light green leaves; rose-like flowers; low-growing; [12] Uniform, [1] Some Chlorosis, [2] Color Does Not Match Name, [2] Unique Colors, [3] Unique Flower Form, [4] Few Flowers, [4] Great Foliage, [4] Low Vigor, [4] Vigorous Plant, [6] Vibrant Flower Color, [8] Many Flowers
Begonia hybrid	Stonehedge Light Pink Bronze Leaf	Benary	Pink	NEW	Sun - S	4.45	Beast; Better performance in container than in bed; Big and wide. Leaves are very waxy and seem to have little hairs on them. Leaves are bronze with green tint; Huge; colorful leaves; clusters of blooms; tall; pretty flowers; Nice looking plant; Tall and bronze leaves; lush foliage; [15] Great Foliage, [16] Uniform, [17] Many Flowers, [19] Vigorous Plant, [1] Unique Flower Form, [5] Unique Colors, [6] Vibrant Flower Color
Begonia hybrid	Stonehedge Light Pink Bronze Leaf	Benary	Pink	NEW	Shade - S	3.62	Bronze leaves make light pink blooms pop; leaves are large and dark; Very large bronze leaf color; Good foliage color; Great contrast flower/foliage; Like leaf shape. Color too light pink; Moderate flowering; Nice leaf color and flower color combination. Leaves glitter in the sun in the shade; nice foliage color and nice contrast with pink blooms; blooms hidden by foliage; [15] Great Foliage, [15] Vigorous Plant, [1] Non-Uniform, [3] Many Flowers, [3] Unique Flower Form, [4] Vibrant Flower Color, [5] Unique Colors, [6] Few Flowers, [9] Uniform
Begonia hybrid	Stonehedge Rose Bronze Leaf	Benary	Pink	NEW	Shade - S	3.67	Bronze leaf color; Good contrast between blooms and foliage; Leaf damage; Looks like some pest issues; Love leaf texture; Massive plant; engulfs the pot and fills out the space; Nice large leaves. Nice color on the leaves; Something has been eating it; pink flowers a bit too close in color to foliage; not enough contrast; [10] Uniform, [13] Vigorous Plant, [15] Great Foliage, [2] Unique Colors, [3] Vibrant Flower Color, [4] Few Flowers, [9] Many Flowers
Begonia hybrid	Stonehedge Rose Bronze Leaf	Benary	Pink	NEW	Sun - S	4.68	Beast; Better performance in containers than in beds; Big and wide foliage. Very bronze; Huge; bronze leaves; pink flowers pop throughout the foliage; Slightly monstrous! But very nice; Very nice; big; uniform plant! Very tall; great color contrast between flower and foliage [13] Uniform, [14] Great Foliage, [14] Many Flowers, [16] Vigorous Plant, [2] Unique Flower Form, [5] Unique Colors, [6] Vibrant Flower Color
Begonia semperflorens	FlowerBall F1 Pink	Cerny Seed	Pink	NEW	Sun - S	3.59	Bright green leaves pair nicely with baby pink blooms; Great bloom to foliage ratio; pink clusters of flowers evenly throughout; Light pink; very cute; Spent flowers a little distracting; rose-like tiny flowers [11] Uniform, [14] Vigorous Plant, [16] Many Flowers, [1] Unique Colors, [2] Unique Flower Form, [2] Vibrant Flower Color, [7] Great Foliage
Begonia semperflorens	FlowerBall F1 Red	Cerny Seed	Red	NEW	Sun - S	3.41	Blooms are small but very vibrant/deep red. Rigid edge on leaves; bright green foliage; Compact; red edges on foliage; flowers look like hearts; Denser habit; Flowers are abundant but look poor; Foliage damage; I think the pink is better than the red. We can see the dead flowers; a bit easier with the red; Small flowers browning/crisping of flowers. very pretty foliage with red lining; [11] Vigorous Plant, [12] Many Flowers, [13] Uniform, [1] Disease Present, [1] Few Flowers, [1] Unique Colors, [2] Low Vigor, [3] Unique Flower Form, [4] Vibrant Flower Color, [7] Great Foliage

Begonia x hybrida	Florecio™ Red	Syngenta	Red		Shade - C	2.67	Mite damage or low boron; looks somewhat stunted. A bit thin for the whole planter; Dark green leaves; Darker red blooms and darker foliage pair well together [12] Non-Uniform, [1] Significant Pest Damage, [1] Unique Colors, [3] Few Flowers, [3] Great Foliage, [3] Uniform, [5] Many Flowers, [6] Low Vigor, [9] Vibrant Flower Color
Begonia x hybrida	Florecio™ White	Syngenta	White, pink		Shade - C	3.39	Pink to white flower; Probably the best in the series for uniformity. Maybe you could have a few more flowers; Wing shaped foliage; lots of larger blooms; if flowers were on top of foliage [10] Many Flowers, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Few Flowers, [2] Unique Colors, [3] Non-Uniform, [8] Great Foliage, [8] Uniform, [8] Vigorous Plant
Begonia x hybrida	Florecio™ Yellow	Syngenta	Yellow		Shade - C	2.56	Growing to one side only; Looks stunted; Love the flower but plant not holding up; Possible mite damage or low boron; Tons of blooms; some pest damage present but not significant; Yellow flower [13] Non-Uniform, [1] Great Foliage, [1] Significant Pest Damage, [1] Uniform, [1] Unique Flower Form, [2] Few Flowers, [2] Unique Colors, [4] Vibrant Flower Color, [4] Vigorous Plant, [6] Low Vigor, [6] Many Flowers
Begonia x hybrida	Tophat™ Pink	Syngenta	Pink		Shade - S	2.81	Dwarfer size; Great leaf development; flowers a bit sparse; wide foliage; shorter and more compact; She's cute; Smaller stature [1] Vibrant Flower Color, [2] Few Flowers, [2] Significant Pest Damage, [4] Many Flowers, [6] Low Vigor, [6] Vigorous Plant, [7] Great Foliage, [7] Uniform
Begonia x hybrida	Tophat™ Scarlet Improved	Syngenta	Red		Shade - S	2.76	A bit small; Compact and lower growing; tons of large blooms; doesn't seem as robust as other begonias; Flowers are large; Very large leaves; [10] Low Vigor, [1] Few Flowers, [1] Unique Flower Form, [2] Unique Colors, [2] Vigorous Plant, [4] Non-Uniform, [5] Many Flowers, [6] Great Foliage, [6] Uniform, [6] Vibrant Flower Color
Begonia x hybrida	Tophat™ White	Syngenta	White		Shade - S	3.09	Compact with large leaves. Large flowers; Dense and shorter growth; fills space well; Flowers pretty. Not even; Large flowers; Nice leaf and flower combination; Very large leaf size; large pure white flowers on more compact sized plant; [10] Many Flowers, [1] Few Flowers, [1] Vibrant Flower Color, [2] Non-Uniform, [2] Unique Flower Form, [5] Low Vigor, [7] Vigorous Plant, [8] Uniform, [9] Great Foliage
Begonia, Rex	Jurassic Dino Cherry Fields	Ball Ingenuity	Red, green, silver	NEW	Shade - C	3.56	Nice colored leaves. Decent vigor. Flowers kind of tucked in the foliage; Smaller overall plant; Unique foliage pattern; draws the eye; lower growing and compact; [12] Great Foliage, [1] Non-Uniform, [1] Some Chlorosis, [1] Vibrant Flower Color, [2] Few Flowers, [3] Vigorous Plant, [5] Low Vigor, [8] Uniform, [8] Unique Colors
Begonia, Rex	Jurassic Jr. Strawberry Heart	Ball Ingenuity	Red, green	NEW	Shade - C	3.22	Bugs got to this; Large leaves; compact and fills space nicely; has pest damage on some leaves; great foliage pattern; Leaves are pitted; Several leaves with foliage holes. Not as vigorous it seems; [1] Few Flowers, [1] Non-Uniform, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Vibrant Flower Color, [2] Vigorous Plant, [4] Low Vigor, [6] Unique Colors, [9] Great Foliage, [9] Uniform
Begonia, Rex	Spacestars Avior	Beekenkamp Plants	Dk green	NEW	Shade - C	4.06	A few leaves with pest damage; but otherwise leaves look bright and shiny; great shiny foliage; spiky foliage; lush and fills out pot; Leaves with high gloss; More all green leaves [10] Vigorous Plant, [12] Uniform, [15] Great Foliage, [1] Unique Colors, [3] Few Flowers
Begonia, Rex	Spacestars Maia	Beekenkamp Plants	Silver, dk green	NEW	Shade - C	3.83	Amazing leaf shape & color; Great foliage patterns; contrast makes plant stand out; Not as vigorous as the other Spacestars; Silver with green veins [13] Great Foliage, [1] Low Vigor, [1] Vibrant Flower Color, [2] Few Flowers, [4] Non-Uniform, [5] Unique Colors, [7] Uniform, [8] Vigorous Plant

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Bidens	Bee Alive Double Orange	Ball FloraPlant	Orange	NEW	Sun - C	2.57	Excited for double flower; not upright or trailer; Interesting double. Moderate growth rate. Decent flowering; Loved the flower; Low to moderate flowering; Opening in center; Vibrant ombre blooms; patchy and not uniform; laying open in the middle; cool flower form [2] Disease Present, [2] Few Flowers, [2] Great Foliage, [2] Uniform, [3] Vigorous Plant, [4] Low Vigor, [4] Unique Colors, [6] Many Flowers, [6] Unique Flower Form, [6] Vibrant Flower Color, [9] Non-Uniform
Bidens	Bee Bold	Ball FloraPlant	Orange, yellow		Sun - C	2.90	Front of plant is smaller than back of plant; but uniform; certain spots have more dead blooms than others; unique bloom colors; Grew up; then fell over. Uniform flowering throughout the plant; Planter is lopsided. Interesting flower color. But as they fade gets a little blah. Great for pollinators; Very uneven in habit; seems to be breaking color pattern; [10] Non-Uniform, [1] Low Vigor, [1] Unique Flower Form, [2] Great Foliage, [3] Unique Colors, [5] Uniform, [5] Vigorous Plant, [6] Vibrant Flower Color, [8] Many Flowers
Bidens	Blazing Star	Danziger	Yellow, orange	NEW	Sun - C	3.62	Overgrown and drooping; Buries dead well; Nice display of flowers. Probably better appearance or display about two weeks ago. Spent flowers are less noticeable; larger and more sturdy mound with little opening; Line of red in center of petals makes them stand out; bushy and full; great flower pattern [10] Uniform, [11] Many Flowers, [13] Vigorous Plant, [1] Few Flowers, [2] Great Foliage, [2] Non-Uniform, [4] Unique Flower Form, [5] Unique Colors, [9] Vibrant Flower Color
Bidens	Brazen™ Glowing Sky	Syngenta	Orange	NEW	Sun - C	3.05	Buries dead; Great color. Great uniformity. Probably in prime condition about two weeks ago; but still very floriferous. Gave it a four because it is deserving for the form and flower color and had it been evaluated a week or two ago; Moderate flowering; Nice flower pattern; Past prime could have been a 5 in prime; Starting to open up; gray foliage; uniform flowers; Unique bloom color; tons of dead blooms; small foliage; plant looks kind of bare or like a skeleton because of dead blooms; [10] Vibrant Flower Color, [12] Uniform, [1] Few Flowers, [3] Unique Flower Form, [4] Great Foliage, [5] Unique Colors, [9] Many Flowers, [9] Vigorous Plant
Bidens	Brazen™ Happy Sun	Syngenta	Yellow		Sun - C	2.14	Bare in the middle; Double petals crest unique look; dying back in center and smaller than rest of bidens; Dwarfier uniform habit; Dying in center; nice mound otherwise; Holes; rotting in the middle; Not uniform. Open centers. [1] Some Chlorosis, [1] Unique Flower Form, [1] Vigorous Plant, [3] Uniform, [3] Vibrant Flower Color, [5] Many Flowers, [6] Few Flowers, [7] Disease Present, [7] Low Vigor, [7] Non-Uniform
Bidens	Brazen™ Red Flare	Syngenta	Red		Sun - C	3.48	Darker foliage is hot against the red; opening up; Darker foliage color; Falling over; Great flower color contrast with foliage; I like the contrasting foliage and flower color. A bit floppy at this point. But probably two weeks ago looked much better. go 3.5 or even four for a rating; Nice dark foliage; Tons of blooms; half of plant is large and bushy and the other is flat and bare; Unique foliage color but there is significant lodging and flowering is moderate; breaking open; [10] Vibrant Flower Color, [11] Vigorous Plant, [12] Many Flowers, [1] Few Flowers, [2] Unique Flower Form, [4] Non-Uniform, [5] Uniform, [7] Great Foliage, [7] Unique Colors
Bidens	Goldilocks Rocks®	Proven Winners	Yellow		Sun - C	2.90	Decent plant form. Was in its prime of about two weeks ago. Maybe three. Dead flowers are distracting; Great foliage; dead flowers apparent; Longer flower stems; lots of dead blooms across plant; vibrant blooms; Needs deadheading; Past prime [11] Vigorous Plant, [1] Few Flowers, [1] Great Foliage, [2] Non-Uniform, [5] Vibrant Flower Color, [9] Many Flowers, [9] Uniform

Bidens	Pretty in Pink	Danziger	Pink	NEW	Sun - C	3.48	Darker leaves; lots of blooms; dense and compact; shorter growth than other bidens; Decent flowering; two weeks ago or so would have more flowers and a better appearance. Would probably have gone 3.5 or four; uniform flower coverage; Great pink color; Lovely dance mound [10] Uniform, [11] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [2] Non-Uniform, [3] Great Foliage, [4] Unique Colors, [4] Vibrant Flower Color, [7] Vigorous Plant
Bidens	White Delight Imp.	Danziger	White	NEW	Sun - C	3.86	Delightful; Little past prime; continuous flowers; Old flowers hidden; Overall good form and uniform growth. Prime flowering was a week or two ago but still plenty of flowers. Crisp white color; Pretty but past prime; Tight mound and uniform flowers; Very round and dense; tons of blooms throughout the plant; great habit; [13] Uniform, [15] Many Flowers, [15] Vigorous Plant, [1] Unique Flower Form, [1] Vibrant Flower Color, [5] Great Foliage
Bracteantha	Granvia Gold	Suntory	Yellow		Sun - C	3.74	Big pot; Bigger flowers; long/leggy stems; Deadheading; Growth habit is a little leggy; Looked great day one; Some foliage issues; Longer flower stems; great blooms; [10] Vibrant Flower Color, [12] Uniform, [17] Many Flowers, [1] Some Chlorosis, [21] Vigorous Plant, [2] Non-Uniform, [2] Unique Colors, [3] Unique Flower Form, [4] Great Foliage
Bracteantha	Granvia Harvest Orange	Suntory	Orange		Sun - C	4.19	Almost neon flowers; love the color with age; Bronze color; Compact; Compact and a great pop of color; Nice full container; Nice full pot; [11] Vibrant Flower Color, [17] Many Flowers, [17] Uniform, [19] Vigorous Plant, [2] Unique Flower Form, [4] Unique Colors, [7] Great Foliage
Bracteantha	Granvia Peachy Keen	Suntory	Orange		Sun - C	4.00	Color stands out from other varieties; Compact and uniform; Denser height; Great pastel; more distinguishable from Orange; Nice softer color. Most consistent Granvia in containers; Smaller plants give the pot more of a dense look; Very attractive plant in the container; Very interesting color; [15] Vigorous Plant, [1] Low Vigor, [20] Many Flowers, [21] Uniform, [2] Unique Flower Form, [5] Great Foliage, [6] Vibrant Flower Color, [9] Unique Colors
Bracteantha	Granvia Pink	Suntory	Pink		Sun - C	4.15	Dense pot; Denser growth habit; Many mutated flowers; came back after nearly dying; lots of flowers; Nice color full plant; Not as uniform in pot; Sturdy plant [16] Vigorous Plant, [19] Uniform, [20] Many Flowers, [2] Unique Flower Form, [4] Great Foliage, [4] Unique Colors, [9] Vibrant Flower Color
Buddleia	Summer Bird Pink	Benary	Pink	NEW	Sun - C	2.89	Fills out container well with multiple spikes; Flower to foliage ratio is decent; many dead blooms; Great foliage and bloom combo; lots of flowers have died off; Great shape; Not a lot of color as it is just beginning to flower; Not too many flowers. Kind of airy; Very nice dwarf; [12] Uniform, [1] Color Does Not Match Name, [1] Non-Uniform, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Unique Colors, [4] Low Vigor, [4] Many Flowers, [5] Great Foliage, [6] Vigorous Plant, [8] Few Flowers
Buddleia	Summer Bird Violet	Benary	Purple	NEW	Sun - C	3.56	Actually had butterflies visiting the plant; Darker purple contrast against green; fills beyond the pot; Great foliage; vibrant purple; More dense than pink; More open in habit; Not a lot of color as it is just beginning to flower; Very rounded and full but many blooms have died off; lots of pollinators; [11] Many Flowers, [12] Vibrant Flower Color, [12] Vigorous Plant, [16] Uniform, [1] Non-Uniform, [1] Unique Colors, [1] Unique Flower Form, [2] Few Flowers, [7] Great Foliage
Calibrachoa	Aloha Kona Tiki Pink	Dummen Orange	Pink	NEW	Sun - C	3.27	Beautiful foliage; dense and lush with pops of color throughout; Dense and colorful; Flat growing and balanced in blooms; Low flat coverage; very uniform; Moderate flowering; Needs flower power; Unique veins frame the flowers nicely. Big flowers; [11] Vigorous Plant, [13] Uniform, [1] Disease Present, [1] Some Chlorosis, [2] Unique Colors, [5] Few Flowers, [7] Great Foliage, [7] Vibrant Flower Color, [8] Many Flowers

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Calibrachoa	Bloomtastic Rose Quartz	Dummen Orange	Pink		Sun - C	3.41	Beautiful and big!; Blooming around the sides; Darker green foliage; lush growth; tons of blooms; Even bushy coverage; Flowers and foliage look bigger compared to other varieties. Brighter green leaves; Large flower size; Large flowers; Moderate flowering; Overall good; [10] Great Foliage, [11] Many Flowers, [12] Uniform, [17] Vigorous Plant, [3] Unique Colors, [4] Few Flowers, [6] Vibrant Flower Color
Calibrachoa	Bumble Bee Blue	Ball FloraPlant	Blue		Sun - C	3.18	All foliage; Barely a three no color; Compact variety. Nice gradient of purple; Foliage is dense and grows up and out; Looks like Japanese boxwood; Modern flowering; More flowers on edges; More foliage than bloom [11] Vigorous Plant, [1] Low Vigor, [3] Non-Uniform, [5] Many Flowers, [5] Vibrant Flower Color, [9] Few Flowers, [9] Great Foliage, [9] Uniform
Calibrachoa	Bumble Bee Hot Pink	Ball FloraPlant	Pink		Sun - C	4.23	Balanced and huge mound; Excellent overall color; mounded growth; Yellow in the center of flowers make the pink pop. Many flowers; Good large yellow throat; Good plant and just enough flowers to give this score. Overall calibrachoa poor this year; Great flower density and distribution. Foliage looks very healthy and uniform; Looks same as merry cherry; Very bright blooms; [11] Great Foliage, [15] Uniform, [16] Many Flowers, [16] Vibrant Flower Color, [17] Vigorous Plant, [1] Some Chlorosis, [9] Unique Colors
Calibrachoa	Bumble Bee Pink	Ball FloraPlant	Pink		Sun - C	3.91	Matches well with others in series; Needs flower power; Perfect; Solid plant. Nice colors and foliage. Leaves seem to be longer and bigger; Some faded spots on blooms; Tons of blooms; mounded growth; yellow in center of bloom appears to be pouring out like paint [10] Great Foliage, [13] Uniform, [14] Many Flowers, [16] Vigorous Plant, [2] Non-Uniform, [5] Unique Colors, [7] Vibrant Flower Color
Calibrachoa	Cabrio™ Amethyst	Syngenta	Purple		Sun - C	3.23	Flower count needs to be much higher; Many blooms throughout; reminds me of sombrero; Overall good; Sharp mounding; flowers consistent; Some dead leaves; This variety would make a nice hanging basket plant. Flowers are big. Solid purple; [10] Vigorous Plant, [11] Uniform, [12] Many Flowers, [1] Unique Colors, [2] Few Flowers, [2] Non-Uniform, [2] Some Chlorosis, [3] Great Foliage, [4] Vibrant Flower Color
Calibrachoa	Cabrio™ Pink with Eye	Syngenta	Pink		Sun - C	2.52	Beautiful venation; Dark red and purple center of flowers; yellowing foliage in spots; some plants seem to be dying back a little; I like the gradient of darkish red to pink. Otherwise; this plants performance is not very impressive; Inconsistent fill; May have hail damage; No vigor; Thin coverage; Vigor seems low or in Decline [10] Non-Uniform, [11] Low Vigor, [1] Great Foliage, [1] Significant Pest Damage, [2] Disease Present, [2] Uniform, [2] Vigorous Plant, [3] Unique Colors, [4] Many Flowers, [4] Some Chlorosis, [6] Vibrant Flower Color, [8] Few Flowers
Calibrachoa	Cabrio™ Yellow	Syngenta	Yellow		Sun - C	3.00	Flowers are small; It looks like it pushed hard to outgrow pest damage and never filled in; Lower growing; many flowers; nice foliage; Moderate flowering; Needs more flowers; These flowers appear more dainty than the others and lighter in color; Thinner coverage Tiny blooms. Faded blooms detract from overall plant; Water spotting [10] Vigorous Plant, [13] Uniform, [1] Some Chlorosis, [1] Unique Colors, [2] Non-Uniform, [2] Significant Pest Damage, [3] Low Vigor, [4] Great Foliage, [4] Vibrant Flower Color, [6] Few Flowers, [8] Many Flowers
Calibrachoa	Calitastic Bordeaux Star	Westhoff	Blue		Sun - C	3.41	Flower edges look sharp; not many flowers; I really enjoy the dark purple with the yellow; Nice 3 color flower; Not balanced blooms; Star!; Yellow and dark purple center add character; foliage grows up and out; [12] Unique Colors, [1] Color Does Not Match Name, [1] Low Vigor, [2] Some Chlorosis, [2] Unique Flower Form, [3] Non-Uniform, [6] Few Flowers, [8] Great Foliage, [8] Many Flowers, [9] Uniform, [9] Vibrant Flower Color, [9] Vigorous Plant

Calibrachoa	Calitastic Bright Purple	Westhoff	Pink		Sun - C	3.74	Good balance of bushy and flat coverage; Little more color and its a four; Modern flowering; Needs flower power; Not purple; Perfect and dense; Plant is pleasing to look at. Solid purple flower; Rounded star shaped blooms; tons of blooms throughout plant; Striking contrast and uniform habit; [11] Uniform, [12] Vibrant Flower Color, [15] Many Flowers, [15] Vigorous Plant, [1] Color Does Not Match Name, [1] Some Chlorosis, [2] Few Flowers, [2] Unique Colors, [9] Great Foliage
Calibrachoa	Calitastic Bright Red	Westhoff	Red		Sun - C	2.96	Blooming flowers have beautiful purple hue; Color contrast of inner and outer sides of petals; creeping growth habit; Great flower color; needs flower power; Nice velvety red; Plenty of flowers. Vibrant hot red; Unequal distribution of flowers [10] Vigorous Plant, [12] Uniform, [1] Color Does Not Match Name, [1] Some Chlorosis, [4] Unique Colors, [7] Vibrant Flower Color, [8] Few Flowers, [8] Great Foliage, [9] Many Flowers
Calibrachoa	Calitastic Butter	Westhoff	Yellow		Sun - C	4.13	Beautiful color; Clean and balanced; Good coverage and bright yellow; Great contrast between foliage and bloom; Love the color and good density; Needs more flowers; Solid yellow variety; nice color and shape; The best of the yellow calis; the warm toned yellow flowers and rounded shape make this plant pleasing to look at; Uniform; good balance of bushy and low even coverage. Many flowers; very evenly distributed [12] Great Foliage, [18] Many Flowers, [18] Uniform, [18] Vigorous Plant, [2] Few Flowers, [4] Unique Colors, [9] Vibrant Flower Color
Calibrachoa	Calitastic Cappuccino	Westhoff	Yellow	NEW	Sun - C	2.43	Decent flowers. Poor overall quality; Flower to foliage ratio is off. I like the name; Flowering is moderate; Flowers on edges; Needs flower power; Short and small foliage Unique bloom color underside; Super flat; The orange and yellow stripes in this flower makes it stand out from the rest but the plant is not uniform; [12] Low Vigor, [1] Color Does Not Match Name, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Some Chlorosis, [3] Uniform, [3] Vigorous Plant, [4] Great Foliage, [4] Many Flowers, [5] Unique Colors, [8] Few Flowers, [8] Non-Uniform
Calibrachoa	Calitastic Merry Cherry	Westhoff	Pink		Sun - C	2.86	A dense habit within the pot; Blooms are inconsistent in size; Dense but smaller; Flatter but dense foliage coverage; Flowers are small; Great foliage; dense and compact; More pink than cherry Flowers are closed up. Nice dark foliage; Needs flower power [10] Uniform, [11] Few Flowers, [12] Vigorous Plant, [1] Color Does Not Match Name, [1] Unique Colors, [3] Low Vigor, [3] Vibrant Flower Color, [4] Many Flowers, [9] Great Foliage
Calibrachoa	Calitastic Violaceous	Westhoff	Purple		Sun - C	2.73	Faded blooms compliment new blooms; Flowers cascade down; flat on top; sort of patchy; Has the blooms but also an open center; Not vigorous; Opening in center; Stems are leggy and foliage is not very dense; Thin foliage coverage at base of plant [11] Many Flowers, [2] Great Foliage, [2] Low Vigor, [3] Few Flowers, [5] Non-Uniform, [5] Uniform, [8] Vibrant Flower Color, [8] Vigorous Plant
Calibrachoa	Callie® Dark Blue	Syngenta	Blue	NEW	Sun - C	2.50	Appears to be stretching; Great flowers but many dead leaves; Needs more flowers; Potential powdery mildew. Foliage is yellowing. Veins are very noticeable; Tons of blooms; droopy; blooms mainly around outside of plant; Severe tip burn and few blooms [1] Color Does Not Match Name, [1] Great Foliage, [3] Some Chlorosis, [4] Disease Present, [4] Vibrant Flower Color, [4] Vigorous Plant, [5] Non-Uniform, [5] Uniform, [6] Few Flowers, [6] Low Vigor, [6] Many Flowers
Calibrachoa	Callie® Deep Orange	Syngenta	Orange	NEW	Sun - C	2.74	Blooming on edges and open in middle; Buds more red; Bushy; spindly; Kinda leggy; Leggy; Leggy growth habit; Not many flowers; looks very weedy; nice foliage; Unique bloom color; foliage is a little leggy and reaches down and out of pot; [11] Vigorous Plant, [1] Color Does Not Match Name, [1] Some Chlorosis, [2] Low Vigor, [4] Few Flowers, [4] Great Foliage, [4] Unique Colors, [6] Uniform, [7] Many Flowers, [7] Non-Uniform, [8] Vibrant Flower Color

Calibrachoa	Callie® Hot Pink Spark	Syngenta	Pink		Sun - C	1.86	Leggy and not many blooms; pretty color; Leggy; flat; patchy; growth; flowers are a great pop of color; not many blooms in middle; Open habit; Pretty flowers. Something's up with foliage; Spindly; This plant looks unhealthy. Turning yellow and hardly any flowers [10] Non-Uniform, [15] Few Flowers, [2] Uniform, [2] Unique Colors, [2] Vibrant Flower Color, [3] Disease Present, [3] Vigorous Plant, [4] Some Chlorosis, [8] Low Vigor
Calibrachoa	Callie® Strawberry	Syngenta	Pink		Sun - C	3.00	Great coverage; many dead leaves near base of plant; Needs flower power; Nice vibrant pink with darker pink veins. Foliage is nice and uniform; Sparse flowers; Tons of blooms; rounded growth; fills space well; Uniform and dense mound; [12] Few Flowers, [12] Uniform, [13] Vigorous Plant, [1] Disease Present, [1] Non-Uniform, [2] Some Chlorosis, [4] Great Foliage, [4] Many Flowers, [4] Unique Colors, [6] Vibrant Flower Color
Calibrachoa	Callie® Yellow	Syngenta	Yellow		Sun - C	2.39	Bald center; Less blooms and more faded and leggy; Less flowers; dense foliage; Needs flower power; Not enough flowers; Small flowers; Sparse growth. Seems poor quality; The small yellow flowers pop but the ratio of foliage and flowers is a little off; could use more flowers; [11] Vigorous Plant, [17] Few Flowers, [1] Disease Present, [2] Low Vigor, [2] Many Flowers, [2] Some Chlorosis, [2] Vibrant Flower Color, [4] Non-Uniform, [5] Great Foliage, [7] Uniform
Calibrachoa	Candy Shop Fancy Berry	Westhoff	Pink, white		Sun - C	3.82	Balanced and consistent habit; Beautiful plant!; Flower color patterns remind me of cow patches; white lines in blooms make flowers pop; Flowers less uniform in placement and color; Good flowers nice contrast but few of them; Modern flowering; Needs flowers; Odd bare spots of flowers but other areas very dense; Unique color distribution. Dark foliage; Unique speckled bloom [11] Great Foliage, [12] Many Flowers, [13] Uniform, [15] Vigorous Plant, [1] Few Flowers, [7] Unique Colors, [9] Vibrant Flower Color
Calibrachoa	Candy Shop Grape Splash	Westhoff	Blue, white		Sun - C	3.36	Colors are nice; look like they were painted on to flowers; Colors look splashed into the blooms; dense; mounding foliage; Flower color variable. Some vibrant; some pale; Flowers not stable; Fun patten; Great name and true splash bloom; Hardy plant; patchy in center; Lot's of color but around edges only. A generous score; [10] Unique Colors, [13] Uniform, [14] Many Flowers, [14] Vigorous Plant, [1] Few Flowers, [1] Unique Flower Form, [6] Vibrant Flower Color, [8] Great Foliage
Calibrachoa	Cha-Cha Deep Blue	Ball FloraPlant	Blue		Sun - C	4.23	Balanced and consistent; Bushy even coverage; with many flowers evenly distributed; Foliage reminds me of rosemary; Lot's of green showing on an aggressive plant; Not blue. Foliage forms nice shape. Many flowers; Taller and opening some; [10] Great Foliage, [14] Uniform, [16] Many Flowers, [16] Vigorous Plant, [1] Color Does Not Match Name, [1] Few Flowers, [1] Non-Uniform, [1] Unique Colors, [8] Vibrant Flower Color
Calibrachoa	Cha-Cha Diva Apricot	Ball FloraPlant	Yellow, orange		Sun - C	3.65	Fills in well; Moderate flowering; Needs flower power; Nice pattern on petals, water spotting; Thai variety reminds me of strawberry lemonade. Great shape and colors; The difference in color between the blooms gives a nice variety; the pink and yellow flowers have a unique pattern; Unbalanced mounding; Unique color but needs flower power; Unique color combo and form on petals; [11] Great Foliage, [12] Uniform, [15] Many Flowers, [17] Vigorous Plant, [1] Few Flowers, [1] Low Vigor, [2] Non-Uniform, [6] Vibrant Flower Color, [9] Unique Colors

