The High School Department of the Normal School offers an excellent opportunity for high school training free of tuition to those who have completed the eighth grade of a common school or its equivalent.

Students who hold an eighth grade county diploma are admitted without examination. All students entering the high school for the first time should bring some record of their previous work to facilitate their assignment to proper classes.

GENERAL NOTES.

The school year is divided into three terms of three months each. Tuition is free. Text books are furnished by the school. A library fee of \$2.50 per term is charged for the use of all books and library material. A deposit of \$2.00 is required when the student enters, which is returned, less the value of any books lost or damaged, when the student leaves the school or at the end of the year. All high school students pay \$1.00 per term athletic fee. All students who take sloyd, cooking, or sewing, pay \$1.00 per term for material used.

High school students have full use of the laboratories, studies, library, gymnasium, and all equipment of the

school on the same conditions as the normal students. A complete job printing plant has recently been added to the manual training equipment for the exclusiv use of high school students, giving opportunity for a limited number of students to learn the theory and practice of composition and printing.

The plan of government in the High School is designed to be such as will most fully develop the student's self control and make him socially a good citizen. Discipline is maintained with the aim of securing equal rights for all and the greatest individual freedom consistent with the welfare of all. All students meet for morning exerizes at ten o'clock, and all report at their respectiv class at the appointed hours. Vacant periods and study hours, may, with certain limitations, be spent at the discretion and judgment of the student. All students living in homes other than their own are under the general control of the school at all times. This supervision is designed to assure proper decorum at all times and in all places.

The Shakespearean Literary Society is organized, officered and controlled by the students. It meets weekly at 2:45 Friday afternoons.

There is a vigorous athletic association in the high school organized and maintained by the students.

The enrolment of the high school for the year 1905-6 is 167.