Calibrachoa	Cha-Cha Diva Hot Pink	Ball FloraPlant	Pink, yellow		Sun - C	1.64	Dead foliage. Flower colors are really pretty. This plant doesn't look too great otherwise; hole in middle of plant; Half of plant is dead; Half of plant is dying; few flowers but those that are present have nice coloring; Less hot pink and more; Mixed yellow and white with pink tips; No flowers; Rotting in the center; Some damage; Watercolor flowers; very patchy foliage [10] Low Vigor, [10] Non-Uniform, [16] Few Flowers, [1] Many Flowers, [1] Some Chlorosis, [1] Vigorous Plant, [2] Uniform, [2] Unique Colors, [2] Vibrant Flower Color, [3] Color Does Not Match Name, [4] Disease Present
Calibrachoa	Cha-Cha Diva Lavender	Ball FloraPlant	Blue	NEW	Sun - C	3.23	Colors are splotchy. Leaves are big a long. More pastel vibes; Dainty; Flowers look like watercolor; Moderate flowering; Not vigorous and few flowers; Pale color that's more splash than solid [10] Uniform, [12] Many Flowers, [1] Color Does Not Match Name, [1] Non-Uniform, [2] Few Flowers, [2] Low Vigor, [2] Vibrant Flower Color, [3] Great Foliage, [3] Some Chlorosis, [3] Unique Colors, [9] Vigorous Plant
Calibrachoa	Cha-Cha Fuchsia	Ball FloraPlant	Pink	NEW	Sun - C	3.50	Beautifully bushy and even coverage of foliage and flowers. Dense; Excellent color; nice yellow throat; Flowers consistently across; Nice yellow throat; Very dense; Very vibrant blooms; rounded; dense foliage; Very vibrant color; foliage is nice and round and dense; [11] Vigorous Plant, [12] Many Flowers, [12] Uniform, [15] Vibrant Flower Color, [1] Few Flowers, [1] Non-Uniform, [3] Unique Colors, [9] Great Foliage
Calibrachoa	Cha-Cha Lavender	Ball FloraPlant	Blue	NEW	Sun - C	3.41	Dead foliage. Color is not lavender; Donut; Going out of bloom; Little leaves; Open center holds it back. Good color; This has a nice mounding habit; Very uniform blooms; tons of blooms; mounding; [10] Uniform, [11] Vigorous Plant, [14] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Some Chlorosis, [2] Low Vigor, [2] Non-Uniform, [4] Great Foliage, [7] Vibrant Flower Color
Calibrachoa	Cha-Cha Orange	Ball FloraPlant	Orange	NEW	Sun - C	3.35	Bushy; Dainty flowers; mounded growth; great ratio of blooms to foliage; Fills out nice Water spotting; Foliage looks very dense and full. Ratio of flowers to foliage is nice. Orange flowers compliment green foliage nicely; Moderate flowering; Needs flower power; Not balanced; Some pest damage; [10] Uniform, [14] Vigorous Plant, [1] Color Does Not Match Name, [1] Low Vigor, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [4] Unique Colors, [6] Few Flowers, [8] Great Foliage, [8] Many Flowers, [8] Vibrant Flower Color
Calibrachoa	Cha-Cha Red	Ball FloraPlant	Red	NEW	Sun - C	3.26	Blooms are a nice; solid pop of color; growth pattern is more mounded than spreading; Minor color loss in leaves; Needs more flowers; Not many flowers compared to foliage. Nice solid red; Vibrant red; more flat on the pot; Water spotting; Where's the color; [10] Vibrant Flower Color, [12] Uniform, [12] Vigorous Plant, [1] Low Vigor, [1] Some Chlorosis, [2] Non-Uniform, [2] Unique Colors, [9] Few Flowers, [9] Great Foliage, [9] Many Flowers
Calibrachoa	Cha-Cha Red Kiss	Ball FloraPlant	Red	NEW	Sun - C	3.13	Beautiful shadows, Low lying; Flat coverage; Like the dark center; Love the color. Spotty fill; Love the dark eye; Nice dark red color; Purple outside of bloom contrasts with red inside; makes plant stand out; The darker red shading inside the flowers makes the yellow center pop; [10] Uniform, [10] Unique Colors, [13] Vibrant Flower Color, [2] Unique Flower Form, [3] Low Vigor, [3] Non-Uniform, [5] Few Flowers, [7] Great Foliage, [7] Many Flowers, [7] Vigorous Plant
Calibrachoa	Cha-Cha Tangerine	Ball FloraPlant	Orange		Sun - C	2.74	Aphids and thrips damage. Soil showing; Flowers not as abundant and differ in size; I like this variety but it's not very unique and is not thriving as much as the others; Needs flower power; Not full in middle; Pest damage has definitely hurt the plants. Inconsistent growth from that; The color of this plant is very satisfying; it reminds me of a peach [1] Disease Present, [1] Some Chlorosis, [2] Many Flowers, [2] Vibrant Flower Color, [3] Significant Pest Damage, [4] Uniform, [5] Unique Colors, [5] Vigorous Plant, [6] Low Vigor, [7] Great Foliage, [7] Non-Uniform, [8] Few Flowers

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Calibrachoa	Cha-Cha Yellow	Ball FloraPlant	Yellow	NEW	Sun - C	4.26	Good shape; taller variety; Great name for a true yellow bloom; Great name!; Larger mounding and full of flowers; Lighter yellow and not quite as good as Calitastic; Perfect; Taller habit; These yellow flowers have a very solid color across the petals and throughout the plant; [12] Great Foliage, [17] Uniform, [17] Vigorous Plant, [1] Unique Colors, [21] Many Flowers, [6] Vibrant Flower Color
Calibrachoa	Chameleon Atomic Orange	Westhoff	Orange		Sun - C	3.48	Blooming on edges. Trails to ground; Blooming around edges; Definitely a pink not orange; Looks a little out of control; Moderate flowering; Needs flowers; This plant is bright and colorful but the plant is more hot pink than orange; Spills out of pot nicely [11] Many Flowers, [12] Uniform, [18] Vigorous Plant, [1] Non-Uniform, [1] Significant Pest Damage, [2] Some Chlorosis, [3] Color Does Not Match Name, [3] Few Flowers, [7] Unique Colors, [9] Great Foliage, [9] Vibrant Flower Color
Calibrachoa	Chameleon Blackberry Pie	Westhoff	Purple, yellow		Sun - C	4.00	Dark contrast and even balance of flowers; Great bushy habit and even coverage; Interesting color even as it fades. Again could use more flower power; Nice yellow specks in bloom; Unique coloration. Veins are very noticeable. Foliage is nice; looks a little wild; Very uniform; great ratio of blooms to foliage; rounded and cascading; [11] Unique Colors, [11] Vibrant Flower Color, [13] Great Foliage, [13] Uniform, [17] Many Flowers, [17] Vigorous Plant, [1] Few Flowers
Calibrachoa	Chameleon Blueberry Scone	Westhoff	Yellow		Sun - C	2.87	Beautiful variegation; flowers are distributed well; Blooming on edges; The spotted purple and yellow colors make this plant stand out from the rest; Few open flowers when observing but many flowers present. Looks thick and uniform; Just not enough bloom. Love the color; Love the color change. Seems to not flower a lot though and flowers are fighting for same area; Needs more flowers; Plants good but no color; Small flowers; The name of this plant describes the colors perfectly. I wish there were more flowers. [10] Few Flowers, [10] Uniform, [12] Unique Colors, [13] Vigorous Plant, [3] Vibrant Flower Color, [4] Many Flowers, [7] Great Foliage
Calibrachoa	Chameleon Tart Deco	Westhoff	Pink, yellow		Sun - C	3.22	Clean and balanced; Color carries it; Good foliage color; Great color contrast; flowers fade when older; Many holes near center of flowers; not evident at first glance; Moderate flowering; Needs more flowers to complement the dense foliage; Nice white spotting on petals; Small holes in petals blooms [10] Great Foliage, [10] Many Flowers, [15] Vigorous Plant, [1] Disease Present, [1] Non-Uniform, [1] Significant Pest Damage, [1] Unique Flower Form, [2] Low Vigor, [4] Few Flowers, [5] Unique Colors, [8] Uniform, [9] Vibrant Flower Color
Calibrachoa	COLBRI Spark Purple	Danziger	Blue	NEW	Sun - C	3.05	An easy three if center wasn't wide open; Center foliage missing; Flowers are small. Foliage is not very dense; Gap in flowers; Growth habit is slightly irregular; Lines of yellow in middle make the rest of the flower pop; mounded and compact; Not happy in the center; Opening up in habit; Soil showing; Splotchy growth habits [14] Many Flowers, [1] Some Chlorosis, [2] Low Vigor, [2] Unique Colors, [3] Uniform, [4] Great Foliage, [4] Vibrant Flower Color, [5] Vigorous Plant, [9] Non-Uniform
Calibrachoa	COLBRI Tangerine	Danziger	Orange	NEW	Sun - C	3.00	Bigger leaves compared to other varieties. Not many flowers; Blooms are mainly concentrated to outer ring of foliage; Good color little else; Not balanced; Not all tangerine; Pest has eaten the petals; Love the color as it fades; Soil showing; Water damage [3] Low Vigor, [3] Some Chlorosis, [5] Few Flowers, [5] Great Foliage, [5] Many Flowers, [5] Non-Uniform, [5] Vibrant Flower Color, [6] Unique Colors, [7] Uniform, [9] Vigorous Plant
Calibrachoa	COLIBRI Dark Lavender	Danziger	Blue	NEW	Sun - C	3.05	Cascading blooms; flat top; Dark lavender? Blooming around edges; Flat coverage; Flatter habit; Lower growth habit; Sparse foliage; This is not dark lavender. it's light purple [12] Many Flowers, [1] Color Does Not Match Name, [3] Great Foliage, [3] Low Vigor, [3] Non-Uniform, [3] Vibrant Flower Color, [4] Unique Colors, [8] Vigorous Plant, [9] Uniform

Calibrachoa	MiniFamous Uno Dark Blue	Selecta One	Blue, white		Sun - C	2.55	Compact and small; stretches outwards and lays flat; Dainty; Great color. Small growth habit; Growth is smaller than others; Lacks vigor; Low foliage cover; Not super aggressive; Only dark blue when first opens; Pant is smaller and contained within the pot. Nice solid purple with white outlines; [14] Low Vigor, [1] Great Foliage, [1] Unique Flower Form, [3] Unique Colors, [4] Few Flowers, [4] Non-Uniform, [5] Vibrant Flower Color, [6] Uniform, [9] Many Flowers
Calibrachoa	MiniFamous Uno Double PinkTastic	Selecta One	Pink		Sun - C	3.91	Beautiful layering and colors; Foliage is nicely rounded and there are many flowers. I love the dark/light pink shading; Great pink and white blooms; cascading down sides of pot; Great textural color added; Needs flower power; Nice double flower; [10] Unique Flower Form, [14] Vigorous Plant, [15] Many Flowers, [16] Uniform, [1] Some Chlorosis, [2] Few Flowers, [6] Vibrant Flower Color, [8] Unique Colors, [9] Great Foliage
Calibrachoa	MiniFamous Uno Double Red	Selecta One	Red		Sun - C	2.78	Doubles not as prevalent; Flowers shaped like stars; double petals give depth; Habit opening; Inconsistent double blooms; Leggy; Leaves have minor yellow spotting; Many of the flowers are not double. Flowers are inconsistently shaped; Moderate flowering; Water damage, Double layer is inconsistent; [2] Low Vigor, [3] Great Foliage, [3] Unique Colors, [5] Non-Uniform, [7] Few Flowers, [7] Many Flowers, [7] Vibrant Flower Color, [7] Vigorous Plant, [8] Uniform, [9] Unique Flower Form
Calibrachoa	MiniFamous Uno Double White 23	Selecta One	White	NEW	Sun - C	3.74	Beautiful yellow hue; Clean and crisp; balanced; Great double flower; I really enjoy this variety with the double petals. Foliage in nice and lush; The double petal pattern in this plant makes it stand out; Two uniform growth habits but each side is different [13] Uniform, [16] Many Flowers, [16] Vigorous Plant, [1] Few Flowers, [1] Non-Uniform, [1] Unique Colors, [4] Vibrant Flower Color, [6] Unique Flower Form, [9] Great Foliage
Calibrachoa	MiniFamous Uno Rose+Eye	Selecta One	Pink	NEW	Sun - C	4.04	Bursting with blooms. Great solid pink/purple; Consistent; Deeper color eye; Dense and balance of flowers; Dense foliage and blooms; stretches past pot edge and fills the space well; Foliage is a nice; dark green. Name fits the plant well; Good balance of bushy and flat coverage; Most color on edge; [13] Great Foliage, [14] Uniform, [16] Vigorous Plant, [17] Many Flowers, [1] Unique Flower Form, [4] Unique Colors, [8] Vibrant Flower Color
Calibrachoa	MiniFamous Uno White Gold	Selecta One	Yellow	NEW	Sun - C	3.74	Color is super saturated; Consistent flower to foliage ratio. Nice foliage shape; Great flowers; odd bare/sparse spots; Just enough yellow; Love the gradient and balance; More yellow than gold; The gradient of yellow and white in this flower compliment the foliage. Nice ratio of flowers to foliage [11] Great Foliage, [13] Vigorous Plant, [15] Uniform, [19] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Low Vigor, [4] Unique Colors, [9] Vibrant Flower Color
Calibrachoa	OMBRE Pink	Danziger	Pink, yellow		Sun - C	2.95	Blooms are not sharp and look faded; Foliage cover low at base of plant; Moderate flowering; Mounding growth pattern; variety of colors between older and newer blooms; Need flowers; Needs flower power; Spotted colors on petals are interesting. Inconsistent colors. Foliage is nice; leaves are bigger; Looks same as pink lemonade; [10] Many Flowers, [11] Uniform, [1] Low Vigor, [1] Non-Uniform, [3] Few Flowers, [3] Great Foliage, [3] Some Chlorosis, [4] Vibrant Flower Color, [6] Unique Colors, [9] Vigorous Plant
Calibrachoa	OMBRE Purple	Danziger	Yellow, purple	NEW	Sun - C	3.86	Bushy; Fun pattern; Great speckle color combo; Larger mounding. Less blooms at top but consistent; Maybe hail damage or disease in center; Moderate flowering; More yellow flowers versus purple; Round bushy foliage. Yellow to purple ombre, Veins are very noticeable; Very round growth; mix of purple and yellow blooms; looks like an Afro; [14] Uniform, [14] Vigorous Plant, [1] Non-Uniform, [2] Color Does Not Match Name, [2] Few Flowers, [2] Unique Flower Form, [3] Vibrant Flower Color, [8] Unique Colors, [9] Great Foliage, [9] Many Flowers

Calibrachoa	OMBRE Sunrise	Danziger	Orange	NEW	Sun - C	3.09	Bald center; Compact and uniform; flowers provide a lovely pop of color; Flat and trailing. More blooms on edges; Flower size differs; Great name for the flower!; Needs flowers powers; Odd holes in growth; Unique color variation; Very pretty flowers; not very uniform [14] Vigorous Plant, [2] Low Vigor, [5] Few Flowers, [5] Vibrant Flower Color, [6] Great Foliage, [6] Non-Uniform, [9] Many Flowers, [9] Uniform, [9] Unique Colors
Calibrachoa	Superbells® Blue (2024)	Proven Winners	Blue	NEW	Sun - C	2.86	Flat; Foliage tips burned? Barely a three; Lacks flowers; Moderate flowering; More foliage than blooms; small blooms add color throughout; Nice dark contrast; Not blue. Foliage looks like it may be dying. Lower growing; Splotchy growth [1] Color Does Not Match Name, [1] Disease Present, [2] Low Vigor, [2] Some Chlorosis, [3] Few Flowers, [3] Great Foliage, [3] Non-Uniform, [5] Many Flowers, [7] Uniform, [7] Vibrant Flower Color, [7] Vigorous Plant
Calibrachoa	Superbells® Double Amber	Proven Winners	Orange		Sun - C	3.00	Colors blend well; Flat growing in pot and blooming on edges; Gaps in foliage; doesn't fully fill pot; Great contrast between bloom and bud; Large flower but barely a double; Lower growing; lacks density in foliage. Nice flowers but colors do not pop; Moderate flowering; Needs flower power; Poor growth habit; The double petal pattern and the amber color pairs well with the green foliage and layout of plant; [10] Unique Colors, [3] Great Foliage, [4] Unique Flower Form, [5] Few Flowers, [5] Non-Uniform, [7] Many Flowers, [8] Low Vigor, [8] Uniform, [8] Vigorous Plant
Calibrachoa	Superbells® Double Redstone™	Proven Winners	Orange	NEW	Sun - C	3.17	Beautiful; Double petals look like a swirl with yellow highlights; newer blooms are more yellow; older more red; Interesting color but few blooms; Interesting habit; More upright; cool flower habit!; Nice double flower; Nice yellow outline really makes the double red layers stand out; Really unique colors just not enough blooms [10] Great Foliage, [12] Unique Flower Form, [12] Vigorous Plant, [14] Few Flowers, [15] Unique Colors, [1] Low Vigor, [3] Many Flowers, [4] Non-Uniform, [7] Uniform, [7] Vibrant Flower Color
Calibrachoa	Superbells® Double Smitten Pink™	Proven Winners	Pink	NEW	Sun - C	3.82	Balanced bloom and habit; unique depth with colors; Dense foliage; unique double petals and color contrast; Lopsided; Muffin top; Nice double flowers; One of best doubles; Rosebud double look unique; This plant reminds me of little roses. The dark pink shading the double layer is nice; [13] Vigorous Plant, [14] Uniform, [16] Many Flowers, [1] Non-Uniform, [4] Unique Colors, [7] Vibrant Flower Color, [9] Great Foliage, [9] Unique Flower Form
Calibrachoa	Superbells® Double Twilight™	Proven Winners	Blue		Sun - C	3.45	Beautifully color veining on petals. Inconsistent foliage coverage by base of plant; Blooming around edges; Cascading; tons of blooms in ring around plant; great colors; Great flowers. Very sparse in the middle; Little more open habit; More blooms on edges; The purple pairs nice with the green foliage. I really like the name; [11] Vigorous Plant, [13] Many Flowers, [1] Few Flowers, [2] Non-Uniform, [4] Vibrant Flower Color, [5] Great Foliage, [8] Unique Colors, [9] Uniform, [9] Unique Flower Form
Calibrachoa	Superbells® Double Vintage Coral™	Proven Winners	Orange	NEW	Sun - C	3.65	Blooms balanced across; trailing to the ground; Double flowers needs more flowers; Love the color. Would love more flowers; Love the underside of the bloom and double; Moderate flowering; Perfect!; The flowers on this plant remind me of a mini rose. The colors are unique and the double petal gives it's character; This variation is so pretty; I love the red veins in the flowers. I too much foliage to amount of flowers; [11] Great Foliage, [11] Unique Flower Form, [12] Unique Colors, [14] Uniform, [18] Vigorous Plant, [5] Vibrant Flower Color, [6] Few Flowers, [7] Many Flowers

Calibrachoa	Superbells® Double White	Proven Winners	White	NEW	Sun - C	2.04	Blooming on edges; Flower form saved it from a 1; Lacks density; looks a little weedy; Leggy and less blooms; May have disease; super sparse flowers; More open habit; Soil showing; The double petal pattern adds character but the plant is not very uniform; [10] Non-Uniform, [15] Few Flowers, [15] Low Vigor, [1] Vigorous Plant, [2] Some Chlorosis, [3] Great Foliage, [3] Many Flowers, [3] Uniform, [4] Unique Flower Form
Calibrachoa	Superbells® Pink (2024)	Proven Winners	Pink	NEW	Sun - C	1.70	Browning tips; Dying leaves; does not fill pot; No vigor; This plant looks very unhappy. Significant amount of dead foliage. Not many flowers; size in leaves varies drastically; Tiny plentiful flowers; uneven foliage growth; [12] Low Vigor, [13] Few Flowers, [13] Non-Uniform, [1] Many Flowers, [1] Significant Pest Damage, [1] Unique Colors, [1] Vigorous Plant, [3] Some Chlorosis, [4] Vibrant Flower Color, [5] Disease Present
Calibrachoa	Superbells® Prism™ Pink Lemonade	Proven Winners	Pink, yellow		Sun - C	2.82	All flowers have different varieties; Dead foliage present. Flowers look washed out and inconsistently colored. Not many flowers; Faded blooms; like the variation of colors; Flower color varies on plant; Looks easily desiccated. Many leaf tips are burnt; Many unique blooms; patchy foliage growth; Moderate flowering; Needs flower power; Pink lemonade looks like ombre pink (Danziger) [10] Uniform, [13] Vigorous Plant, [2] Disease Present, [2] Non-Uniform, [4] Few Flowers, [5] Many Flowers, [6] Vibrant Flower Color, [7] Unique Colors, [8] Some Chlorosis
Calibrachoa	Tik Tok® Apricot	Dummen Orange	Orange	NEW	Sun - C	3.52	Add color and it's a four rating; Beautiful color!; Compact to pot; Dead center; I like the way the yellow in the center of these flowers make it pop; Large flowers and foliage; Love the flower color! Odd holes in the growth; Needs flower power; Not as full; The yellow center and pink outside of this flower create a nice look that goes well with the darker green foliage; [10] Uniform, [11] Great Foliage, [11] Many Flowers, [12] Vibrant Flower Color, [12] Vigorous Plant, [1] Unique Flower Form, [2] Color Does Not Match Name, [2] Few Flowers, [2] Low Vigor, [4] Non-Uniform, [8] Unique Colors
Catharanthus	Blockbuster™ Blue	Syngenta	Blue		Sun - S	2.85	Big blooms. Pot is not full; Flower color pairs well with the foliage; Flowers had damage spots; Good purple blue flower color; Gorgeous blue; Unique color compared to other varieties- not blue; vigorous branching; Great flower color. Not great growth; Holds color in this flower color well; Looks like some thrips damage on the plants; [1] Few Flowers, [4] Low Vigor, [5] Non-Uniform, [5] Vigorous Plant, [6] Great Foliage, [7] Uniform, [8] Unique Colors, [9] Many Flowers, [9] Vibrant Flower Color
Catharanthus	Blockbuster™ Dark Red	Syngenta	Red		Sun - S	2.19	Didn't fill pot; Flower color doesn't appear stable; Flower fading; Flowers are bleaching; Great flower color; seems more pink than dark red; Not good overall; Smaller flowers; taller growth; Some new flowers appear green; [3] Color Does Not Match Name, [3] Few Flowers, [3] Many Flowers, [3] Vibrant Flower Color, [3] Vigorous Plant, [4] Disease Present, [4] Great Foliage, [5] Non-Uniform, [6] Uniform, [7] Low Vigor
Catharanthus	Blockbuster™ White	Syngenta	White		Sun - S	3.07	Blooms are uniform and plant has an upright growth pattern; Flowers are large but doesn't "wow"; Hardy and filled in wonderfully. Clean white appearance; Plants are smaller. Very large flowers; round foliage; Huge flowers; Huge flowers pure white; Super large flower; Large flower size; Large flowers spent flowers not nice; [11] Many Flowers, [1] Few Flowers, [1] Some Chlorosis, [2] Unique Colors, [2] Vibrant Flower Color, [3] Low Vigor, [5] Great Foliage, [5] Non-Uniform, [7] Uniform, [8] Vigorous Plant

Catharanthus	Cora® Cascade XDR Punch	Syngenta	Pink		Sun - S	3.63	Good looking plant; Great low growing habit; Great trailing habit; more flowers on edges; Grows flat; good ground coverage; I like the more upright foliage; More of a ground cover; Plant has a flatter/crawling growth pattern compared to other trial Catharanthus. Really nice plant habit decent amount of flowers; [12] Many Flowers, [15] Uniform, [17] Vigorous Plant, [1] Some Chlorosis, [1] Unique Flower Form, [2] Low Vigor, [3] Unique Colors, [4] Few Flowers, [6] Vibrant Flower Color, [8] Great Foliage
Catharanthus	Cora® Cascade XDR White Improved	Syngenta	White		Sun - S	3.00	Flowers on the ends; Ground cover growth; I like the taller foliage; Large flowers; Lays flat; looks like a blanket; Not many flowers for the size of pot. More of a crawler; Really nice; Uniform flowers and foliage; more of a flat/crawling growth pattern (works well); Unique habit; trailing. Flowers throughout vines; [10] Vigorous Plant, [17] Uniform, [1] Low Vigor, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Colors, [2] Vibrant Flower Color, [3] Few Flowers, [6] Great Foliage, [8] Many Flowers
Catharanthus	Cora® Classic Red	Syngenta	Red		Sun - S	2.44	Compact an upright; solid red flowers; didn't fill pot; Great pop of color; Needs more flowers; more compact than other varieties; Small overall; [12] Low Vigor, [2] Non-Uniform, [4] Few Flowers, [4] Vigorous Plant, [6] Great Foliage, [6] Many Flowers, [6] Vibrant Flower Color, [8] Uniform
Catharanthus	Soiree® Double Pink	Suntory	Pink		Sun - C	3.85	A little lopsided but a nice pot; Love this one!; Nice pop of color; Not even habit; Simply beautiful; Unique petal orientation; Vibrant color; unique double form; uniform flowering; [10] Great Foliage, [12] Unique Flower Form, [12] Vibrant Flower Color, [13] Uniform, [14] Vigorous Plant, [15] Many Flowers, [1] Few Flowers, [2] Non-Uniform, [2] Unique Colors
Catharanthus	Soiree® Double White	Suntory	White		Sun - C	3.11	Attractive plant; Double flower form; Foliage and flowers pair well but the flowers appear pink; Some patchy growth; More blush than white; More peachy white but still pretty; More pink than white; foliage to flower ratio seems off. Less flowers; more foliage; More pointed top of flowers; does not open up fully. Resilient plants; Not full in pot; Not many flowers on the top. Mostly on the sides of the pot; Pale color; [11] Great Foliage, [11] Vigorous Plant, [2] Unique Colors, [3] Non-Uniform, [4] Color Does Not Match Name, [4] Vibrant Flower Color, [6] Few Flowers, [6] Unique Flower Form, [9] Many Flowers, [9] Uniform
Catharanthus	Volcano F1 Peach	Cerny Seed	Peach	NEW	Sun - S	2.85	Big blooms but habit is not as good; Big flowers; didn't fill pot; Small dark in the center with peach pads unique; Unique color gradient; Unique flower color; Vibrant flower colors; some plants have more blooms than others [10] Unique Colors, [1] Few Flowers, [1] Some Chlorosis, [4] Great Foliage, [5] Low Vigor, [5] Non-Uniform, [9] Many Flowers, [9] Uniform, [9] Vibrant Flower Color, [9] Vigorous Plant
Catharanthus	Volcano F1 Rose Morning	Cerny Seed	Pink	NEW	Sun - S	3.33	Center eye lovely; fills in great; Flowers are a nice pop of color that catches the eye; Foliage looks healthy; I love the dark pink in the middle; Huge flowers; Little uneven in habit; Very large flowers makes the pot look more full than it is [14] Many Flowers, [14] Uniform, [14] Vigorous Plant, [1] Low Vigor, [1] Unique Flower Form, [4] Unique Colors, [7] Great Foliage, [9] Vibrant Flower Color
Catharanthus	Volcano F1 Scarlet Eye	Cerny Seed	Red	NEW	Sun - S	2.59	1/2 the pot is good; more bushy growth; upright growth pattern with bright flowers; didn't fill pot; resilient; Only 2 plants in the pot but they are large; Sturdy plants; [11] Many Flowers, [2] Few Flowers, [4] Low Vigor, [4] Unique Colors, [5] Non-Uniform, [6] Great Foliage, [6] Uniform, [7] Vigorous Plant, [8] Vibrant Flower Color

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Centaurea	FanciFillers Chrome Fountain	Westhoff	Silver, yellow		Sun - C	4.48	Beautiful plant with unique foliage that catches the eye and draws you in; Excellent novel plant. Very uniform; Great looking plant; Great silver color; Just starting to flower; Love it!; One of the best looking plants in the entire garden; Such a dense mound of ribbed leaves; Unique filler plant; Unique; looks healthy all around; fun texture; no blooms open [15] Vigorous Plant, [18] Great Foliage, [1] Many Flowers, [1] Unique Flower Form, [20] Uniform, [3] Few Flowers, [5] Unique Colors
Coleus	Campfire	Ball FloraPlant	Orange		Sun - C	3.63	A few flowers are starting to form; Beautiful; velvety looking plant; If the presence of flowers could be eliminated I would give it higher marks; some reversion back to green/yellow edges of foliage; It looks like part of this plant may have reverted. Leaves are very big and display colors of orange and purple; Vibrant foliage!; round leaves; gradient of red and orange makes it look like a campfire; flowers add texture; Nice foliage color but has a lot of flowers. Not uniform color; Some flowering [12] Unique Colors, [14] Uniform, [1] Disease Present, [1] Unique Flower Form, [23] Great Foliage, [28] Vigorous Plant, [3] Many Flowers, [3] Non-Uniform, [5] Vibrant Flower Color, [7] Few Flowers
Coleus	Combat	Benary	Green, yellow, red		Sun - C	3.33	Coloring is not very vibrant; some foliage damage; Smaller leaf size; Some flowers. Colors are washed out in my opinion; This plant reminds me of camouflage. The colors are a very interesting gradient; Unique colors; looks like camo; [10] Great Foliage, [11] Uniform, [15] Vigorous Plant, [1] Some Chlorosis, [2] Few Flowers, [4] Unique Colors
Coleus	Copper	Benary	Orange		Sun - C	3.50	Fun variety of color on the leaves; but has a few stress stocks; Looks like a scoop; large; round leaves; colors are unique; Looks like some parts have reverted. Shape of leaves is unique; No flowers good; No flowers present; red and green leaves; Not stable; [14] Uniform, [21] Great Foliage, [22] Vigorous Plant, [2] Unique Flower Form, [3] Some Chlorosis, [6] Non-Uniform, [8] Unique Colors
Coleus	FlameThrower Habanero	Ball FloraPlant	Orange		Sun - C	4.14	Green tip to leaf edge not consistent; Has some foliage burn; Love the green tips; Lush; round and uniform; deep red color; The order leaf with purple veins is very unique and adds nice depth; a little more habanero color to these than the ones in full sun. [11] Uniform, [14] Great Foliage, [17] Vigorous Plant, [1] Few Flowers, [5] Unique Colors
Coleus	FlameThrower Salsa Roja	Ball FloraPlant	Burgundy		Sun - C	4.10	Not stable with variegation; Great performance in container; Has some green variation but those leaves are hidden; Some leaves lack green edge; Spiky leaves; deep red/purple color; bushy and round; full; Very unique foliage shape; deep red foliage is very pretty. Nice bushy look; interesting leaf shapes; nice coloring; [11] Uniform, [12] Great Foliage, [16] Vigorous Plant, [1] Significant Pest Damage, [1] Vibrant Flower Color, [2] Non-Uniform, [2] Unique Flower Form, [4] Unique Colors
Coleus	FlameThrower Siracha	Ball FloraPlant	Red, yellow		Sun - C	4.57	Excellent performance; love the presence of no flowers. doesn't like color combo; Good green edge to leaf; I really like the dark green edge with red spots. Cool leaf shape; Looks spicy; round and textured; unique green dipped leaves; Nice variation. Holds color well. Probably best one out here; cool color contrast; looks like flames; [14] Great Foliage, [14] Uniform, [16] Vigorous Plant, [2] Vibrant Flower Color, [7] Unique Colors
Coleus	King Henry	Benary	Red, green		Sun - C	3.81	If there were no flowers present this would get higher marks by me; Vibrant and full; pink in center bleeds into darker parts; Nice foliage color. Quite a few flowers; Nice gradient of reds with a green crinkly border; Some flowers; [10] Great Foliage, [12] Vigorous Plant, [1] Unique Flower Form, [2] Vibrant Flower Color, [3] Few Flowers, [3] Many Flowers, [6] Unique Colors, [8] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Coleus	Nevada	Benary	Green, purple		Sun - C	3.62	Bright green foliage paired with purple veining; bushy and full; Does not fade in sun; No flowers are present; good. Great color combination; Slight bleaching of foliage; Unique foliage. Purple veins contrast nice with the like green leaves. Big and bushy; very interesting color contrast of lime and dark purple/black veins. love it [11] Great Foliage, [13] Uniform, [14] Vigorous Plant, [2] Vibrant Flower Color, [3] Few Flowers, [6] Unique Colors
Coleus	Peter's Wonder	Benary	Red, green, yellow		Sun - C	3.67	Crinkly edges; pink centers. I like the colors a lot; Dull colors; I like the leaf margins; Interesting but variation is a little too random; More uniform and intentional; Pink stems and tie dye colored leaves gives the plant a unique look; looks painted; bushy and full; Super fun foliage color mix; Very few flowers; unsure if the coloring of the plant is supposed to have yellow but it looks like disease. may not be too attractive to some; [12] Great Foliage, [13] Vigorous Plant, [1] Some Chlorosis, [1] Unique Flower Form, [2] Few Flowers, [2] Non-Uniform, [7] Unique Colors, [9] Uniform
Coleus	Premium Sun Coral Candy	PanAmerican Seed	Orange	NEW	Sun - S	2.78	Dull colors; Looks sad; Love this; wish it were a bit taller and vigorous; Nice foliage; Smaller overall habit; Some of the leaves are very nice; but some looks sunburned; The large gradient of different colors combined with the interesting leaf shape makes this plant really stand out; Too droopy; unique color; uniform; smaller and more compact; Vibrant foliage; no flowers; not very vibrant but pretty colors [12] Great Foliage, [13] Uniform, [14] Unique Colors, [1] Many Flowers, [1] Some Chlorosis, [1] Unique Flower Form, [21] Low Vigor, [2] Disease Present, [5] Vigorous Plant, [6] Non-Uniform
Coleus	Saturn	Benary	Red, green		Sun - C	4.10	Good yellow stripe in middle of leaf; Nice color combination; Nice red border frames the lime green center. Big and bushy; Not my favorite color combo but performing well in containers; Vibrant green in center of maroon foliage; fluffy and mounding; gorgeous color contrast. unique [10] Unique Colors, [11] Uniform, [14] Great Foliage, [14] Vigorous Plant, [1] Non-Uniform, [1] Vibrant Flower Color, [5] Few Flowers
Coleus	TrailBlazer Glory Road	Ball FloraPlant	Red, yellow	NEW	Sun - C	4.10	Love the vigor uniformity and lack of flowers. Color combo not my cup of tea; Nice colors. Nice habit; Small leaves in large clusters; bushy and full; Smaller leaf and uniform size; Very bushy and round. Almond shaped leaves. Bright red veins are unique; [10] Uniform, [11] Great Foliage, [15] Vigorous Plant, [1] Low Vigor, [1] Non-Uniform, [1] Vibrant Flower Color, [3] Unique Colors
Coleus	TrailBlazer Road Trip	Ball FloraPlant	Red, green	NEW	Sun - C	4.05	Huge; luscious; vibrant colors; unique leaf shape; Opening up slightly in the middle; Pattern is not carried all the way through; Really filled up the container. Looks great!; Smaller leaf; Sprawling out. Older foliage gets much later. Some dark non-variegated foliage; Very vigorous; has grown long and leggy Wow! The vigor on this is incredible!; [11] Great Foliage, [15] Vigorous Plant, [1] Vibrant Flower Color, [3] Non-Uniform, [4] Unique Colors, [8] Uniform
Combo	Confetti Garden Cupcake Night	Dummen Orange	Yellow	NEW	Sun - C	3.23	Filled out nicely; Like succulent style; Mostly yellow; Only see two colors and not very impressive mix; Unique foliage texture. Nice variety of color; Vigorous; full and dense foliage; tons of blooms with a nice mix of both yellow and white; Would be nicer when buds open; Yellow more vigorous. See yellow and white; [10] Many Flowers, [11] Vigorous Plant, [1] Some Chlorosis, [1] Unique Colors, [2] Few Flowers, [3] Non-Uniform, [4] Vibrant Flower Color, [6] Great Foliage, [9] Uniform
Combo	Confetti Garden Scala Summer Breeze	Dummen Orange	Blue, pink	NEW	Sun - C	3.91	Good mix of all plants and colors; Pretty combination of colors; Fairy even mix. Very floriferous. Nice form. Pollinators love it; Full and vibrant; white is not as present as other colors; plant looks mystical and pleasing to look at [13] Uniform, [13] Vigorous Plant, [15] Many Flowers, [1] Non-Uniform, [3] Unique Colors, [3] Unique Flower Form, [6] Vibrant Flower Color, [7] Great Foliage

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Combo	Confetti Garden Tik Tok® Time Flies	Dummen Orange	White, pink	NEW	Sun - C	2.45	Could have more flower power; Fewer flowers right now. Seems to have a good mixing of the species; Foliage is full and dense; not many flowers present; blooms mainly on outer ring of pot; Foliage looks nice and compact but there's hardly any flowers; Pink and purple blends together; [11] Few Flowers, [1] Disease Present, [1] Low Vigor, [2] Great Foliage, [2] Some Chlorosis, [2] Unique Colors, [3] Many Flowers, [3] Non-Uniform, [6] Vigorous Plant, [7] Uniform
Combo	Confetti GardenAloha Kona Hawaiian Kaihalulu	Dummen Orange	Pink, orange	NEW	Sun - C	1.91	Compact in pot; Dense foliage; mainly pink petunias; not a lot of orange representation; stays mainly contained to the pot; Good container mix. Not too big; Hardly any flowers; Mainly just pink calis; Not really a combo; Not very vigorous. Not very integrated; only 1 component showing; [10] Few Flowers, [13] Non-Uniform, [1] Uniform, [2] Great Foliage, [2] Many Flowers, [2] Vibrant Flower Color, [2] Vigorous Plant, [3] Unique Colors, [8] Low Vigor
Combo	Confetti GardenBloomtastic Trio	Dummen Orange	Purple	NEW	Sun - C	2.59	Beautiful form; needs more flowers; Bushy foliage; doesn't look like a combo; Few flowers. More foliage; Large mounding and fills pot great; Not many blooms; mounding and full foliage; blend of plants could be improved; it's a trio and I can only see two plants; Purples and pinks, not a trio anymore; [10] Few Flowers, [1] Some Chlorosis, [1] Vibrant Flower Color, [2] Non-Uniform, [3] Great Foliage, [4] Many Flowers, [8] Uniform, [9] Vigorous Plant
Combo	Garden Party Aria Casta Diva	Dummen Orange	Yellow, pink	NEW	Sun - C	2.68	I really liked this combo earlier in the summer but it has really declined. Looks like there may be some pest damage. Calibrachoa's have died off; Light and tight growing combo; Lush and full; mainly yellow petunias; not a ton of pink blooms present; Mainly yellow petunia; the light colored petunia seems to outcompete the pink flowers for space; Mostly yellow; Petunia taking over; Primarily yellow flowers; Spotty and dull; not all components showing; White look pretty good but pink are being buried. [1] Color Does Not Match Name, [1] Disease Present, [1] Few Flowers, [1] Some Chlorosis, [1] Unique Colors, [3] Great Foliage, [5] Uniform, [7] Vigorous Plant, [8] Many Flowers, [8] Non-Uniform
Combo	Garden Party Hot Spot Santorini	Dummen Orange	Red, magenta, white	NEW	Sun - C	2.91	Plants filling in unevenly; petunia vigorous; Fairly good uniformity and mixing of the plants; Great mix; colors pair well together; otherwise full; Mostly white flowers; Not well balanced; The verbena looks very nice with the two different shades of red. They really make the white petunias pop; combo opening up in the middle; [11] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [2] Disease Present, [2] Unique Colors, [3] Great Foliage, [6] Non-Uniform, [6] Vigorous Plant, [7] Uniform, [7] Vibrant Flower Color
Combo	Garden Party Hummingbird Perch	Dummen Orange	Red, green	NEW	Sun - C	2.73	Unique blend; coleus adds nice texture; Interesting mix. Center is kind of open. Petunia mostly around the edge. Ideally a bit more height in the center; Mainly petunia; neat idea; coleus not vigorous enough to compete; Pest damage only present on cuphea; open in the center; mix of colors is great and they blend well together; Petunia and cuphea goes well; coleus appears stunted and not doing what it should. The color clashes with the petunia. The cuphea is insect damaged and not thriving. The cuphea would've looked nice with the petunia if it worked; [1] Low Vigor, [1] Significant Pest Damage, [2] Unique Flower Form, [3] Uniform, [5] Great Foliage, [5] Many Flowers, [5] Vibrant Flower Color, [6] Vigorous Plant, [7] Unique Colors, [9] Non-Uniform
Combo	Garden Party Night Serenade	Dummen Orange	Blue, white	NEW	Sun - C	2.73	Showy flowers but growth habit is lodging; Petunia generally just in center; opening up; Attractive combination. The petunias are beginning to take over; Colors are dull; Dark contrast on blue is lovely; petunia flops; Great color combo; is very patchy on the backside; otherwise dense and full; I like the color mix. Good mixing of species. But getting a bit leggy; Nice mix of flowers and colors; [10] Non-Uniform, [1] Disease Present, [1] Few Flowers, [1] Low Vigor, [2] Some Chlorosis, [3] Uniform, [6] Unique Colors, [6] Vibrant Flower Color, [6] Vigorous Plant, [7] Many Flowers

Combo	Kwik Kombos™ Bandana Strawberry Daiquiri™ Mix	Syngenta	Pink, white		Sun - C	3.45	Dense foliage; lush; mainly pink lantanas; orange color gets drowned out; one overtaking other colors; Nice depth of color; Not as even in habit; Very floriferous good color mix. Can see the old flowers a bit easier [11] Vigorous Plant, [13] Many Flowers, [3] Vibrant Flower Color, [4] Unique Colors, [6] Great Foliage, [6] Non-Uniform, [8] Uniform
Combo	Kwik Kombos™ Bandolista Go Coconuts™ Mix	Syngenta	Yellow, white	NEW	Sun - C	3.32	Beautiful but not mixed well; doesn't look like a combo; Floriferous. Not evenly colored; not even color distribution vigorous; Large and bushy; dense foliage; mainly yellow blooms with very few white; Mostly all yellow; Mostly just yellow flowers; Mostly yellow; Yellow being a bully; Yellow has completely taken over; yellow much stronger [13] Vigorous Plant, [15] Many Flowers, [3] Great Foliage, [5] Non-Uniform, [6] Uniform, [8] Vibrant Flower Color
Combo	Kwik Kombos™ Bandolista Hot Chili™ Mix	Syngenta	Red, white	NEW	Sun - C	3.27	Loved but not really mixed; Mostly just the red Lantana; Not much white throughout; White gets lost; lots of flowers. Definitely attracts pollinators. White not evenly dispersed but still provides a nice display; Red overpowering white; Rounded and lush; tons of blooms; plant looks great; Vibrant; White disappears; [11] Uniform, [13] Vigorous Plant, [14] Many Flowers, [1] Unique Colors, [4] Non-Uniform, [5] Great Foliage, [8] Vibrant Flower Color
Combo	Kwik Kombos™ Blueberry Blast™ Mix	Syngenta	Purple, white	NEW	Sun - C	3.41	Smaller and more compact than other combos. I wish there were more white verbena in the mix; Good Dekko blend; Good flowering. Decent mix but slightly segregating; Great pop of color; cascading and rounded; plants pair well together; Needs a better mix to be a 5; Not much white verbena [13] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Some Chlorosis, [3] Great Foliage, [3] Unique Colors, [4] Non-Uniform, [8] Vibrant Flower Color, [9] Uniform, [9] Vigorous Plant
Combo	Kwik Kombos™ Dekko™ Dare Devil™ Mix Imp	Syngenta	Yellow, white, purple	NEW	Sun - C	3.32	Color combo off, don't like shade of yellow; Don't love combination; Yellow Dekko is a muddy color & detracts from the overall appearance; Filled out nicely; Full and lush; great mix of colors; dense; looks amazing; Good mix of all 3 colors; Nice foliage; full and dense plant. Not sure if I love the color combinations; Not an attractive combo but vigorous; Not as vibrant with yellow; cascading over pot [13] Uniform, [14] Many Flowers, [15] Vigorous Plant, [1] Non-Uniform, [3] Great Foliage, [3] Vibrant Flower Color, [9] Unique Colors
Combo	Kwik Kombos™ Dekko™ Lavender Twist™ Mix	Syngenta	Purple, white	NEW	Sun - C	3.50	Great blend and uniformity; Great pop of color; mix of blooms is even throughout and the colors pair; cascading and full; Looks quite uniform. can see all three species; Mainly calis; Nice combo; Nice mix; Nice mix of colors; Nice round plant. Flower combination looks very satisfying with the purple white verbenas; all plants growing equally; [11] Vigorous Plant, [12] Many Flowers, [14] Uniform, [1] Non-Uniform, [4] Great Foliage, [4] Unique Colors, [7] Vibrant Flower Color
Combo	Kwik Kombos™ Dekko™ Moody Blues™ Mix Imp.	Syngenta	White, purple	NEW	Sun - C	1.95	Three shades of petunia; Some significant die back; Dead spots; Great mix of colors; some disease and die-back present; one side of pot is dying; Looks like some botrytis; Manly purple; One component is not as vigorous; One plant has completely died off. Colors aren't very mixed; looks more like separate varieties than a combo; Petunia death; [10] Low Vigor, [12] Non-Uniform, [1] Color Does Not Match Name, [1] Few Flowers, [2] Significant Pest Damage, [2] Some Chlorosis, [3] Vibrant Flower Color, [5] Disease Present, [7] Many Flowers
Combo	Kwik Kombos™ Dekko™ Salute™ Mix Imp	Syngenta	Red, white, blue	NEW	Sun - C	2.45	Decent display petunias are getting leggy; Great mix of blooms; large blooms; needs a better color mix; Looks messy; looks like it grows out of control; plants collapsing in the middle; Red white and blue pairs nicely. Foliage is very leggy and has gaps. Not very compact; Significant lodging is occurring; Very uneven habit; [10] Many Flowers, [13] Non-Uniform, [1] Disease Present, [1] Great Foliage, [2] Some Chlorosis, [2] Uniform, [2] Unique Colors, [5] Vibrant Flower Color, [8] Vigorous Plant

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Combo	Kwik Kombos™ Endless Love™ Mix Imp	Syngenta	Blue, white, pink	NEW	Sun - C	3.09	Lobelia throughout; Love this too; rambling habit; Nice mix. Lobelia looks fried; Petunias create a great foundation of color and foliage; lobelia grows much taller and adds dimension; Similar to the light bright mix. Petunias around the bottom Lobelia in the center looks a little sparse because of its filler look; The lobelia are a little leggy compared to everything else; [12] Many Flowers, [1] Low Vigor, [1] Unique Flower Form, [2] Great Foliage, [3] Unique Colors, [3] Vibrant Flower Color, [5] Uniform, [6] Non-Uniform, [6] Vigorous Plant
Combo	Kwik Kombos™ Itsy Bitsy™ Mix	Syngenta	Magenta, white		Sun - C	3.59	Could have been a 5 with better mix balance; Full and lush; great mix of blooms; tons of flowers; dense foliage; Fun mix; some lodging in the middle; Great use of Itsy petunia sizes!; Nice color mix lots of flowers starting to develop gaps; Opening a little; The solid white and purple frames the purple flower with white stripes nicely. Many flowers; Very showy with a very dainty appearance; everything is great about this combo; [12] Uniform, [15] Many Flowers, [15] Vigorous Plant, [1] Disease Present, [1] Some Chlorosis, [1] Unique Flower Form, [2] Non-Uniform, [4] Great Foliage, [5] Unique Colors, [8] Vibrant Flower Color
Combo	Kwik Kombos™ Itsy™ Triflection™ Mix	Syngenta	Pink, white, magenta	NEW	Sun - C	3.68	Amazing mix of colors; tons of blooms; fluffy and full; I love this plant :); Balanced and blended; dense mound of mini petunia; Good mix of all 3 colors; Good mix of colors; Nice combo; So many flowers. Nice round bush. Pink purple and white blend is satisfying to look at; Some splitting; Very floriferous starting to get a little leggy. Flowers sitting at top of foliage; all components match in habit; pretty color combos [10] Uniform, [14] Vigorous Plant, [15] Many Flowers, [1] Non-Uniform, [1] Unique Flower Form, [3] Great Foliage, [4] Unique Colors, [4] Vibrant Flower Color
Combo	Kwik Kombos™ Light Bright™ Mix Imp	Syngenta	White, pink, blue	NEW	Sun - C	3.00	Blue makes combo look messy; Bright blooms; colors of flowers almost form a bullseye; I love this combo; their flowers are very pretty and the colors are well balanced. The lobelia looks a little fried; Lobelia still going; Slightly interesting with the blue surrounded by the white skirt. But the pink messes the whole thing up; Lots of flowers however the petunias are all around the edge and with the Lobelia being so thin looking it looks a little sparse on top; Very showy; Love it; Not a good mix all white at edges; Petunias skirt, lobelia top [11] Vigorous Plant, [13] Many Flowers, [1] Great Foliage, [1] Unique Flower Form, [2] Unique Colors, [3] Non-Uniform, [6] Vibrant Flower Color, [8] Uniform
Combo	Kwik Kombos™ Love Potion™ Mix	Syngenta	Pink		Sun - C	3.09	2 components stronger. It's all one color; official planter for the Barbie movie?!; Uniform colors across plants; lots of blooms; Color is great; Compact appearance; Lacks flowers; Lots of flowers; Solid pink combo. Needs something to make the color pop more [10] Many Flowers, [1] Disease Present, [1] Few Flowers, [2] Unique Colors, [3] Great Foliage, [3] Vigorous Plant, [4] Uniform, [5] Low Vigor, [7] Non-Uniform, [8] Vibrant Flower Color
Combo	Kwik Kombos™ Paloma™ Mix Imp	Syngenta	Red, white	NEW	Sun - C	2.95	Can barely see the verbena; Cascading; engulfed the pot; predominantly petunias; a few verbena pop out throughout; Nice for all white; Not a very unique blend. White petunias with white verbena looks pretty basic. Not many verbenas present; Opening a little in center; Petunia taking over; only 2 components? should there be 3?; Seems to be mostly petunias; White blends uniformity; White florets getting buried; looks clean; [10] Many Flowers, [12] Vigorous Plant, [1] Disease Present, [2] Great Foliage, [3] Some Chlorosis, [4] Non-Uniform, [9] Uniform

Combo	Kwik Kombos™ Sanguna® Salute™ Mix Imp	Syngenta	Red, white, blue	NEW	Sun - C	2.86	Needs more white and purple mixed in; Mainly all red flowers; Mostly red flower dominating the mix; Red dominated the mix; Red more vigorous; Red petunia is 90%; Tons of blooms; dense foliage; cascading; rounded; predominantly red blooms; not a ton of white or purple present; Way too much red, hardly any white and blue. Foliage looks nice and dense; non-uniform filling on from the plants in this mix- very red heavy; the red petunia overtaking the other 2; [10] Vigorous Plant, [12] Many Flowers, [1] Color Does Not Match Name, [1] Disease Present, [1] Some Chlorosis, [2] Great Foliage, [4] Vibrant Flower Color, [6] Uniform, [7] Non-Uniform
Combo	Kwik Kombos™ Southwestern Summer™ Mix Imp	Syngenta	Red	NEW	Sun - C	2.82	All red flowers; Cascading; lush and full; tons of blooms; predominantly red petunias; cannot tell what other plants in combo are supposed to be; I do not see anything but the same red petunias; Not seeing mix/combo of colors; Only red petunia; floriferous; Petunia ate the rest of the components; Petunia overtook; Red petunia took over; This does not look like a combo. It just looks like red petunias; not many calibrachoa/petchoa flowers visible in this mix [11] Vigorous Plant, [14] Many Flowers, [1] Some Chlorosis, [1] Unique Colors, [3] Great Foliage, [4] Non-Uniform, [7] Vibrant Flower Color, [8] Uniform
Combo	MixMasters Bejeweled Improved	Ball FloraPlant	Purple, yellow, magenta	NEW	Sun - C	3.05	Need to blend more; Contained and compact; all 3 present; yellow and purple complement each other very nicely. Flowers on verbena look very big; Great mix of colors; dense foliage; level growth; Nice color combination. species segregated. More ideal with mixing; well rounded combo; Not an attractive color combination; The three different plants are not mixing and just seem to have their own sections; Very compact; [11] Many Flowers, [1] Unique Flower Form, [3] Low Vigor, [4] Unique Colors, [5] Great Foliage, [6] Non-Uniform, [6] Uniform, [6] Vibrant Flower Color, [6] Vigorous Plant
Combo	MixMasters Biden My Time Improved	Ball FloraPlant	Red, orange, yellow	NEW	Sun - C	2.23	Biden opened up; verbena barely present; Bidens taking over not a good habit; Just one color of bidens; Looks like just bidens. Hardly any verbena; Lots of Biden blooms; verbena is sparse; Mostly bidens. Plenty of flowers on the Bidens but not a lot of verbena; Past prime; Flowers in bloom are great; [13] Non-Uniform, [1] Disease Present, [1] Few Flowers, [1] Some Chlorosis, [1] Uniform, [1] Unique Flower Form, [4] Unique Colors, [4] Vibrant Flower Color, [5] Vigorous Plant, [8] Many Flowers
Combo	MixMasters Big Flirt Improved	Ball FloraPlant	Purple	NEW	Sun - C	1.55	Blooms that are present pair well together; a lot of the plant is dead or dying back; purple petunias have almost completely died off; looks like the heat got to this planter; Getting leggy; calibrachoa dead; Looks like botrytis. Mostly Verbena; Looks like it dried out; Mostly verbena have survived and all the petunias have died out except for a few; Needs more flowers; This combo was my favorite. It looks 90% dead now; Unhappy; [11] Few Flowers, [1] Many Flowers, [1] Some Chlorosis, [1] Uniform, [1] Unique Colors, [1] Vibrant Flower Color, [3] Vigorous Plant, [5] Non-Uniform, [7] Low Vigor, [9] Disease Present
Combo	MixMasters Hot Spell	Ball FloraPlant	Pink, red, yellow	NEW	Sun - C	3.18	Angelonia is almost gone from crowding; Angelonia overtaken; Cuphea dominated but others are coming through; Did have significant pest damage but is recovering from the Japanese beetles nicely; very round and full; lantanas reach out like arms; Different varieties doesn't compliment each other very well; Don't love mix; Hot spell? More like a hot mess; Interesting color combination. Maybe a bit lopsided with cuphea on one side and lantana on the other. Sporadic Angelonia; Mainly one flower type; [11] Many Flowers, [11] Vigorous Plant, [2] Significant Pest Damage, [3] Great Foliage, [3] Uniform, [5] Unique Colors, [5] Vibrant Flower Color, [7] Unique Flower Form, [8] Non-Uniform

Combo	MixMasters Lucky Charm	Ball FloraPlant	Yellow, red		Sun - C	3.95	Beautiful; Dense growing; Fun colors. Nice texture. Small and compact; Good color combo; Good mix of all colors; Overall good mix of colors. Floriferous; Unique blend of colors; bushy and full; great foliage; Well balanced; great color distribution. plant habits match!; [12] Uniform, [15] Many Flowers, [2] Non-Uniform, [5] Unique Colors, [6] Great Foliage, [8] Vibrant Flower Color, [8] Vigorous Plant
Combo	MixMasters Paradise Sunrise Improved	Ball FloraPlant	Pink, white	NEW	Sun - C	2.95	Cascading; mainly pink petunias; chlorosis throughout; Decent growth and development. But the petunia dominates; Good soft color mix; Mainly pink flowers; Mostly pink petunias with just a little of the other two mixed in; Petunia dominates but others present; Petunia is taking over and not an attractive combo; White verbenas tie in nicely to the white centers of the petunias. Nice and round; lots of pink here, would like if yellow and white filled in a bit more; all colors mostly equal [11] Many Flowers, [11] Vigorous Plant, [1] Disease Present, [1] Significant Pest Damage, [1] Unique Colors, [2] Great Foliage, [2] Vibrant Flower Color, [3] Some Chlorosis, [6] Non-Uniform, [6] Uniform
Combo	MixMasters Patriotic Heart	Ball FloraPlant	Red, white, blue		Sun - C	3.73	All 3 colors showing; Great colors; plants look vigorous and are doing great; Great combo! Colors blend nicely and form layers throughout the plant; smaller white and purple blooms; larger pink blooms; Great height and width with one cultivar; Nice combo of colors; Overall decent flowering quite a few flowers. Fairly well mixed; Some falling; in prime could've been a 5; looks great; nice combo; [10] Uniform, [11] Vigorous Plant, [15] Many Flowers, [1] Non-Uniform, [3] Unique Colors, [3] Unique Flower Form, [4] Great Foliage, [8] Vibrant Flower Color
Combo	MixMasters Powers That Bee	Ball FloraPlant	Pink, purple	NEW	Sun - C	3.00	Needs a better mix; Dense and lush foliage; majority is pink petunias; purple petunias not represented well only in a tiny section of the pot on the side; Pink overwhelms purple; Moderately floriferous. More foliage than flowers; Dwarfier overall; Great blend of colors [10] Many Flowers, [1] Unique Flower Form, [2] Few Flowers, [2] Non-Uniform, [5] Great Foliage, [6] Vigorous Plant, [9] Uniform, [9] Vibrant Flower Color
Combo	MixMasters Shindig	Ball FloraPlant	Blue, red		Sun - C	3.68	Colors are very vibrant. Purple makes the red and orange stand out; Good even mix of colors and plants; Great mix of colors; bushy and wild in a good way; Great textures with pendulating varieties; Love the mix; Nice combination. Airy appearance to it. Vibrant colors. [11] Uniform, [13] Vibrant Flower Color, [15] Many Flowers, [1] Non-Uniform, [1] Unique Flower Form, [6] Great Foliage, [7] Unique Colors, [9] Vigorous Plant
Combo	Trixi Break the Ice	Selecta One	Blue, purple		Sun - C	2.68	No flowers in the center; Consistent blooming and mix of doubles and singles; Decent plant sizes. The double over; taking the single flowered. See more foliage than flowers; doesn't look like a combo; Double petals and regular petals give a nice contrast; flattened on top; blooms are concentrated around edges; Fewer flowers in the middle; [10] Uniform, [1] Low Vigor, [2] Great Foliage, [2] Non-Uniform, [3] Few Flowers, [3] Unique Colors, [3] Vibrant Flower Color, [4] Unique Flower Form, [5] Many Flowers, [6] Vigorous Plant
Combo	Trixi Charged Up Cherry! 22	Selecta One	Pink, yellow		Sun - C	2.27	Double calibrachoa not strong enough to show; Good mix of colors; lush foliage; the middle looks sort of bare; not a lot of blooms; mostly verbenas; Mainly verbenas; Moderate flowering. More verbenas; Past peak bloom; Verbena blooming less in heat; Verbenas have taken over this entire combo. Not much to look at due to lack of flowers [15] Few Flowers, [1] Great Foliage, [1] Some Chlorosis, [1] Uniform, [2] Unique Colors, [3] Vibrant Flower Color, [3] Vigorous Plant, [5] Low Vigor, [7] Non-Uniform

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Combo	Trixi Enchanted Evening	Selecta One	Purple	NEW	Sun - C	3.45	Needs deadheading; Amazing mix of colors; very vibrant and eye catching; even throughout; full of blooms; Combo growing weed; Not a fan of monochrome; Lots of flowers; Nice color mix. Petunia dominates; Petunia is taking over; The name for this combo is very fun. Verbenas adds nice texture; Vibrant blend of color; love the pinks and magentas! [12] Many Flowers, [12] Vigorous Plant, [13] Vibrant Flower Color, [2] Non-Uniform, [4] Great Foliage, [5] Unique Colors, [8] Uniform
Combo	Trixi Gold & Bold	Selecta One	Purple, yellow, pink		Sun - C	2.82	Trailing over pot with balanced flowering too; Moderate to low flowering; More foliage than flowers. Appears to have decent color mixing; Dense and cascading; blooms are a little sparse on top but are plentiful around edges; Fewer flowers in the middle; Great blend and uniform; not many flowers; Looks weedy; [1] Color Does Not Match Name, [1] Unique Flower Form, [3] Great Foliage, [3] Non-Uniform, [5] Uniform, [5] Vibrant Flower Color, [6] Few Flowers, [6] Vigorous Plant, [7] Many Flowers
Combo	Trixi Lip Sync	Selecta One	Pink, blue, yellow		Sun - C	3.14	Bright colors. But tends to have a pink ring with the purple center not well integrated; Lobelia and pink petunias have filled in nicely; dense and full; yellow petunias have been crowded out and their presence is sparse; Lobelia dominates top; good color blend; Lobelia takes over; Nice contrast between the hot pink and deep blue with yellow flowers are MIA; Nice lobelia but nothing else; mostly lobelia; Pink petunia just at edges; The calibrachoa have almost disappeared but the other two are very showy; [10] Many Flowers, [1] Unique Flower Form, [2] Unique Colors, [3] Great Foliage, [5] Non-Uniform, [6] Uniform, [8] Vibrant Flower Color, [9] Vigorous Plant
Combo	Trixi Raspberry Sorbet 22	Selecta One	Pink, magenta		Sun - C	3.55	Calibrachoa got lost; Color combo doesn't work; Great colors; lots of blooms; dense foliage; cascading; Not an attractive combo; Overall good mix of the species. Starting to get an open in center; The vibrant verbena and the unique coloration on the petunias compliment each other very well; Verbena going out; this pot is nicely balanced [11] Vigorous Plant, [14] Many Flowers, [1] Disease Present, [1] Few Flowers, [3] Great Foliage, [3] Non-Uniform, [5] Unique Colors, [9] Uniform, [9] Vibrant Flower Color
Combo	Trixi Red & White Forever	Selecta One	Red, white	NEW	Sun - C	2.82	White and red filled in in a non-uniform manner makes the pot feel uneven; Full mix; red and white petunias. Red more vigorous; Good plant grows flowers trailing off; Lush; dense foliage; white blooms are sparse; red blooms are plentiful; Mainly red; Moderate flowering; Not many flowers compared to how dense the foliage did. Not a very unique blend; Red is stunning. White not so much; White component not as strong as the red. [13] Vigorous Plant, [1] Some Chlorosis, [4] Non-Uniform, [5] Few Flowers, [5] Great Foliage, [6] Vibrant Flower Color, [8] Many Flowers, [9] Uniform
Combo	Trixi Who Knew Orleans	Selecta One	Red, salmon		Sun - C	2.50	All red petunia; Bloomed out. Not good color combo; Mainly petunias; some verbena; patchy foliage; Mostly just red petunias; Mostly red petunia; Primarily red petunia; Red petunia took over completely; calibrachoa gone; This entire plant looks like is decaying. I only see two verbenas and the rest are petunias; [1] Disease Present, [1] Great Foliage, [1] Unique Colors, [2] Some Chlorosis, [4] Few Flowers, [4] Non-Uniform, [5] Uniform, [6] Many Flowers, [7] Vibrant Flower Color, [7] Vigorous Plant
Coreopsis verticillata	Chorasan Burgundy and White	Benary	Red, white	NEW	Sun - C	3.07	Enjoy the dark and white; find foliage no disease; Flowers are unique and are uniform throughout; many dead blooms present; Good looking plant. Many bees present; Little disease; Too many deadheads; Very airy; Very cool flowers; stems are leggy; not very compact; boring color; [10] Unique Colors, [12] Many Flowers, [12] Uniform, [19] Vigorous Plant, [1] Disease Present, [1] Great Foliage, [1] Unique Flower Form, [2] Vibrant Flower Color, [3] Few Flowers, [3] Non-Uniform

Coreopsis verticillata	Corleone Red & Yellow	Benary	Red, yellow	NEW	Sun - C	2.67	Big chunk of the plant died; Compact and bushy; Nice color; Not consistent blooming across the mound; One dead plant in the pot otherwise excellent; One plant dead in pot; Some dieback but otherwise very showy; The yellow and red contrast in the flowers makes the plant stand out [12] Uniform, [12] Vigorous Plant, [13] Many Flowers, [1] Low Vigor, [1] Non-Uniform, [4] Disease Present, [5] Great Foliage, [6] Unique Colors, [6] Vibrant Flower Color
Coreopsis verticillata	Cream	Benary	Yellow	NEW	Sun - C	2.07	Flowers that are alive are pretty, spent blooms; Not vigorous; Very airy. Not many flowers; one of the plants is dead; lots of spent flowers; Part of the plant died out. Mostly not in flower; Plant has a lot of dead blooms present and growth is not uniform; Some die off; Some plants are thriving; Unique color; [12] Few Flowers, [2] Great Foliage, [2] Many Flowers, [3] Uniform, [3] Vibrant Flower Color, [4] Disease Present, [6] Low Vigor, [6] Vigorous Plant, [8] Non-Uniform
Coreopsis verticillata	Gold	Benary	Yellow	NEW	Sun - C	3.04	Dwarfer size; Flowers are vibrant and foliage fills out the pot well; Great texture and flower stems blend after blooming; Many dead blooms; smaller and more compact than other varieties; Much denser than the rest; Nice compact plant. Bright color. Nice plant; best of coreopsis blooms [14] Many Flowers, [15] Uniform, [1] Few Flowers, [1] Unique Colors, [2] Great Foliage, [4] Low Vigor, [8] Vibrant Flower Color, [8] Vigorous Plant
Cuphea	Cubano Presidente	Danziger	Orange	NEW	Sun - C	4.33	A firework show of orange stocks; popular pollinator; popular Japanese beetles; Wow!; way too fun; Great for pollinators. Attracts Japanese Beetles and requires maintenance; Great plant. Many pollinators present; Huge plant; Nice and tall; Plant is very full and vigorous; some Japanese beetle damage but not detrimental; Quite tall; This is really spectacular; Very large pot; [12] Vibrant Flower Color, [17] Uniform, [1] Significant Pest Damage, [22] Many Flowers, [23] Vigorous Plant, [5] Unique Colors, [6] Unique Flower Form, [9] Great Foliage
Cuphea	Sweet Talk™ Lavender Splash	PanAmerican Seed	Purple	NEW	Sun - S	2.93	A little leggy and messy; Attracts Japanese Beetles; leggy plant that's falling into itself; flopped after heavy rain; Very interesting flowers; Leggy; Open habit; Severe lodging; Unique plant but the growth is not uniform and has formed a hole in the middle of the plant; [2] Great Foliage, [4] Low Vigor, [4] Unique Flower Form, [5] Unique Colors, [5] Vibrant Flower Color, [6] Few Flowers, [6] Many Flowers, [6] Uniform, [7] Non-Uniform, [7] Vigorous Plant
Cuphea	Sweet Talk™ Pink Deep	PanAmerican Seed	Pink	NEW	Sun - S	3.37	Growth habit is becoming a little more open; I like the pink and purple combination in the flowers. Attracts Japanese Beetles; Looks better in the container than in the ground; Needs flower power; Nice flowers. Some lodging; Unique form; more sturdy; opening up; Unique looking plant but growth is not uniform and it forming holes in bush-like shape; [10] Uniform, [11] Many Flowers, [17] Vigorous Plant, [1] Unique Flower Form, [2] Few Flowers, [2] Great Foliage, [2] Non-Uniform, [3] Unique Colors, [5] Vibrant Flower Color
Cuphea	Sweet Talk™ Red	PanAmerican Seed	Red	NEW	Sun - S	3.07	Falling over; Flowers are a great pop of color but plant is growing outwards and forming a large hole in the middle; I enjoy the purple center against red; falls over; Looks better in the ground; Lots of foliage showing; Seems to be pulled to one side; Slight lodging but still showy; This plant does not seem to be able to hold itself up. Very pretty flowers though, poor shape; [1] Low Vigor, [2] Great Foliage, [2] Unique Colors, [2] Unique Flower Form, [4] Few Flowers, [6] Non-Uniform, [6] Vibrant Flower Color, [7] Uniform, [9] Many Flowers, [9] Vigorous Plant

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Interspecific)	Mojo™ Orange	Syngenta	Orange		Sun - C	2.71	Attractive form. Flowers held well above foliage; Below average flowering but looks healthy; Good orange color; Great contrast between flowers and foliage color but the ratio of flowers to foliage is off; could use more foliage; Leggy stems; looks more salmon than orange; Orange is crisp; not smooth habit; [1] Low Vigor, [1] Unique Colors, [2] Great Foliage, [2] Uniform, [3] Few Flowers, [3] Many Flowers, [5] Vigorous Plant, [6] Vibrant Flower Color, [7] Non-Uniform
Geranium (Interspecific)	Mojo™ Salmon	Syngenta	Salmon		Sun - C	2.90	Foliage looks nice; not many flowers; Larger size flower; Looks good but flowering is a little less than most geraniums; Lopsided pot; couple of blooms but not balanced; Lovely rich salmon colored flowers above dark foliage. Beautiful color combination of flower to foliage; The flowers of this plant have a nice salmon color; fitting for its name; [2] Unique Flower Form, [3] Non-Uniform, [4] Many Flowers, [4] Uniform, [5] Few Flowers, [5] Great Foliage, [5] Vigorous Plant, [6] Unique Colors, [6] Vibrant Flower Color
Geranium (Interspecific)	Mojo™ White	Syngenta	White		Sun - C	3.24	Balanced and spent blooms doesn't appear as messy; Flower to foliage ratio is very even- less foliage than other varieties but still many flowers; Large leaves and longer bloom stems; More leaves showing; The spent blooms are particularly gross; [10] Great Foliage, [1] Disease Present, [1] Non-Uniform, [1] Significant Pest Damage, [1] Vibrant Flower Color, [6] Uniform, [7] Many Flowers, [9] Vigorous Plant
Geranium (Interspecific)	Moxie!™ Dark Red	Syngenta	Red		Sun - C	2.95	Dark red contrast striking against foliage; Good dark red flowers; Japanese Beetles present; Stems are leggy and cover foliage. Flowers are pretty; The dark red blooms have a light pink color in the center that makes them stand out; Very cool color [1] Some Chlorosis, [2] Great Foliage, [2] Non-Uniform, [2] Unique Colors, [2] Vibrant Flower Color, [6] Uniform, [6] Vigorous Plant, [8] Many Flowers
Geranium (Interspecific)	Moxie!™ Hot Pink	Syngenta	Pink		Sun - C	4.24	Darker green foliage; Huge flowers against a dark foliage contrast; Lovely dark stem contrast with vibrant hot pink flowers. Mini flowers held nicely above foliage; Nice shape. Great color; Stand out among all the geraniums. Dark foliage contrast nicely with the bright color; The geraniums really stand up and show; This plant looks clean and well put together. The blooms and foliage stand out from the others and draw the eye; This variation looks healthy all around. Good ratios and very vibrant color of flower; Very dark green foliage; [10] Many Flowers, [11] Great Foliage, [11] Vibrant Flower Color, [12] Vigorous Plant, [1] Few Flowers, [1] Non-Uniform, [2] Unique Colors, [8] Uniform
Geranium (Interspecific)	Moxie!™ Orange	Syngenta	Orange		Sun - C	2.95	Large clusters of flowers; More open habit with moderately compact plants; NOT UNIFORM; Not enough foliage [1] Great Foliage, [1] Unique Colors, [2] Few Flowers, [2] Non-Uniform, [5] Uniform, [5] Vigorous Plant, [6] Many Flowers, [7] Vibrant Flower Color
Geranium (Interspecific)	Moxie!™ Pink Splash	Syngenta	Pink		Sun - C	2.95	Below average flowering; Bright pink flowers make this plant stand out; Great color; I really enjoy the color of this variety. Very hot and vibrant; Pink tips beneath flowers; fewer flowers but vibrant contrast; Very vibrant; hot pink splash with almost orange in the center of the eye. Outstanding flower color [1] Disease Present, [1] Few Flowers, [1] Unique Flower Form, [3] Unique Colors, [7] Many Flowers, [7] Vibrant Flower Color, [7] Vigorous Plant, [8] Great Foliage, [8] Uniform
Geranium (Interspecific)	Santana Dark Red	Dummen Orange	Red	NEW	Sun - C	3.10	Smaller size flower; The dark red flowers and the darker green; almost spiky foliage makes this plant stand out; Too much foliage; not enough flowers; Very cool color. [1] Few Flowers, [1] Non-Uniform, [1] Some Chlorosis, [3] Great Foliage, [3] Unique Colors, [4] Vibrant Flower Color, [5] Uniform, [6] Vigorous Plant, [7] Many Flowers

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Ivy)	Great Balls of Fire White 2024	Dummen Orange	White	NEW	Sun - C	3.14	I love the flowers on this variety. Plant does not look vigorous and many flowers are dying; Love the name; When wet looks messy; Love the trailing nature of this; Pink anthers in middle of flower make color pop and add depth to the white; Very full plants [10] Vigorous Plant, [1] Low Vigor, [1] Unique Flower Form, [1] Vibrant Flower Color, [3] Non-Uniform, [4] Uniform, [6] Great Foliage, [8] Many Flowers
Geranium (Ivy)	Ivy League™ Deep Pink	Syngenta	Pink		Sun - C	2.63	Could have more flowers; I like the foliage; it is nice and compact. Petals are also unique in shape; More compact within the pot; less cascade; The leaves curl a bit giving the foliage a unique look [1] Non-Uniform, [2] Few Flowers, [2] Vibrant Flower Color, [3] Vigorous Plant, [4] Uniform, [5] Great Foliage, [6] Many Flowers
Geranium (Ivy)	Ivy League™ Hot Coral	Syngenta	Pink		Sun - C	2.89	Dark stripes in the center of the pink flowers gives it contrast; plant has a crawling habit; I really enjoy the petals on the flowers because there are multiple layers. The color is very nice too. I wish the foliage was more lush; Like the trailing form of this one; Nice cascading habit; Pop of color as it trails [1] Disease Present, [1] Great Foliage, [1] Low Vigor, [1] Significant Pest Damage, [1] Unique Colors, [1] Unique Flower Form, [3] Non-Uniform, [3] Uniform, [5] Vigorous Plant, [6] Vibrant Flower Color, [7] Many Flowers
Geranium (Ivy)	Ivy League™ Orchid	Syngenta	Purple		Sun - C	3.42	Opening up few flowers; Rich purple color compared to other geraniums; The darker foliage on this planet really compliments the purple flowers; The leaves look very crisp and clean; the purple flowers make the plant stand out; [1] Few Flowers, [1] Non-Uniform, [2] Unique Colors, [4] Great Foliage, [4] Uniform, [4] Vibrant Flower Color, [9] Many Flowers, [9] Vigorous Plant
Geranium (Ivy)	Ivy League™ Red	Syngenta	Red		Sun - C	2.74	Flowers seem to have narrower petals; making them look more pointy rather than flat; Good contrast against foliage; some yellowing leaves; Smaller flower size; Very small leaves and low growing foliage. Leggy stems. True deep red color; Wild looking flowers; [1] Unique Colors, [2] Great Foliage, [2] Unique Flower Form, [2] Vigorous Plant, [3] Low Vigor, [4] Non-Uniform, [4] Uniform, [4] Vibrant Flower Color, [7] Many Flowers
Geranium (Ivy)	Ivy League™ White	Syngenta	White		Sun - C	3.10	Evident sun damage or yellowing of center leaves; Flowers are relatively large and double; a little more open in habit; Pink stripes in the middle of the white flower makes these stand out; The pink veins are striking with this plant against the white trailing flowers; This variation looks like it is all over the place. Foliage is spilling out the side and flowers are leggy [1] Few Flowers, [1] Vibrant Flower Color, [2] Some Chlorosis, [2] Unique Colors, [3] Uniform, [4] Great Foliage, [4] Non-Uniform, [6] Many Flowers, [7] Vigorous Plant
Geranium (Zonal)	Savannah Neon	Dummen Orange	Pink, purple	NEW	Sun - C	3.67	Color is almost fluorescent looking; Dwarf habit; Possibly vibrant neon pink with touches of hot rose and salmon in the flour. Spectacular! Nice! Zoned foliage as well; This plant has a round growth pattern and looks very uniform . The blooms have a nice pop of color; Translucent purple center against neon magenta; [13] Vibrant Flower Color, [1] Few Flowers, [1] Unique Flower Form, [2] Non-Uniform, [4] Vigorous Plant, [5] Unique Colors, [6] Great Foliage, [8] Uniform, [9] Many Flowers
Geranium (Zonal)	Sunrise Pink+Big Eye	Selecta One	Ponk		Sun - C	3.19	Bright flowers and small; round foliage growth; Good red eye; Moderate flowering; Red stems where flowers branch! Bright eye contrast; Smaller compared to other varieties; still nice and compact; [1] Unique Flower Form, [2] Low Vigor, [4] Few Flowers, [4] Great Foliage, [4] Unique Colors, [4] Vigorous Plant, [6] Many Flowers, [6] Vibrant Flower Color, [8] Uniform

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Geranium (Zonal)	Sunrise Raspberry Eye	Selecta One	Pink,		Sun - C	3.43	Colors blend with eye and edge; Large leaves and a lot of foliage growth; plant looks full and bloom stems are long; Leaves are very big; nice pink variety; Moderate flowering; More open habit; [12] Vigorous Plant, [1] Non-Uniform, [1] Some Chlorosis, [2] Unique Colors, [4] Vibrant Flower Color, [6] Great Foliage, [7] Uniform, [8] Many Flowers
Geranium (Zonal)	Sunrise Rose+Big Eye	Selecta One	Pink		Sun - C	2.95	Compact habit; cool groundcover; Dwarfier; Foliage grows low; lacking flowers; Foliage has a flatter growth pattern and the bloom stems are long; making the blooms much taller than the rest of the plant; Looks healthy but only moderate flowering; Officially looks the same as pink plus big eye; [1] Unique Flower Form, [2] Few Flowers, [3] Great Foliage, [4] Unique Colors, [4] Vigorous Plant, [5] Low Vigor, [5] Vibrant Flower Color, [8] Many Flowers, [9] Uniform
Geranium (Zonal)	Sunrise White+Eye	Selecta One	White, pink		Sun - C	3.19	Darker redeye; Nice foliage; flowers are lacking and seem smaller compared to other varieties; Round in shape and the flower stems are long; making the flowers float above the foliage; Vibrant contrast of the eye against white [1] Few Flowers, [4] Great Foliage, [4] Unique Colors, [6] Vibrant Flower Color, [7] Many Flowers, [7] Vigorous Plant, [8] Uniform
Geranium (Zonal)	Survivor Paperbloom	Dummen Orange	Pink	NEW	Sun - C	3.14	A light pink uniform flower; Dead flowers are particularly ugly on this one; Double flower seems to hold a lot of moisture flour brown stewed up botrytis; White and pink color throughout the blooms; Petals look like watercolor; Very large flowers [11] Many Flowers, [2] Vibrant Flower Color, [3] Unique Colors, [3] Unique Flower Form, [4] Great Foliage, [8] Uniform, [9] Vigorous Plant
Gerbera	ColorBloom™ Watermelon Dark Eye	PanAmerican Seed	Orange	NEW	Sun - S	3.14	Good number of flowers; This plant has a very unique flower color that matches its name. Reminds me of watermelon ice cream; Huge watermelon colored flowers held tightly above dark green foliage; Lush foliage; name compliments flower very well; Moderate flowering; Pastel flowers; two plants not blooming [10] Vibrant Flower Color, [1] Non-Uniform, [3] Low Vigor, [3] Unique Colors, [4] Few Flowers, [4] Many Flowers, [5] Vigorous Plant, [7] Uniform, [8] Great Foliage
Gerbera	Revolution™ Pastel Orange Dark Eye	PanAmerican Seed	Pink	NEW	Sun - S	2.73	Darker red/orange; Fliers are vibrant and big; longer stems; Good orange color; very vibrant and more consistent flowering; The contrast between the red flower and the dark center of the flower creates a mesmerizing look; Not pastel; [2] Color Does Not Match Name, [2] Great Foliage, [2] Vigorous Plant, [3] Many Flowers, [3] Non-Uniform, [3] Uniform, [3] Unique Colors, [4] Few Flowers, [6] Low Vigor, [7] Vibrant Flower Color
Hypoestes	Lottie Dottie Pink	Westhoff	Lt pink	NEW	Shade - C	4.00	Leaves look painted; lush and dense bush; Wow!; good color pattern; vigorous plant [11] Vigorous Plant, [13] Great Foliage, [1] Disease Present, [6] Unique Colors, [9] Uniform
Hypoestes	Lottie Dottie Red	Westhoff	Red	NEW	Shade - C	3.67	Not as vigorous as others in trial; Red and dark green contrast well; lush but the smallest of the hypoestes; Red in color; but would probably be more red with more sun [12] Great Foliage, [1] Disease Present, [2] Non-Uniform, [2] Unique Colors, [6] Uniform, [7] Vigorous Plant
Hypoestes	Lottie Dottie Rose	Westhoff	Pink	NEW	Shade - C	3.72	not as vigorous as the other 2; it looks more like pink rather than Rose; Large and bushy; fills pot well; Lighter pink specs in foliage [10] Uniform, [10] Vigorous Plant, [12] Great Foliage, [1] Non-Uniform, [4] Unique Colors
Hypoestes	Lottie Dottie White	Westhoff	White	NEW	Shade - C	4.17	A little sprawling; Beautiful for what it is; Good white green speckled foliage; Large and dense foliage; white spots give plant unique look; Vigorous. Uniform coloration; [11] Uniform, [12] Great Foliage, [12] Vigorous Plant, [2] Unique Colors

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Impatiens (double)	Glimmer Appleblossom	Ball FloraPlant	Blush	NEW	Shade - C	3.33	Could bloom more; Dark foliage and light rose-like blooms make plant look amazing; very round and lush; Needs more flowers; Nice structure. Not a lot of flowers. Probably in too much shade. [11] Uniform, [11] Vigorous Plant, [1] Disease Present, [1] Unique Colors, [2] Many Flowers, [5] Great Foliage, [6] Unique Flower Form, [7] Few Flowers
Impatiens (double)	Glimmer Burgundy	Ball FloraPlant	Pink	NEW	Shade - C	3.39	Getting a little leggy; Hot pink blooms contrast great against darker leaves; large bush; very pleasing to the eye; Needs more flowers; Nice large double flowers. Again probably a bit too shady. [12] Vigorous Plant, [1] Non-Uniform, [2] Unique Colors, [2] Unique Flower Form, [3] Many Flowers, [5] Vibrant Flower Color, [7] Great Foliage, [8] Few Flowers, [9] Uniform
Impatiens (double)	Glimmer Hot Pink	Ball FloraPlant	Pink	NEW	Shade - C	3.39	Large and fills the space well; underside of leaves has unique spots; Needs more flowers; Nice platform. Nice double flowers again probably too shady; [1] Low Vigor, [1] Non-Uniform, [1] Unique Colors, [3] Many Flowers, [6] Great Foliage, [6] Vibrant Flower Color, [7] Few Flowers, [8] Vigorous Plant, [9] Uniform
Impatiens (double)	Glimmer Salmon	Ball FloraPlant	Salmon	NEW	Shade - C	3.22	Needs more flowers; Smaller and more compact; amazing mix of lighter green foliage and salmon blooms; Smallest of the Glimmers; Nice double flowers like the rest of the series; [2] Non-Uniform, [3] Many Flowers, [4] Vibrant Flower Color, [5] Unique Colors, [6] Great Foliage, [7] Few Flowers, [8] Vigorous Plant, [9] Uniform
Impatiens hawkeri	Sonic® Orange	Syngenta	Orange		Shade - C	3.28	Could have more flower power; Probably too much shade. Not a lot of flowers; Super vibrant flowers; large waxy leaves contrast well; [13] Uniform, [3] Low Vigor, [4] Few Flowers, [4] Unique Colors, [6] Many Flowers, [7] Vigorous Plant, [8] Great Foliage, [8] Vibrant Flower Color
Impatiens hawkeri	Super Sonic® Orange Ice	Syngenta	Orange, white		Shade - C	3.83	Large flower size and darker foliage color; Red veining on dark leaves makes plant stand out; lots of large; vibrant blooms; [10] Vibrant Flower Color, [12] Great Foliage, [12] Many Flowers, [13] Uniform, [1] Low Vigor, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [2] Few Flowers, [7] Unique Colors, [7] Vigorous Plant
Impatiens hawkeri	Super Sonic® Pastel Pink	Syngenta	Pink		Shade - C	3.00	Flowering is almost too low; wide flowers; pointier leaves; pink mid rib; Nice large flower size; Very large flowers. Maybe a bit too much covered by leaves; [11] Few Flowers, [13] Uniform, [1] Many Flowers, [9] Great Foliage, [9] Vigorous Plant
Impatiens hawkeri	Super Sonic® Red	Syngenta	Red		Shade - C	3.50	Larger green foliage deep red flowers; Moderate flowering; Not an unusual color; Reminds me of poinsettia; dense and lush foliage [11] Great Foliage, [11] Uniform, [12] Vigorous Plant, [2] Non-Uniform, [2] Unique Colors, [5] Few Flowers, [5] Many Flowers, [8] Vibrant Flower Color
Impatiens hawkeri	Super Sonic® Sweet Cherry	Syngenta	Pink, red		Shade - C	3.33	Moderate flowering; Nice red vein in foliage; Red veining on dark leaves; bright blooms with unique patterning; [10] Unique Colors, [11] Uniform, [13] Great Foliage, [1] Low Vigor, [1] Non-Uniform, [1] Unique Flower Form, [2] Many Flowers, [6] Few Flowers, [6] Vigorous Plant, [7] Vibrant Flower Color
Impatiens hawkeri	Super Sonic® White	Syngenta	White		Shade - C	2.94	Flower damage; Foliage hiding flowers; Great foliage; large leaves and lush bush fills pot; small amount of blooms; Moderate flowering; Robust plants. Less flowers than the spectra white; flowers don't age well [10] Few Flowers, [12] Vigorous Plant, [1] Many Flowers, [1] Non-Uniform, [7] Great Foliage, [9] Uniform
Impatiens interspecific	Spectra™ Bright Red	Syngenta	Red		Shade - C	3.39	Great foliage; Smaller blooms; lush and full foliage; colors contrast well [10] Great Foliage, [10] Vigorous Plant, [11] Uniform, [2] Many Flowers, [8] Few Flowers, [8] Vibrant Flower Color

Lantana	Lucky Red	Ball FloraPlant	Red, orange		Sun - C	4.04	naturalistic but consistent; Flowers pop. Nice spreading habit; Lower growth habit; Tons of vibrant blooms; stretching and more natural; amazing pop of color that draws the eye in; Trailing variety. Looks very nice. Low growing; many flowers; deep red with light orange gives great texture; Very vibrant colors!; [14] Uniform, [16] Vibrant Flower Color, [19] Many Flowers, [1] Color Does Not Match Name, [1] Unique Flower Form, [20] Vigorous Plant, [3] Non-Uniform, [7] Unique Colors, [9] Great Foliage
Lantana	Lucky Sunrise Rose	Ball FloraPlant	Pink, orange		Sun - C	3.42	Airy naturalistic appearance; Flowering is a little less than most lantanas and growth habit is getting leggy; Flowers fade to all pink; Natural looking; trailing variety. Many flowers to look at. Lighter center adds nice depth; Scraggly plant; Spiky growth; many bright blooms; taller and outward growth; Weird habit [13] Non-Uniform, [15] Vibrant Flower Color, [16] Vigorous Plant, [18] Many Flowers, [2] Low Vigor, [6] Great Foliage, [7] Uniform, [7] Unique Colors
Lantana	Lucky White Improved	Ball FloraPlant	White	NEW	Sun - C	3.58	Good white; Leaves and flowers are smaller but plant is still vigorous and dense; Naturalistic appearance; layers of blooms; Naturalistic; great bloom to foliage ratio; differing high layers; wild in a good way; Plant is not uniform in shape; Starting to get slightly leggy on a few stems; [12] Uniform, [20] Many Flowers, [21] Vigorous Plant, [2] Unique Flower Form, [4] Vibrant Flower Color, [5] Non-Uniform, [8] Great Foliage
Lantana	Lucky Yellow	Ball FloraPlant	Yellow		Sun - C	3.04	Foliage is darker. Makes the yellow blooms pop. Leggy variety; More open habit; Nice naturalistic habit; Plant is sprawling; Wild and non-uniform; stretches out from the center; reminds me of a star; [14] Many Flowers, [19] Non-Uniform, [1] Uniform, [20] Vigorous Plant, [5] Great Foliage, [9] Vibrant Flower Color
Lantana	PassionFruit	Ball FloraPlant	Pink, orange, yellow	NEW	Sun - C	3.33	Great habit; Growth habit is more of a spreader and flowers are very showy; Habit is unclear; flat growing naturalistic?; Highly unattractive form; Low growing almost ground cover habit; Low growing trailing variety. Colors are very vibrant. Shades of pink yellow orange red. Wide gradient variety; Low growing; not super full; bright blooms throughout; Thin foliage; [12] Vibrant Flower Color, [15] Vigorous Plant, [20] Many Flowers, [2] Unique Flower Form, [3] Great Foliage, [3] Low Vigor, [8] Non-Uniform, [8] Uniform, [9] Unique Colors
Lantana	Shamrock Butterscotch Glow	Ball FloraPlant	Yellow	NEW	Sun - C	3.92	Bigger leaves; dense foliage; color of flowers give nice texture; Great buttery yellow color. Nice mounding habit; I like the name!; Neat and consistent; Nice deep yellow center to flower; Really stands out with the yellow flowers; Round and uniform; blooms remind me of buttered popcorn; [11] Great Foliage, [17] Uniform, [18] Vigorous Plant, [20] Many Flowers, [2] Non-Uniform, [2] Unique Flower Form, [7] Vibrant Flower Color, [9] Unique Colors
Lantana	Shamrock Orange Flame	Ball FloraPlant	Orange, yellow		Sun - C	3.46	Color is does not pop; Full bloom clusters; great foliage; plants aren't fully uniform; Not many flowers to look at and plants are different sizes. Foliage is nice with big leaves; Not real orange; Opens up in center; Washed out color [10] Great Foliage, [12] Many Flowers, [1] Color Does Not Match Name, [20] Vigorous Plant, [4] Unique Colors, [7] Few Flowers, [7] Vibrant Flower Color, [8] Non-Uniform, [9] Uniform
Lantana	Shamrock Rose	Ball FloraPlant	Pink, orange, yellow		Sun - C	3.04	Denser habit; Flowering is moderate; Flowers are a little sparse; Great dense foliage with big leaves. Not enough flowers; Lush round foliage; lower amount of blooms; variety of colors throughout blooms; [12] Few Flowers, [12] Great Foliage, [14] Vigorous Plant, [15] Uniform, [1] Color Does Not Match Name, [1] Non-Uniform, [1] Unique Flower Form, [2] Low Vigor, [2] Unique Colors, [6] Many Flowers, [7] Vibrant Flower Color

Marigold	Cresta™ Gold	Syngenta	Orange	NEW	Sun - S	3.32	Best marigold on this side. Probably because it gets more sun; Best of dwarf types; Great golden blooms; dense and compact plant; tons of blooms throughout; [11] Great Foliage, [12] Vibrant Flower Color, [12] Vigorous Plant, [14] Many Flowers, [16] Uniform, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [3] Unique Colors, [4] Few Flowers
Marigold	Cresta™ Orange	Syngenta	Orange	NEW	Sun - S	2.38	Better in ground with sun; Many vibrant blooms; very small plants; Moderate flowering; Not a lot of growth; Not much vigor; fair plants and flowers [12] Low Vigor, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Unique Flower Form, [2] Vigorous Plant, [3] Unique Colors, [4] Many Flowers, [5] Few Flowers, [7] Non-Uniform, [7] Uniform, [8] Vibrant Flower Color
Marigold	Little Duck Orange	AmeriSeed	Orange		Sun - S	2.33	Better in the ground; Darker foliage color; few blooms but they contrast well against foliage; dense and full; Flowers are hidden; Moderate flowering; Very compact. Almost too compact; Very dwarf habit; Very short [12] Few Flowers, [1] Unique Colors, [2] Non-Uniform, [3] Disease Present, [3] Some Chlorosis, [4] Great Foliage, [4] Vigorous Plant, [5] Vibrant Flower Color, [6] Low Vigor, [8] Uniform
Marigold	Little Duck Yellow	AmeriSeed	Yellow		Sun - S	2.96	Very dwarf size; Flowers not really pretty; Large blooms; short plant; tons of blooms in a small space; Very compact. Very few flowers. [14] Uniform, [15] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Some Chlorosis, [2] Great Foliage, [2] Unique Colors, [3] Vigorous Plant, [5] Low Vigor, [7] Vibrant Flower Color
Marigold	Narai Creamy Yellow	AmeriSeed	Yellow		Sun - S	2.75	Aster yellows; Tall with large blooms; fills pot nicely; Some lodging; [10] Many Flowers, [11] Non-Uniform, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Unique Flower Form, [2] Low Vigor, [3] Disease Present, [3] Few Flowers, [3] Great Foliage, [3] Unique Colors, [4] Uniform, [5] Vibrant Flower Color, [6] Vigorous Plant
Marigold	White Swan	AmeriSeed	White		Sun - S	2.88	Taller plant; blooms grow inside of plant as well as on top; Not true white; Stretched. Kind of floppy; [13] Many Flowers, [14] Vigorous Plant, [1] Some Chlorosis, [1] Unique Flower Form, [2] Vibrant Flower Color, [4] Few Flowers, [4] Uniform, [5] Great Foliage, [6] Unique Colors, [9] Non-Uniform
Nemesia	Escential Blueberry Custard (1045)	Westhoff	Purple, yellow	NEW	Sun - C	2.41	Dense mounding habit; barely opening up; Dwarf but needs more flowers; Fewer flowers compared to other varieties; compact and smaller; Nice compact; Spent blooms more evident; Very cute little plant; blooms are a nice pop of color and the growing pattern is small and compact; [1] Unique Flower Form, [2] Low Vigor, [2] Many Flowers, [2] Non-Uniform, [3] Unique Colors, [3] Vibrant Flower Color, [3] Vigorous Plant, [5] Uniform, [7] Few Flowers
Nemesia	Escential Cherryberry (W1017)	Westhoff	Red, white	NEW	Sun - C	3.05	Beautiful flowers!; Bushy and compact; smells very nice; Opening up; Round and fluffy plant; the blooms stand out and have great contrast between the top and bottom of the flower; Thin appearance and opening up from center; This would be fun to design with. Interesting colors. [11] Many Flowers, [1] Few Flowers, [3] Some Chlorosis, [3] Uniform, [3] Unique Flower Form, [5] Non-Uniform, [6] Great Foliage, [7] Vigorous Plant, [8] Unique Colors, [9] Vibrant Flower Color
Nemesia	Escential Elderberry (1051)	Westhoff	Purple, white	NEW	Sun - C	3.27	Good dark green foliage; Great upright; The dark purple and bright white contrast are amazing on this plant and the round foliage growth compliments it perfectly; The dark purple in the petals really compliments the name. Very uniform. Noticeable amount of dead blooms; Upright today and not fallen over. Consistent flower; [11] Uniform, [12] Many Flowers, [1] Few Flowers, [4] Unique Colors, [4] Unique Flower Form, [5] Great Foliage, [5] Vibrant Flower Color, [9] Vigorous Plant

Nemesia	Escential Pinkberry Imp (1027)	Westhoff	Pink, white	NEW	Sun - C	3.41	Dense in pot; not opening up; Nice pink and white bicolor with lots of flowers. Slightly open in the middle but one of the nicest habits in the nemesia category; Opening up; Smaller plant; less vigorous; flower colors are very pretty; The unique colors and patterns on the blooms make this plant stand out. Has a nice round and full growth pattern [10] Uniform, [13] Many Flowers, [1] Non-Uniform, [2] Some Chlorosis, [5] Great Foliage, [5] Vigorous Plant, [6] Unique Flower Form, [7] Vibrant Flower Color, [9] Unique Colors
Nemesia	Escential Raspberry Lemonade	Westhoff	Purple, yellow		Sun - C	2.27	Lodging; Blown out; Flattened by rain; Flowers really live up to the name of raspberry lemonade (very fitting) but the plant cannot support itself and has a large hole forming as the plant falls over; Leggiest of the cultivars; evident lightening of the older leaves; Lodging is severe and flowering is moderate; Really flattened and opened up; The purple and yellow combination is my favorite variety; plants is falling over itself; very leggy; Very lax habit. Stems have fallen over and plant is trying to fill in the center. Burgundy yellow flower combination is interesting; Very open habit; lots of splaying in center; [1] Unique Flower Form, [2] Great Foliage, [2] Some Chlorosis, [4] Vibrant Flower Color, [5] Unique Colors, [6] Many Flowers, [8] Vigorous Plant, [9] Non-Uniform
Nemesia	Escential Snowberry (x102)	Westhoff	White	NEW	Sun - C	3.41	Compact and consistent; beautiful petite flowers; Plant looks fluffy and full; foliage seems weird; Opening up; [11] Uniform, [14] Vigorous Plant, [16] Many Flowers, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Flower Form, [7] Great Foliage
Nemesia	Escential Sunberry (1041)	Westhoff	Yellow, white	NEW	Sun - C	3.00	Bright flower color; look like little ducks; Compact; I like the pastel yellow in flowers; attracts pollinators; Lots of lovely yellow and white flag colored flowers plant have it is lax and open in the center. Some chlorosis present; Opening in middle and dying on edges; Opening up; Uneven foliage in pot but beautiful flower!; [13] Many Flowers, [2] Unique Flower Form, [3] Non-Uniform, [3] Some Chlorosis, [6] Great Foliage, [6] Unique Colors, [7] Uniform, [7] Vigorous Plant, [9] Vibrant Flower Color
Nemesia	Escential Zazzlebery (W1023)	Westhoff	Pink, white	NEW	Sun - C	2.91	Flower colors are very unique and eye catching; the plant is open in the middle a little; lacking habit; Moderate flowering; Opening up in center; Smaller size flower; Something looks wrong with some of the foliage; many dead blooms; plant is falling over itself; variation of pinks in flowers are pretty; fun name nice color! [1] Disease Present, [1] Few Flowers, [3] Great Foliage, [4] Non-Uniform, [4] Uniform, [4] Unique Flower Form, [5] Unique Colors, [6] Vibrant Flower Color, [7] Some Chlorosis, [7] Vigorous Plant, [8] Many Flowers
Nemesia	Sunsatia® Coconut 2024	Proven Winners	White	NEW	Sun - C	2.45	I like the way the flowers complement the foliage. Bushy and compact; I love the dark veins under the flowers; Nearly done flowering; Needs flowers; Satisfying plant to look at; blooms look like little duck faces; Spent flowers not pretty; [10] Few Flowers, [1] Low Vigor, [1] Vibrant Flower Color, [2] Unique Flower Form, [3] Great Foliage, [3] Many Flowers, [3] Uniform, [3] Unique Colors, [6] Non-Uniform, [8] Vigorous Plant
Osteospermum	OSTICADE Aurora	Danziger	Orange, purple	NEW	Sun - C	2.50	Fills pot nicely; purple center and rusty outside of petals gives unique look to plant; full and lush; Need more flower power; The plant looks healthy; but not many flowers blooming; [10] Unique Colors, [13] Few Flowers, [1] Low Vigor, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Disease Present, [2] Non-Uniform, [3] Many Flowers, [5] Great Foliage, [6] Vigorous Plant, [9] Uniform
Osteospermum	OSTICADE Daybreak	Danziger	Yellow		Sun - C	2.17	Drought stress; Great petal pattern; lots of dead blooms; not a lot of open blooms; washed out flower color; Open center. didn't have a lot of flowers; [10] Non-Uniform, [14] Few Flowers, [1] Significant Pest Damage, [2] Many Flowers, [2] Some Chlorosis, [2] Uniform, [2] Vibrant Flower Color, [3] Great Foliage, [3] Low Vigor, [4] Unique Colors, [5] Disease Present, [8] Vigorous Plant

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Osteospermum	OSTICADE Twilight Moon	Danziger	Orange	NEW	Sun - C	2.46	The plant looks bigger but not many flowers; Faded flowers but potential?; Great mix of yellow and purple; lush foliage; Needs more flower power [14] Few Flowers, [1] Disease Present, [1] Many Flowers, [1] Significant Pest Damage, [1] Some Chlorosis, [2] Non-Uniform, [3] Vibrant Flower Color, [4] Low Vigor, [4] Uniform, [6] Great Foliage, [6] Unique Colors, [7] Vigorous Plant
Osteospermum	OSTICADE Yellow	Danziger	Yellow		Sun - C	2.58	Drought stress; One dead plant in the middle the others flopped over; Vibrant flowers; grows outwards; open in the middle a little due to plant dying in center; [10] Few Flowers, [1] Unique Flower Form, [2] Some Chlorosis, [3] Disease Present, [3] Great Foliage, [3] Low Vigor, [3] Vibrant Flower Color, [4] Uniform, [6] Many Flowers, [6] Non-Uniform, [7] Unique Colors, [7] Vigorous Plant
Petchoa	Caliburst™ Yellow	PanAmerican Seed	Yellow	NEW	Sun - S	4.08	Full foliage; uniform and compact; mounding growth pattern; Good yellow late in season; Great yellow flower and nice mounding. Spent flowers noticeably; Leaves are vibrant green and make the yellow pop. Good ratio of flower to foliage; Lovely shape and habit; perfect mound; Some pest damage; Super vibrant yellow color. [16] Vibrant Flower Color, [17] Vigorous Plant, [19] Many Flowers, [20] Uniform, [4] Unique Colors, [8] Great Foliage
Petchoa	Enviva Pink	Selecta One	Pink		Sun - C	3.33	Flowering is moderate; Hot pink flowers; dense foliage around outside; thinning in middle; Smaller flower size; Very leggy; flowers and foliage doesn't look very healthy; [10] Vigorous Plant, [1] Non-Uniform, [1] Some Chlorosis, [1] Unique Colors, [2] Few Flowers, [2] Great Foliage, [9] Many Flowers, [9] Uniform, [9] Vibrant Flower Color
Petchoa	Enviva White	Selecta One	White	NEW	Sun - C	2.90	Clean and contained; balanced blooms; not growing much further than pot edge; Compact foliage; not overflowing the pot. Nice bright white; Good dense habit; Many flowers; uniform; open in the middle slightly but not super noticeable; even growth otherwise; Not true white [1] Great Foliage, [1] Unique Colors, [1] Vibrant Flower Color, [2] Non-Uniform, [2] Some Chlorosis, [3] Few Flowers, [3] Low Vigor, [8] Many Flowers, [8] Vigorous Plant, [9] Uniform
Petunia	AMORE Fluttering Heart	Danziger	White, purple		Sun - C	3.43	I love how the purple bleeds into the white pinwheel pattern; Larger petals; dense foliage aside from where it donuts in center; water falls over side of pot; Needs flower power; Open center [1] Low Vigor, [1] Unique Flower Form, [2] Few Flowers, [3] Great Foliage, [4] Non-Uniform, [6] Uniform, [7] Unique Colors, [7] Vigorous Plant, [8] Vibrant Flower Color, [9] Many Flowers
Petunia	Amore King of Hearts Imp.	Danziger	Red, white	NEW	Sun - C	2.71	Pinstripe balanced across mound. Some opening in center; Star pattern with red and white looks very nice. Good dense foliage. Flowers seem to be dying; Uniform but lacks flower power; Unique stripes on petals; lush foliage; rounded plant growth [10] Unique Colors, [1] Low Vigor, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Unique Flower Form, [2] Few Flowers, [3] Non-Uniform, [7] Vigorous Plant, [9] Many Flowers, [9] Uniform
Petunia	Amore Princess Pink	Danziger	Pink, white	NEW	Sun - C	2.95	Denser habits; Flower size looks smaller than other varieties. White star in center pops; Open center; Opening up in center; Star patterning on petals; bright pink pairs well with foliage; open in the middle; [1] Non-Uniform, [1] Significant Pest Damage, [2] Few Flowers, [2] Great Foliage, [2] Low Vigor, [4] Vibrant Flower Color, [5] Unique Colors, [8] Many Flowers, [8] Uniform, [8] Vigorous Plant
Petunia	AMORE Queen Of Hearts	Danziger	Red, yellow		Sun - C	3.14	Nice round foliage. Unique coloration; Opening habit; Opening up in center; Very bright flowers; reminds me of taffy; bushy and round; [11] Many Flowers, [11] Vigorous Plant, [1] Great Foliage, [1] Significant Pest Damage, [1] Unique Flower Form, [2] Few Flowers, [2] Non-Uniform, [2] Some Chlorosis, [6] Vibrant Flower Color, [7] Uniform, [8] Unique Colors

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Petunia	Bee's Knees	Ball FloraPlant	Yellow		Sun - C	3.38	Large plant; cascading; many blooms throughout; patchy; Nice yellow; Opening in center; blooms through entire container; Very vigorous habit covering pot; Vibrant yellow. Looks a lot better than other varieties considering how other varieties have responded to weather [15] Many Flowers, [16] Vigorous Plant, [1] Unique Colors, [2] Great Foliage, [8] Uniform, [9] Vibrant Flower Color
Petunia	Burgundy Bliss	Ball FloraPlant	Purple, white	NEW	Sun - C	3.52	Foliage looks great and flowers are very pretty; I just wish there were more flowers to balance the big bushy foliage; Huge plant; engulfs the pot; smaller bloom size; tons of blooms; very vigorous; Opening habit late in season [10] Uniform, [11] Vigorous Plant, [1] Non-Uniform, [2] Few Flowers, [2] Unique Flower Form, [5] Great Foliage, [6] Unique Colors, [8] Many Flowers, [8] Vibrant Flower Color
Petunia	CAPELLA Hello Yellow	Danziger	Yellow		Sun - C	2.38	A matte color; opening in the middle but blooming on edges; Darker yellow blooms; cascading; blooms point toward ground; Foliage isn't very dense; flowers seem to be rotting; Needs vigor; Some foliage loss maybe got dry; looks leggy [1] Great Foliage, [1] Some Chlorosis, [2] Few Flowers, [2] Unique Colors, [2] Vibrant Flower Color, [3] Non-Uniform, [3] Uniform, [5] Vigorous Plant, [6] Low Vigor, [9] Many Flowers
Petunia	CAPELLA Mulberry	Danziger	Purple	NEW	Sun - C	3.25	Needs flower power; Velvety petals; dense and mounding; tidy; [1] Great Foliage, [1] Non-Uniform, [2] Few Flowers, [2] Low Vigor, [3] Unique Colors, [6] Uniform, [7] Many Flowers, [7] Vibrant Flower Color, [7] Vigorous Plant
Petunia	CAPELLA Rose	Danziger	Pink		Sun - C	2.38	Some disease late in season; Flowering is significantly Less on one spot in may have one or two plants declining; Lots of flowers on half of plant; other half is chlorotic and all flowers have died back; Plant does not look good. Foliage is becoming chlorotic and mildewy; [1] Disease Present, [1] Great Foliage, [1] Many Flowers, [1] Uniform, [2] Low Vigor, [2] Significant Pest Damage, [3] Some Chlorosis, [3] Vibrant Flower Color, [4] Vigorous Plant, [5] Non-Uniform, [6] Few Flowers
Petunia	CAPELLA Ruby Red Improved	Danziger	Red	NEW	Sun - C	2.76	Compact; bright flowers contrast with foliage; Deep merlot opening up in the center; not covered in blooms; Foliage is nice and busy but has low vigor. Flowers are mushy and decaying; Needs flower power; Open center. Weak flower in elements; Significant damage on blooms; [1] Few Flowers, [1] Great Foliage, [1] Non-Uniform, [1] Unique Colors, [4] Low Vigor, [4] Significant Pest Damage, [6] Vigorous Plant, [7] Vibrant Flower Color, [8] Uniform, [9] Many Flowers
Petunia	CAPELLA White Improved	Danziger	White	NEW	Sun - C	2.76	Growth habit is becoming more open; Larger; flatter leaves; great balance of blooms to foliage; crawling and overhanging; Nice big flowers. Looks a little leggy but bright white really pops; Open center; Open habit; Opening in center; larger flower [1] Disease Present, [1] Great Foliage, [1] Significant Pest Damage, [1] Some Chlorosis, [1] Unique Flower Form, [2] Uniform, [2] Vibrant Flower Color, [3] Low Vigor, [5] Few Flowers, [5] Vigorous Plant, [6] Many Flowers, [6] Non-Uniform
Petunia	CASCADIAS Rim Cherry Imp.	Danziger	Purple, white	NEW	Sun - C	3.67	Flower pattern is not stable on about 1/3 of container with variegation reverting back to solid; Nice compact foliage. Would be a 5 but many of the flowers are solid purple and others have a white border; Not all blooms have white rim; Tons of blooms cover the plant; white rim on blooms make colors pop; darker; sage colored foliage; White edge not consistent some totally purple [11] Vigorous Plant, [12] Many Flowers, [2] Great Foliage, [3] Non-Uniform, [5] Unique Colors, [8] Vibrant Flower Color, [9] Uniform
Petunia	CASCADIAS Rim Violet Imp.	Danziger	Blue, white	NEW	Sun - C	3.29	Large and cascading; white outline on dark violet blooms makes them pop; sage green foliage; Nice white consistent edge to flower; Purple flowers with white rim looks very nice; [10] Vigorous Plant, [1] Non-Uniform, [2] Few Flowers, [5] Vibrant Flower Color, [6] Unique Colors, [7] Uniform, [9] Many Flowers

Petunia	Itsy™ Pink	Syngenta	Pink	NEW	Sun - C	3.48	Good dense habit late; Lord of flowers form a nice bush. Color really pops; Mini petunia coverage consistent. Some patches; Open centers; Tiny blooms make plant stand out; slight openness in the middle but rest of plant is full and round; dense foliage; [10] Uniform, [14] Vigorous Plant, [17] Many Flowers, [2] Unique Colors, [3] Vibrant Flower Color, [4] Great Foliage, [5] Unique Flower Form
Petunia	Itsy™ White	Syngenta	White		Sun - C	3.33	Kind of leggy; Open habit; Small blooms and small leaves. Dense foliage. Looks a little overgrown; Smaller flower size; Some patches but consistently flowering; Tons of blooms and rounded plant; many holes and patches in plant; cascading [14] Vigorous Plant, [15] Many Flowers, [1] Vibrant Flower Color, [2] Great Foliage, [2] Non-Uniform, [2] Unique Flower Form, [7] Uniform
Petunia	Lemonberry	Ball FloraPlant	Purple, yellow	NEW	Sun - C	3.29	Great pop of color; tons of blooms; cascading; full and lush; blooms look tie dyed; Many flowers; this variety seems to smell very strong and fragrant; Needs flower power [10] Unique Colors, [11] Many Flowers, [11] Vigorous Plant, [1] Few Flowers, [2] Great Foliage, [2] Non-Uniform, [5] Vibrant Flower Color, [8] Uniform
Petunia	Peppy Pink Vein (Intrinsa)	Dummen Orange	Pink, white	NEW	Sun - C	2.95	Open center; Pink flower with white star really pops. Many flowers to look at; Striping on flowers; dense foliage; rounded; open in the middle; [1] Few Flowers, [1] Great Foliage, [1] Unique Flower Form, [4] Non-Uniform, [4] Uniform, [4] Unique Colors, [4] Vibrant Flower Color, [4] Vigorous Plant, [5] Low Vigor, [7] Many Flowers
Petunia	Petunia SweetSunshine Blueberry Vein	Selecta One	Purple	NEW	Sun - C	3.86	Good double; I love the double layer mixed with the dark vibrant veins. Foliage is nice and round; Mix of double petals and dark veining gives blooms unique look; look like small roses; dense; wide-leaved foliage; mounded and tidy [11] Vigorous Plant, [13] Many Flowers, [1] Low Vigor, [3] Great Foliage, [4] Unique Colors, [6] Vibrant Flower Color, [8] Uniform, [8] Unique Flower Form
Petunia	Petunia SweetSunshine Pink+Red Vein	Selecta One	Pink	NEW	Sun - C	2.71	Flower to foliage ratio seems off. Double layer with red veins looks very nice; Great foliage; bright and full; cascading; double petals give a unique look; Nice double flowers; Opening in the center; Veining color! Opening in center [13] Unique Flower Form, [1] Vibrant Flower Color, [2] Great Foliage, [2] Significant Pest Damage, [3] Low Vigor, [3] Non-Uniform, [4] Unique Colors, [5] Many Flowers, [6] Few Flowers, [6] Uniform, [6] Vigorous Plant
Petunia	Potunia® + Blue Vein (Intrinsa)	Dummen Orange	Blue	NEW	Sun - C	3.05	Good late in season; Great plant. May be a smaller variety. Some flowers are very washed out; Older blooms fade; giving a nice mix of darker and lighter blooms; tons of blooms; flowers remind me of a cartoon style drawing; little open in the middle; Open center; [1] Few Flowers, [1] Low Vigor, [1] Significant Pest Damage, [2] Color Does Not Match Name, [3] Great Foliage, [3] Non-Uniform, [4] Unique Colors, [4] Vibrant Flower Color, [6] Vigorous Plant, [7] Uniform, [9] Many Flowers
Petunia	Potunia® Piccola White 2024 (Intrinsa)	Dummen Orange	White	NEW	Sun - C	2.43	Bright flowers and foliage; lush foliage but holes throughout and non-uniform; Center dieback; Compact within pot; opening in center; Growth habit is becoming more open; Nice compact variety contained within the pot. Medium flower size. Some plants are bigger than others; Open in center; center rotting [1] Disease Present, [1] Few Flowers, [1] Significant Pest Damage, [1] Uniform, [1] Vibrant Flower Color, [2] Great Foliage, [5] Vigorous Plant, [6] Low Vigor, [8] Many Flowers, [9] Non-Uniform
Petunia	RIMarkable	Danziger	Purple, white	NEW	Sun - C	3.62	Bloom pattern reminds me of paper it tie dye; larger blooms; larger leaves; lush and full; Enormous!; Flower color not consistent; Nice round foliage. Compact variety. I like the white rim [10] Uniform, [12] Vigorous Plant, [1] Few Flowers, [1] Low Vigor, [1] Unique Flower Form, [2] Non-Uniform, [5] Great Foliage, [7] Unique Colors, [8] Vibrant Flower Color, [9] Many Flowers

Petunia grandiflora	Duvel™ White	Syngenta	White		Sun - S	1.75	Patchy; massive blooms; lower growing; Smaller growth habit [1] Significant Pest Damage, [1] Vibrant Flower Color, [2] Vigorous Plant, [3] Disease Present, [3] Few Flowers, [4] Many Flowers, [6] Some Chlorosis, [7] Non-Uniform, [8] Low Vigor
Petunia milliflora	Picobella™ Rose Morn Imp.	Syngenta	Pink	NEW	Sun - S	2.70	Open center; Open in center; Opens with age; Smaller blooms; open in the middle; tons of blooms form a layer over foliage; dense foliage [1] Significant Pest Damage, [2] Few Flowers, [2] Uniform, [2] Unique Colors, [4] Non-Uniform, [4] Vibrant Flower Color, [4] Vigorous Plant, [5] Low Vigor, [7] Many Flowers
Plectranthus	ColorBlaze® Cherry Drop	Proven Winners	Red, green	NEW	Sun - C	3.71	Very vigorous; vigorous. Also sprawling. Holds color better than trailblazer; Color/pattern is better carried out than trailblazer road trip; Growth habit is slightly open; Lodging happening; Lush; vibrant; unique leaf shape; No flowers; Smaller leaves; green spotting throughout leaves; [11] Great Foliage, [16] Vigorous Plant, [1] Non-Uniform, [2] Vibrant Flower Color, [4] Unique Colors, [8] Uniform
Plectranthus scutellarioides	ColorBlaze® Chocolate Drop	Proven Winners	Green, red		Sun - C	4.05	Dainty leaves. Sprawler; Great uniformity and vigor; one of the best coleus entries of the best; Green and brown looks like mint chocolate; bushy and stretchy; I think the name is very fitting for this plant. It reminds me of mint chocolate chip; Smaller leaf size; [12] Great Foliage, [12] Uniform, [14] Vigorous Plant, [1] Low Vigor, [1] Non-Uniform, [1] Vibrant Flower Color, [6] Unique Colors
Plectranthus scutellarioides	FanciFillers Guacamole	Westhoff	Yellow, green		Shade - C	4.33	great foliage; Great filler plant. Quite uniform. Nice variegation; Massive plant; cascading and lush; impressive leaf variegation; Some leaves turning more all yellow [10] Uniform, [11] Great Foliage, [13] Vigorous Plant, [1] Disease Present, [1] Many Flowers, [1] Unique Flower Form, [6] Unique Colors
Portulaca	Colorblast Lemon Twist Imp.	Westhoff	Yellow		Sun - C	2.86	Lumpy habit but many flowers; Needs flowers; Past its prime. The pop of yellow on this succulent-like plant really gives it character and reminds me of a lemon; Very lemony vibes coming from the flowers; [1] Low Vigor, [2] Non-Uniform, [3] Few Flowers, [3] Unique Flower Form, [4] Great Foliage, [4] Vibrant Flower Color, [5] Unique Colors, [6] Many Flowers, [7] Uniform, [8] Vigorous Plant
Portulaca	Colorblast Pink Lady Imp.	Westhoff	Pink		Sun - C	3.14	Past its prime; Looks very healthy and is thriving; I like the white stripes on the flower petals with the hot pink; Needs flowers; Pink and white striped flowers are delightful; Resilient plant; sad on cloudy days; The stripes on this flower are unique and create a very unique look that draws the eye [11] Vigorous Plant, [2] Unique Flower Form, [3] Non-Uniform, [4] Great Foliage, [4] Many Flowers, [5] Few Flowers, [5] Vibrant Flower Color, [6] Unique Colors, [8] Uniform
Portulaca	Colorblast Watermelon Punch Imp.	Westhoff	Pink		Sun - C	2.77	Love the interest of the seed pods too!; More compact; Needs flowers; Not as many blooms; Past its prime. Uniform blooms and the foliage shape makes this crawling plant look great [10] Unique Colors, [1] Low Vigor, [2] Unique Flower Form, [3] Non-Uniform, [3] Vibrant Flower Color, [4] Many Flowers, [5] Great Foliage, [5] Uniform, [6] Few Flowers, [9] Vigorous Plant
Ptilotus exaltatus	Joey	Benary	Pink		Sun - S	3.82	Fills out lovely; Good number of flowers; Lovely feathery flower. Nicely branched plant; These blooms and foliage are both very unique. The blooms look like a fluffy purple fox tail and the leaves look artsy and draw attention as well; This is a solid plant. Looks hardy and healthy [10] Vigorous Plant, [11] Uniform, [11] Unique Flower Form, [14] Many Flowers, [1] Non-Uniform, [5] Great Foliage, [6] Unique Colors

Ptilotus exaltatus	Matilda	Benary	Pink	NEW	Sun - S	3.68	This plant's foliage looks crisp and clean; this plant stands out; Neat red stems; many flowers; fuzzy appearance; Longer stem length. More open plant habit makes it less desirable than Joey; Looks a lot like Joey; More pink; seems to be more laggy than other variety; [11] Vigorous Plant, [12] Unique Flower Form, [14] Many Flowers, [1] Non-Uniform, [2] Vibrant Flower Color, [5] Great Foliage, [5] Unique Colors, [9] Uniform
Rudbeckia	MiniBeckia™ Flame	Garden Choice	Yellow, orange		Sun - C	2.33	So many flowers everything fell over and you can't really even enjoy them; Old flowers distract. Floppy; Smaller blooms; great mix of color; falling over; Smaller size to height and flower [12] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Great Foliage, [1] Some Chlorosis, [2] Disease Present, [2] Unique Colors, [3] Significant Pest Damage, [3] Uniform, [4] Low Vigor, [4] Vibrant Flower Color, [6] Vigorous Plant, [9] Non-Uniform
Rudbeckia	Sunbeckia Carla	Flamingo Holland/Bull	Yellow, orange		Sun - C	2.67	Dark center creates great contrast; falling over; Lodging; a bit dirty; Older flowers [10] Non-Uniform, [11] Vigorous Plant, [12] Many Flowers, [1] Disease Present, [1] Few Flowers, [2] Great Foliage, [2] Low Vigor, [2] Significant Pest Damage, [2] Uniform, [3] Some Chlorosis, [3] Unique Flower Form, [5] Unique Colors, [9] Vibrant Flower Color
Rudbeckia	Sunbeckia Carolina	Flamingo Holland/Bull	Yellow		Sun - C	3.00	A little floppy; doesn't like the shape of the pedals as much as the other varieties; Taller foliage growth; lots of smaller blooms; open in center and cannot support itself; Floppy; Some lodging; [14] Many Flowers, [1] Disease Present, [1] Great Foliage, [2] Significant Pest Damage, [2] Some Chlorosis, [3] Low Vigor, [4] Unique Colors, [5] Uniform, [6] Non-Uniform, [7] Vigorous Plant, [9] Vibrant Flower Color
Rudbeckia	Sunbeckia Emma	Flamingo Holland/Bull	Yellow		Sun - C	2.75	Compact and fills pot nicely; tons of blooms; Double flowers; Faded; Flower color seems to be less vibrant than most other Rudbeckia; Like the double flowers; Not a lot of flowers. Spotty foliage; The flowers look a little scruffy definitely not uniform; [11] Uniform, [15] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Low Vigor, [1] Unique Colors, [2] Great Foliage, [2] Non-Uniform, [2] Significant Pest Damage, [3] Some Chlorosis, [3] Unique Flower Form, [6] Vigorous Plant, [7] Vibrant Flower Color
Rudbeckia	Sunbeckia Juliana	Flamingo Holland/Bull	Yellow		Sun - C	3.67	Clean looking flowers; Flowers hold well. Lots of flowers; Japanese beetle present; Tons of blooms; green/yellow center blends nicely with petals [10] Great Foliage, [11] Uniform, [12] Vibrant Flower Color, [15] Vigorous Plant, [16] Many Flowers, [2] Some Chlorosis, [2] Unique Flower Form, [3] Non-Uniform, [4] Unique Colors
Rudbeckia	Sunbeckia Laura	Flamingo Holland/Bull	Yellow		Sun - C	2.88	A bit floppy. Old flowers distracting; Tons of blooms; entire plant is leaning over and cannot hold self up; does better in ground; Double flowers; Floppy; Foliage appears to be eaten by pests; Lodging is very significant but flowers are large and showy; Petals collapsed on themselves and stems flopped over; [11] Non-Uniform, [12] Many Flowers, [1] Disease Present, [1] Few Flowers, [1] Significant Pest Damage, [1] Unique Colors, [2] Great Foliage, [3] Low Vigor, [3] Some Chlorosis, [3] Uniform, [8] Unique Flower Form, [9] Vibrant Flower Color, [9] Vigorous Plant
Rudbeckia	Sunbeckia Luna	Flamingo Holland/Bull	Orange, yellow		Sun - C	3.63	Large flowers. Old flowers distract. Not a lot of flowers. Petals look like paint brushed on; unique look; open in the middle a little but otherwise looks great; Stronger stems [12] Uniform, [12] Vibrant Flower Color, [15] Many Flowers, [15] Vigorous Plant, [1] Disease Present, [1] Few Flowers, [2] Significant Pest Damage, [2] Some Chlorosis, [4] Unique Flower Form, [5] Great Foliage, [8] Unique Colors

Rudbeckia	Sunbeckia Marilyn	Flamingo Holland/Bull	Yellow, orange		Sun - C	3.25	A little floppy. But fairly sturdy stems; Orange in petals provide nice color contrast; whole plant is opening in center and falling out of pot; Some lodging; Very beautiful flowers with interesting coloring on the inside of the petals; Very eye catching; [10] Vigorous Plant, [13] Vibrant Flower Color, [14] Many Flowers, [14] Unique Colors, [1] Disease Present, [1] Few Flowers, [2] Low Vigor, [2] Significant Pest Damage, [2] Some Chlorosis, [2] Unique Flower Form, [4] Great Foliage, [4] Non-Uniform, [7] Uniform
Rudbeckia	Sunbeckia Mia	Flamingo Holland/Bull	Yellow, orange		Sun - C	2.13	Floppy; Flowering is moderate and lodging is fairly significant; Like the very defined red ring on petals; Lodging; Lots of colorful blooms; falling over; May do better in ground; Stocks cannot hold the flowers; [14] Non-Uniform, [1] Great Foliage, [2] Uniform, [2] Vibrant Flower Color, [3] Few Flowers, [4] Significant Pest Damage, [4] Some Chlorosis, [5] Disease Present, [5] Unique Colors, [5] Vigorous Plant, [6] Low Vigor, [8] Many Flowers
Rudbeckia	Sunbeckia Ophelia	Flamingo Holland/Bull	Yellow		Sun - C	3.21	Lots of blooms; great pop of color; Nice; but just not as nice as the ones around them; Nothing unique; Plenty of flowers. Standing upright. Old flowers; Some lodging [13] Vigorous Plant, [17] Many Flowers, [1] Unique Colors, [2] Low Vigor, [2] Significant Pest Damage, [3] Some Chlorosis, [4] Great Foliage, [4] Non-Uniform, [5] Uniform, [7] Vibrant Flower Color
Rudbeckia	Sunbeckia Paulina	Flamingo Holland/Bull	Yellow		Sun - C	3.29	A bit floppy; Some breakage of stems; Great blooms; most of plant is falling over and cannot hold itself up. Does better in ground bed; Great color but too many flopped over; Lodging is severe; Nothing different or unique about this one [12] Vigorous Plant, [13] Vibrant Flower Color, [16] Many Flowers, [1] Significant Pest Damage, [2] Disease Present, [2] Great Foliage, [2] Low Vigor, [2] Unique Colors, [3] Some Chlorosis, [4] Uniform, [6] Non-Uniform
Scaevola	Abanico Compact Purple	Benary	Blue	NEW	Sun - C	3.58	Great mix of blooms and foliage; upwards growth; compact and cute; Like the upright habit; Very nice; Nice dark foliage and attractive growth habit; Nice habit and great foliage color; Nice habit. Upright. Great foliage. Best of the Abanico [11] Many Flowers, [11] Vigorous Plant, [13] Uniform, [1] Few Flowers, [1] Low Vigor, [2] Non-Uniform, [4] Unique Flower Form, [6] Unique Colors, [9] Great Foliage, [9] Vibrant Flower Color
Scaevola	Abanico Rose	Benary	Pink	NEW	Sun - C	3.04	Plant hangs over side of pot; more wild-like growth; Flower color is to dull; Some yellowing of leaves; [10] Vigorous Plant, [15] Many Flowers, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Low Vigor, [2] Unique Colors, [3] Great Foliage, [5] Non-Uniform, [6] Some Chlorosis, [8] Uniform
Scaevola	Abanico White	Benary	White	NEW	Sun - C	2.96	Compact; Compact and dense growth; grows upwards; Good white; Nice contrast between the foliage in the white flowers; but not very exciting pot of flowers; [12] Uniform, [13] Many Flowers, [1] Unique Colors, [2] Vigorous Plant, [3] Great Foliage, [3] Unique Flower Form, [5] Few Flowers, [6] Non-Uniform, [8] Low Vigor
Scaevola	Surdiva ®Blue Violet	Suntory	Blue		Sun - C	3.42	More wild growth pattern; blooms make plant pop; Nice flower color. Most vigorous of the Surdivas; Nice form that they stand up instead of flop over. Also great color; Smaller flower size [10] Vigorous Plant, [15] Many Flowers, [1] Low Vigor, [2] Few Flowers, [2] Great Foliage, [4] Unique Colors, [4] Unique Flower Form, [7] Non-Uniform, [8] Uniform, [9] Vibrant Flower Color
Scaevola	Surdiva ®Fashion Pink	Suntory	Pink		Sun - C	3.04	Fills pot nicely; longer stems give plant texture; In shade looks more purple; Needs more vigor [10] Uniform, [14] Many Flowers, [1] Color Does Not Match Name, [1] Few Flowers, [1] Unique Flower Form, [2] Some Chlorosis, [2] Vigorous Plant, [3] Non-Uniform, [4] Unique Colors, [5] Low Vigor, [6] Great Foliage, [9] Vibrant Flower Color

Scaevola	Surdiva® Lilac Mist	Suntory	Purple		Sun - C	2.79	Compact. Looks good; Flowering is moderate; Lower vigor; Nice color and no flopping; Small and compact; fills space and darker leaves pair well with lilac blooms; [1] Some Chlorosis, [1] Vibrant Flower Color, [2] Unique Flower Form, [2] Vigorous Plant, [4] Non-Uniform, [4] Unique Colors, [6] Great Foliage, [6] Many Flowers, [7] Few Flowers, [7] Uniform, [9] Low Vigor
Scaevola	Surdiva® Purple	Suntory	Purple		Sun - C	3.25	Going strong; Longer stems overhang pot; lots of blooms; More open flowers; Nice color and quite a few flowers for the flopping over there spot in the middle [11] Vigorous Plant, [16] Many Flowers, [1] Some Chlorosis, [2] Unique Flower Form, [3] Great Foliage, [3] Low Vigor, [3] Unique Colors, [5] Non-Uniform, [5] Uniform, [7] Vibrant Flower Color
Scaevola	Surdiva® White Improved	Suntory	White		Sun - C	3.29	Fills pot nicely; flat and outward growth pattern; Looks a little spent. Light green foliage; Needs more flower power; Very nice as far as white flowers go [17] Many Flowers, [1] Unique Colors, [1] Unique Flower Form, [1] Vibrant Flower Color, [2] Few Flowers, [3] Great Foliage, [3] Low Vigor, [5] Non-Uniform, [9] Uniform, [9] Vigorous Plant
Tecoma	Kalama Blood Orange	Ball Ingenuity	Orange	NEW	Sun - C	2.95	All the Tecoma flowers look the same color; Looks weedy; Most vegetative of the three Tecomas; Needs flowers; Not sturdy habit; flowers hide in foliage; Plant is very leggy; lacks flowers; looks very healthy; The trumpet-like blooms and bright orange color paired with the green foliage makes this plant look nice. The plant is not uniform but it gives the plant a more natural look; [10] Great Foliage, [14] Vigorous Plant, [2] Many Flowers, [2] Uniform, [3] Unique Flower Form, [4] Non-Uniform, [4] Unique Colors, [4] Vibrant Flower Color, [6] Few Flowers
Tecoma	Kalama Papaya	Ball Ingenuity	Orange	NEW	Sun - C	2.91	All the Tecoma flowers look like they had the same color; Bees are attracted to the orange foliage color but this plant looks very similar to the other plants in this series; Falling over in pot more than other two; Huge cluster of flowers. Color doesn't fit plant; Looks weedy. Pollinator friendly. Bumblebees; Needs flower power; Plants are falling over pots; not as uniform as other varieties [10] Vigorous Plant, [1] Few Flowers, [3] Non-Uniform, [3] Unique Flower Form, [4] Uniform, [4] Vibrant Flower Color, [5] Unique Colors, [6] Great Foliage, [7] Many Flowers
Tecoma	Kalama Pomegranate	Ball Ingenuity	Orange	NEW	Sun - C	2.73	All the Tecoma flowers look like they have the same flower color; Bumblebees. Pollinator friendly. Looks weedy; Color is the same as the other two. More orangey; Huge but falling over and not consistent flowers; Needs flower power; Plant has opened up but the flower power that is there is fabulous. Dark stems. Vivid orange flowers. Lots of bees; Plant is thriving; I really love the orange and yellow flowers; The bright orange flowers attract lots of bees; looks very similar to other Tecoma's. The orange does not look like a pomegranate; [10] Vigorous Plant, [1] Low Vigor, [2] Color Does Not Match Name, [2] Few Flowers, [3] Uniform, [4] Non-Uniform, [4] Unique Colors, [4] Unique Flower Form, [4] Vibrant Flower Color, [5] Great Foliage, [6] Many Flowers
Torenia	Summer Wave® Trailing Large Amethyst	Suntory	Purple		Shade - C	1.81	Fuller foliage; low growing and trailing; blooms are sparse; Needs flower power; Probably the best Summer Wave; [13] Few Flowers, [1] Many Flowers, [1] Non-Uniform, [1] Unique Colors, [2] Vibrant Flower Color, [4] Great Foliage, [5] Low Vigor, [5] Uniform, [7] Vigorous Plant
Torenia	Summer Wave® Trailing Large Blue	Suntory	Blue		Shade - C	1.24	Looks like only two plants; No flowers; Very small plants with no blooms; possible disease; Vigorous and more purple than blue; Would have liked to see a color; no flowers; plant in poor shape; [11] Few Flowers, [14] Low Vigor, [1] Many Flowers, [1] Vigorous Plant, [2] Significant Pest Damage, [2] Uniform, [3] Non-Uniform, [6] Disease Present

Verbena	Firehouse Blue Fizz	Ball FloraPlant	Blue, white		Sun - C	2.83	Color is ok. Spent flowers are noticeable; Nice two tone flower; Overall not very appealing; Plant looks messy after flowing; Purple center of bloom cluster and white outer layer give blooms a unique look; overhanging foliage growth; The purple and white flowers pop against the green foliage. Plants doesn't look very uniform. Some parts are spilling over and some are still the are in the pot [10] Many Flowers, [15] Vigorous Plant, [1] Color Does Not Match Name, [1] Low Vigor, [1] Unique Flower Form, [4] Few Flowers, [6] Great Foliage, [6] Non-Uniform, [6] Vibrant Flower Color, [8] Unique Colors, [9] Uniform
Verbena	Firehouse Purple	Ball FloraPlant	Purple		Sun - C	3.83	Flat larger clusters of flowers; cascading foliage; full and fills space well; Sometimes purples disappear in the landscape at this one pops; Flowers more upright above foliage; Foliage looks a little leggy; many vibrant flowers; Love this shade of purple; Plant is sprawling; Rich contrast and balanced blooming [15] Uniform, [16] Vibrant Flower Color, [20] Vigorous Plant, [21] Many Flowers, [3] Non-Uniform, [4] Unique Colors, [5] Great Foliage
Verbena	Firehouse Red	Ball FloraPlant	Red		Sun - C	3.96	Cascading; many blooms throughout; Little more open habit; Red flowers pop and are uniform across plant; Very vibrant red; Smaller more compact leaves. Many flowers; This is an eyecatcher; Trailing habit vigorously goes to ground; more blooming on ends of plants [10] Great Foliage, [15] Uniform, [18] Vibrant Flower Color, [19] Vigorous Plant, [1] Few Flowers, [1] Non-Uniform, [1] Significant Pest Damage, [20] Many Flowers, [2] Unique Colors
Verbena	Lanai® Green Apple	Syngenta	Yellow		Sun - C	2.71	Colors blend together; Interesting color. Not vibrant. Spent flowers are noticeable; Really cool color. Leaves are very small. Many dead blooms; Smaller clusters of flowers; smaller individual flowers; blooms level with foliage; Thrips; Unique but not showy; Very interesting color. It would be fun to design with; Yellow green flowers and dense habit [13] Vigorous Plant, [14] Uniform, [15] Unique Colors, [16] Many Flowers, [1] Unique Flower Form, [2] Disease Present, [2] Few Flowers, [2] Low Vigor, [2] Non-Uniform, [3] Some Chlorosis, [5] Great Foliage
Verbena	Lanai® Upright Blue with Eye	Syngenta	Purple		Sun - C	2.71	Clean and neat; flowers on edges; Eye of flower makes clusters pop; dense foliage; light green pairs well with purple blooms; Few flowers; Good foliage color; Good shape; uneven flower distribution; The foliage is very nice; forms a dome and is compact. Purple flowers with white center makes the plant pop; [13] Uniform, [13] Vigorous Plant, [16] Few Flowers, [1] Color Does Not Match Name, [1] Unique Colors, [2] Many Flowers, [3] Low Vigor, [6] Vibrant Flower Color, [7] Non-Uniform, [8] Great Foliage
Verbena	Lanai® Upright Red with Eye	Syngenta	Red		Sun - C	3.17	Clusters of flowers throughout; upright and hanging foliage growth; Dense upright mounding; Not uniform habit; Very dense foliage. Not many flowers. I like the white center it makes the red pop; Very pretty; White on red flower is great. Flowers are inconsistent across plant [10] Many Flowers, [14] Vibrant Flower Color, [14] Vigorous Plant, [1] Unique Flower Form, [2] Unique Colors, [6] Non-Uniform, [7] Few Flowers, [8] Great Foliage, [9] Uniform
Verbena	Lanai® Upright Rose with Eye	Syngenta	Pink		Sun - C	3.08	Nice growth habit; Nice white center in the flowers. Inconsistent coloration; Opening up in center; Upright growth; white in center of flower adds character; White eye on flower bright and nice. Plant starting to fall over; [11] Vibrant Flower Color, [13] Many Flowers, [15] Vigorous Plant, [1] Some Chlorosis, [2] Low Vigor, [2] Unique Flower Form, [3] Few Flowers, [4] Unique Colors, [6] Uniform, [7] Non-Uniform, [8] Great Foliage

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Verbena	Lanai® Upright Twister™ Watercolor	Syngenta	Pink, blue		Sun - C	3.13	Beautiful individual flowers; Clean and neat; consistent blooms; Dense and full; Flowers not uniform across plant; Moderate flowering; Mounding and uniform; looks like a muffin; flowers form color rings within the clusters; Plant looks messy after flowering; The color of these flowers are really pretty. I like the pink and purple washed out vibes; [10] Few Flowers, [11] Unique Colors, [12] Uniform, [18] Vigorous Plant, [1] Color Does Not Match Name, [3] Vibrant Flower Color, [4] Non-Uniform, [6] Great Foliage, [8] Many Flowers
Verbena	Lascar Black Velvet	Selecta One	Purple		Sun - C	2.25	Bloom clusters look crackly; unique dark foliage and dark blooms; many blooms on top have died back; many blooms found around edges; Great color; Very deep purple but stops blooming profusely; poor performer; Great flower color. Die back of plant; No vigor; Parts of plants are dying. Flowers are shriveled up; Probably was nice last week; This color would be fun to design with; [12] Unique Colors, [13] Non-Uniform, [15] Few Flowers, [1] Great Foliage, [1] Many Flowers, [1] Unique Flower Form, [2] Significant Pest Damage, [3] Some Chlorosis, [3] Uniform, [4] Disease Present, [5] Vibrant Flower Color, [7] Low Vigor, [7] Vigorous Plant
Verbena	Lascar Blue+White	Selecta One	Red, purple	NEW	Sun - C	4.21	Best verbena in group; Clean and balanced; Compact and flowers grow against foliage; low growing; dark and light petals on flowers make it stand out; Denser habit; Great flower color. Nice mounding habit. Lots of flowers; Interesting flowers covering the foliage. This is a great plant; Not picking up blue from the flower color; The foliage is nice and round. Coloration on flowers is very unique and created a ring [10] Vibrant Flower Color, [16] Vigorous Plant, [17] Unique Colors, [1] Non-Uniform, [20] Many Flowers, [21] Uniform, [5] Unique Flower Form, [6] Color Does Not Match Name, [8] Great Foliage
Verbena	Lascar Dark Red	Selecta One	Red		Sun - C	3.13	Definitely darker red flower; Ok red. Plant starting to droop; Opening up; Plant splitting in pot; Small clusters of blooms; outreaching growth; Very small leaves makes it look like there's gaps in the foliage. Not many flowers [10] Many Flowers, [11] Vibrant Flower Color, [18] Vigorous Plant, [1] Low Vigor, [3] Great Foliage, [4] Few Flowers, [6] Non-Uniform, [9] Uniform
Verbena	Lascar Dark Violet	Selecta One	Purple		Sun - C	3.75	Clean habit; Great compact foliage. Flowers are spilling over but not too much; Larger clusters of flowers; clusters seem to stay full and doesn't die back in center as much; Nice color. Great mounding habit; Not many blooms left; [11] Vibrant Flower Color, [17] Uniform, [19] Many Flowers, [19] Vigorous Plant, [1] Few Flowers, [1] Non-Uniform, [2] Unique Flower Form, [3] Unique Colors, [6] Great Foliage
Verbena	Lascar Mango Orange	Selecta One	Orange		Sun - C	3.04	Great color with dark throat on flowers. Plant a little scraggly; Love the orange eye; Moderate flowering; Not really orange; These flowers are more salmon color than mango. Red center adds nice depth. Small leaves; Unique bloom color; more of a salmon color rather than mango or orange [13] Vigorous Plant, [1] Low Vigor, [1] Unique Flower Form, [4] Few Flowers, [6] Color Does Not Match Name, [6] Non-Uniform, [7] Unique Colors, [8] Many Flowers, [8] Uniform, [9] Great Foliage, [9] Vibrant Flower Color
Verbena	Lascar Orange Lava	Selecta One	Orange	NEW	Sun - C	3.33	Balanced blooms; flower appears more flat matte than others; Beautiful orangish red color; Dense habit; Good shape but non uniform flowers; Great flower color. Flowers are not consistent across plant; Moderate flowering; Plant is not too small and not too big. it's sturdy and colors are very vibrant. Leaves are small but dense; Very bright flowers make the plant stand out; clusters of flowers are flat and evenly dispersed throughout; cascades down, creating a pretty bush-like plant; [13] Uniform, [15] Vibrant Flower Color, [17] Vigorous Plant, [2] Color Does Not Match Name, [2] Low Vigor, [3] Non-Uniform, [5] Unique Colors, [6] Many Flowers, [7] Few Flowers, [8] Great Foliage

Ratings and Evaluation Day Comments for Varieties Grown in a Container

Genus	Cultivar	Company Name	Color	New	Light: C or S *	Rating 1-5**	Evaluators' Comments on 8/8/23***
Verbena	Lascar Purple	Selecta One	Purple		Sun - C	3.29	Compact and cascading; flatter growth on top; many blooms; Dense rounded habit; Good shape; non uniform flowers; Moderate flowering; Nice mounding habit. Could be more flowers; Not as many blooms; This variety looks more low growing and ground covering. Pot is overflowing [13] Many Flowers, [15] Uniform, [19] Vigorous Plant, [1] Low Vigor, [1] Some Chlorosis, [2] Color Does Not Match Name, [2] Few Flowers, [2] Unique Colors, [3] Non-Uniform, [6] Great Foliage, [7] Vibrant Flower Color
Verbena	Lascar Purple+White	Selecta One	Blue	NEW	Sun - C	4.08	Clean and tidy; Color orientation on flowers is really pretty. Foliage is dense and lower growing; Compact and flatter growth; layer of blooms on top of foliage; Denser habit; Great color. Nice mounding habit; Very pretty!; This is a sturdy flower over the foliage. Great plant. [12] Unique Colors, [13] Vibrant Flower Color, [14] Vigorous Plant, [20] Many Flowers, [20] Uniform, [3] Unique Flower Form, [7] Great Foliage
Verbena	Lascar Vampire	Selecta One	Red		Sun - C	2.96	Denser habit; Full; long bloom stems; dense foliage; Great red color; Moderate flowering; Nice dense round foliage. Bigger leaves. Not many flowers; Rich deep red contrast [11] Few Flowers, [14] Vibrant Flower Color, [14] Vigorous Plant, [1] Low Vigor, [1] Some Chlorosis, [1] Unique Flower Form, [4] Non-Uniform, [4] Unique Colors, [5] Great Foliage, [6] Many Flowers, [9] Uniform
Verbena	Lascar White	Selecta One	White		Sun - C	2.79	Clusters of flowers; level and even growth across the plant; Flowers are not uniform; Flowers on edges; Little more open in habit; Moderate flowering; Smaller white variety. Small leaves; more compact foliage; Thrips damage on flowers [12] Vigorous Plant, [17] Few Flowers, [1] Significant Pest Damage, [1] Unique Flower Form, [2] Many Flowers, [3] Vibrant Flower Color, [4] Great Foliage, [4] Low Vigor, [7] Uniform, [8] Non-Uniform
Verbena	Salmon Rose	Benary	Pink	NEW	Sun - C	3.92	Compact within the pot; Good coverage of flowers over foliage; Low growth habit; Low lying plant; blooms throughout and even with foliage; Nice low mound plant great traditional color. Very uniform; This is not salmon. Foliage and plant is really small and more compact [12] Vigorous Plant, [15] Vibrant Flower Color, [17] Many Flowers, [19] Uniform, [1] Color Does Not Match Name, [1] Few Flowers, [1] Unique Flower Form, [2] Low Vigor, [3] Unique Colors, [6] Great Foliage
Verbena	True Violet	Benary	Purple	NEW	Sun - C	2.92	Compact and dense groundcover on the pot; Compact and low growing: smaller planet than average; would make great ground cover; Flowers are not uniform across plant; Low growing ground cover variety; sharp ridges on leaves; Much denser habit [11] Vibrant Flower Color, [14] Uniform, [1] Color Does Not Match Name, [1] Unique Colors, [3] Great Foliage, [5] Non-Uniform, [6] Few Flowers, [8] Vigorous Plant, [9] Low Vigor, [9] Many Flowers
Verbena	VANESSA Bicolor Indigo	Danziger	Blue		Sun - C	3.13	Bolder bicolor; Coloration on flowers make a nice ring. I like the different shades of purple; Flowers inconsistent; Foliage is a blue-green shade; dark inner petals and light outer petals pair well with foliage color; cascading; Good late in season; Most flowers near ground; Rambling habit; [12] Uniform, [21] Vigorous Plant, [4] Non-Uniform, [5] Great Foliage, [5] Unique Flower Form, [7] Few Flowers, [7] Unique Colors, [8] Many Flowers, [8] Vibrant Flower Color
Verbena	VANESSA Magenta	Danziger	Purple	NEW	Sun - C	4.00	Amazing habit; Clean compact variety; Compact growth; flowers and foliage are tightly packed together; blooms form an outer layer of the plant; Dense foliage; compact variety; nice shape and is not overflowing the pot. Pretty purple color; Denser habit; Great mounding habit with loads of flowers. Color is a touch dull; Perfect form; [16] Vigorous Plant, [1] Non-Uniform, [20] Uniform, [21] Many Flowers, [5] Vibrant Flower Color, [6] Great Foliage, [7] Unique Colors

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Begonia	BabyWing® Red Bronze Leaf	NEW	20 x 13	24 x 30	Overall appearance is good. Uniformity is good and flowering is still strong.	3	3	4	5	5	5	5	5
Begonia	Canary Wings		26 x 42	38 x 50	Overall appearance has looked near perfect all season with unique foliage color. Growth habit has always been very uniform with prolific flowering.	4	4	5	5	5	5	5	5
Begonia	Dragon Wing® Pink		31 x 36	32 x 40	Vigor is very good. Flowering is strong although flowers sometimes are below the foliage and not a showy as some of the other entries.	4	4	5	5	5	5	5	5
Begonia	Dragon Wing® Red Bronze Leaf	NEW	26 x 27	35 x 44	Plants have good vigor and have maintained a nice bushy shape with abundant flowers	4	4	5	5	5	5	5	5
Begonia	Dragon Wing® White		27 x 23	38 x 50	Plants have excellent vigor and good flowering.	4	4	5	5	5	5	5	5
Begonia	Flowerball F1 Mix		15 x 20	28 x 23	Plants all have good flowering and 90% of them have the same size but 10% seems to be a little unusually small.	3	4	5	5	5	5	5	5
Begonia	Hula™ Blush		19 x 28	33 x 54	Looks near perfect with abundant flowering and near uniform growth habit except one plant seems to have an unknown problem.	3	4	5	5	5	5	5	5
Begonia	Hula™ Blush		20 x 23	25 x 50	Spreading habit looks great in the ground beds. Plants are uniform, healthy and covered with flowers.	3	3	4	5	5	5	5	5
Begonia	Hula™ Mix Red White		17 x 18	29 x 53	Plants have good vigor but the white plants do not seem to be matching the growth habit of the red flowering plants.	3	3	4	5	5	5	5	5
Begonia	Hula™ Mix Red White		25 x 29	13 x 34	Plants look healthy although the red plants seems to be more dominant than the white plants with a larger plant size.	3	3	4	5	5	5	5	5
Begonia	Hula™ Pink		14 x 24	23 x 36	Overall appearance is very good with uniform plants that make a nice canopy with pink flowers.	3	3	5	5	5	5	5	5
Begonia	Hula™ Pink		18 x 33	23 x 54	Flowering is prolific and growth habit is perfect.	4	4	5	5	5	5	5	5
Begonia	Hula™ Red		20 x 24	25 x 36	Plants are uniform and very showy with abundant flowers.	3	3	5	5	5	5	5	5
Begonia	Hula™ Red		19 x 31	24 x 37	Growth habit is not as uniform as the others in the series but still very attractive overall.	3	3	5	5	5	5	5	5
Begonia	Hula™ Red White Bicolor		20 x 18	23 x 41	Still very attractive with uniform growth habit and abundant flowering.	3	3	4	5	5	5	5	5
Begonia	Hula™ Red White Bicolor		27 x 26	24 x 48	Overall appearance is very good with healthy plants and abundant flowers.	3	3	4	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Begonia x hybrida	Bionic™ Green Leaf Pink		23 x 28	25 x 27	Flowering is very showy and plants are very uniform with good vigor.	4	4	5	5	5	5	5	5
Begonia x hybrida	Bionic™ Green Leaf Red		22 x 23	35 x 34	Overall appearance is very uniform. Plants are healthy and have good flowering.	4	4	5	5	5	5	5	5
Begonia x hybrida	Tophat™ Pink		18 x 13	20 x 30	Plants look good overall with attractive foliage and abundant flowers.	3	3	4	5	5	5	5	5
Begonia x hybrida	Tophat™ Rose Bicolor		19 x 18	30 x 30	Flowers are plentiful, large and a great shade of pink and white. Plants are healthy but a little leggy in growth habit.	3	3	4	5	5	5	5	5
Begonia x hybrida	Tophat™ Scarlet Improved		15 x 27	32 x 30	About 20% of the plants are unusually small but the rest are very showy.	3	3	4	5	5	5	5	5
Begonia x hybrida	Tophat™ White		21 x 16	34 x 42	Growth habit is a little upright and somewhat leggy but flowering is still strong and foliage is very healthy.	3	3	4	5	5	5	5	5
Bidens	Campfire® Flame		30 x 40	25 x 40	Looks almost perfect. Impressive amount of flowers cover very uniform, compact plants.	4	5	5	5	5	5	5	5
Bidens	Campfire® Marshmallow™	NEW	42 x 50	41 x 68	About 25% of plants are in decline and the rest look fine with a fair amount of flowers keeping them showy.	5	5	5	5	5	5	5	5
Bracteantha	Cottage Bronze Imp.	NEW	16 x 27	21 x 33	Overall not very attractive as there are very few good looking flowers. Plants are looking tired and a little chlorotic.	4	3	4	5	4	3	3	3
Bracteantha	Cottage Lemon		21 x 31	19 x 27	Growth habit is not very uniform and flowering is a little sporadic with low to moderate number of blooms.	4	4	5	5	4	4	4	4
Bracteantha	Cottage Orange		23 x 36	35 x 45	Plants are in decline and flowers are starting to fade.	4	4	4	5	4	3	3	3
Bracteantha	Cottage Pink		24 x 29	25 x 30	Over 50% of plants have declined and were removed and the rest have very few flowers that look colorful.	4	4	4	4	3	3	3	3
Bracteantha	Cottage Rose Imp.	NEW	17 x 30	21 x 35	Plants are mostly finished flowering and are mostly covered with faded flowers which are not very attractive.	4	4	5	5	4	3	3	3
Bracteantha	Cottage Toffee	NEW	20 x 30	24 x 38	Almost all plants are out of bloom except for maybe one. Overall not very attractive.	4	4	4	5	4	3	3	3
Bracteantha	Granvia Gold		31 x 34	58 x 47	10 to 20% of plants have declined but the rest look acceptable.	4	5	5	5	4	4	4	4
Bracteantha	Granvia Harvest Orange		25 x 34	33 x 44	Blooms are starting to fade but still has color. About 40% of plants have declined and were removed.	2	3	4	4	3	3	3	3

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Bracteantha	Granvia Peachy Keen		23 x 32	34 x 40	50% of plants have declined and removed but the rest look fair.	3	3	4	5	4	3	3	3
Bracteantha	Granvia Pink		18 x 36	32 x 42	Plants are generally covered with faded flowers which are not very attractive because of old blooms. About 90% of plants still look healthy.	4	4	5	5	4	3	3	3
Buddleia	Leah™ Midnight		39 x 42	48 x 60	Uniformity is very good and plant health is excellent. Flowering is consistent and showy.	4	5	4	5	5	5	5	5
Buddleia	Leah™ Raspberry		17 x 37	40 x 49	Plants are relatively uniform and healthy with consistent flowering.	4	4	4	5	5	5	5	5
Canna	Cannova® Rose Dark Bud	NEW	37 x 36	60 x 54	Large pink flowers are very attractive but flowering is mostly on only 50% of plants while others have already been spent.	3	3	4	5	5	5	5	5
Canna	F1 South Pacific Scarlet		45 x 33	71 x 60	About 20% of plants have died and were removed but the rest have good uniformity and abundant flowers with a great red color. Large plants have a pink flower and are very attractive but blooming is sporadic and on only about 50% of plants.	4	3	4	4	4	4	4	4
Canna	F1 South Pacific White	NEW	43 x 24	65 x 44	Two plants have died but the rest look good.	3	4	4	4	5	5	5	5
Canna	F1 South Pacific Yellow	NEW	36 x 30	49 x 56	Plants look good overall with uniform growth and abundant flowering. Flowers barely are high enough to show through the foliage.	3	4	4	4	5	5	5	5
Catharanthus	Cora® XDR Apricot		12 x 15	20 x 20	Overall appearance is still good with uniform flowering and plants.	2	3	4	4	4	5	5	5
Catharanthus	Cora® XDR Deep Strawberry		14 x 17	22 x 24	About 10% of plants show signs of decline but the rest look healthy with moderate flowering	1	3	4	4	4	4	4	4
Catharanthus	Cora® XDR Hotgenta		9 x 10	16 x 15	Plants are healthy and flowering is moderate.	1	2	3	3	3	4	4	4
Catharanthus	Cora® XDR Magenta Halo Improved		15 x 16	25 x 30	Plants are all healthy and flowering is moderate.	1	3	4	4	4	5	5	5
Catharanthus	Cora® XDR Polka Dot		15 x 14	23 x 26	About 20% of plants look like they are in decline but the rest look good with showy flowers.	2	3	4	4	4	4	4	4
Catharanthus	Cora® XDR Punch		14 x 18	24 x 23	Overall appearance is very good with healthy plants and moderate flowering.	2	3	4	4	4	5	5	5
Catharanthus	Cora® XDR White		14 x 13	18 x 20	Flowering is still looking good and plant health is good.	2	3	4	3	4	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Catharanthus	Soiree Ka · wa · i · i® Blueberry Kiss		18 x 20	18 x 28	About half the plants look acceptable with moderate flowering and rest look like they are in decline.	3	4	5	5	5	4	4	4
Catharanthus	Soiree Ka · wa · i · i® Coral Reef		13 x 20	16 x 29	Few flowers and plants are starting to lose vigor.	3	3	5	5	4	4	4	4
Catharanthus	Soiree Ka · wa · i · i® Paprika Red	NEW	23 x 22	25 x 35	Flowering is still acceptable and looks good overall with a uniform growth habit. Plants look healthy.	3	4	5	5	5	5	5	5
Catharanthus	Soiree Ka · wa · i · i® Red Shades		12 x 16	15 x 24	Flowering has become relatively few and about 15% of plants show signs of decline.	3	3	4	5	5	4	4	4
Catharanthus	Soiree Ka · wa · i · i® White Peppermint		13 x 20	16 x 27	Only a few plants still look showy and about 2/3 of them are showing signs of decline.	3	3	5	5	5	4	4	4
Catharanthus	Soiree® Double Orchid		26 x 24	28 x 37	About 40% of the plants are in decline while the rest still look acceptable.	3	3	5	5	5	5	5	5
Catharanthus	Soiree® Double Pink		22 x 24	24 x 43	Plants are still attractive and healthy. Flowering is still very strong.	4	4	5	5	5	5	5	5
Catharanthus	Soiree® Double White		25 x 30	23 x 52	Overall appearance is still good with moderate flowering and reasonably healthy plants.	3	4	4	5	5	5	5	5
Catharanthus	Soiree® Flamenco Pink Twist		24 x 25	24 x 49	Plants are still relatively healthy but flowering has been reduced to few and a lot of them don't seem to be opening all the way.	3	4	4	4	5	5	5	5
Catharanthus	Soiree® Flamenco Senorita Pink		26 x 23	25 x 45	Overall appearance is fair with about 10% of the plants showing decline.	3	4	4	5	5	5	5	5
Catharanthus	Volcano F1 Peach	NEW	10 x 12	17 x 22	Flowers are abundant and a very attractive shade of peach. Plants are healthy	1	1	3	3	3	4	4	4
Catharanthus	Volcano F1 Rose Morning	NEW	16 x 17	18 x 26	Growth habit is uniform and plants have strong flowering.	2	3	4	4	3	5	5	5
Catharanthus	Volcano F1 Scarlet Eye	NEW	12 x 16	24 x 30	About 40% of plants are declining but the rest look good with moderate flowering.	5	3	4	3	3	4	4	4
Celosia	Flamma Bright Red		26 x 15	30 x 34	Still looks very good with abundant fresh-looking flowers and uniform growth habit.	3	3	4	5	5	5	5	5
Cleome hassleriana	Sparkler™ 2.0 Purple		77 x 32	77 x 20	Arrived with disease from the greenhouse and never recovered despite applications of fungicide.	3	3	2	1	1	1	1	1
Cleome hassleriana	Sparkler™ 2.0 Rose		74 x 30	75 x 16	Arrived with disease from the greenhouse and never recovered despite applications of fungicide.	3	3	2	1	1	1	1	1

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Coleus	Campfire		42 x 52	72 x 53	Foliage color and uniformity are still very nice but it has prolific flowering in mid-September	4	5	4	5	5	5	5	5
Coleus	Down Town Columbus	NEW	50 x 51	71 x 48	There is moderate lodging in the middle of the row and minor flowering but otherwise looks good.	4	5	5	5	5	5	5	5
Coleus	Down Town NYC Nights	NEW	30 x 40	49 x 45	Slight lodging on one plant but everything else looks very good.	4	5	5	5	5	5	5	5
Coleus	FlameThrower Habanero		34 x 50	50 x 54	Flowers are becoming a significant distraction and growth habit is slightly irregular.	4	4	5	4	4	4	4	4
Coleus	FlameThrower Salsa Roja		44 x 45	63 x 77	Lodging is significant on this entry but foliage color is still attractive	4	5	5	5	5	5	5	5
Coleus	FlameThrower Siracha		25 x 36	41 x 50	Still looks very good and late in the season with just one plant showing minor lodging but otherwise very showy.	5	5	5	5	5	5	5	5
Coleus	Main Street Lombard Street	NEW	53 x 47	79 x 65	Foliage still looks excellent as does growth habit but flowering is significantly more than some of the other coleus.	4	5	5	5	5	5	5	5
Coleus	Premium Sun Coral Candy	NEW	16 x 32	34 x 34	Growth habit is not very uniform and two plants have significant flowers. Plants still look healthy.	3	3	4	4	4	4	4	4
Coleus	Solar Flare	NEW	48 x 51	69 x 59	Still looks very impressive with great plant vigor but minor flowering is starting to occur.	4	5	5	5	5	5	5	5
Coleus	Talavera™ Burgundy Lime	NEW	35 x 40	62 x 61	Plants have slight lodging and moderate flowering but still reasonably showy.	4	5	5	4	5	5	5	5
Coleus	Talavera™ Chocolate Mint	NEW	38 x 52	60 x 59	Overall appearance is near perfect and has no sign of any flowers.	5	5	5	5	5	5	5	5
Coleus	Talavera™ Chocolate Velveteen	NEW	32 x 41	59 x 47	Foliage has not faded and growth habit is still very nice.	4	4	5	5	5	5	5	5
Coleus	Talavera™ Moondust	NEW	33 x 38	66 x 55	Still looks quite good overall with no flowering.	4	5	5	5	5	5	5	5
Coleus	Talavera™ Pink Tricolor	NEW	24 x 28	40 x 49	Overall growth habit and appearance is still very good with just very minor flowering.	3	4	5	5	5	5	5	5
Coleus	Talavera™ Sienna	NEW	17 x 25	25 x 34	Color maybe fading just a little bit but still looks very good overall.	3	3	4	5	5	5	5	5
Coleus	TrailBlazer Glory Road	NEW	33 x 50	44 x 60	Foliage color seems to be getting bleached out on the tips especially. Growth habit is not very even.	5	5	5	4	4	4	4	4

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Coleus	TrailBlazer Road Trip	NEW	50 x 80	39 x 96	Seems to have more of a spreading growth habit that makes a nice looking ground cover and still looks very nice late season although it is slightly uneven in growth habit.	4	5	5	5	5	5	5	5
Cuphea	Sweet Talk™ Lavender Splash	NEW	45 x 34	58 x 38	Flowering is still prolific although some spent blooms are starting to turn brown. Still showy overall.	4	4	5	5	5	5	5	5
Cuphea	Sweet Talk™ Pink Deep	NEW	46 x 29	37 x 49	Plants are still green and healthy with prolific flowering. Growth habit is becoming slightly irregular.	4	4	5	5	5	5	5	5
Cuphea	Sweet Talk™ Red	NEW	45 x 38	38 x 48	Still looks nearly as good as in the middle of summer with numerous flowers and nice growth habit.	4	4	5	5	5	5	5	5
Dahlia	City Lights Lavender Pink		63 x 66	63 x 55	Plants still look healthy although they have slight lodging. Flowering is relatively low.	4	5	5	5	5	5	5	5
Dahlia	City Lights Purple		52 x 47	58 x 57	Still looks great late in the season with near perfect growth habit and abundant flowers.	5	5	5	5	5	5	5	5
Dahlia	City Lights Red		60 x 56	64 x 74	Growth habit is becoming unattractive with moderate to severe lodging. Flowers are few.	4	4	5	5	4	4	4	4
Dahlia	Dahlegria™ Apricot Tricolor		62 x 54	60 x 55	Plants are beginning to show some significant lodging. Flowering is moderate and new blooms still look impressive.	5	5	5	5	5	5	5	5
Dahlia	Dahlegria™ Magenta Bicolor		66 x 50	63 x 50	Flowers are relatively few and tall stems give a little bit of a leggy appearance. Plants still look healthy.	5	5	5	5	5	5	5	5
Dahlia	Dahlegria™ Sunrise		62 x 55	63 x 64	Growth habit has significant lodging but plants still look healthy and have moderate flowering.	5	5	5	4	5	5	5	5
Dahlia	Dalaya Apricot	NEW	55 x 52	57 x 72	Flowering is moderate. Plants are healthy but lodging.	4	5	5	5	4	5	5	5
Dahlia	Dalaya Fireball		50 x 54	53 x 56	Still looks relatively fresh overall with bright colors and green foliage and moderate flowering.	4	5	5	5	5	5	5	5
Dahlia	Dalaya Pink+White		60 x 60	65 x 75	Flowering is abundant. Plants are healthy with slight lodging.	5	5	5	5	5	5	5	5
Dahlia	Dalaya Purple+White		39 x 48	52 x 73	Overall appearance is still very showy with abundant flowers although some flowers are reverting to a solid color.	3	4	5	5	5	5	5	5
Dahlia	Darlin' Abstract Fuchsia	NEW	48 x 43	43 x 44	Dark green foliage and plant growth habit still looks good. Flowering is still very good with abundant blooms.	4	4	5	5	5	5	5	5
Dahlia	Darlin' Burgundy Lace		42 x 41	45 x 49	Flowering is moderate and sporadic among all plants. Plants are still green and very uniform.	4	4	5	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Dahlia	Venti Pink+White Eye		47 x 48	50 x 51	Flowers are still abundant but dead blooms definitely require regular deadheading since they have the long stems and are very visible.	4	4	5	5	5	5	5	5
Dahlia	Venti Red+White		52 x 52	60 x 61	Plants have few flowers but are still large and healthy looking.	3	5	5	5	5	5	5	5
Dahlia	Venti Tequila Sunrise 23	NEW	54 x 50	64 x 62	Flowering is moderate and plants still look healthy.	3	4	5	5	5	5	5	5
Dahlia	XXL Sunrise	NEW	51 x 46	58 x 75	Flowering is moderate and showy although plants have significant lodging and some powdery mildew is starting up.	4	4	4	4	5	4	4	4
Delosperma	Delmara™ Red Gold	NEW	10 x 46	10 x 40	Looks very healthy and uniform with strong flowering.	4	4	4	4	5	5	5	5
Diascia	Sundiascia® Upright Blush White		36 x 40	42 x 45	Few flowers and plants are starting to decline.	4	4	5	4	4	3	3	3
Diascia	Sundiascia® Upright Peach		40 x 40	44 x 48	Virtually no flowers and about 40% of plants have declined and were removed.	4	4	5	3	3	3	3	3
Diascia	Sundiascia® Upright Rose Pink		37 x 50	34 x 50	No flowers, plants are in decline and not attractive.	4	4	5	4	3	3	3	3
Gaura lindheimeri	Belleza Dark Pink 24	NEW	68 x 44	55 x 60	Growth habit is becoming a little irregular and looking a little leggy but flowering is still good.	4	3	3	4	4	5	5	5
Gaura lindheimeri	Belleza White		53 x 34	76 x 48	Flowers are prolific and plants are healthy and uniform.	3	3	3	3	4	5	5	5
Gazania	Sterling Silver™ Burgundy Stripe	NEW	24 x 23	21 x 46	Just about one or maybe two plants are showing signs of decline otherwise everything still looks very good with moderate flowering.	4	5	5	5	5	5	5	5
Gazania	Sterling Silver™ Yellow	NEW	21 x 40	18 x 50	Plants are uniform healthy and attractive. Flowering is moderate.	3	5	5	5	5	5	5	5
Geranium (Interspecific)	Big EEZE White	NEW	23 x 35	35 x 42	Blooms are still very abundant and it looks showy. Plants are large and healthy looking.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Caldera™ Lavender Glow		19 x 30	38 x 45	Tall stems create a lovely canopy of lavender flowers over the top of attractive plants.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Caldera™ Pink		27 x 38	31 x 40	Flowering is at least moderate to prolific and overall appearance is very good.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Caldera™ Red		15 x 30	32 x 43	Flowers are relatively few but the plant still looks dark green and uniform.	3	4	5	5	5	5	5	5
Geranium (Interspecific)	Caldera™ Salmon		23 x 35	34 x 47	Overall appearance is very impressive with abundant flowers and uniform growth habits along with healthy plants.	3	3	5	4	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Geranium (Interspecific)	Caliente® Coral Salmon		22 x 33	35 x 60	Flowering is still going strong and plants are very uniform as well as good green foliage.	4	3	5	5	5	5	5	5
Geranium (Interspecific)	Caliente® Fire		28 x 26	33 x 47	Some plants are becoming chlorotic and flowering is very few on those plants but about 60% of the plants still are showy with abundant flowers.	4	3	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Large Cascade Violet		20 x 31	27 x 52	Blooms are abundant and plants still look attractive.	3	3	4	4	5	5	5	5
Geranium (Interspecific)	Calliope® Large Dark Red		27 x 40	35 x 50	Flowering is moderate and plants are still a healthy uniform green color.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Large Hot Pink		24 x 26	32 x 52	Flower power is very good as blooms are very abundant. Plants still look healthy and uniform.	4	3	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Large Lavender Mega Splash		21 x 22	35 x 38	Growth habit is little irregular but flowers are still blooming at least moderate or better.	3	3	4	4	4	4	4	4
Geranium (Interspecific)	Calliope® Large White		25 x 30	45 x 63	Plants are large and still look healthy. Flowers are still abundant and overall it looks very attractive.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Bright Rose		26 x 34	37 x 47	Flowers are prolific and relatively large. Plants are healthy.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Crimson Flame		20 x 34	32 x 56	Overall appearance is still very good with moderate flowering and very uniform, healthy plants.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Dark Red		18 x 30	29 x 42	Plants have few flowers and seem to be getting a little chlorotic.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Dark Red DL		23 x 30	36 x 46	Dark red color is very showy on uniform plants. Flowering is moderate.	3	4	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Hot Pink		22 x 36	32 x 53	Plants look healthy and vigorous although flowering is slowing down to moderate.	3	4	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Pink Flame		21 x 34	33 x 48	Flowering is still very good and plants are uniform and healthy.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Rose Mega Splash Imp.		25 x 36	22 x 34	Flowering is moderate and sporadic among the plants. Growth habit is also a little uneven but plants still look healthy.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Calliope® Medium Salmon		25 x 27	31 x 44	Looks good overall but flowering has slowed to moderate.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Grace Dark Red	NEW	22 x 30	33 x 46	Plants are becoming a little lighter green and flowering is also being reduced to moderate.	3	4	5	5	5	5	5	5

Genus	Cultivar	New*	July HxW**	Sept HxW**	Mid-September Comments: Coordinator and Research Associate	Flowering Data:							
						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Geranium (Interspecific)	Grace Hot Pink Splash	NEW	23 x 36	28 x 52	Flowering is prolific and there is a lot of color. Plants are uniform but there are probably 10% of plants that look like they are declining.	4	3	5	5	5	5	5	5
Geranium (Interspecific)	Grace Patio Scarlet Kiss		20 x 30	26 x 49	Flowering is prolific - there is a wonderful canopy of red flowers over uniform plants.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Grace Peach	NEW	18 x 37	29 x 44	Growth habit is still uniform and flowering is moderate.	3	3	4	4	5	5	5	5
Geranium (Interspecific)	Grace Pink Splash	NEW	21 x 30	32 x 53	Still has a very impressive overall appearance with prolific flowering and uniform healthy plants.	4	4	4	5	5	5	5	5
Geranium (Interspecific)	Grace Scarlet	NEW	26 x 31	27 x 53	Flowering is moderate but tall stems are unusually visible and unattractive after flower fades.	3	4	5	5	5	5	5	5
Geranium (Interspecific)	Grace Violet	NEW	20 x 28	37 x 49	Plants are uniform in healthy. Flowering is moderate.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Grace White	NEW	27 x 41	35 x 56	Flowers are becoming few but plants still look healthy.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Grace White Splash	NEW	22 x 34	28 x 34	Flowers are still abundant and plants are uniform but becoming chlorotic.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Mantra™ Bright Red		27 x 40	45 x 56	Vibrant flowers stand out well against the dark green foliage and uniform plants. Prolific flowering creates a lot of color.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Mantra™ Magenta Bicolor		28 x 26	42 x 37	Foliage is very dark green and healthy but plants are a little irregular in growth habit. Flowering is moderate.	4	4	5	5	5	5	5	5
Geranium (Interspecific)	Mantra™ Pink		27 x 28	36 x 37	Flowering is moderate and plants still have a nice dark green color.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Santana Dark Red	NEW	20 x 30	29 x 50	Flowering is still showy but it's probably slowed down to a moderate amount of flowers. 90% of plants still look good although there might be a little chlorosis creeping in on one or two.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Santana Fire	NEW	20 x 32	31 x 56	Still looks very fresh with abundant flowers and uniform growth habit.	3	3	4	4	4	5	5	5
Geranium (Interspecific)	Santana Pink	NEW	27 x 31	30 x 44	Flower power is excellent with plants being very prolific and uniform.	3	3	4	5	5	5	5	5
Geranium (Interspecific)	Santana Pink Splash	NEW	27 x 32	32 x 48	About 20% of plants are showing signs of decline. Flowering is low to moderate.	3	3	5	5	5	5	5	5
Geranium (Interspecific)	Santana Purple	NEW	17 x 26	27 x 40	Flowering is still going strong and plants are uniform and healthy.	4	4	5	5	5	5	5	5

Geranium (Interspecific)	Santana White	NEW	15 x 35	22 x 35	Flowering is low to moderate and plants are starting to look a little chlorotic.	3	3	4	5	4	4	4	4
Geranium (Interspecific)	Santana White Splash	NEW	19 x 28	28 x 40	Plants are uniform with abundant flowers and look good.	3	3	5	5	5	5	5	5
Geranium (Zonal)	Darko Lavender with Eye	NEW	20 x 26	26 x 35	Still looks very good with moderate flowering and a nice uniform row of green plants	3	3	4	5	5	5	5	5
Geranium (Zonal)	Darko Neon Purple Imp.	NEW	26 x 24	32 x 34	Growth habit is a little irregular but plants still look healthy. Flowering is moderate.	3	3	4	5	4	5	5	5
Geranium (Zonal)	Darko Pink		28 x 30	30 x 37	Overall appearance is still very good with plenty of flowers and a uniform growth habit.	3	3	4	5	5	5	5	5
Geranium (Zonal)	Darko Salmon		28 x 28	30 x 35	Foliage is a nice dark green and flowering is moderate.	2	3	4	4	5	5	5	5
Geranium (Zonal)	Darko True Red	NEW	23 x 33	35 x 48	Flowering is moderate and plants still look healthy.	2	3	4	5	5	5	5	5
Geranium (Zonal)	Darko White		20 x 20	24 x 29	Plants are smaller and lack some uniformity. Flowers are few.	2	2	4	4	4	4	4	4
Geranium (Zonal)	Elanos Dark Red		24 x 32	32 x 38	Few flowers but overall growth habit and appearance is still uniform. About 10% of plants seem to be getting some chlorosis.	2	3	4	5	5	5	5	5
Geranium (Zonal)	Elanos Rose		22 x 27	28 x 30	Blooms are relatively few but plants are uniform and still look healthy.	3	3	4	5	4	5	5	5
Geranium (Zonal)	Elanos Salmon Chic		24 x 26	29 x 56	Flowering is moderate. Plants look healthy but like some uniformity.	3	3	4	5	4	5	5	5
Geranium (Zonal)	Elanos Violet	NEW	23 x 26	31 x 43	Flowering is moderate and overall appearance is still good.	3	3	4	5	5	5	5	5
Geranium (Zonal)	Flower Fairy Strawberry	NEW	20 x 25	28 x 38	Overall everything still looks good with moderate flowering but some plants are less than uniform.	4	3	4	4	5	5	5	5
Geranium (Zonal)	Flower Fairy Violet	NEW	25 x 25	30 x 41	Flowering rate is relatively low. Plants still look healthy and uniform.	3	3	4	4	4	5	5	5
Geranium (Zonal)	Flower Fairy White Splash		13 x 18	22 x 34	plants are relatively small but uniform. flowering is very little.	3	2	3	4	4	4	4	4
Geranium (Zonal)	Galaxy Dark Red		28 x 37	41 x 48	Overall appearance is good with moderate flowering and large healthy plants.	3	3	5	5	5	5	5	5
Geranium (Zonal)	Galaxy Orange	NEW	28 x 34	40 x 47	Growth habit blacks uniformity. The plants still appear healthy. Flowering is moderate.	3	3	5	5	5	5	5	5

Genus	Cultivar	New*	July HxW**	Sept HxW**	Mid-September Comments: Coordinator and Research Associate	Flowering Data:							
						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Helianthus annuus	Sonja	NEW	110 x 52	110 x 40	Flowers have quit blooming about a month ago. Foliage has pretty much disappeared and the only thing left are some light green stems. Does not look very attractive and should probably be removed.	3	4	4	4	3	3	3	3
Helianthus hybrida	Sunfinity™ Yellow Dark Center		130 x 60	135 x 140	Flowers are very few and not very showy. Some stems have some brown starting as it goes into a general decline. Not very attractive overall.	5	5	5	5	5	4	4	4
Hydrangea x	Game Changer® Picotee		48 x 40	53 x 43	Plants look healthy but had very few flowers all season and have virtually nothing right now.	3	4	4	4	4	4	4	4
Impatiens	Beacon™ Lipstick	NEW	26 x 36	24 x 42	Growth habit is a little irregular but most plants look attractive with numerous flowers.	2	3	4	5	5	4	4	4
Impatiens	Beacon™ Mix Pearl island	NEW	17 x 30	20 x 40	Flowering is moderate but plants still look good.	4	4	4	5	5	5	5	5
Impatiens interspecific	Solarscape™ Mix Voodoo	NEW	16 x 25	20 x 46	Mix is not very even with the dark pink plants being dominant.	3	2	3	4	4	4	4	4
Impatiens interspecific	Solarscape™ Orange Burst		15 x 21	24 x 43	About half the plants look very nice and half look like they have some kind of disease that has not been identified.	3	2	3	3	3	3	3	3
Impatiens interspecific	Solarscape™ White Shimmer		12 x 25	16 x 43	Some plants look very good and others look stunted from unidentified disease or other problem.	2	3	3	3	3	3	3	3
Impatiens interspecific	Solarscape™ XL Salmon Glow		17 x 25	19 x 40	Some plants look great but about half of them look like they have some kind of a disease that has stunted them.	2	2	3	3	2	2	2	2
Impatiens walleriana	Impara® XDR Orange		23 x 26	33 x 54	Plants have good vigor and abundant flowers.	3	4	4	5	5	5	5	5
Impatiens walleriana	Impara® XDR Orange Star		20 x 44	30 x 42	Flower pattern is not stable and some are nearly solid orange. Growth habit varies.	3	3	4	5	5	5	5	5
Impatiens walleriana	Impara® XDR Pink		25 x 28	25 x 44	Growth habit is uniform and flowering is still strong.	2	4	4	5	5	5	5	5
Impatiens walleriana	Impara® XDR Purple		24 x 33	30 x 45	Plant vigor is very good. Flowers are abundant.	3	4	5	5	5	5	5	5
Impatiens walleriana	Impara® XDR Red		26 x 26	25 x 43	Generally plants have good vigor but growth habit is not always uniform. Flowers are numerous.	3	3	5	5	5	5	5	5
Impatiens walleriana	Impara® XDR Red Star		20 x 45	25 x 35	Flower pattern is not stable and growth habit is a little irregular.	2	3	5	5	5	5	5	5
Impatiens walleriana	Impara® XDR Rose		26 x 43	22 x 44	Growth habit lacks uniformity but plants still have a lot of flowers.	3	4	4	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Impatiens walleriana	Impara® XDR Salmon Shades		25 x 27	30 x 45	Flowering is little sporadic among the plants.	3	3	5	5	5	5	5	5
Impatiens walleriana	Impara® XDR White		26 x 44	35 x 40	Plants still have many flowers and look good overall.	3	3	4	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Compact Classic White		15 x 25	30 x 53	Overall, the plants are excellent except one plant seems to have a disease with some chlorosis and few flowers	3	3	4	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Compact Red Candy	NEW	18 x 35	35 x 55	Very impressive appearance with a blanket of flowers so tight you can hardly see the foliage and very uniform.	3	4	4	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Compact Rose Glow		15 x 40	33 x 66	Looks near perfect overall with very uniform growth habit and a large canopy of flowers.	3	4	5	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Vigorous Orange Imp		17 x 23	36 x 54	Still very showy late into the season with uniform plants and abundant flowering	3	3	4	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Vigorous Orchid		23 x 43	35 x 51	Very attractive overall with abundant flowers and nearly uniform plants	3	4	5	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Vigorous Peach Candy		18 x 35	31 x 60	Blooming is prolific and very showy overall.	3	3	4	5	5	5	5	5
Impatiens x hybrida	SunPatiens® Vigorous Sweetheart White		20 x 30	33 x 50	Very impressive overall with abundant flowering and uniform growth habit.	3	3	4	5	5	5	5	5
Ipomoea	Sweet Caroline Red Hawk™ 2024	NEW	30 x 53	46 x 76	Plants have good vigor and uniformity.	4	5	5	5	5	5	5	5
Ipomoea	Sweet Caroline Sweetheart Mahogany™	NEW	34 x 53	50 x 75	Still looks great late in the season.	4	5	5	5	5	5	5	5
Ipomoea	Sweet Caroline Upside™ Black Coffee		24 x 61	34 x 100	Very attractive with light green tips and dark foliage. Excellent vigor late into September.	4	5	5	5	5	5	5	5
Ipomoea	Sweet Caroline Upside™ Key Lime		25 x 60	32 x 75	Still looks good late in season with good vigor.	4	4	5	5	5	5	5	5
Ipomoea	Sweet Georgia® Black Maple		26 x 43	40 x 61	Foliage is very dark and has not faded anytime during the season. Growth habit and vigor is very good	3	4	5	5	5	5	5	5
Ipomoea	Sweet Georgia® Heart Chestnut	NEW	22 x 60	34 x 68	The foliage seems to be more desirable to Japanese beetle than the dark foliage entries but otherwise vigor and uniformity are very good.	4	5	5	4	5	5	5	5
Lantana	Bandana® Black Cherry		21 x 26	18 x 33	Plants are relatively small but uniform. Flowering is relatively low.	3	3	5	4	5	4	4	4
Lantana	Bandana® Cherry Sunrise		20 x 29	23 x 43	Blooming is low to moderate. Plants are healthy but slightly irregular.	3	3	4	5	5	4	4	4

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Petunia	Headliner Sky Blue		23 x 35	29 x 67	Only about 20% of plants look acceptable and the rest have been removed due to decline. 25% of plants remain and look good with moderate flowering while the others have declined and were removed.	4	5	5	5	4	3	3	3
Petunia	Headliner Strawberry Sky	NEW	16 x 36	13 x 42	Only about 20% of plants look good and the rest have severe chlorosis with minimal flowers.	3	3	4	5	4	3	3	3
Petunia	Itsy™ Magenta		15 x 33	16 x 57	Flowering has slowed to moderate but still looks attractive.	3	4	5	4	4	3	3	3
Petunia	Itsy™ Pink	NEW	15 x 41	21 x 68	Only about 15% of plants are still alive.	3	5	4	3	2	2	2	2
Petunia	Itsy™ White		15 x 25	14 x 47	About half the plants have declined and were removed. The rest look fair.	3	4	5	5	4	3	3	3
Petunia	Main Stage Glacier Sky		16 x 42	18 x 60	Overall appearance is borderline with some plants showing significant decline. Flower pattern is not stable but still attractive.	3	4	5	5	4	4	4	4
Petunia	Main Stage Violet		30 x 50	30 x 75	Overall appearance is still very good with uniform growth habit and abundant flowers.	4	5	5	5	5	5	5	5
Petunia	Main Stage White 22		24 x 41	33 x 74	About 50% of plants still look good with abundant flowers but the other half are starting to show decline with few flowers.	4	5	5	5	4	4	4	4
Petunia	Sanguna® Blue Vein Improved	NEW	17 x 40	20 x 47	Flowering is still pretty good but has slowed down a little since the summer time. About 25% of plants show some decline.	4	3	5	5	5	5	5	5
Petunia	Sanguna® Coral		23 x 37	20 x 71	Still looks showy with abundant flowering and a relatively uniform growth habit.	4	4	4	5	5	4	4	4
Petunia	Sanguna® Mega Hot Pink	NEW	22 x 36	22 x 56	Flowering is minimal and plants are looking tired with a hint of chlorosis.	4	4	4	5	5	4	4	4
Petunia	Sanguna® Mega Pink Vein		24 x 41	32 x 68	About 25% of plants have been removed and the rest look chlorotic with moderate flowering.	3	4	5	4	4	4	4	4
Petunia	Sanguna® Mega Purple Vein		23 x 51	23 x 59	About half of plants have declined but the other half are relatively showy with moderate flowering.	4	4	5	5	5	4	4	4
Petunia	Sanguna® Red Improved	NEW	23 x 48	32 x 70	Plants have severe chlorosis and do not look attractive. Flowering is minimal.	3	4	4	5	4	3	3	3
Petunia	Shortcake™ Blueberry Blast™ Mix		20 x 40	19 x 69	Sclerotinia has killed almost every plant in September.	3	4	5	3	3	2	2	2
Petunia	Shortcake™ Raspberry		16 x 34	24 x 64	All plants have been killed by Sclerotinia in September.	3	4	5	3	3	2	2	2

Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Ground

Genus	Cultivar	New*	July HxW**	Sept HxW**	Mid-September Comments: Coordinator and Research Associate	Flowering Data:							
						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Petunia	Success 360* Blue		15 x 20	25 x 46	Flowering is moderate but still showy. Plants look relatively healthy but a few might be getting slightly chlorotic.	2	3	4	4	5	5	5	5
Petunia	Success 360* Violet	NEW	21 x 24	17 x 46	Flowers are abundant and showy although the plant seems a little leggy and some chlorosis is starting up.	3	3	4	5	5	5	5	5
Petunia	Successs 360* White		20 x 27	31 x 34	About half the plants are still showy with large blooms but are becoming chlorotic. The rest of plants have declined and were removed.	3	4	5	4	5	4	4	4
Petunia	SuperCal® Premium Red Maple	NEW	24 x 37	29 x 59	Most plants are declining and the overall aesthetics are borderline.	4	5	5	4	4	4	4	4
Petunia	Supertunia Mini Vista® Hot Pink		21 x 35	22 x 63	Slight problem with disease but otherwise looks good with many flowers.	3	5	5	5	5	5	5	5
Petunia	Supertunia Mini Vista® Indigo		18 x 35	19 x 58	Flowering is still attractive on plants not affected by disease.	3	4	5	5	5	4	4	4
Petunia	Supertunia Mini Vista® Midnight		18 x 52	31 x 75	Plants have moderate flowering and are getting chlorotic.	4	4	5	5	4	3	3	3
Petunia	Supertunia Mini Vista® Pink Star		23 x 34	24 x 64	Prolific flowering and growth habit is good except it is bad in 10% of plants with disease.	3	5	5	5	5	5	5	5
Petunia	Supertunia Mini Vista® Scarlet		26 x 44	32 x 70	Virtually all plants have declined due to disease and have been removed.	4	5	5	5	4	4	4	4
Petunia	Supertunia Mini Vista® Sweet Sangria	NEW	16 x 37	28 x 66	Appears to be disease resistant as it looks great with big blanket of pink flowers and excellent growth habit.	3	4	5	5	5	5	5	5
Petunia	Supertunia Mini Vista® Ultramarine™	NEW	18 x 41	20 x 65	About 25% of plants still look very nice with abundant flowers and nice growth habit but the rest have died from disease.	4	4	5	5	4	3	3	3
Petunia	Supertunia Mini Vista® Violet Star		20 x 32	18 x 62	All plants have died from Sclerotinia.	3	5	5	4	4	3	3	3
Petunia	Supertunia Mini Vista® White		23 x 47	27 x 69	Plants not affected by disease still look showy.	4	5	5	4	4	3	3	3
Petunia	Supertunia Mini Vista® Yellow		22 x 43	32 x 72	Plants not affected by disease still look showy.	4	5	5	5	5	4	4	4
Petunia	Supertunia Vista® Jazzberry		28 x 42	34 x 68	Sclerotinia has devastated most of this plant so there are very few plants or flowers.	4	4	5	5	5	3	3	3
Petunia	Supertunia® Bermuda Beach® (2024)	NEW	16 x 40	23 x 59	Lost about 10% of plants but the rest look okay.	3	4	5	5	5	4	4	4

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Petunia	Supertunia® Hoopla™ Vivid Orchid™	NEW	21 x 41	16 x 50	Most plants have died and the rest are not very attractive.	4	4	5	4	4	3	3	3
Petunia	Supertunia® Saffron Finch™	NEW	14 x 32	27 x 50	About 1/3 of plants remain due to Sclerotonia problems but the survivors look very good.	3	4	5	4	4	3	3	3
Petunia	Sureshot Blue Vein	NEW	26 x 40	26 x 47	About 85% of the plants look very good with many flowers in a nice growth habit but there are a few showing signs of decline.	3	3	5	5	5	5	5	5
Petunia	Sureshot Blueberries & Cream	NEW	20 x 35	32 x 79	Flower pattern is not stable but still looks good. Flowering has become moderate and some plants have been removed due to decline.	4	4	5	5	5	4	4	4
Petunia	SureShot Dark Blue	NEW	12 x 30	26 x 51	About half of plants have declined and were removed but the rest look good to fair.	3	3	5	5	4	3	3	3
Petunia	SureShot Dark Red	NEW	24 x 40	30 x 64	About 10% of plants show signs of decline but the rest are fairly showy.	4	5	5	5	5	4	4	4
Petunia	SureShot Hot Pink	NEW	25 x 46	34 x 61	Flowering is tapering down to just moderate but still looks showy overall.	4	4	4	5	5	5	5	5
Petunia	SureShot Magenta	NEW	16 x 38	16 x 23	Sclerotonia is taking a toll and most plants do not look acceptable.	2	3	4	5	4	4	4	4
Petunia	SureShot Pink Vein	NEW	24 x 40	33 x 53	Plants still look healthy and flowering is still going strong.	3	4	5	5	5	5	5	5
Petunia	SureShot Raspberry Cheesecake	NEW	17 x 41	24 x 67	Plants have significant decline and most have been removed. Overall looks unattractive.	3	4	5	5	4	4	4	4
Petunia	SureShot White	NEW	20 x 40	31 x 68	Still looks very showy with a large amount of flowers. There is just slightly irregular growth habit on one plant	4	5	5	5	5	5	5	5
Petunia	Surfinia® Deep Red		23 x 42	28 x 61	About 10% of plants have been removed and the rest look acceptable.	4	4	4	4	4	4	4	4
Petunia	Surfinia® Heavenly Amethyst Burst		25 x 42	18 x 52	Virtually all plants have declined and have been removed.	3	4	5	4	3	2	2	2
Petunia	Surfinia® Heavenly Blue		26 x 51	18 x 66	Only about a third of the plants are still alive but they are becoming very chlorotic and should probably be removed.	4	4	5	5	4	3	3	3
Petunia	Surfinia® Heavenly Cabernet		21 x 40	22 x 63	Flowering is more moderate but still looks showy with a uniform growth habit.	3	3	5	5	5	5	5	5
Petunia	Surfinia® Mounding Baby Compact Purple		20 x 40	26 x 60	Very impressive overall with abundant flowers and a uniform growth habit.	3	4	5	5	4	5	5	5
Petunia	Surfinia® Mounding Patio Party Pink	NEW	21 x 30	20 x 42	Flowering is moderate but the plants are becoming chlorotic.	3	4	5	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Petunia	Surfinia® Mounding Patio Yellow		18 x 34	24 x 59	Overall looks good with abundant flowering but there is some opening up in the middle of some plants.	2	3	5	4	5	4	4	4
Petunia	Surfinia® XXL Salmon Vein		20 x 42	18 x 71	Growth habit has become open and relatively unattractive with few flowers.	3	3	4	4	4	3	3	3
Petunia	Surfinia® XXL Taffy Pink		24 x 44	29 x 61	Plants are showing some sign of decline with some chlorosis. Flowering is moderate.	3	4	4	4	4	4	4	4
Petunia	Surfinia® XXL Watermelon Jazz		25 x 32	23 x 58	Overall it still looks acceptable with moderate flowering but there are signs of decline on about two plants.	4	4	5	5	5	4	4	4
Petunia	Tea Blue Vein		15 x 40	14 x 50	90% of the plants look great with abundant flowers and nice growth habit but about 10% show some decline.	3	3	5	5	5	5	5	5
Petunia	Tea Flamingo (PTTR 0041)	NEW	30 x 46	19 x 67	Sclerotonia is affecting about a third of the plants but the rest look very good	3	4	5	5	5	5	5	5
Petunia	Tea Indigo Vein (PETN 2176)		25 x 41	23 x 48	Plants are starting to show significant decline and only about half look acceptable.	4	4	5	5	5	5	5	5
Petunia	Tea Magenta Vein		14 x 40	16 x 59	Overall appearance is still good with moderate flowering although it seems to be getting little chlorotic.	3	4	5	5	5	5	5	5
Petunia	Tea Purple Vein Green Edge (PETN 2549)	NEW	25 x 42	26 x 64	There are many flowers although some seem to be reverting to a dark pink variegation. Growth habit and plant Health still seem to be very good.	3	4	5	5	5	5	5	5
Petunia	Vouched Lavender Vein	NEW	17 x 30	9 x 51	Flowering is moderate but still attractive. Plants are getting slightly chlorotic.	3	3	4	5	5	4	4	4
Petunia grandiflora	Duvet™ Blue		14 x 18	20 x 40	Plants are showing signs of decline with some chlorosis and only moderate flowering.	1	2	3	3	4	4	4	4
Petunia grandiflora	Duvet™ Red Imp	NEW	18 x 20	19 x 35	Growth habit is not very uniform but looks okay. Flowering is moderate.	2	3	4	4	4	5	5	5
Petunia grandiflora	Duvet™ White		20 x 22	21 x 43	About half of the plants look fair and the rest have declined and were removed.	2	3	5	4	4	3	3	3
Petunia milliflora	Picobella™ Rose Morn Imp.	NEW	25 x 25	18 x 37	About 90% of plants look very good with nice growth habit and abundant flowers.	2	3	4	4	5	5	5	5
Rudbeckia	MiniBeckia™ Flame		50 x 40	79 x 53	Flowering is still very strong but plants have severe flopping.	4	4	5	4	4	4	4	4
Rudbeckia	Pawnee Spirit	NEW	25 x 31	64 x 56	About 20% of plants have declined and were removed but the remainder look fairly showy overall.	3	4	4	5	5	5	5	5

Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Ground

Genus	Cultivar	New*	July HxW**	Sept HxW**	Mid-September Comments: Coordinator and Research Associate	Flowering Data:							
						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Rudbeckia	Sunbeckia Carla		55 x 44	73 x 69	Lodging is only slight to moderate so one of the better Rudbeckia's in that regard. Flowers are still very showy.	3	5	5	5	5	4	4	4
Rudbeckia	Sunbeckia Carolina		55 x 40	72 x 65	Plants are healthy except for about 20% of them. Lodging is very significant. Flowering is still showy.	3	4	5	5	4	4	4	4
Rudbeckia	Sunbeckia Emma		46 x 37	51 x 50	About half of the plants have declined and are not showy while other ones still look okay.	4	4	5	4	5	5	5	5
Rudbeckia	Sunbeckia Juliana		63 x 45	94 x 64	About 25% of plants have died and lodging is significant on the rest but they still have large, showy flowers.	3	3	5	5	5	4	4	4
Rudbeckia	Sunbeckia Laura		60 x 45	89 x 58	About 20% of plants have died. Flowering is still fairly showy although some petals are starting to shrivel up and not look as good as they should.	4	5	5	4	4	4	4	4
Rudbeckia	Sunbeckia Luna		54 x 45	84 x 63	Flower color has matured to a much darker color than midsummer but still very attractive. Growth habit has significant lodging which detracts from overall appearance.	3	3	5	5	5	5	5	5
Rudbeckia	Sunbeckia Marilyn		50 x 55	62 x 66	Plants have significant lodging and do not look as uniform as before. Flowers are still showy but overall appearance is fair.	3	5	5	4	4	4	4	4
Rudbeckia	Sunbeckia Mia		54 x 50	60 x 58	Flowering has slowed down and is only moderate. Lodging is relatively minor. This plant seems to have a lot more of the old flower stems that are more visible than other entries.	4	5	5	5	4	4	4	4
Rudbeckia	Sunbeckia Ophelia		45 x 35	64 x 53	Lodging is severe but flowers are still showy.	3	5	5	5	5	5	5	5
Rudbeckia	Sunbeckia Paulina		70 x 40	72 x 54	Flowering is still showy although plants have started flopping over which detracts from the overall appearance.	3	4	5	4	4	4	4	4
Rudbeckia	Sunspot Yellow		22 x 32	45 x 53	Flowering is still prolific and very showy. Plants have no lodging and this is probably the best looking Rudbeckia in mid-September.	2	2	4	5	5	5	5	5
Rudbeckia	Sunspot Yellow BiColor	NEW	28 x 37	63 x 53	Flowers are still showy but has some lodging.	2	2	4	5	5	5	5	5
Rudbeckia	TR1015		22 x 19	29 x 36	Flowers are starting to fade and overall appearance is fair.	4	4	4	4	4	5	5	5
Salvia	Black & Bloom		125 x 70	120 x 137	Overall appearance is still very good and almost as good as mid-summer except for slight lodging.	5	5	5	5	5	5	5	5
Salvia	Blue Chill	NEW	86 x 65	99 x 98	Intensity of flower color has probably faded a little but still very showy with abundant blooms and a nice growth habit.	5	5	5	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Salvia	Icon Blue Bicolor	NEW	48 x 40	33 x 41	Some plants have declined and have been removed but the remainder look acceptable with moderate flowering.	5	5	5	5	5	5	5	5
Salvia	Icon Glacier	NEW	47 x 30	51 x 48	Still looks almost as good as in mid-summer with abundant flowers and just slight lodging on one plant.	4	5	5	5	5	5	5	5
Salvia	Mystic Spires		88 x 65	107 x 105	Flowering is still very impressive and provides a magnet for bees. Growth habit has just very slight lodging but looks excellent overall.	5	5	5	5	5	5	5	5
Salvia	Plum Crazy		96 x 65	105 x 94	Plants are large with perfect growth habit and abundant flowering.	5	5	4	5	5	5	5	5
Salvia	Purple & Bloom		84 x 55	110 x 77	Flowering is very abundant and plants are large and uniform.	4	5	5	5	5	5	5	5
Salvia	Rockin® Blue Suede Shoes		96 x 54	115 x 95	Growth habit and flowering have remained strong well into September.	5	5	5	5	5	5	5	5
Salvia	Rockin® Deep Purple		60 x 44	88 x 65	Plants have only gotten better late into the season with great uniformity and impressive flowering.	4	5	5	5	5	5	5	5
Salvia	Roman Red		93 x 70	100 x 117	Plants are very healthy but spent flowers are looking leggy giving a wispy look.	4	4	4	5	4	4	4	4
Salvia	Unplugged® Pink		48 x 46	47 x 71	About 20% of plants have been removed but the remainder look very good.	3	4	4	4	3	3	3	3
Salvia	White Flame		70 x 55	87 x 80	Many flowers present and still looks good except for slight lodging	4	4	5	5	5	5	5	5
Scaevola	Scala Blue Bird	NEW	26 x 50	24 x 45	There are just about 20% of plants that show some decline but overall flowering is still very prolific and majority of plants still look good.	4	4	5	5	5	4	4	4
Scaevola	Scala Blue Jay	NEW	20 x 34	20 x 37	About 25% of plants are showing signs of decline but the other 75% still look showy.	3	3	5	4	4	4	4	4
Scaevola	Scala Pink Bird	NEW	22 x 54	20 x 42	Flowering is prolific and growth habit is still very attractive.	4	4	5	5	5	5	5	5
Scaevola	Scala White Dove	NEW	18 x 40	13 x 53	About 80% of plants look fine but 20% are in decline with no flowers.	4	4	5	4	4	4	4	4
Scaevola	Whirlwind® Blue		24 x 53	30 x 40	80% of plants still are flowering strong and only 20% have signs of decline with few flowers.	4	4	5	5	5	5	5	5
Scaevola	Whirlwind® Pink		20 x 52	26 x 50	Some stems are looking a little brown but overall there are still plenty of flowers and the plants look healthy.	4	4	5	5	5	4	4	4

Genus	Cultivar	New*	July HxW**	Sept HxW**	Mid-September Comments: Coordinator and Research Associate	Flowering Data:							
						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Scaevola	Whirlwind® White 2024	NEW	22 x 40	20 x 58	Flowering is moderate overall and about 10% of plants have brown declining stems.	3	3	5	4	5	4	4	4
Solidago	Spark Plug™	NEW	20 x 20	38 x 30	There are virtually no flowers in bloom but the plants still look uniform and healthy.	3	3	4	5	5	5	5	5
Tecoma	Kalama Blood Orange	NEW	57 x 40	60 x 62	Plants are vigorous but not very uniform. Flowers and foliage look relatively exotic but there are few flowers.	3	3	4	5	5	5	5	5
Tecoma	Kalama Papaya	NEW	45 x 32	77 x 60	Growth habit is not very uniform but the plants look healthy. There are few flowers present.	3	3	4	5	5	5	5	5
Tecoma	Kalama Pomegranate	NEW	46 x 26	64 x 45	Plants have a little bit more uniform growth habit than the other two in the series but the flower color still seems fairly similar. Flowers are still relatively few.	3	3	4	5	5	5	5	5
Torenia	Catalina® Pink 2024	NEW	10 x 32	10 x 45	Flowering is moderate and plants seem to be getting a little chlorotic.	3	3	4	4	4	4	4	4
Torenia	Summer Wave® Bouquet Blue		12 x 24	15 x 33	Flowering is low to moderate but plants still look healthy.	3	3	5	5	5	5	5	5
Torenia	Summer Wave® Bouquet Deep Blue		13 x 32	13 x 32	Old blooms starting to become noticeable but flowers are still looking good overall.	3	3	5	5	5	5	5	5
Torenia	Summer Wave® Bouquet Deep Rose		10 x 23	14 x 37	Plants seem to be slowing down and getting a little chlorotic. Flowering is low to moderate.	2	3	3	4	4	4	4	4
Torenia	Summer Wave® Bouquet Gold		8 x 33	12 x 35	Flowers are relatively few and vigor seems a little low.	3	3	5	5	5	4	4	4
Torenia	Summer Wave® Bouquet White		13 x 46	24 x 35	Plant vigor and flowering are both impressive.	4	4	5	5	5	5	5	5
Torenia	Summer Wave® Trailing Large Amethyst		13 x 50	25 x 60	Flowers are abundant and plants have good vigor.	3	4	5	5	5	5	5	5
Torenia	Summer Wave® Trailing Large Blue		13 x 48	13 x 40	Plants are large and spreading. They have abundant flowers and are quite showy overall.	4	3	5	5	5	5	5	5
Torenia	Summer Wave® Trailing Large Silver		10 x 52	14 x 34	Flowering is moderate and vigor is good.	3	3	5	5	5	5	5	5
Torenia	Summer Wave® Trailing Large Violet		8 x 30	15 x 60	Growth habit is a little irregular but flowering is still showy.	3	3	4	5	5	5	5	5
Tradescantia	Pistachio™ White		20 x 43	22 x 60	Plants are showing signs of decline and do not appear to like the cooler nights or full sun.	3	4	4	4	4	4	4	4
Verbena	Empress® Flair Burgundy 2024 (Sun)	NEW	12 x 28	13 x 28	Few flowers and plants are starting to get chlorotic.	3	4	4	4	4	4	4	4

Verbena	Empress® Sun Lavender Charme		13 x 49	15 x 60	Flowers are abundant and still very showy with very uniform plants.	3	4	5	5	5	5	5	5
Verbena	Empress® Sun White 2024	NEW	13 x 43	16 x 59	Flowering is low to moderate but plants still look uniform and healthy.	3	4	5	5	4	4	4	4
Verbena	EnduraScape Burgundy		8 x 52	26 x 77	Moderate flowering but still very attractive with uniform, spreading growth habit and good vigor.	2	4	5	5	5	5	5	5
Verbena	EnduraScape Hot Pink		8 x 47	15 x 63	Overall appearance is fair due to moderate flowering on half and low flowering on the other half of plants. Overall appearance is not uniform.	2	3	4	5	4	4	4	4
Verbena	EnduraScape Magenta		10 x 45	17 x 66	Flowering is moderate and looks good but significantly not as good as summer.	2	4	5	4	4	4	4	4
Verbena	EnduraScape Pink Fizz		18 x 59	23 x 59	Flowering is moderate and plants still look healthy and uniform.	3	4	5	4	5	5	5	5
Verbena	EnduraScape Purple Fizz	NEW	17 x 58	13 x 70	Plants are uniform with abundant flowers.	3	4	5	5	4	5	5	5
Verbena	EnduraScape Red		11 x 49	17 x 83	Looks very showy overall with abundant flowers and very uniform, healthy, spreading plants.	2	3	4	5	5	5	5	5
Verbena	Firehouse Blue Fizz		13 x 40	27 x 70	Abundant flowers and plants are uniform and very healthy.	3	4	5	4	5	5	5	5
Verbena	Lanai® Blue		9 x 17	6 x 23	Overall appearance is fair and flowering is moderate.	2	3	3	3	3	4	4	4
Verbena	Lanai® Bright Eye		7 x 51	19 x 85	Foliage is starting to turn dark purple in spots and flowering is very low.	4	5	4	4	4	3	3	3
Verbena	Lanai® Peach		8 x 48	14 x 68	Growth habit is slightly irregular but still attractive with moderate flowering.	2	3	4	5	4	5	5	5
Verbena	Lanai® Red		13 x 61	16 x 78	Plants are very healthy and uniform with moderate flowering.	4	4	5	5	4	4	4	4
Verbena	Lanai® Scarlet		7 x 42	20 x 67	Flowering is a little non-uniform ranging from moderate to prolific but overall looks good.	3	4	4	5	5	5	5	5
Verbena	Lanai® Twister™ Pink		7 x 52	20 x 80	Plants have low to moderate flowering but still look fairly showy with nice healthy foliage.	3	5	5	5	5	5	5	5
Verbena	Lanai® Twister™ Purple		10 x 38	15 x 61	Flowers occur only on the edges with very minor flowering in the middle of the plant but plants look healthy and have a nice spreading habit.	3	4	4	4	4	4	4	4
Verbena	Lanai® White Imp		8 x 52	14 x 54	Flowering is abundant and makes a nice carpet with uniform growth habit.	4	5	5	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Begonia x hybrida	Bionic™ Green Leaf Red		30 x 56	47 x 77	Plants have good vigor but look a little leggy in growth habit. Flowering is very showy.	4	4	5	5	5	5	5	5
Begonia x hybrida	Bowler™ Bronze Leaf White		16 x 47	27 x 66	Beautiful plants have moderate flowering and are very showy overall.	3	3	4	5	5	5	5	5
Begonia x hybrida	Florecio™ Cerise		26 x 62	32 x 73	Flowers are relatively few and some of the new foliage seems to be stunted from unknown cause.	4	4	5	4	4	3	4	4
Begonia x hybrida	Florecio™ Orange		30 x 60	35 x 66	Plants have an irregular growth habit and there are some spots on the leaves that affect the aesthetics slightly. Flowering is low.	4	4	5	5	5	5	5	4
Begonia x hybrida	Florecio™ Pink		33 x 60	37 x 60	Plants are vigorous but lodging has become a problem. Flowering is moderate.	3	3	4	5	5	5	4	5
Begonia x hybrida	Florecio™ Red		30 x 50	25 x 60	40% of plants have a stem rot and are dying. The other surviving plants have attractive red flowers but growth habit is a little leggy.	3	3	4	5	5	4	3	2
Begonia x hybrida	Florecio™ White		24 x 65	33 x 73	Flowering is low to moderate but still looks good.	4	4	5	5	5	5	5	4
Begonia x hybrida	Florecio™ Yellow		26 x 52	30 x 62	Flowers are few but plants are still green and healthy.	4	4	4	5	5	5	4	4
Begonia x hybrida	Tophat™ Pink		25 x 47	40 x 63	Flowering is good and overall appearance is still very attractive.	3	3	4	5	5	5	5	5
Begonia x hybrida	Tophat™ Scarlet Improved		22 x 43	38 x 60	Growth habit lacks some uniformity but plants are healthy with moderate flowering.	3	3	5	5	5	5	5	5
Begonia x hybrida	Tophat™ White		23 x 50	32 x 68	Plants are large and uniform with prolific flowering.	3	3	4	5	5	5	5	5
Begonia, Rex	Jurassic Dino Cherry Fields	NEW	19 x 58	23 x 55	Plants are a little smaller but look attractive and uniform.	3	5	5	5	5	5	5	5
Begonia, Rex	Jurassic Jr. Strawberry Heart	NEW	22 x 52	23 x 60	Overall growth habit is slightly irregular and some plants might be smaller than others	4	5	5	5	5	5	5	5
Begonia, Rex	Spacestars Avior	NEW	25 x 65	47 x 80	Foliage is a great glossy green and plants are very uniform with good vigor.	4	5	5	5	5	5	5	5
Begonia, Rex	Spacestars Maia	NEW	24 x 64	42 x 73	Foliage is very attractive and plants still look very healthy.	4	5	5	5	5	5	5	5

						[7/10]	[7/17]	[7/24]	[8/3]	[8/31]	[9/11]	[9/18]	[9/27]
Verbena	Vectura Deep Pink	NEW	13 x 53	13 x 65	Compact variety, good flowering ratio... got shaded out by some Endurascape.	3	3	5	5	5	5	3	4
Verbena bonariensis	Vanity		85 x 90	90 x 115	Vigorous and vibrant from day 1 to the end	5	5	5	5	5	5	5	5
Viola wittrockiana	Highflyer Light Violet Shades	NEW	28 x 39	23 x 60	Plants look healthy but not uniform and growth habit. Flowering is moderate.	3	3	5	5	5	5	4	4
Viola wittrockiana	Highflyer White	NEW	36 x 46	30 x 65	flowers are few and growth haven't became tall leggy and has flopped over.	3	4	5	5	5	4	3	3
Viola wittrockiana	Highflyer Yellow	NEW	22 x 56	22 x 58	Bright yellow flowers are attractive and flowering is moderate. Plants are healthy but seem to be getting a little powdery mildew.	4	3	5	4	5	5	4	4
Viola wittrockiana	Highflyer Yellow Purple Wing	NEW	27 x 54	25 x 58	flowering is moderate but plants have flopped over and not uniform in habit.	3	3	5	5	5	5	4	4
Viola wittrockiana	Highflyer Yellow Red Wing	NEW	18 x 59	27 x 48	Flowers are few but plants are green and healthy although growing just to one side of the pot.	4	3	4	5	4	5	3	3
Zinnia	Zesty™ Orange		44 x 42	33 x 60	Disease took out a couple but last one standing has filled pot space about 50%! Nice large blooms	4	5	5	5	5	5	5	5
Zinnia	Zesty™ Yellow		40 x 67	40 x 87	Gorgeous fill in a pot, great balance of flowers. Some color fade.	4	4	5	5	5	5	5	5
